For the avoidance of doubt, defined terms used in this Underlying Schedule shall only apply in respect of Securities linked to Dividend Futures Contracts.

1. Definitions

Additional Disruption Event means any event specified in the applicable Issue Terms.

Dividend Futures Contract means each Underlying classified as such in the applicable Issue Terms.

Dividend Futures Contract Condition means each condition specified in this Underlying Schedule.

Dividend Futures Contract Sponsor means, in respect of a Dividend Futures Contract, the corporation or other entity which (a) is responsible for setting and reviewing the rules and procedures and methods of calculations and adjustments, if any, related to such Dividend Futures Contract; and (b) announces (directly or through an agent) the price of such Dividend Futures Contract on a regular basis.

Exchange means, in respect of a Dividend Futures Contract, the exchange or principal trading facility specified for such Dividend Futures Contract in the applicable Issue Terms or any successor to such exchange or principal trading facility.

Expiry Date means, in respect of a Dividend Futures Contract and a Valuation Date, where the Relevant Price for such Valuation Date is specified to be the "final settlement price" of such Dividend Futures Contract in the applicable Issue Terms, the expiry date of such Dividend Futures Contract on which the "final settlement price" of such Dividend Futures Contract is expected to be announced by the Dividend Futures Contract Sponsor and published on the Exchange) or, if such "final settlement price" is not so announced and published but, on or prior to such originally designated expiry date, the relevant Dividend Futures Contract Sponsor has announced arrangements for the publication of such "final settlement price" on another date, such other date.

Relevant Price means in respect of a Dividend Futures Contract and a Valuation Date, the "daily settlement price" or the "final settlement price", in each case, however defined in the contract specifications of such Dividend Futures Contract or the relevant Exchange, as the case may be. **Scheduled Trading Day** means, in respect of a Dividend Futures Contract, any day on which the relevant Exchange is scheduled to be open for trading for its regular trading session notwithstanding such Exchange closing prior to its scheduled closing time.

2. Valuation

Underlying Closing Level means, in respect of a Dividend Futures Contract and a Valuation Date, the Relevant Price for the relevant Valuation Date as displayed on the relevant Electronic Page or, if such Relevant Price is not displayed on the relevant Electronic Page on the relevant Valuation Date, the Relevant Price of such Dividend Futures Contract for such Valuation Date as published by the relevant Exchange.

Valuation Time means, in respect of an Underlying Closing Level and a Dividend Futures Contract, the time at which the relevant price referred to for the purpose of such Underlying Closing Level of such Dividend Futures Contract for such day is calculated and published by the relevant Dividend Futures Contract Sponsor.

Underlying Level shall not apply to a Dividend Futures Contract.

3. **Disruption To Valuation**

Disrupted Day means, in respect of a Dividend Futures Contract, any Scheduled Trading Day for such Dividend Futures Contract on which:

- (i) the relevant Dividend Futures Contract Sponsor fails to announce the Relevant Price;
- (ii) the relevant Electronic Page and the relevant Exchange each fail to publish the Relevant Price of the Dividend Futures Contract (or other data from which such Relevant Price is calculated);
- (iii) the relevant Electronic Page is temporarily or permanently discontinued or unavailable;
- (iv) the relevant Exchange fails to open for trading during its regular trading session; or
- (v) there is a suspension of or limitation on trading in such Dividend Futures Contract on the relevant Exchange (which, in either case, the Calculation Agent determines is material).

The definition of Disrupted Day and the provisions relating to Disrupted Days in the Valuation and Settlement Schedule will not apply in respect of a Dividend Futures Contract and a Valuation Date if the Relevant Price for such Valuation Date is specified to be the "final settlement price" of such Dividend Futures Contract in the applicable Issue Terms and the Conditions shall be construed accordingly.

4. **Additional Adjustment Events**

The following Additional Adjustment Events apply in respect of a Dividend Futures Contract:

- (i) if Dividend Futures Contract Condition 4 is specified as applicable in the applicable Issue Terms such Dividend Futures Contract is either (a) not calculated and announced by or on behalf of the relevant Dividend Futures Contract Sponsor but instead is calculated and announced by or on behalf of a successor to such relevant Dividend Futures Contract Sponsor acceptable to the Calculation Agent; or (b) replaced, as relevant, by a successor dividend futures contract using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of such Dividend Futures Contract (such dividend futures contract, the **Successor Dividend Futures Contract**, which will be deemed to be such Dividend Futures Contract); and
- (ii) each Additional Disruption Event (if any) specified in the applicable Issue Terms.

5. **Additional Early Redemption Events**

The following Additional Early Redemption Event shall apply in respect of a Dividend Futures Contract if Dividend Futures Contract Condition 5 is specified as applicable in the applicable Issue Terms: the Calculation Agent determines that no calculation, adjustment or substitution can reasonably be made under Dividend Futures Contract Condition 6(b) (*Modification, cancellation or disruption of a Dividend Futures Contract and Dividend Futures Contract Substitution*).

6. **Additional Provisions**

- (a) *Correction of published or announced prices or levels*

Correction Period means, in respect of a Dividend Futures Contract, two Business Days.

- (b) *Modification, cancellation or disruption of a Dividend Futures Contract and Dividend Futures Contract Substitution*

(A) *Dividend Futures Contract Adjustment Event*

If Dividend Futures Contract Condition 6(b)(A) (*Dividend Futures Contract Adjustment Event*) is specified as applicable in the applicable Issue Terms, in respect of a Dividend Futures Contract, (i) on or prior to any Valuation Date, the relevant Exchange and/or Dividend Futures Contract Sponsor, as the case may be, announces that it will make a material change in the formula for or the method of calculating any price of such Dividend Futures Contract or in any other way materially modifies such Dividend Futures Contract, including any material change in the content, composition or constitution of such Dividend Futures Contract (a **Dividend Futures Contract Modification**); or (ii) on or prior to any Valuation Date, the relevant Exchange and/or Dividend Futures Contract Sponsor, as the case may be, at any time permanently cancels or discontinues such Dividend Futures Contract or there is otherwise a permanent discontinuation in trading or trading never commences in such Dividend Futures Contract and, in each such case, no Successor Dividend Futures Contract exists (a **Dividend Futures Contract Cancellation**); or (iii) on any Valuation Date for which the Relevant Price is specified to be the "final settlement price" in the applicable Issue Terms, such Relevant Price is not displayed or published on the relevant Electronic Page or by the Exchange, as the case may be, at the relevant Valuation Time (a **Dividend Futures Contract Disruption**, and together with a Dividend Futures Contract Modification and a Dividend Futures Contract Cancellation, a **Dividend Futures Contract Adjustment Event**), then the Calculation Agent shall determine if such Dividend Futures Contract Adjustment Event has a material effect on the Securities and, if so, shall either:

- (i) calculate the relevant price of such Dividend Futures Contract at or for the relevant Valuation Time on such Valuation Date using, in lieu of the published Relevant Price for such Dividend Futures Contract, a price for such Dividend Futures Contract at or for the relevant Valuation Time on such Valuation Date as determined by the Calculation Agent by calculating the value of the relevant dividends for the applicable contract period for such Dividend Futures Contract by reference to the formula for and the method of calculation last in effect of any related dividend point index or such other sources as it deems appropriate;
- (ii) make such adjustments to the Conditions and/or the applicable Issue Terms as the Calculation Agent determines necessary or appropriate to account for the effect of such Dividend Futures Contract Adjustment Event and determine the effective date of each such adjustment; and/or
- (iii) substitute such Dividend Futures Contract as provided in Dividend Futures Contract Condition 6(b)(B) (*Dividend Futures Contract Substitution*) and make such adjustments (if any) to the Conditions and/or the applicable Issue Terms to as it deems necessary or appropriate in relation to such substitution.

If no calculation, adjustment and/or substitution can reasonably be made pursuant to the above, the provisions of Dividend Futures Contract Condition 5 (*Additional Early Redemption Events*) shall apply.

(B) *Dividend Futures Contract Substitution*

If Dividend Futures Contract Substitution is specified as applicable in the applicable Issue Terms any adjustment made by the Calculation Agent pursuant to Dividend Futures Contract Condition 6(b)(A)(iii) (*Dividend Futures Contract Adjustment Event*) shall be, and any adjustment made by the Calculation Agent in response to an Adjustment Event may include, a Dividend Futures Contract Substitution.

Dividend Futures Contract Substitution means, in relation to a Dividend Futures Contract Adjustment Event or an Adjustment Event, the replacement of the Dividend Futures Contract the subject of such Dividend Futures Contract Adjustment Event or Adjustment Event, as the case may be, with a new dividend futures contract selected by the Calculation Agent (which shall be a replacement dividend futures contract using, in the determination of the Calculation

Agent, the same or a substantially similar formula and method of calculation as used in the calculation of the Dividend Futures Contract or a replacement dividend futures contract selected by the Calculation Agent in accordance with any other criteria specified in the applicable Pricing Supplement). Such new dividend futures contract shall be deemed to be a Dividend Futures Contract in place of the Dividend Futures Contract the subject of the Dividend Futures Contract Adjustment Event or Adjustment Event, as the case may be.

(c) *Determination of the Underlying Closing Level of a Dividend Futures Contract on a Disrupted Day or on the Cut-off Valuation Date*

(A) *Determination of the Underlying Closing Level of a Dividend Futures Contract on a Disrupted Day*

Where the Relevant Price for a Valuation Date is not specified to be the "final settlement price" in the applicable Issue Terms, Valuation and Settlement Condition 2(e) (*Adjustments to Valuation Dates (Calculation Agent's determination of Underlying Closing Levels)*) applies.

(B) *Determination of the Underlying Closing Level of a Dividend Futures Contract on the Cut-off Valuation Date*

If the Relevant Price for a Valuation Date is specified to be the "final settlement price" in the applicable Issue Terms and, in accordance with the provisions of the Valuation and Settlement Schedule and the applicable Issue Terms, the relevant Valuation Date would otherwise fall on a day falling after the second Scheduled Trading Day for such Dividend Futures Contract prior to the date on which a relevant payment is scheduled to be made under the Securities (the **Cut-off Valuation Date**), such Valuation Date shall be deemed to be the Cut-off Valuation Date and the Calculation Agent shall determine the Underlying Closing Level of the Dividend Futures Contract for such Valuation Date by calculating the value of the relevant dividends for the applicable contract period for such Dividend Futures Contract by reference to the formula for and the method of calculation last in effect of any related dividend point index or such other sources as it deems appropriate.

UNDERLYING SCHEDULE 13 – RATE CONDITIONS

This Underlying Schedule shall apply to each Underlying classified in the applicable Issue Terms as a "Rate".

For the avoidance of doubt, defined terms used in this Underlying Schedule shall only apply in respect of Securities linked to Rates.

1. Definitions

Disrupted Day shall have the meaning given to it in Rate Condition 3 (*Disruption to Valuation*).

ISDA Definitions means the 2006 ISDA Definitions as amended and updated as at the Issue Date of the first Tranche of the Securities as published by the International Swaps and Derivatives Association, Inc.

Rate means each Underlying classified as such in the applicable Issue Terms.

Rate Condition means each condition specified in this Underlying Schedule.

Scheduled Trading Day shall, in respect of a Rate, have the meaning given to it for such Rate in the applicable Issue Terms.

U.S. Government Securities Business Day means any day except for a Saturday, Sunday or a day on which the Securities Industry and Financial Markets Association (or any successor) recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

2. Valuation

(a) Closing Valuations

Underlying Closing Level means, in respect of a Rate and a Valuation Date, the interest rate (expressed as a percentage) specified to be such Rate for the relevant designated maturity on such Valuation Date, which appears on the applicable Electronic Page as of the Valuation Time. For the avoidance of doubt, a Rate will be determined as of the Valuation Time which may not be the "closing time" and a Rate may only be determined once on any Scheduled Trading Day.

(b) Intraday Valuations

Underlying Level does not apply to an Underlying that is a Rate.

(c) Valuation Time

Valuation Time means, in respect of a Rate, the time specified for such Rate in the applicable Issue Terms.

3. Disruption to Valuation

Disrupted Day means, in respect of a Rate, any Scheduled Trading Day for such Rate on which the percentage rate of such Rate for such Scheduled Trading Day does not appear on the Electronic Page.

4. Additional Adjustment Events

No Additional Adjustment Event shall apply in respect of a Rate.

5. Additional Early Redemption Events

No Additional Early Redemption Event shall apply in respect of a Rate.

6. **Additional Provisions**

(a) *Correction of published or announced prices or levels*

Unless "Correction Provisions" are specified as applicable in the applicable Issue Terms, the provisions of Valuation and Settlement Condition 2(l) (*Correction of published or announced prices or levels*) do not apply in respect of a Rate.

(b) *Scheduled Trading Day*

If any Specified Valuation Date(s) is not a Scheduled Trading Day for a Rate then, if neither "Preceding Scheduled Trading Day" nor "Modified Following Scheduled Trading Day" is specified in respect of such Rate in the applicable Issue Terms, then the provisions of Valuation and Settlement Condition 2(c) (*Adjustments to Valuation Dates (Scheduled Trading Days)*) applies in respect of that Rate; or:

- (i) if "Preceding Scheduled Trading Day" is specified for such Rate in the applicable Issue Terms, the Valuation Date shall be the Scheduled Trading Day falling first preceding such Specified Valuation Date, unless such day is a Disrupted Day for the Underlying, in which case Rate Condition 6(c) (*Determination of the Underlying Closing Level of a Rate on a Disrupted Day*) shall apply; or
- (ii) if "Modified Following Scheduled Trading Day" is specified for such Rate in the applicable Issue Terms, the Valuation Date shall be the Scheduled Trading Day immediately succeeding such Specified Valuation Date, unless such day would fall into the next calendar month, in which event the Valuation Date shall be the Scheduled Trading Day falling first preceding such Specified Valuation Date, unless, in either such case, such day is a Disrupted Day for the Underlying, in which case Rate Condition 6(c) (*Determination of the Underlying Closing Level of a Rate on a Disrupted Day*) shall apply.

Where "Move In Block" is specified in the applicable Issue Terms in relation to adjustments to Scheduled Trading Days and "Preceding Scheduled Trading Day" or "Modified Following Scheduled Trading Day" is specified in the applicable Issue Terms in respect of a Rate, then the adjustment provisions relating to Preceding Scheduled Trading Day or, as the case may be, Modified Following Scheduled Trading Day prevail and Valuation and Settlement Condition 2(c)(ii) (*Adjustments to Valuation Dates (Scheduled Trading Days)*) shall be construed so as not to apply to such Rate and consequently all reference to "for all of the Underlyings" and "for any of the Underlyings" in Valuation and Settlement Condition 2(c)(ii) (*Adjustments to Valuation Dates (Scheduled Trading Days)*) shall be construed not to include any such Rate.

(c) *Determination of the Underlying Closing Level of a Rate on a Disrupted Day*

The provisions of Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) do not apply in respect of a Rate.

If any Specified Valuation Date(s) (if applicable, adjusted in accordance with the provisions of Valuation and Settlement Condition 2(c) (*Adjustments to Valuation Dates (Scheduled Trading Days)*) or, as the case may be, Rate Condition 6(b) (*Scheduled Trading Day*) above) is a Disrupted Day for a Rate, then (a) if ISDA Fallback Determination is not specified as applicable in the applicable Issue Terms, then the Calculation Agent shall determine the Underlying Closing Level of such Rate for the Valuation Date at such time and by reference to such sources as it deems appropriate; or (b) otherwise, if ISDA Fallback Determination is specified as applicable in the applicable Issue Terms, the Calculation Agent shall determine the Underlying Closing Level for such Rate on the Valuation Date as being the rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as calculation agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (1) the Floating Rate Option is as specified in the applicable Issue Terms;

- (2) the Designated Maturity is a period specified in the applicable Issue Terms; and
- (3) the relevant Reset Date is the relevant Valuation Date,

PROVIDED THAT, the Floating Rate Option shall always be determined by reference to the rate which appears on the relevant screen page or price source on the applicable Reset Date and, accordingly, all references in any Floating Rate Option to the contrary, including any references to the rate on any day other than that Reset Date shall be deemed to be deleted and the words "on the Reset Date" shall be substituted therefor, all as determined by the Calculation Agent.

For the purposes of this sub-paragraph, Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity and Reset Date have the meanings given to those terms in the ISDA Definitions.

Where "Move In Block" is specified in the applicable Issue Terms in relation to adjustments to Disrupted Days, then the adjustment provisions above prevail and reference to "for all of the Underlyings" in Valuation and Settlement Condition 2(d)(ii) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) shall be construed not to include any Underlying that is a Rate.

(d) *Cut-off Valuation Date*

If the Valuation Date for a Rate determined as provided above would otherwise fall on a day falling after the second Scheduled Trading Day for such Rate prior to the date on which a relevant payment is scheduled to be made under the Securities (the **Cut-off Valuation Date**), such Valuation Date shall be deemed to be the Cut-off Valuation Date (notwithstanding that such date either (A) is not a Scheduled Trading Day for such Rate; or (B) is a Disrupted Day for such Rate) and the provisions of Valuation and Settlement Condition 2(e)(ii) (*Adjustments to Valuation Dates (Calculation Agent's determination of Underlying Closing Levels)*) shall apply in respect thereof.

(e) *Substitute or Successor Rates*

Notwithstanding anything to the contrary in the Conditions, if, on or prior to the date on which any Underlying Closing Level in respect of a Rate is to be determined in respect of the Securities, the Calculation Agent determines that such Rate (each a **Disrupted Rate**) has been discontinued or is permanently no longer being published, the Calculation Agent may determine the relevant Underlying Closing Level by reference to (a) a substitute or successor rate that it has determined is the industry-accepted substitute or successor rate for the relevant Disrupted Rate or (b) if it determines there is no such industry-accepted substitute or successor rate, a substitute or successor rate that it determines is most comparable to the Disrupted Rate (in either case, the **Successor Rate**).

Upon selection of a Successor Rate, such Successor Rate shall be deemed to be the relevant Underlying in place of the Disrupted Rate and the Calculation Agent may make such adjustments to the Conditions of the Securities as it determines necessary or appropriate to reflect any industry-accepted practices for the Successor Rate and the effective date of any such adjustment. For the avoidance of doubt, any such adjustments may include adjustments to the definition of Scheduled Trading Day, Disrupted Day and any other relevant methodology or definition for determining the relevant Rate and may also include the application of any adjustment factor it determines is needed to make the Successor Rate comparable to the relevant Disrupted Rate. Notice of the selection of any Successor Rate and any related adjustments to the Conditions shall be notified to the Issuer and any stock exchange on which the Securities are for the time being listed and notice thereof shall also be published in accordance with General Condition 15 (*Notices*).

Any determination made by the Calculation Agent in accordance with this Rate Condition 6(e) shall be made in its sole and absolute discretion, after consulting any source it deems to be reasonable.

UNDERLYING SCHEDULE 14 – PREFERENCE SHARE CONDITIONS

This Underlying Schedule shall apply to each Underlying classified in the applicable Issue Terms as a "Preference Share". Securities linked to Preference Shares shall only be issued by CGMFL.

For the avoidance of doubt, defined terms used in this Underlying Schedule shall only apply in respect of Securities linked to Preference Shares.

1. Definitions

Early Redemption Notice means a notice from the Preference Share Company that the Preference Shares are to be redeemed early.

Preference Share means each Underlying classified as such in the applicable Issue Terms.

Preference Share Company means the entity specified as such in the applicable Issue Terms.

Preference Share Condition means each condition specified in this Underlying Schedule.

Scheduled Trading Day means, in respect of a Preference Share, any Business Day.

2. Valuation

Underlying Closing Level means, in respect of a Preference Share and a Valuation Date, the fair market value of such Preference Share displayed on the relevant Electronic Page at the Valuation Time on such Valuation Date as determined by the Calculation Agent using its internal models and methodologies and taking into account such factor(s) as the Calculation Agent determines appropriate, including, but not limited to: (i) the time remaining to maturity of such Preference Share, (ii) prevailing interest rates (including inter-bank rates and the rates at which the Issuer or its Affiliates would be able to borrow cash), (iii) the value of the Preference Share Underlying(s) and/or any future performance or expected volatility of such Preference Share Underlying(s) and (iv) any other information which the Calculation Agent determines relevant. The Underlying Closing Level is scheduled to be published by the Preference Share Company on each Business Day on the Electronic Page specified in the applicable Issue Terms or such other widely available replacement price source as is notified to the holder of the Preference Share Linked Securities in accordance with General Condition 15 (*Notices*).

Valuation Time means, in respect of a Preference Share, an Underlying Closing Level and a Scheduled Trading Day, the time specified as such in the applicable Issue Terms or, if no such time is so specified, 5:00 p.m. (London time).

Underlying Level shall not apply in respect of a Preference Share.

3. Disruption to Valuation

Disrupted Day shall not apply in respect of a Preference Share and the provisions of Valuation and Settlement Condition 2 (*Underlying Valuation Provisions*) shall be construed accordingly.

4. Additional Adjustment Events

No Additional Adjustment Events shall apply in respect of a Preference Share and the provisions of Valuation and Settlement Condition 2(g) (*Adjustment Events*) shall not apply.

5. Additional Early Redemption Events

The following Additional Early Redemption Events shall apply in respect of a Preference Share:

(a) Corporate Action

Corporate Action means any event which may have, in the opinion of the Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant Preference Shares.

(b) *Insolvency*

Insolvency means, in respect of the Preference Share Company, that either (i) by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding up of or any analogous proceeding affecting the Preference Share Company, (A) all the Preference Shares of the Preference Share Company are required to be transferred to an Insolvency Officer; or (B) holders of Preference Shares of the Preference Share Company become legally prohibited from transferring such Preference Shares; or (ii) an Insolvency Event occurs in respect of the Preference Share Company.

Insolvency Officer means, an administrator, provisional liquidator, liquidator, conservator, receiver, trustee, custodian or other similar official.

Insolvency Event means, in respect of an entity, that such entity (i) is dissolved or has a resolution passed for its dissolution, winding-up, official liquidation (other than pursuant to a consolidation, amalgamation or merger); (ii) makes a general assignment or arrangement with or for the benefit of its creditors; (iii) (A) institutes, or has instituted against it by a Competent Official, a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy law, insolvency law or other similar law affecting creditors' rights or a petition is presented for its winding up or liquidation by it or by such Competent Official; or (B) has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditor's rights, or a petition is presented for its winding-up or liquidation, and such proceeding or petition is instituted or presented by a person or entity not described in (A) above and either (x) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation or (y) is not dismissed, discharged, stayed or restrained, in each case, within 15 days of the institution or presentation thereof; or (iv) seeks or becomes subject to the appointment of an Insolvency Officer for all or substantially all its assets; or (v) has a secured party take possession of all or substantially all its assets (and such secured party maintains possession for not less than 15 days thereafter); or (vi) has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against all or substantially all its assets (and such process is not dismissed, discharged, stayed or restrained within 15 days thereafter); or (vii) such entity causes or is subject to any event which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in (iv) to (vi) above. For these purposes, **Competent Official** means, in respect of an entity, a regulator, supervisor or other similar official with primary insolvency, rehabilitative or regulatory jurisdiction over such entity in the jurisdiction of its incorporation or organisation or in the jurisdiction of its head office or home office.

(c) *Merger Event*

Merger Event means, in respect of any Preference Shares, any:

- (i) reclassification or change of such Preference Shares which results in a transfer of or an irrevocable commitment to transfer all such Preference Shares outstanding to another entity or person; or
- (ii) consolidation, amalgamation, merger or binding share exchange of the Preference Share Company with or into another entity (other than a consolidation, amalgamation, merger or binding share exchange in which the Preference Share Company is the continuing entity and which does not result in a reclassification or change of all such Preference Shares outstanding); or
- (iii) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Preference Shares of the Preference Share Company, which results in a transfer of or an irrevocable commitment to transfer all such Preference Shares (other than those Preference Shares owned or controlled by such other entity or person); or
- (iv) consolidation, amalgamation, merger or binding share exchange of the Preference Share Company or its subsidiaries with or into another entity in which the Preference

Share Company is the continuing entity and which does not result in the reclassification or change of all such Preference Shares outstanding but results in the outstanding Preference Shares (other than those Preference Shares owned or controlled by such other entity) immediately prior to such event collectively representing less than 50 per cent. of the outstanding Preference Shares immediately following such event,

in each case if the Merger Date is on or before the last occurring Valuation Date in respect of the Securities. For these purposes, **Merger Date** means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

(d) *Nationalisation*

Nationalisation means, in respect of the Preference Share Company, that all the Preference Shares or all the assets or substantially all the assets of the Preference Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof.

(e) *Tender Offer*

Tender Offer means, in respect of the Preference Share Company, a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding voting shares of the Preference Share Company, as determined by the Calculation Agent, based on the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

(f) *Preference Share Early Redemption Event*

Preference Share Early Redemption Event means the event that occurs if the Issuer has received an Early Redemption Notice.

(g) *Change in Law, Hedging Disruption and Increased Cost of Hedging*

Change in Law, Hedging Disruption and Increased Cost of Hedging shall be Additional Early Redemption Events and not Adjustment Events except in the case of Italian Listed Certificates where Hedging Disruption and Increased Cost of Hedging shall not apply.

6. **Additional Provisions**

(a) *Correction of published or announced prices or levels*

The provisions of Valuation and Settlement Condition 2(l) (*Correction of published or announced prices or levels*) shall not apply in respect of a Preference Share.

(b) *Issue Date*

The Issue Date of any Preference Share Linked Securities shall be either (i) the date specified, or (ii) the number of Business Days following, the Initial Preference Share Reference Date, as specified in the applicable Issue Terms.

For the purposes of this Preference Share Condition 6(b):

Initial Preference Share Reference Date shall be the date specified as such in the applicable Issue Terms, PROVIDED THAT, if any date used for the valuation or any determination of any Preference Share Underlying (or any part thereof) falling on or about any such date is delayed in accordance with the terms and conditions of the Preference Share by reason of a non-scheduled trading day, a disrupted day or the occurrence of an adjustment event (howsoever described in the terms and conditions of the Preference Shares), the Initial

Preference Share Reference Date shall be the last delayed date on which any such valuation or determination is made, as determined by the Calculation Agent.

(c) *Issuer Call, Investor Put and Optional Redemption Amounts*

Securities that are to be redeemed early at the option of the Issuer pursuant to General Condition 6(e) (*Redemption at the Option of the Issuer*) may be redeemed in whole but not in part. For the purposes of such redemption, the Optional Redemption Amount shall be determined as provided below.

General Condition 6(f) (*Redemption at the Option of holders of Securities*) shall not apply in respect Preference Share Linked Securities.

For the purposes of this Preference Share Condition 6(c):

Optional Redemption Amount means an amount per Security (in the case of a Note, representing a principal amount equal to the Calculation Amount) determined on the same basis as the Preference Share-Linked Redemption Amount (as defined in the Valuation and Settlement Schedule) except that, for the purposes of this definition, "Final Reference Level" means the Underlying Closing Level of the Redemption Underlying on the Optional Redemption Valuation Date.

Optional Redemption Valuation Date means the date or, if such day is on which the Securities are to be redeemed early or such earlier date determined by the Calculation Agent solely for the purposes of allowing the calculation of the Underlying Closing Level of the Preference Share prior to the redemption of the Securities and such date shall be deemed to be a Valuation Date for the purpose or the Conditions.

(d) *Early Redemption for tax reasons or illegality, following an Event of Default or following an Early Redemption Event and the Early Redemption Amount*

If, in the determination of the Calculation Agent, the Securities are to be redeemed (i) for tax reasons or for illegality in accordance with General Condition 6(b) (*Redemption for Taxation Reasons and Redemption for Illegality*), (ii) following the occurrence of an Event of Default in accordance with General Condition 11 (*Events of Default*) or (iii) following the occurrence of any Early Redemption Event in respect of a Preference Share in accordance with Valuation and Settlement Condition 2(h) (*Early Redemption Events*), then the Early Redemption Amount shall be determined as provided below.

For the purposes of this Preference Share Condition 6(d):

Early Redemption Amount means an amount per Security determined on the same basis as the Preference Share-Linked Redemption Amount except that, for the purposes of this definition, "Final Reference Level" means the Underlying Closing Level of the Redemption Underlying on the Early Redemption Valuation Date.

Early Redemption Valuation Date means the date on which the Securities are to be redeemed early or such earlier date determined by the Calculation Agent solely for the purposes of allowing the calculation of the Underlying Closing Level of the Preference Share prior to the redemption of the Securities. Such date shall be deemed to be a Valuation Date for the purposes of the Conditions

(e) *Realisation Disruption*

If "Realisation Disruption" is specified as applicable in the applicable Issue Terms and a Realisation Disruption Event occurs, such Realisation Disruption Event shall be deemed to be an Early Redemption Event and the Issuer may redeem the Securities pursuant to Valuation and Settlement Condition 2(h) (*Early Redemption Events*) and Preference Share Condition 6(d) (*Early Redemption for tax reasons or illegality, following an Event of Default or following an Early Redemption Event and the Early Redemption Amount*) and the provisions of Valuation and Settlement Condition 2(j) (*Realisation Disruption*) shall not apply to the Securities.

(f) *Redenomination*

General Condition 18 (*Redenomination*) shall not apply in respect of Preference Share Linked Securities.

UNDERLYING SCHEDULE 15 – CREDIT LINKED CONDITIONS

PART A: INTRODUCTION TO THE CREDIT LINKED CONDITIONS FREQUENTLY ASKED QUESTIONS

For the avoidance of doubt, this introduction to the Credit Linked Conditions (including the worked examples set out in the Annex (Worked Examples in respect of Credit Linked Notes) to this Part A) shall not form part of the Credit Linked Conditions.

The questions and answers set out below and the worked examples set out in the Annex (*Worked Examples in respect of Credit Linked Notes*) to this Part A highlight selected information and provide practical examples to help prospective investors understand the Credit Linked Notes. However, any decision to invest in the Credit Linked Notes should only be made after careful consideration of the Base Prospectus and the relevant General Conditions in their entirety, particularly, the terms and conditions of the Credit Linked Notes set out in the Credit Linked Conditions, as completed by the relevant Final Terms or as completed, modified and/or supplemented by the relevant Pricing Supplement, as applicable. This section should be treated as an introduction to certain terms of the Credit Linked Notes. It is not intended to be a substitute for, nor a summary of, the Credit Linked Conditions.

Capitalised terms in relation to the following questions and answers shall have the meanings given to them in the Credit Linked Conditions.

INTRODUCTION TO CREDIT LINKED NOTES

What are Credit Linked Notes?

Credit Linked Notes are debt securities, the value of which are linked to the credit risk of one or more Reference Entities. The amount of interest, if applicable, and principal which investors will receive on the Credit Linked Notes is dependent on whether certain Credit Events or Risk Events, as applicable, occur in respect of any relevant Reference Entity to which the Credit Linked Notes are linked.

In purchasing the Credit Linked Notes, investors are assuming credit risk exposure to each Reference Entity (and possible successors thereof). A Credit Linked Note is broadly intended to give the investor access to a credit default swap referencing certain Reference Entity(ies) in funded format. Therefore, many of the features and risks applicable to a market standard credit default swap referencing the relevant Reference Entity(ies) will be equally applicable to the Credit Linked Notes.

By investing in the Credit Linked Notes, the investor will be a seller of credit protection (and hence a buyer of credit risk), while the Issuer will be a buyer of credit protection (and therefore a seller of credit risk).

What is credit risk?

Credit risk with respect to a Reference Entity is the risk that the Reference Entity fails to perform its obligations under certain borrowed money, bond or loan (as applicable) obligations, a specified reference obligation of the Reference Entity or the risk that the Reference Entity enters into bankruptcy. Borrowed money obligations would include any incurred loan obligations of the Reference Entity, obligations under any debt securities issued by the Reference Entity and certain qualifying guarantees of the Reference Entity related to such borrowed money obligations. In addition, failure to perform with respect to certain specified reference obligations will also be captured.

The failure of the Reference Entity to perform its obligations is generally (but not exclusively) as a result of a deterioration of its financial condition.

The financial condition and creditworthiness of a Reference Entity may change over time. Public information which is available in relation to a Reference Entity may be incomplete, misleading or out of date. The identity of each Reference Entity is subject to change as a result of successions where there are debt transfers or where another entity issues bonds or incurs a loan obligation in exchange for bonds or loans of the Reference Entity. The risks associated with a successor Reference Entity may be greater than the risks associated with the original Reference Entity.

If the Credit Linked Notes are linked to multiple Reference Entities, the probability that a Credit Event will occur may be increased. The credit risk to investors may further be increased if the Reference Entities are concentrated in a particular industry sector or geographic area, or if they have exposure to similar financial or other risks.

What is the difference between the Credit Linked Notes and an ordinary debt security?

Credit Linked Notes are similar to an ordinary debt security in that they provide the investor with a regular stream of interest payments, if applicable, and the return of par or a premium (in the case of Credit Linked Notes that are Zero Coupon Notes) on maturity in the ordinary course. However, Credit Linked Notes have the added feature not present in ordinary debt securities of an exposure to the credit of one or more Reference Entities. If a Credit Event or a Risk Event, as applicable, occurs in relation to the relevant Reference Entity, an investor may lose all or part of its investment in the Credit Linked Notes.

What is the difference between Credit Linked Notes and a bond issued by the Reference Entity?

Credit Linked Notes give an investor exposure to the credit risk of the Reference Entity without having to own a bond, loan or other type of borrowed money obligation of such Reference Entity. The Reference Entity itself is not a party to and has no direct involvement in the Credit Linked Notes and an investor will not be able to claim against the Reference Entity or Issuer for any losses it suffers from a Credit Event or Risk Event, as applicable, in respect of the relevant Reference Entity. The investor will also not have any interest in, or rights under, any obligation of such Reference Entity. An investment in Credit Linked Notes is not equivalent to an investment in the obligations of a Reference Entity.

The Issuer is not obliged to hold any obligation of the Reference Entity or otherwise have credit risk exposure to the Reference Entity. In addition to the credit risk of the relevant Reference Entity to which the Credit Linked Notes are linked, an investor will also be exposed to the credit risk of the Issuer and/or Guarantor, as applicable. Therefore, even if the Reference Entity is performing well, an investor may still suffer a loss if the Issuer's and/or the Guarantor's, as applicable, creditworthiness declines.

How do changes in share prices of any Reference Entity affect the value of the Credit Linked Notes?

Taking credit risk on the Reference Entity by purchasing Credit Linked Notes is different from taking equity risk by investing in shares of the Reference Entity. There are a number of reasons for this. For example:

- (a) the Credit Linked Notes reference borrowed money obligations of the Reference Entity or specified guarantees of the Reference Entity in respect of borrowed money obligations, and a Reference Entity must generally pay amounts due to the creditors on these debt obligations before paying dividends or capital to shareholders;
- (b) the obligations of the Reference Entity referenced by the Credit Linked Notes consist of borrowed money obligations or specified guarantees of the Reference Entity in respect of borrowed money obligations; holders of this type of debt will generally rank ahead of holders of ordinary shares in the insolvency of a Reference Entity, and so may have (but are not guaranteed) a higher rate of recovery of moneys due to them;
- (c) the Credit Linked Notes reference these borrowed money obligations and accordingly, the market value of the Credit Linked Notes is related to (although not necessarily equal to) the value of these borrowed money obligations; and
- (d) there is no direct link between share prices and the value of the Credit Linked Notes.

However, in some circumstances, change in the share price of the Reference Entity may result in or from, at a general level, a change in the market value of its debt and vice versa.

KEY REGULATORY CONCEPTS RELEVANT TO CREDIT LINKED NOTES

What is ISDA?

The International Swaps and Derivatives Association, Inc. ("**ISDA**") is a trade organisation of participants in the market for over-the-counter derivatives. It is headquartered in New York, and is responsible for creating standardised contracts such as the ISDA Master Agreement and the 2014 ISDA Credit Derivatives Definitions and a wide range of related documentation, that are used to enter into derivatives transactions. Definitions, confirmations and other documents and information published by ISDA are available on ISDA's website: <http://www2.isda.org/>. Certain publications are available free of charge while others are available to subscribers of the website only.

At the date of this Base Prospectus, ISDA has over 900 member institutions from 71 countries. These members include a broad range of over-the-counter ("**OTC**") derivatives market participants.

What is a Credit Event?

A Credit Event is, broadly speaking, an event which may be, but is not necessarily, regarded as being indicative of a default or material decline in the creditworthiness of the Reference Entity, which also includes bankruptcy in the case of a corporate Reference Entity.

Credit Events are determined by reference to, in the context of a bankruptcy, the relevant Reference Entity itself and, in other cases, certain eligible types of obligations of such Reference Entity (including certain qualifying guarantees of the Reference Entity in relation to such obligations) which, in relation to the Credit Linked Notes, include loans, debt securities or other borrowed money obligations of the Reference Entity or specified reference obligations ("**Obligations**").

The Credit Events relevant to the Credit Linked Notes are any of the following events with respect to the Reference Entity, which will apply to a Credit Linked Note if specified or elected by reference to a specified transaction type in the relevant Issue Terms:

- (a) ***Failure to Pay***: a failure by the Reference Entity to pay amounts when due under its Obligations (after the expiry of any applicable grace period), where the failure to pay relates to an amount greater than a pre-determined minimum amount; and where the "Credit Deterioration Requirement" is applicable, the failure to pay results from a deterioration in the creditworthiness of the Reference Entity
- (b) ***Bankruptcy***: a bankruptcy or insolvency procedure in respect of the Reference Entity;
- (c) ***Restructuring***: a restructuring of an Obligation of the Reference Entity which amends key terms of that Obligation as to reduction in repayment of principal or payment of interest thereunder, postponement in the payment of principal or interest, the changes in the ranking of the instrument causing subordination or resulting in redenomination into certain hard currencies in a form that binds all holders of the obligation and such event is not expressly provided for in the terms of the instrument where the event results from, directly or indirectly, a deterioration in the creditworthiness or financial condition of the Reference Entity;
- (d) ***Obligation Acceleration***: the acceleration of an Obligation of the Reference Entity before it would otherwise be due and payable in respect of a pre-determined minimum amount;
- (e) ***Obligation Default***: an Obligation of the Reference Entity in respect of a pre-determined minimum amount becomes capable of being declared due and payable before it would otherwise be due and payable;
- (f) ***Repudiation/Moratorium***: the Reference Entity repudiates an Obligation in respect of a pre-determined minimum amount or imposes a moratorium in respect of an Obligation in respect of such minimum amount and a failure to pay or a restructuring under such obligation subsequently occurs within a specified time period, without regard to any pre-determined amount; or
- (g) ***Governmental Intervention***: an event which would result in the reduction or postponement of payment of principal or interest or change in ranking of priority in the instrument causing

subordination, an expropriation of or the mandatory cancellation of an Obligation as the result of an action taken or announcement made by a Governmental Authority in a form which is binding regardless of whether such event is expressly provided for under the terms of the instrument. This event is applicable only where "Financial Reference Entity" terms are stated to be applicable in the Issue Terms.

What Credit Events apply to the Credit Linked Notes?

In respect of each issue of Credit Linked Notes, the types of Credit Events which may apply in relation to the specified Reference Entity will vary depending on the identity of each Reference Entity and will be determined by reference to market standards that will be specified in the relevant Issue Terms. Typically, certain terms of the Credit Linked Notes, for example the maturity and the price of credit protection purchased will be subject to negotiation between the parties. However, many key terms of the Credit Linked Notes – for example, the applicable Credit Events – are typically determined by reference to a physical settlement matrix of market standard terms published by ISDA (the version of such matrix which is effective as at the Trade Date, Issue Date or Effective Date, as applicable, is referred to as the "**Physical Settlement Matrix**"). The Physical Settlement Matrix recognises a variety of standard terms based on the nature of the relevant Reference Entity (corporate, sovereign, etc.) and its location ((EMEA (Europe, Middle East and Africa), Asia-Ex Japan, Japan, Latin America, North America etc.)). As at the date of this Base Prospectus, the Physical Settlement Matrix is available free of charge on ISDA's website at www.isda.org.

The Issue Terms will specify a "Transaction Type" with respect to the relevant Reference Entity. Certain terms of the Credit Linked Notes, including Credit Events, will be determined by reference to the Physical Settlement Matrix for such "Transaction Type". Such terms may vary between particular series of Credit Linked Notes depending on the relevant "Transaction Type" which applies. Further, the Physical Settlement Matrix is updated regularly by ISDA and accordingly, different Series of Credit Linked Notes may refer to different versions of the Physical Settlement Matrix.

What is a Risk Event and does it apply to all Credit Linked Notes?

A Risk Event may be a Credit Event or an Additional Risk Event. While Credit Events cover the risks arising from the creditworthiness of the Reference Entity (see further "*What is a Credit Event?*" above), Additional Risk Events are indicative of defaults or risks specific to certain local access jurisdictions and will apply to Local Access Credit Linked Notes to the extent that such events apply in the relevant Issue Terms. Additional Risk Events include, amongst other things, events that make it impossible, illegal or impracticable for, or prohibit, restrict or materially delay the ability of, any entity holding a loan or obligation to convert or repatriate currency or purchase, hold, receive, sell, freely transfer or remain the owner of any such loan or obligation or affect the performance of custodial and settlement activities.

The concept of a Risk Event is therefore specific to Local Access Credit Linked Notes. The types of Risk Events which may apply in relation to the specified Reference Entity will vary depending on the identity of each Reference Entity and the jurisdiction of such Reference Entity.

When does a Credit Event need to occur to affect the payout on the Credit Linked Notes?

A Credit Event may occur at any time during the period from, and including, the "Credit Event Backstop Date" to, and including, the Scheduled Maturity Date or such other date as is specified in the relevant Issue Terms (subject to extension in certain circumstances).

The Credit Event Backstop Date is typically intended to be a rolling date which is:

- (i) if a relevant Credit Derivatives Determinations Committee (see further "*What are the Credit Derivatives Determinations Committees and how do they affect the Credit Linked Notes?*" below) receives a request to resolve whether or not a Credit Event has occurred in relation to a Reference Entity (such date of request, the "**Credit Event Resolution Request Date**"), 60 calendar days prior to the date of such request; or
- (ii) if the Calculation Agent determines that a Credit Event has occurred in relation to any Reference Entity or an Obligation thereof and delivers an effective Credit Event Notice, and supporting information (if applicable), to the Issuer for delivery to the

Fiscal Agent and Securityholders to that effect, when the Credit Derivatives Determinations Committee is not going to consider the same, 60 calendar days prior to the earlier of (a) the effective delivery date of such Credit Event Notice (where it occurs during the notice delivery period) and (b) the Credit Event Resolution Request Date (where the effective delivery date of such Credit Event Notice occurs during the post dismissal additional period), subject to extension in certain circumstances.

Instead of a rolling date, the Issue Date or Trade Date may be specified to be the Credit Event Backstop Date in the relevant Issue Terms.

When does a Risk Event need to occur to affect the payout on the Local Access Credit Linked Notes?

A Risk Event may occur at any time during the "Risk Event Determination Period", being a period commencing on the Issue Date or the Trade Date (as specified in the Issue Terms) and expiring on the Scheduled Maturity Date (subject to extension in certain circumstances).

What are the event and payment timings which are relevant?

- (i) Event Timing: In order to determine the day on which an event occurs for purposes of the Credit Linked Notes, the demarcation of days shall be made by reference to Greenwich Mean Time (or, if the Transaction Type of the Reference Entity relates to Japan, Tokyo time), irrespective of the time zone in which such event occurred. Any event occurring at midnight shall be deemed to have occurred immediately prior to midnight.
- (ii) Payment Timing: If a payment is not made by the Reference Entity on its due date or, as the case may be, on the final day of the relevant Grace Period, then such failure to make a payment shall be deemed to have occurred on such day prior to midnight Greenwich Mean Time (or, if the Transaction Type of the Reference Entity relates to Japan, Tokyo time), irrespective of the time zone of its place of payment.

Can a Credit Event occur prior to the Issue Date or the Trade Date?

Yes. A Credit Event may occur prior to the Issue Date of the Credit Linked Notes and may even occur prior to the Trade Date specified in the applicable Issue Terms.

Securityholders should conduct their own review of any recent developments with respect to the Reference Entity by consulting publicly available information. If a request has been delivered to ISDA prior to the Trade Date to determine whether a Credit Event has occurred with respect to the Reference Entity, details of such request may be found on the ISDA website at <https://www.cdsdeterminationscommittees.org/>.

When can a Credit Event or a Risk Event be triggered?

A Credit Event may be bilaterally triggered with respect to the Reference Entity during the "Notice Delivery Period", being a period commencing on the Trade Date (as specified in the Issue Terms) and expiring 14 calendar days after the Scheduled Maturity Date or 14 calendar days following any DC Credit Event Question Dismissal. In certain circumstances, a Credit Event may be bilaterally triggered with respect to the Reference Entity 14 calendar days after a DC Credit Event Announcement. Similarly, a Risk Event may be triggered with respect to the Reference Entity during the Risk Event Determination Period (see "*When does a Risk Event need to occur to affect the payout on the Local Access Credit Linked Notes?*" above).

However, in certain circumstances, the Notice Delivery Period or the Risk Event Determination Period, as applicable, may be extended beyond the Scheduled Maturity Date if a potential Credit Event, such as a Failure to Pay or Repudiation/Moratorium, has occurred on or prior to the Scheduled Maturity Date of the Credit Linked Notes, which may become an actual Credit Event within a specified period following the Scheduled Maturity Date. In such case, the Notice Delivery Period will be extended to (and including) the date falling 14 calendar days following such Extension Date and the Risk Event Determination Period may also be extended in certain cases. Accordingly, notwithstanding the occurrence of a Scheduled Maturity Date, a Credit Event or Risk Event, as applicable, could be triggered after the Scheduled Maturity Date.

What is an Event Determination Date or Risk Event Determination Date?

In order for Credit Linked Notes to be redeemed following a Credit Event or a Risk Event, as applicable, it is necessary for a relevant Event Determination Date or Relevant Risk Event Determination Date, as applicable, to have occurred. Depending on the circumstances, this may be the date on which a notice describing the occurrence of the Credit Event or Risk Event, as applicable, has been effectively delivered (together with, if applicable, a notice containing publicly available information confirming the occurrence of the Credit Event or Risk Event, as applicable), or, for Credit Linked Notes other than Local Access Credit Linked Notes, the date on which, amongst other things, it is publicly announced that a DC Credit Event Question was effective and the Credit Derivatives Determinations Committee was in possession of publicly available information with respect to such question, provided that certain conditions are satisfied.

Accordingly, notwithstanding the occurrence of a Scheduled Maturity Date, an Event Determination Date could occur as a result of issues submitted to the Credit Derivatives Determinations Committee after the Scheduled Maturity Date where the date on which a DC Credit Event Question was effective and on which a Credit Derivatives Determinations Committee was in possession of Publicly Available Information with respect to such question falls on or prior to the 14th day following the Scheduled Maturity Date or any Extension Date, as applicable.

Can an Event Determination Date only occur if a Credit Derivatives Determinations Committee determines that one has occurred?

No. The Calculation Agent and the Issuer may also deliver a Credit Event Notice to the Securityholder in relation to a Credit Event triggering an Event Determination Date (see "*When can a Credit Event or a Risk Event be triggered?*" above).

An Event Determination Date may be bilaterally triggered following the occurrence of a Credit Event that is an M(M)R Restructuring. In other cases, although the Calculation Agent and the Issuer may trigger an Event Determination Date following the occurrence of a Credit Event it will only be able to do so if (i) a Credit Derivatives Determinations Committee has not made a DC Credit Event Announcement or a DC No Credit Event Announcement; (ii) it has some information to support its determination that a Credit Event has occurred and (iii) (in circumstances where a Notice of Publicly Available Information is required to be provided) it cites Publicly Available Information confirming the occurrence of the Credit Event described in the Credit Event Notice.

What is the Credit Derivatives Determinations Committee and how does it affect the Credit Linked Notes (other than Local Access Credit Linked Notes)?

The Credit Derivatives Determinations Committee was established by ISDA in March 2009 to make determinations that are relevant to the majority of the credit derivatives market and to promote transparency and consistency. Securityholders will have no role in the composition of the Credit Derivatives Determinations Committee by virtue of the fact that they are investors in the Credit Linked Notes.

Prospective Securityholders should note that a Credit Derivatives Determinations Committee has the power to make binding decisions which the Calculation Agent may determine are applicable for the purposes of the Credit Linked Notes on critical issues, including:

- (a) the occurrence of a Credit Event and the standard Event Determination Date;
- (b) whether one or more Auctions will be held in respect of the Reference Entity for which a Credit Event has occurred;
- (c) if one or more Auctions are to be held, what Deliverable Obligations of the Reference Entity will be used for the purposes of determining the price for each such Auction and the relevant auction buckets which cover the various scheduled termination dates of transactions;
- (d) the suitable methodology to be applied when determining the asset market value of any non-financial instruments or instruments not capable of transfer or when asset package delivery will be cash settled;

- (e) the auction settlement terms;
- (f) the occurrence of a succession or succession event and the identity of any "Successors" (for details, see "Successors" below); and
- (g) suitable substitute Reference Obligations where a substitution event has occurred.

Consequently, Securityholders will be bound by any such relevant decisions determined to be applicable to the Credit Linked Notes and the payments on the Credit Linked Notes and the timing of any such payments may be affected by such decisions or determinations. Questions referred to the Credit Derivatives Determinations Committee and the results of binding votes will be published by the DC Secretary on <https://www.cdsdeterminationscommittees.org/>.

The Credit Derivatives Determinations Committees are regional and there is a Credit Derivatives Determinations Committee for each of the following five regions: the Americas, Asia (excluding Japan), Australia and New Zealand, Europe, the Middle East and Africa (EMEA) and Japan. The proceedings of each Credit Derivatives Determinations Committee will be governed by rules published from time to time by the DC Secretary. A copy of such rules is available as at the date of this Base Prospectus free of charge at <https://www.cdsdeterminationscommittees.org/>.

Each Credit Derivatives Determinations Committee is formed of ten voting dealer members, five voting buy-side (non-dealer) members and three non-voting members (two dealers and one buy-side). A Credit Derivatives Determinations Committee may also include as non-voting members one or more credit derivatives central clearing counterparties ("CCP") as observer members. Dealer institutions are selected for membership in accordance with the DC Rules published by the DC Secretary and certain trading volume data guidelines.

With effect from 12 October 2018, DC Administration Services, Inc., a Delaware-incorporated subsidiary of ISDA was appointed by ISDA to act as the DC Secretary. The DC Secretary is responsible for various administrative tasks, including distributing questions submitted by eligible market participants to the relevant DC members, convening DC meetings, and publishing the results of DC votes. The DC secretary does not vote on whether Credit Events have occurred.

SUMMARY OF DIFFERENT CREDIT PRODUCTS UNDER THE PROGRAMME

What are the different types of Credit Linked Notes that may be issued under the Programme?

If Credit Linked Notes are issued by way of Final Terms, the Credit Linked Notes may be Single Name Credit Linked Notes, Nth-to-Default Basket Credit Linked Notes, Linear Basket Credit Linked Notes, Index Untranchured Credit Linked Notes, Index Tranchured Credit Linked Notes, Portfolio Tranchured Credit Linked Notes or Local Access Credit Linked Notes.

(A) *What are Single Name Credit Linked Notes?*

Single Name Credit Linked Notes represent an investment linked to the performance of only one Reference Entity specified in the relevant Issue Terms.

Unless redeemed early in full, if a Credit Event and a relevant Event Determination Date occurs, then each Single Name Credit Linked Note will be redeemed in full (or, where an M(M)R Restructuring occurs or multiple successors are identified, in part) by payment of the relevant Credit Event Redemption Amount or, where Physical Redemption applies, by delivery of the Physical Redemption Assets and/or any applicable cash amounts on the relevant Credit Event Redemption Date.

Multiple Credit Events and related Event Determination Dates may occur in respect of Single Name Credit Linked Notes in accordance with the relevant M(M)R Restructuring and Successor provisions.

(B) *What are Nth-to-Default Basket Credit Linked Notes?*

Nth-to-Default Basket Credit Linked Notes represent an investment linked to the performance of a basket with two or more Reference Entities, although such Nth-to-Default Basket Credit

Linked Notes are exposed to the credit risk of only the "nth" Reference Entity specified in the relevant Issue Terms. For example, if "n" is five, then redemption will only arise after a Credit Event has occurred with respect to five of the Reference Entities in the basket, and then only with respect to that fifth Reference Entity. As such, if one or more Credit Events occur in respect of Reference Entities other than the nth Reference Entity, redemption of the Nth-to-Default Basket Credit Linked Notes will not be triggered.

Unless redeemed early in full, if a Credit Event and a relevant Event Determination Date occurs in respect of the nth Reference Entity, then each Nth-to-Default Basket Credit Linked Note will be redeemed in full (or, where an M(M)R Restructuring occurs or multiple successors are identified, in part) by payment of the relevant Credit Event Redemption Amount or, where Physical Redemption applies, by delivery of the Physical Redemption Assets and/or any applicable cash amounts on the relevant Credit Event Redemption Date.

Multiple Credit Events and related Event Determination Dates may occur in respect of the nth Reference Entity in accordance with the relevant M(M)R Restructuring and Successor provisions.

(C) ***What are Linear Basket Credit Linked Notes?***

Linear Basket Credit Linked Notes represent an investment linked to the performance of a basket of Reference Entities specified in the relevant Issue Terms and are exposed to the credit risk of each Reference Entity in the basket in proportion to the weighting specified for such Reference Entity in the relevant Issue Terms.

Unless redeemed early in full, if a Credit Event and relevant Event Determination Date occurs in respect of any one of the Reference Entities in the basket, then each Linear Basket Credit Linked Note will be redeemed in part, in proportion to the weighting of the affected Reference Entity, by payment of the relevant Credit Event Redemption Amount or, where Physical Redemption applies, by delivery of the Physical Redemption Assets and/or any applicable cash amounts on the relevant Credit Event Redemption Date. Redemption will be effected in accordance with the relevant M(M)R Restructuring and Successor provisions, where applicable.

Multiple Credit Events, and therefore multiple Event Determination Dates, may occur with respect to more than one Reference Entity. Further, multiple Credit Events and related Event Determination Dates may occur in respect of a single Reference Entity in accordance with the relevant M(M)R Restructuring and Successor provisions.

(D) ***What are Index Untranching Credit Linked Notes?***

Index Untranching Credit Linked Notes represent an investment linked to the performance of component Reference Entities of an Index specified in the relevant Issue Terms. Such Index may be either an iTraxx[®] Index or a CDX[®] Index. The Index Untranching Credit Linked Notes are exposed to the credit risk of each Reference Entity in the relevant Index in proportion to the weighting specified for such Reference Entity in the relevant Issue Terms.

Unless redeemed early in full, if a Credit Event and relevant Event Determination Date occurs in respect of any one of the Reference Entities in the Index, then each Index Untranching Credit Linked Note will be redeemed in part, in proportion to the weighting of the affected Reference Entity, by payment of the relevant Credit Event Redemption Amount on the relevant Credit Event Redemption Date and, where applicable, in accordance with the relevant M(M)R Restructuring and Successor provisions.

Multiple Credit Events, and therefore multiple Event Determination Dates, may occur with respect to more than one Reference Entity. Further, multiple Credit Events and related Event Determination Dates may occur in respect of a single Reference Entity in accordance with the relevant M(M)R Restructuring and Successor provisions.

(E) ***What are Index Tranched Credit Linked Notes?***

Index Tranched Credit Linked Notes represent an investment linked to the performance of component Reference Entities of an Index specified in the relevant Issue Terms, although such Index Tranched Credit Linked Notes are only exposed to the incurred losses and redemptions are effected with respect to incurred recoveries (if any) in respect of a specified tranche of that Index. Such Index may be either an iTraxx® Index or a CDX® Index. Index Tranched Credit Linked Notes are accordingly exposed to the credit risk of each Reference Entity in the relevant Index in proportion to the weighting specified for such Reference Entity in the relevant Issue Terms, to the extent that losses suffered by the affected Reference Entities fall within such prescribed tranche.

Unless redeemed early in full, if a Credit Event and relevant Event Determination Date occurs in respect of any one of the Reference Entities in the Index, then each Index Tranched Credit Linked Note will be written down and/or redeemed, as applicable, to reflect the incurred loss and/or incurred recovery suffered in respect of the affected Reference Entity (to the extent that any such incurred loss and incurred recovery falls within the prescribed tranche) with payment of any incurred recovery (i.e. the Index Tranched Redemption Amount) being made on the relevant Credit Event Redemption Date and, where applicable, in accordance with the relevant M(M)R Restructuring and Successor provisions.

Multiple Credit Events, and therefore multiple Event Determination Dates, may occur with respect to more than one Reference Entity. Further, multiple Credit Events and related Event Determination Dates may occur in respect of a single Reference Entity in accordance with the relevant M(M)R Restructuring and Successor provisions.

(F) ***What are Portfolio Tranched Credit Linked Notes?***

Portfolio Tranched Credit Linked Notes represent an investment linked to the performance of component Reference Entities of a bespoke basket specified in the relevant Issue Terms, although such Portfolio Tranched Credit Linked Notes are only exposed to the incurred losses and redemptions are effected with respect to incurred recoveries (if any) in respect of a specified tranche of that basket. Portfolio Tranched Credit Linked Notes are accordingly exposed to the credit risk of each Reference Entity in the relevant basket in proportion to the weighting specified for such Reference Entity in the relevant Issue Terms, to the extent that losses suffered by the affected Reference Entities fall within such prescribed tranche.

Unless redeemed early in full, if a Credit Event and relevant Event Determination Date occurs in respect of any one of the Reference Entities in the basket, then each Portfolio Tranched Credit Linked Note will be written down and/or redeemed, as applicable, to reflect the incurred loss and/or incurred recovery suffered in respect of the affected Reference Entity (to the extent that any such incurred loss and incurred recovery falls within the prescribed tranche) with payment of any incurred recovery (i.e. the Portfolio Tranched Redemption Amount) being made on the relevant Credit Event Redemption Date and, where applicable, in accordance with the relevant M(M)R Restructuring and Successor provisions.

Multiple Credit Events, and therefore multiple Event Determination Dates, may occur with respect to more than one Reference Entity. Further, multiple Credit Events and related Event Determination Dates may occur in respect of a single Reference Entity in accordance with the relevant M(M)R Restructuring and Successor provisions.

(G) ***What are Local Access Credit Linked Notes?***

Local Access Credit Linked Notes represent an investment linked to the performance of only one Reference Entity specified in the relevant Issue Terms, where such Reference Entity is a sovereign of a local access jurisdiction. Accordingly, in addition to exposure to the credit risk of the Reference Entity, an investment in Local Access Credit Linked Notes involves additional risks associated with such local access jurisdictions, including potential risks of volatility, governmental intervention and the lack of a developed system of law.

Unless redeemed early in full, if a Risk Event and a relevant Risk Event Determination Date occurs then each Local Access Credit Linked Note will be redeemed in full (or where multiple successors are identified, in part) by payment of the relevant Credit Event Redemption Amount on the relevant Credit Event Redemption Date.

Multiple Risk Events and related Risk Event Determination Dates may occur in respect of Local Access Credit Linked Notes in accordance with the relevant Successor provisions.

PAYOUTS UNDER CREDIT LINKED NOTES – KEY TIMINGS AND AMOUNTS

What are the different timings for payouts that are contemplated under the Credit Linked Conditions?

The amount of interest, if applicable, and principal which an investor receives will depend on whether redemption of the Credit Linked Notes occurs:

- (a) in the usual course, at maturity (see further "*When will the Credit Linked Notes be redeemed if no Credit Event or Risk Event occurs?*" below);
- (b) pursuant to the occurrence of a Credit Event or a Risk Event, as applicable (see further, "*What is 'Credit Payment following Credit Event' or 'Credit Payment following Risk Event'?*" below);
- (c) at maturity, despite the occurrence of a Credit Event or a Risk Event, as applicable (see further, "*What is 'Credit Payment on Maturity'?*" below); or
- (d) pursuant to the occurrence of an event (other than a Credit Event or a Risk Event) triggering early redemption (see further "*When may the Issuer redeem the Credit Linked Notes early?*" below).

(A) *When will the Credit Linked Notes be redeemed if no Credit Event or Risk Event occurs?*

If no Event Determination Date or Risk Event Determination Date, as applicable, has occurred, and provided that the Credit Linked Notes are not otherwise redeemed early, repurchased or cancelled, each Credit Linked Note will be redeemed in full on the Scheduled Maturity Date (which may in certain circumstances have been extended) (see further "*What will Securityholders receive if the Credit Linked Notes are not redeemed early?*" below).

(B) *What is 'Credit Payment following Credit Event' or 'Credit Payment following Risk Event'?*

"Credit Payment following Credit Event" or "Credit Payment following Risk Event", as applicable, refers to where a Credit Event or a Risk Event, as applicable, occurs with respect to a Reference Entity (or the nth Reference Entity, in case of Nth-to-Default Basket Credit Linked Notes) and an Event Determination Date or Risk Event Determination Date, as applicable, occurs as a result and redemption follows such Credit Event or Risk Event, as applicable (see further "*What will Securityholders receive if 'Credit Payment following Credit Event' or 'Credit Payment following Risk Event' applies?*" below).

(C) *What is 'Credit Payment on Maturity'?*

"Credit Payment on Maturity" refers to where a Credit Event or a Risk Event, as applicable, occurs with respect to a Reference Entity (or the nth Reference Entity, in case of Nth-to-Default Basket Credit Linked Notes) and an Event Determination Date or Risk Event Determination Date, as applicable, occurs as a result, but redemption (and accordingly, payment of the relevant redemption amounts) occurs only at maturity (see further "*What will Securityholders receive if 'Credit Payment on Maturity' applies?*" below).

(D) ***When may the Issuer redeem the Credit Linked Notes early?***

The Issuer may redeem the Credit Linked Notes early in full, other than where a Credit Event or a Risk Event, as applicable, has occurred, if (i) certain tax events occur with respect to the Credit Linked Notes; (ii) certain events occur which make it unlawful for the Issuer and/or the relevant Guarantor to perform certain obligations or comply with material provisions of agreements entered into in connection with the Credit Linked Notes; (iii) an Early Redemption Event occurs (see further "*When will an Early Redemption Event occur?*" below); (iv) certain Events of Default occur; (v) the Issuer elects to exercise its call option in respect of the Credit Linked Notes (if "Issuer Call" is applicable); (vi) in certain cases and if applicable, following an Administrator/Benchmark Event, (vii) a Realisation Disruption Event occurs; (viii) an Underlying RMB Currency Event occurs; (ix) a Merger Event occurs or (x) if the Reference Obligation (in respect of a Reference Entity to which "Reference Obligation Only" applies) is redeemed in whole prior to its scheduled maturity date (see further "*What will Securityholders receive if the Issuer redeems the Credit Linked Notes early (other than due to a Credit Event or a Risk Event)?*" below).

When will an Early Redemption Event occur?

An Early Redemption Event may occur where, among other things, (a) certain adjustments have occurred, (b) in respect of certain Securities, circumstances in which the Calculation Agent determines that no adjustment can reasonably be made following an Adjustment Event, (c) in respect of certain Securities, no successor index can be determined or no adjustment can reasonably be made following a material change to the relevant index, (d) a Section 871(m) Event or (e) a Hedging Disruption Early Termination Event (if specified as applicable in the applicable Issue Terms)).

Can Securityholders elect to redeem their Credit Linked Notes early?

The Securityholders do not have a right to require the Issuer to redeem their Notes early.

What are Securityholders expected to receive pursuant to the different payouts contemplated under the Credit Linked Conditions?

The amount of interest, if applicable, and principal which an investor receives will depend on when redemption of the Credit Linked Notes occurs.

(A) ***What will Securityholders receive if the Credit Linked Notes are not redeemed early?***

Where the Credit Linked Notes are not otherwise redeemed early, repurchased or cancelled, the amount payable in respect of each Credit Linked Note that is redeemed in full on the Scheduled Maturity Date will be an amount equal to par.

(B) ***What will Securityholders receive if "Credit Payment following Credit Event" or "Credit Payment following Risk Event" applies?***

If "Credit Payment following Credit Event" or "Credit Payment following Risk Event", as applicable, apply and an Event Determination Date or Risk Event Determination Date, as applicable, occurs, the Credit Linked Notes will be redeemed at the Credit Event Redemption Amount (see further, "*What is the Credit Event Redemption Amount?*" below), with no further payment of principal or interest, if applicable, on the proportion of the Credit Linked Notes affected by the Credit Event or Risk Event, as applicable (see further "*What interest payments will Securityholders receive after the occurrence of a Credit Event or a Risk Event?*" below). The Credit Event Redemption Amount is likely to be less than the par value of the Credit Linked Notes and may even be zero.

(C) ***What will Securityholders receive if "Credit Payment on Maturity" applies?***

If "Credit Payment on Maturity" applies and an Event Determination Date or Risk Event Determination Date, as applicable, occurs, interest will cease to accrue on, or be payable in respect of, such portion of the Credit Linked Notes affected by the Credit Event or Risk Event, as applicable. This will not affect any interest payable on the remaining portion of the Credit

Linked Notes unaffected by such Credit Event or Risk Event, as applicable. Further, the Credit Payment on Maturity Amount (which reflects the incurred recoveries to be paid at maturity) will accrue interest based on the funding interest rate specified in the Issue Terms (see further "*What interest payments will Securityholders receive after the occurrence of a Credit Event or a Risk Event?*" below). The Credit Linked Notes will be redeemed only at maturity in an amount equal to the Credit Event Redemption Amount (see further, "*What is the Credit Event Redemption Amount?*" below). The Credit Event Redemption Amount is likely to be less than the par value of the Credit Linked Notes and may even be zero.

(D) ***What will Securityholders receive if the Issuer redeems the Credit Linked Notes early (other than due to a Credit Event or a Risk Event)?***

If the Credit Linked Notes are redeemed early in full (other than where a Credit Event, Risk Event, Merger Event or redemption in whole of the Reference Obligation has occurred), the Credit Linked Notes will be redeemed on the Early Redemption Date or Optional Redemption Date, as applicable, by payment of an amount equal to the Early Redemption Amount or Optional Redemption Amount, as applicable, with no further payment of principal or interest, if applicable, due in respect of such Credit Linked Notes. The Early Redemption Amount is an amount determined with respect to the Credit Linked Notes in the Settlement Currency which is typically equal to the fair market value of such notes or the principal amount of such notes (together with any unpaid interest). The Optional Redemption Amount is an amount specified in, or determined in the manner specified in the applicable Issue Terms.

Where applicable, in the case of a Merger Event, the Credit Linked Notes will be redeemed on the Early Redemption Date by payment of the Merger Redemption Amount. The Merger Redemption Amount may be equal to either (x) the Early Redemption Amount or (y) an amount equal to the outstanding aggregate nominal amount of the relevant Credit Linked Notes less any unwind costs, and will be specified in the relevant Issue Terms.

In the case of redemption in whole of the Reference Obligation (where "Reference Obligation Only" applies), each Credit Linked Note will be redeemed on the Substitution Event Date by payment of the Substitution Event Redemption Amount. The Substitution Event Redemption Amount is an amount determined with respect to the Credit Linked Notes in the Settlement Currency which is typically equal to the fair market value of such notes less any unwind costs.

REDEMPTION MECHANICS UNDER THE PROGRAMME

What is the Applicable Proportion?

The Applicable Proportion represents such proportion of the aggregate notional amount of a Credit Linked Note that is affected by a Credit Event or a Risk Event, as applicable, and is used for determining the amounts payable or to be written down and/or redeemed following the occurrence of a Credit Event or a Risk Event, as applicable, as well as for calculating the interest payable on such Credit Linked Notes. The calculation of the Applicable Proportion depends on the nature of the Credit Linked Notes, the type of Credit Event resulting in redemption (including whether the Credit Event is an M(M)R Restructuring or not) and whether the Successor provisions are relevant (see further "*Successors*" below):

(A) ***Single Name Credit Linked Notes and Nth-to-Default Basket Credit Linked Notes***

The Applicable Proportion of each Single Name Credit Linked Note or Nth-to-Default Basket Credit Linked Notes will be equal to the product of the Specified Denomination of such Credit Linked Note and:

- (i) 100 per cent. (where redemption is not as a result of an M(M)R Restructuring or pursuant to multiple successors being identified);
- (ii) an amount (expressed as a percentage) equal to the Exercise Amount specified in the relevant Credit Event Notice relating to the relevant Reference Entity and Credit Event, divided by the Original Aggregate Nominal Amount of such Credit Linked Notes (where redemption is as a result of an M(M)R Restructuring); or

- (iii) an amount (expressed as a percentage) equal to the Single Name Partial Nominal Amount or the Nth-to-Default Partial Nominal Amount, as applicable, divided by the Original Aggregate Nominal Amount of such Credit Linked Notes (where redemption is not pursuant to an M(M)R Restructuring and where partial redemption occurs pursuant to application of the succession provisions).

(B) *Linear Basket Credit Linked Notes and Index Untranching Credit Linked Notes*

The Applicable Proportion of each Linear Basket Credit Linked Notes or Index Untranching Credit Linked Note will be equal to the product of the Specified Denomination of such Credit Linked Note and:

- (i) an amount (expressed as a percentage) equal to the Reference Entity Notional Amount, divided by the Original Aggregate Nominal Amount of the relevant Credit Linked Notes (where redemption is not as a result of an M(M)R Restructuring or pursuant to multiple successors being identified);
- (ii) an amount (expressed as a percentage) equal to the Exercise Amount specified in the relevant Credit Event Notice relating to the relevant Reference Entity and Credit Event, divided by the Original Aggregate Nominal Amount of such Credit Linked Notes (where redemption is as a result of an M(M)R Restructuring); or
- (iii) an amount (expressed as a percentage) equal to the Linear Basket Partial Nominal Amount or Index Untranching Partial Nominal Amount, as applicable, divided by the Original Aggregate Nominal Amount of such Credit Linked Notes (where redemption is not pursuant to an M(M)R Restructuring and where partial redemption occurs pursuant to the succession provisions).

(C) *Index Tranching Credit Linked Notes and Portfolio Tranching Credit Linked Notes*

The Applicable Proportion of each Index Tranching Credit Linked Note or Portfolio Tranching Credit Linked Note will be equal to the product of the Specified Denomination of such Credit Linked Note and an amount (expressed as a percentage) equal to the relevant Principal Writedown Amount, divided by the Original Aggregate Nominal Amount of such Credit Linked Notes.

(D) *Local Access Credit Linked Notes*

The Applicable Proportion of each Local Access Credit Linked Note will be equal to the product of the Specified Denomination of such Credit Linked Note and:

- (i) 100 per cent. (where redemption is not pursuant to multiple successors being identified); or
- (ii) an amount (expressed as a percentage) equal to the Local Access Partial Nominal Amount, divided by the Original Aggregate Nominal Amount of such Credit Linked Notes (where partial redemption occurs pursuant to application of the succession provisions).

What are the different methods of redemption?

The Credit Linked Notes will be redeemed in accordance with the Credit Event Redemption Method elected for by the Issuer (and specified in the Issue Terms), provided that the Fallback Redemption Method, also specified in the relevant Issue Terms, will apply where the elected Credit Event Redemption Method cannot be applied.

(A) *Single Name Credit Linked Notes, Nth-to-Default Basket Credit Linked Notes or Linear Basket Credit Linked Notes*

Auction Redemption, Cash Redemption, Physical Redemption or Fixed Recovery Redemption may be selected as the Credit Event Redemption Method, with a fallback for either Cash Redemption or Physical Redemption.

(B) ***Index Untranchured Credit Linked Notes, Index Tranchured Credit Linked Notes or Portfolio Tranchured Credit Linked Notes***

Auction Redemption, Cash Redemption or Fixed Recovery Redemption may be selected as the Credit Event Redemption Method, with the only fallback being Cash Redemption. Physical Redemption is not relevant for these types of Credit Linked Notes.

(C) ***Local Access Credit Linked Notes***

LA Cash Redemption, LA Physical Redemption or LA Fixed Recovery Redemption may be selected as the Risk Event Redemption Method. There is no prescribed fallback for such product. Auction Redemption is not relevant for these types of Credit Linked Notes.

What is the Credit Event Redemption Amount?

The Credit Event Redemption Amount is the cash amount that is payable to the Securityholders on an early redemption of the Credit Linked Notes following the occurrence of a Credit Event or a Risk Event, as applicable, and is broadly indicative of the recoveries in respect of such Credit Linked Notes.

The Credit Event Redemption Amount depends on the applicable Credit Event Redemption Method or Fallback Redemption Method, the nature of the Credit Linked Notes and the timing for payment:

(A) ***Single Name Credit Linked Notes, Nth-to-Default Basket Credit Linked Notes, Linear Basket Credit Linked Notes and Index Untranchured Credit Linked Notes***

For such Credit Linked Notes, the Credit Event Redemption Amount will be the Auction Redemption Amount (where Auction Redemption is applicable), the Cash Redemption Amount (where Cash Redemption or Fixed Recovery Redemption is applicable) or if "Credit Payment on Maturity" is applicable, the Final Auction Redemption Amount or the Final Cash Redemption Amount.

The Credit Event Redemption Amount is determined based on the recovery price of certain deliverables determined in the relevant auction on the auction final price determination date or eligible obligations ("**Valuation Obligations**") of the Reference Entity on a specified date (being the final price determination date) following the occurrence of a Credit Event with respect to such Reference Entity. With respect to the Credit Linked Notes which are subject to Cash Redemption, the eligible obligations shall be one or more obligations, as selected by the Calculation Agent, that are either a Reference Obligation and/or would constitute a Deliverable Obligation as at the particular observation time in accordance with elections made in the relevant Issue Terms. The price of such eligible obligations will be determined on the basis of bid quotations received by the Calculation Agent from dealers.

(B) ***Index Tranchured Credit Linked Notes and Portfolio Tranchured Credit Linked Notes***

The Credit Event Redemption Amount in respect of Index Tranchured Credit Linked Notes or Portfolio Tranchured Credit Linked Notes will be the Index Tranchured Redemption Amount or the Portfolio Tranchured Redemption Amount, as applicable, or if "Credit Payment on Maturity" is applicable, the Index Tranchured Final Redemption Amount or the Portfolio Tranchured Final Redemption Amount, as applicable.

The Credit Event Redemption Amount is determined based on the Index Tranchured Incurred Recovery Amount or Portfolio Tranchured Incurred Recovery Amount, as applicable, which in turn, in each case, requires the Recovery Amount to be determined. The Recovery Amount is based on the recovery price of the Deliverable Obligations which may be determined by an Auction or, where Cash Redemption applies, on the basis of bid quotations for Valuation Obligations received by the Calculation Agent from dealers.

(C) ***Local Access Credit Linked Notes***

The Credit Event Redemption Amount in respect of Local Access Credit Linked Notes will be the LA Cash Redemption Amount (where LA Cash Redemption or LA Fixed Recovery

Redemption is applicable) or if "Credit Payment on Maturity" is applicable, the Final LA Cash Redemption Amount.

The Credit Event Redemption Amount is determined based on the price of certain specified eligible assets of the Reference Entity on a specified date following the occurrence of a Risk Event with respect to such Reference Entity. With respect to Local Access Credit Linked Notes, the eligible assets shall be one or more assets that are either assets issued by the Reference Entity (and as specified in the Issue Terms) or assets selected by the Calculation Agent that would constitute a Deliverable Obligation as at the particular observation time in accordance with elections made in the relevant Issue Terms. The price of such eligible assets shall be determined on the basis of the highest bid quotation received by the Calculation Agent from third party dealers or if no such bid quotation is provided, by the Calculation Agent in its sole discretion.

How is the Credit Event Redemption Amount determined if Auction Redemption applies?

If Auction Redemption applies, the Auction Redemption Amount or the Recovery Amount (which is necessary to determine in order to calculate the Index Tranche Redemption Amount or the Portfolio Tranche Redemption Amount), as applicable, will be determined by reference to a price determined by way of a credit derivatives auction administered by the auction administrators based on the auction settlement terms published by the DC Secretary (an "Auction"). The Auction will involve a bidding process by institutions participating in the relevant Auction, pursuant to a bidding procedure set under the relevant auction settlement terms, to establish the value of the eligible obligations (the "Deliverable Obligations") of the relevant Reference Entity. Deliverable Obligations mean obligations of the Reference Entity which satisfy certain specified "Deliverable Obligation Categories" and "Deliverable Obligation Characteristics" which are on the Final List as published by the DC Secretary. The Issuer or one or more of its affiliates may act as a participating bidder in any such Auction and may submit bids and offers with respect to the Deliverable Obligations of the Reference Entity.

(A) *Single Name Credit Linked Notes, Nth-to-Default Basket Credit Linked Notes, Linear Basket Credit Linked Notes and Index Untranche Credit Linked Notes*

If Auction Redemption applies, the Auction Redemption Amount will be equal to the product of (1) the Applicable Proportion of the Credit Linked Notes being redeemed and (2) the price (expressed as a percentage) determined through the Auction for certain obligations of such Reference Entity, minus each Credit Linked Note's pro rata share of any unwind costs.

(B) *Index Tranche Credit Linked Notes and Portfolio Tranche Credit Linked Notes*

The Index Tranche Redemption Amount or the Portfolio Tranche Redemption Amount, as applicable, is an amount representing each Credit Linked Note's pro rata share of an amount equal to (1) the Index Tranche Incurred Recovery Amount or Portfolio Tranche Incurred Recovery Amount (being the recovery in respect of such Credit Linked Notes which falls within the specified tranche), minus (2) any unwind costs. Accordingly, in order to determine the Index Tranche Redemption Amount or the Portfolio Tranche Redemption Amount, as applicable, the Index Tranche Incurred Recovery Amount or Portfolio Tranche Incurred Recovery Amount, as applicable, needs to be calculated, which in turn, in each case, requires the Recovery Amount to be determined. If Auction Redemption applies, the Recovery Amount will be equal to the product of (1) the Reference Entity Notional Amount of the Affected Reference Entity (and, in case of an M(M)R Restructuring, the Exercise Amount) and (2) the recovery price (expressed as a percentage) determined through the Auction for certain obligations of such Reference Entity.

The auction price is likely to be lower than the par value of the Deliverable Obligations of the Reference Entity and will be reflective of a loss experienced by the holder of such Deliverable Obligations. Moreover, the price is likely to reflect the lowest prevailing market value of any Deliverable Obligation. The lower the auction price, the greater the amount retained by the Issuer to make whole the loss suffered by it (as buyer of credit protection) and thus the smaller the Credit Event Redemption Amount paid to Securityholders on an early redemption of the Credit Linked Notes.

How is the Credit Event Redemption Amount determined if Cash Redemption or LA Cash Redemption applies?

(A) *Cash Redemption*

If Cash Redemption applies, the Cash Redemption Amount or the Recovery Amount (which is necessary to determine in order to calculate the Index Tranch Redemption Amount or the Portfolio Tranch Redemption Amount), as applicable, will be determined on the basis of the bid quotations sought by the Calculation Agent from third party dealers for the eligible obligations of the relevant Reference Entity selected by the Calculation Agent and satisfying certain specified obligation categories and obligation characteristics (such obligations being the Valuation Obligations). However, if no quotations are obtained, the Calculation Agent will determine the final price acting in a commercially reasonable manner which may even be zero.

(1) *Single Name Credit Linked Notes, Nth-to-Default Basket Credit Linked Notes, Linear Basket Credit Linked Notes and Index Untranch Credit Linked Notes*

If Cash Redemption applies, the Cash Redemption Amount will be equal to the product of (1) the Applicable Proportion of the Credit Linked Notes being redeemed and (2) the price (expressed as a percentage) determined on the basis of such bid quotations sought by the Calculation Agent from third party dealers for the Deliverable Obligations, minus each Credit Linked Note's pro rata share of any unwind costs.

(2) *Index Tranch Credit Linked Notes and Portfolio Tranch Credit Linked Notes*

The Index Tranch Redemption Amount or the Portfolio Tranch Redemption Amount, as applicable, is an amount representing each Note's pro rata share of an amount equal to (1) the Index Tranch Incurred Recovery Amount or Portfolio Tranch Incurred Recovery Amount (being the recovery in respect of such Notes), minus (2) any unwind costs. Accordingly, in order to determine the Index Tranch Redemption Amount or the Portfolio Tranch Redemption Amount, as applicable, the Recovery Amount needs to be calculated. If Cash Redemption applies, the Recovery Amount will be equal to the product of (1) the Reference Entity Notional Amount of the affected Reference Entity (and, in the case of an M(M)R Restructuring, the Exercise Amount) and (2) the price (expressed as a percentage) determined on the basis of such bid quotations sought by the Calculation Agent from third party dealers for the Deliverable Obligations.

(B) *LA Cash Redemption*

LA Cash Redemption applies only to Local Access Credit Linked Notes. If LA Cash Redemption applies, the LA Cash Redemption Amount will be determined on the basis of the highest bid quotation sought by the Calculation Agent from third party dealers for certain specified eligible assets of the relevant Reference Entity which may be assets issued by the Reference Entity (and as specified in the Issue Terms) or assets selected by the Calculation Agent that would constitute a Deliverable Obligation (being the LA Settlement Assets). However, if no quotations are obtained, the Calculation Agent will determine the LA Recovery Amount acting in its sole discretion.

If LA Cash Redemption applies, the LA Cash Redemption Amount will be equal to the product of (1) the Applicable Proportion of the Credit Linked Notes being redeemed and (2) the LA Recovery Amount, minus each Credit Linked Note's pro rata share of any unwind costs.

In any case, while determining the Final Price or the LA Recovery Amount, as applicable, the Issuer will be entitled to select the cheapest Valuation Obligations or LA Settlement Assets, as applicable, for valuation. The lower the Final Price or the LA Recovery Amount, as applicable, the greater the amount retained by the Issuer to make whole the loss suffered by it (as buyer of credit protection) and thus the smaller the Credit Event Redemption Amount paid to Securityholders on an early redemption of the Credit Linked Notes.

What will the Securityholder receive if Physical Redemption or LA Physical Redemption of the Credit Linked Notes applies?

(A) *Physical Redemption*

If Physical Redemption applies, the Issuer will physically deliver assets to the Securityholders that represent each Credit Linked Note's pro rata share of obligations of the Reference Entity which falls within a specified category (i.e. the Deliverable Obligation Category) and have the specified characteristics (i.e. the Deliverable Obligation Characteristics) which will be set out in the Issue Terms and which have an Outstanding Principal Balance or a Due and Payable Amount equal to the outstanding principal amount of the Credit Linked Notes following the occurrence of the Credit Event, minus any delivery expenses that may be incurred by the Issuer in the physical settlement and any interest suspension shortfall amount.

The Issuer may be required to make a payment in cash to the Securityholders where, for example, the assets to be physically delivered are not a whole integral multiple of the smallest unit of transfer or physical delivery is illegal or impossible or the necessary consents for transfer of the relevant Deliverable Obligation haven't been obtained.

If an Asset Package Credit Event has occurred, in certain circumstances the Physical Redemption Assets may include Assets comprising the Asset Package. The Issuer may elect to pay a cash amount to the Securityholders in lieu of delivering any or all of the Asset Package.

(B) *LA Physical Redemption*

LA Physical Redemption applies only to Local Access Credit Linked Notes. If LA Physical Redemption applies, the Issuer will physically deliver such assets to the Securityholders (being the LA Settlement Assets) that represent each Credit Linked Note's pro rata share of an amount equal to (1) the assets or obligations of the Reference Entity or assets selected by the Calculation Agent which constitute Deliverable Obligations, less (2) any unwind costs.

The Issuer may be required to make a payment in cash to the Securityholders where, for example, physical delivery is illegal or impossible due to circumstances outside the control of the Issuer or within the control of the Securityholders.

What will a Securityholder recover if fixed recovery is applicable?

If "Fixed Recovery Redemption" or "LA Fixed Recovery Redemption" is specified as applicable, then following the occurrence of a Credit Event or a Risk Event, as applicable, and relevant Event Determination Date, the amount payable on redemption on the relevant Credit Event Redemption Date shall be calculated as set out in "*How is the Credit Event Redemption Amount determined if Cash Redemption or LA Cash Redemption applies?*" above, provided that instead of the Final Price, the "Fixed Recovery Percentage" set out in the relevant Issue Terms shall apply. The Fixed Recovery Percentage may be specified as zero, in which case Securityholders will lose all of their investment upon the occurrence of a Credit Event or Risk Event, as applicable.

What is an M(M)R Restructuring Credit Event?

This applies to a Restructuring Credit Event relating to some Transaction Types aimed at reducing the risk occurring with respect to receiving the "cheapest to deliver" assets by imposing complex restrictions on deliverables where a buyer of protection (i.e. the Issuer) triggers the event. The deliverables must additionally have a final maturity date (determined at the time of delivery and effective delivery of Notice of Physical Settlement) or determination which falls within the limitation date of a maturity bucket.

If there is no auction for a bucket, in order to auction settle, the Issuer may elect to exercise a "Movement Option" to settle at a bucket with more restrictive deliverables rather than redeem through the fallback redemption methods.

How much will Securityholders receive if the Credit Linked Notes are partially redeemed following an M(M)R Restructuring Credit Event?

If a Restructuring Credit Event occurs with respect to the Credit Linked Notes, and it constitutes an M(M)R Restructuring, the Issuer may elect to trigger a partial redemption of the Credit Linked Notes in respect of such Restructuring Credit Event. This Credit Event requires a Credit Event Notice to be delivered in order to be triggered (i.e. this can only be triggered bilaterally).

If the Issuer decides to partially redeem the Credit Linked Notes, each Credit Linked Note will be redeemed in part by an amount that is less than the entire credit protection purchased and sold under the Credit Linked Notes in relation to the Reference Entity with respect to which the Restructuring Credit Event occurred (such partial amount, the "**Exercise Amount**"). The Credit Event Redemption Amount payable to Securityholders will reflect such partial exercise for the purposes of redemption of the Credit Linked Notes. Subsequent determinations of interest and principal under the Credit Linked Notes will be determined only in respect of the outstanding nominal amount of the Credit Linked Note following such reduction.

How much will Securityholders receive if the Credit Linked Notes are partially redeemed following a determination of multiple successors?

If the Credit Linked Notes are partially redeemed following a determination of multiple successors, the Calculation Agent shall apportion any calculation amounts equally between the number of Successors and the Credit Event Redemption Amount or the amount of Physical Redemption Assets or LA Settlement Assets, as applicable, to be delivered for any Credit Events or Risk Events, as applicable, which occur shall be calculated on the basis of such apportioned amounts. For details on successors, see "*Successors*" below.

Can Credit Linked Notes be redeemed after the Scheduled Maturity Date?

If no Event Determination Date or Risk Event Determination Date, as applicable, occurs then the Credit Linked Notes are scheduled to redeem on the Scheduled Maturity Date.

However, if the Calculation Agent determines that on or prior to the Scheduled Maturity Date, (i) one or more Reference Entities (a) may be subject to a Credit Event or to a Risk Event, (b) if "Grace Period Extension" is applicable, is or may be subject to a Potential Failure to Pay, or (c) if "Potential Repudiation/Moratorium" is applicable, is or may be subject to a Potential Repudiation/Moratorium (d) a Credit Event Notice or Risk Event Notice may be delivered after the Scheduled Maturity Date within an effective delivery period which may result in a Relevant Event Determination Date or a Relevant Risk Event Determination Date occurring (e) a Credit Event Resolution Request Date may occur after the Scheduled Maturity Date but during the Notice Delivery Period which may result in a Relevant Event Determination Date occurring; (f) the final Credit Event Redemption Date or the Final Physical Redemption Cut-Off Date, as applicable, will only occur after the Scheduled Maturity Date (including any final Partial Cash Redemption Date or final Fallback Partial Cash Redemption Date); (g) a Payment Failure Cut-Off Date may occur after the Scheduled Maturity Date where a Payment/Delivery Failure Event has occurred; or (h) a RMB Currency Settlement Cut-Off Date may occur after the Scheduled Maturity Date, then each Credit Linked Note then outstanding shall not be redeemed on the Scheduled Maturity Date but shall be redeemed on the Extended Maturity Date.

When will the Credit Linked Notes be redeemed if the Scheduled Maturity Date is extended?

If no Relevant Event Determination Date or Relevant Risk Event Determination Date, as applicable, occurs on or prior to the Notes Extension Date, the Credit Linked Notes will redeem on the latest to occur of (a) the fifth Business Day following the Notes Extension Date; (b) the final Credit Event Redemption Date in relation to any unsettled Relevant Credit Events or Relevant Risk Event, as applicable or if later, any Final Physical Redemption Cut-Off Date (including any final Partial Cash Redemption Date or final Fallback Cash Redemption Date); (c) the fifth Business Day following the Payment Failure Cut-Off Date (if applicable); or (d) the fifth Business Day following the RMB Currency Settlement Cut-Off Date, if applicable.

In respect of Credit Linked Notes (other than Local Access Credit Linked Notes), where a Relevant Event Determination Date actually occurs on or prior to the Notes Extension Date, the Credit Linked

Notes shall be redeemed on the later to occur of (a) the final Credit Event Redemption Date in relation to any unsettled Relevant Credit Events, as applicable or if later, any Final Physical Redemption Cut-Off Date (including any final Partial Cash Redemption Date or final Fallback Cash Redemption Date) and (b) the fifth Business Day following the Payment Failure Cut-Off Date (if applicable).

In respect of Local Access Credit Linked Notes, where a Relevant Risk Event Determination Date actually occurs on or prior to the LA Cut Off Date, the Credit Linked Notes will be redeemed on the latest to occur of (a) the final LA Cash Redemption Date or the final LA Physical Redemption Date, as applicable; (b) the fifth Business Day following the Payment Failure Cut-Off Date (if applicable); and (c) the fifth Business Day following the RMB Currency Settlement Cut-Off Date, if applicable.

INTEREST SPECIFIC PROVISIONS

What interest payments will Securityholders receive after the occurrence of a Credit Event or a Risk Event?

If an Event Determination Date or Risk Event Determination Date, as applicable, occurs, the date on which interest ceases to accrue on the Applicable Proportion of the relevant Credit Linked Notes (for further information see "What is the Applicable Proportion?" above) shall depend on whether "No Interest Accrual on Default" or "Interest Accrual on Default" is specified as applicable in the Issue Terms.

(A) *No Interest Accrual on Default*

Interest shall cease from and including the Interest Payment Date preceding the Event Determination Date or Risk Event Determination Date, in respect of the first Interest Period, from (and including) the Issue Date.

(B) *Interest Accrual on Default*

Interest shall cease from and including the first Business Day immediately following the Event Determination Date or Risk Event Determination Date.

However, (i) in respect of each Credit Linked Note (other than a Local Access Credit Linked Note), interest will accrue on the Applicable Proportion from (and including) the Interest Payment Date preceding such Event Determination Date or (if no such Interest Payment Date exists), the Issue Date to (and including) such Event Determination Date; and (ii) in respect of each Local Access Credit Linked Note, the LA Interest Amount shall be payable if, and only if, an Interest Payment Date occurred during the period from (and including) the Interest Payment Date preceding such Risk Event Determination Date, or (if no such Interest Payment Date exists), the Issue Date to (and including) such Risk Event Determination Date.

Any accrued, but unpaid, interest shall be paid (i) within 10 Business Days following the relevant Credit Event Redemption Date (if "Credit Payment following Credit Event" or "Credit Payment following Risk Event" applies) or in respect of Index Tranching Credit Linked Notes and Portfolio Tranching Credit Linked Notes only and where there is no incurred recovery, within 10 Business Days following the relevant Auction Final Price Determination Date or Final Price Determination Date, as applicable, (ii) on such date as determined by the Calculation Agent (if "Credit Payment on Maturity" applies), (iii) if the Credit Linked Notes are early redeeming in full, on the Early Redemption Date, the Optional Redemption Date or the Substitution Event Date, as applicable or (iv) within 10 Business Days following the first Delivery Date (if "Physical Redemption" applies), as applicable. In respect of Local Access Credit Linked Notes, such payment of suspended interest shall be made if, and only if, an Interest Payment Date has occurred prior to a prescribed date.

The Credit Payment on Maturity Amount will accrue interest additionally at the funding interest rate where "Credit Payment following Credit Event" applies.

If a Credit Event and Event Determination Date have not occurred will I receive payments of interest on each Interest Payment Date?

If an Applicable DC Credit Event Question has been made on or prior to an Interest Payment Date and no corresponding DC Resolution has been published or a Relevant Credit Event and related Relevant

Event Determination Date or Relevant Risk Event and related Relevant Risk Event Determination Date, as applicable, could occur but no Credit Event Notice or Risk Event Notice, as applicable, has been provided, then any interest payable under the Credit Linked Notes will be suspended to the maximum possible amount (assuming an Event Determination Date or Risk Event Determination Date would occur, as though full exercise of an M(M) R Restructuring had occurred and where relevant, that Fixed Recovery Redemption with Fixed Recovery Percentage at 0% has occurred) or, in the case of Local Access Credit Linked Notes, the LA Interest Amount relating to the relevant Interest Payment Date will be suspended.

If payments of interest are suspended when will the Issuer's obligations to make such payments resume?

Suspension of interest amount will continue until certain public announcements by the DC Secretary are made or until the Calculation Agent determines that a Relevant Credit Event or Relevant Risk Event, as applicable, has not occurred and will not occur or if an LA Cut-Off Date in respect of Local Access Credit Linked Notes has occurred. Such public announcements may be one of an Applicable DC No Credit Event Announcement, an Applicable DC Credit Event Question Dismissal or an announcement by the DC Secretary that the Credit Derivatives Determinations Committee will not be convening to Resolve the relevant Applicable DC Credit Event Question. In such case, the Securityholders will be paid the suspended interest amount 10 Business Days following the date of such announcement or determination by the Calculation Agent or the LA Cut-Off Date, as applicable.

Will Securityholders receive an additional amount of interest once the Issuer's obligation to make interest payments resumes?

No additional amount of interest will be payable to the Securityholders by the Issuer in connection with the delay or postponement in payment of an interest amount. However, if the Calculation Agent determines that the amount of interest suspended pursuant to Credit Linked Condition 2(c) (*Suspension of Interest following an Applicable DC Credit Event Question, a potential Credit Event or a potential Risk Event*) was greater or lesser than the amount of interest that should have been suspended, the Issuer will be required to calculate the adjustment interest amount due to or from the Securityholders and such adjustment amount will be paid to, or held back from future interest payments owed to, the Securityholders and where there has been a shortfall as at the relevant maturity or early redemption date, such interest shortfall proceeds shall be deducted from the final redemption amounts or the amount of Physical Redemption Assets to be delivered, as applicable.

ADDITIONAL PROVISIONS

What are the Financial Reference Entity Terms?

If "Financial Reference Entity Terms" is specified as applicable in the Issue Terms, then:

- (i) where the Reference Obligation is a senior obligation and if a Credit Event relating to Governmental Intervention or Restructuring would only affect the subordinated obligations of the relevant obligor, a Credit Event will not be triggered in respect of such Reference Entity;
- (ii) where the Reference Obligation is a subordinated obligation and if a Credit Event relating to Governmental Intervention or Restructuring would only affect the further subordinated obligations of the relevant obligor, a Credit Event will not be triggered in respect of such Reference Entity;
- (iii) with respect to successions, if the Credit Linked Notes relates to a Senior Obligation, the debt transfer shall be assessed only in relation to Bond or Loans which include the Senior Obligations of the Reference Entity and where the Credit Linked Notes are Subordinated Obligations, the debt transfer shall exclude Senior Obligations and any Further Subordinated Obligations of the Reference Entity which fall within the Obligation Category "Bond or Loan", provided that if no such Bond or Loan exists, the debt transfer shall be assessed only in relation to Bond or Loans which include the Senior Obligations of the Reference Entity;

- (iv) provided that "Governmental Intervention" is also specified as applicable in the Issue Terms, if an obligation would otherwise satisfy a particular Obligation Characteristic or Deliverable Obligation Characteristic, the existence of any terms in the relevant obligation in effect at the time of making the determination which permit the Reference Entity's obligations to be altered, discharged, released or suspended in circumstances which would constitute a Governmental Intervention, shall not cause such obligation to fail to satisfy such Obligation Characteristic or Deliverable Obligation Characteristic;
- (v) a qualifying guarantee which contains terms permitting or anticipating a Governmental Intervention will not be treated as containing provisions where the principal payment obligations of the Reference Entity can be discharged, released, reduced, assigned or otherwise altered as a result of the occurrence or non-occurrence of such event; or
- (vi) an Asset Package Credit Event may occur where (a) a Governmental Intervention is specified as applicable in the Issue Terms or (b) a Restructuring in respect of the Reference Obligation, if "Restructuring" is specified as applicable in the Issue Terms and such Restructuring does not constitute a Governmental Intervention. If an Asset Package Credit Event occurs, Asset Package Delivery is applicable and any Prior Deliverable Obligation shall be a Deliverable Obligation.

What is Asset Package Credit Event and Asset Package Delivery?

If (a) "Financial Reference Entity Terms" is specified as applicable in the Issue Terms and a Restructuring Credit Event (which does not constitute a Governmental Intervention) of the Reference Obligation or a Governmental Intervention Credit Event occurs, or (b) a Restructuring Credit Event occurs with respect to a Sovereign, such a Credit Event will constitute an "Asset Package Credit Event".

If such Asset Package Credit Event occurs prior to the relevant Credit Event Backstop Date, then in those circumstances, (unless, in respect of a Sovereign Reference Entity, Asset Package Delivery has been specified not to apply in the relevant Issue Terms), the obligations or assets used to determine the Auction Final Price or recovery of the Valuation Obligations, as the case may be (i.e. the "**Asset Package**"), will be the "Asset Package" comprising those assets received or retained by a Relevant Holder by reference to:

- (i) in respect of (a) above and a Governmental Intervention Credit Event, an obligation of the Reference Entity which existed immediately prior to the Asset Package Credit Event which would have constituted a Deliverable Obligation, or in the case of (a) above and a Restructuring Credit Event, the Reference Obligation (i.e. a "**Prior Deliverable Obligation**"); or
- (ii) in respect of (b) above, a benchmark obligation of the relevant Sovereign identified as such by ISDA and published on its website or any successor website or by a third party designated by ISDA on its website from time to time and which immediately prior to the Asset Package Credit Event would have constituted a Deliverable Obligation (i.e. a "**Package Observable Bond**").

Delivery of a Prior Deliverable Obligation or a Package Observable Bond may be satisfied by Delivery of the related Asset Package, and such Asset Package shall be treated as having the same currency, Outstanding Principal Balance or Due and Payable Amount, as applicable, as the Prior Deliverable Obligation or Package Observable Bond to which it corresponds had immediately prior to the Asset Package Credit Event, and if the Asset Package is zero, the Outstanding Amount of the Prior Deliverable Obligation or Package Observable Bond shall be deemed to have been Delivered in full three Business Days following the date on which the Issuer has notified the Fiscal Agent of the detailed description of the Asset Package that it intends to Deliver in accordance with the definition of "Notice of Physical Settlement".

The Issuer may satisfy its obligation to make Delivery of the Prior Deliverable Obligation or Package Observable Bond in part by Delivery of each Asset in the Asset Package in the correct proportion. If the relevant Asset is a Non-Transferable Instrument or a Non-Financial Instrument, the Asset shall be deemed to be an amount of cash equal to the Asset Market Value by reference to an appropriate

specialist valuation or in accordance with the methodology determined by the Credit Derivatives Determinations Committee.

What are Additional Provisions for Senior Non-Preferred Reference Obligations?

Where the Issue Terms specify "Additional Provisions for Senior Non-Preferred Reference Obligations (published on December 8, 2017)" as applicable, the Reference Obligation is any obligation of the Reference Entity which is Subordinated only to any unsubordinated Borrowed Money Obligations of the Reference Entity but not further or otherwise, or which would be so Subordinated if any unsubordinated Borrowed Money Obligations of the Reference Entity existed ("**Senior Non-Preferred Obligation**"), and which ranks above "Traditional Subordinated Obligations" or which would so rank if Traditional Subordinated Obligations existed. In such circumstances, the Senior Non-Preferred Obligation shall constitute a Subordinated Obligation and such Traditional Subordinated Obligation (as defined in the Credit Linked Conditions) shall constitute a Further Subordinated Obligation.

What is the 2014 CoCo Supplement and a CoCo Provision?

Where the Issue Terms specify the 2014 CoCo Supplement to be applicable, if with respect to one or more Obligations and in relation to an aggregate amount of not less than a pre-determined amount, the operation of one or more CoCo Provisions results in (i) a permanent or temporary reduction of the amount of principal payable at redemption or (ii) a conversion of principal into shares or another instrument, such event shall be deemed to constitute a Governmental Intervention.

A CoCo Provision requires (i) a permanent or temporary reduction of the amount of principal payable at redemption or (ii) a conversion of principal into shares or another instrument, in each case, if the capital ratio is at or below a trigger percentage which is specified to be 5.25 per cent., if no other trigger percentage is specified.

What are the Additional Provisions for Monoline Insurer Reference Entities?

Where the Issue Terms specify that "Additional Provisions for Monoline Insurer Reference Entities" are applicable, Obligations and Deliverable Obligations will include certain qualifying financial guarantee insurance policy or similar financial guarantees pursuant to which a Reference Entity irrevocably guarantees or insures certain borrowed money instruments of another party.

What is the impact of additional provisions applicable to the Hellenic Republic, Republic of Ecuador or Republic of Ukraine?

Where the Issue Terms specify that "Additional Provisions for the Republic of Ecuador: Excluded Obligations and Excluded Deliverable Obligations" (published by ISDA on 5 March 2018), "Additional Provisions for the Hellenic Republic: Excluded Obligations and Excluded Deliverable Obligations" (published by ISDA on 29 May 2012) or "Additional Provisions for the Republic of Ukraine: Excluded Obligations and Excluded Deliverable Obligations" (published by ISDA on 11 April 2016) are applicable, certain Bond or Loan obligations (as the case may be) are treated as Excluded Deliverable Obligations, which:

- (i) in respect of a Hellenic Reference Entity means any obligation that is a "Bond or a Loan" that was issued or incurred, as the case may be, on or prior to 1 February 2012;
- (ii) in respect of an Ecuador Reference Entity means any obligation that is a "Bond" that was issued on or prior to 31 December 2009; or
- (iii) in respect of a Ukraine Reference Entity means any obligation that is a "Bond" that was issued on or prior to 1 November 2015.

REFERENCE OBLIGATIONS

What is a Standard Reference Obligation ?

A Standard Reference Obligation is the obligation specified as the market standard reference obligation for the relevant Reference Entity for the relevant seniority level, as published on the relevant SRO list.

If "Standard Reference Obligation" is specified as applicable in the Issue Terms where there is no Standard Reference Obligation and a Non-Standard Reference Obligation is specified in the Issue Terms, the Reference Obligation will be (A) the Non-Standard Reference Obligation to but excluding the first date of publication of the Standard Reference Obligation and (B) the Standard Reference Obligation with the relevant Seniority Level with be the Reference Obligation from such date onwards, provided that the Standard Reference Obligation that is published would have been eligible to be selected as a Substitute Reference Obligation. The SRO list for selected standard reference obligations selected by the Credit Derivatives Determinations Committee can be obtained at <https://ihsmarkit.com> or any successor webpage. Standard reference obligation could also be disappplied in the Issue Terms.

Can a redeemed Reference Obligation be stipulated as a Reference Obligation?

Yes. For the purpose of assessing the "Not Subordinated" Obligation Characteristic or "Not Subordinated" Deliverable Obligation Characteristic.

SUCCESSORS

Is it possible to change a Reference Entity?

The Reference Entity may not be changed unless a "Successor" determination has been made with respect to the Reference Entity on or after the "Successor Backstop Date" (or, in the case of a "Universal Successor", on or after 1 January 2014).

A "Universal Successor" means, with respect to any Reference Entity (not being a sovereign entity), the single entity which assumes all of the obligations (including at least one relevant bond or loan) of the Reference Entity and at the time of the determination either (A) the Reference Entity has ceased to exist, or (B) the Reference Entity is in the process of being dissolved (however described) and the Reference Entity has not issued or incurred any borrowed money obligation at any time since the legally effective date of the assumption.

What is a "Successor" to the Reference Entity and how can succession affect the Credit Linked Notes?

If the DC Secretary publicly announces that a Credit Derivatives Determinations Committee has resolved that a different entity or entities has or have become successor(s) to the original Reference Entity to which the Credit Linked Notes are linked, then such entity/ies may be identified as a "Successor" to the original Reference Entity. The Calculation Agent (being the Issuer or an Affiliate) may also, following a succession event, identify an entity or entities as a successor(s) to the original Reference Entity or in the case of Index Untranchd Credit Linked Notes and Index Tranchd Credit Linked Notes, the Index Sponsor may also following a Succession Event, identify an entity or entities as a successor(s) to the original Reference Entity.

A single entity, or one entity or one or more entities may either directly or as provider of a qualifying guarantee succeed to the Reference Entity based on whether the percentage of debt transferred satisfies certain specified thresholds but where a universal successor applies, the entity need only assume all of the obligations and at least one bond or loan or guarantee obligation in connection with either where at the time of determination certain conditions exist. If there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

An entity shall succeed to another entity if an entity other than the Reference Entity (i) assumes or becomes liable for the relevant obligations whether by operation of law or pursuant to any agreement (including, with respect to a Reference Entity that is a Sovereign, any protocol, treaty, convention, accord, concord, entente, pact or other agreement), or (ii) issues Bonds or incurs Loans (the "**Exchange Bonds or Loans**") that are exchanged for Relevant Obligations, and in either case the Reference Entity is not thereafter a direct obligor or a provider of a qualifying guarantee with respect to such Relevant Obligations or such Exchange Bonds or Loans, as applicable.

The identity of the original Reference Entity will be treated as having been amended accordingly for the purposes of the Credit Linked Notes so that, following the determination or announcement of a "Successor", the Credit Linked Notes will be linked to the credit risk of the Successor. The credit risk

associated with a Successor or Successors may be different from and could be greater than the credit risk associated with the original Reference Entity.

The events which may lead to the determination or announcement of a Successor may occur at any time from and including the "Successor Backstop Date" (or, in the case of a "Universal Successor", on or after 1 January 2014), which is a rolling date that is:

- (i) if a Credit Derivatives Determinations Committee receives a request to resolve whether or not there is one or more Successors to the Reference Entity, 90 calendar days prior to the date of such request; or
- (ii) otherwise, 90 calendar days prior to the date on which an effective notice of the occurrence of a succession is delivered by the Issuer to the Fiscal Agent.

Can a succession occur prior to the Issue Date?

Yes. A succession may occur prior to the Issue Date of the Credit Linked Notes and may even occur prior to the Trade Date specified in the applicable Issue Terms. The Successor Backstop Date may fall prior to the Trade Date and accordingly a succession may occur prior to the Trade Date.

Securityholders should conduct their own review of any recent developments with respect to the Reference Entity by consulting publicly available information. If a request has been delivered to convene a Credit Derivatives Determinations Committee prior to the Trade Date to determine whether a succession has occurred with respect to the Reference Entity, details of such request may be found on the ISDA website <https://www.cdsdeterminationscommittees.org/>.

Can a sovereign be subject to a succession ?

Yes, where an annexation, unification, secession, partition, dissolution, consolidation, reconstitution or other similar event occurs and the debt is transferred as described in "What is a "Successor" to the Reference Entity and how can succession affect the Credit Linked Notes?" above.

Does the Calculation Agent have unfettered discretion to determine a Successor?

No. Although the Calculation Agent has the right to make a determination as to whether or not a succession event has occurred, its right is limited by the Credit Linked Conditions as follows: the Calculation Agent (i) cannot make such a determination if a Credit Derivatives Determinations Committee has already determined that such an event does not constitute a succession event; (ii) is required to act on the basis of Eligible Information and (iii) is required to act in a commercially reasonable manner. In the case of the Index Untranching Credit Linked Notes and Index Tranching Credit Linked Notes, the Index Sponsor may make a successor determination if the relevant Credit Derivatives Determinations Committee has not identified a Successor.

Can multiple successors be identified with respect to a Reference Entity?

Yes, including the case where the original entity affected by the succession is also identified as a Successor. In such case where there are multiple successors, the Calculation Agent shall apportion any calculation amounts equally between the number of Successors and the Credit Event Redemption Amount for any Credit Events or Risk Events, as applicable, which occur shall be calculated on the basis of such apportioned amounts.

Where multiple successors are identified, multiple Credit Events or Risk Events, as applicable, and multiple Event Determination Dates or Risk Event Determination Dates, as applicable, may occur with respect to each Reference Entity save in the case of Nth-to-Default Basket Credit Linked Notes and the nth Reference Entity (where a Relevant Credit Event and Relevant Event Determination Date may occur only in relation to the nth Reference Entity).

What sort of indices may be referenced by Index Untranching Credit Linked Notes or Index Tranching Credit Linked Notes?

Index Untranching Credit Linked Notes or Index Tranching Credit Linked Notes may reference an index that is either an iTraxx[®] index or a CDX[®] index.

The iTraxx indices cover the most liquid names in the European, Asian, Middle Eastern and African markets and the selection methodology ensures that the indices represent the most liquid parts of the market. For instance, the benchmark iTraxx[®] Europe Main index comprises European names with sub-indices such as Markit iTraxx[®] Europe Senior Financials and Markit iTraxx[®] Subordinated Financials index. The iTraxx[®] Crossover index comprises most liquid sub-investment grade entities. The Asia-Pacific iTraxx[®] indices cover the investment-grade iTraxx[®] Asia ex-Japan index, the iTraxx[®] Australia index and the iTraxx[®] Japan index. In addition, the iTraxx[®] CEEMEA index covers corporate and quasi-sovereign entities from Central & Eastern European, Middle Eastern and African countries.

CDX indices are a family of credit indices covering North America and emerging markets having a selection methodology representing the markets most liquid segments. They cover sub-indices including CDX[®] North American Investment Grade, CDX[®] North American Investment Grade High Volatility, CDX[®] North American High Yield, CDX[®] North American High Yield High Beta, CDX[®] Emerging Markets, CDX[®] Emerging Markets Diversified. Markit also publishes a CDS index of U.S. state and municipal Reference Entities commonly referred to as the MCDX[®] index.

More information relating to the various credit indices and standard documentation published by the Index Sponsor can be obtained from: <https://ihsmarkit.com/products.html>

DISCRETIONARY POWERS OF THE ISSUER AND THE CALCULATION AGENT

What are some of the key determinations that the Calculation Agent is responsible for making in relation to Credit Linked Notes?

Securityholders should note that the Calculation Agent is responsible for making certain determinations with respect to the Credit Linked Notes.

The Calculation Agent is responsible for, amongst other things:

- (a) in the absence of a resolution by a Credit Derivatives Determinations Committee as to whether a Credit Event has occurred in relation to the relevant Reference Entity, electing whether to deliver a Credit Event Notice and supporting information in order to trigger settlement of the Credit Linked Notes following the occurrence of a Credit Event;
- (b) where the Credit Event Redemption Amount is not determined by an Auction, determining the Final Price on the basis of bid quotations from third party dealers;
- (c) determining successor Reference Entities for the purposes of the Credit Linked Notes;
- (d) determining substitute Reference Obligation(s) for the purposes of the Credit Linked Notes;
- (e) following the occurrence of an M(M)R Restructuring, determining the Exercise Amount of Credit Linked Notes to which such M(M)R Restructuring applies;
- (f) following the occurrence of an Event Determination Date, where an Event Determination Date occurred on a date that is different from the date first determined or that no Event Determination Date occurred or occurred prior to a preceding Interest Payment Date, determining, acting in its sole and absolute discretion, any additional amount payable to the Securityholder(s) or any reduction in any subsequent amount that would otherwise subsequently be payable to the Securityholders and the date on which such adjustment payment is payable; and
- (g) determining whether a Merger Event or Substitution Event Date has occurred.

Securityholders should note that any determination and/or calculation made by the Calculation Agent shall, in the absence of manifest error, be final, conclusive and binding on the Issuer and the Securityholders.

ANNEX: WORKED EXAMPLES IN RESPECT OF CREDIT LINKED NOTES

The worked examples below are in respect of Credit Linked Notes (other than Local Access Credit Linked Notes) and are included for illustrative purposes only and should not be relied upon. They are not an indication of the likely performance of, or amounts payable in respect of, the Credit Linked Notes. Prospective investors should conduct their own independent review and obtain such professional advice as they deem appropriate prior to any investment in the Credit Linked Notes.

All amounts in this Annex are denominated in EUR.

(i) SINGLE NAME CREDIT LINKED NOTES AND NTH-TO-DEFAULT BASKET CREDIT LINKED NOTES

Scenario 1: This example assumes the following:

- (a) an investor invests 40,000,000 in a Single Name Credit Linked Note;**
- (b) the Specified Denomination of the Note is 40,000,000;**
- (c) the Credit Linked Notes have not been previously redeemed in full or purchased and cancelled;**
- (d) no succession event has occurred in respect of R1;**
- (e) a Repudiation/Moratorium Credit Event occurs in respect of R1;**
- (f) "Auction Redemption" is the applicable method of redemption, with an assumed Auction Final Price of 65%; and**
- (g) there are no Unwind Costs.**

Based on these assumptions:

- (a) the Applicable Proportion (Specified Denomination (40,000,000) x 100%) would be 40,000,000; and**
- (b) the Auction Redemption Amount (Applicable Proportion (40,000,000) x Auction Final Price (65%)) would be 26,000,000.**

If "Credit Payment following Credit Event" applies:

- (a) 26,000,000 is paid on the Auction Redemption Date. Although the investor receives less than par, as the Applicable Proportion is written down reducing the original investment to zero, nothing remains outstanding.**
- (b) As no further Credit Events can occur, the Outstanding Aggregate Nominal Amount (Original investment (40,000,000) – sum of Applicable Proportion(s) (40,000,000)) = 0 on the Scheduled Maturity Date, i.e. the notional is completely wiped out. Nothing remains to be paid to the investor.**

If "Credit Payment on Maturity" applies:

- (a) There is no redemption at the time of the Credit Event, i.e. notes redeem only at maturity.**
- (b) On the Final Auction Redemption Date, the Final Auction Redemption Amount (Original investment (40,000,000) – Sum of Applicable Proportions (40,000,000) + Sum of all Auction Redemption Amounts (in this case, only a single Auction Redemption Amount exists (26,000,000)) is paid. 26,000,000 will be the Final Auction Redemption Amount.**

Scenario 2: This example assumes the following:

- (a) an investor invests 40,000,000 in a Single Name Credit Linked Note;
- (b) the Specified Denomination of the Note is 40,000,000;
- (c) the Credit Linked Notes have not been previously redeemed in full or purchased and cancelled;
- (d) no succession event has occurred in respect of R1;
- (e) an M(M)R Restructuring Credit Event occurs in respect of R1 with a partial exercise of 5,000,000;
- (f) "Auction Redemption" is the applicable method of redemption, with an assumed Auction Final Price of 65%; and
- (g) there are no Unwind Costs.

Based on these assumptions:

- (a) the Applicable Proportion (Specified Denomination (40,000,000) x Exercise Amount (5,000,000/Original investment (40,000,000))) would be 5,000,000; and
- (b) the Auction Redemption Amount (Applicable Proportion (5,000,000) x Auction Final Price (65%)) would be 3,250,000.

If "Credit Payment following Credit Event" applies:

- (a) 3,250,000 is paid on the Auction Redemption Date. This would be a partial redemption.
- (b) If no other Credit Events occur, the Outstanding Aggregate Nominal Amount (Original investment (40,000,000) – Sum of Applicable Proportions (5,000,000)) = 35,000,000 is paid on the Scheduled Maturity Date.

If "Credit Payment on Maturity" applies:

- (a) There is no redemption at the time of the Credit Event, i.e. notes redeem only at maturity.
- (b) On the Final Auction Redemption Date, the Final Auction Redemption Amount (Original investment (40,000,000) – Sum of Applicable Proportions (5,000,000) + Sum of all Auction Redemption Amounts (in this case, only a single Auction Redemption Amount exists (3,250,000)) is paid. 38,250,000 will be the Final Auction Redemption Amount.

Scenario 3: This example assumes the following:

- (a) an investor invests 40,000,000 in a Single Name Credit Linked Note;
- (b) the Specified Denomination of the Note is 40,000,000;
- (c) Scenario 2 (i.e. partial redemption of 5,000,000) has occurred;
- (d) the Credit Linked Notes have not been previously purchased or cancelled (but have been partially redeemed);
- (e) a succession event has occurred in respect of R1 resulting in multiple successors (i.e. R1A and R1B);
- (f) a (second) Failure to Pay Credit Event occurs in respect of R1A;
- (g) "Auction Redemption" is the applicable method of redemption, with an assumed

| |
|--|
| <p>Auction Final Price of 90%; and</p> <p>(h) there are no Unwind Costs.</p> |
|--|

Based on these assumptions:

- (a) following a Successor determination, the Calculation Agent would have adjusted the aggregate nominal amount of the Note equally between the Successors, giving each a partial nominal amount of 17,500,000 (Original investment of 40,000,000 is reduced to 35,000,000 following the earlier M(M)R Restructuring in respect of R1, leaving a balance aggregate nominal amount of 35,000,000. This is divided into 2 for each successor);
- (b) the Applicable Proportion (Specified Denomination (40,000,000) x Partial Nominal Amount (17,500,000)/Original investment (40,000,000)) would be 17,500,000; and
- (c) the Auction Redemption Amount (Applicable Proportion (17,500,000) x Auction Final Price (90%)) would be 15,750,000.

If "Credit Payment following Credit Event" applies:

- (a) 15,750,000 is paid on the Auction Redemption Date. This would be a partial redemption.
- (b) If no other Credit Events occur, the Outstanding Aggregate Nominal Amount (Original investment (40,000,000) – Sum of Applicable Proportions (5,000,000 (for M(M)R Restructuring) + 17,500,000 (for Failure to Pay)) = 17,500,000 (Unexercised portion in respect of Reference Entity R1B) is paid on the Scheduled Maturity Date.

If "Credit Payment on Maturity" applies:

- (a) There is no redemption at the time of the Credit Event, i.e. notes redeem only at maturity.
- (b) On the Final Auction Redemption Date, the Final Auction Redemption Amount (Original investment (40,000,000) – Sum of Applicable Proportions (5,000,000 (for M(M)R Restructuring) + 17,500,000 (for Failure to Pay)) + Sum of all Auction Redemption Amounts (3,250,000 (M(M)R Restructuring) + 15,750,000 (Failure to Pay)) is paid. 36,500,000 will be Final Auction Redemption Amount.

Scenario 4: This example assumes the following:

- (a) an investor invests 40,000,000 in an Nth-to-Default Basket Credit Linked Note, with the basket comprising three Reference Entities, R1 and R2 (where 'n' = 3);
- (b) the Specified Denomination of the Note is 40,000,000;
- (c) an M(M)R Restructuring has occurred in respect of R1;
- (d) the Credit Linked Notes have not been previously purchased or cancelled (but have been partially redeemed);
- (e) a (second) Failure to Pay Credit Event occurs in respect of R3;
- (f) "Auction Redemption" is the applicable method of redemption, with an assumed Auction Final Price of 65%; and
- (g) there are no Unwind Costs.

Based on these assumptions:

- (a) the first Credit Event in respect of R1 will be disregarded (since it isn't the nth Reference Entity);
- (b) the second Credit Event in respect of R3 will be relevant (since it is the nth Reference Entity);
- (c) the Applicable Proportion (Specified Denomination (40,000,000) x 100%) would be 40,000,000; and
- (d) the Auction Redemption Amount (Applicable Proportion (40,000,000) x Auction Final Price (65%)) would be 26,000,000.

If "Credit Payment following Credit Event" applies:

- (a) 26,000,000 is paid on the Auction Redemption Date.
- (b) As no further Credit Events can occur, the Outstanding Aggregate Nominal Amount (Original investment (40,000,000) – Sum of Applicable Proportions (40,000,000)) = 0 on the Scheduled Maturity Date, i.e. the notional is completely wiped out. Nothing remains to be paid to the investor.

If "Credit Payment on Maturity" applies:

- (a) There is no redemption at the time of the Credit Event, i.e. notes redeem only at maturity.
- (b) On the Final Auction Redemption Date, the Final Auction Redemption Amount (Original investment (40,000,000) – Sum of Applicable Proportions (40,000,000) + Sum of all Auction Redemption Amounts (in this case, only a single Auction Redemption Amount exists (26,000,000)) is paid. 26,000,000 will be the Final Auction Redemption Amount.

(ii) LINEAR BASKET CREDIT LINKED NOTES AND INDEX UNTRANCHED CREDIT LINKED NOTES

| | |
|--|--|
| Scenario 1: This example assumes the following: | |
| (a) | an investor invests 40,000,000 in a Linear Basket Credit Linked Note, with the basket comprising four equally weighted Reference Entities, R1, R2, R3 and R4; |
| (b) | the Specified Denomination of the Note is 40,000,000; |
| (c) | the Credit Linked Notes have not been previously redeemed in full or purchased and cancelled; |
| (d) | no succession event has occurred in respect of any Reference Entity; |
| (e) | a Bankruptcy Credit Event occurs in respect of R1; |
| (f) | "Auction Redemption" is the applicable method of redemption, with an assumed Auction Final Price of 65%; and |
| (g) | there are no Unwind Costs. |

Based on these assumptions:

- (a) since the four Reference Entities are equally weighted (i.e. 25% each), the Reference Entity Notional Amount = 10,000,000 per Reference Entity;
- (b) the Applicable Proportion (Specified Denomination (40,000,000) x Reference Entity Notional Amount (10,000,000/Original investment (40,000,000)) would be 10,000,000; and
- (c) the Auction Redemption Amount (Applicable Proportion (10,000,000) x Auction Final Price (65%)) would be 6,500,000.

If "**Credit Payment following Credit Event**" applies:

- (a) 6,500,000 is paid on the Auction Redemption Date. This would be a partial redemption.
- (b) If no other Credit Events occur, the Outstanding Aggregate Nominal Amount (Original investment (40,000,000) – Sum of Applicable Proportions (10,000,000)) = 30,000,000 is paid on the Scheduled Maturity Date.

If "**Credit Payment on Maturity**" applies:

- (a) There is no redemption at the time of the Credit Event, i.e. notes redeem only at maturity.
- (b) On the Final Auction Redemption Date, the Final Auction Redemption Amount (Original investment (40,000,000) – Sum of Applicable Proportions (10,000,000) + Sum of all Auction Redemption Amounts (in this case, only a single Auction Redemption Amount exists (6,500,000)) is paid. 36,500,000 will be the Final Auction Redemption Amount.

Scenario 2: This example assumes the following:

- (a) **an investor invests 40,000,000 in a Linear Basket Credit Linked Note, with the basket comprising four equally weighted Reference Entities, R1, R2, R3 and R4;**
- (b) **the Specified Denomination of the Note is 40,000,000;**
- (c) **the Credit Linked Notes have not been previously redeemed in full or purchased and cancelled;**
- (d) **no succession event has occurred in respect of any Reference Entity;**
- (e) **Scenario 1 (i.e. partial redemption of 10,000,000) has occurred;**
- (f) **a (second) M(M)R Restructuring Credit Event occurs in respect of R2 with a partial exercise of 5,000,000;**
- (g) **"Auction Redemption" is the applicable method of redemption, with an assumed Auction Final Price of 65%; and**
- (h) **there are no Unwind Costs.**

Based on these assumptions:

- (a) the Applicable Proportion (Specified Denomination (40,000,000) x Exercise Amount (5,000,000/Original investment (40,000,000)) would be 5,000,000; and
- (b) the Auction Redemption Amount (Applicable Proportion (5,000,000) x Auction Final Price (65%)) would be 3,250,000.

If "**Credit Payment following Credit Event**" applies:

- (a) 3,250,000 is paid on the Auction Redemption Date. This would be a partial redemption.
- (b) If no other Credit Events occur, the Outstanding Aggregate Nominal Amount (Original investment (40,000,000) – Sum of Applicable Proportions (10,000,000 (for Bankruptcy) + 5,000,000 (for M(M)R Restructuring)) = 25,000,000 is paid on the Scheduled Maturity Date.

If "**Credit Payment on Maturity**" applies:

- (a) There is no redemption at the time of the Credit Event, i.e. notes redeem only at maturity.
- (b) On the Final Auction Redemption Date, the Final Auction Redemption Amount (Original investment (40,000,000) – Sum of Applicable Proportions (10,000,000 (for Bankruptcy) +

5,000,000 (for M(M)R Restructuring)) + Sum of all Auction Redemption Amounts (6,500,000 (for Bankruptcy) + 3,250,000 (for M(M)R Restructuring)) is paid. 34,750,000 will be the Final Auction Redemption Amount.

Scenario 3: This example assumes the following:

- (a) **an investor invests 40,000,000 in a Linear Basket Credit Linked Note, with the basket comprising four equally weighted Reference Entities, R1, R2, R3 and R4;**
- (b) **the Specified Denomination of the Note is 40,000,000;**
- (c) **Scenario 1 (i.e. partial redemption of 10,000,000) has occurred;**
- (d) **Scenario 2 (i.e. partial redemption of 5,000,000) has occurred;**
- (e) **the Credit Linked Notes have not been previously purchased or cancelled (but have been partially redeemed);**
- (f) **a succession event has occurred in respect of R2 resulting in multiple successors (i.e. R2A and R2B);**
- (g) **a (third) Failure to Pay Credit Event occurs in respect of R2A;**
- (h) **"Auction Redemption" is the applicable method of redemption, with an assumed Auction Final Price of 90%; and**
- (i) **there are no Unwind Costs.**

Based on these assumptions:

- (a) following a Successor determination, the Calculation Agent would have adjusted the outstanding Reference Entity Notional Amount equally between the Successors, giving each a partial nominal amount of 2,500,000 (Original Reference Entity Notional Amount of 10,000,000 is reduced to 5,000,000 following the earlier M(M)R Restructuring in respect of R2, leaving a balance aggregate nominal amount of 5,000,000. This is divided into 2 for each successor);
- (b) the Applicable Proportion (Specified Denomination (40,000,000) x Partial Nominal Amount (2,500,000/Original investment (40,000,000)) would be 2,500,000; and
- (c) the Auction Redemption Amount (Applicable Proportion (2,500,000) x Auction Final Price (90%)) would be 2,250,000.

If "Credit Payment following Credit Event" applies:

- (a) 2,250,000 is paid on the Auction Redemption Date. This would be a partial redemption.
- (b) If no other Credit Events occur, the Outstanding Aggregate Nominal Amount (Original investment (40,000,000) – Sum of Applicable Proportions (10,000,000 (for Bankruptcy) + 5,000,000 (for M(M)R Restructuring) + 2,500,000 (Failure to Pay)) = 22,500,000 (being the total Reference Entity Notional Amounts of unaffected Reference Entities R3 and R4 and the unexercised portion of R2) is paid on the Scheduled Maturity Date.

If "Credit Payment on Maturity" applies:

- (a) There is no redemption at the time of the Credit Event, i.e. notes redeem only at maturity.
- (b) On the Final Auction Redemption Date, the Final Auction Redemption Amount (Original investment (40,000,000) – Sum of Applicable Proportions (10,000,000 (for Bankruptcy) + 5,000,000 (for M(M)R Restructuring) + 2,500,000 (Failure to Pay)) + Sum of all Auction

Redemption Amounts (6,500,000 (for Bankruptcy) + 3,250,000 (for M(M)R Restructuring) + 2,250,000 (Failure to Pay)) is paid. 34,500,000 will be the Final Auction Redemption Amount.

(iii) **INDEX TRANCHED CREDIT LINKED NOTES AND PORTFOLIO TRANCHED CREDIT LINKED NOTES**

Scenario 1: This example assumes the following:

- (a) an investor invests 10,000,000 in an Index Tranchéd Credit Linked Note, with the Index comprising 100 equally weighted Reference Entities and the Tranche being 0-5%;
- (b) the Specified Denomination of the Note is 10,000,000;
- (c) the Credit Linked Notes have not been previously redeemed in full or purchased and cancelled;
- (d) no succession event has occurred in respect of any Reference Entity;
- (e) a Credit Event (regardless of whether M(M)R Restructuring or not) occurs in respect of Rx;
- (f) "Auction Redemption" is the applicable method of redemption, with an assumed Auction Final Price of 65%; and
- (g) there are no Unwind Costs.

Based on these assumptions:

- (a) the Implicit Portfolio Size (i.e. Original investment (10,000,000)/ Tranche Size (5%)) = 200,000,000;
- (b) since the 100 Reference Entities are equally weighted (i.e. 1% each), the Reference Entity Notional Amount (i.e. Implicit Portfolio Size (200,000,000)/ Reference Entity Weighting (1%)) = 2,000,000 per Reference Entity;
- (c) the Loss Threshold Amount (i.e. Implicit Portfolio Size (200,000,000) x Attachment Point (0%)) = 0;
- (d) the Recovery Threshold (i.e. Implicit Portfolio Size (200,000,000) x (100% - Detachment Point (5%)) = 190,000,000;
- (e) the Index Tranchéd Incurred Loss Amount is calculated as the lowest of (x) the Loss Amount; (y) the Aggregate Loss Amount *minus* the Loss Threshold Amount (**subject to Min Zero**); and (z) the Outstanding Aggregate Nominal Amount (**before applying any current default reduction**). In this case:
 - the Loss Amount (i.e. Reference Entity Notional Amount for Rx (2,000,000) x (100% - Auction Final Price (65%)) = 700,000.
 - as the first Credit Event, the Aggregate Loss Amount would be 700,000 and after deducting the Loss Threshold amount of 0, the calculation for (y) would be 700,000.
 - given the original investment of 10,000,000, the Outstanding Aggregate Nominal Amount (disregarding any reduction in respect of the current Credit Event) would be 10,000,000.

Based on the above, the lowest of (x), (y) and (z) would be 700,000. Therefore, the Index Tranchéd Incurred Loss Amount would be 700,000.

- (f) the Index Tranchéd Incurred Recovery Amount is calculated as the lowest of (x) the Recovery Amount; (y) the Aggregate Recovery Amount *minus* the Recovery Threshold Amount

(subject to Min Zero); and (z) the Outstanding Aggregate Nominal Amount (**before applying any current default reduction**). In this case:

- the Recovery Amount (i.e. Reference Entity Notional Amount for Rx (2,000,000) x Auction Final Price (65%)) = 1,300,000.
- as the first Credit Event, the Aggregate Recovery Amount would be 1,300,000. If we deducted the Recovery Threshold Amount of 190,000,000, this would be floored at zero given it is a negative number and the calculation for (y) would be 0.
- given the original investment of 10,000,000, the Outstanding Aggregate Nominal Amount (disregarding any reduction in respect of the current Credit Event) would be 10,000,000.

Based on the above, the lowest of (x), (y) and (z) would be 0. Therefore, the Index Trunched Incurred Recovery Amount would be 0.

- (g) the Principal Writedown Amount (i.e. the Index Trunched Incurred Recovery Amount (0) + the Index Trunched Incurred Loss Amount (700,000) = 700,000.

If "Credit Payment following Credit Event" applies:

- (a) The Outstanding Aggregate Nominal Amount is reduced by 700,000 (i.e. the Principal Writedown Amount) with effect from 1 Business Day following the Event Determination Date. This would be a partial writedown.
- (b) The Index Trunched Redemption Amount will be zero (since there is no incurred recovery) and accordingly, no redemption amounts are payable to the investor.
- (c) If no other Credit Events occur, the Outstanding Aggregate Nominal Amount (Original investment (10,000,000) – Sum of Principal Writedown Amounts (700,000)) = 9,300,000 is paid on the Scheduled Maturity Date.

If "Credit Payment on Maturity" applies:

- (a) There is a writedown at the time of each Credit Event, but the notes redeem only at maturity.
- (b) On the Scheduled Maturity Date, the Index Trunched Final Redemption Amount (Original investment (10,000,000) – Sum of Principal Writedown Amounts (700,000) + Sum of all Index Trunched Redemption Amounts (in this case, 0)) is paid. 9,300,000 will be the Index Trunched Final Redemption Amount.

Scenario 2: This example assumes the following:

- (a) **an investor invests 10,000,000 in an Index Trunched Credit Linked Note, with the Index comprising 100 equally weighted Reference Entities and the Tranche being 0-5%;**
- (b) **the Specified Denomination of the Note is 10,000,000;**
- (c) **no succession event has occurred in respect of any Reference Entity;**
- (d) **Scenario 1 (i.e. partial writedown of 700,000) has occurred;**
- (e) **the Credit Linked Notes have not been previously purchased or cancelled (but have been partially written down);**
- (f) **five Credit Events occur (with each having the same Event Determination Date) in respect of Rx;**
- (g) **"Auction Redemption" is the applicable method of redemption, with an assumed Auction Final Price of 0%; and**

| |
|--|
| <p>(h) there are no Unwind Costs.</p> |
|--|

Based on these assumptions:

(a) the Index Tranch Incurred Loss Amount is calculated as the lowest of (x) the Loss Amount; (y) the Aggregate Loss Amount *minus* the Loss Threshold Amount (**subject to Min Zero**); and (z) the Outstanding Aggregate Nominal Amount (**before applying any current default reduction**). In this case:

- the Loss Amount (i.e. Reference Entity Notional Amount for 5 Reference Entities $(2,000,000 \times 5) \times (100\% - \text{Auction Final Price } (0\%)) = 10,000,000$).
- the Aggregate Loss Amount (including the loss of 700,000 in respect of the first Credit Event) and after deducting the Loss Threshold amount of 0 would be 10,700,000.
- Given the original investment of 10,000,000, the Outstanding Aggregate Nominal Amount (including the previous writedown of 700,000) would be 9,300,000.

Based on the above, the lowest of (x), (y) and (z) would be 9,300,000. Therefore, the Index Tranch Incurred Loss Amount would be 9,300,000.

(b) the Index Tranch Incurred Recovery Amount is calculated as the lowest of (x) the Recovery Amount; (y) the Aggregate Recovery Amount *minus* the Recovery Threshold Amount (**subject to Min Zero**); and (z) the Outstanding Aggregate Nominal Amount (**before applying any current default reduction**). In this case:

- the Recovery Amount (i.e. Reference Entity Notional Amount for 5 Reference Entities $(2,000,000 \times 5) \times \text{Auction Final Price } (0\%) = 0$).
- the Aggregate Recovery Amount (including the recovery of 1,300,000 in respect of the first Credit Event) would be 0. If we deducted the Recovery Threshold Amount of 190,000,000, this would be floored at zero given it is a negative number and the calculation for (y) would be 0.
- Given the original investment of 10,000,000, the Outstanding Aggregate Nominal Amount (including the previous writedown of 700,000) would be 9,300,000.

Based on the above, the lowest of (x), (y) and (z) would be 0. Therefore, the Index Tranch Incurred Recovery Amount would be 0.

(c) the Principal Writedown Amount (i.e. the Index Tranch Incurred Recovery Amount (0) + the Index Tranch Incurred Loss Amount (9,300,000) = 9,300,000.

If "Credit Payment following Credit Event" applies:

- (a) The Outstanding Aggregate Nominal Amount is further reduced by 9,300,000 (i.e. the Principal Writedown Amount) with effect from 1 Business Day following the Event Determination Date. This would be a partial writedown.
- (b) The Index Tranch Redemption Amount will be zero (since there is no incurred recovery) and accordingly, no redemption amounts are payable to the investor.
- (c) If no other Credit Events occur, the Index Tranch Final Redemption Amount (Original investment (10,000,000) – Sum of Principal Writedown Amounts (700,000 + 9,300,000) + Sum of all Index Tranch Redemption Amounts (in this case, 0) = 0 on the Scheduled Maturity Date, i.e. the notional is completely wiped out. Nothing remains to be paid to the investor.

If "Credit Payment on Maturity" applies:

- (a) There is a writedown at the time of each Credit Event, but the notes redeem only at maturity.

- (b) On the Scheduled Maturity Date, the Index Tranchet Final Redemption Amount (Original investment (10,000,000) – Sum of Principal Writedown Amounts (700,000 + 9,300,000) + Sum of all Index Tranchet Redemption Amounts (in this case, 0) = 0, i.e. the notional is completely wiped out. Nothing remains to be paid to the investor.

Scenario 3: This example assumes the following:

- (a) **an investor invests 10,000,000 in a Portfolio Tranchet Credit Linked Note, with the portfolio comprising 100 equally weighted Reference Entities and the Tranche being 80-100%;**
- (b) **the Specified Denomination of the Note is 10,000,000;**
- (c) **the Credit Linked Notes have not been previously redeemed in full or purchased and cancelled;**
- (d) **no succession event has occurred in respect of any Reference Entity;**
- (e) **a Credit Event (regardless of whether M(M)R Restructuring or not) occurs in respect of Rx;**
- (f) **"Auction Redemption" is the applicable method of redemption, with an assumed Auction Final Price of 65%; and**
- (g) **there are no Unwind Costs.**

Based on these assumptions:

- (a) the Implicit Portfolio Size (i.e. Original investment (10,000,000)/ Tranche Size (20%)) = 50,000,000;
- (b) since the 100 Reference Entities are equally weighted (i.e. 1% each), the Reference Entity Notional Amount (i.e. Implicit Portfolio Size (50,000,000) x Reference Entity Weighting (1%)) = 500,000 per Reference Entity;
- (c) the Loss Threshold Amount (i.e. Implicit Portfolio Size (50,000,000) x Attachment Point (80%)) = 40,000,000;
- (d) the Recovery Threshold Amount (i.e. Implicit Portfolio Size (200,000,000) x (100% - Detachment Point (100%)) = 0;
- (e) the Portfolio Tranchet Incurred Loss Amount is calculated as the lowest of (x) the Loss Amount; (y) the Aggregate Loss Amount *minus* the Loss Threshold Amount (**subject to Min Zero**); and (z) the Outstanding Aggregate Nominal Amount (**before applying any current default reduction**). In this case:
 - the Loss Amount (i.e. Reference Entity Notional Amount for Rx (500,000) x (100% - Auction Final Price (65%)) = 175,000.
 - as the first Credit Event, the Aggregate Loss Amount would be 175,000. If we deducted the Loss Threshold Amount of 40,000,000, this would be floored at zero given it is a negative number and the calculation for (y) would be 0.
 - given the Original investment of 10,000,000, the Outstanding Aggregate Nominal Amount (disregarding any reduction in respect of the current Credit Event) would be 10,000,000.

Based on the above, the lowest of (x), (y) and (z) would be 0. Therefore, the Portfolio Tranchet Incurred Loss Amount would be 0.

- (f) the Portfolio Trunched Incurred Recovery Amount is calculated as the lowest of (x) the Recovery Amount; (y) the Aggregate Recovery Amount *minus* the Recovery Threshold Amount (**subject to Min Zero**); and (z) the Outstanding Aggregate Nominal Amount (**before applying any current default reduction**). In this case:
- the Recovery Amount (i.e. Reference Entity Notional Amount for Rx (500,000) x Auction Final Price (65%)) = 325,000.
 - as the first Credit Event, the Aggregate Recovery Amount would be 325,000 and after deducting the Recovery Threshold Amount of 0, the calculation for (y) would be 325,000.
 - given the original investment of 10,000,000, the Outstanding Aggregate Nominal Amount (disregarding any reduction in respect of the current Credit Event) would be 10,000,000.

Based on the above, the lowest of (x), (y) and (z) would be 325,000. Therefore, the Portfolio Trunched Incurred Recovery Amount would be 325,000.

- (g) the Principal Writedown Amount (i.e. the Portfolio Trunched Incurred Recovery Amount (325,000) + the Portfolio Trunched Incurred Loss Amount (0) = 325,000.

If "Credit Payment following Credit Event" applies:

- (a) The Outstanding Aggregate Nominal Amount is reduced by 325,000 (i.e. the Principal Writedown Amount) with effect from 1 Business Day following the Event Determination Date. This would be a partial writedown.
- (b) 325,000 (i.e. the Portfolio Trunched Redemption Amount = Portfolio Trunched Incurred Recovery Amount) is paid on the Auction Redemption Date.
- (c) If no other Credit Events occur, the Outstanding Aggregate Nominal Amount (Original investment (10,000,000) – Sum of Principal Writedown Amounts (325,000)) = 9,675,000 is paid on the Scheduled Maturity Date.

If "Credit Payment on Maturity" applies:

- (a) There is a writedown at the time of each Credit Event, but the notes redeem only at maturity.
- (b) On the Scheduled Maturity Date, the Portfolio Trunched Final Redemption Amount (Original investment (10,000,000) – Sum of Principal Writedown Amounts (325,000) + Sum of all Portfolio Trunched Redemption Amounts (325,000)) is paid. 10,000,000 will be the Portfolio Trunched Final Redemption Amount.

Scenario 4: This example assumes the following:

- (a) **an investor invests 10,000,000 in a Portfolio Trunched Credit Linked Note, with the portfolio comprising 100 equally weighted Reference Entities and the Tranche being 80-100%;**
- (b) **the Specified Denomination of the Note is 10,000,000;**
- (c) **no succession event has occurred in respect of any Reference Entity;**
- (d) **Scenario 2 (i.e. partial writedown of 325,000) has occurred;**
- (e) **the Credit Linked Notes have not been previously purchased or cancelled (but have been partially written down);**
- (f) **90 Credit Events occur (with each having the same Event Determination Date) in respect of Rx;**
- (g) **"Auction Redemption" is the applicable method of redemption, with an assumed**

| |
|--|
| <p>Auction Final Price of 10%; and</p> <p>(h) there are no Unwind Costs.</p> |
|--|

Based on these assumptions:

- (a) the Portfolio Trunched Incurred Loss Amount is calculated as the lowest of (x) the Loss Amount; (y) the Aggregate Loss Amount *minus* the Loss Threshold Amount (**subject to Min Zero**); and (z) the Outstanding Aggregate Nominal Amount (**before applying any current default reduction**). In this case:

- the Loss Amount (i.e. Reference Entity Notional Amount for 90 Reference Entities $(500,000 \times 90) \times (100\% - \text{Auction Final Price (10\%)}) = 40,500,000$).
- the Aggregate Loss Amount (including the loss of 175,000 in respect of the first Credit Event) and after deducting the Loss Threshold Amount of 40,000,000 would be 675,000.
- Given the original investment of 10,000,000, the Outstanding Aggregate Nominal Amount (including the previous writedown of 325,000) would be 9,675,000.

Based on the above, the lowest of (x), (y) and (z) would be 675,000. Therefore, the Portfolio Trunched Incurred Loss Amount would be 675,000.

- (b) the Portfolio Trunched Incurred Recovery Amount is calculated as the lowest of (x) the Recovery Amount; (y) the Aggregate Recovery Amount *minus* the Recovery Threshold Amount (**subject to Min Zero**); and (z) the Outstanding Aggregate Nominal Amount (**before applying any current default reduction**). In this case:

- the Recovery Amount (i.e. Reference Entity Notional Amount for 90 Reference Entities $(500,000 \times 90) \times \text{Auction Final Price (10\%)}) = 4,500,000$).
- the Aggregate Recovery Amount (including the recovery of 325,000 in respect of the first Credit Event) and after deducting the Recovery Threshold amount of 0 would be 4,825,000.
- given the original investment of 10,000,000, the Outstanding Aggregate Nominal Amount (including the previous writedown of 325,000) would be 9,675,000.

Based on the above, the lowest of (x), (y) and (z) would be 4,500,000. Therefore, the Portfolio Trunched Incurred Recovery Amount would be 4,500,000.

- (c) the Principal Writedown Amount (i.e. the Portfolio Trunched Incurred Recovery Amount 4,500,000) + the Portfolio Trunched Incurred Loss Amount (675,000) = 5,175,000.

If "Credit Payment following Credit Event" applies:

- (a) The Outstanding Aggregate Nominal Amount is further reduced by 5,175,000 (i.e. the Principal Writedown Amount) with effect from 1 Business Day following the Event Determination Date. This would be a partial writedown.
- (b) 4,500,000 (i.e. the Portfolio Trunched Redemption Amount = Portfolio Trunched Incurred Recovery Amount) is paid on the Auction Redemption Date.
- (c) If no other Credit Events occur, the Outstanding Aggregate Nominal Amount (Original investment (10,000,000) – Sum of Principal Writedown Amounts $(325,000 + 5,175,000)$) = 4,500,000 is paid on the Scheduled Maturity Date.

If "Credit Payment on Maturity" applies:

- (a) There is a writedown at the time of each Credit Event, but the notes redeem only at maturity.

- (b) On the Scheduled Maturity Date, the Portfolio Trunched Final Redemption Amount (Original investment (10,000,000) – Sum of Principal Writedown Amounts (325,000 + 5,175,000) + Sum of all Portfolio Trunched Redemption Amounts (325,000 + 4,500,000) is paid. 9,325,000 will be the Portfolio Trunched Final Redemption Amount.

Note: *In respect of Index Trunched Credit Linked Notes, the examples above assume that no Credit Events have occurred in respect of Reference Entities referenced by the relevant Index at the Trade Date (or prior to the Issue Date). If such Credit Events have occurred, the incurred loss amounts and incurred recovery amounts in respect of such Reference Entities (i.e. the Settled Entities) would need to be factored in while calculating the aggregate losses and aggregate recoveries and the Outstanding Aggregate Nominal Amount would need to be reduced by the settled entity incurred loss and settled entity incurred recovery on the Issue Date.*

PART B: CREDIT LINKED CONDITIONS

The Credit Linked Conditions of the Securities set out the specific terms and conditions that apply to only Credit Linked Notes.

The Credit Linked Conditions set out the economic or 'payout' terms of the Credit Linked Notes. These are optional provisions and only certain of these terms will apply to the relevant Series of Credit Linked Notes. The applicable Issue Terms will specify which of the provisions apply to that Series of Credit Linked Notes.

The following are the conditions (the "**Credit Linked Conditions**") that will apply to the Notes if the relevant Issue Terms provide that "**Credit Linked Notes**" are applicable (the "Credit Linked Notes"). These Credit Linked Conditions apply as completed by the relevant Final Terms or as completed, modified and/or supplemented by the relevant Pricing Supplement, as applicable. In the case of any inconsistency between these Credit Linked Conditions and the General Conditions, these Credit Linked Conditions will prevail. *For the avoidance of doubt, any clarificatory language herein in bold and italicised shall not form part of the Credit Linked Conditions.*

Words and expressions defined or used in the relevant Issue Terms shall have the same meanings where used in these Credit Linked Conditions or General Conditions unless the context otherwise requires or unless otherwise stated. All capitalised terms that are not defined in these Credit Linked Conditions or elsewhere in the General Conditions which are applicable to the Credit Linked Notes will have the meanings given to them in the relevant Issue Terms. References in these Credit Linked Conditions to "Credit Linked Notes" are to the Credit Linked Notes, as the case may be, of one Series only, not to all Credit Linked Notes that may be issued under the Programme. In respect of Credit Linked Notes which specify more than one Reference Entity in the relevant Issue Terms, all references in these Credit Linked Conditions to "the Reference Entity" shall be construed to refer to "a Reference Entity" or the "relevant Reference Entity" in respect of which the relevant determination is made at any relevant time and all related provisions and determinations will be construed accordingly.

Unless otherwise specified, references in these Credit Linked Conditions to a Credit Linked Condition are to the corresponding provision of these Credit Linked Conditions.

1. **Redemption of Credit Linked Notes**

(a) *Redemption on the Scheduled Maturity Date where no Relevant Credit Event or Relevant Risk Event has occurred*

Unless the Credit Linked Notes have been previously redeemed in full or purchased and cancelled by the Issuer, provided that a Relevant Event Determination Date or a Relevant Risk Event Determination Date, as applicable, has not occurred and subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), each outstanding Credit Linked Note shall be redeemed on the Scheduled Maturity Date at the Maturity Redemption Amount.

(b) *Redemption following the occurrence of a Relevant Credit Event or a Relevant Risk Event*

Unless previously redeemed in full or purchased and cancelled, if a Relevant Credit Event or Relevant Risk Event, as applicable, and a corresponding Relevant Event Determination Date or a Relevant Risk Event Determination Date, as applicable, has occurred:

- (i) if the Credit Linked Notes are Single Name Credit Linked Notes, the Issuer will redeem such Credit Linked Notes (in whole or in part) in accordance with Credit Linked Condition 3 (*Single Name Credit Linked Notes*);
- (ii) if the Credit Linked Notes are Nth-to-Default Basket Credit Linked Notes, the Issuer will redeem such Credit Linked Notes (in whole or in part) in accordance with Credit Linked Condition 4 (*Nth-to-Default Basket Credit Linked Notes*);
- (iii) if the Credit Linked Notes are Linear Basket Credit Linked Notes, the Issuer will redeem such Credit Linked Notes (in whole or in part) in accordance with Credit Linked Condition 5 (*Linear Basket Credit Linked Notes*);

- (iv) if the Credit Linked Notes are Index Untranchured Credit Linked Notes, the Issuer will redeem such Credit Linked Notes (in whole or in part) in accordance with Credit Linked Condition 6 (*Index Untranchured Credit Linked Notes*);
- (v) if the Credit Linked Notes are Index Tranchured Credit Linked Notes, the Issuer will write down such Credit Linked Notes (in whole or in part) in accordance with Credit Linked Condition 7 (*Index Tranchured Credit Linked Notes*);
- (vi) if the Credit Linked Notes are Portfolio Tranchured Credit Linked Notes, the Issuer will write down such Credit Linked Notes (in whole or in part) in accordance with Credit Linked Condition 8 (*Portfolio Tranchured Credit Linked Notes*); and
- (vii) if the Credit Linked Notes are Local Access Credit Linked Notes, the Issuer will redeem such Credit Linked Notes (in whole or in part) in accordance with Credit Linked Condition 9 (*Local Access Credit Linked Notes*),

in each case subject to Credit Linked Conditions 14 (*M(M)R Restructuring*), 21 (*Effect of DC Resolutions*), 22 (*Successor Provisions*) or in the case of Local Access Credit Linked Notes only, Credit Linked Condition 9(g) (*Adjustment following a Regulatory Change Event*), as applicable.

Upon discharge by the Issuer of its payment or delivery obligations on the relevant Credit Event Redemption Date (or, if the Issuer does not have any payment or delivery obligations, upon the occurrence of the relevant Credit Event Redemption Date) pursuant to Credit Linked Conditions 15 (*Auction Redemption Terms*), 16 (*Cash Redemption Terms*), 17 (*Physical Redemption Terms*) or 18 (*Fixed Recovery Redemption Terms*), as applicable, or otherwise provided herein, the Issuer's obligations in respect of such portion of each Credit Linked Note affected by the Relevant Credit Event or Relevant Risk Event, as applicable, shall be discharged in full.

As a result of one or more Credit Events or Risk Events, as applicable, Securityholders may receive less than the principal amount of a Credit Linked Note (and such amount may be zero). Any shortfall shall be borne by the Securityholders and no liability shall attach to the Issuer.

- (c) *Early redemption other than following the occurrence of a Relevant Credit Event or a Relevant Risk Event*

If the Credit Linked Notes are redeemed early:

- (i) pursuant to General Condition 6(b) (*Redemption for Taxation Reasons and Redemption for Illegality*), Valuation and Settlement Condition 2(h) (*Early Redemption Events*), General Condition 6(e) (*Redemption at the Option of the Issuer*) or General Condition 11 (*Events of Default*);
- (ii) following, if applicable, a Merger Event pursuant to Credit Linked Condition 19 (*Redemption upon Merger Event*); or
- (iii) following, if applicable, the redemption in whole of the Reference Obligation pursuant to Credit Linked Condition 24(c) (*Redemption in respect of Reference Obligation Only Series*),

each outstanding Credit Linked Note shall be redeemed by payment of its Early Redemption Amount, Optional Redemption Amount, Merger Redemption Amount or Substitution Event Redemption Amount, as applicable, on the Early Redemption Date, Optional Redemption Date or Substitution Event Date, as applicable, in each case, in accordance with the applicable General Condition or Credit Linked Conditions.

Notwithstanding anything contained in these Credit Linked Conditions, if a Relevant Credit Event or a Relevant Risk Event, as applicable, occurs immediately after an event triggering early redemption of the Credit Linked Notes (as described above), the occurrence of the Relevant Credit Event or Relevant Risk Event, as applicable, will be disregarded (to the extent

that the relevant Credit Linked Notes have not already been redeemed in full and cancelled) and the Early Redemption Amount, Optional Redemption Amount, Merger Redemption Amount or Substitution Event Redemption Amount, as applicable, payable to Securityholders will be determined on the basis of the event triggering early redemption of the Credit Linked Notes only.

2. Interest on Credit Linked Notes

- (a) *Accrual of Interest where a Relevant Event Determination Date or a Relevant Risk Event Determination Date has not occurred*

Subject to Credit Linked Condition 2(c) (*Suspension of Interest following an Applicable DC Credit Event Question, a potential Credit Event or a potential Risk Event*), and provided that the Credit Linked Notes have not been previously redeemed in full or purchased and cancelled:

- (i) in respect of Credit Linked Notes other than Local Access Credit Linked Notes, interest (if any) shall accrue on the Outstanding Aggregate Nominal Amount of the Credit Linked Notes in accordance with General Condition 5 (*Interest*) (as completed by the relevant Final Terms or as completed, modified and/or supplemented by the relevant Pricing Supplement, as applicable) to (but excluding) the Scheduled Maturity Date, subject to Credit Linked Conditions 3 (*Single Name Credit Linked Notes*), 4 (*Nth-to-Default Basket Credit Linked Notes*), 5 (*Linear Basket Credit Linked Notes*), 6 (*Index Untranching Credit Linked Notes*), 7 (*Index Tranching Credit Linked Notes*) and 8 (*Portfolio Tranching Credit Linked Notes*); and
- (ii) in respect of Local Access Credit Linked Notes, the LA Interest Amount specified in respect of each Interest Payment Date in the relevant Issue Terms shall be payable in the Settlement Currency on such Interest Payment Date, subject to Credit Linked Condition 9 (*Local Access Credit Linked Notes*).

For the avoidance of doubt, no interest shall accrue on any Credit Linked Note on or after the Scheduled Maturity Date.

- (b) *Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*

Notwithstanding anything to the contrary in General Condition 5 (*Interest*), following the occurrence of a Relevant Credit Event or Relevant Risk Event, as applicable, and a corresponding Relevant Event Determination Date or Relevant Risk Event Determination Date, as applicable, the payment of interest (if any) in respect of the Applicable Proportion of each relevant Credit Linked Note (other than a Local Access Credit Linked Note) or the payment of the LA Interest Amount (if any) in respect of each Local Access Credit Linked Note on the relevant Interest Payment Date, as determined in accordance with and subject to Credit Linked Conditions 3 (*Single Name Credit Linked Notes*), 4 (*Nth-to-Default Basket Credit Linked Notes*), 5 (*Linear Basket Credit Linked Notes*), 6 (*Index Untranching Credit Linked Notes*), 7 (*Index Tranching Credit Linked Notes*), 8 (*Portfolio Tranching Credit Linked Notes*) or 9 (*Local Access Credit Linked Notes*), as applicable, will be suspended as of:

- (i) if "No Interest Accrual on Default" applies in the relevant Issue Terms:
 - (x) the Interest Payment Date immediately preceding the Relevant Event Determination Date or Relevant Risk Event Determination Date, as applicable; or
 - (y) where there is no Interest Payment Date immediately preceding the Relevant Event Determination Date or Relevant Risk Event Determination Date, as applicable, the Issue Date; or
- (ii) if "Interest Accrual on Default" applies in the relevant Issue Terms, the first Business Day immediately following the Relevant Event Determination Date or Relevant Risk Event Determination Date, as applicable.

In such case,

- (x) in respect of each relevant Credit Linked Note (other than a Local Access Credit Linked Note), interest shall accrue on the Applicable Proportion of such Credit Linked Note:
 - (I) from (and including) the Interest Payment Date immediately preceding the Relevant Event Determination Date, or, (where there is no Interest Payment Date immediately preceding the Relevant Event Determination Date), the Issue Date
 - (II) to (and including) the Relevant Event Determination Date; or
 - (y) in respect of each relevant Local Access Credit Linked Note, the LA Interest Amount corresponding to the relevant Interest Payment Date shall be payable if, and only if, an Interest Payment Date occurs during the period:
 - (I) from (and including) the Interest Payment Date immediately preceding the Relevant Risk Event Determination Date, or, (where there is no Interest Payment Date immediately preceding the Relevant Risk Event Determination Date), the Issue Date
 - (II) to (and including) the Relevant Risk Event Determination Date.
- (c) *Suspension of Interest following an Applicable DC Credit Event Question, a potential Credit Event or a potential Risk Event*

Subject to Credit Linked Conditions 2(d) (*Payment of Suspended Interest following announcement by the DC Secretary or determination by the Calculation Agent*), 2(e) (*Payment of Suspended Interest and reduction of future Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*) and 13 (*Scheduled Maturity Date Extension*), if, on or prior to an Interest Payment Date, the Calculation Agent determines that:

- (i) an Applicable DC Credit Event Question has been submitted in respect of which a DC Resolution (including, but not limited to, a DC Credit Event Announcement, a DC No Credit Event Announcement or a DC Credit Event Question Dismissal) has not been published or the Credit Derivatives Determinations Committee has not resolved whether it will convene a meeting to Resolve the Applicable DC Credit Event Question; or
- (ii) a Relevant Credit Event or Relevant Risk Event, as applicable, and corresponding Relevant Event Determination Date or Relevant Risk Event Determination Date, as applicable, could occur but no Credit Event Notice or Risk Event Notice, as applicable, has been provided to the Issuer and/or the Securityholders,

the payment of any interest in respect of the Applicable Proportion or of the LA Interest Amount, as applicable, will be suspended as of the Interest Payment Date on or immediately preceding the Relevant Event Determination Date or Relevant Risk Event Determination Date, as applicable, or, where there is no Interest Payment Date immediately preceding such Relevant Event Determination Date or Relevant Risk Event Determination Date, as applicable, the Issue Date, notwithstanding that a Relevant Event Determination Date or Relevant Risk Event Determination Date, as applicable, has not then occurred provided that, in respect of Local Access Credit Linked Notes only, if the Calculation Agent determines that the payment of LA Interest Amount for the relevant Interest Payment Date need not be suspended (due to such payment being unaffected by the potential Risk Event or otherwise), such suspension will not apply and the LA Interest Amount will be payable as usual on the relevant Interest Payment Date.

The Issuer shall endeavour to give notice to the Securityholders in accordance with Credit Linked Condition 26 (*Notices*) as soon as reasonably practicable if any payment of interest on their Notes is suspended pursuant to this Credit Linked Condition 2(c).

The Applicable Proportion of each relevant Credit Linked Note shall be calculated by the Calculation Agent (i) on the assumption that (x) a Relevant Credit Event would result in a Relevant Event Determination Date (y) the Relevant Credit Event will not be an M(M)R Restructuring and (z) where any Auction Final Price or Final Price, as applicable, is required to determine the portion of the Credit Linked Notes subject to interest suspension, a Fixed Recovery Percentage of zero per cent. will apply and (ii) in accordance with Credit Linked Conditions 3 (*Single Name Credit Linked Notes*), 4 (*Nth-to-Default Basket Credit Linked Notes*), 5 (*Linear Basket Credit Linked Notes*), 6 (*Index Untranchured Credit Linked Notes*), 7 (*Index Tranchured Credit Linked Notes*) and 8 (*Portfolio Tranchured Credit Linked Notes*), as applicable.

Except for such portion of interest that is suspended in respect of each Credit Linked Note, payment of any interest on the remaining portion of the relevant Credit Linked Note (which is unaffected by the Relevant Credit Event or Relevant Risk Event, as applicable), if applicable, will be payable to Securityholders as usual on the relevant Interest Payment Date.

- (d) *Payment of Suspended Interest following announcement by the DC Secretary or determination by the Calculation Agent*

If:

- (i) in connection with an Applicable DC Credit Event Question:
 - A. an Applicable DC No Credit Event Announcement occurs; or
 - B. an Applicable DC Credit Event Question Dismissal occurs or the DC Secretary announces that the Credit Derivatives Determinations Committee will not be convening to Resolve the relevant Applicable DC Credit Event Question;
- (ii) the Calculation Agent determines that a Relevant Event Determination Date or a Relevant Risk Event Determination Date, as applicable, can no longer occur; or
- (iii) the LA Cut-Off Date in respect of Local Access Credit Linked Notes has occurred,

as applicable, payment of the suspended interest will be made no later than 10 Business Days following (I) in the case of sub-paragraph (A) above, the relevant announcement by the DC Secretary or (II) otherwise, the date on which the Calculation Agent determines that a Relevant Event Determination Date or Relevant Risk Event Determination Date, as applicable, can no longer occur (taking into consideration any Notice Delivery Period, Post Dismissal Additional Period, the date of the Applicable DC Credit Event Question Dismissal, the date of the Applicable DC Credit Event Announcement and any Standard Exercise Cut-off Date or Non-Standard Exercise Cut-off Date, as applicable) or the LA-Cut-off Date, as applicable.

For the avoidance of doubt, interest shall continue to be suspended until a relevant announcement by the DC Secretary described above occur, the Calculation Agent determines that no Relevant Event Determination Date or Relevant Risk Event Determination Date (as applicable) can occur or an LA Cut-Off Date occurs. In such circumstances, Securityholders may not receive any interest for multiple Interest Periods and no liability shall attach to the Issuer for any such non-payment of interest.

- (e) *Payment of Suspended Interest and reduction of future Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*

If, a Relevant Event Determination Date occurs or a Relevant Risk Event Determination Date occurs on or prior to the LA Cut-Off Date:

- (i) where the Calculation Agent determines that the amount of interest suspended pursuant to Credit Linked Condition 2(c) (*Suspension of Interest following an Applicable DC Credit Event Question, a potential Credit Event or a potential Risk Event*) is greater than the amount of interest that should have been suspended (taking into consideration the Applicable Proportion of the relevant Credit Linked Note affected by the Relevant

Credit Event or, in the case of Local Access Credit Linked Notes, the relevant LA Interest Amount, as applicable), the Issuer shall pay an amount equal to:

- (x) the interest amount actually suspended; minus
- (y) the interest amount that should have been suspended,

no later than 10 Business Days following the date of such determination by the Calculation Agent; or

- (ii) where the Calculation Agent determines that the amount of interest suspended pursuant to Credit Linked Condition 2(c) (*Suspension of Interest following an Applicable DC Credit Event Question, a potential Credit Event or a potential Risk Event*) is less than the amount of interest that should have been suspended (taking into consideration the Applicable Proportion of the relevant Credit Linked Note affected by the Relevant Credit Event or, in the case of Local Access Credit Linked Notes, the relevant LA Interest Amount, as applicable), the Issuer shall deduct the absolute value of (x) the interest amount actually suspended minus (y) the interest amount that should have been suspended (the absolute value of such amount, the "**Interest Suspension Shortfall Amount**") from future payments of Interest Amounts until the Interest Suspension Shortfall Amount is reduced to zero, provided that if there is an outstanding Interest Suspension Shortfall Amount at the time that the Credit Linked Notes are being redeemed or written down in full (whether at maturity or upon early redemption), such interest shall be deducted from any amount payable to Securityholders at such time, or where Physical Redemption or LA Physical Redemption applies, Delivery of the relevant assets shall take into account any reduction as is required to be effected.

For the avoidance of doubt, where the Interest Suspension Shortfall Amount cannot be deducted in full or in part (on account of the relevant redemption amount being insufficient), the Issuer shall have no further claims against the Securityholders for any amounts not deducted.

- (f) *Accrual of Interest at Funding Interest Rate following the occurrence of a Relevant Credit Event or Relevant Risk Event*

This Credit Linked Condition 2(f) applies only if "Credit Payment on Maturity" applies in the relevant Issue Terms.

Following the occurrence of a Relevant Credit Event or a Relevant Risk Event, as applicable, notwithstanding the suspension of interest pursuant to Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*), the relevant Credit Payment on Maturity Amount shall accrue interest at the Funding Interest Rate in respect of each Interest Period (regardless of whether "No Interest Accrual on Default" or "Interest Accrual on Default" applies), from (and including) the first Business Day immediately following the (x) Relevant Event Determination Date or (y) Relevant Risk Event Determination Date, as applicable, to (but excluding in the case of paragraphs (i) and (ii) and including in the case of paragraph (iii)) the earliest to occur of:

- (i) the Scheduled Maturity Date;
- (ii) if the relevant Credit Linked Notes are early redeeming in full, the Early Redemption Date, Optional Redemption Date or Substitution Event Date, as applicable; and
- (iii) if the relevant Credit Linked Notes are redeeming in full following a Relevant Credit Event or Relevant Risk Event, as applicable, the Relevant Event Determination Date or Relevant Risk Event Determination Date, as applicable, corresponding to the Credit Event Redemption Date which results in the relevant Credit Linked Notes being redeemed in full,

such interest, the "**Funding Interest Amount**".

3. **Single Name Credit Linked Notes**

The provisions of this Credit Linked Condition 3 shall not apply to Nth-to-Default Basket Credit Linked Notes, Linear Basket Credit Linked Notes, Index Untranching Credit Linked Notes, Index Tranching Credit Linked Notes, Portfolio Tranching Credit Linked Notes or Local Access Credit Linked Notes.

(a) *Introduction*

Single Name Credit Linked Notes are Credit Linked Notes pursuant to which the Issuer purchases credit protection from Securityholders in respect of any one Reference Entity and, accordingly, Securityholders are exposed to the credit risk of such Reference Entity only (subject to the Successor provisions set out in Credit Linked Condition 22 (*Successor Provisions*)).

(b) *Multiple Relevant Credit Events*

There may be more than one Relevant Credit Event and related Relevant Event Determination Date with respect to Single Name Credit Linked Notes in accordance with Credit Linked Conditions 14 (*M(M)R Restructuring*) and 22 (*Successor Provisions*).

(c) *Applicable Proportion*

The Applicable Proportion of a Single Name Credit Linked Note will be equal to the product of:

- (i) the Specified Denomination of such Single Name Credit Linked Note; and
- (ii)
 - (x) 100 per cent. (where the Relevant Credit Event is not an M(M)R Restructuring or no successor event has occurred); or
 - (y) an amount (expressed as a percentage) equal to (I) the Exercise Amount, divided by (II) the Original Aggregate Nominal Amount of the Single Name Credit Linked Notes (where the Relevant Credit Event is an M(M)R Restructuring); or
 - (z) an amount (expressed as a percentage) equal to (I) the Single Name Partial Nominal Amount, divided by (II) the Original Aggregate Nominal Amount of the Single Name Credit Linked Notes (where the Relevant Credit Event is not an M(M)R Restructuring and partial redemption occurs pursuant to Credit Linked Condition 22 (*Successor Provisions*)).

(d) *Impact of Credit Event on Accrual of Interest*

Notwithstanding anything to the contrary in General Condition 5 (*Interest*), following the occurrence of a Relevant Event Determination Date:

- (i) interest will cease to accrue on the Applicable Proportion of each Single Name Credit Linked Note in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*);
- (ii) interest will continue to accrue as usual on any remaining portion of each Single Name Credit Linked Note unaffected by the Relevant Credit Event in accordance with General Condition 5 (*Interest*) to (but excluding in the case of (x) and (y) and including in the case of (z)) the earliest to occur of (x) the Scheduled Maturity Date, (y) the Early Redemption Date, the Optional Redemption Date or the Substitution Event Date, as applicable, which results in the Single Name Credit Linked Notes being redeemed in full, and (z) the Relevant Event Determination Date corresponding to the relevant Credit Event Redemption Date which results in the Single Name Credit Linked Notes being redeemed in full; and

- (iii) where "Credit Payment on Maturity applies", additional interest shall accrue on the Single Name Credit Linked Notes in respect of the Credit Payment on Maturity Amount in accordance with Credit Linked Condition 2(f) (*Accrual of Interest at Funding Interest Rate following the occurrence of a Relevant Credit Event or Relevant Risk Event*).

Further, if the Scheduled Maturity Date is defined in the relevant Issue Terms by reference to an Interest Payment Date, then the Scheduled Maturity Date shall be the date which would have been such Interest Payment Date notwithstanding that, due to the occurrence of a Credit Event, interest has ceased to accrue in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*).

(e) *Payment of Accrued Interest*

Where "Interest Accrual on Default" applies, any interest accrued on the Single Name Credit Linked Notes in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*) from (and including) the Interest Payment Date immediately preceding the Relevant Event Determination Date (or if there is no Interest Payment Date, the Issue Date) to (and including) the Relevant Event Determination Date shall be payable on:

- (i) if "Credit Payment following Credit Event" applies, a date falling no later than 10 Business Days following the relevant Credit Event Redemption Date;
- (ii) if "Credit Payment on Maturity" applies, such date as determined by the Calculation Agent;
- (iii) if the Single Name Credit Linked Notes are early redeeming in full, the Early Redemption Date, the Optional Redemption Date or the Substitution Event Date, as applicable; or
- (iv) if "Physical Redemption" applies, a date falling no later than 10 Business Days following the first Delivery Date..

(f) *Redemption following a Credit Event*

Notwithstanding anything to the contrary in General Condition 6 (*Redemption and Purchase*) and unless previously redeemed in full or purchased and cancelled, following the occurrence of a Relevant Event Determination Date, the Issuer will redeem the Applicable Proportion of each Single Name Credit Linked Note in accordance with the "Auction Redemption" Credit Event Redemption Method, the "Cash Redemption" Credit Event Redemption Method, the "Physical Redemption" Credit Event Redemption Method or the "Fixed Recovery Redemption" Credit Event Redemption Method, as specified in the Issue Terms.

(i) **Auction Redemption**

Auction Redemption shall apply where "Auction Redemption" is specified as the Credit Event Redemption Method in the relevant Issue Terms.

(B) Credit Payment following Credit Event

If each of (i) "Credit Payment following Credit Event" and (ii) Auction Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem the Applicable Proportion of each Single Name Credit Linked Note on the Auction Redemption Date at the Auction Redemption Amount in accordance with Credit Linked Condition 15 (*Auction Redemption Terms*) of these Credit Linked Conditions.

The outstanding portion of such Single Name Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13

(*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(C) Credit Payment on Maturity

If each of (i) "Credit Payment on Maturity" and (ii) Auction Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem each Single Name Credit Linked Note on the Final Auction Redemption Date at the Final Auction Redemption Amount in accordance with Credit Linked Condition 15 (*Auction Redemption Terms*).

(ii) **Cash Redemption**

Cash Redemption shall apply where (i) "Cash Redemption" is specified as the Credit Event Redemption Method in the relevant Issue Terms, or (ii) Cash Redemption is applicable as the Fallback Redemption Method and Credit Linked Condition 15 (*Auction Redemption Terms*) requires the Issuer to redeem the Single Name Credit Linked Notes as if Cash Redemption had been specified as the Credit Event Redemption Method.

(A) Credit Payment following Credit Event

If each of (i) "Credit Payment following Credit Event" and (ii) Cash Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem the Applicable Proportion of each Single Name Credit Linked Note on the Cash Redemption Date at the Cash Redemption Amount in accordance with Credit Linked Condition 16 (*Cash Redemption Terms*).

The outstanding portion of such Single Name Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(B) Credit Payment on Maturity

If each of (i) "Credit Payment on Maturity" and (ii) Cash Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem each Single Name Credit Linked Note on the Final Cash Redemption Date at the Final Cash Redemption Amount in accordance with Credit Linked Condition 16 (*Cash Redemption Terms*).

(iii) **Physical Redemption**

Physical Redemption shall apply where (i) "Physical Redemption" is specified as the Credit Event Redemption Method in the relevant Issue Terms, or (ii) Physical Redemption is applicable as the Fallback Redemption Method and Credit Linked Condition 15 (*Auction Redemption Terms*) requires the Issuer to redeem the Applicable Proportion of each Single Name Credit Linked Note as if Physical Redemption had been specified as the Credit Event Redemption Method.

If Physical Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem the Applicable Proportion of each Single Name Credit Linked Note by Delivery to each Securityholder of the Physical Redemption Assets by the relevant Physical Redemption Date and payment to each Securityholder of any Partial Cash Redemption Amount, any Fallback Cash Redemption Amount and/or any Asset Package Cash Redemption Amount (where applicable) in accordance with Credit Linked Condition 17 (*Physical Redemption Terms*).

The outstanding portion of such Single Name Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled*

Maturity Date Extension), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(iv) **Fixed Recovery Redemption**

Fixed Recovery Redemption shall apply where it is specified as the Credit Event Redemption Method in the relevant Issue Terms.

If Fixed Recovery Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem the Applicable Proportion of each Single Name Credit Linked Note on the Cash Redemption Date at the Cash Redemption Amount (if "Credit Payment following Credit Event" applies) or the Final Cash Redemption Date at the Final Cash Redemption Amount (if "Credit Payment on Maturity" applies) in accordance with Credit Linked Condition 18 (*Fixed Recovery Redemption Terms*).

Where "Credit Payment following Credit Event" applies, the outstanding portion of such Single Name Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

4. **Nth-to-Default Basket Credit Linked Notes**

The provisions of this Credit Linked Condition 4 shall not apply to Single Name Credit Linked Notes, Linear Basket Credit Linked Notes, Index Untranching Credit Linked Notes, Index Tranching Credit Linked Notes, Portfolio Tranching Credit Linked Notes or Local Access Credit Linked Notes.

(a) *Introduction*

Nth-to-Default Basket Credit Linked Notes are Credit Linked Notes pursuant to which the Issuer purchases credit protection from Securityholders in respect of two or more Reference Entities. All Reference Entities in the basket are subject to the occurrence of one or more Credit Events; however, redemption is only triggered if a Credit Event occurs in respect of the nth Reference Entity (and such Credit Event in respect of the nth Reference Entity will be a Relevant Credit Event for the purpose of the Nth-to-Default Basket Credit Linked Notes).

(b) *Multiple Relevant Credit Events*

There may be more than one Relevant Credit Event and related Relevant Event Determination Date with respect to Nth-to-Default Basket Credit Linked Notes in accordance with Credit Linked Conditions 14 (*M(M)R Restructuring*) and 22 (*Successor Provisions*).

(c) *Applicable Proportion*

The Applicable Proportion of an Nth-to-Default Basket Credit Linked Note will be equal to the product of:

- (i) the Specified Denomination of such Nth-to-Default Basket Credit Linked Note; and
- (ii)
 - (x) 100 per cent. (where the Relevant Credit Event is not an M(M)R Restructuring or no successor event has occurred); or
 - (y) an amount (expressed as a percentage) equal to (I) the Exercise Amount, divided by (II) the Original Aggregate Nominal Amount of the Nth-to-Default Basket Credit Linked Notes (where the Relevant Credit Event is an M(M)R Restructuring); or
 - (z) an amount (expressed as a percentage) equal to (I) the Nth-to-Default Partial Nominal Amount, divided by (II) the Original Aggregate Nominal Amount of

the Nth-to-Default Basket Credit Linked Notes (where the Relevant Credit Event is not an M(M)R Restructuring and partial redemption occurs pursuant to Credit Linked Condition 22 (*Successor Provisions*)).

(d) *Impact of Credit Event on Accrual of Interest*

Notwithstanding anything to the contrary in General Condition 5 (*Interest*), following the occurrence of a Relevant Event Determination Date:

- (i) interest will cease to accrue on the Applicable Proportion of each Nth-to-Default Basket Credit Linked Note in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*);
- (ii) interest will continue to accrue as usual on any remaining portion of each Nth-to-Default Basket Credit Linked Note unaffected by the Relevant Credit Event in accordance with General Condition 5 (*Interest*) to (but excluding in the case of (x) and (y) and including in the case of (z)) the earliest to occur of (x) the Scheduled Maturity Date, (y) the Early Redemption Date, the Optional Redemption Date or the Substitution Event Date, as applicable, which results in the Nth-to-Default Basket Credit Linked Notes being redeemed in full, and (z) the Relevant Event Determination Date corresponding to the relevant Credit Event Redemption Date which results in the Nth-to-Default Basket Credit Linked Notes being redeemed in full; and
- (iii) where "Credit Payment on Maturity applies", additional interest shall accrue on the Nth-to-Default Basket Credit Linked Notes in respect of the Credit Payment on Maturity Amount in accordance with Credit Linked Condition 2(f) (*Accrual of Interest at Funding Interest Rate following the occurrence of a Relevant Credit Event or Relevant Risk Event*).

Further, if the Scheduled Maturity Date is defined in the relevant Issue Terms by reference to an Interest Payment Date, then the Scheduled Maturity Date shall be the date which would have been such Interest Payment Date notwithstanding that, due to the occurrence of a Credit Event, interest has ceased to accrue in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*).

(e) *Payment of Accrued Interest*

Where "Interest Accrual on Default" applies, any interest accrued on the Nth-to-Default Basket Credit Linked Notes in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*) from (and including) the Interest Payment Date immediately preceding the Relevant Event Determination Date (or if there is no Interest Payment Date, the Issue Date) to (and including) the Relevant Event Determination Date shall be payable on:

- (i) if "Credit Payment following Credit Event" applies, a date falling no later than 10 Business Days following the relevant Credit Event Redemption Date;
- (ii) if "Credit Payment on Maturity" applies, such date as determined by the Calculation Agent;
- (iii) if the Nth-to-Default Basket Credit Linked Notes are early redeeming in full, the Early Redemption Date, the Optional Redemption Date or the Substitution Event Date, as applicable; or
- (iv) if "Physical Redemption" applies, a date falling no later than 10 Business Days following the first Delivery Date.

(f) *Redemption following a Credit Event*

Notwithstanding anything to the contrary in General Condition 6 (*Redemption and Purchase*) and unless previously redeemed in full or purchased and cancelled, following the occurrence of a Relevant Event Determination Date (which, for the avoidance of doubt, needs to have occurred in respect of the nth Reference Entity), the Issuer will redeem the Applicable Proportion of each Nth-to-Default Basket Credit Linked Note in accordance with the "Auction Redemption" Credit Event Redemption Method, the "Cash Redemption" Credit Event Redemption Method, the "Physical Redemption" Credit Event Redemption Method or the "Fixed Recovery Redemption" Credit Event Redemption Method, as specified in the Issue Terms.

(i) **Auction Redemption**

Auction Redemption shall apply where "Auction Redemption" is specified as the Credit Event Redemption Method in the relevant Issue Terms.

(A) Credit Payment following Credit Event

If each of (i) "Credit Payment following Credit Event" and (ii) Auction Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem the Applicable Proportion of each Nth-to-Default Basket Credit Linked Note on the Auction Redemption Date at the Auction Redemption Amount in accordance with Credit Linked Condition 15 (*Auction Redemption Terms*).

The outstanding portion of such Nth-to-Default Basket Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(B) Credit Payment on Maturity

If each of (i) "Credit Payment on Maturity" and (ii) Auction Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem each Nth-to-Default Basket Credit Linked Note on the Final Auction Redemption Date at the Final Auction Redemption Amount in accordance with Credit Linked Condition 15 (*Auction Redemption Terms*).

(ii) **Cash Redemption**

Cash Redemption shall apply where (i) "Cash Redemption" is specified as the Credit Event Redemption Method in the relevant Issue Terms, or (ii) Cash Redemption is applicable as the Fallback Redemption Method and Credit Linked Condition 15 (*Auction Redemption Terms*) requires the Issuer to redeem the Applicable Proportion of each Nth-to-Default Basket Credit Linked Note as if Cash Redemption had been specified as the Credit Event Redemption Method.

(A) Credit Payment following Credit Event

If each of (i) "Credit Payment following Credit Event" and (ii) Cash Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem the Applicable Proportion of each Nth-to-Default Basket Credit Linked Note on the Cash Redemption Date at the Cash Redemption Amount in accordance with Credit Linked Condition 16 (*Cash Redemption Terms*).

The outstanding portion of such Nth-to-Default Basket Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(B) Credit Payment on Maturity

If each of (i) "Credit Payment on Maturity" and (ii) Cash Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem each Nth-to-Default Basket Credit Linked Note on the Final Cash Redemption Date at the Final Cash Redemption Amount in accordance with Credit Linked Condition 16 (*Cash Redemption Terms*).

(iii) **Physical Redemption**

Physical Redemption shall apply where (i) "Physical Redemption" is specified as the Credit Event Redemption Method in the relevant Issue Terms or (ii) Physical Redemption is applicable as the Fallback Redemption Method and Credit Linked Condition 15 (*Auction Redemption Terms*) requires the Issuer to redeem the Applicable Proportion of each Nth-to-Default Basket Credit Linked Note as if Physical Redemption had been specified as the Credit Event Redemption Method.

If Physical Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem the Applicable Proportion of each Nth-to-Default Basket Credit Linked Note by Delivery to each Securityholder of the Physical Redemption Assets by the relevant Physical Redemption Date and payment to each Securityholder of any Partial Cash Redemption Amount, any Fallback Cash Redemption Amount and/or any Asset Package Cash Redemption Amount (where applicable) in accordance with Credit Linked Condition 17 (*Physical Redemption Terms*).

The outstanding portion of such Nth-to-Default Basket Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(iv) **Fixed Recovery Redemption**

Fixed Recovery Redemption shall apply where it is specified as the Credit Event Redemption Method in the relevant Issue Terms.

If Fixed Recovery Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem the Applicable Proportion of each Nth-to-Default Basket Credit Linked Note on the Cash Redemption Date at the Cash Redemption Amount (if "Credit Payment following Credit Event" applies) or the Final Cash Redemption Date at the Final Cash Redemption Amount (if "Credit Payment on Maturity" applies) in accordance with Credit Linked Condition 18 (*Fixed Recovery Redemption Terms*).

Where "Credit Payment following Credit Event" applies, the outstanding portion of such Nth-to-Default Basket Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

5. **Linear Basket Credit Linked Notes**

The provisions of this Credit Linked Condition 5 shall not apply to Single Name Credit Linked Notes, Nth-to-Default Basket Credit Linked Notes, Index Untranchured Credit Linked Notes, Index Tranchured Credit Linked Notes, Portfolio Tranchured Credit Linked Notes or Local Access Credit Linked Notes.

(a) *Introduction*

Linear Basket Credit Linked Notes are Credit Linked Notes pursuant to which the Issuer purchases credit protection from Securityholders in respect of two or more Reference Entities. If a Credit Event occurs in respect of a Reference Entity (not affecting the other Reference Entity/ies in the basket), such Linear Basket Credit Linked Notes will be redeemed in part to reflect the loss suffered in respect of such Affected Reference Entity and accordingly,

Securityholders are exposed to the credit risk of each Reference Entity in the basket in proportion to its respective weighting.

(b) *Multiple Relevant Credit Events*

There may be more than one Relevant Credit Event and related Relevant Event Determination Date with respect to Linear Basket Credit Linked Notes where Relevant Credit Events and related Relevant Event Determination Dates occur in respect of more than one Reference Entity in the basket.

There may also be more than one Relevant Credit Event and related Relevant Event Determination Date with respect to a single Reference Entity in accordance with Credit Linked Conditions 14 (*M(M)R Restructuring*) and 22 (*Successor Provisions*).

(c) *Applicable Proportion*

The Applicable Proportion of a Linear Basket Credit Linked Note will be equal to the product of:

- (i) the Specified Denomination of such Linear Basket Credit Linked Note; and
- (ii)
 - (x) an amount (expressed as a percentage) equal to (I) the Reference Entity Notional Amount outstanding in respect of the relevant Affected Reference Entity immediately prior to the Relevant Credit Event, divided by (II) the Original Aggregate Nominal Amount of the Linear Basket Credit Linked Notes (where the Relevant Credit Event is not an M(M)R Restructuring or no successor event has occurred); or
 - (y) an amount (expressed as a percentage) equal to (I) the Exercise Amount, divided by (II) the Original Aggregate Nominal Amount of the Linear Basket Credit Linked Notes (where the Relevant Credit Event is an M(M)R Restructuring); or
 - (z) an amount (expressed as a percentage) equal to (I) the Linear Basket Partial Nominal Amount, divided by (II) the Original Aggregate Nominal Amount of the Linear Basket Credit Linked Notes (where the Relevant Credit Event is not an M(M)R Restructuring and partial redemption occurs pursuant to Credit Linked Condition 22 (*Successor Provisions*)).

(d) *Impact of Credit Event on Accrual of Interest*

Notwithstanding anything to the contrary in General Condition 5 (*Interest*), following the occurrence of a Relevant Event Determination Date:

- (i) interest will cease to accrue on the Applicable Proportion of each Linear Basket Credit Linked Note in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*); and
- (ii) interest will continue to accrue as usual on any remaining portion of each Linear Basket Credit Linked Note unaffected by the Relevant Credit Event, in accordance with General Condition 5 (*Interest*) to (but excluding in the case of (x) and (y) and including in the case of (z)) the earliest to occur of (x) the Scheduled Maturity Date, (y) an Early Redemption Date, Optional Redemption Date or Substitution Event Date, as applicable, which results in the Linear Basket Credit Linked Notes being redeemed in full, and (z) the Relevant Event Determination Date corresponding to the relevant Credit Event Redemption Date which results in the Linear Basket Credit Linked Notes being redeemed in full; and
- (iii) where "Credit Payment on Maturity applies", additional interest shall accrue on the Linear Basket Credit Linked Notes in respect of the Credit Payment on Maturity

Amount in accordance with Credit Linked Condition 2(f) (*Accrual of Interest at Funding Interest Rate following the occurrence of a Relevant Credit Event or Relevant Risk Event*).

Further, if the Scheduled Maturity Date is defined in the relevant Issue Terms by reference to an Interest Payment Date, then the Scheduled Maturity Date shall be the date which would have been such Interest Payment Date notwithstanding that, due to the occurrence of a Credit Event, interest has ceased to accrue in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*).

(e) *Payment of Accrued Interest*

Where "Interest Accrual on Default" applies, any interest accrued on the Linear Basket Credit Linked Notes in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*) from (and including) the Interest Payment Date immediately preceding the Relevant Event Determination Date (or if there is no Interest Payment Date, the Issue Date) to (and including) the Relevant Event Determination Date shall be payable on:

- (i) if "Credit Payment following Credit Event" applies, a date falling no later than 10 Business Days following the relevant Credit Event Redemption Date;
- (ii) if "Credit Payment on Maturity" applies, such date as determined by the Calculation Agent;
- (iii) if the Linear Basket Credit Linked Notes are early redeeming in full, the Early Redemption Date, the Optional Redemption Date or the Substitution Event Date, as applicable; or
- (iv) if "Physical Redemption" applies, a date falling no later than 10 Business Days following the first Delivery Date.

(f) *Redemption following a Credit Event*

Notwithstanding anything to the contrary in General Condition 6 (*Redemption and Purchase*) and unless previously redeemed in full or purchased and cancelled, following the occurrence of a Relevant Event Determination Date, the Issuer will redeem the Applicable Proportion of each Linear Basket Credit Linked Note in accordance with the "Auction Redemption" Credit Event Redemption Method, the "Cash Redemption" Credit Event Redemption Method, the "Physical Redemption" Credit Event Redemption Method or the "Fixed Recovery Redemption" Credit Event Redemption Method, as specified in the Issue Terms.

(i) **Auction Redemption**

Auction Redemption shall apply where "Auction Redemption" is specified as the Credit Event Redemption Method in the relevant Issue Terms.

(A) **Credit Payment following Credit Event**

If each of (i) "Credit Payment following Credit Event" and (ii) Auction Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem the Applicable Proportion of each Linear Basket Credit Linked Note on the Auction Redemption Date at the Auction Redemption Amount in accordance with Credit Linked Condition 15 (*Auction Redemption Terms*).

The outstanding portion of such Linear Basket Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(B) Credit Payment on Maturity

If each of (i) "Credit Payment on Maturity" and (ii) Auction Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem each Linear Basket Credit Linked Note on the Final Auction Redemption Date at the Final Auction Redemption Amount in accordance with Credit Linked Condition 15 (*Auction Redemption Terms*).

(ii) **Cash Redemption**

Cash Redemption shall apply where (i) "Cash Redemption" is specified as the Credit Event Redemption Method in the relevant Issue Terms, or (ii) Cash Redemption is applicable as the Fallback Redemption Method and Credit Linked Condition 15 (*Auction Redemption Terms*) requires the Issuer to redeem the Applicable Proportion of the Linear Basket Credit Linked Notes as if Cash Redemption had been specified as the Credit Event Redemption Method.

(A) Credit Payment following Credit Event

If each of (i) "Credit Payment following Credit Event" and (ii) Cash Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem the Applicable Proportion of each Linear Basket Credit Linked Note on the Cash Redemption Date at the Cash Redemption Amount in accordance with Credit Linked Condition 16 (*Cash Redemption Terms*).

The outstanding portion of such Linear Basket Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(B) Credit Payment on Maturity

If each of (i) "Credit Payment on Maturity" and (ii) Cash Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem each Linear Basket Credit Linked Note on the Final Cash Redemption Date at the Final Cash Redemption Amount in accordance with Credit Linked Condition 16 (*Cash Redemption Terms*).

(iii) **Physical Redemption**

Physical Redemption shall apply where (i) "Physical Redemption" is specified as the Credit Event Redemption Method in the relevant Issue Terms or (ii) Physical Redemption is applicable as the Fallback Redemption Method and Credit Linked Condition 15 (*Auction Redemption Terms*) requires the Issuer to redeem the Applicable Proportion of the Linear Basket Credit Linked Notes as if Physical Redemption had been specified as the Credit Event Redemption Method.

If Physical Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem the Applicable Proportion of each Linear Basket Credit Linked Note by Delivery to each Securityholder of the Physical Redemption Assets by the relevant Physical Redemption Date and payment to each Securityholder of any Partial Cash Redemption Amount, any Fallback Cash Redemption Amount and/or any Asset Package Cash Redemption Amount (where applicable) in accordance with Credit Linked Condition 17 (*Physical Redemption Terms*) of these Credit Linked Conditions.

The outstanding portion of such Linear Basket Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(iv) **Fixed Recovery Redemption**

Fixed Recovery Redemption shall apply where it is specified as the Credit Event Redemption Method in the relevant Issue Terms.

If Fixed Recovery Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem the Applicable Proportion of each Linear Basket Credit Linked Note on the Cash Redemption Date at the Cash Redemption Amount (if "Credit Payment following Credit Event" applies) or the Final Cash Redemption Date at the Final Cash Redemption Amount (if "Credit Payment on Maturity" applies) in accordance with Credit Linked Condition 18 (*Fixed Recovery Redemption Terms*) of these Credit Linked Conditions.

Where "Credit Payment following Credit Event" applies, the outstanding portion of such Linear Basket Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

6. **Index Untranching Credit Linked Notes**

The provisions of this Credit Linked Condition 6 shall not apply to Single Name Credit Linked Notes, Nth-to-Default Basket Credit Linked Notes, Linear Basket Credit Linked Notes, Index Tranching Credit Linked Notes, Portfolio Tranching Credit Linked Notes or Local Access Credit Linked Notes.

(a) *Introduction*

Index Untranching Credit Linked Notes are Credit Linked Notes pursuant to which the Issuer purchases credit protection from Securityholders in respect of the performance of component Reference Entities of a specified Index (which will be either an iTraxx[®] or CDX[®] index).

If a Credit Event occurs in respect of a Reference Entity, the Index Untranching Credit Linked Notes will be redeemed in part to reflect the loss suffered in respect of such Affected Reference Entity and accordingly, Securityholders are exposed to the credit risk of each Reference Entity in the Index in proportion to its weighting.

(b) *Multiple Relevant Credit Events*

There may be more than one Relevant Credit Event and related Relevant Event Determination Date with respect to Index Untranching Credit Linked Notes where Relevant Credit Events and related Relevant Event Determination Dates occur in respect of more than one Reference Entity in the Index.

There may also be more than one Relevant Credit Event and related Relevant Event Determination Date with respect to a single Reference Entity in accordance with Credit Linked Conditions 14 (*M(M)R Restructuring*) and 22 (*Successor Provisions*).

(c) *Applicable Proportion*

The Applicable Proportion of an Index Untranching Credit Linked Note will be equal to the product of:

- (i) the Specified Denomination of such Index Untranching Credit Linked Note; and
- (ii)
 - (x) an amount (expressed as a percentage) equal to (I) the Reference Entity Notional Amount outstanding in respect of the relevant Affected Reference Entity immediately prior to the Relevant Credit Event, divided by (II) the Original Aggregate Nominal Amount of the Index Untranching Credit Linked Notes (where the Relevant Credit Event is not an M(M)R Restructuring or no successor event has occurred); or

- (y) an amount (expressed as a percentage) equal to (I) the Exercise Amount, divided by (II) the Original Aggregate Nominal Amount of the Index Untranchured Credit Linked Notes (where the Relevant Credit Event is an M(M)R Restructuring); or
- (z) an amount (expressed as a percentage) equal to (I) the Index Untranchured Partial Nominal Amount, divided by (II) the Original Aggregate Nominal Amount of the Index Untranchured Credit Linked Notes (where the Relevant Credit Event is not an M(M)R Restructuring and partial redemption occurs pursuant to application of Credit Linked Condition 22 (*Successor Provisions*)).

(d) *Impact of Credit Event on Accrual of Interest*

Notwithstanding anything to the contrary in General Condition 5 (*Interest*), following the occurrence of a Relevant Event Determination Date:

- (i) interest will cease to accrue on the Applicable Proportion of each Index Untranchured Credit Linked Note in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*); and
- (ii) interest will continue to accrue as usual on any remaining portion of each Index Untranchured Credit Linked Note unaffected by the Relevant Credit Event in accordance with General Condition 5 (*Interest*) to (but excluding in the case of (x) and (y) and including in the case of (z)) the earliest to occur of (x) the Scheduled Maturity Date, (y) the Early Redemption Date, the Optional Redemption Date or the Substitution Event Date, as applicable, which results in the Index Untranchured Credit Linked Notes being redeemed in full, and (z) the Relevant Event Determination Date corresponding to the relevant Credit Event Redemption Date which results in the Index Untranchured Credit Linked Notes being redeemed in full; and
- (iii) where "Credit Payment on Maturity applies", additional interest shall accrue on the Index Untranchured Credit Linked Notes in respect of the Credit Payment on Maturity Amount in accordance with Credit Linked Condition 2(f) (*Accrual of Interest at Funding Interest Rate following the occurrence of a Relevant Credit Event or Relevant Risk Event*).

Further, if the Scheduled Maturity Date is defined in the relevant Issue Terms by reference to an Interest Payment Date, then the Scheduled Maturity Date shall be the date which would have been such Interest Payment Date notwithstanding that, due to the occurrence of a Credit Event, interest has ceased to accrue in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*).

(e) *Payment of Accrued Interest*

Where "Interest Accrual on Default" applies, any interest accrued on the Index Untranchured Credit Linked Notes in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*) from (and including) the Interest Payment Date immediately preceding the Relevant Event Determination Date (or if there is no Interest Payment Date, the Issue Date) to (and including) the Relevant Event Determination Date shall be payable on:

- (i) if "Credit Payment following Credit Event" applies, a date falling no later than 10 Business Days following the relevant Credit Event Redemption Date;
- (ii) if "Credit Payment on Maturity" applies, such date as determined by the Calculation Agent; or
- (iii) if the Index Untranchured Credit Linked Notes are early redeeming in full, the Early Redemption Date, the Optional Redemption Date or the Substitution Event Date, as applicable.

(f) *Redemption following a Credit Event*

Notwithstanding anything to the contrary in General Condition 6 (*Redemption and Purchase*) and unless previously redeemed in full or purchased and cancelled, following the occurrence of a Relevant Event Determination Date, the Issuer will redeem the Applicable Proportion of each Index Untranchured Credit Linked Note in accordance with the "Auction Redemption" Credit Event Redemption Method, the "Cash Redemption" Credit Event Redemption Method or the "Fixed Recovery Redemption" Credit Event Redemption Method, as specified in the Issue Terms.

(i) **Auction Redemption**

Auction Redemption shall apply where "Auction Redemption" is specified as the Credit Event Redemption Method in the relevant Issue Terms.

(A) Credit Payment following Credit Event

If each of (i) "Credit Payment following Credit Event" and (ii) Auction Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem the Applicable Proportion of each Index Untranchured Credit Linked Note on the Auction Redemption Date at the Auction Redemption Amount in accordance with Credit Linked Condition 15 (*Auction Redemption Terms*) of these Credit Linked Conditions.

The outstanding portion of such Index Untranchured Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(B) Credit Payment on Maturity

If each of (i) "Credit Payment on Maturity" and (ii) Auction Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem each Index Untranchured Credit Linked Note on the Final Auction Redemption Date at the Final Auction Redemption Amount in accordance with Credit Linked Condition 15 (*Auction Redemption Terms*).

(ii) **Cash Redemption**

Cash Redemption shall apply where (i) "Cash Redemption" is specified as the Credit Event Redemption Method in the relevant Issue Terms, or (ii) Cash Redemption is applicable as the Fallback Redemption Method and Credit Linked Condition 15 (*Auction Redemption Terms*) requires the Issuer to redeem the Applicable Proportion of each Index Untranchured Credit Linked Note as if Cash Redemption had been specified as the Credit Event Redemption Method.

(A) Credit Payment following Credit Event

If each of (i) "Credit Payment following Credit Event" and (ii) Cash Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem the Applicable Proportion of each Index Untranchured Credit Linked Note on the Cash Redemption Date at the Cash Redemption Amount in accordance with Credit Linked Condition 16 (*Cash Redemption Terms*) of these Credit Linked Conditions.

The outstanding portion of such Index Untranchured Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(B) Credit Payment on Maturity

If each of (i) "Credit Payment on Maturity" and (ii) Cash Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem each Index Untranchured Credit Linked Note on the Final Cash Redemption Date at the Final Cash Redemption Amount in accordance with Credit Linked Condition 16 (*Cash Redemption Terms*) of these Credit Linked Conditions.

(iii) **Fixed Recovery Redemption**

Fixed Recovery Redemption shall apply where it is specified as the Credit Event Redemption Method in the relevant Issue Terms.

If Fixed Recovery Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem the Applicable Proportion of each Index Untranchured Credit Linked Note on the Cash Redemption Date at the Cash Redemption Amount (if "Credit Payment following Credit Event" applies) or the Final Cash Redemption Date at the Final Cash Redemption Amount (if "Credit Payment on Maturity" applies) in accordance with Credit Linked Condition 18 (*Fixed Recovery Redemption Terms*).

Where "Credit Payment following Credit Event" applies, the outstanding portion of such Index Untranchured Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(g) *Amendment to Index Annex*

The Index Annex will be deemed amended from time to time to reflect any modifications resulting from Credit Linked Conditions 22 (*Successor Provisions*), 24(a) (*Standard Reference Obligation and Non-Standard Reference Obligation*) and 24(b) (*Substitute Reference Obligation*) and the definitions of Reference Entity, Reference Obligation, Standard Reference Obligation, Substitute Reference Obligation and Successor as set out in Credit Linked Condition 29 (*Definitions*).

(h) *Restriction on Delivery of Credit Event Notice or Successor Notice*

Notwithstanding anything to the contrary in these Credit Linked Conditions, neither the Calculation Agent nor the Issuer may deliver a Credit Event Notice or a Successor Notice, unless a notice has previously been delivered to the DC Secretary in accordance with the DC Rules requesting that the relevant Credit Derivatives Determinations Committee be convened to Resolve a DC Credit Event Question or one or more Successors to the relevant Reference Entity, as applicable, with respect to the facts described in with respect to the facts described in such Credit Event Notice or Successor Notice, as applicable, and either (a) a DC Credit Event Question Dismissal has occurred, (b) the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved not to make a determination or (b) the DC Secretary has publicly announced that the conditions to convening the relevant Credit Derivatives Determinations Committee to Resolve such matter have not been satisfied in accordance with the DC Rules. Any Credit Event Notice or Successor Notice, as applicable, delivered in breach of the requirements in this Credit Linked Condition 6(h) shall be deemed not to have been delivered.

(i) *Restructurings in respect of component Reference Entities of an Index*

Notwithstanding anything to the contrary in these Credit Linked Conditions, if a DC Credit Event Announcement occurs in respect of an M(M)R Restructuring with respect to a component Reference Entity of the relevant Index (such Reference Entity, a "**Restructured Entity**"), from (and including) the calendar day immediately following the date of such DC Credit Event Announcement, the relevant Index Untranchured Credit Linked Notes will be amended without the consent of the Securityholders to reflect the following terms:

- (i) the Restructured Entity will be deemed to have been removed from the Index and the Index Annex; and

- (ii) the portion of the Index Untranchured Credit Linked Notes relating to such Restructured Entity will not redeem but will instead continue as Single Name Credit Linked Notes referencing the Restructured Entity with the same economic terms and conditions that such Index Untranchured Credit Linked Notes had immediately before such DC Credit Event Announcement, except that the provisions of this Credit Linked Condition 6(i) shall not apply (such new Credit Linked Notes, the "**New Single Name Credit Linked Notes**") and if exercised, the Applicable Proportion of each New Single Name Credit Linked Note will redeem in accordance with the provisions set out in Credit Linked Condition 6(f) (*Redemption following a Credit Event*); and
- (iii) following such event, and unless Resolved otherwise by a relevant Credit Derivatives Determinations Committee, such New Single Name Credit Linked Notes (referencing solely the Restructured Entity) shall apply such that the economic terms of the New Single Name Credit Linked Notes as closely as possible preserve the economic equivalent of the relevant Credit Linked Notes immediately before the DC Credit Event Announcement and the Outstanding Aggregate Nominal Amount of such New Single Name Credit Linked Notes shall be to the Reference Entity Notional Amount with respect to the Restructured Entity immediately prior to the DC Credit Event Announcement.

New Single Name Credit Linked Notes shall, for the avoidance of doubt, be treated for all purposes as Single Name Credit Linked Notes under these Credit Linked Conditions.

7. **Index Tranchured Credit Linked Notes**

The provisions of this Credit Linked Condition 7 shall not apply to Single Name Credit Linked Notes, Nth-to-Default Basket Credit Linked Notes, Linear Basket Credit Linked Notes, Index Untranchured Credit Linked Notes, Portfolio Tranchured Credit Linked Notes or Local Access Credit Linked Notes.

(a) *Introduction*

Index Tranchured Credit Linked Notes are Credit Linked Notes pursuant to which the Issuer purchases credit protection from Securityholders in respect of a specified tranche which is linked to the performance of the component Reference Entities of a specified Index (which will be either an iTraxx® or CDX® index).

If a Relevant Credit Event occurs in respect of a Reference Entity, the Index Tranchured Credit Linked Notes will be written down and/or partially redeemed, as applicable, to reflect the incurred loss and/or any incurred recovery amount in respect of such Affected Reference Entity (to the extent that such incurred loss/incurred recovery amount falls within the tranche to which the Index Tranchured Credit Linked Notes are exposed to), and any incurred recovery amount in respect of such Affected Reference Entity will be payable to Securityholders following the Relevant Credit Event in accordance with Credit Linked Condition 7(f) (*Redemption following a Credit Event*). Accordingly, Index Tranchured Credit Linked Notes are exposed to the credit risk of each Reference Entity in the Index in proportion to its weighting.

(b) *Multiple Relevant Credit Events*

There may be more than one Relevant Credit Event and related Relevant Event Determination Date with respect to Index Tranchured Credit Linked Notes where Relevant Credit Events and related Relevant Event Determination Dates occur in respect of more than one Reference Entity in the Index.

There may be also be more than one Relevant Credit Event and related Relevant Event Determination Date with respect to a single Reference Entity in accordance with Credit Linked Conditions 14 (*M(M)R Restructuring*) and 22 (*Successor Provisions*).

(c) *Applicable Proportion*

The Applicable Proportion of an Index Tranchured Credit Linked Note will be equal to the product of:

- (i) the Specified Denomination of such Index Tranch Credit Linked Note; and
 - (ii) an amount (expressed as a percentage) equal to (I) the relevant Principal Writedown Amount, divided by (II) the Original Aggregate Nominal Amount of the Index Tranch Credit Linked Notes.
- (d) *Impact of Credit Event on Accrual of Interest*

Notwithstanding anything to the contrary in General Condition 5 (*Interest*), following the occurrence of a Relevant Event Determination Date:

- (i) interest will cease to accrue on the Applicable Proportion of each Index Tranch Credit Linked Note in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*);
- (ii) if the Calculation Agent determines that there is an Index Tranch Incurred Loss Amount and/or a Index Tranch Incurred Recovery Amount greater than zero with respect to an Affected Reference Entity, for the purpose of calculating the interest due on the Index Tranch Credit Linked Notes going forward, each Index Tranch Credit Linked Note then outstanding shall be reduced by its *pro rata* share of the Principal Writedown Amount with effect from the Credit Event Writedown Date (notwithstanding, where "Credit Payment on Maturity" applies and there is an Index Tranch Incurred Recovery Amount, that the Index Tranch Final Redemption Amount shall be not be payable until the Final Auction Redemption Date or Final Cash Redemption Date, as applicable) purely for the purposes of determining the interest amount accrued; and
- (iii) interest will continue to accrue as usual on any remaining portion of each Index Tranch Credit Linked Note (after, if applicable, any writedown of the Index Tranch Credit Linked Notes by the Principal Writedown Amount in accordance with paragraph (ii) above) unaffected by the Relevant Credit Event in accordance with General Condition 5 (*Interest*) to (but excluding in the case of (x) and (y) and including in the case of (z)) the earliest to occur of (x) the Scheduled Maturity Date, (y) the Early Redemption Date, the Optional Redemption Date or the Substitution Event Date, as applicable, which results in the Index Tranch Credit Linked Notes being redeemed in full, and (z) the Relevant Event Determination Date corresponding to the relevant Credit Event Redemption Date which results in the Index Tranch Credit Linked Notes being redeemed in full; and
- (iv) where "Credit Payment on Maturity applies", additional interest shall accrue on the Credit Payment on Maturity Amount in accordance with Credit Linked Condition 2(f) (*Accrual of Interest at Funding Interest Rate following the occurrence of a Relevant Credit Event or Relevant Risk Event*).

Further, if the Scheduled Maturity Date is defined in the relevant Issue Terms by reference to an Interest Payment Date, then the Scheduled Maturity Date shall be the date which would have been such Interest Payment Date notwithstanding that, due to the occurrence of a Credit Event, interest has ceased to accrue in accordance in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*).

- (e) *Payment of Accrued Interest*

Where "Interest Accrual on Default" applies, any interest accrued on the Index Tranch Credit Linked Notes in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*) from (and including) the Interest Payment Date immediately preceding the Relevant Event Determination Date (or if there is no Interest Payment Date, the Issue Date) to (and including) the Relevant Event Determination Date shall be payable on:

- (i) if "Credit Payment following Credit Event" applies and:

- (x) an Index Trunched Incurred Loss Amount is determined (but there is no Index Trunched Incurred Recovery Amount and therefore no Credit Event Redemption Date has occurred), a date falling no later than 10 Business Days following the relevant Auction Final Price Determination Date or Final Price Determination Date, as applicable; or
 - (y) otherwise, a date falling no later than 10 Business Days following the relevant Credit Event Redemption Date;
 - (ii) if "Credit Payment on Maturity" applies, such date as determined by the Calculation Agent; or
 - (iii) if the Index Trunched Credit Linked Notes are early redeeming in full, the Early Redemption Date, the Optional Redemption Date or the Substitution Event Date, as applicable.
- (f) *Redemption following a Credit Event*

Notwithstanding anything to the contrary in General Condition 6 (*Redemption and Purchase*) and unless previously redeemed in full or purchased and cancelled, following the occurrence of a Relevant Event Determination Date, the Issuer will partially redeem each Index Trunched Credit Linked Note in accordance with the "Auction Redemption" Credit Event Redemption Method, the "Cash Redemption" Credit Event Redemption Method or the "Fixed Recovery Redemption" Credit Event Redemption Method, as specified in the Issue Terms.

(i) **Auction Redemption**

Auction Redemption shall apply where "Auction Redemption" is specified as the Credit Event Redemption Method in the relevant Issue Terms.

(A) Credit Payment following Credit Event

If each of (i) "Credit Payment following Credit Event" and (ii) Auction Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall partially redeem each Index Trunched Credit Linked Note on the Auction Redemption Date at the Index Trunched Redemption Amount (if any) in accordance with Credit Linked Condition 15 (*Auction Redemption Terms*).

The outstanding portion of such Index Trunched Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(B) Credit Payment on Maturity

If each of (i) "Credit Payment on Maturity" and (ii) Auction Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem each Index Trunched Credit Linked Note in whole on the Final Auction Redemption Date at the Index Trunched Final Redemption Amount in accordance with Credit Linked Condition 15 (*Auction Redemption Terms*) of these Credit Linked Conditions.

(ii) **Cash Redemption**

Cash Redemption shall apply where (i) "Cash Redemption" is specified as the Credit Event Redemption Method in the relevant Issue Terms, or (ii) Cash Redemption is applicable as the Fallback Redemption Method and Credit Linked Condition 15 (*Auction Redemption Terms*) requires the Issuer to redeem the Index Trunched Credit Linked Notes as if Cash Redemption had been specified as the Credit Event Redemption Method.

(A) Credit Payment following Credit Event

If each of (i) "Credit Payment following Credit Event" and (ii) Cash Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall partially redeem each Index Trunched Credit Linked Note on the Cash Redemption Date at the Index Trunched Redemption Amount (if any) in accordance with Credit Linked Condition 16 (*Cash Redemption Terms*).

The outstanding portion of such Index Trunched Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(B) Credit Payment on Maturity

If each of (i) "Credit Payment on Maturity" and (ii) Cash Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem each Index Trunched Credit Linked Note in whole on the Final Cash Redemption Date at the Index Trunched Final Redemption Amount in accordance with Credit Linked Condition 16 (*Cash Redemption Terms*).

(iii) **Fixed Recovery Redemption**

Fixed Recovery Redemption shall apply where it is specified as the Credit Event Redemption Method in the relevant Issue Terms.

If Fixed Recovery Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall partially redeem each Index Trunched Credit Linked Note on the Cash Redemption Date at the Index Trunched Redemption Amount (if "Credit Payment following Credit Event" applies) or the outstanding portion of each Index Trunched Credit Linked Note in whole on the Final Cash Redemption Date at the Index Trunched Final Redemption Amount (if "Credit Payment on Maturity" applies) in accordance with Credit Linked Condition 18 (*Fixed Recovery Redemption Terms*) of these Credit Linked Conditions.

Where "Credit Payment following Credit Event" applies, the outstanding portion of such Index Trunched Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(g) *Amendment to Index Annex*

The Index Annex will be deemed to be amended from time to time to reflect any modifications resulting from Credit Linked Conditions 22 (*Successor Provisions*), 24(a) (*Standard Reference Obligation and Non-Standard Reference Obligation*) and 24(b) (*Substitute Reference Obligation*) and the definitions of Reference Entity, Reference Obligation, Standard Reference Obligation, Substitute Reference Obligation and Successor as set out in Credit Linked Condition 29 (*Definitions*).

(h) *Restriction on Delivery of Credit Event Notice or Successor Notice*

Notwithstanding anything to the contrary in these Credit Linked Conditions, neither the Calculation Agent nor the Issuer may deliver a Credit Event Notice or a Successor Notice, unless a notice has previously been delivered to the DC Secretary in accordance with the DC Rules requesting that the relevant Credit Derivatives Determinations Committee be convened to Resolve a DC Credit Event Question or one or more Successors to the relevant Reference Entity, as applicable, with respect to the facts described in with respect to the facts described in such Credit Event Notice or Successor Notice, as applicable, and either (a) a DC Credit Event Question Dismissal has occurred, (b) the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved not to make a determination or (b) the DC Secretary has publicly announced that the conditions to convening

the relevant Credit Derivatives Determinations Committee to Resolve such matter have not been satisfied in accordance with the DC Rules. Any Credit Event Notice or Successor Notice, as applicable, delivered in breach of the requirements in this Credit Linked Condition 7(h) shall be deemed not to have been delivered.

8. Portfolio Tranched Credit Linked Notes

The provisions of this Credit Linked Condition 8 shall not apply to Single Name Credit Linked Notes, Nth-to-Default Basket Credit Linked Notes, Linear Basket Credit Linked Notes, Index Untranching Credit Linked Notes, Index Tranching Credit Linked Notes or Local Access Credit Linked Notes.

(a) Introduction

Portfolio Tranching Credit Linked Notes are Credit Linked Notes pursuant to which the Issuer purchases credit protection from Securityholders in respect of a specified tranche which is linked to the performance of the component Reference Entities of a bespoke basket.

If a Relevant Credit Event occurs in respect of a Reference Entity, the Portfolio Tranching Credit Linked Notes will be written down and/or partially redeemed, as applicable, to reflect the incurred loss and/or any incurred recovery amount in respect of such Affected Reference Entity (to the extent that such incurred loss/incurred recovery amount falls within the tranche to which the Portfolio Tranching Credit Linked Notes are exposed to), and any incurred recovery amount in respect of such Affected Reference Entity will be payable to Securityholders following the Relevant Credit Event in accordance with Credit Linked Condition 8(f) (*Redemption following a Credit Event*). Accordingly, Portfolio Tranching Credit Linked Notes are exposed to the credit risk of each Reference Entity in the basket in proportion to its weighting.

(b) Multiple Relevant Credit Events

There may be more than one Relevant Credit Event and related Relevant Event Determination Date with respect to Portfolio Tranching Credit Linked Notes where Relevant Credit Events and related Relevant Event Determination Dates occur in respect of more than one Reference Entity in the basket.

There may also be more than one Relevant Credit Event and related Relevant Event Determination Date with respect to a single Reference Entity in accordance with Credit Linked Conditions 14 (*M(M)R Restructuring*) and 22 (*Successor Provisions*).

(c) Applicable Proportion

The Applicable Proportion of a Portfolio Tranching Credit Linked Note will be equal to the product of:

- (i) the Specified Denomination of such Portfolio Tranching Credit Linked Note; and
- (ii) an amount (expressed as a percentage) equal to (I) the Principal Writedown Amount in respect of the relevant Affected Reference Entity, divided by (II) the Original Aggregate Nominal Amount of the Portfolio Tranching Credit Linked Notes.

(d) Impact of Credit Event on Accrual of Interest

Notwithstanding anything to the contrary in General Condition 5 (*Interest*), following the occurrence of a Relevant Event Determination Date:

- (i) interest will cease to accrue on the Applicable Proportion of each Portfolio Tranching Credit Linked Note in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*);

- (ii) if the Calculation Agent determines that there is a Portfolio Trunched Incurred Loss Amount and/or a Portfolio Trunched Incurred Recovery Amount greater than zero with respect to an Affected Reference Entity, for the purpose of calculating the interest due on the Portfolio Trunched Credit Linked Notes going forward, each Portfolio Trunched Credit Linked Note then outstanding shall be reduced by its pro rata share of the Principal Writedown Amount with effect from the Credit Event Writedown Date (notwithstanding, where "Credit Payment on Maturity" applies, that the Portfolio Trunched Final Redemption Amount shall be not be payable until the Final Auction Redemption Date or Final Cash Redemption Date, as applicable) purely for the purposes of determining the interest amount accrued; and
- (iii) interest will continue to accrue as usual on any remaining portion of each Portfolio Trunched Credit Linked Note (after, if applicable, any writedown of the Portfolio Trunched Credit Linked Note by the Principal Writedown Amount in accordance with paragraph (ii) above) unaffected by the Relevant Credit Event in accordance with General Condition 5 (*Interest*) to (but excluding in the case of (x) and (y) and including in the case of (z)) the earliest to occur of (x) the Scheduled Maturity Date, (y) the Early Redemption Date, the Optional Redemption Date or the Substitution Event Date, as applicable, which results in the Portfolio Trunched Credit Linked Notes being redeemed in full, and (z) the Relevant Event Determination Date corresponding to the relevant Credit Event Redemption Date which results in the Portfolio Trunched Credit Linked Notes being redeemed in full; and
- (iv) where "Credit Payment on Maturity applies", additional interest shall accrue on the Credit Payment on Maturity Amount in accordance with Credit Linked Condition 2(f) (*Accrual of Interest at Funding Interest Rate following the occurrence of a Relevant Credit Event or Relevant Risk Event*).

Further, if the Scheduled Maturity Date is defined in the relevant Issue Terms by reference to an Interest Payment Date, then the Scheduled Maturity Date shall be the date which would have been such Interest Payment Date notwithstanding that, due to the occurrence of a Credit Event, interest has ceased to accrue in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*).

(e) *Payment of Accrued Interest*

Where "Interest Accrual on Default" applies, any interest accrued on the Portfolio Trunched Credit Linked Notes in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*) from (and including) the Interest Payment Date immediately preceding the Relevant Event Determination Date (or if there is no Interest Payment Date, the Issue Date) to (and including) the Relevant Event Determination Date shall be payable on:

- (i) if "Credit Payment following Credit Event" applies and:
 - (x) a Portfolio Trunched Incurred Loss Amount is determined (but there is no Portfolio Trunched Incurred Recovery Amount and therefore no Credit Event Redemption Date has occurred), a date falling no later than 10 Business Days following the relevant Auction Final Price Determination Date or Final Price Determination Date, as applicable; or
 - (y) otherwise, a date falling no later than 10 Business Days following the relevant Credit Event Redemption Date;
- (ii) if "Credit Payment on Maturity" applies, such date as determined by the Calculation Agent; or
- (iii) if the Portfolio Trunched Credit Linked Notes are early redeeming in full, the Early Redemption Date, the Optional Redemption Date or the Substitution Event Date, as applicable.

(f) *Redemption following a Credit Event*

Notwithstanding anything to the contrary in General Condition 6 (*Redemption and Purchase*) and unless previously redeemed in full or purchased and cancelled, following the occurrence of a Relevant Event Determination Date, the Issuer will partially redeem each Portfolio Tranch Credit Linked Note in accordance with the "Auction Redemption" Credit Event Redemption Method, the "Cash Redemption" Credit Event Redemption Method or the "Fixed Recovery Redemption" Credit Event Redemption Method, as specified in the Issue Terms.

(i) **Auction Redemption**

Auction Redemption shall apply where "Auction Redemption" is specified as the Credit Event Redemption Method in the relevant Issue Terms.

(A) Credit Payment following Credit Event

If each of (i) "Credit Payment following Credit Event" and (ii) Auction Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall partially redeem each Portfolio Tranch Credit Linked Note on the Auction Redemption Date at the Portfolio Tranch Redemption Amount (if any) in accordance with Credit Linked Condition 15 (*Auction Redemption Terms*).

The outstanding portion of such Portfolio Tranch Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(B) Credit Payment on Maturity

If each of (i) "Credit Payment on Maturity" and (ii) Auction Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem each Portfolio Tranch Credit Linked Note in whole on the Final Auction Redemption Date at the Portfolio Tranch Final Redemption Amount in accordance with Credit Linked Condition 15 (*Auction Redemption Terms*).

(ii) **Cash Redemption**

Cash Redemption shall apply where (i) "Cash Redemption" is specified as the Credit Event Redemption Method in the relevant Issue Terms, or (ii) Cash Redemption is applicable as the Fallback Redemption Method and Credit Linked Condition 15 (*Auction Redemption Terms*) requires the Issuer to redeem the Portfolio Tranch Credit Linked Notes as if Cash Redemption had been specified as the Credit Event Redemption Method.

(A) Credit Payment following Credit Event

If each of (i) "Credit Payment following Credit Event" and (ii) Cash Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall partially redeem each Portfolio Tranch Credit Linked Note on the Cash Redemption Date at the Portfolio Tranch Redemption Amount (if any) in accordance with Credit Linked Condition 16 (*Cash Redemption Terms*).

The outstanding portion of such Portfolio Tranch Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(B) Credit Payment on Maturity

If each of (i) "Credit Payment on Maturity" and (ii) Cash Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall redeem each Portfolio Trunched Credit Linked Note in whole on the Final Cash Redemption Date at the Portfolio Trunched Final Redemption Amount in accordance with Credit Linked Condition 16 (*Cash Redemption Terms*).

(iii) **Fixed Recovery Redemption**

Fixed Recovery Redemption shall apply where it is specified as the Credit Event Redemption Method in the relevant Issue Terms.

If Fixed Recovery Redemption applies, then following the occurrence of a Relevant Event Determination Date, the Issuer shall partially redeem each Portfolio Trunched Credit Linked Note on the Cash Redemption Date at the Portfolio Trunched Redemption Amount (if "Credit Payment following Credit Event" applies) or the outstanding portion of each Portfolio Trunched Credit Linked Note in whole on the Final Cash Redemption Date at the Portfolio Trunched Final Redemption Amount (if "Credit Payment on Maturity" applies) in accordance with Credit Linked Condition 18 (*Fixed Recovery Redemption Terms*).

Where "Credit Payment following Credit Event" applies, the outstanding portion of such Portfolio Trunched Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

9. **Local Access Credit Linked Notes**

The provisions of this Credit Linked Condition 9 shall not apply to Single Name Credit Linked Notes, Nth-to-Default Basket Credit Linked Notes, Linear Basket Credit Linked Notes, Index Untrunched Credit Linked Notes, Index Trunched Credit Linked Notes or Portfolio Trunched Credit Linked Notes.

(a) *Introduction*

Local Access Credit Linked Notes are Credit Linked Notes pursuant to which the Issuer purchases credit protection from Securityholders in respect of one Reference Entity where such Reference Entity is a sovereign of a local access jurisdiction. Accordingly, in addition to the credit risk of such Reference Entity, Securityholders are also exposed to additional risks associated with such local access jurisdictions.

(b) *Multiple Relevant Risk Events*

There may be more than one Relevant Risk Event with respect to Local Access Credit Linked Notes in accordance with Credit Linked Condition 22 (*Successor Provisions*).

(c) *Applicable Proportion*

The Applicable Proportion of a Local Access Credit Linked Note will be equal to the product of:

- (i) the Specified Denomination of such Local Access Credit Linked Note; and
- (ii)
 - (x) 100 per cent. (where no successor event has occurred); or
 - (y) an amount (expressed as a percentage) equal to (I) the Local Access Partial Nominal Amount, divided by (II) the Original Aggregate Nominal Amount of the Local Access Credit Linked Notes (where partial redemption occurs pursuant to application of Credit Linked Condition 22 (*Successor Provisions*)).

(d) *Impact of Risk Event on Accrual of Interest*

General Condition 5 (*Interest*) will not be applicable to Local Access Credit Linked Notes and the provisions of this Credit Linked Condition shall apply instead.

Following the occurrence of a Relevant Risk Event Determination Date:

- (i) the payment of the LA Interest Amount corresponding to the Interest Payment Date of each Local Access Credit Linked Note will be suspended in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*), provided that if the Calculation Agent determines that the payment of LA Interest Amount for the relevant Interest Payment Date need not be suspended (due to such payment being unaffected by the potential Risk Event or otherwise), such suspension will not apply and the LA Interest Amount will be payable as usual on the relevant Interest Payment Date; and
- (ii) following the occurrence of a Relevant Risk Event Determination Date, if the Outstanding Aggregate Nominal Amount of the Local Access Credit Linked Note is not reduced to zero, the LA Interest Amount will continue to be payable on the relevant Interest Payment Date as usual (but only to the extent of any apportioned amount following any multiple successor determination or other adjustment deemed necessary to give effect to the terms of the Credit Linked Conditions as determined by the Calculation Agent) with respect to each Local Access Credit Linked Note to (but excluding in the case of (x) and (y) and including in the case of (z)) the earliest to occur of (x) the Scheduled Maturity Date, (y) the Early Redemption Date or the Substitution Event Date, as applicable, which results in the Local Access Credit Linked Notes being redeemed in full, and (z) the Relevant Risk Event Determination Date corresponding to the relevant Credit Event Redemption Date which results in the Local Access Credit Linked Notes being redeemed in full, except that in the case of (y) and (z) interest shall be payable if, and only if, the relevant Interest Payment Date has occurred on or prior to the relevant dates referred to in (y) and (z); and
- (iii) where "Credit Payment on Maturity applies", additional interest shall accrue on the Local Access Credit Linked Notes in respect of the Credit Payment on Maturity Amount in accordance with Credit Linked Condition 2(f) (*Accrual of Interest at Funding Interest Rate following the occurrence of a Relevant Credit Event or Relevant Risk Event*).

Further, if the Scheduled Maturity Date is defined in the relevant Issue Terms by reference to an Interest Payment Date, then the Scheduled Maturity Date shall be the date which would have been such Interest Payment Date notwithstanding that, due to the occurrence of a Risk Event, interest has ceased to accrue in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*).

(e) *Payment of Accrued Interest*

Where "Interest Accrual on Default" applies, any interest accrued on the Local Access Credit Linked Notes in accordance with Credit Linked Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*) from (and including) the Interest Payment Date immediately preceding the Relevant Risk Event Determination Date (or if there is no Interest Payment Date, the Issue Date) to (and including) the Relevant Risk Event Determination Date shall be payable on:

- (i) if "Credit Payment following Risk Event" applies, a date falling no later than 10 Business Days following the relevant Credit Event Redemption Date, provided that interest shall be payable if, and only if, the relevant Interest Payment Date has occurred prior to the relevant Credit Event Redemption Date;

- (ii) if "Credit Payment on Maturity" applies, such date as determined by the Calculation Agent, provided that interest shall be payable if and only if the relevant Interest Payment Date has occurred prior to the relevant LA Valuation Date;
 - (iii) if the Local Access Credit Linked Notes are early redeeming in full, the Early Redemption Date or the Substitution Event Date, as applicable, provided that interest shall be payable if, and only if, the relevant Interest Payment Date has occurred prior to the relevant Early Redemption Date or Substitution Event Date, as applicable; or
 - (iv) if "LA Physical Redemption" applies, a date falling no later than 10 Business Days following the first Delivery Date, provided that interest shall be payable if, and only if, the relevant Interest Payment Date has occurred prior to the first Delivery Date.
- (f) *Redemption following a Risk Event*

Notwithstanding anything to the contrary in General Condition 6 (*Redemption and Purchase*) and unless previously redeemed in full or purchased and cancelled, following the occurrence of a Relevant Risk Event Determination Date (subject to Credit Linked Condition 9(g) (*Adjustment following a Regulatory Change Event*)), the Issuer will redeem the Applicable Proportion of each Local Access Credit Linked Note in accordance with the "LA Cash Redemption" Risk Event Redemption Method, the "LA Physical Redemption" Risk Event Redemption Method or the "LA Fixed Recovery Redemption" Risk Event Redemption Method, as specified in the Issue Terms.

(i) **LA Cash Redemption**

LA Cash Redemption shall apply where "LA Cash Redemption" is specified as the Risk Event Redemption Method in the relevant Issue Terms.

(A) Credit Payment following Risk Event

If each of (i) "Credit Payment following Risk Event" and (ii) LA Cash Redemption applies, then following the occurrence of a Relevant Risk Event Determination Date and subject to Credit Linked Condition 9(g) (*Adjustment following a Regulatory Change Event*), the Issuer shall redeem the Applicable Proportion of each Local Access Credit Linked Note on the LA Cash Redemption Date at the LA Cash Redemption Amount in accordance with Credit Linked Condition 16(c) (*LA Cash Redemption Terms*).

The outstanding portion of such Local Access Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(B) Credit Payment on Maturity

If each of (i) "Credit Payment on Maturity" and (ii) LA Cash Redemption applies, then following the occurrence of a Relevant Risk Event Determination Date, the Issuer shall redeem each Local Access Credit Linked Note on the Final LA Cash Redemption Date at the Final LA Cash Redemption Amount in accordance with Credit Linked Condition 16(c) (*LA Cash Redemption Terms*).

(ii) **LA Physical Redemption**

LA Physical Redemption shall apply where it is specified as the Risk Event Redemption Method in the relevant Issue Terms.

If LA Physical Redemption applies, then following the occurrence of a Relevant Risk Event Determination Date and subject to Credit Linked Condition 9(g) (*Adjustment following a Regulatory Change Event*), the Issuer shall redeem the Applicable Proportion of each Local Access Credit Linked Note by Delivery to each Securityholder of each Local Access Credit Linked Note's *pro rata* share of the LA

Settlement Assets by the LA Physical Redemption Date and payment to each Securityholder of each Local Access Credit Linked Note's *pro rata* share of the Undeliverable LA Cash Redemption Amount (if any) in accordance with Credit Linked Condition 16(c) (*LA Cash Redemption Terms*).

The outstanding portion of such Local Access Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(iii) **LA Fixed Recovery Redemption**

LA Fixed Recovery Redemption shall apply where it is specified as the Risk Event Redemption Method in the relevant Issue Terms.

If LA Fixed Recovery Redemption applies, then following the occurrence of a Relevant Risk Event Determination Date and subject to Credit Linked Condition 9(g) (*Adjustment following a Regulatory Change Event*), the Issuer shall redeem the Applicable Proportion of each Local Access Credit Linked Note on the LA Cash Redemption Date at the LA Cash Redemption Amount (if "Credit Payment following Risk Event" occurs) or the Final LA Cash Redemption Date at the Final LA Cash Redemption Amount (if "Credit Payment on Maturity" occurs) in accordance with Credit Linked Condition 16(c) (*LA Cash Redemption Terms*), provided that the LA Cash Redemption Amount shall be determined using the Fixed Recovery Percentage specified in the relevant Issue Terms instead of the LA Recovery Amount, as further set out in the definition of LA Cash Redemption Amount in Credit Linked Condition 29 (*Definitions*).

If the Fixed Recovery Percentage is zero, following the occurrence of a Relevant Risk Event Determination Date, the occurrence of the LA Cash Redemption Date or the Final LA Cash Redemption Date, as applicable, shall fully and effectively discharge the Issuer's obligation to redeem the Applicable Proportion of the relevant Local Access Credit Linked Note. ***For the avoidance of doubt, in such circumstance, the loss amount in respect of the Affected Reference Entity will be deemed to be 100 per cent. and, accordingly, no amounts will be payable or assets deliverable to the Securityholders. The Securityholders will bear the loss of their entire principal and no liability shall attach to the Issuer.***

Where "Credit Payment following Risk Event" applies, the outstanding portion of such Local Access Credit Linked Note (if any) as at the Scheduled Maturity Date shall, subject to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), be redeemed at the Maturity Redemption Amount on the Scheduled Maturity Date.

(g) *Adjustment following a Regulatory Change Event*

If the Calculation Agent determines that a Regulatory Change Event has occurred or exists, then:

- (i) the Calculation Agent will, in its sole discretion, determine the amount by which any payment due to the Securityholders, or amount of LA Settlement Assets to be Delivered to the Securityholders, shall be reduced (provided that, such reduction amount shall be in the currency of the payment due or an amount of LA Settlement Assets (rounded down to the nearest denomination of the LA Settlement Assets)), as the case may be, and equal to each Local Access Credit Linked Note's *pro rata* share of the Regulatory Change Cost; and
- (ii) thereafter notify the Issuer of such adjustments.

The Issuer shall endeavour to give notice to the Securityholders in accordance with Credit Linked Condition 26 (*Notices*) of the occurrence of the foregoing event as soon as practicable thereafter.

(h) *Tax Deduction Event – Interest*

Unless "Tax Deduction Event – Interest" is specified as not applicable in the relevant Issue Terms and without duplication to Credit Linked Condition 9(g) (*Adjustment following a Regulatory Change Event*), if the Calculation Agent determines at any time on or prior to the last day of the final Calculation Period that there would be an Interest Tax Deduction Amount in respect of a payment of interest (howsoever described) in respect of the Reference Investor Assets, then any payment(s) of interest due to the Securityholder(s) shall be reduced by an amount that in aggregate is equal in value to each Local Access Credit Linked Note's *pro rata* share of such Interest Tax Deduction Amount, as determined by the Calculation Agent.

(i) *Tax Deduction Event – Principal*

Unless "Tax Deduction Event – Principal" is specified as not applicable in the relevant Issue Terms and without duplication to Credit Linked Condition 9(g) (*Adjustment following a Regulatory Change Event*) above, if the Calculation Agent determines at any time on or prior to the earlier of (i) the Scheduled Maturity Date or Extended Maturity Date, as applicable and (ii) an Early Redemption Date, Optional Redemption Date or Substitution Event Date, as applicable, which results in the Local Access Credit Linked Notes being early redeemed in full, that there would be a Principal Tax Deduction Amount in respect of a payment of principal (howsoever described) in respect of the redemption of the Reference Investor Assets, then any payment(s) of principal due to the Securityholder(s) (including any Early Redemption Amount, Merger Redemption Amount or Optional Redemption Amount), or amount of LA Settlement Assets to be delivered to the Securityholder(s) (rounded down to the nearest denomination of the LA Settlement Assets), shall be reduced by an amount that in aggregate is equal in value to each Local Access Credit Linked Note's *pro rata* share of such Principal Tax Deduction Amount, as determined by the Calculation Agent.

10. **Credit Event Notice, Risk Event Notice and Notice of Publicly Available Information**

Securityholders should note that paragraphs (a) and (b) of this Credit Linked Condition are specific to Credit Linked Notes in respect of which a Credit Event Notice is relevant and will therefore not apply to Local Access Credit Linked Notes.

- (a) If a Credit Event Notice and, if "Notice of Publicly Available Information" is specified to be applicable in the relevant Issue Terms, an effective Notice of Publicly Available Information is required to be delivered for an effective Notice Delivery Date and related Event Determination Date to occur, the Calculation Agent shall deliver the Credit Event Notice and, if applicable, a Notice of Publicly Available Information to the Issuer. The Issuer shall, upon receipt of such notice(s), forward them to the Fiscal Agent to make available to the Securityholders in accordance with Credit Linked Condition 26 (*Notices*).
- (b) If a Credit Event Notice and where applicable, a Notice of Publicly Available Information is not required to be delivered in order for an Event Determination Date to occur, the Calculation Agent shall give written notice not less than five Business Days prior to the date for redemption or writedown, as applicable, of the Credit Linked Notes (or a portion thereof) containing the same information required to be included in a Credit Event Notice and if applicable, a Notice of Publicly Available Information to the Issuer. The Issuer shall, upon receipt of such notice(s), forward them to the Fiscal Agent for delivery to the Securityholders in accordance with Credit Linked Condition 26 (*Notices*).
- (c) The Calculation Agent's determination of a Credit Event or Risk Event, as applicable, will, in the absence of manifest error, be final, conclusive and binding on all persons (including, without limitation, the Fiscal Agent and each Securityholder).
- (d) None of the Issuer, the Calculation Agent, the Fiscal Agent or one or more of their respective affiliates will have any liability whatsoever for the failure of the Calculation Agent for any reason to determine that a Credit Event or Risk Event, as applicable, has occurred or with respect to the Calculation Agent or the Issuer's timing as to when to deliver a Credit Event Notice or Risk Event Notice, as applicable, and where applicable, a Notice of Publicly Available Information nor will they have any duty or responsibility to investigate or check

whether any Credit Event or Risk Event, as applicable, has, or may have, occurred or may be continuing.

11. Relevant Time

(a) Event timing

Subject to Credit Linked Condition 26 (*Notices*) and Credit Linked Condition 11(b) (*Payment timing*), in order to determine the day on which an event occurs for purposes of these Credit Linked Conditions, the demarcation of days shall be made by reference to Greenwich Mean Time (or Tokyo time if the Calculation Agent determines that Tokyo time is the market convention with respect to the relevant Reference Entity), irrespective of the time zone in which such event occurred. Any event occurring at midnight shall be deemed to have occurred immediately prior to midnight.

(b) Payment timing

Notwithstanding the definition of "Credit Event Notice" or "Risk Event Notice" and Credit Linked Condition 11(a) (*Event timing*), if a payment is not made by the relevant Reference Entity on its due date or, as the case may be, on the final day of the relevant Grace Period, then such failure to make a payment shall be deemed to have occurred on such day prior to midnight Greenwich Mean Time (or Tokyo time if the Calculation Agent determines that Tokyo time is the market convention with respect to the relevant Reference Entity), irrespective of the time zone of its place of payment.

12. Event Determination Date - Adjustment Payment and Ordering of Events

(a) Occurrence of Event Determination Date

If, following the determination of an Event Determination Date, such Event Determination Date is deemed by the Calculation Agent and/or the Issuer (i) to have occurred on a date that is different from the date that was originally determined to be the Event Determination Date, (ii) not to have occurred, or (iii) to have occurred prior to a preceding Interest Payment Date, then:

- (A) in respect of the event specified at (ii) only, where the Credit Linked Notes have not already been redeemed or written down in full, the redemption or writedown of the Credit Linked Notes shall be cancelled and the Credit Linked Notes shall continue in accordance with their terms as if the relevant Event Determination Date had not occurred; and
- (B) in respect of any of the events specified at (i), (ii) or (iii) above, the Calculation Agent will, in its sole and absolute discretion, determine (I) the adjustment payment, if any, that is payable to Securityholders to reflect any change that may be necessary to the amount previously calculated and/or paid in respect of the relevant Series; and (II) the date on which such adjustment payment is payable, if any and thereafter notify the Issuer of such adjustments. For the avoidance of doubt, no accruals of interest, shall be taken into account when calculating any such adjustment payment,

and in the case of (iii) above, subject to Credit Linked Condition 2 (*Interest on Credit Linked Notes*).

The Issuer shall endeavour to give notice to the Securityholders in accordance with Credit Linked Condition 26 (*Notices*) of the occurrence of any of the foregoing events as soon as practicable thereafter without the consent of Securityholders being required to make the above adjustments.

(b) Ordering of Event Determination Date or Risk Event Determination Date following multiple Credit Events or Risk Events

If an Event Determination Date or Risk Event Determination Date, as applicable, occurs in respect of more than one Reference Entity, if applicable, on the same day, the occurrence of

the Event Determination Date or Risk Event Determination Date, as applicable, will be determined chronologically in the order that either of the following events occurred with respect to such Reference Entity/ies:

- (i) the Credit Event Resolution Request Date (provided that if a Credit Event Resolution Request Date occurs in respect of more than one such Reference Entity on the same day, the first Reference Entity in respect of which the DC Secretary announces that the relevant DC Credit Event Question was effective and the relevant Credit Derivatives Determinations Committee was in possession of the relevant Publicly Available Information with respect to such DC Credit Event Question will be deemed to have satisfied this condition first) (a "**DC-determined EDD**"); or
- (ii) the delivery of the Credit Event Notice or Risk Event Notice, as applicable (provided that if any of the relevant Credit Event Notices or Risk Event Notices, as applicable, are delivered at the same time, in a sequential order determined by the Calculation Agent) (a "**Notice-determined EDD**"),

provided that:

- (A) if a Notice-determined EDD is amended by the occurrence of a DC-determined EDD, the DC-determined EDD will govern;
- (B) if both (x) one or more DC-determined EDDs and (y) one or more Notice-determined EDDs occur on the same day, any such DC-determined EDD shall be deemed to have occurred prior to any such Notice-determined EDD, notwithstanding the exact time of the occurrence of such events on such day; and
- (C) if an M(M)R Restructuring has occurred and a Credit Event Notice is delivered following a DC Credit Event Announcement, the Relevant Credit Event and related Relevant Event Determination Date shall be construed as having occurred under Credit Linked Condition 12(b)(i) instead of Credit Linked Condition 12(b)(ii).

13. **Scheduled Maturity Date Extension**

Where the Calculation Agent determines on or prior to the Scheduled Maturity Date, in its sole and absolute discretion, that:

- (i) one or more Reference Entities:
 - (x) may be subject to (A) a Credit Event or (B) a Risk Event, as applicable (including, without limitation, where a DC Credit Event Question has been submitted but the relevant Credit Derivatives Determinations Committee has not declared a DC Credit Event Announcement, announced a DC Credit Event Question Dismissal, declared a DC No Credit Event Announcement or resolved whether or not to convene to resolve any issue);
 - (y) is or may be subject to a Potential Failure to Pay, if "Grace Period Extension" is specified as being applicable in the relevant Issue Terms; or
 - (z) is or may be subject to a Potential Repudiation/Moratorium, if "Repudiation/Moratorium" is specified as being applicable in the relevant Issue Terms;
- (ii) a Credit Event Notice or Risk Event Notice, as applicable, may be delivered after the Scheduled Maturity Date within an effective delivery period which may result in a Relevant Event Determination Date or a Relevant Risk Event Determination Date, as applicable, occurring;

- (iii) a Credit Event Resolution Request Date may occur after the Scheduled Maturity Date but during the Notice Delivery Period which may result in a Relevant Event Determination Date occurring;
- (iv) the final Credit Event Redemption Date in relation to any Relevant Credit Event or Relevant Risk Event, as applicable, or the Final Physical Redemption Cut-Off Date in relation to any Physical Redemption, as applicable, will only occur after the Scheduled Maturity Date (including any final Partial Cash Redemption Date or final Fallback Partial Cash Redemption Date, as applicable);
- (v) a Payment Failure Cut-Off Date in relation to a Payment/ Delivery Failure Event may occur after the Scheduled Maturity Date; or
- (vi) a RMB Currency Settlement Cut-Off Date may occur after the Scheduled Maturity Date,

it shall notify the Issuer and the Fiscal Agent. The Issuer shall then notify the Securityholders and the Credit Linked Notes then outstanding shall not be redeemed on the Scheduled Maturity Date but shall instead be redeemed on the Extended Maturity Date.

If any amount is payable on the Scheduled Maturity Date of a Credit Linked Note (including any interest payment) to which the provisions of this Credit Linked Condition 13 apply, such amount shall fall due on the Extended Maturity Date and shall be payable without any interest or other sum payable in respect of the postponement of the payment of such amount.

14. **M(M)R Restructuring**

Securityholders should note that this Credit Linked Condition does not apply to Local Access Credit Linked Notes.

For the purposes of this Credit Linked Condition, the definitions of "Outstanding Aggregate Nominal Amount" and "Reference Entity Notional Amount" shall be construed in accordance with the provisions set out in Credit Linked Condition 22 (Successor Provisions) where apportionment of calculation amounts as a result of multiple successors being identified is to be applied.

(a) *Credit Event Notice after an M(M)R Restructuring*

Upon the occurrence of an M(M)R Restructuring, the Calculation Agent may deliver multiple Credit Event Notices with respect to such M(M)R Restructuring to the Issuer (who shall forward such notice(s) to the Fiscal Agent for onward delivery to the Securityholders), each such Credit Event Notice specifying either (i) the amount of the Original Aggregate Nominal Amount of the Credit Linked Notes to which such Credit Event Notice applies or (ii) the Reference Entity Notional Amount of the Affected Reference Entity, to which such Credit Event Notice applies, as applicable, as determined by the Calculation Agent which may:

- (i) if the Credit Linked Notes are Single Name Credit Linked Notes or Nth-to-Default Basket Credit Linked Notes, be less than the Outstanding Aggregate Nominal Amount of such Credit Linked Notes; or
- (ii) if the Credit Linked Notes are Linear Basket Credit Linked Notes, Index Untranchured Credit Linked Notes, Index Tranchured Credit Linked Notes or Portfolio Tranchured Credit Linked Notes, may be less than the Reference Entity Notional Amount of the Affected Reference Entity,

(such amounts specified in the Credit Event Notice, the "**Exercise Amount**"), provided that if the Credit Event Notice does not specify an Exercise Amount, then:

- (A) if the Credit Linked Notes are Single Name Credit Linked Notes or Nth-to-Default Basket Credit Linked Notes, the Outstanding Aggregate Nominal Amount of the Credit Linked Notes immediately prior to the delivery of such Credit Event Notice; or

- (B) if the Credit Linked Notes are Linear Basket Credit Linked Notes, Index Untranchéd Credit Linked Notes, Index Tranchéd Credit Linked Notes or Portfolio Tranchéd Credit Linked Notes, the relevant Reference Entity Notional Amount outstanding in respect of the Affected Reference Entity immediately prior to the delivery of such Credit Event Notice,

in either case, as determined by the Calculation Agent will be deemed to have been specified as the Exercise Amount.

Accordingly, notwithstanding anything to the contrary in these Credit Linked Conditions, where an M(M)R Restructuring has occurred and a Credit Event Notice has been delivered for an Exercise Amount that is less than (i) the Outstanding Aggregate Nominal Amount of the Credit Linked Notes, or (ii) the Reference Entity Notional Amount outstanding in respect of the Affected Reference Entity, in each case, as at the date immediately prior to the delivery of such Credit Event Notice, the provisions of these Credit Linked Conditions shall be deemed to apply to a principal amount of the Credit Linked Notes equal to the Exercise Amount only and all the relevant provisions shall be construed accordingly.

(b) *Redemption of Credit Linked Notes following partial exercise*

If a Credit Event Notice has been delivered in respect of an M(M)R Restructuring that specifies an Exercise Amount that (x) in the case of Single Name Credit Linked Notes or Nth-to-Default Basket Credit Linked Notes, is less than the Original Aggregate Nominal Amount of the Credit Linked Notes or, (y) in the case of Linear Basket Credit Linked Notes, Index Untranchéd Credit Linked Notes, Index Tranchéd Credit Linked Notes or Portfolio Tranchéd Credit Linked Notes specifies an Exercise Amount that is less than the Affected Reference Entity's Reference Entity Notional Amount, then:

- (i) the relevant provisions of Credit Linked Conditions 3 (*Single Name Credit Linked Notes*), 4 (*Nth-to-Default Basket Credit Linked Notes*), 5 (*Linear Basket Credit Linked Notes*), 6 (*Index Untranchéd Credit Linked Notes*), 7 (*Index Tranchéd Credit Linked Notes*) and 8 (*Portfolio Tranchéd Credit Linked Notes*) relating to the redemption or writedown of Credit Linked Notes shall apply to the Exercise Amount, including for the purposes of calculating the relevant Credit Event Redemption Amount or the Physical Redemption Assets to be Delivered to Securityholders or, in the case of Index Tranchéd Credit Linked Notes or Portfolio Tranchéd Credit Linked Notes, for the purposes of calculating the relevant Loss Amount, Recovery Amount and corresponding Index Tranchéd Incurred Loss Amount, Index Tranchéd Incurred Recovery Amount, Portfolio Tranchéd Incurred Loss Amount or Portfolio Tranchéd Incurred Recovery Amount, as applicable. In such circumstances, the Calculation Agent may adjust such provisions of the Credit Linked Conditions and/or relevant Issue Terms as it determines appropriate to take account of this Credit Linked Condition 14, including the basis of the calculation of any Credit Event Redemption Amount, the Principal Writedown Amount or the Physical Redemption Assets to be Delivered to Securityholders;
- (ii) following any payment of a relevant Credit Event Redemption Amount or Delivery of the Physical Redemption Assets to Securityholders or any other determination made in respect of any Exercise Amount, the Outstanding Aggregate Nominal Amount or Reference Entity Notional Amount (as applicable) for the relevant Affected Reference Entity shall (in all cases without double counting) be reduced by an amount equal to the Exercise Amount (and for the avoidance of doubt, where applicable, the aggregate of the Reference Entity Notional Amounts shall be reduced accordingly). The Credit Linked Notes shall remain outstanding in an amount equal to the Outstanding Aggregate Nominal Amount and interest (if applicable) shall accrue on the Outstanding Aggregate Nominal Amount as provided for in General Condition 5 (*Interest*) and the Calculation Agent may thereafter deliver one or more further Credit Event Notices in respect of such Outstanding Aggregate Nominal Amount to which the Credit Linked Conditions shall continue to apply; and

- (iii) the Calculation Agent may adjust the provisions of these Credit Linked Conditions and/or the relevant Issue Terms in such manner as it may determine to be appropriate to account for such event.

(c) *Subsequent Credit Events*

For the avoidance of doubt (i) in the case of an Nth-to-Default Basket Credit Linked Note, once an M(M)R Restructuring has occurred in respect of the nth Reference Entity, no further Credit Event Notices may be delivered in respect of any Reference Entity other than the Affected Reference Entity that was the subject of the first occurring Restructuring Credit Event; and (ii) in the case of a Credit Linked Note subject to multiple successor determinations or a Linear Basket Credit Linked Note, an Index Untranching Credit Linked Note, an Index Tranching Credit Linked Note or a Portfolio Tranching Credit Linked Note, the fact that a Restructuring Credit Event has occurred in respect of a Reference Entity shall not preclude delivery of a Credit Event Notice in respect of any other Reference Entity.

(d) *Endorsement of Global Registered Note Certificate to reflect partial redemption*

If the provisions of Credit Linked Condition 14 (*M(M)R Restructuring*) apply in respect of the Credit Linked Notes, on any redemption of part of each such Credit Linked Note, the relevant Credit Linked Note or, if the Credit Linked Notes are represented by a Global Registered Note Certificate, such Global Registered Note Certificate, shall be endorsed to reflect such part redemption on the relevant Credit Event Redemption Date.

(e) *Exercise Amount*

The Exercise Amount in connection with a Credit Event Notice describing an M(M)R Restructuring must be (i) an amount that is at least 1,000,000 units of the Settlement Currency (or, if Japanese Yen, 100,000,000 units) or an integral multiple thereof; or (ii) the entire Outstanding Aggregate Nominal Amount of the Credit Linked Notes or the entire Reference Entity Notional Amount of the Affected Reference Entity, as applicable.

The Exercise Amount must be an amount that (x) in the case of Single Name Credit Linked Notes or Nth-to-Default Basket Credit Linked Notes, is not greater than the Outstanding Aggregate Nominal, or (y) in the case of Linear Basket Credit Linked Notes, Index Untranching Credit Linked Notes, Index Tranching Credit Linked Notes or Portfolio Tranching Credit Linked Notes, is not greater than the Reference Entity Notional Amount of the Affected Reference Entity.

The Exercise Amount shall be determined in the sole discretion of the Calculation Agent.

15. **Auction Redemption Terms**

(a) *Fallback Redemption*

Subject to Credit Linked Condition 21(d) (*Redemption Suspension*), if the Calculation Agent determines with respect to a Credit Event and any relevant Applicable DC Credit Event Question, Applicable Resolution and/or Applicable Auction, that:

- (i) an Auction Cancellation Date has occurred;
- (ii) a No Auction Announcement Date has occurred (and, in circumstances where such No Auction Announcement Date occurs pursuant to this Credit Linked Condition 15(a) or sub-paragraphs (b) or (c)(ii) under the definition of "No Auction Announcement Date", the Calculation Agent has not exercised the Movement Option);
- (iii) a No Auction Announcement Date has occurred but the relevant Credit Derivatives Determinations Committee has not determined that one or more Auctions will be held in accordance with any Transaction Auction Settlement Terms or, if applicable, Parallel Auction Settlement Terms;
- (iv) a DC Credit Event Question Dismissal occurs; or

- (v) a Relevant Event Determination Date was determined pursuant to sub-paragraph (a) of the definition of "Standard Event Determination Date" or pursuant to sub-paragraph (a) of the definition of "Non-Standard Event Determination Date", and no Credit Event Resolution Request Date has occurred on or prior to the date falling three Business Days after such Relevant Event Determination Date, or
- (vi) a Relevant Event Determination Date was determined pursuant to sub-paragraph (b)(ii)(B)(II)(2) of the definition of "Non-Standard Event Determination Date",

then, the Fallback Redemption Method shall apply and the Issuer shall redeem each Credit Linked Note in accordance with Credit Linked Condition 16 (*Cash Redemption Terms*) (if Cash Redemption is specified in the relevant Issue Terms as the Fallback Redemption Method) or in accordance with Credit Linked Condition 17 (*Physical Redemption Terms*) (if Physical Redemption is specified in the relevant Issue Terms as the Fallback Redemption Method).

(b) *Movement Option*

If "Restructuring Maturity Limitation and Fully Transferable Obligation Applicable" or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable" is specified in the relevant Issue Terms and the Calculation Agent determines in respect of an M(M)R Restructuring that a No Auction Announcement Date has occurred pursuant to sub-paragraph (b) or (c)(ii) of the definition of "No Auction Announcement Date", the Calculation Agent may elect in its sole and absolute discretion to deliver a Notice to Exercise Movement Option to the Issuer (who will then send a subsequent notice to the Fiscal Agent for onward delivery to the Securityholders) at any time on or prior to the Movement Option Cut-off Date. If a Notice to Exercise Movement Option is so delivered, then any redemption of the Credit Linked Notes shall be effected by the Issuer by payment of the relevant Auction Redemption Amount on the relevant Auction Redemption Date (or, if "Credit Payment on Maturity" applies, by payment of the Final Auction Redemption Amount on the Final Auction Redemption Date), as applicable, and any such redemption and/or writedown of the Credit Linked Notes shall be determined on the basis of the Auction Final Price determined by reference to the relevant Parallel Auction identified by the Calculation Agent in the Notice to Exercise Movement Option. If a Notice to Exercise Movement Option is delivered by the Calculation Agent, all references in these Credit Linked Conditions to "Applicable Auction", "Applicable Auction Settlement Terms", "Auction Cancellation Date" and "Auction Final Price Determination Date" shall be deemed to be references to the "Parallel Auction", "Parallel Auction Settlement Terms" and "Parallel Auction Cancellation Date" and the terms of these Credit Linked Conditions shall be construed accordingly.

(c) *Auction Final Price of the Asset Package*

If an Asset Package Credit Event has occurred and the Auction Final Price for the Applicable Auction reflects the entire relevant Asset Package in respect of the Prior Deliverable Obligation(s) or Package Observable Bond(s), as applicable (including any cash forming part of the Asset Package and the Asset Market Value of any Non-Financial Instrument or Non-Transferable Instrument), the Auction Redemption Amount, Final Auction Redemption Amount, Loss Amount or Recovery Amount (calculated for the purpose of determining the Index Tranche Incurred Loss Amount, the Index Tranche Incurred Recovery Amount (if any), Portfolio Tranche Incurred Loss Amount or the Portfolio Tranche Incurred Recovery Amount (if any), as applicable), as applicable, shall be determined using such Auction Final Price.

(d) *Delivery of Auction Redemption Amount Notice*

Regardless of whether "Credit Payment on Maturity" or "Credit Payment Following Credit Event" applies, following the Auction Final Price Determination Date, the Calculation Agent shall deliver the Auction Redemption Amount Notice to the Issuer and the Issuer shall deliver the Auction Redemption Amount Notice to the Fiscal Agent no later than five Business Days following the Auction Final Price Determination Date. The Fiscal Agent shall then, as soon as

reasonably practicable, deliver the Auction Redemption Amount Notice to the Securityholders in accordance with Credit Linked Condition 26 (*Notices*).

In the case of Index Tranching Credit Linked Notes and Portfolio Tranching Credit Linked Notes, the Calculation Agent will inform the Issuer, for notification to the Fiscal Agent and the Securityholders, as soon as reasonably practicable following the determination thereof of (i) any Loss Amount or Recovery Amount in respect of an Affected Reference Entity, irrespective of whether the Aggregate Loss Amount or Aggregate Recovery Amount (if any), as applicable, is less than or equal to the Loss Threshold Amount or Recovery Threshold Amount, respectively, and (ii) any Index Tranching Incurred Loss Amount and/or Index Tranching Incurred Recovery Amount or Portfolio Tranching Incurred Loss Amount and/or Portfolio Tranching Incurred Recovery Amount in respect of an Affected Reference Entity.

16. **Cash Redemption Terms**

(a) *Determination of Final Price*

- (i) Subject to Credit Linked Condition 21(d) (*Redemption Suspension*), on the Valuation Date, the Calculation Agent shall commence determination of the Final Price using the Valuation Obligation to be valued.
- (ii) If:
 - (A) "Include Accrued Interest" is specified in the relevant Issue Terms, the Outstanding Principal Balance of the Valuation Obligation shall include accrued but unpaid interest;
 - (B) "Exclude Accrued Interest" is specified in the relevant Issue Terms, the Outstanding Principal Balance of the Valuation Obligation shall not include accrued but unpaid interest; or
 - (C) neither "Include Accrued Interest" nor "Exclude Accrued Interest" is specified in the relevant Issue Terms, the Calculation Agent shall determine, based on the then current market practice in the market of the Valuation Obligation whether the Outstanding Principal Balance of the Valuation Obligation shall include or exclude accrued but unpaid interest and, if applicable, the amount thereof.

(b) *Delivery of Cash Redemption Amount Notice*

Regardless of whether "Credit Payment on Maturity" or "Credit Payment Following Credit Event" applies, the Calculation Agent shall, as soon as reasonably practicable, after obtaining all Quotations for a Valuation Date and determining the Final Price (such date of determination, the "**Final Price Determination Date**"), provide the Issuer with a Cash Redemption Amount Notice. The Issuer shall deliver the Cash Redemption Amount Notice to the Fiscal Agent no later than five Business Days following the Final Price Determination Date. The Fiscal Agent shall then, as soon as reasonably practicable, deliver the Cash Redemption Amount Notice to the Securityholders in accordance with Credit Linked Condition 26 (*Notices*).

In the case of Index Tranching Credit Linked Notes and Portfolio Tranching Credit Linked Notes, the Calculation Agent will inform the Issuer, for notification to the Fiscal Agent and the Securityholders, as soon as reasonably practicable following the determination thereof of (i) any Loss Amount or Recovery Amount in respect of an Affected Reference Entity, irrespective of whether the Aggregate Loss Amount or Aggregate Recovery Amount (if any), as applicable, is less than or equal to the Loss Threshold Amount or Recovery Threshold Amount, respectively, and (ii) any incurred Loss Amount or incurred Recovery Amount in respect of an Affected Reference Entity.

If an Asset Package Credit Event has occurred, (A) valuation of a Prior Deliverable Obligation or Package Observable Bond may be satisfied by valuation of the related Asset Package and such Asset Package shall be treated as having the same currency and Outstanding Principal Balance as that of the Prior Deliverable Obligation or Package Observable Bond, as

applicable, to which it corresponds immediately prior to the Asset Package Credit Event and (B) if the Asset Package is zero, a Quotation shall be deemed to have been obtained for the Outstanding Principal Balance of the Prior Deliverable Obligation or Package Observable Bond, as applicable, equal to zero.

(c) *LA Cash Redemption Terms*

(i) *Provision of Risk Event Notice*

Following the determination of a Relevant Risk Event by the Calculation Agent, the Calculation Agent shall, as soon as reasonably practicable, deliver a Risk Event Notice to the Issuer, who shall thereafter forward such notice to the Fiscal Agent. The Fiscal Agent shall then, as soon as reasonably practicable, but not later than the LA Cash Redemption Date, deliver the Risk Event Notice to the Securityholders in accordance with Credit Linked Condition 26 (*Notices*).

(ii) *Determination of LA Recovery Amount*

The Calculation Agent shall determine the LA Recovery Amount on the LA Valuation Date.

17. **Physical Redemption Terms**

(a) *Delivery of Physical Redemption Assets*

(i) Subject to Credit Linked Condition 21(d) (*Redemption Suspension*) and notwithstanding anything to the contrary in General Condition 6 (*Redemption and Purchase*), and unless previously redeemed in full or purchased and cancelled, if (a) Physical Redemption is specified as the Credit Event Redemption Method in the relevant Issue Terms; or (b) Physical Redemption is applicable as the Fallback Redemption Method and Credit Linked Condition 15 (*Auction Redemption Terms*) requires that the Issuer redeems the Credit Linked Notes in accordance with this Credit Linked Condition 17 following the occurrence of a Relevant Event Determination Date, the Applicable Proportion of each Credit Linked Note, shall, subject to and in accordance with this Credit Linked Condition 17, be redeemed by, in respect of each Securityholder: (i) Delivery (at the risk of the relevant Securityholder) of the Physical Redemption Assets specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable, on or prior to the Physical Redemption Date in accordance with Credit Linked Condition 17(b) (*Physical Redemption Assets*); and (ii) payment of the Partial Cash Redemption Amount or Fallback Cash Redemption Amount (if applicable) in accordance with Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*) or any Asset Package Cash Redemption Amount (where applicable) in accordance with Credit Linked Condition 17(j)(iii) (*Asset Package Delivery*) pursuant to which the Issuer's obligations in respect of the redemption of the Applicable Proportions of each Credit Linked Note shall be fully and effectively discharged.

(ii) In respect of Credit Linked Notes that are only partially redeemed, the remaining portion of each Credit Linked Note which is not so redeemed shall be redeemed on the later of (i) the later to occur of (a) the Scheduled Maturity Date and (b) the Extended Maturity Date, as applicable, at the Maturity Redemption Amount, and (ii) where the Credit Linked Notes early redeem in full, the Early Redemption Date, Optional Redemption Date or Substitution Event Date, as applicable.

(iii) In order for the Credit Linked Notes to be redeemed in accordance with this Credit Linked Condition 17:

(A) Upon receiving notification of the occurrence of a Relevant Credit Event and a corresponding Notice of Physical Settlement from the Calculation Agent, the Issuer shall forward the relevant Credit Event Notice and such Notice of Physical Settlement to the Fiscal Agent for onward delivery to the Securityholders in accordance with Credit Linked Condition 26 (*Notices*) as

soon as practicable and, in any case, prior to the relevant Physical Redemption Date.

- (B) The Calculation Agent may, at any time, deliver to the Issuer a NOPS Amendment Notice stating that the Issuer would be replacing, in whole or in part, the Deliverable Obligations specified in the Notice of Physical Settlement or a prior NOPS Amendment Notice, as applicable, which such notice shall be sent to the Fiscal Agent for onward delivery to the Securityholders in accordance with Credit Linked Condition 26 (*Notices*).
- (C) The relevant Securityholder shall deliver to the Fiscal Agent (and where the relevant Credit Linked Note is in definitive form, to the Registrar), prior to 3.00 p.m. (London) on the 10th Business Day following the date of effective delivery by the Fiscal Agent of the Notice of Physical Settlement to the Securityholders and, if relevant, any NOPS Amendment Notice, a duly completed notice in writing (a "**Deliverable Obligation Notice**"):
 - (I) in the case of Credit Linked Notes represented by a Global Registered Note Certificate, specifying the Series number of the Credit Linked Notes which is the subject of the Deliverable Obligation Notice;
 - (II) including such details as are required for the transfer or assignment of the Physical Redemption Assets which may include, without limitation, (a) the name, address and/or details of the relevant Securityholder's (or the Securityholder's designee's) account at Clearstream, Luxembourg or Euroclear or DTC, as applicable (the "**Relevant Clearing System**"), to be debited with such Physical Redemption Assets and/or any bank, broker, agent or designee of the Securityholder to whom documents evidencing the transfer of Physical Redemption Assets to be delivered; and (b) irrevocably instructing and authorising the Relevant Clearing Systems to debit the relevant Securityholder's account to complete Delivery;
 - (III) specifying the name and details of the account to which the Partial Cash Redemption Amount, Fallback Cash Redemption Amount or Asset Package Cash Redemption Amount (in each case, if any) is to be credited;
 - (IV) containing an acknowledgment that an amount equal to each Credit Linked Note's *pro rata* share of all Unwind Costs, Delivery Expenses or Interest Suspension Shortfall Amount (in each case, if any) shall be deducted from the Outstanding Principal Balance or Due and Payable Amount;
 - (V) certifying, either (i) in respect of Credit Linked Notes represented by a Regulation S Global Registered Note Certificate, that the beneficial owner of each such Credit Linked Note is not a U.S. person (as defined in the Deliverable Obligation Notice), the Note is not being redeemed within the United States or on behalf of a U.S. person and no cash, notes or other property have been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with any redemption thereof; or (ii) in respect of Credit Linked Notes represented by a Rule 144A Global Registered Note Certificate, that the beneficial owner of each such Credit Linked Note is a QIB;
 - (VI) authorising the production of such certification in any applicable administrative or legal proceedings, as provided in the Fiscal Agency Agreement;
 - (VII) if the Credit Linked Notes are in definitive form, including the definitive Credit Linked Notes;

- (VIII) providing a Euroclear screenshot of each Securityholder's holdings; and
- (IX) containing a confirmation that the Credit Linked Notes will not be transferred until Delivery is completed, subject in any case to any transfer restrictions.
- (iv) Forms of the Deliverable Obligation Notice will be delivered to the Securityholders together with the Notice of Physical Settlement or NOPS Amendment Notice, as applicable.
- (v) No Deliverable Obligation Notice may be withdrawn after receipt thereof by the Relevant Clearing System, the Issuer, the Fiscal Agent or the Registrar, as the case may be, as provided above. After delivery of a Deliverable Obligation Notice (i) such relevant Securityholder or its designee (on its behalf), as applicable, shall be the only person entitled to delivery of its portion of the Physical Redemption Assets, and as such (ii) the relevant Securityholder may not transfer the Credit Linked Notes which are the subject of such notice.
- (vi) Failure to properly complete and deliver a Deliverable Obligation Notice may result in such notice being treated as null and void and deemed to not have been provided. Any determination as to whether such notice has been properly completed and delivered as provided in these Credit Linked Conditions shall be made by the Calculation Agent, the Issuer or the Fiscal Agent, on the Issuer's behalf, and shall be conclusive and binding on the relevant Securityholder.
- (vii) Delivery of the Physical Redemption Assets and payment of the Partial Cash Redemption Amount or Fallback Cash Redemption Amount (in each case, if any) in respect of each Securityholder shall be made by the Issuer in accordance with the details specified in the applicable Deliverable Obligation Notice.
- (b) *Physical Redemption Assets*
 - (i) Subject to this Credit Linked Condition 17(b), the Issuer may only Deliver the Deliverable Obligations specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable.
 - (ii) Until the date on which the Physical Redemption Assets have been fully Delivered, the Issuer or any other person (including the Issuer's Affiliates) will continue to be the legal holder of the Deliverable Obligations comprising the Physical Redemption Assets. None of the Issuer nor any such other person will (i) be under any obligation to deliver or procure delivery to any Securityholder or any other person any letter, certificate, notice, circular or any other document or payment whatsoever received by the Issuer or that other person in its capacity as legal holder of such Deliverable Obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Deliverable Obligations comprising the Physical Redemption Assets, (iii) be under any liability to such Securityholder or any other person in respect of any loss or damage which such Securityholder or other person may sustain or suffer as a result, whether directly or indirectly, of the Issuer or any other person being the legal holder of such Deliverable Obligations comprising the Physical Redemption Assets, or (iv) have any liability whatsoever to any Securityholder or any other person if, as a result of a Payment/Delivery Failure Event or for any other reason whatsoever (including without limitation Credit Linked Conditions 17(c) (*Election to deliver alternative amount of Deliverable Obligations / Hedge Disruption Obligation*) to 17(h) (*Alternative Procedures Relating to Loans not Delivered*)) or Credit Linked Condition 17(j)(iv) (*Asset Package Delivery*)), it is unable to effect Delivery of any Deliverable Obligations comprising the Physical Redemption Assets and the obligations hereunder shall be satisfied by partial cash settlement or fallback cash redemption (if applicable) or shall cease, and be deemed to be fully discharged in accordance with the Credit Linked Conditions.

- (iii) If the Calculation Agent determines that all or any part of the Physical Redemption Assets that would be required to be Delivered to a Securityholder is not a whole integral multiple of the smallest unit of transfer for any such Physical Redemption Assets at the relevant time of Delivery, the Issuer will Deliver and such Securityholder will only be entitled to receive such portion of the Physical Redemption Assets specified by the Issuer which is as large a size as possible (as determined by the Calculation Agent, after consideration of such smallest unit or units of transfer and application of rounding to such amount, whether upwards or downwards to the nearest unit of transfer, in its sole discretion). Any portion of the Physical Redemption Assets not so delivered shall be deemed to have a value of zero and the Issuer's obligations to the Securityholders in respect of such portion shall be fully and effectively discharged.
- (c) *Election to deliver alternative amount of Deliverable Obligations / Hedge Disruption Obligation*

Notwithstanding anything to the contrary in Credit Linked Condition 17(a) (*Delivery of Physical Redemption Assets*), the Issuer may elect to Deliver to Securityholders Deliverable Obligations with an Outstanding Principal Balance or a Due and Payable Amount, as applicable (or the equivalent Currency Amount of any such amount), that is (i) greater than, or (ii) less than, that which each Securityholder would otherwise have been entitled to receive by way of Physical Redemption Assets.

If:

- (i) the Issuer exercises its election pursuant to this Credit Linked Condition 17(c); or
- (ii) the Calculation Agent determines that the Deliverable Obligations set out in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable, cannot be Delivered due to an event (including, without limitation, any delay in settlement of any Applicable Auction) which results in the Issuer and/or its Affiliates not receiving the relevant Deliverable Obligations under its Hedging Positions (such obligations which cannot be Delivered, a "**Hedge Disruption Obligation**"),

the Issuer may attempt to continue to Deliver without prejudice to the provisions set out in Credit Linked Condition 17(a) (*Delivery of Physical Redemption Assets*) and the Calculation Agent may (but is not obliged to) after taking into account costs to the Issuer, including the trading price of any alternative Deliverable Obligation, provide notice to the Issuer (which shall be forwarded to the Fiscal Agent for onward delivery to Securityholders) that alternative Deliverable Obligation(s) will be delivered in lieu of any other Deliverable Obligation specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable, satisfying on the Physical Redemption Date and the Delivery Date, each of the Deliverable Obligation Characteristics, if any, specified in the relevant Issue Terms and otherwise satisfying the requirements to constitute a Deliverable Obligation (and such instrument shall be deemed specified in the NOPS Amendment Notice which will be effective notwithstanding the fact that it is deemed specified after the Physical Redemption Date). If no Delivery has been completed on or prior to the Latest Permissible Physical Settlement Date, Cash Redemption shall be deemed to apply instead pursuant to the fallback cash redemption terms in Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*) with respect to the Deliverable Obligations that cannot be Delivered and the Issuer shall pay to each Securityholder each Credit Linked Note's *pro rata* share of the Fallback Cash Redemption Amount on the Fallback Cash Redemption Date. For such purpose, the Deliverable Obligations that cannot be Delivered (including the Hedge Disruption Obligations) shall constitute an "Undelivered Deliverable Obligation" for the purposes of the application of Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*).

- (d) *Partial Cash Redemption due to Impossibility or Illegality*

If, due to an event beyond the control of the Issuer, it is impossible or illegal for the Issuer to Deliver, or due to an event beyond the control of the Issuer it is impossible or illegal for any Securityholder to accept Delivery of, any of the Deliverable Obligations (other than a Prior

Deliverable Obligation or a Package Observable Bond if an Asset Package Credit Event has occurred) specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, on the Physical Redemption Date (including, without limitation, failure of the relevant clearance system or due to any law, regulation or court order, but excluding market conditions or the failure to obtain any requisite consent with respect to the Delivery of Loans), then on or before such date:

- (i) the Issuer shall Deliver and the Securityholder shall take Delivery of any of the Deliverable Obligations specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable, for which it is possible and legal to take Delivery; and
- (ii) the Calculation Agent shall provide a description in reasonable detail of the facts giving rise to such impossibility or illegality and, as soon as practicable thereafter, the Issuer shall Deliver and the Securityholder shall take Delivery of the Deliverable Obligations specified in the Notice of Physical Settlement or NOPS Amendment Notice as applicable which were not delivered on the Delivery Date.

The date on which the Deliverable Obligations specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable, which were not Delivered and are subsequently Delivered shall be the date on which the Issuer is deemed to have completed Delivery of the Deliverable Obligations specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable, relating to the Relevant Credit Event.

If following the occurrence of any such impossibility or illegality, the amount of Deliverable Obligations that are to be Delivered as specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, are not delivered to the Securityholders on or prior to the Latest Permissible Physical Settlement Date, then Cash Redemption in accordance with the partial cash redemption terms in Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*) shall apply with respect to the Deliverable Obligations that cannot be Delivered (the "**Undeliverable Obligations**").

(e) *Partial Cash Redemption of Consent Required Loans*

If:

- (i) the Deliverable Obligations specified in the Notice of Physical Settlement or NOPS Amendment Notice include Consent Required Loans that, due to the non-receipt of any requisite consents, are not, on the Physical Redemption Date, capable of being assigned or novated to the Securityholder or its designee, as applicable, and such consents are not obtained or deemed given by the Latest Permissible Physical Settlement Date; and
- (ii) "Direct Loan Participation" is not specified as a Deliverable Obligation Characteristic in the relevant Issue Terms, or "Direct Loan Participation" is specified as a Deliverable Obligation Characteristic in the relevant Issue Terms and the relevant participation is not effected on or before the Latest Permissible Physical Settlement Date,

Cash Redemption pursuant to the partial cash redemption terms in Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*) shall be deemed to apply to the Credit Linked Notes with respect to the Deliverable Obligations specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable, that consist of Consent Required Loans for which consents are not obtained or deemed given (the "**Undeliverable Loan Obligations**").

(f) *Partial Cash Redemption of Assignable Loans*

If:

- (i) the Deliverable Obligations specified in the Notice of Physical Settlement or NOPS Amendment Notice include Assignable Loans that, due to the non-receipt of any requisite consents, are not, on the Physical Redemption Date, capable of being assigned

or novated to the Securityholder or its designee, as applicable, and such consents are not obtained or deemed given by the Latest Permissible Physical Settlement Date; and

- (ii) "Direct Loan Participation" is not specified as a Deliverable Obligation Characteristic in the relevant Issue Terms, or "Direct Loan Participation" is specified as a Deliverable Obligation Characteristic in the relevant Issue Terms and the relevant participation is not effected on or before the Latest Permissible Physical Settlement Date,

Cash Redemption pursuant to the partial cash redemption terms in Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*) shall be deemed to apply to the Credit Linked Notes with respect to the Deliverable Obligations specified in the Notice of Physical Settlement or last NOPS Amendment Notice, as applicable, that consist of Assignable Loans for which consents are not obtained or deemed given (the "**Unassignable Obligations**").

(g) *Partial Cash Redemption of Participations*

If the Deliverable Obligations include Direct Loan Participations and the relevant participation is not effected on or before the Latest Permissible Physical Settlement Date, Cash Redemption pursuant to the partial cash redemption terms in Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*) shall be deemed to apply to the Credit Linked Notes with respect to the Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable that consist of Direct Loan Participations in respect of which the relevant participation is not effected (the "**Undeliverable Participations**").

(h) *Alternative Procedures Relating to Loans not Delivered*

- (i) If the Issuer has not Delivered any Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, that are Loans (other than any Loan which (i) is a Prior Deliverable Obligation which the Issuer has notified the Fiscal Agent it intends to Deliver an Asset Package in lieu thereof, or (ii) forms part of an Asset Package which the Issuer has notified the Fiscal Agent it intends to Deliver) on or prior to the date that is five Business Days after the relevant Physical Redemption Date (the "**Loan Alternative Procedure Start Date**"), sub-paragraph (ii) of this Credit Linked Condition 17(h) shall apply unless (A) "Reference Obligation Only" has been specified as the Deliverable Obligation Category in the relevant Issue Terms, (B) in the case of a Consent Required Loan, "Partial Cash Redemption of Consent Required Loans" is specified as being applicable in the relevant Issue Terms (in which case Credit Linked Condition 17(e) (*Partial Cash Redemption of Consent Required Loans*) shall apply), (C) in the case of an Assignable Loan, "Partial Cash Redemption of Assignable Loans" is specified as being applicable in the relevant Issue Terms (in which case Credit Linked Condition 17(f) (*Partial Cash Redemption of Assignable Loans*)) shall apply), (D) in the case of a Direct Loan Participation, "Partial Cash Redemption of Participation" is specified as being applicable in the relevant Issue Terms (in which case Credit Linked Condition 17(g) (*Partial Cash Redemption of Participations*) shall apply) or (E) in any case, such failure to Deliver is due to an event described in Credit Linked Condition 17(d) (*Partial Cash Redemption due to Impossibility or Illegality*) (in which case Credit Linked Condition 17(d) (*Partial Cash Redemption due to Impossibility or Illegality*) shall apply).
- (ii) If the Issuer has failed to obtain the requisite consents to Deliver a Loan specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, at any time after the 15th Business Day following the Loan Alternative Procedure Start Date, the Issuer may (but is not obliged to) Deliver, in lieu of all or part of such Loan and after taking into account costs to the Issuer, including the trading price of any alternative Deliverable Obligation, any, subject to "Restructuring Maturity Limitation and Fully Transferable Obligation" or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation", Bond that is Transferable and Not Bearer or any Assignable Loan, and having on both the Physical Redemption Date and the Delivery Date each of the Deliverable Obligation Characteristics (other than Consent

Required Loan or Direct Loan Participation), if any, specified in the relevant Issue Terms and otherwise satisfying the requirements to constitute a Deliverable Obligation (and such instrument shall be deemed specified in the NOPS Amendment Notice which will be effective notwithstanding the fact that it is deemed specified after the Physical Redemption Date), such instrument may be further delivered by the Issuer to the Securityholders without the consent of any person being required. In the event that the Deliverable Obligations or other Deliverable Obligations to be delivered in lieu of all or part of such Loan are not Delivered on or prior to the Latest Permissible Physical Settlement Date, Cash Redemption shall be deemed to apply instead pursuant to the fallback cash redemption terms in Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*) with respect to the Loans specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable, or alternative Deliverable Obligation, as determined by the Calculation Agent and the Issuer shall pay Securityholder each Credit Linked Note's *pro rata* share of the Fallback Cash Redemption Amount on the Fallback Cash Redemption Date. For such purpose, the Deliverable Obligations not Delivered shall constitute "Undelivered Deliverable Obligations" for the purposes of the application of Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*).

(i) *Partial Cash Redemption Terms and Fallback Cash Redemption Terms*

The following terms apply for the purposes of the partial cash redemption terms referred to in Credit Linked Conditions 17(d) (*Partial Cash Redemption due to Impossibility or Illegality*) to 17(h) (*Alternative Procedures Relating to Loans not Delivered*) and for the purposes of the fallback cash redemption terms referred to in Credit Linked Condition 20(b) (*Payment/Delivery Failure Event – failure to deliver*):

- (i) If Cash Redemption is deemed to apply pursuant to this Credit Linked Condition, the Issuer shall pay in respect of the portion of the Physical Redemption Assets corresponding to the applicable Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation (each an "**Undeliverable Deliverable Obligation**") the Partial Cash Redemption Amount on the Partial Cash Redemption Date, and in respect of the Physical Redemption Assets which cannot be delivered as described in Credit Linked Conditions 20(b) (*Payment/Delivery Failure Event – failure to deliver*), 17(c) (*Election to deliver alternative amount of Deliverable Obligations / Hedge Disruption Obligation*), 17(g) (*Partial Cash Redemption of Participations*) or 17(j)(iv) (*Asset Package Delivery*) (each, an "**Undelivered Deliverable Obligation**"), the Issuer shall pay in respect of the portion of the Physical Redemption Assets corresponding to the applicable Undeliverable Deliverable Obligations, the Fallback Cash Redemption Amount on the Fallback Cash Redemption Date (each as determined in accordance with this Credit Linked Condition 17(i));
- (ii) "**Partial Cash Redemption Amount**" means an aggregate amount calculated by the Calculation Agent in respect of all Undeliverable Deliverable Obligations representing in respect of each Undeliverable Deliverable Obligation, an amount equal to the greater of (A) (I) the Outstanding Principal Balance, the Due and Payable Amount or the Currency Amount, as applicable, of such Undeliverable Deliverable Obligation (or in the case of an Asset Package, of the Prior Deliverable Obligation or Package Observable Bond), as the case may be, multiplied by (II) the Final Price with respect to such Undeliverable Deliverable Obligation, as determined by the Calculation Agent (in its discretion, acting in a commercially reasonable manner), minus (III) Unwind Costs, if any and (B) zero;
- (iii) "**Partial Cash Redemption Date**" and "**Fallback Cash Redemption Date**" means the date as selected by the Calculation Agent up to and including the date falling 10 Business Days following the Final Price Determination Date;
- (iv) "**Fallback Cash Redemption Amount**" has the same meaning as set out in "Partial Cash Redemption Amount", provided that each reference therein to "Undeliverable

Deliverable Obligation" shall be deemed to be a reference to "Undelivered Deliverable Obligation";

- (v) **"Reference Obligation"** means, in respect of the determination of the Partial Cash Redemption Amount, each Undeliverable Deliverable Obligation and in respect of the determination of the Fallback Cash Redemption Amount, each Undelivered Deliverable Obligation;
- (vi) **"Valuation Date"** means the date that is two Business Days after the Latest Permissible Physical Settlement Date;
- (vii) **"Valuation Method"** means Highest or, if fewer than two Full Quotations are obtained, Market Value;
- (viii) **"Quotation Method"** means Bid;
- (ix) **"Quotation Amount"** means, with respect to each type or issue of Undeliverable Deliverable Obligation or Undelivered Deliverable Obligation, an amount equal to the Outstanding Principal Balance or Due and Payable Amount (or, in either case, its equivalent in the relevant Obligation Currency which shall be converted by the Calculation Agent in a commercially reasonable manner by reference to exchange rates in effect at the time that the relevant Quotation is being obtained), as applicable, of such Undeliverable Deliverable Obligation or Undelivered Deliverable Obligation, as applicable, as the case may be. The Calculation Agent may in its discretion, acting in a commercially reasonable manner, round up or down the Quotation Amount for the purposes of seeking a Quotation;
- (x) **"Valuation Time"** means the time specified as such in the relevant Issue Terms, or if no such time is specified, the time specified by the Calculation Agent, which shall be as close as reasonably practicable to 11:00 a.m. in the principal trading market for transactions in the Undeliverable Deliverable Obligation or Undelivered Deliverable Obligation, as applicable, unless the Calculation Agent determines that the principal trading market for transactions in the Undeliverable Deliverable Obligation or Undelivered Deliverable Obligation, as applicable, would be closed at such time or such transactions are not being conducted in sufficient volume (as determined by the Calculation Agent in its discretion, acting in a commercially reasonable manner) at such time, in which event the Valuation Time shall be such other time as may be specified by the Calculation Agent that such principal market is open;
- (xi) **"Market Value"** means, with respect to an Undeliverable Deliverable Obligation or an Undelivered Deliverable Obligation, as applicable, on a Valuation Date, (A) if more than three Full Quotations are obtained the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the same highest and lowest values (and, if more than one such Full Quotations have the same highest and lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (B) if exactly three Full Quotations are obtained, the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (C) if exactly two Full Quotations are obtained, the arithmetic mean of such Full Quotations; (D) if fewer than two Full Quotations are obtained then, subject to sub-paragraph (B) of the definition of "Quotation" below, an amount that the Calculation Agent shall determine on the next Business Day on which two or more Full Quotations are obtained; and (E) if fewer than two Full Quotations are obtained on the same Business Day on or prior to the tenth Business Day following the Valuation Date, the Market Value shall be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day or, if no Full Quotation is obtained, the Market Value shall be determined as provided in limbs (B) to (D) of the definition of "Quotation" below;
- (xii) **"Quotation"** means each Full Quotation obtained and expressed as a percentage of either (a) if the Reference Obligation is not an Asset Package, the Reference

Obligation's Outstanding Principal Balance or Due and Payable Amount, as applicable, or (b) if the Reference Obligation is an Asset Package, the Outstanding Principal Balance or Due and Payable Amount, as applicable, of the Prior Deliverable Obligation or Package Observable Bond to which the Asset Package relates, in each case, with respect to a Valuation Date in the manner that follows:

- (A) The Calculation Agent shall attempt to obtain Full Quotations with respect to each Valuation Date from five or more Quotation Dealers. If the Calculation Agent is unable to obtain two or more such Full Quotations on the Valuation Date, then on the next following Business Day (and, if necessary, on each Business Day thereafter until the tenth Business Day following the relevant Valuation Date) the Calculation Agent shall attempt to obtain Full Quotations from five or more Quotation Dealers.
- (B) If the Calculation Agent is unable to obtain two or more Full Quotations on the same Business Day on or prior to the tenth Business Day following the Valuation Date, the Quotations shall be deemed to be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day, or, if no Full Quotation is obtained, the Quotations shall be deemed to be zero.
- (C) All Quotations shall be obtained in accordance with the specification or determination made pursuant to Credit Linked Note Condition 2(b) (*Suspension of Accrual of Interest following the occurrence of a Relevant Credit Event or Relevant Risk Event*);
- (D) The Calculation Agent shall determine based on the then current market practice in the market of the relevant Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation, Unassignable Obligation or Undelivered Deliverable Obligation, whether such Quotations shall include or exclude accrued but unpaid interest.

(j) *Asset Package Delivery*

- (i) If an Asset Package Credit Event occurs then "Asset Package Delivery" will apply unless (A) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to an Event Determination Date, (B) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event, or (C) the Reference Entity is a Sovereign and "Sovereign Reference Entity No Asset Package Delivery" is specified as "Applicable" in the relevant Issue Terms (even if such a Package Observable Bond has been published by ISDA).
- (ii) If Asset Package Delivery applies, (A) Delivery of a Prior Deliverable Obligation or a Package Observable Bond forming part of the Physical Redemption Assets which is specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable, may be satisfied by Delivery of the related Asset Package, and such Asset Package shall be treated as having the same currency, Outstanding Principal Balance or Due and Payable Amount, as applicable, as the Prior Deliverable Obligation or Package Observable Bond to which it corresponds had immediately prior to the Asset Package Credit Event, (B) the definition of "Deliver" shall be deemed to apply to each Asset in the Asset Package, provided that if any such Asset is not a Bond, it shall be treated as if it were a Loan for this purpose, (C) if the Asset Package is zero, the Outstanding Amount of the Prior Deliverable Obligation or Package Observable Bond shall be deemed to have been Delivered in full three Business Days following the date on which the Issuer has notified the Fiscal Agent of the detailed description of the Asset Package that it intends to Deliver in accordance with the definition of "Notice of Physical Settlement", (D) the Issuer may satisfy its obligation to make Delivery of the Prior Deliverable Obligation or Package Observable Bond in part by Delivery of each Asset in the Asset Package in the correct proportion and (E) if the relevant Asset is a

Non-Transferable Instrument or Non-Financial Instrument, the Asset shall be deemed to be an amount of cash equal to the Asset Market Value, converted if necessary into the currency of denomination of the Credit Linked Notes at the prevailing market rate of exchange determined by the Calculation Agent in good faith.

- (iii) Notwithstanding the preceding sub-paragraphs of this Credit Linked Condition 17(j), the Issuer may elect in lieu of delivering all or any part of the Asset Package (such assets, the "**Non-Deliverable Asset Package**") as Physical Redemption Assets to pay to the Securityholders the Asset Market Value of the Non-Deliverable Asset Package, converted if necessary, into the currency of denomination of the Credit Linked Notes at the prevailing market rate of exchange determined by the Calculation Agent in good faith (such cash payment the "**Asset Package Cash Redemption Amount**"). Payment of the Asset Package Cash Redemption Amount shall be made on or before the tenth Business Day following determination of the Asset Market Value of the Non-Deliverable Asset Package and such date of payment shall be deemed to be the Physical Redemption Date.

In determining the Asset Market Value, the Calculation Agent may also deem Cash Redemption to apply pursuant to the fallback cash redemption terms in Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*) with respect to the Asset Package and the Issuer shall pay each Securityholder each Credit Linked Note's *pro rata* amount of the Fallback Cash Redemption Amount on the Fallback Cash Redemption Date in satisfaction of its payment obligation with respect to the Asset Package Cash Redemption Amount. For such purpose, the related Asset Package shall constitute an "Undelivered Deliverable Obligation" for the purposes of the application of Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*) and the Latest Permissible Physical Settlement Date shall be the date the Calculation Agent deems Cash Redemption to apply.

- (iv) If the Issuer has not satisfied its obligation to make Delivery of the Prior Deliverable Obligation or Package Observable Bond in part by Delivery of each Asset in the Asset Package in the correct proportion on or prior to the Latest Permissible Physical Settlement Date, the Issuer may (but is not obliged to) instead Deliver, after taking into account costs to the Issuer, including the trading price of any alternative Deliverable Obligation, any other Deliverable Obligation selected the Issuer and having on both the Physical Redemption Date and the Delivery Date each of the Deliverable Obligation Characteristics, if any, specified in the relevant Issue Terms and otherwise satisfying the requirements to constitute a Deliverable Obligation (and such Deliverable Obligation shall be deemed specified in a NOPS Amendment Notice which will be effective notwithstanding the fact that it is deemed specified after the Physical Redemption Date). If Delivery of the Asset Package or any other Deliverable Obligation in lieu of the same is not completed on or prior to the Latest Permissible Physical Settlement Date, Cash Redemption shall be deemed to apply instead pursuant to the fallback cash redemption terms in Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*) with respect to the Asset Package which has not been Delivered and the Issuer shall pay each Securityholder their Credit Linked Note's *pro rata* share of the Fallback Cash Redemption Amount on the Fallback Cash Redemption Date.
- (v) For such purpose, the entire Asset Package shall constitute an "Undelivered Deliverable Obligation" for the purposes of the application of Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*) and the Issuer shall pay the Securityholder the Fallback Cash Redemption Amount on the Fallback Cash Redemption Date.

(k) *LA Physical Redemption Terms*

- (i) *Provision of Risk Event Notice*

Following the determination of a Risk Event by the Calculation Agent shall, as soon as reasonably practicable, deliver the Risk Event Notice to the Issuer, who shall thereafter forward such notice to the Fiscal Agent. The Fiscal Agent shall then, as soon as reasonably practicable, but not later than the LA Physical Redemption Date, deliver the Risk Event Notice to the Securityholders in accordance with Credit Linked Condition 26 (*Notices*). In order for the Local Access Credit Linked Notes to be redeemed in accordance with this Credit Linked Condition, the provisions of Credit Linked Condition 17(a)(iii) shall also apply to Local Access Credit Linked Notes save that the words "Physical Redemption Assets", "Credit Event" and "Credit Event Notice" shall be construed as "LA Settlement Assets", "Risk Event" and "Risk Event Notice" accordingly.

(ii) *Delivery of LA Settlement Assets*

Unless previously redeemed in full or purchased and cancelled, if LA Physical Redemption is specified as the Risk Event Redemption Method in the relevant Issue Terms, the Applicable Proportion of each Local Access Credit Linked Note shall be redeemed by: (i) Delivery (at the risk of the relevant Securityholder) of each Local Access Credit Linked Notes *pro rata* share of the principal amount of LA Settlement Assets of an amount equal to the Applicable Principal Currency Amount less Unwind Costs (rounded down to the nearest integral authorised denomination of the LA Settlement Assets), Delivery Expenses (if any) on or prior to the LA Physical Redemption Date; and (ii) payment of the Undeliverable LA Cash Redemption Amount (if any) (as set out in Credit Linked Condition 17(k)(iii) (*Payment of the Undeliverable LA Cash Redemption Amount (if any)*)).

(iii) *Payment of the Undeliverable LA Cash Redemption Amount (if any)*

Upon Delivery of the LA Settlement Assets, the Issuer's obligations in respect of the redemption of the Applicable Proportion of each Local Access Credit Linked Note shall be fully and effectively discharged, provided that if in the determination of the Issuer:

- (A) due to circumstances beyond the control of the Issuer, it is or would be impossible, illegal or in breach of any restriction (whether regulatory, fiduciary or contractual) to obtain, hold or deliver some or all of the LA Settlement Assets (including any such LA Settlement Assets held by or on behalf of the Issuer and/or any Affiliate) to the Securityholders, including circumstances in which a Market Disruption Event is subsisting; and/or
- (B) due to circumstances beyond the control of the Issuer, it is or would be impracticable (whether on grounds of illiquidity or otherwise) and/or it is not commercially reasonable for the Issuer to obtain, hold or deliver some or all of the LA Settlement Assets (including any such LA Settlement Assets held by or on behalf of the Issuer and/or any Affiliate) to the Securityholders; and/or
- (C) due to circumstances within the control of the Securityholders (including, without limitation, the Securityholders not having opened or notified the Issuer of its specified account, given any required certifications or as a result of limb (b) of the definition of Payment/Delivery Failure Event occurring), the Issuer is unable to arrange, or conditions are not fulfilled, for the delivery of some or all LA Settlement Assets,

and such circumstances continue up to and including the LA Physical Redemption Date, then the Issuer shall have no further delivery obligations hereunder to the Securityholders with respect to those LA Settlement Assets which are affected by such circumstances described in (A), (B) or (C) above (the "**Undeliverable Assets**") and the Issuer shall, in respect of the Undeliverable Assets in respect of any Local Access Credit Linked Note held by a Securityholder, pay to the specified account of that Securityholder on the LA Cash Redemption Date the Undeliverable LA Cash Redemption Amount.

(iv) *Determination of Undeliverable LA Cash Redemption Amount*

The Calculation Agent shall determine the Undeliverable LA Cash Redemption Amount on the LA Valuation Date.

18. **Fixed Recovery Redemption Terms**

(a) *Redemption at the Fixed Recovery Redemption Amount*

Subject to Credit Linked Condition 21 (*Effect of DC Resolutions*), unless previously redeemed in full or purchased and cancelled, if Fixed Recovery Redemption is specified as the Credit Event Redemption Method in the relevant Issue Terms, then following the occurrence of a Relevant Event Determination Date, the Applicable Proportion of each Credit Linked Note shall redeem or be written down in accordance with Credit Linked Condition 16 (*Cash Redemption Terms*), provided that:

- (i) the Final Price shall be deemed to be determined at the Fixed Recovery Percentage (specified in the relevant Issue Terms with respect to an Affected Reference Entity and the related Relevant Event Determination Date) and the Cash Redemption Amount or the Final Cash Redemption Amount, as applicable, shall be determined using such Fixed Recovery Percentage, as further set out in the definitions of "Cash Redemption Amount" and "Final Cash Redemption Amount" in Credit Linked Condition 29 (*Definitions*);
- (ii) the "Final Price Determination Date" shall be the date on which the Final Price is deemed to be determined at the Fixed Recovery Percentage; and
- (iii) Single Valuation Date will be deemed to have been specified as the applicable Valuation Date on which the Cash Redemption Amount or the Final Cash Redemption Amount, as applicable, shall be determined.

(b) *Fixed Recovery Percentage of zero*

If the Fixed Recovery Percentage is zero, following the occurrence of a Relevant Event Determination Date, the occurrence of the relevant Cash Redemption Date or Final Cash Redemption Date, as applicable, shall fully and effectively discharge the Issuer's obligation to redeem the Applicable Proportion of the relevant Note.

For the avoidance of doubt, in such circumstance, the loss amount in respect of an Affected Reference Entity will be deemed to be 100 per cent. and, accordingly, no amounts will be payable or assets deliverable to the Securityholders. The Securityholders will bear the loss of their entire principal and no liability shall attach to the Issuer.

19. **Redemption upon Merger Event**

If "Redemption following Merger" is specified as being applicable in the relevant Issue Terms, in the event that the Issuer and/or the Calculation Agent determines, in its discretion, acting in a commercially reasonable manner, that a Merger Event has occurred, the Issuer may give notice to the Securityholders in accordance with Credit Linked Condition 26 (*Notices*) and redeem each Credit Linked Note in full or in part on the Early Redemption Date at the Merger Redemption Amount.

This Credit Linked Condition shall not apply in respect of Nth-to-Default Basket Credit Linked Notes, Index Untranchured Credit Linked Notes, Index Tranchured Credit Linked Notes or Portfolio Tranchured Credit Linked Notes.

20. **Payment/Delivery Failure Event**

(a) *Payment/Delivery Failure Event – failure to pay*

This Credit Linked Condition 20(a) shall not apply where an Underlying RMB Currency Event has occurred (in which case, Valuation and Settlement Condition 2(k) (*Occurrence of an Underlying RMB Currency Event*) shall apply).

If an event constituting a Payment/Delivery Failure Event under limb (a) of such definition has occurred and exists, subject to sub-paragraph (c) below, the obligation of the Issuer to pay the relevant amount will be postponed until such time that the Payment/Delivery Failure Event no longer exists or is cured (including, without limitation, where the Securityholder requests the Issuer in writing to make payment of such amount to such other account or to such other person as the Securityholder specifies and represents to the Issuer that such payment to its designee will discharge the Issuer's obligations to the Securityholder in respect of such payment). Where such postponement applies, the Issuer shall give notice of such postponement to the Securityholders (**Payment Failure Event Notice**) as soon as reasonably practicable in accordance with Credit Linked Condition 26 (*Notices*).

Notwithstanding anything to the contrary in these Credit Linked Conditions, if the Issuer determines (in its discretion, acting in a commercially reasonable manner) that such Payment/Delivery Failure Event continues to exist for such number of Business Days specified in the Issue Terms or, if no number of Business Days is specified in the Issue Terms, 90 Business Days following the later to occur of (a) any scheduled payment date or the (b) Scheduled Maturity Date or Extended Maturity Date, as applicable (the "**Payment Failure Cut-Off Date**") in respect of an amount required to be paid (including where the Securityholder has not elected for payment to be made to a third party or other account (if applicable) in accordance with sub-paragraph (c) above), no such payment will be made by the Issuer and the Issuer's obligations to the Securityholder hereunder will be deemed to be fully discharged as of that date.

(b) *Payment/Delivery Failure Event – failure to deliver*

This Credit Linked Condition 20(b) shall not apply to Local Access Credit Linked Notes (instead, Credit Linked Condition 17(k)(iii) (*Payment of the Undeliverable LA Cash Redemption Amount (if any)*) shall apply).

If an event constituting a Payment/Delivery Failure Event under limb (b) of such definition has occurred, the obligations of the Issuer to procure Delivery of the Physical Redemption Assets to such Securityholder shall, subject to Credit Linked Conditions 17(a) (*Delivery of Physical Redemption Assets*) and 21(d) (*Redemption Suspension*) cease and if "Fallback Cash Redemption" is specified to apply in the relevant Issue Terms, Cash Redemption shall be deemed to apply instead pursuant to the fallback cash redemption terms in Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*) with respect to the Physical Redemption Assets that cannot be Delivered on or prior to the Latest Permissible Physical Settlement Date and the Issuer shall pay each Securityholder each Credit Linked Note's *pro rata* share of the Fallback Cash Redemption Amount on the Fallback Cash Redemption Date. For such purpose, the Physical Redemption Assets shall constitute an "Undelivered Deliverable Obligations" for the purposes of application of Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*).

If "Fallback Cash Redemption" is not specified to apply in the relevant Issue Terms and if such Payment/Delivery Failure Event continues to exist on the Latest Permissible Physical Settlement Date, the Issuer shall have no further liability or obligation whatsoever in respect of such Credit Linked Note and no obligation to deliver the Physical Redemption Assets on or after the Latest Permissible Physical Settlement Date. However, if the Payment/Delivery Failure Event ceases to exist or is cured prior to the Latest Permissible Physical Settlement Date, the obligation of the Issuer to Deliver the Physical Redemption Assets will be postponed to a date determined by the Issuer to be no later than 10 Business Days following the Latest Permissible Physical Settlement Date (the "**Final Physical Redemption Cut-Off Date**").

(c) *No additional interest*

Any postponement or deemed discharge of payment pursuant to this Credit Linked Condition 20 will not constitute a default hereunder (including for the purpose of the definition of Events

of Default and will not entitle the relevant Securityholder to any additional interest or other payment as a result thereof.

21. Effect of DC Resolutions

(a) Binding notice

Any DC Resolution of the relevant Credit Derivatives Determinations Committee will be binding with respect to the relevant Credit Linked Notes in accordance with these Credit Linked Conditions.

(b) Event Determination Dates

(i) Determinations by the Calculation Agent

A Relevant Event Determination Date which is determined by the Calculation Agent to apply to the Credit Linked Notes will be binding with respect to the relevant Credit Linked Notes.

(ii) Reversal of DC Credit Event Announcement

If a prior DC Resolution or the occurrence of an Event Determination Date is subsequently reversed prior to the relevant Auction Final Price Determination Date, a Physical Redemption Date, redemption of the Credit Linked Notes in full, a Valuation Date or a Delivery Date, a Credit Event shall be deemed not to have occurred with respect to the relevant Reference Entity for the purposes of these Credit Linked Conditions.

(iii) Linear Basket Credit Linked Notes, Index Untranching Credit Linked Notes, Index Tranching Credit Linked Notes and Portfolio Tranching Credit Linked Notes

Where the Credit Linked Notes are Linear Basket Credit Linked Notes, Index Untranching Credit Linked Notes, Index Tranching Credit Linked Notes or Portfolio Tranching Credit Linked Notes, an Event Determination Date may occur in respect of each Reference Entity referenced in the basket or Index, as applicable, provided that, other than in respect of an M(M)R Restructuring, an Event Determination Date shall apply only once to each such Reference Entity.

(iv) Multiple successor determinations

Where multiple successors have been determined in respect of a Reference Entity in accordance with Credit Linked Condition 22 (*Successor Provisions*), an Event Determination Date may occur in respect of each successor Reference Entity.

(c) Determinations in respect of Successors and Substitute Reference Obligations

If a DC Resolution relating to Successors or Substitute Reference Obligations is subsequently reversed after the identification of a Successor or a Substitute Reference Obligation by the Calculation Agent, such prior DC Resolution shall be disregarded for the purposes of these Credit Linked Conditions.

(d) Redemption Suspension

If, following the occurrence of a Relevant Event Determination Date but prior to the relevant Credit Event Redemption Date, Delivery Date or, to the extent applicable, a Valuation Date in respect of a Reference Entity, there is an Applicable DC Credit Event Meeting Announcement, all timing requirements in these Credit Linked Conditions that pertain to redemption shall toll and remain suspended until the date of the Applicable DC Credit Event Announcement or Applicable DC Credit Event Question Dismissal, as applicable. During such suspension period, the Issuer is not obliged to take any action in connection with the settlement of such Credit Event or the redemption, if any, of the Credit Linked Notes. Once the relevant DC Credit Event Announcement or DC Credit Event Question Dismissal has

occurred, the relevant timing requirements that pertain to redemption that have previously tolled or been suspended shall resume on the Business Day following such public announcement by the DC Secretary with the Issuer having the benefit of the full day notwithstanding when the tolling or suspension began. The Issuer shall deliver, or cause the Fiscal Agent to deliver, a notice (a "**Redemption Suspension Notice**") in accordance with Credit Linked Condition 26 (*Notices*) to the Securityholders giving notice of any suspension of timing requirements pursuant to this Credit Linked Condition 21.

22. **Successor Provisions**

(a) *Eligible Successors*

An entity may only be a Successor if:

- (i) either (A) the related Succession Date occurs on or after the Successor Backstop Date, or (B) such entity is a Universal Successor in respect of which the Succession Date occurred on or after 1 January 2014;
- (ii) the Reference Entity had at least one Relevant Obligation outstanding immediately prior to the Succession Date and such entity succeeds to all or part of at least one Relevant Obligation of the Reference Entity;
- (iii) where the Reference Entity is a Sovereign, such entity succeeded to the Relevant Obligations by way of a Sovereign Succession Event; and
- (iv) in respect of Index Untranchured Credit Linked Notes and Index Tranchured Credit Linked Notes, the Successor is an entity identified by the relevant Index Sponsor on or following the earlier of the Effective Date and the Trade Date where the relevant Credit Derivatives Determinations Committee has, in relation to a Successor Resolution Request Date, not identified a Successor in accordance with the DC Rules).

(b) *Successor Determinations*

Subject to the restrictions set out under Credit Linked Condition 6(h) (*Restriction on Delivery of Credit Event Notice or Successor Notice*) and 7(h) (*Restriction on Delivery of Credit Event Notice or Successor Notice*) in relation to Index Untranchured Credit Linked Notes and Index Tranchured Credit Linked Notes only, the Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors in accordance with the definition of "Successor", provided that the Calculation Agent will not make such determination if, at the time of the determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations.

The Calculation Agent will make all calculations and determinations required to be made under this definition on the basis of Eligible Information and will notify the Issuer and the Fiscal Agent of any such calculation or determination as soon as practicable. In calculating the percentages used to determine whether an entity qualifies as a Successor under this Credit Linked Condition 22(b), if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

Notwithstanding the above, the Calculation Agent may, but is not obliged to, rely on the determination of any Credit Derivatives Determinations Committee as to whether any Successor has been identified.

(c) *Substitute Reference Obligations following a Successor Event*

Where any one or more Successors have not assumed a Non-Standard Reference Obligation, a Substitute Reference Obligation will be determined, where the Calculation Agent deems appropriate, in accordance with Credit Linked Condition 24(b) (*Substitute Reference Obligation*).

(d) *Transaction Types of Successor Reference Entities*

If the Transaction Type applicable to a Successor differs from the Transaction Type of the Reference Entity in respect of which the Successor has been identified, notwithstanding such difference, the Transaction Type of the Reference Entity in respect of which the Successor has been identified shall, with effect from the Succession Date, continue to apply to the Successor.

(e) *Succession in respect of multiple Reference Entities simultaneously*

If two or more Reference Entities are subject to one or more successions simultaneously or the order of such succession cannot be determined from Eligible Information, then each such Reference Entity shall be deemed to have been subject to a separate succession, with all such successions occurring in the order determined by the Calculation Agent.

(f) *Single Successor*

Where the Calculation Agent determines that there is a single Successor in respect of a Reference Entity, such Successor shall, with effect from the Succession Date, be a Reference Entity for the purpose of the Notes (and, for the avoidance of doubt, the Reference Entity in respect of which the Successor has been identified shall cease to be a Reference Entity with effect from the Succession Date unless it has also been identified as a Successor), provided that, in the case of Nth-to-Default Basket Credit Linked Notes, (a) if the Successor is not an Nth-to-Default Non Succession Reference Entity (as defined below), the Reference Entity Count will be the Reference Entity Count of the Nth-to-Default Succession Reference Entity (as defined below) and (b) if an Nth-to-Default Succession Reference Entity would be a Successor to an Nth-to-Default Non Succession Reference Entity, the provisions set out in Credit Linked Condition 22(h)(ii)(F) (*Nth-to-Default Basket Credit Linked Notes*) shall equally apply in the case of a single Successor.

(g) *Joint Potential Successors*

If two or more entities (each, a "**Joint Potential Successor**") jointly succeed to a Relevant Obligation (the "**Joint Relevant Obligation**") either directly or as a provider of a Relevant Guarantee (or, in respect of a Monoline Insurer Reference Entity, a Qualifying Policy), then (a) if the Joint Relevant Obligation was a direct obligation of the relevant Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (b) if the Joint Relevant Obligation was a Relevant Guarantee (or, in respect of a Monoline Insurer Reference Entity, a Qualifying Policy), it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors (or, in respect of a Monoline Insurer Reference Entity, as provider of a Qualifying Policy), if any, or otherwise by each Joint Potential Successor in equal parts.

(h) *Multiple Successors*

(i) *Single Name Credit Linked Notes*

Where the Credit Linked Notes are Single Name Credit Linked Notes and following a succession and related Succession Date in respect of a Reference Entity (such Reference Entity affected by a succession being a "**Single Name Succession Reference Entity**"), more than one Successor has been identified by the Calculation Agent, the Credit Linked Notes will be amended without the consent of the Securityholders to reflect the following terms and, to the extent applicable, the Calculation Agent shall apportion any outstanding nominal amount or any other relevant calculation amounts equally in relation to each Successor:

- (A) the Single Name Succession Reference Entity will no longer be a Reference Entity unless it is also a Successor;
- (B) each Successor will be a Reference Entity (each, a "**Single Name Successor Entity**") and, accordingly, more than one Relevant Event Determination Date

(and, accordingly, more than one Relevant Credit Event) may occur in respect of the Credit Linked Notes but, subject to Credit Linked Condition 14 (*M(M)R Restructuring*), once only in relation to each Successor;

- (C) where a Relevant Credit Event and related Relevant Event Determination Date occurs in respect of a Single Name Successor Entity:
 - (I) the Credit Linked Notes will not redeem in whole, but instead the relevant provisions of these Credit Linked Conditions shall be deemed to apply to the nominal amount represented by such Single Name Successor Entity only after the apportionment described above (the "**Single Name Partial Nominal Amount**");
 - (II) the Credit Linked Notes shall, thereafter, be redeemed in part in accordance with Credit Linked Conditions 3(f)(i) (*Auction Redemption*), (ii) (*Cash Redemption*), (iii) (*Physical Redemption*) or (iv) (*Fixed Recovery Redemption*), as applicable (such redeemed part being equal to a Securityholder's pro rata share of the Single Name Partial Nominal Amount) (provided that if "Credit Payment on Maturity" applies such partial redemption shall occur only on the Final Cash Redemption Date or Final Auction Redemption Date, as applicable)); and
 - (III) the Credit Linked Conditions and/or the Issue Terms shall be construed accordingly (including, for the avoidance of doubt, any interpretation in respect of an M(M)R Restructuring).

Following the occurrence of such Relevant Credit Event, the Credit Linked Notes shall remain outstanding in an amount equal to the Outstanding Aggregate Nominal Amount of the Credit Linked Notes and interest shall accrue on the Outstanding Aggregate Nominal Amount of the Credit Linked Notes only (in accordance with these Credit Linked Conditions, adjusted in such manner as the Calculation Agent in its discretion, acting in a commercially reasonable manner, determines to be appropriate to reflect the economic effects of the identification of more than one Successor, considered in the aggregate);

- (D) if some but not all of the Notes are early redeeming in accordance with General Condition 6 (*Redemption and Purchase*), the relevant provisions of these Credit Linked Conditions shall continue to apply to the Outstanding Aggregate Nominal Amount of the Notes; and
 - (E) the provisions of this Credit Linked Condition 22(h)(i) shall apply in respect of any identification by the Calculation Agent of further Successors.
- (ii) Nth-to-Default Basket Credit Linked Notes

Where the Credit Linked Notes are Nth-to-Default Basket Credit Linked Notes and following a succession and a related Succession Date in respect of a Reference Entity (each such Reference Entity, an "**Nth-to-Default Succession Reference Entity**" and the Reference Entities unaffected by such succession or any previous successions, the "**Nth-to-Default Non-Succession Reference Entities**"), more than one Successor has been identified by the Calculation Agent, the Credit Linked Notes will be amended without the consent of the Securityholders to reflect the following terms and, to the extent applicable, the Calculation Agent shall apportion any outstanding nominal amount or any other relevant calculation amounts equally in relation to each Nth-to-Default Succession Reference Entity:

- (A) the Nth-to-Default Succession Reference Entity will no longer be a Reference Entity unless it is also a Successor;
- (B) each Successor will be a Reference Entity (each, an "**Nth-to-Default Successor Entity**") and the Nth-to-Default Non-Succession Reference Entities will continue to be Reference Entities;

- (C) the occurrence of a Relevant Event Determination Date with respect to any of the Nth-to-Default Non-Succession Reference Entities will, where such Nth to Default Non-Succession Reference Entity is the nth Reference Entity to which a Relevant Event Determination Date has occurred, result in the redemption of the Credit Linked Notes in full (or, in respect of an M(M)R where the Exercise Amount is less than the Outstanding Aggregate Nominal Amount of the Credit Linked Notes, redemption of the Credit Linked Notes in part) in accordance with Credit Linked Condition 4 (*Nth-to-Default Basket Credit Linked Notes*);
- (D) where a Relevant Credit Event and related Relevant Event Determination Date has occurred in respect of the nth Reference Entity:
 - (I) such Credit Event shall be a Relevant Credit Event for the purpose of the Notes and the relevant provisions of these Credit Linked Conditions shall be deemed to apply to the nominal amount represented by such Nth-to-Default Successor Entity only after the apportionment described above is effected (the "**Nth-to-Default Partial Nominal Amount**");
 - (II) the Credit Linked Notes shall, thereafter, be redeemed in part in accordance with Credit Linked Conditions 4(f)(i) (*Auction Redemption*), (ii) (*Cash Redemption*), (iii) (*Physical Redemption*) or (iv) (*Fixed Recovery Redemption*), as applicable (such redeemed part being equal to a Securityholder's pro rata share of the Nth-to-Default Partial Nominal Amount) (provided that if "Credit Payment on Maturity" applies such partial redemption shall occur only on the Final Cash Redemption Date or Final Auction Redemption Date, as applicable)); and
 - (III) the Credit Linked Conditions and/or the Issue Terms shall be construed accordingly (including, for the avoidance of doubt, any interpretation in respect of an M(M)R Restructuring).

Following the occurrence of such Relevant Credit Event, the Credit Linked Notes shall remain outstanding in an amount equal to the Outstanding Aggregate Nominal Amount of the Credit Linked Notes and interest shall accrue on the Outstanding Aggregate Nominal Amount of the Credit Linked Notes only (in accordance with these Credit Linked Conditions, adjusted in such manner as the Calculation Agent in its discretion, acting in a commercially reasonable manner, determines to be appropriate to reflect the economic effects of the identification of more than one Successor, considered in the aggregate);

- (E) if a single entity would be a Reference Entity hereunder more than once, subject to sub-paragraph (F) below, that Reference Entity shall be deemed to be specified only once, and such change shall have no effect on the Outstanding Aggregate Nominal Amount of the Nth-to-Default Basket Credit Linked Notes;
- (F) where an Nth-to-Default Non-Succession Reference Entity is identified as a Successor to any Nth-to-Default Succession Reference Entity pursuant to a succession:
 - (I) if the Transaction Type and Reference Obligation (including the absence of a Reference Obligation) of the Nth-to-Default Non-Succession Reference Entity is identical to that of the Nth-to Default Succession Reference Entity, the Reference Entity Count of the Nth-to-Default Non-Succession Reference Entity shall be equal to the sum of (x) the Reference Entity Count of the Nth-to-Default Non-Succession Reference Entity immediately prior to the relevant succession (the "**Surviving Reference Entity Count**") and (y) the Reference Entity Count of the Nth-to Default Succession Reference Entity immediately prior to the relevant succession (the "**Legacy Reference Entity Count**", and the Legacy Reference Entity Count and the Surviving Reference Entity Count, together, the "**Combined Prior Count**"); or

- (II) if the Transaction Type and Reference Obligation of the Nth-to-Default Non-Succession Reference Entity is not identical to that of the Nth-to-Default Succession Reference Entity, the Calculation Agent shall apportion as at the Succession Date any outstanding nominal amount or any other relevant calculation amounts into two separate portions where:
 - (i) one portion shall reflect the product of the Outstanding Aggregate Nominal Amount of the Notes and the Legacy Reference Entity Count divided by the Combined Prior Count, with the Nth-to-Default Non-Succession Reference Entity having (a) a Transaction Type and Reference Obligation identical to the Nth-to-Default Succession Reference Entity and (b) a Reference Entity Count equal to the Combined Prior Count; and
 - (ii) the other portion shall reflect the product of the Outstanding Aggregate Nominal Amount of the Notes and the Surviving Reference Entity Count divided by the Combined Prior Count, with the Nth-to-Default Non-Succession Reference Entity having (a) a Transaction Type and Reference Obligation identical to the Nth-to-Default Non-Succession Reference Entity and (ii) a Reference Entity Count equal to the Combined Prior Count;
- (G) if some but not all of the Notes are early redeeming in accordance with General Condition 6 (*Redemption and Purchase*), the relevant provisions of these Credit Linked Conditions shall continue to apply to the Outstanding Aggregate Nominal Amount of the Notes; and
- (H) the provisions of this Credit Linked Condition 22(h)(ii) shall apply in respect of any identification by the Calculation Agent of further Successors;
- (iii) Linear Basket Credit Linked Notes

Where the Credit Linked Notes are Linear Basket Credit Linked Notes and following a succession and related Succession Date in respect of a Reference Entity (each such Reference Entity and any Reference Entity in respect of which a Succession Date has previously occurred, a "**Linear Basket Succession Reference Entity**" and the Reference Entities unaffected by such Succession Date or any previous Succession Dates, the "**Linear Basket Non-Succession Reference Entities**"), more than one Successor has been identified by the Calculation Agent, the Credit Linked Notes will be amended without the consent of the Securityholders to reflect the following terms and, to the extent applicable, the Calculation Agent shall apportion any outstanding principal amount or any other relevant calculation amounts equally in relation to each Linear Basket Succession Reference Entity:

- (A) the Linear Basket Succession Reference Entity will no longer be a Reference Entity unless it is also a Successor;
- (B) each Successor will be a Reference Entity (each, a "**Linear Basket Successor Entity**"), and the Linear Basket Non-Succession Reference Entities will continue to be Reference Entities;
- (C) where a Relevant Credit Event and related Relevant Event Determination Date occurs in respect of a Linear Basket Successor Entity:
 - (I) the relevant provisions of these Credit Linked Conditions shall be deemed to apply to the nominal amount represented by such Linear Basket Successor Entity only after the apportionment described above is effected (the "**Linear Basket Partial Nominal Amount**");
 - (II) the Credit Linked Notes shall, thereafter, be redeemed in part in accordance with Credit Linked Conditions 5(f)(i) (*Auction Redemption*), (ii) (*Cash Redemption*), (iii) (*Physical Redemption*) or (iv) (*Fixed*

Recovery Redemption), as applicable (such redeemed part being equal to a Securityholder's pro rata share of the Linear Basket Partial Nominal Amount) (provided that if "Credit Payment on Maturity" applies such partial redemption shall occur only on the Final Cash Redemption Date or Final Auction Redemption Date, as applicable)); and

- (III) the Credit Linked Conditions and/or the Issue Terms shall be construed accordingly (including, for the avoidance of doubt, any interpretation in respect of an M(M)R Restructuring).

Following such event, the Credit Linked Notes shall remain outstanding in an amount equal to the Outstanding Aggregate Nominal Amount of the Credit Linked Notes and interest shall accrue on the Outstanding Aggregate Nominal Amount of the Credit Linked Notes only (in accordance with these Credit Linked Conditions, adjusted in such manner as the Calculation Agent in its discretion, acting in a commercially reasonable manner, determines to be appropriate to reflect the economic effects of the identification of more than one Successor), considered in the aggregate;

- (D) if, as a result of a succession, a single entity would be a Reference Entity hereunder more than once, that Reference Entity shall be deemed to be a Reference Entity only once and the Reference Entity Notional Amount for such Reference Entity will be the sum of the Reference Entity Notional Amounts otherwise applicable to it (and such change shall have no effect on the Outstanding Aggregate Nominal Amount of the Linear Basket Credit Linked Notes);
- (E) if some but not all of the Notes are early redeeming in accordance with General Condition 6 (*Redemption and Purchase*), the relevant provisions of these Credit Linked Conditions shall continue to apply to the Outstanding Aggregate Nominal Amount of the Notes; and
- (F) the provisions of this Credit Linked Condition 22(h)(iii) shall apply in respect of any identification by the Calculation Agent of further Successors.

(iv) Index Untranching Credit Linked Notes

Where the Credit Linked Notes are Index Untranching Credit Linked Notes and following a succession and related Succession Date in respect of a Reference Entity (each such Reference Entity and any Reference Entity in respect of which a Succession Date has previously occurred, an "**Index Untranching Succession Reference Entity**" and the Reference Entities unaffected by such Succession Date or any previous Succession Dates, the "**Index Untranching Non-Succession Reference Entities**"), more than one Successor has been identified, the Credit Linked Notes will be amended without the consent of the Securityholders to reflect the following terms and, to the extent applicable, the Calculation Agent shall apportion any outstanding principal amount or any other relevant calculation amounts equally in relation to each Index Untranching Succession Reference Entity:

- (A) the Index Untranching Succession Reference Entity will no longer be a Reference Entity unless it is also a Successor;
- (B) each Successor will be a Reference Entity (each, a "**Index Untranching Successor Entity**"), and the Index Untranching Non-Succession Reference Entities will continue to be Reference Entities;
- (C) where a Relevant Credit Event and related Relevant Event Determination Date occurs in respect of an Index Untranching Successor Entity:
 - (I) the relevant provisions of these Credit Linked Conditions shall be deemed to apply to the nominal amount represented by such Index

Untranching Successor Entity only after the apportionment described above is effected (the "**Index Untranching Partial Nominal Amount**");

- (II) the Credit Linked Notes shall, thereafter, be redeemed in part in accordance with Credit Linked Conditions 5(f)(i) (*Auction Redemption*), (ii) (*Cash Redemption*) or (iv) (*Fixed Recovery Redemption*), as applicable (such redeemed part being equal to a Securityholder's pro rata share of the Index Untranching Partial Nominal Amount) (provided that if "Credit Payment on Maturity" applies such partial redemption shall occur only on the Final Cash Redemption Date or Final Auction Redemption Date, as applicable)); and
- (III) the Credit Linked Conditions and/or the Issue Terms shall be construed accordingly (including, for the avoidance of doubt, any interpretation in respect of an M(M)R Restructuring).

Following such event, the Credit Linked Notes shall remain outstanding in an amount equal to the Outstanding Aggregate Nominal Amount of the Credit Linked Notes and interest shall accrue on the Outstanding Aggregate Nominal Amount of the Credit Linked Notes only (in accordance with these Credit Linked Conditions, adjusted in such manner as the Calculation Agent in its discretion, acting in a commercially reasonable manner, determines to be appropriate to reflect the economic effects of the identification of more than one Successor), considered in the aggregate;

- (D) if, as a result of a succession, a single entity would be a Reference Entity hereunder more than once, that Reference Entity shall be deemed to be a Reference Entity only once and the Reference Entity Notional Amount for such Reference Entity will be the sum of the Reference Entity Notional Amounts otherwise applicable to it (and such change shall have no effect on the Outstanding Aggregate Nominal Amount of the Index Untranching Credit Linked Notes);
 - (E) if some but not all of the Notes are early redeeming in accordance with General Condition 6 (*Redemption and Purchase*), the relevant provisions of these Credit Linked Conditions shall continue to apply to the Outstanding Aggregate Nominal Amount of the Notes; and
 - (F) the provisions of this Credit Linked Condition 22(h)(iv) shall apply in respect of any identification by the Calculation Agent of further Successors.
- (v) Index Tranching Credit Linked Notes

Where the Credit Linked Notes are Index Tranching Credit Linked Notes and following a succession and related Succession Date in respect of a Reference Entity (each an "**Index Tranching Succession Reference Entity**" and the Reference Entities unaffected by such succession, the "**Index Tranching Non-Succession Reference Entities**"), more than one Successor has been identified, the Credit Linked Notes will be amended without the consent of the Securityholders to reflect the following terms and, to the extent applicable, the Calculation Agent shall apportion any outstanding principal amount, other relevant calculation amounts, the Reference Entity Notional Amount equally in relation to each Successor:

- (A) the Index Tranching Succession Reference Entity will no longer be a Reference Entity unless it is also a Successor;
- (B) each Successor will be a Reference Entity (each, a "**Index Tranching Successor Entity**"), and the Index Tranching Non-Succession Reference Entities will continue to be Reference Entities;
- (C) where a Relevant Credit Event and related Relevant Event Determination Date occurs in respect of an Index Tranching Successor Entity:

- (I) the relevant provisions of these Credit Linked Conditions shall be deemed to apply to the nominal amount represented by such Index Tranche Successor Entity only after the apportionment described above is effected;
- (II) the Credit Linked Notes shall, thereafter, be redeemed in part in accordance with Credit Linked Conditions 5(f)(i) (*Auction Redemption*), (ii) (*Cash Redemption*) or (iv) (*Fixed Recovery Redemption*), as applicable (provided that if "Credit Payment on Maturity" applies such partial redemption shall occur only on the Final Cash Redemption Date or Final Auction Redemption Date, as applicable)); and
- (III) the Credit Linked Conditions and/or the Issue Terms shall be construed accordingly (including, for the avoidance of doubt, any interpretation in respect of an M(M)R Restructuring).

Following such event, the Credit Linked Notes shall remain outstanding in an amount equal to the Outstanding Aggregate Nominal Amount of the Credit Linked Notes and interest shall accrue on the Outstanding Aggregate Nominal Amount of the Credit Linked Notes only (in accordance with these Credit Linked Conditions, adjusted in such manner as the Calculation Agent in its discretion, acting in a commercially reasonable manner, determines to be appropriate to reflect the economic effects of the identification of more than one Successor), considered in the aggregate;

- (D) if, as a result of a succession, a single entity would be a Reference Entity hereunder more than once, that Reference Entity shall be deemed to be a Reference Entity only once and the Reference Entity Notional Amount for such Reference Entity will be the sum of (I) the Reference Entity Notional Amount otherwise applicable to it prior to the apportionment referred to above and (II) the Reference Entity Notional Amount allocated to such Successor as a result of the apportionment referred to above (and such change shall have no effect on the Outstanding Aggregate Nominal Amount of the Index Tranche Credit Linked Notes);
 - (E) if some but not all of the Notes are early redeeming in accordance with General Condition 6 (*Redemption and Purchase*), the relevant provisions of these Credit Linked Conditions shall continue to apply to the Outstanding Aggregate Nominal Amount of the Notes; and
 - (F) the provisions of this Credit Linked Condition 22(h)(v) shall apply in respect of any identification by the Calculation Agent of further Successors.
- (vi) Portfolio Tranche Credit Linked Notes

Where the Credit Linked Notes are Portfolio Tranche Credit Linked Notes and following a succession and related Succession Date in respect of a Reference Entity (each such Reference Entity and any Reference Entity in respect of which a Succession Date has previously occurred, an "**Portfolio Tranche Succession Reference Entity**" and the Reference Entities unaffected by such Succession Date or any previous Succession Dates, the "**Portfolio Tranche Non-Succession Reference Entities**"), more than one Successor has been identified by the Calculation Agent, the Credit Linked Notes will be amended without the consent of the Securityholders to reflect the following terms and, to the extent applicable, the Calculation Agent shall apportion any outstanding principal amount or any other relevant calculation amounts equally in relation to each Portfolio Tranche Succession Reference Entity:

- (A) the Portfolio Tranche Succession Reference Entity will no longer be a Reference Entity unless it is also a Successor;

- (B) each Successor will be a Reference Entity (each, a "**Portfolio Trunched Successor Entity**"), and the Portfolio Trunched Non-Succession Reference Entities will continue to be Reference Entities;
- (C) where a Relevant Credit Event and related Relevant Event Determination Date occurs in respect of a Portfolio Trunched Successor Entity:
 - (I) the relevant provisions of these Credit Linked Conditions shall be deemed to apply to the nominal amount represented by such Portfolio Trunched Successor Entity only after the apportionment described above is effected;
 - (II) the Credit Linked Notes shall, thereafter, be redeemed in part in accordance with Credit Linked Conditions 5(f)(i) (*Auction Redemption*), (ii) (*Cash Redemption*) or (iv) (*Fixed Recovery Redemption*), as applicable (provided that if "Credit Payment on Maturity" applies such partial redemption shall occur only on the Final Cash Redemption Date or Final Auction Redemption Date, as applicable)); and
 - (III) the Credit Linked Conditions and/or the Issue Terms shall be construed accordingly (including, for the avoidance of doubt, any interpretation in respect of an M(M)R Restructuring).

Following such event, the Credit Linked Notes shall remain outstanding in an amount equal to the Outstanding Aggregate Nominal Amount of the Credit Linked Notes and interest shall accrue on the Outstanding Aggregate Nominal Amount of the Credit Linked Notes only (in accordance with these Credit Linked Conditions, adjusted in such manner as the Calculation Agent in its discretion, acting in a commercially reasonable manner, determines to be appropriate to reflect the economic effects of the identification of more than one Successor), considered in the aggregate;

- (D) if, as a result of a succession, a single entity would be a Reference Entity hereunder more than once, that Reference Entity shall be deemed to be a Reference Entity only once and the Reference Entity Notional Amount for such Reference Entity will be the sum of the Reference Entity Notional Amounts otherwise applicable to it (and such change shall have no effect on the Outstanding Aggregate Nominal Amount of the Portfolio Trunched Credit Linked Notes);
 - (E) if some but not all of the Notes are early redeeming in accordance with General Condition 6 (*Redemption and Purchase*), the relevant provisions of these Credit Linked Conditions shall continue to apply to the Outstanding Aggregate Nominal Amount of the Notes; and
 - (F) the provisions of this Credit Linked Condition 22(h)(vi) shall apply in respect of any identification by the Calculation Agent of further Successors.
- (vii) Local Access Credit Linked Notes

Where the Credit Linked Notes are Local Access Credit Linked Notes and following a Succession Date in respect of a Reference Entity (the Reference Entity, a "**Local Access Succession Reference Entity**"), more than one Successor has been identified by the Calculation Agent, the Credit Linked Notes will be amended without the consent of the Securityholders to reflect the following terms and, to the extent applicable, the Calculation Agent shall apportion any outstanding principal amount or any other relevant calculation amounts equally in relation to each Local Access Succession Reference Entity:

- (A) the Local Access Succession Reference Entity will no longer be a Reference Entity unless it is also a Successor;

- (B) each Successor will be a Reference Entity (each, a "**Local Access Successor Entity**") and, accordingly, more than one Relevant Risk Event Determination Date (and accordingly, more than one Relevant Risk Event) may occur in respect of the Credit Linked Notes but, subject to Credit Linked Condition 14 (*M(M)R Restructuring*), once only in relation to each Successor;
- (C) where a Relevant Risk Event and related Relevant Risk Event Determination Date occurs in respect of the Local Access Successor Entity after such Succession Date:
 - (I) the Local Access Credit Linked Notes will not redeem in whole, but instead the provisions of these Credit Linked Conditions shall be deemed to apply to the to the nominal amount represented by such Local Access Successor Entity only after the apportionment described above is effected (the "**Local Access Partial Nominal Amount**");
 - (II) the Local Access Credit Linked Notes shall, thereafter, be redeemed in part in accordance with Credit Linked Conditions 9(f)(i) (*LA Cash Redemption*), (ii) (*LA Physical Redemption*) or (iii) (*LA Fixed Recovery Redemption*), as applicable (such redeemed part being equal to a Securityholder's pro rata share of the Local Access Partial Nominal Amount (provided that if "Credit Payment on Maturity" applies such partial redemption shall occur only on the Final LA Cash Redemption Date)); and
 - (III) the Credit Linked Conditions and/or the Issue Terms shall be construed accordingly (including, for the avoidance of doubt, any interpretation in respect of an M(M)R Restructuring).

Following such event, the Local Access Credit Linked Notes shall remain outstanding in an amount equal to the Outstanding Aggregate Nominal Amount of the Local Access Credit Linked Notes and interest shall accrue on the Outstanding Aggregate Nominal Amount of the Local Access Credit Linked Notes only (in accordance with these Credit Linked Conditions, adjusted in such manner as the Calculation Agent in its discretion, acting in a commercially reasonable manner, determines to be appropriate to reflect the economic effects of the identification of more than one Successor), considered in the aggregate;

- (D) if some but not all of the Notes are early redeeming in accordance with General Condition 6 (*Redemption and Purchase*), the relevant provisions of these Credit Linked Conditions shall continue to apply to the Outstanding Aggregate Nominal Amount of the Notes; and
- (E) the provisions of this Credit Linked Condition 22(h)(vii) shall apply in respect of any identification by the Calculation Agent of further Successors.

(i) *Exchange Offer*

In the case of an exchange offer, the determination required pursuant to sub-paragraph (a) of the definition of "Successor" shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.

23. **Deliverable Obligations**

(a) *Restructuring Maturity Limitation*

If (i) Physical Redemption is specified as the Credit Event Redemption Method and "Mod R" is specified as applicable in the relevant Issue Terms and (ii) "Restructuring is the only Credit Event specified in a Credit Event Notice delivered by the Calculation Agent, then unless the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may only be specified in the

Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the Restructuring Maturity Limitation Date, in each case, as of the Delivery Date. In respect of a Monoline Insurer Reference Entity and with respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term "final maturity date", as such term is used in this sub-paragraph shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur.

(b) *Modified Restructuring Maturity Limitation*

- (i) If (A) Physical Redemption is specified as the Credit Event Redemption Method and "Mod Mod R" is specified as applicable in the relevant Issue Terms and (B) Restructuring is the only Credit Event specified in a Credit Event Notice delivered by Issuer, then unless the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may only be specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, if it (x) is a Conditionally Transferable Obligation and (y) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date in each case, as of the Delivery Date. Notwithstanding the foregoing, for purposes of this paragraph, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring. In respect of a Monoline Insurer Reference Entity and with respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term "final maturity date", as such term is used in this sub-paragraph shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur.
- (ii) Where a Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation applies and a Deliverable Obligation specified in the Notice of Physical Settlement (or in any NOPS Amendment Notice, if applicable) is a Conditionally Transferable Obligation with respect to which consent is required to novate, assign or transfer, and the requisite consent is refused (whether or not a reason is given for such refusal and, where a reason is given for such refusal, regardless of that reason), or is not received by the Physical Redemption Date (in which case it shall be deemed to have been refused), the Calculation Agent shall inform the Issuer, The Issuer shall promptly notify the Fiscal Agent (for onward notification to the Securityholder) of such refusal (or deemed refusal). If a Securityholder (x) does not designate a third party; (y) designates a third party in circumstances where it will be illegal due to any applicable law or regulation for the designee to take Delivery or such Delivery would give rise to any tax or any loss or cost to the Issuer; or (z) a Securityholder does not take Delivery on or prior to the Physical Redemption Date, then Credit Linked Condition 17(h) (*Alternative Procedures Relating to Loans not Delivered*) may be applied by the Issuer.

(c) *Determination of Final Maturity Date*

For the purposes of making a determination under sub-paragraph (a) or (b)(i) of this Credit Linked Condition 23, the relevant final maturity date shall, subject to the definition of "Conditionally Transferable Obligation", be determined on the basis of the terms of the Deliverable Obligation in effect at the time of making such determination and, in the case of a Deliverable Obligation that is due and payable, the final maturity date shall be deemed to be the date on which such determination is made.

(d) *Multiple Holder Obligation*

Unless "Multiple Holder Obligation" is specified to be not applicable in the relevant Issue Terms, then none of the events described in sub-paragraphs (i) to (iv) of the definition of "Restructuring" shall constitute a Restructuring unless the Obligation is a Multiple Holder Obligation, where "Multiple Holder Obligation" means an Obligation that (i) at the time of the

event which constitutes a Restructuring Credit Event is held by more than three holders that are not Affiliates of each other and (ii) with respect to which a percentage of holders (determined pursuant to the terms of the Obligation as in effect on the date of such event) at least equal to sixty-six-and two-thirds is required to consent to the event which constitutes a Restructuring Credit Event (provided that sub-paragraph (ii) shall be deemed to be satisfied where the Obligation is a Bond). In respect of a Monoline Insurer Reference Entity, for purposes of this definition, the term Obligation shall be deemed to include Insured Instruments for which the Reference Entity is acting as provider of a Qualifying Policy.

24. Reference Obligation

(a) *Standard Reference Obligation and Non-Standard Reference Obligation*

- (i) If "Standard Reference Obligation" is specified as applicable in the relevant Issue Terms, then the Reference Obligation for the relevant Reference Entity will be the Standard Reference Obligation which is the obligation of the relevant Reference Entity with the relevant Seniority Level specified from time to time on the SRO List.
- (ii) If "Standard Reference Obligation" is not specified as applicable in the relevant Issue Terms, then the Reference Obligation(s) for the relevant Reference Entity will be the Non-Standard Reference Obligation specified in the relevant Issue Terms for such Reference Entity.

(b) *Substitute Reference Obligation*

- (i) If a Substitution Event has occurred with respect to a Non-Standard Reference Obligation, the Calculation Agent may identify a Substitute Reference Obligation in accordance with sub-paragraphs (iii), (iv) and (v) of this Credit Linked Condition 24(b) to replace such Non-Standard Reference Obligation; provided that the Calculation Agent will not identify an Obligation as the Substitute Reference Obligation if, at the time of the determination, such Obligation has already been rejected as the Substitute Reference Obligation by the relevant Credit Derivatives Determinations Committee and such Obligation has not changed materially since the date of the relevant DC Resolution. In the case of an Index Untranchured Credit Linked Note or an Index Tranchured Credit Linked Note, as applicable, if there is no Standard Reference Obligation and the Index Sponsor publishes a replacement Reference Obligation for such Reference Entity, the Calculation Agent shall select such obligation rather than identify a Substitute Reference Obligation in accordance with sub-paragraphs (iii), (iv) and (v) of this Credit Linked Condition.
- (ii) If any of the events contained in sub-paragraph (a) or (c) of the definition of "Substitution Event" have occurred with respect to a Non-Standard Reference Obligation, such Non-Standard Reference Obligation will cease to be the Reference Obligation (other than for purposes of the "Not Subordinated" Obligation Characteristic or "Not Subordinated" Deliverable Obligation Characteristic and sub-paragraph (iii)(B) of this Credit Linked Condition 24(b)). If the event contained in sub-paragraph (b) of the definition of "Substitution Event" has occurred with respect to a Non-Standard Reference Obligation and no Substitute Reference Obligation is available, such Non-Standard Reference Obligation will continue to be a Reference Obligation until the Substitute Reference Obligation is identified or, if earlier, until any of the events set forth under sub-paragraph (a) or (c) of the definition of "Substitution Event" occur with respect to such Non-Standard Reference Obligation.
- (iii) The Substitute Reference Obligation shall be an Obligation that on the Substitution Date:
 - (A) is a Borrowed Money obligation of the relevant Reference Entity (either directly or as provider of a Guarantee (or, in respect of a Monoline Insurer Reference Entity, a Qualifying Policy));

- (B) satisfies the Not Subordinated Deliverable Obligation Characteristic as of the date it was issued or incurred (without reflecting any change the priority of payment after such date) and on the Substitution Date; and
- (C) (I) if the Non-Standard Reference Obligation was a Conforming Reference Obligation when issued or incurred and immediately prior to the Substitution Event Date:
 - 1. is a Deliverable Obligation (other than a Loan) determined in accordance with sub-paragraph (a) of the definition of "Deliverable Obligation"; or if no such obligation is available,
 - 2. is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with sub-paragraph (a) of the definition of "Deliverable Obligation";
- (II) if the Non-Standard Reference Obligation was a Bond (or any other Borrowed Money obligation other than a Loan) which was a Non-Conforming Reference Obligation when issued or incurred and/or immediately prior to the Substitution Event Date:
 - 1. is a Non-Conforming Substitute Reference Obligation (other than a Loan); or if no such obligation is available,
 - 2. is a Deliverable Obligation (other than a Loan) determined in accordance with sub-paragraph (a) of the definition of "Deliverable Obligation"; or if no such obligation is available,
 - 3. is a Non-Conforming Substitute Reference Obligation which is a Loan (other than a Private-side Loan); or if no such Obligation is available,
 - 4. is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with sub-paragraph (a) of the definition of "Deliverable Obligation"; or
- (III) if the Non-Standard Reference Obligation was a Loan which was a Non-Conforming Reference Obligation when incurred and/or immediately prior to the Substitution Event Date:
 - 1. is a Non-Conforming Substitute Reference Obligation which is a Loan (other than a Private-side Loan); or if no such obligation is available,
 - 2. is a Non-Conforming Substitute Reference Obligation (other than a Loan); or if no such obligation is available,
 - 3. is a Deliverable Obligation (other than a Loan) determined in accordance with sub-paragraph (a) of the definition of "Deliverable Obligation"; or if no such Obligation is available,
 - 4. is a Loan (other than a Private-side Loan) which constitutes a Deliverable Obligation determined in accordance with sub-paragraph (a) of the definition of "Deliverable Obligation".
- (iv) If more than one potential Substitute Reference Obligation is identified pursuant to the process described in sub-paragraph (iii) of this Credit Linked Condition 24(b), the Substitute Reference Obligation will be the potential Substitute Reference Obligation that most closely preserves the economic equivalent of the delivery and payment obligations of the Issuer under the relevant Series, as determined by the Calculation Agent. The Calculation Agent will (if a Substitute Reference Obligation has not been identified) notify the Fiscal Agent and the Issuer of a Substitute Reference Obligation

as soon as reasonably practicable after it has been identified in accordance with sub-paragraph (iii) of this Credit Linked Condition 24(b) and the Substitute Reference Obligation shall replace the Non-Standard Reference Obligation immediately upon such notification.

- (v) If a Substitution Event has occurred with respect to the Non-Standard Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for the Non-Standard Reference Obligation then or has yet to identify a suitable substitute, subject to sub-paragraph (i) of this Credit Linked Condition 24(b) and notwithstanding the fact that the Non-Standard Reference Obligation may have ceased to be the Reference Obligation in accordance with sub-paragraph (ii) of this Credit Linked Condition 24(b), the Calculation Agent may continue to attempt to identify the Substitute Reference Obligation.
- (c) *Redemption in respect of Reference Obligation Only Series*
 - (i) If the event set out in sub-paragraph (a) of the definition of "Substitution Event" occurs with respect to the Reference Obligation for a Series of Credit Linked Notes in respect of a Reference Entity to which "Reference Obligation Only" applies, the Credit Linked Notes shall be redeemed in full or in part at the Substitution Event Redemption Amount. The Issuer shall deliver, or cause the Fiscal Agent to deliver, a notice in accordance with Credit Linked Condition 26 (*Notices*) to the Securityholders stating the occurrence of such Substitution Event and setting out the date on which the Credit Linked Notes will be redeemed in full or in part, which shall be a date not earlier than the relevant Substitution Event Date.
 - (ii) Notwithstanding the definition of "Substitute Reference Obligation" (a) no Substitute Reference Obligation shall be determined in respect of the Reference Obligation for a Reference Entity to which "Reference Obligation Only" applies and such Reference Obligation is the only Reference Obligation for such Reference Entity in the Obligation Category and the Deliverable Obligation Category, and (b) if the events set out in sub-paragraph (b) or (c) of the definition of "Substitution Event" occur with respect to the Reference Obligation, such Reference Obligation shall continue to be the Reference Obligation and in such circumstance, there shall be no redemption of the Credit Linked Notes in full or in part.
- (d) *DC Substitute Reference Obligation Resolution*

Notwithstanding the provision of Credit Linked Condition 24(b) (*Substitute Reference Obligation*), the Calculation Agent may, but shall not be obliged to, select as the Substitute Reference Obligation for a Series of Credit Linked Notes an Obligation of the relevant Reference Entity which is determined by DC Resolution to be the Substitute Reference Obligation to a Non-Standard Reference Obligation.

25. **Calculation Agent Determination**

- (a) The Calculation Agent is responsible for, amongst other things:
 - (i) determining a Successor or Successors and making any other determinations required to be made under Credit Linked Condition 22 (*Successor Provisions*) including if there is a Steps Plan, making appropriate adjustments required to take account of any Obligations of the relevant Reference Entity which fall within the Obligation Category "Bond or Loan" that are issued, incurred, redeemed, repurchased or cancelled from (and including) the legally effective date of the first succession to and including the Succession Date;
 - (ii) determining whether (A) the aggregate amounts due under any Reference Obligation have been materially reduced by redemption or otherwise (other than due to any scheduled redemption, amortisation or prepayments) (B) any Reference Obligation is an Underlying Obligation with a Qualifying Guarantee of a Reference Entity and, other than due to the existence or occurrence of a Credit Event, the Qualifying Guarantee is

no longer a valid and binding Obligation of such Reference Entity enforceable in accordance with its terms, or (C) for any reason other than as described in (A) or (B) above and other than due to the existence or occurrence of a Credit Event, any Reference Obligation is no longer an Obligation of a Reference Entity;

- (iii) identifying and determining a Substitute Reference Obligation;
 - (iv) in the event that multiple Credit Event Notices or Risk Event Notices, as applicable, with respect to an M(M)R Restructuring are delivered pursuant to Credit Linked Condition 14 (*M(M)R Restructuring*), making any modifications required pursuant to that Credit Linked Condition;
 - (v) following the occurrence of an M(M)R Restructuring, determining the Exercise Amount of Credit Linked Notes to which such M(M)R Restructuring applies;
 - (vi) obtaining Quotations (and, if necessary, determining whether such Quotations shall include or exclude accrued but unpaid interest) and determining the Final Price in accordance with the applicable Valuation Method;
 - (vii) converting the Quotation Amount into the relevant Obligation Currency;
 - (viii) determining the Quotation Dealers (where none have been specified in the relevant Issue Terms) and substituting Quotation Dealers;
 - (ix) determining the LA Recovery Amount and the Undeliverable LA Cash Redemption Amount (if any) in respect of Local Access Credit Linked Notes;
 - (x) determining the Currency Rate and Revised Currency Rate where, in each case, it is not available on the Next Currency Fixing Date;
 - (xi) determining the number of Business Days in each Physical Settlement Period;
 - (xii) determining the Outstanding Principal Balance or Due and Payable Amount of the Deliverable Obligations to be included in the Physical Redemption Assets;
 - (xiii) determining any adjustments pursuant to Credit Linked Condition 9(g) (*Adjustment following a Regulatory Change Event*);
 - (xiv) determining any adjustment payment pursuant to Credit Linked Condition 12 (*Event Determination Date - Adjustment Payment and Ordering of Events*);
 - (xv) determining whether the Outstanding Principal Balance of the Valuation Obligation shall include or exclude accrued interest and if "Include Accrued Interest" is specified in the relevant Issue Terms with respect to Deliverable Obligations, determining accrued but unpaid interest;
 - (xvi) determining whether a Merger Event or Substitution Event Date has occurred;
 - (xvii) determining the Asset Market Value of an Asset Package;
 - (xviii) determining whether a "Failure to Pay" has occurred where "Credit Deterioration Requirement" is specified as applicable in the relevant Issue Terms; and
 - (xix) interpreting any Credit Derivatives Auction Settlement Terms (including any Transaction Auction Settlement Terms or Parallel Auction Settlement Terms).
- (b) The Calculation Agent shall as soon as practicable after making any of the determinations specified in sub-paragraphs (a)(i) to (xv) of this Credit Linked Condition 25 notify the Issuer of such determination.
- (c) If any of the matters set out in this Credit Linked Condition 25 are decided and/or determined by a Credit Derivatives Determinations Committee, the Calculation Agent may follow such decision or determination to the extent such decision and/or determination is applicable to any

Credit Linked Notes. In certain circumstances, the Calculation Agent shall be required to follow the decisions or determinations of a Credit Derivatives Determinations Committee or determinations made by the Calculation Agent may be overridden by subsequent determinations made by a Credit Derivatives Determinations Committee.

- (d) The Calculation Agent may from time to time, without obtaining the consent of the Securityholders, amend any provision of these Credit Linked Conditions and the applicable Issue Terms in any manner which the Calculation Agent determines (acting in a commercially reasonable manner) is necessary or desirable (i) to incorporate and/or reflect (x) further or alternative documents or protocols from time to time published by ISDA with respect to the documentation or redemption of Credit Linked Notes and/or (y) the operation or application of determinations by the Credit Derivatives Determinations Committees and/or (ii) to account for market practice to be reflected in the terms of the Credit Linked Notes. Any amendment made in accordance with this Credit Linked Condition 25 shall be notified to the Securityholders in accordance with General Condition 15 (*Notices*).

26. Notices

(a) *Interpretation*

References in these Credit Linked Conditions to a notice being delivered in accordance with General Condition 15 (*Notices*) shall include such Condition as amended by the terms of any Global Registered Note Certificate representing the Credit Linked Notes.

(b) *Notices required to be delivered*

The Issuer shall deliver, or may cause the Fiscal Agent to deliver, notice to the Securityholders of the following, in accordance with this Credit Linked Condition 26, to the extent required to be delivered pursuant to the terms of the Credit Linked Notes:

- (i) A Credit Event Notice and, if applicable, a Notice of Publicly Available Information;
- (ii) A Notice of Physical Settlement and, if applicable, any NOPS Amendment Notice;
- (iii) A Risk Event Notice, if applicable;
- (iv) A Successor Notice (provided that no Successor Notice shall be required following a determination by a Credit Derivatives Determinations Committee that a Successor has been identified);
- (v) If the terms of any Linear Basket Credit Linked Notes, Index Untranchured Credit Linked Notes, Index Tranchured Credit Linked Notes or Portfolio Tranchured Credit Linked Notes provide for the basket or Index, as applicable, to be amended from time to time other than as a result of the identification of any Successor, details of any amendments to the basket or Index, as applicable;
- (vi) The designation of any Substitute Reference Obligation (provided that (A) no such notice shall be required following a determination by a Credit Derivatives Determinations Committee of a Substitute Reference Obligation has occurred and (B) the failure of the Issuer to deliver a notice to the Securityholders pursuant to this Credit Linked Condition 26 shall not affect the effectiveness of any designation of such Substitute Reference Obligation by the Calculation Agent (such designation to be in accordance with these Credit Linked Conditions);
- (vii) A notice detailing the suspension of payment of interest pursuant to Credit Linked Condition 2 (*Interest on Credit Linked Notes*);
- (viii) A notice detailing any adjustment payments required to be made by the Issuer pursuant to Credit Linked Conditions 12 (*Event Determination Date - Adjustment Payment and Ordering of Events*) or 9(g) (*Adjustment following a Regulatory Change Event*);

- (ix) Following the determination of the Cash Redemption Amount or the Final Cash Redemption Amount, as applicable, with respect to any Credit Linked Notes subject to the provisions of Credit Linked Condition 16 (*Cash Redemption Terms*), the Cash Redemption Amount Notice;
 - (x) Following the determination of the Auction Redemption Amount or the Final Auction Redemption Amount, as applicable, with respect to any Credit Linked Notes subject to the provisions of Credit Linked Condition 15 (*Auction Redemption Terms*), the Auction Redemption Amount Notice;
 - (xi) A Notice to Exercise Movement Option;
 - (xii) A Repudiation/Moratorium Extension Notice;
 - (xiii) A Redemption Suspension Notice; or
 - (xiv) A Payment Failure Event Notice.
- (c) *Effectiveness of Notices*
- (i) Notwithstanding this Credit Linked Condition 26, any notice required to be delivered by the Issuer to Securityholders in accordance with these Credit Linked Conditions shall be deemed to have been delivered to Securityholders upon delivery of such notice to the Fiscal Agent by the Issuer (upon receipt of such notice from the Calculation Agent, as applicable).. The failure of the Fiscal Agent to deliver any such notice to Securityholders shall not affect (x) the effectiveness of any notice delivered by the Calculation Agent to the Issuer and/or by the Issuer to the Fiscal Agent, (y) the effectiveness of any determinations made by any of them or (iii) the right of the Issuer to redeem (in whole or in part) the Credit Linked Notes or to writedown the Outstanding Aggregate Nominal Amount of the Credit Linked Notes pursuant to and in accordance with the relevant Credit Linked Condition. In addition, the failure of the Calculation Agent, the Issuer or the Fiscal Agent to deliver any notice or any decision by any of them to not deliver a Credit Event Notice or Risk Event Notice, as applicable, shall not constitute an Event of Default under the Credit Linked Notes.
 - (ii) Notwithstanding this Credit Linked Condition 26, a notice delivered by the Issuer to the Fiscal Agent on or prior to 3.00 p.m. (London time) on an Issuer Business Day will be effective on such Issuer Business Day. A notice delivered after 3.00 p.m. (London time) on an Issuer Business Day will be deemed effective on the next following Issuer Business Day, regardless of the form in which it is delivered.
 - (iii) Other than as specified herein, Clauses 23 (*Communications*) and 24 (*Notices*) of the Fiscal Agency Agreement shall apply to any relevant communications and notices delivered in accordance with these Credit Linked Conditions.

27. Interpretation of Obligation Characteristics and Deliverable Obligation Characteristics

- (a) If either of the Obligation Characteristics "Listed" or "Not Domestic Issuance" is specified in the relevant Issue Terms, the relevant Issue Terms shall be construed as though the relevant Obligation Characteristic had been specified as an Obligation Characteristic only with respect to Bonds;
- (b) If (i) either of the Deliverable Obligation Characteristics "Listed", "Not Domestic Issuance" or "Not Bearer" is specified in the relevant Issue Terms, the relevant Issue Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Bonds; (ii) the Deliverable Obligation Characteristic "Transferable" is specified in the relevant Issue Terms, such Issue Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Deliverable Obligations that are not Loans; or (iii) any of the Deliverable Obligation Characteristics "Assignable Loan", "Consent Required Loan" or "Direct Loan Participation" is specified in the relevant Issue Terms, such Issue Terms shall be construed as though such Deliverable

Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Loans; and

- (c) If more than one of "Assignable Loan", "Consent Required Loan" and "Direct Loan Participation" are specified as Deliverable Obligation Characteristics in the relevant Issue Terms, the Deliverable Obligations may include any Loan that satisfies any one of such Deliverable Obligation Characteristics specified and need not satisfy all such Deliverable Obligation Characteristics.
- (d) If an Obligation or a Deliverable Obligation is a Relevant Guarantee, the following will apply:
 - (i) For the purposes of the application of the Obligation Category or the Deliverable Obligation Category, the Relevant Guarantee shall be deemed to satisfy the same category or categories as those that describe the Underlying Obligation;
 - (ii) For the purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics, both the Relevant Guarantee and the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Obligation Characteristics or Deliverable Obligation Characteristics, if any, specified in the relevant Issue Terms from the following list: "Not Subordinated", "Specified Currency", "Not Sovereign Lender", "Not Domestic Currency" and "Not Domestic Law".
 - (iii) For the purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics, only the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Obligation Characteristics or the Deliverable Obligation Characteristics, if any, specified in the relevant Issue Terms from the following list: "Listed", "Not Domestic Issuance", "Assignable Loan", "Consent Required Loan", "Direct Loan Participation", "Transferable", "Maximum Maturity", "Accelerated" or "Matured" and "Not Bearer"; and
 - (iv) For the purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics to an Underlying Obligation, references to the Reference Entity shall be deemed to refer to the Underlying Obligor.
- (e) For purposes of the application of the Deliverable Obligation Characteristic "Maximum Maturity", remaining maturity shall be determined on the basis of the terms of the Deliverable Obligation in effect at the time of making such determination and, in the case of a Deliverable Obligation that is due and payable, the remaining maturity shall be zero.
- (f) If "Financial Reference Entity Terms" and "Governmental Intervention" are specified as applicable in the relevant Issue Terms, if an obligation would otherwise satisfy a particular Obligation Characteristic or Deliverable Obligation Characteristic, the existence of any terms in the relevant obligation in effect at the time of making the determination which permit the Reference Entity's obligations to be altered, discharged, released or suspended in circumstances which would constitute a Governmental Intervention, shall not cause such obligation to fail to satisfy such Obligation Characteristic or Deliverable Obligation Characteristic.
- (g) For purposes of determining the applicability of Deliverable Obligation Characteristics and the requirements specified in sub-paragraph (a) of the definition of "Mod R" and sub-paragraph (a) of the definition of "Mod Mod R" to a Prior Deliverable Obligation or a Package Observable Bond, any such determination shall be made by reference to the terms of the relevant obligation in effect immediately prior to the Asset Package Credit Event.
- (h) If "Subordinated European Insurance Terms" is specified as applicable in the relevant Issue Terms, if an obligation would otherwise satisfy the "Maximum Maturity" Deliverable Obligation Characteristic, the existence of any Solvency Capital Provisions in such obligation shall not cause it to fail to satisfy such Deliverable Obligation Characteristic.

28. **No frustration**

In the absence of other reasons, no Credit Linked Notes will be considered frustrated, or otherwise void or voidable (whether for mistake or otherwise) solely because:

- (a) any relevant Reference Entity does not exist on, or ceases to exist on or following, the Trade Date; and/or
- (b) the Obligation(s), the Deliverable Obligation(s) or the Reference Obligation(s) do not exist on, or cease to exist on or following, the Trade Date.

29. **Definitions**

The following definitions which relate to the Credit Linked Notes should be read in conjunction with the Credit Linked Conditions. Where terms are used but not defined in these Credit Linked Conditions, they will have the meaning given to them in the Conditions.

"2019 Narrowly Tailored Credit Event Supplement" means a supplement to the Credit Derivatives Definitions which replaces the definitions of "Outstanding Principal Balance" and "Failure to Pay" under the Credit Derivatives Definitions and sets out guidance on the interpretation of the definition of "Failure to Pay" where "Credit Deterioration Requirement" is applicable.

"Additional Risk Event" means, in respect of Local Access Credit Linked Notes, if specified as applicable in the relevant Issue Terms, the occurrence or existence, on or after the Additional Risk Event Start Date, of:

- (a) an Inconvertibility Event;
- (b) an Ownership Restriction Event; and/or
- (c) a Settlement/Custodial Event.

"Additional Risk Event Start Date" means, in respect of Local Access Credit Linked Notes, the Trade Date or the Issue Date, as specified in the relevant Issue Terms.

"Affected Reference Entity" means a Reference Entity in respect of which a Relevant Credit Event has occurred (provided that, for the avoidance of doubt, for Nth-to Default Basket Credit Linked Notes, only the nth Reference Entity can be an Affected Reference Entity).

"Aggregate Default Count" means, in respect of Nth-to-Default Basket Credit Linked Notes, on the Issue Date, zero and thereafter, an amount increased by each Event Determination Date by the Reference Entity Count (determined immediately prior to such Event Determination Date) of the related Reference Entity provided that if any Event Determination Date occurs at such time when the Calculation Agent has determined that there remains unresolved potential Credit Events which could result in an earlier Event Determination Date occurring with respect to one or more Reference Entities than the Event Determination Date in respect of any Reference Entity it is considering, such increase to the Aggregate Default Count shall not be effected until such time as the Calculation Agent has confirmed that no other earlier Event Determination Date could occur.

"Aggregate Loss Amount" means at any time on any day:

- (a) in respect of Index Tranching Credit Linked Notes:
 - (i) the aggregate of all Loss Amounts calculated with respect to all Affected Reference Entities for such Index Tranching Credit Linked Notes; plus
 - (ii) the Aggregate Settled Entity Loss Amount calculated with respect to such Index Tranching Credit Linked Notes; or
- (b) in respect of Portfolio Tranching Credit Linked Notes, the aggregate of all Loss Amounts calculated with respect to all Affected Reference Entities for such Portfolio Tranching Credit Linked Notes.

"Aggregate Recovery Amount" means at any time on any day:

- (a) in respect of Index Tranching Credit Linked Notes:
 - (i) the aggregate of all Recovery Amounts calculated with respect to all Affected Reference Entities for such Index Tranching Credit Linked Notes; plus
 - (ii) the Aggregate Settled Entity Recovery Amount, if applicable, calculated with respect to the Index Tranching Credit Linked Notes; or
- (b) in respect of Portfolio Tranching Credit Linked Notes, the aggregate of all Recovery Amounts calculated with respect to all Affected Reference Entities for such Portfolio Tranching Credit Linked Notes.

"Aggregate Settled Entity Loss Amount" means, in respect of Index Tranching Credit Linked Notes, an amount equal to the aggregate of the Settled Entity Loss Amounts for all Settled Entities.

"Aggregate Settled Entity Recovery Amount" means, in respect of Index Tranching Credit Linked Notes, an amount equal to the aggregate of the Settled Entity Recovery Amounts for all Settled Entities.

"Applicable Auction" means an Auction which the Calculation Agent determines is relevant to a Relevant Credit Event with respect to a relevant Reference Entity where the Deliverable Obligations set out on the Final List or the Deliverable Obligation Terms meet the Deliverable Obligation Provisions of the Credit Linked Notes (for which purpose the Calculation Agent may take into account without limitation (a) the applicable Credit Event, Transaction Type and Reference Entity, whether the Credit Derivatives Definitions applies to such auction, the seniority of the transactions covered by such auction, whether a representative credit derivative transaction in unfunded format having economically equivalent terms as the Credit Linked Notes would be covered (if Auction Redemption applied and an "Event Determination Date" were deemed to occur), if the Auction relates to an M(M)R Restructuring, whether the designated ranges of scheduled termination dates covered by the auction would cover such representative credit derivative transaction with the same tenor as the Credit Linked Note and any connected DC Resolution and/or statement associated with such announcement. and (b) any Hedging Positions the Issuer has entered or may enter into in connection with the Credit Linked Notes that may impact, amongst other things, any determinations or calculations under such Credit Linked Notes).

"Applicable Credit Derivatives Auction Settlement Terms" means with respect to a relevant Reference Entity, a Credit Event and an Applicable Auction, the Credit Derivatives Auction Settlement Terms (if any) which the Calculation Agent determines is relevant to the Credit Linked Notes (for which purpose the Calculation Agent may take into account without limitation (a) the applicable Credit Event, Transaction Type and Reference Entity, whether the Credit Derivatives Definitions applies to such auction, the seniority of the transactions covered by such auction, the Deliverable Obligations set out on the Final List, whether a representative credit derivative transaction in unfunded format having economically equivalent terms as the Credit Linked Notes would be covered (if Auction Redemption applied and an "Event Determination Date" were deemed to occur), whether the Deliverable Obligation Terms meet the Deliverable Obligation Provisions of the Credit Linked Notes and, if the Auction relates to an M(M)R Restructuring, whether the designated ranges of scheduled termination dates covered by the auction would cover such representative credit derivative transaction with the same tenor as the Credit Linked Notes and any connected DC Resolution and/or statement associated with such auction settlement terms) and (b) any Hedging Positions that the Issuer has entered or may enter into in connection with the Notes that may impact, amongst other things, any determinations or calculations under such Credit Linked Notes). The Calculation Agent shall, as soon as practicable after the relevant Applicable Credit Derivatives Auction Settlement Terms are published, notify the Issuer that Applicable Credit Derivatives Auction Settlement Terms have been published with respect to an Affected Reference Entity and a Relevant Credit Event. Copies of the Applicable Credit Derivatives Auction Settlement Terms

are made available by the DC Secretary at its website (www.isda.org) or any successor website).

"Applicable DC Credit Event Announcement" means a DC Credit Event Announcement which the Calculation Agent determines is relevant to the Credit Linked Notes (for which purpose the Calculation Agent may take into account (a) the applicable Credit Event, Transaction Type and Reference Entity, whether the announcement relates to interpretation under the Credit Derivatives Definitions, the seniority of the obligation resulting in a credit event, the date the credit event occurred, the reference obligations in question and any connected DC Resolution (including in respect of the determination of a Credit Event Resolution Request Date) and/or statement associated with such announcement and (b) any Hedging Position that the Issuer has entered or may enter into in connection with the Credit Linked Notes).

"Applicable DC Credit Event Meeting Announcement" means a DC Credit Event Meeting Announcement which the Calculation Agent determines is relevant to the Credit Linked Notes (for which purpose the Calculation Agent may take into account without limitation (a) the applicable question submitted, the Transaction Type and Reference Entity, whether the announcement relates to interpretation under the Credit Derivatives Definitions, the obligations or seniority of the obligation(s) in question if relevant, the date the relevant event is stated to have occurred, the deliverable obligations and/or seniority of the deliverable obligations(s) in question, if relevant, the reference obligations in question and connected DC Resolution and/or statement associated with such announcement) and (b) any Hedging Position that the Issuer has entered or may enter into in connection with the Credit Linked Notes).

"Applicable DC Credit Event Question" means a DC Credit Event Question which the Calculation Agent determines is relevant to the Credit Linked Notes (for which purpose the Calculation Agent may take into account without limitation (a) the applicable question submitted, the Transaction Type and Reference Entity, whether the announcement relates to interpretation under the Credit Derivatives Definitions, the obligations or seniority of the obligation(s) in question if relevant, the date the relevant event is stated to have occurred, the reference obligations in question and any connected DC Resolution and/or statement associated with such announcement and (b) any credit hedging transaction that the Issuer has entered or may enter into in connection with the Credit Linked Notes that may impact, amongst other things, any determinations or calculations under such Credit Linked Notes).

"Applicable DC Credit Event Question Dismissal" means a DC Credit Event Question Dismissal which the Calculation Agent determines is relevant to the Credit Linked Notes (for which purpose the Calculation Agent may take into account without limitation (a) the applicable question submitted, the Transaction Type and Reference Entity, whether the announcement relates to interpretation under the Credit Derivatives Definitions, the obligations or seniority of the obligation(s) in question if relevant, the date the relevant event is stated to have occurred, the reference obligations in question, the date of such question dismissal and any connected DC Resolution and/or statement associated with such announcement) and (b) any Hedging Position that the Issuer has entered or may enter into in connection with the Credit Linked Notes that may impact, amongst other things, any determinations or calculations under such Credit Linked Notes).

"Applicable DC No Credit Event Announcement" means a DC No Credit Event Announcement which the Calculation Agent determines is relevant to the Credit Linked Notes (for which purpose the Calculation Agent may take into account without limitation (a) applicable Credit Event, Transaction Type and Reference Entity, whether the announcement relates to interpretation under the Credit Derivatives Definitions, the seniority of the obligation resulting in a credit event, the date the credit event occurred, the reference obligations in question and any connected DC Resolutions and/or statements associated with such announcement and (b) any Hedging Position that the Issuer has entered or may enter into in connection with the Credit Linked Notes that may impact, amongst other things, any determinations or calculations under such Credit Linked Notes).

"Applicable Principal Currency Amount" means, in respect of Local Access Credit Linked Notes, an amount equal to the nominal amount of the Reference Investor Assets, expressed as the Settlement Currency Principal Amount or the LCY Reference Amount, as specified in the relevant Issue Terms.

"Applicable Proportion" means (subject to the relevant provisions set out in Credit Linked Condition 22 (*Successor Provisions*)), in respect of a Relevant Credit Event or Relevant Risk Event (as applicable) and a Credit Linked Note:

- (a) in the case of Single Name Credit Linked Notes, Nth to-Default Credit Linked Notes, Linear Basket Credit Linked Notes, Index Untranching Credit Linked Notes and Local Access Credit Linked Notes, the product of:
 - (i) the Specified Denomination of each Credit Linked Note; and
 - (ii) (I) if the Relevant Credit Event is not an M(M)R Restructuring:
 - (x) in respect of a Single Name Credit Linked Note, an Nth-to-Default Basket Credit Linked Note or a Local Access Credit Linked Note, 100 per cent.; or
 - (y) in respect of a Linear Basket Credit Linked Note or an Index Untranching Credit Linked Note, an amount (expressed as a percentage) equal to (x) the Reference Entity Notional Amount relating to the relevant Affected Reference Entity, divided by (y) the Original Aggregate Nominal Amount of the Linear Basket Credit Linked Notes or Index Untranching Credit Linked Notes, as applicable; or
 - (II) if the Relevant Credit Event is an M(M)R Restructuring, an amount (expressed as a percentage) equal to (x) the Exercise Amount specified in the relevant Credit Event Notice relating to the relevant Reference Entity and Credit Event, divided by (y) the Original Aggregate Nominal Amount of the Credit Linked Notes; and
- (b) in the case of Index Tranching Credit Linked Notes and Portfolio Tranching Credit Linked Notes, the product of:
 - (i) the Specified Denomination of each Credit Linked Note; and
 - (ii) an amount (expressed as a percentage) equal to (x) the relevant Principal Writedown Amount with respect to an Affected Reference Entity and Relevant Credit Event, divided by (y) the Original Aggregate Nominal Amount of the Credit Linked Notes.

"Applicable Resolution" means a DC Resolution of a Credit Derivatives Determinations Committee which the Calculation Agent determines is relevant to the Credit Linked Notes (for which purpose the Calculation Agent may take into account without limitation (a) the applicable question submitted, the Transaction Type and Reference Entity, whether the announcement relates to interpretation under the Credit Derivatives Definitions, the obligations or seniority of the obligation(s) in question if relevant, the date the relevant event is stated to have occurred, the reference obligations in question and any connected DC Resolution and/or statement associated with such announcement and (b) any Hedging Position that the Issuer has entered or may enter into in connection with the Credit Linked Notes).

"Applicable Transaction Auction Settlement Terms" means, with respect to a relevant Reference Entity and a Credit Event, the relevant Credit Derivatives Auction Settlement Terms which the Calculation Agent determines constitute Applicable Credit Derivatives Auction Settlement Terms.

"Asset" means each obligation, equity, amount of cash, security, fee (including any "early-bird" or other consent fee), right and/or other asset, whether tangible or otherwise and whether issued, incurred, paid or provided by the relevant Reference Entity or a third party (or any value which was realised or capable of being realised in circumstances where the right and/or other asset no longer exists).

"Asset Market Value" means the market value of an Asset, as the Calculation Agent shall determine by reference to an appropriate specialist valuation or in accordance with the methodology determined by the Credit Derivatives Determinations Committee.

"Asset Package" means, in respect of an Asset Package Credit Event, all of the Assets in the proportion received or retained by a Relevant Holder in connection with such relevant Asset Package Credit Event (which may include the Prior Deliverable Obligation or Package Observable Bond, as the case may be). If the Relevant Holder is offered a choice of Assets or a choice of combination of Assets, the Asset Package will be the Largest Asset Package. If the Relevant Holder is offered, receives and retains nothing, the Asset Package shall be deemed to be zero. An Asset Package shall be treated as having the same currency and Outstanding Principal Balance as that of the Prior Deliverable Obligation or Package Observable Bond, as applicable, to which it corresponds immediately prior to the Asset Package Credit Event.

"Asset Package Credit Event" means:

- (a) if "Financial Reference Entity Terms" and "Governmental Intervention" are specified as applicable in the relevant Issue Terms: (i) a Governmental Intervention; or (ii) a Restructuring in respect of the Reference Obligation of the relevant Reference Entity, if "Restructuring" is specified as applicable in the relevant Issue Terms and such Restructuring does not constitute a Governmental Intervention; and
- (b) if the relevant Reference Entity is a Sovereign and "Restructuring" is specified as applicable in the relevant Issue Terms, a Restructuring,

in each case, whether or not such event is specified as the applicable Credit Event in the Credit Event Notice or the DC Credit Event Announcement.

"Attachment Point" means, in respect of Index Tranching Credit Linked Notes or Portfolio Tranching Credit Linked Notes, the percentage specified as such in the Issue Terms.

"Auction" means, with respect to a relevant Reference Entity and a Relevant Credit Event, unless otherwise specified in the Applicable Transaction Auction Settlement Terms an auction pursuant to which an Auction Final Price is to be determined in accordance with the auction procedure set out in the relevant Credit Derivatives Auction Settlement Terms.

"Auction Cancellation Date" means, with respect to an Auction, unless otherwise specified in the relevant Applicable Transaction Auction Settlement Terms, the date on which such Auction was deemed to have been cancelled as announced by the DC Secretary (and/or the administrators specified in the relevant Credit Derivatives Auction Settlement Terms) on its website or such other date as determined and announced in accordance with the relevant Applicable Transaction Auction Settlement Terms.

"Auction Final Price" means, with respect to an Applicable Auction, unless otherwise specified in the relevant Applicable Transaction Auction Settlement Terms, the price (expressed as a percentage) in respect of the deliverable obligations which would constitute Reference Obligation(s) and/or Deliverable Obligation(s) under the Credit Linked Notes or if an Asset Package Credit Event has resulted in such Applicable Auction, in respect of the Asset Package which results from either a Prior Deliverable Obligation or a Package Observable Bond under the Credit Linked Notes. The Auction Final Price with respect to a Reference Entity and a related Credit Event can be obtained at the auction administrator's website at <http://www.creditfixings.com/CreditEventAuctions/fixings.jsp> or any successor website.

"Auction Final Price Determination Date" means, with respect to an Applicable Auction, the day, if any, on which the Auction Final Price is determined or such other date as specified in the relevant Applicable Transaction Auction Settlement Terms.

"Auction Redemption Amount" means, in respect of each Single Name Credit Linked Note, Nth-to-Default Basket Credit Linked Note, Linear Basket Credit Linked Note or Index Untranchured Credit Linked Note, unless otherwise specified in the relevant Issue Terms, an amount calculated by the Calculation Agent equal to the greater of:

- (a) zero; and
- (b) the product of:
 - (i) the Applicable Proportion; and
 - (ii) the Auction Final Price,

minus each Credit Linked Note's *pro rata share* of the Unwind Costs, if any.

"Auction Redemption Amount Notice" means a notice in writing specifying the Auction Redemption Amount, the Index Tranchured Redemption Amount or Portfolio Tranchured Redemption Amount, as applicable, relating to any Relevant Credit Event and the related Final Auction Redemption Amount, Index Tranchured Final Redemption Amount or Portfolio Tranchured Final Redemption Amount, as applicable, including the Auction Final Price, any Loss Amount, Recovery Amount, Index Tranchured Incurred Loss Amount and/or Index Tranchured Incurred Recovery Amount, Portfolio Tranchured Incurred Loss Amount and/or Portfolio Tranchured Incurred Recovery Amount, as applicable, and the Unwind Costs, if any.

"Auction Redemption Date" means the date that is the number of Business Days specified in the relevant Issue Terms (or, if a number of Business Days is not so specified, five Business Days) following the date on which the Issuer delivers the Auction Redemption Amount Notice to the Fiscal Agent.

"Bankruptcy" means the relevant Reference Entity:

- (a) is dissolved (other than pursuant to a consolidation, amalgamation or merger);
- (b) becomes insolvent or is unable to pay its debts or fails or admits in writing in a judicial, regulatory or administrative proceeding or filing its inability generally to pay its debts as they become due;
- (c) makes a general assignment, arrangement, scheme or composition with or for the benefit of its creditors generally, or such a general assignment, arrangement, scheme or composition becomes effective;
- (d) institutes or has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other similar relief under any bankruptcy or insolvency law or other law affecting creditors' rights, or a petition is presented for its winding-up or liquidation, and, in the case of any such proceeding or petition instituted or presented against it, such proceeding or petition:
 - (i) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation; or
 - (ii) is not dismissed, discharged, stayed or restrained in each case within thirty calendar days of the institution or presentation thereof;
- (e) has a resolution passed for its winding-up or liquidation (other than pursuant to a consolidation, amalgamation or merger);
- (f) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, trustee, custodian or other similar official for it or for all or substantially all its assets;
- (g) has a secured party take possession of all or substantially all its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on

or against all or substantially all its assets and such secured party maintains possession, or any such process is not dismissed, discharged, stayed or restrained, in each case within thirty calendar days thereafter; or

- (h) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in subparagraphs (a) to (g) of this definition.

"Capital Ratio" means, in respect of a CoCo Reference Entity, the ratio of capital to risk weighted assets applicable to the Obligation, as described in the terms thereof in effect from time to time.

"Cash Redemption Amount" means, in respect of each Single Name Credit Linked Note, Nth-to-Default Basket Credit Linked Note, Linear Basket Credit Linked Note or Index Untranching Credit Linked Note, unless otherwise specified in the relevant Issue Terms, an amount calculated by the Calculation Agent equal to the greater of:

- (a) zero; and
- (b) the product of:
 - (i) the Applicable Proportion; and
 - (ii) (x) the Final Price or (y) where Fixed Recovery Redemption is applicable, the Fixed Recovery Percentage,

minus each Credit Linked Note's *pro rata share* of the Unwind Costs, if any.

"Cash Redemption Amount Notice" means a notice in writing specifying the Cash Redemption Amount, the Index Tranching Redemption Amount or Portfolio Tranching Redemption Amount, as applicable, relating to any Relevant Credit Event and the related Final Cash Redemption Amount, Index Tranching Final Redemption Amount or Portfolio Tranching Final Redemption Amount, as applicable, including the Final Price, any Loss Amount, Recovery Amount, Index Tranching Incurred Loss Amount and/or Index Tranching Incurred Recovery Amount, Portfolio Tranching Incurred Loss Amount and/or Portfolio Tranching Incurred Recovery Amount, as applicable, and Unwind Costs, if any, together with (i) the Valuation Obligation(s) which were the subject of the Quotation, (ii) the Valuation Date, (iii) the Quotation Amount, (iv) each such Quotation that it received in connection with the calculation of the Final Price and (v) a written computation showing such calculation.

"Cash Redemption Date" means the date that is the number of Business Days specified in the relevant Issue Terms (or, if a number of Business Days is not so specified, five Business Days) following the date on which the Issuer delivers the Cash Redemption Amount Notice to the Fiscal Agent.

"Certificate Balance" means, in respect of a Monoline Insurer Reference Entity and in the case of an Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest, the unit principal balance, certificate balance or similar measure of unreimbursed principal investment.

"CoCo Provision" means, in respect of a CoCo Reference Entity and with respect to an Obligation, a provision which requires (i) a permanent or temporary reduction of the amount of principal payable at redemption or (ii) a conversion of principal into shares or another instrument, in each case, if the Capital Ratio is at or below the Trigger Percentage. For the avoidance of doubt, the operation of one or more CoCo Provisions shall not result in delivery of the Deliverable Obligation to Securityholders.

"CoCo Reference Entity" means a Reference Entity to which the "2014 CoCo Supplement to the 2014 ISDA Credit Derivatives Definitions", as published by ISDA on 15 September 2014, is specified as applicable in the relevant Issue Terms.

"Conditionally Transferable Obligation" means a Deliverable Obligation that is either Transferable, in the case of Bonds, or capable of being assigned or novated to all Modified Eligible Transferees without the consent of any person being required, in the case of any Deliverable Obligation other than Bonds, in each case, as of the Delivery Date, provided, however, that a Deliverable Obligation other than Bonds will be a Conditionally Transferable Obligation notwithstanding that consent of the relevant Reference Entity or the guarantor, if any, of a Deliverable Obligation other than Bonds (or the consent of the relevant obligor if the relevant Reference Entity is guaranteeing such Deliverable Obligation) or any agent is required for such novation, assignment or transfer, so long as the terms of such Deliverable Obligation provide that such consent may not be unreasonably withheld or delayed. Any requirement that notification of novation, assignment or transfer of a Deliverable Obligation be provided to a trustee, administrative agent, clearing agent or paying agent for a Deliverable Obligation shall not be considered to be a requirement for consent for purposes of this definition of **"Conditionally Transferable Obligation"**.

In respect of a Monoline Insurer Reference Entity, in the event that a Conditionally Transferable Obligation is a Qualifying Policy, the Insured Instrument must meet the requirements of this definition, and if the benefit of the Qualifying Policy is not transferred as part of any transfer of the Insured Instrument, the Qualifying Policy must be transferable at least to the same extent as the Insured Instrument. References in this definition to the guarantor and guaranteeing shall be deemed to include the insurer and insuring, respectively.

"Conforming Reference Obligation" means a Reference Obligation which is a Deliverable Obligation determined in accordance with sub-paragraph (a) of the definition of "Deliverable Obligation".

"Credit Derivatives Auction Settlement Terms" means any Credit Derivatives Auction Settlement Terms published by the DC Secretary on its website at <https://www.cdsdeterminationscommittees.org> (or any successor website thereto) from time to time and may be amended from time to time. The Calculation Agent shall be authorised to construe any Credit Derivatives Auction Settlement Terms (including any Transaction Auction Settlement Terms or Parallel Auction Settlement Terms) in such manner as it shall determine in its discretion, acting in a commercially reasonable manner, to be necessary in order to give effect to the meaning of any word or expression used herein which is defined by reference to such Credit Derivatives Auction Settlement Terms.

"Credit Derivatives Definitions" means the 2014 ISDA Credit Derivatives Definitions, as published by ISDA, as amended and supplemented from time to time.

"Credit Derivatives Determinations Committee" means each committee established pursuant to the DC Rules for purposes of reaching certain DC Resolutions.

"Credit Event" means, as determined by the Calculation Agent, the occurrence of one or more of the following Credit Events as specified in the relevant Issue Terms: Bankruptcy, Failure to Pay, Obligation Acceleration, Obligation Default, Repudiation/Moratorium, Restructuring or Governmental Intervention. If an occurrence would otherwise constitute a Credit Event, such occurrence will constitute a Credit Event whether or not such occurrence arises directly or indirectly from, or is subject to a defence based upon:

- (a) any lack or alleged lack of authority or capacity of the relevant Reference Entity to enter into any Obligation or, as applicable, an Underlying Obligor to enter into any Underlying Obligation;
- (b) any actual or alleged unenforceability, illegality, impossibility or invalidity with respect to any Obligation or, as applicable, any Underlying Obligation, however described;
- (c) any applicable law, order, regulation, decree or notice, however described, or the promulgation of, or any change in, the interpretation by any court, tribunal, regulatory authority or similar administrative or judicial body with competent or apparent

jurisdiction of any applicable law, order, regulation, decree or notice, however described; or

- (d) the imposition of, or any change in, any exchange controls, capital restrictions or any other similar restrictions imposed by any monetary or other authority, however described.

In respect of a Monoline Insurer Reference Entity, for purposes of this definition, references to the Underlying Obligation and the Underlying Obligor shall be deemed to include Insured Instruments and the Insured Obligor, respectively.

"Credit Event Backstop Date" means, unless otherwise specified in the relevant Issue Terms to be the Trade Date or the Issue Date:

- (a) for the purposes of any event that constitutes a Credit Event (or, with respect to a Repudiation/Moratorium, if applicable, the event described in sub-paragraph (b) of the definition thereof), as determined by DC Resolution, the date that is 60 calendar days prior to the Credit Event Resolution Request Date; or
- (b) otherwise, the date that is 60 calendar days prior to the earlier of (i) the "Notice Delivery Date", if the Notice Delivery Date occurs during the Notice Delivery Period and (ii) the Credit Event Resolution Request Date, if the Notice Delivery Date occurs during the Post Dismissal Additional Period.

The Credit Event Backstop Date shall not be subject to adjustment in accordance with any Business Day Convention.

"Credit Event Notice" means an irrevocable notice from the Calculation Agent to the Issuer for onward delivery to the Fiscal Agent and the Securityholders, which the Calculation Agent has the right (but not the obligation) to deliver, which:

- (a) identifies the Series of Credit Linked Notes to which the Credit Event Notice relates;
- (b) states the Calculation Agent's intention for the Issuer to either redeem or write down the relevant Credit Linked Notes, as applicable, by the Applicable Proportion thereof, in accordance with the relevant Credit Event Redemption Method and the applicable Fallback Redemption Method; and
- (c) describes a Credit Event that occurred on or after the Credit Event Backstop Date and on or prior to the Extension Date.

Any Credit Event Notice that describes a Credit Event that occurred after the Scheduled Maturity Date must relate to the relevant Potential Failure to Pay, in the case of a Grace Period Extension Date, or the relevant Potential Repudiation/Moratorium, in the case of a Repudiation/Moratorium Evaluation Date.

A Credit Event Notice that describes a Credit Event other than an M(M)R Restructuring must be in respect of the full Outstanding Aggregate Nominal Amount of the relevant Credit Linked Notes or the full Reference Entity Notional Amount of the Affected Reference Entity, as applicable, in the relevant Series, subject to Credit Linked Condition 22 (*Successor Provisions*).

A Credit Event Notice must contain a description in reasonable detail of the facts relevant to the determination that a Relevant Credit Event has occurred. The Relevant Credit Event that is the subject of the Credit Event Notice need not be continuing on the date the Credit Event Notice is effective.

"Credit Event Redemption Amount" means, the Auction Redemption Amount, Cash Redemption Amount, Index Tranch Redemption Amount, Portfolio Tranch Redemption Amount or the LA Cash Redemption Amount.

"Credit Event Redemption Date" means:

- (a) in respect of Single Name Credit Linked Notes, Nth-to-Default Basket Credit Linked Notes or Linear Basket Credit Linked Notes:
 - (i) if "Credit Payment following Credit Event" applies, the Auction Redemption Date or the Cash Redemption Date;
 - (ii) if "Credit Payment on Maturity" applies, the Final Auction Redemption Date or the Final Cash Redemption Date; or
 - (iii) if "Physical Redemption" applies as the Credit Event Redemption Method or the Fallback Redemption Method, the Physical Redemption Date;
- (b) in respect of Index Untranchured Credit Linked Notes, Index Tranchured Credit Linked Notes or Portfolio Tranchured Credit Linked Notes:
 - (i) if "Credit Payment following Credit Event" applies, the Auction Redemption Date or the Cash Redemption Date; or
 - (ii) if "Credit Payment on Maturity" applies, the Final Auction Redemption Date or the Final Cash Redemption Date; or
- (c) in respect of Local Access Credit Linked Notes:
 - (i) if "Credit Payment following Risk Event" applies, the LA Cash Redemption Date;
 - (ii) if "Credit Payment on Maturity" applies, the Final LA Cash Redemption Date; or
 - (iii) if "LA Physical Redemption" applies as the Risk Event Redemption Method, the LA Physical Redemption Date.

"Credit Event Redemption Method" means:

- (a) in respect of Single Name Credit Linked Notes, Nth-to-Default Basket Credit Linked Notes or Linear Basket Credit Linked Notes, Auction Redemption, Cash Redemption, Physical Redemption or Fixed Recovery Redemption; or
- (b) in respect of Index Untranchured Credit Linked Notes, Index Tranchured Credit Linked Notes or Portfolio Tranchured Credit Linked Notes, Auction Redemption, Cash Redemption or Fixed Recovery Redemption,

in each case, as specified in the relevant Issue Terms.

"Credit Event Resolution Request Date" means, with respect to a DC Credit Event Question, the date, as publicly announced by the DC Secretary or as set out in any DC Resolution, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which the DC Credit Event Question was effective and on which the relevant Credit Derivatives Determinations Committee was in possession of Publicly Available Information with respect to such DC Credit Event Question.

"Credit Event Writedown Date" means, in respect of Index Tranchured Credit Linked Notes or Portfolio Tranchured Credit Linked Notes and a Relevant Credit Event, the first day immediately following the Relevant Event Determination Date relating to such Relevant Credit Event.

"Credit Linked Note" means a Single Name Credit Linked Note, an Nth-to-Default Basket Credit Linked Note, a Linear Basket Credit Linked Note, an Index Untranchured Credit Linked Note, an Index Untranchured Credit Linked Note, a Portfolio Tranchured Credit Linked Note or a Local Access Credit Linked Note.

"Credit Payment on Maturity Amount" means, on any day, if "Credit Payment on Maturity" applies, the aggregate of all Auction Redemption Amounts, Cash Redemption Amounts, Index

Tranched Redemption Amounts, Portfolio Tranched Redemption Amounts or LA Cash Redemption Amounts, as applicable, calculated on such day.

"**CRR**" means Article 63 of Regulation 575/2013 of the European Parliament and of the Council of 26 June 2013, as amended or replaced from time to time.

"**Currency Amount**" means, with respect to (a) a Deliverable Obligation specified in a Notice of Physical Settlement that is denominated in a currency other than the Settlement Currency, an amount converted to the Settlement Currency using a conversion rate determined by reference to the Currency Rate and (b) a Replacement Deliverable Obligation specified in a NOPS Amendment Notice, an amount converted to the Settlement Currency (or, if applicable, back into the Settlement Currency) using a conversion rate determined by reference to the Currency Rate, if any, and each Revised Currency Rate used to convert each Replaced Deliverable Obligation Outstanding Amount specified in each NOPS Amendment Notice into the currency of denomination of the relevant Replacement Deliverable Obligation.

"**Currency Rate**" means with respect to (a) a Deliverable Obligation specified in the Notice of Physical Settlement, the rate of conversion between the Settlement Currency and the currency in which the Outstanding Amount of such Deliverable Obligation is denominated that is either (i) determined by reference to the Currency Rate Source as at the Next Currency Fixing Time or (ii) if such rate is not available at such time, as the Calculation Agent shall determine and (b) a Replacement Deliverable Obligation specified in a NOPS Amendment Notice, the Revised Currency Rate.

"**Currency Rate Source**" means the mid-point rate of conversion published by WM/Reuters at 4:00 p.m. (London time), or any successor rate source approved by the relevant Credit Derivatives Determinations Committee.

"**CUSIP**" means, with respect to a security, the "CUSIP" identification number assigned to such security (if any).

"**Custodian**" means, in respect of Local Access Credit Linked Notes, any custodian (including the Reference Custodian), sub-custodian, depositary, settlement system, bank or clearing house (or any agent or delegate of any of the foregoing) or any exchange used by a Reference Investor as part of any Reference Custodial/Settlement Arrangement entered into from time to time.

"**DC Announcement Coverage Cut-off Date**" means, with respect to a DC Credit Event Announcement, the Auction Final Price Determination Date, the Auction Cancellation Date, or the date that is 14 calendar days following the No Auction Announcement Date, if any, as applicable.

"**DC Credit Event Announcement**" means, with respect to the relevant Reference Entity, a public announcement by the DC Secretary that the relevant Credit Derivatives Determinations Committee has Resolved that an event that constitutes a Credit Event has occurred on or after the Credit Event Backstop Date and on or prior to the Extension Date provided that if the Credit Event occurred after the Scheduled Maturity Date, the DC Credit Event Announcement must relate to the relevant Potential Failure to Pay, in the case of a Grace Period Extension Date, or the relevant Repudiation/Moratorium, in the case of a Repudiation/Moratorium Evaluation Date.

"**DC Credit Event Meeting Announcement**" means, with respect to the relevant Reference Entity, a public announcement by the DC Secretary that a Credit Derivatives Determinations Committee will be convened to Resolve the matters described in a DC Credit Event Question.

"**DC Credit Event Question**" means a notice to the DC Secretary requesting that a Credit Derivatives Determinations Committee be convened to Resolve an issue in respect to a Reference Entity.

"**DC Credit Event Question Dismissal**" means, with respect to a relevant Reference Entity, a public announcement by the DC Secretary that the relevant Credit Derivatives Determinations

Committee has Resolved not to determine the matters described in a DC Credit Event Question.

"**DC-determined EDD**" has the meaning given in Credit Linked Condition 12(b) (*Ordering of Event Determination Date or Risk Event Determination Date following multiple Credit Events or Risk Events*).

"**DC No Credit Event Announcement**" means, with respect to the relevant Reference Entity, a public announcement by the DC Secretary that the relevant Credit Derivatives Determinations Committee has Resolved that an event that is the subject of a DC Credit Event Question does not constitute a Credit Event with respect to such Reference Entity.

"**DC Resolution**" means a resolution of the Credit Derivatives Determinations Committee in accordance with the definition of "Resolve" below.

"**DC Rules**" means the Credit Derivatives Determinations Committee Rules, as published by the DC Secretary on its website <https://www.cdsdeterminationscommittees.org/> (or any successor website thereto) from time to time and as amended from time to time in accordance with the terms hereof.

"**DC Secretary**" means DC Administration Services, Inc. or such other entity designated as DC Secretary in accordance with the DC Rules.

"**Default Requirement**" means the amount specified as such in the relevant Issue Terms or its equivalent in the relevant Obligation Currency (or, if no such amount is specified, USD 10,000,000 or its equivalent in the relevant Obligation Currency) in either case, as of the occurrence of the Relevant Credit Event.

"**Deliver**" means to deliver, novate, transfer (including, in the case of a Guarantee, transfer of the benefit of the Guarantee), assign or sell, as appropriate, in the manner customary for the settlement of the applicable Deliverable Obligations (which shall include executing all necessary documentation and taking any other necessary actions):

- (a) in order to convey all right, title (or, with respect to Deliverable Obligations where any equitable title is customarily conveyed, all equitable title) and interest in the Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, to the relevant Securityholder; and
- (b) free and clear of any and all liens, charges, claims or encumbrances (excluding any liens routinely imposed on all securities in a relevant clearing system, but including, without limitation, any counterclaim, defence (other than a counterclaim or defence based on the factors set forth in sub-paragraphs (a) to (d) of the definition of "Credit Event") or right of set-off by or of the relevant Reference Entity or any applicable Underlying Obligor),

provided that:

- (i) if a Deliverable Obligation is a Direct Loan Participation, "**Deliver**" means to create (or procure the creation of) a participation in favour of the relevant Securityholder; and
- (ii) if a Deliverable Obligation is a Guarantee, "**Deliver**" means to Deliver both the Underlying Obligation and the Guarantee,

provided further that if the Guarantee has a Fixed Cap, "**Deliver**" means to Deliver the Underlying Obligation, the Guarantee and all claims to any amounts which are subject to such Fixed Cap.

"**Delivery**" and "**Delivered**" will be construed accordingly.

In the case of a Loan, Delivery shall be effected using documentation substantially in the form of the documentation customarily used in the relevant market for Delivery of such Loan at that time provided further that each of the Issuer and each Securityholder agrees to comply with

the provisions of any documentation (which shall be deemed to include any market advisory that the relevant Credit Derivatives Determinations Committee Resolves to approve for such purpose) that the relevant Credit Derivatives Determinations Committee Resolves constitutes documentation customarily used in the relevant market for Delivery of such Loan at that time, as such documentation may be amended to the extent the relevant Credit Derivatives Determinations Committee Resolves is appropriate, which is consistent with the delivery and payment obligations of the parties hereunder.

The Issuer and each Securityholder further agrees that compliance by it with the provisions of any such documentation, shall be required for, and, without further action, constitute, Delivery for the purposes of this definition (to the extent that such documentation contains provisions describing how Delivery should be effected) and neither the Issuer nor any Securityholder shall be permitted to request that the other take, nor shall it be required to take, any action under Credit Linked Condition 17(b) (*Physical Redemption Assets*) or 17(k) (*LA Physical Redemption Terms*) unless otherwise contemplated by such documentation.

In respect of a Monoline Insurer Reference Entity, "**Deliver**" with respect to an obligation that is a Qualifying Policy means to Deliver both the Insured Instrument and the benefit of the Qualifying Policy (or a custodial receipt issued by an internationally recognised custodian representing an interest in such Insured Instrument and the related Qualifying Policy), and "**Delivery**" and "**Delivered**" will be construed accordingly. Further, for purposes of this definition, references to the Underlying Obligation and the Underlying Obligor shall be deemed to include Insured Instruments and the Insured Obligor, respectively.

"**Deliverable Obligation**" means:

- (a) any obligation of the relevant Reference Entity (either directly or as provider of a Relevant Guarantee) or in respect of a Monoline Insurer Reference Entity, a Qualifying Policy, determined pursuant to the "Method for determining Deliverable Obligations" below;
 - (i) the Reference Obligation of the relevant Reference Entity;
 - (ii) solely in relation to a Restructuring Credit Event applicable to a relevant Reference Entity which is a Sovereign, and unless Asset Package Delivery is applicable, any Sovereign Restructured Deliverable Obligation; and
 - (iii) if Asset Package Delivery is applicable, any Prior Deliverable Obligation (if, "Financial Reference Entity Terms" is specified as applicable in the relevant Issue Terms) or any Package Observable Bond (if the Reference Entity is a Sovereign),

in each case, (i) unless it is an Excluded Deliverable Obligation and (ii) provided that the obligation has an Outstanding Principal Balance or Due and Payable Amount that is greater than zero (determined for the purposes of sub-paragraph (d) of this definition, immediately prior to the relevant Asset Package Credit Event).

(A) *Method for determining Deliverable Obligations*

For the purposes of this definition of "Deliverable Obligation", a Deliverable Obligation shall be each Obligation of the relevant Reference Entity described by the Deliverable Obligation Category specified in the relevant Issue Terms, and, subject to Credit Linked Condition 27 (*Interpretation of Obligation Characteristics and Deliverable Obligation Characteristics*), having each of the Deliverable Obligation Characteristics, if any, specified in the relevant Issue Terms, in each case, as of the Delivery Date (unless otherwise specified in the relevant Issue Terms). The following terms shall have the following meanings:

- (I) "**Deliverable Obligation Category**" means one of Payment, Borrowed Money, Reference Obligation Only, *Bond*, Loan, or Bond or Loan (each as defined in the definition of "Obligation" below, except that, for the purposes of determining Deliverable Obligations, the definition of "Reference Obligation

Only" shall be amended to state that no Deliverable Obligation Characteristics shall be applicable to Reference Obligation Only).

- (II) **"Deliverable Obligation Characteristics"** means any one or more of Not Subordinated, Specified Currency, Not Sovereign Lender, Not Domestic Currency, Not Domestic Law, Listed, Not Domestic Issuance, (each as defined in the definition of "Obligation" below), Assignable Loan, Consent Required Loan, Direct Loan Participation, Transferable, Maximum Maturity, Accelerated or Matured and Not Bearer.
- (1) **"Accelerated or Matured"** means an obligation under which the principal amount owed, whether by reason of maturity, acceleration, termination or otherwise, is due and payable in full in accordance with the terms of such obligation, or would have been but for, and without regard to, any limitation imposed under any applicable insolvency laws;
- (2) **"Assignable Loan"** means a Loan that is capable of being assigned or novated to, at a minimum, commercial banks or financial institutions (irrespective of their jurisdiction of organisation) that are not then a lender or a member of the relevant lending syndicate, without the consent of the relevant Reference Entity or the guarantor, if any, of such Loan (or the consent of the applicable borrower if the relevant Reference Entity is guaranteeing such Loan) or any agent;
- (3) **"Consent Required Loan"** means a Loan that is capable of being assigned or novated with the consent of the Reference Entity or the guarantor, if any, of such Loan (or the consent of the relevant borrower if the relevant Reference Entity is guaranteeing such Loan) or any agent;
- (4) **"Direct Loan Participation"** means a Loan in respect of which, pursuant to a participation agreement, Issuer is capable of creating, or procuring the creation of, a contractual right in favour of each Securityholder that provides each such Securityholder with recourse to the participation seller for a specified share in any payments due under the relevant Loan which are received by such participation seller, any such agreement to be entered into between each such Securityholder and either (A) the Issuer and/or any of its Affiliates, as the case may be (to the extent the Issuer and/or any such Affiliate, as applicable, is then a lender or a member of the relevant lending syndicate), or (B) any lender or member of the relevant lending syndicate nominated by the Issuer or the Calculation Agent;
- (5) **"Maximum Maturity"** means an obligation that has a remaining maturity of not greater than the period specified in the relevant Issue Terms (or if no such period is specified, 30 years);
- (6) **"Not Bearer"** means any obligation that is not a bearer instrument unless interests with respect to such bearer instrument are cleared via the Euroclear system, Clearstream International or any other internationally recognised clearing system; and
- (7) **"Transferable"** means an obligation that is transferable to institutional investors without any contractual, statutory or regulatory restriction provided that none of the following shall be considered contractual, statutory or regulatory restrictions:
- (a) contractual, statutory or regulatory restrictions that provide for eligibility for resale pursuant to Rule 144A or Regulation S promulgated under the U.S. Securities Act of 1933, as amended (and any contractual, statutory or regulatory restrictions promulgated under the laws of any jurisdiction having a similar effect in relation to the eligibility for resale of an obligation);
 - (b) restrictions on permitted investments such as statutory or regulatory investment restrictions on insurance companies and pension funds; or
 - (c) restrictions in respect of blocked periods on or around payment dates or voting periods.

Notwithstanding the definition of "Deliverable Obligation" above:

- (a) in respect of a Hellenic Reference Entity, any obligation that is a "Bond or a Loan" that was issued or incurred, as the case may be, on or prior to 1 February 2012;
- (b) in respect of an Ecuador Reference Entity, any obligation that is a "Bond" that was issued on or prior to 31 December 2009; or
- (c) in respect of a Ukraine Reference Entity, any obligation that is a "Bond" that was issued on or prior to 1 November 2015,

shall, in each case, be an "Excluded Deliverable Obligation".

"Deliverable Obligation Notice" has the meaning given to it in Credit Linked Condition 17(a)(iii)(C) (*Delivery of Physical Redemption Assets*).

"Deliverable Obligation Provisions" means the provisions of the Credit Linked Notes that specify criteria for establishing what obligations may constitute Deliverable Obligations.

"Deliverable Obligation Terms" has the meaning set out in the relevant Credit Derivatives Auction Settlement Terms.

"Delivery Date" means, with respect to a Deliverable Obligation or an Asset Package, the date on which such Deliverable Obligation is Delivered (or deemed to be delivered in accordance with the definition of "Deliver").

"Delivery Expenses" means all costs, taxes (including transaction taxes), duties and/or expenses, including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes arising from the delivery of the Physical Redemption Assets and/or LA Settlement Assets and in respect of a Monoline Insurer Reference Entity, shall additionally include any transfer or similar fee reasonably incurred by the Issuer in connection with the Delivery of a Qualifying Policy and payable to the Reference Entity.

"Domestic Currency" means the currency specified as such in the relevant Issue Terms and any successor currency thereto (or if no such currency is specified, the lawful currency and any successor currency of (a) the relevant Reference Entity, if the relevant Reference Entity is a Sovereign, or (b) the jurisdiction in which the relevant Reference Entity is organised, if the Reference Entity is not a Sovereign).

"Domestic Law" means each of the laws of (a) the relevant Reference Entity, if such Reference Entity is a Sovereign, or (b) the jurisdiction in which the relevant Reference Entity is organised, if such Reference Entity is not a Sovereign.

"Downstream Affiliate" means an entity whose outstanding Voting Shares were, at the date of issuance of the Qualifying Guarantee, more than 50 per cent owned, directly or indirectly, by the relevant Reference Entity.

"Due and Payable Amount" means the amount that is due and payable by the relevant Reference Entity under the obligation whether by reason of maturity, acceleration, termination or otherwise (excluding sums in respect of default interest, indemnities, tax gross-ups and other similar amounts) less (I) the Delivery Expenses and Interest Suspension Shortfall Amount (in each case, if any); plus (II) all or any portion of such amount which, pursuant to the terms of the obligation (a) is subject to any Prohibited Action, or (b) may otherwise be reduced as a result of the effluxion of time or the occurrence or non-occurrence of an event or circumstance (other than by way of (i) payment or (ii) a Permitted Contingency), in each case, determined in accordance with the terms of the obligation in effect on either (A) the Delivery Date or (B) the Valuation Date, as applicable.

"Ecuador Reference Entity" means a Reference Entity which is the Republic of Ecuador and to which the "Additional Provisions for the Republic of Ecuador: Excluded Obligations and Excluded Deliverable Obligations", as published by ISDA on 5 March 2018, is specified as applicable in the relevant Issue Terms.

"Effective Date" means, in respect of Index Untranchured Credit Linked Notes or Index Tranchured Credit Linked Notes and the relevant Index, the date specified as such in respect of the Index in the relevant Issue Terms.

"Eligible Information" means information which is publicly available or which can be made public without violating any law, agreement, understanding or other restriction regarding the confidentiality of such information.

"Eligible Transferee" means:

- (a) any:
 - (i) bank or other financial institution;
 - (ii) insurance or reinsurance company;
 - (iii) mutual fund, unit trust or similar collective investment vehicle (other than an entity specified in sub-paragraph (i) of this definition); and
 - (iv) registered or licensed broker or dealer (other than a natural person or proprietorship),

provided, however, in each case that such entity has total assets of at least USD 500,000,000;
- (b) an Affiliate of an entity specified in the sub-paragraph (a) of this definition;
- (c) each of a corporation, partnership, proprietorship, organisation, trust or other entity:
 - (i) that is an investment vehicle (including, without limitation, any hedge fund, issuer of collateralised debt obligation, commercial paper conduit or other special purpose vehicle) that (A) has total assets of at least USD 100,000,000 or (B) is one of a group of investment vehicles under common control or management having, in the aggregate, total assets of at least USD 100,000,000;
 - (ii) that has total assets of at least USD 500,000,000; or
 - (iii) the obligations of which under an agreement, contract or transaction are guaranteed or otherwise supported by a letter of credit or keepwell, support or other agreement by an entity described in sub-paragraph (a), (b), (c)(ii) or (d) of this definition; and
- (d)
 - (i) any Sovereign; or
 - (ii) any entity or organisation established by treaty or other arrangement between two or more Sovereigns including, without limiting the foregoing, the International Monetary Fund, European Central Bank, International Bank for Reconstruction and Development and European Bank for Reconstruction and Development.

All references in this definition of "Eligible Transferee" to USD include equivalent amounts in other currencies as determined by the Calculation Agent.

"Euroclear" means Euroclear Bank SA/NV.

"Event Determination Date" means Standard Event Determination Date or Non-Standard Event Determination Date, as applicable.

"Excluded Deliverable Obligation" means:

- (a) any Obligation of the relevant Reference Entity specified as such or of a type described in the relevant Issue Terms;
- (b) any principal only component of a Bond from which some or all of the interest components have been stripped; and
- (c) if Asset Package Delivery is applicable, any Obligation issued or incurred on or after the date of the relevant Asset Package Credit Event.

"Excluded Obligation" means:

- (a) any Obligation of a relevant Reference Entity specified as such or of a type specified in the relevant Issue Terms;
- (b) if "Financial Reference Entity Terms" is specified as applicable in the relevant Issue Terms and the relevant Reference Entity is a Senior Reference Entity, then for purposes of determining whether a Governmental Intervention or Restructuring has occurred, any Subordinated Obligation; and
- (c) if "Financial Reference Entity Terms" is specified as applicable in the relevant Issue Terms and the relevant Reference Entity is a Subordinated Reference Entity, then for purposes of determining whether a Governmental Intervention or Restructuring has occurred, any Further Subordinated Obligation.

"Exercise Amount" has the meaning given to that term in Credit Linked Condition 14 (*M(M)R Restructuring*).

"Exhaustion Point" means, in respect of Index Tranching Credit Linked Notes or Portfolio Tranching Credit Linked Notes, the percentage specified as such in the Issue Terms.

"Extended Maturity Date" means, if Scheduled Maturity Date Extension applies pursuant to Credit Linked Condition 13 (*Scheduled Maturity Date Extension*) and where:

- (i) no Relevant Event Determination Date or Relevant Risk Event Determination Date, as applicable, occurs on or prior to the Notes Extension Date under limbs (i), (ii), (iii) of Credit Linked Condition 13 (*Scheduled Maturity Date Extension*), the latest to occur of:
 - (A) the date falling five Business Days after the Notes Extension Date;
 - (B) the final Credit Event Redemption Date in relation to any unsettled Relevant Credit Events or Relevant Risk Events, as applicable, or if later, any Final Physical Redemption Cut-Off Date (including any final Partial Cash Redemption Date or final Fallback Cash Redemption Date);
 - (C) the date falling five Business Days after the Payment Failure Cut-Off Date, if applicable; or
 - (D) in the case of Local Access Credit Linked Notes only, the date falling five Business Days after the the RMB Currency Settlement Cut-Off Date, if applicable; or
- (ii) in respect of Credit Linked Notes (other than Local Access Credit Linked Notes), where a Relevant Event Determination Date under limbs (i), (ii), (iii) of Credit Linked Condition 13 (*Scheduled Maturity Date Extension*) occurs on or prior to the Notes Extension Date, the later to occur of:
 - (A) the final Credit Event Redemption Date in relation to any unsettled Relevant Credit Events, as applicable, or if later any Final Physical Redemption Cut-Off Date (including any final Partial Cash Redemption Date or final Fallback Cash Redemption Date); or;

- (B) the date falling five Business Days after the Payment Failure Cut-Off Date, if applicable; or
- (iii) in respect of Local Access Credit Linked Notes, where a Relevant Risk Event Determination Date under limbs (i) and (ii) of Credit Linked Condition 13 (*Scheduled Maturity Date Extension*) occurs on or prior to the LA Cut-Off Date, the latest to occur of:
 - (A) the final LA Cash Redemption Date or the final LA Physical Redemption Date, as applicable;
 - (B) the date falling five Business Days after the Payment Failure Cut-Off Date, if applicable; or
 - (C) the date falling five Business Days after the RMB Currency Settlement Cut-Off Date, if applicable.

"Extension Date" means the latest of (a) the Scheduled Maturity Date, (b) the Grace Period Extension Date if (i) "Failure to Pay" and "Grace Period Extension" are specified as being applicable in the relevant Issue Terms, and (ii) the Potential Failure to Pay with respect to the relevant Failure to Pay occurs on or prior to the Scheduled Maturity Date and (c) the Repudiation/Moratorium Evaluation Date (if any) if "Repudiation/Moratorium" is specified as applicable in the relevant Issue Terms, as applicable.

"Failure to Pay" means, after the expiration of any applicable Grace Period (after the satisfaction of any conditions precedent to the commencement of such Grace Period), the failure by the relevant Reference Entity to make, when and where due, any payments in an aggregate amount of not less than the Payment Requirement under one or more Obligations, in accordance with the terms of such Obligations at the time of such failure.

If an occurrence that would constitute a Failure to Pay (a) is a result of a redenomination that occurs as a result of action taken by a Governmental Authority which is of general application in the jurisdiction of such Governmental Authority and (b) a freely available market rate of conversion existed at the time of the redenomination, then such occurrence will be deemed not to constitute a Failure to Pay unless the redenomination itself constituted a reduction in the rate or amount of interest, principal or premium payable (as determined by reference to such freely available market rate of conversion) at the time of such redenomination.

If "Credit Deterioration Requirement" is specified as applicable in the relevant Issue Terms, then notwithstanding the foregoing, it shall not constitute a Failure to Pay if such failure does not directly or indirectly result either from, or result in, a deterioration in the creditworthiness or financial condition of the relevant Reference Entity. In such case, any determination as to whether a "Failure to Pay" has occurred is to be made by the Calculation Agent, for which purposes, the Calculation Agent may take into account any guidance provided in the 2019 Narrowly Tailored Credit Event Supplement.

"Fallback Redemption Method" means Cash Redemption or Physical Redemption, as specified in the relevant Issue Terms.

"Final Auction Redemption Amount" means, in respect of each relevant Credit Linked Note (other than an Index Tranch Credit Linked Note or a Portfolio Tranch Credit Linked Note or a Local Access Credit Linked Note), unless otherwise specified in the Issue Terms, an amount calculated by the Calculation Agent equal to the greater of:

- (a) zero; and
- (b) such Credit Linked Note's *pro rata* share of an amount equal to:
 - (i) the Outstanding Aggregate Nominal Amount; plus
 - (ii) the sum of all Auction Redemption Amounts determined in respect of the relevant Credit Linked Notes.

"Final Auction Redemption Date" means the later to occur of (A) the last Auction Redemption Date in respect of the Credit Linked Notes and (B) the Scheduled Maturity Date or the Extended Maturity Date, as applicable.

"Final Cash Redemption Amount" means, in respect of each relevant Credit Linked Note (other than an Index Tranch Credit Linked Note or a Portfolio Tranch Credit Linked Note or a Local Access Credit Linked Note), unless otherwise specified in the Issue Terms, an amount calculated by the Calculation Agent equal to the greater of:

- (a) zero; and
- (b) such Credit Linked Note's *pro rata* share of an amount equal to:
 - (i) the Outstanding Aggregate Nominal Amount; plus
 - (ii) the sum of all Cash Redemption Amounts determined in respect of the relevant Credit Linked Notes.

"Final Cash Redemption Date" means the later to occur of (A) the last Cash Redemption Date in respect of the Credit Linked Notes and (B) the Scheduled Maturity Date or the Extended Maturity Date, as applicable.

"Final LA Cash Redemption Amount" means, in respect of each relevant Local Access Credit Linked Note, unless otherwise specified in the Issue Terms, an amount calculated by the Calculation Agent equal to the greater of:

- (a) zero; and
- (b) such Credit Linked Note's *pro rata* share of an amount equal to:
 - (i) the Outstanding Aggregate Nominal Amount; plus
 - (ii) the sum of all LA Cash Redemption Amounts determined in respect of the Local Access Credit Linked Notes.

"Final LA Cash Redemption Date" means, in respect of Local Access Credit Linked Notes, the later to occur of (A) the last LA Cash Redemption Date in respect of the Local Access Credit Linked Notes and (B) the Scheduled Maturity Date or the Extended Maturity Date, as applicable.

"Final List" means the final list of Deliverable Obligations, Package Observable Bonds, Prior Deliverable Obligations, as applicable, and/or Assets which are the subject of the related Auction determined by the Credit Derivatives Determinations Committee in accordance with the DC Rules.

"Final Physical Redemption Cut-Off Date" has the meaning given to it in Credit Linked Condition 20(b) (*Payment/Delivery Failure Event – failure to deliver*).

"Final Price" means (a) the price of the Valuation Obligation(s) selected by the Calculation Agent in its discretion, acting in a commercially reasonable manner, expressed as a percentage, determined in accordance with the specified Valuation Method or (b) where the Valuation Obligation is an Asset Package in its entirety relating to Prior Deliverable Obligation or a Package Observable Bond, as applicable, the price of the entirety of the Asset Package determined in accordance with the specified Valuation Method, expressed as a percentage of the Outstanding Principal Balance or Due and Payable Amount, as applicable, of the Prior Deliverable Obligation or a Package Observable Bond to which the Asset Package relates, in each case, determined in accordance with Credit Linked Condition 16(a) (*Determination of Final Price*).

"Fixed Cap" means, with respect to a Guarantee, a specified numerical limit or cap on the liability of the relevant Reference Entity in respect of some or all payments due under the Underlying Obligation, provided that a Fixed Cap shall exclude a limit or cap determined by

reference to a formula with one or more variable inputs (and for these purposes, the outstanding principal or other amounts payable pursuant to the Underlying Obligation shall not be considered to be variable inputs).

"Fixed Recovery Percentage" means, if Fixed Recovery Redemption is specified as the Credit Event Redemption Method in the Issue Terms, the percentage specified as such in the relevant Issue Terms (which, for the avoidance of doubt, may include zero or 100 per cent.).

"Full Quotation" means, in accordance with the Quotation Method, each firm quotation obtained from a Quotation Dealer at the Valuation Time, to the extent reasonably practicable, for an amount of the Valuation Obligation with an Outstanding Principal Balance or Due and Payable Amount equal to the Quotation Amount or for the Asset Package.

"Fully Transferable Obligation" means a Deliverable Obligation that is either Transferable, in the case of Bonds, or capable of being assigned or novated to all Eligible Transferees without the consent of any person being required, in the case of any Deliverable Obligation other than Bonds, in each case, as of the Delivery Date and the date on which an effective Notice of Physical Settlement or NOPS Amendment Notice, as applicable, was delivered. Any requirement that notification of novation, assignment or transfer of a Deliverable Obligation be provided to a trustee, administrative agent, clearing agent or paying agent, for a Deliverable Obligation shall not be considered to be a requirement for consent for the purposes of this definition of "Fully Transferable Obligation".

In respect of a Monoline Insurer Reference Entity, in the event that a Fully Transferable Obligation is a Qualifying Policy, the Insured Instrument must meet the requirements of this definition and, if the benefit of the Qualifying Policy is not transferred as part of any transfer of the Insured Instrument, the Qualifying Policy must be transferable at least to the same extent as the Insured Instrument.

"Funding Interest Rate" means, in respect of a Funding Interest Amount, a rate per annum specified in the applicable Issue Terms which shall be based on the cost to the Issuer if it were to fund or of funding the amount on which such interest is accruing.

"Further Subordinated Obligation" means, if the Reference Obligation or Prior Reference Obligation, as applicable, is a Subordinated Obligation, any Obligation which is Subordinated thereto.

"FX Rate" means, in respect of Local Access Credit Linked Notes, the rate, determined by the Calculation Agent on the FX Rate Set Date, at which a non-resident of the Reference Jurisdiction can purchase the Settlement Currency against delivery of the LA Relevant Currency for value on the LA Value Date, provided that if LA Relevant Currency is specified as not applicable in the relevant Issue Terms, FX Rate shall be 1.

"FX Rate Set Date" means, in respect of Local Access Credit Linked Notes, the date selected by the Calculation Agent, in its sole discretion, for determining the FX Rate.

"Governmental Authority" means:

- (a) any de facto or de jure government (or any agency, instrumentality, ministry or department thereof);
- (b) any court, tribunal, administrative or other governmental authority, inter-governmental or supranational body;
- (c) any authority or any other entity (private or public) either designated as a resolution authority or charged with the regulation or supervision of the financial markets (including a central bank) of the relevant Reference Entity or some or all of its obligations; or
- (d) any other authority which is analogous to the entities specified in sub-paragraph (a), (b) or (c) of this definition.

"Governmental Intervention" means that, with respect to one or more Obligations and in relation to an aggregate amount of not less than the Default Requirement, any one or more of the following events occurs as a result of action taken or an announcement made by a Governmental Authority pursuant to, or by means of, a restructuring and resolution law or regulation (or any other similar law or regulation), in each case, applicable to the relevant Reference Entity in a form which is binding, irrespective of whether such event is expressly provided for under the terms of such Obligation:

- (a) any event which would affect creditors' rights so as to cause:
 - (i) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals (including by way of redenomination);
 - (ii) a reduction in the amount of principal or premium payable at redemption (including by way of redenomination);
 - (iii) a postponement or other deferral of a date or dates for either (A) the payment or accrual of interest, or (B) the payment of principal or premium; or
 - (iv) a change in the ranking in priority of payment of any Obligation, causing the Subordination of such Obligation to any other Obligation;
- (b) an expropriation, transfer or other event which mandatorily changes the beneficial holder of the Obligation;
- (c) a mandatory cancellation, conversion or exchange;
- (d) if "CoCo Provision" is specified as applicable in the relevant Issue Terms and if, with respect to one or more Obligations and in relation to an aggregate amount of not less than the Default Requirement, the operation of one or more CoCo Provisions results in
 - (i) a permanent or temporary reduction of the amount of principal payable at redemption or
 - (ii) a conversion of principal into shares or another instrument; or
- (e) any event which has an analogous effect to any of the events specified in sub-paragraphs (a) to (d) of this definition.

For purposes of sub-paragraph (a) of this definition, the term Obligation shall be deemed to include Underlying Obligations for which the relevant Reference Entity is acting as provider of a Guarantee.

"Grace Period" means:

- (a) subject to sub-paragraphs (b) and (c) of this definition, the applicable grace period with respect to payments under and in accordance with the terms of such Obligation in effect as of the date as of which such Obligation is issued or incurred;
- (b) if "Grace Period Extension" is specified as applicable in the relevant Issue Terms, a Potential Failure to Pay has occurred on or prior to the Scheduled Maturity Date and the applicable grace period cannot, by its terms, expire on or prior to the Scheduled Maturity Date, the Grace Period shall be deemed to be the lesser of such grace period and the period specified as such in the relevant Issue Terms or, if no period is specified, 30 calendar days; and
- (c) if, as of the date as of which an Obligation is issued or incurred, no grace period with respect to payments or a grace period with respect to payments of less than three Grace Period Business Days is applicable under the terms of such Obligation, a Grace Period of three Grace Period Business Days shall be deemed to apply to such Obligation; provided that, unless "Grace Period Extension" is specified as being applicable in the relevant Issue Terms, such deemed Grace Period shall expire no later than the Scheduled Maturity Date.

"Grace Period Business Day" means a day on which commercial banks and foreign exchange markets are generally open to settle payments in the place or places and on the days specified for that purpose in the relevant Obligation or, if a place or places are not so specified, (a) if the Obligation Currency is the euro, a TARGET Settlement Day, or (b) otherwise, a day on which commercial banks and foreign exchange markets are generally open to settle payments in the principal financial city in the jurisdiction of the Obligation Currency.

"Grace Period Extension Date" means, if (a) "Grace Period Extension" is specified as being applicable in the relevant Issue Terms and (b) a Potential Failure to Pay occurs on or prior to the Scheduled Maturity Date, as the case may be, the date that is five Business Days following the day falling after the number of days in the Grace Period after the date of such Potential Failure to Pay. If "Grace Period Extension" is not specified as being applicable in the relevant Issue Terms, Grace Period Extension shall not apply.

"Guarantee" means, for the purpose of the Credit Linked Conditions only, a Relevant Guarantee or a guarantee which is the Reference Obligation.

"Hedge Disruption Obligation" has the meaning given to that term in Credit Linked Condition 17(c) (*Election to deliver alternative amount of Deliverable Obligations / Hedge Disruption Obligation*).

"Hellenic Reference Entity" means a Reference Entity which is the Hellenic Republic and to which the "Additional Provisions for the Hellenic Republic: Excluded Obligations and Excluded Deliverable Obligations", as published by ISDA on 29 May 2012, is specified as applicable in the relevant Issue Terms.

"Implicit Portfolio Size" means, in respect of Index Tranching Credit Linked Notes or Portfolio Tranching Credit Linked Notes, an amount equal to (i) the Original Aggregate Nominal Amount, divided by (ii) the Tranche Size.

"Inconvertibility Event" means, in respect of Local Access Credit Linked Notes, the occurrence of any event or existence of any condition that has the effect of it being impossible, illegal or impracticable for, or has the effect of prohibiting, restricting or materially delaying the ability of, any Reference Investor (i) to convert the LA Relevant Currency into the Settlement Currency through customary legal channels; or (ii) to effect currency transactions on terms as favourable as those available to residents of the Reference Jurisdiction; or (iii) to freely and unconditionally transfer or repatriate any funds (in the Settlement Currency or the LA Relevant Currency) from accounts inside the Reference Jurisdiction to accounts outside the Reference Jurisdiction or between accounts inside the Reference Jurisdiction; or (iv) to receive the full value of any cash payment (when converted to the Settlement Currency) made under the Reference Investor Assets due to the introduction after the Additional Risk Event Start Date by any Governmental Authority of a new currency regime (including the introduction of a dual currency regime) or the imposition of currency exchange limitations.

"Index" means, in respect of Index Untranching Credit Linked Notes or Index Tranching Credit Linked Notes, the relevant iTraxx® or CDX® index, as specified in the relevant Issue Terms.

"Index Annex" means, in respect of Index Untranching Credit Linked Notes or Index Tranching Credit Linked Notes, the list of the relevant Index with the relevant Index Annex Date published by the Index Publisher specified in the relevant Issue Terms and which can be accessed at <http://www.markit.com> or any successor website thereto.

"Index Annex Date" means, in respect of Index Untranching Credit Linked Notes or Index Tranching Credit Linked Notes, the date specified as such in the relevant Issue Terms.

"Index Publisher" means, in respect of Index Untranching Credit Linked Notes or Index Tranching Credit Linked Notes and the related Index Annex, Markit Group Limited or any replacement appointed by the Index Sponsor for purposes of officially publishing the relevant Index

"Index Sponsor" means, in respect of Index Untranching Credit Linked Notes or Index Tranching Credit Linked Notes, the entity specified as such in the relevant Issue Terms.

"Index Tranching Credit Linked Notes" means Credit Linked Notes which are specified as such in the Issue Terms, which are linked to a tranche of the losses and recoveries in respect of the component Reference Entities of the Index specified in the Issue Terms.

"Index Tranching Final Redemption Amount" means, in respect of each Index Tranching Credit Linked Notes, unless otherwise specified in the Issue Terms, an amount calculated by the Calculation Agent equal to the greater of:

- (a) zero; and
- (b) such Index Tranching Credit Linked Note's *pro rata* share of an amount equal to:
 - (x) the Outstanding Aggregate Nominal Amount; plus
 - (y) the sum of all Index Tranching Redemption Amounts determined in respect of the Index Tranching Credit Linked Notes.

"Index Tranching Incurred Loss Amount" means, in respect of Index Tranching Credit Linked Notes and an Affected Reference Entity on any day, an amount, calculated by the Calculation Agent on such day equal to the lowest of:

- (a) the Loss Amount in respect of such Affected Reference Entity;
- (b) the Aggregate Loss Amount (including the Loss Amount in respect of such Affected Reference Entity and such day); minus the Loss Threshold Amount (subject to a minimum of zero); and
- (c) the Outstanding Aggregate Nominal Amount (prior to any reduction thereof in respect of such Affected Reference Entity and such day).

"Index Tranching Incurred Recovery Amount" means, in respect of Index Tranching Credit Linked Notes and an Affected Reference Entity on any day, an amount, calculated by the Calculation Agent on such day equal to the lowest of:

- (a) the Recovery Amount in respect of such Affected Reference Entity;
- (b) the Aggregate Recovery Amount (calculated taking into account the Recovery Amount for such Affected Reference Entity) minus the Recovery Threshold Amount (subject to a minimum of zero); and
- (c) the Outstanding Aggregate Nominal Amount (prior to any reduction thereto in respect of such Affected Reference Entity and such day).

"Index Tranching Redemption Amount" means, in respect of each Index Tranching Credit Linked Note, unless otherwise specified in the Issue Terms, an amount calculated by the Calculation Agent equal to the greater of:

- (a) zero; and
- (b) each Index Tranching Credit Linked Note's *pro rata* share of an amount equal to:
 - (i) the Index Tranching Incurred Recovery Amount; minus
 - (ii) the Unwind Costs, if any.

"Index Untranching Credit Linked Notes" means Credit Linked Notes which are specified as such in the Issue Terms, which are linked to the losses and recoveries in respect of the component Reference Entities of the Index specified in the Issue Terms.

"Instrument Payments" means, in respect of a Monoline Insurer Reference Entity, (A) in the case of any Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest, (x) the specified periodic distributions in respect of interest or other return on the Certificate Balance on or prior to the ultimate distribution of the Certificate

Balance and (y) the ultimate distribution of the Certificate Balance on or prior to a specified date and (B) in the case of any other Insured Instrument, the scheduled payments of principal and interest, in the case of both sub-paragraphs (A) and (B) hereof (1) determined without regard to limited recourse or reduction provisions of the type described in sub-paragraph (b)(ii) of the definition of "Outstanding Principal Balance" and (2) excluding sums in respect of default interest, indemnities, tax gross-ups, make-whole amounts, early redemption premiums and other similar amounts (whether or not guaranteed or insured by the Qualifying Policy).

"Insured Instrument", in respect of a Monoline Insurer Reference Entity, has the meaning given in the definition of "Qualifying Policy".

"Insured Obligor", in respect of a Monoline Insurer Reference Entity, has the meaning given in the definition of "Qualifying Policy".

"Interest Tax Deduction Amount" means, in respect of Local Access Credit Linked Notes and a payment of interest (howsoever described) in respect of the relevant Reference Investor Assets, an amount equal to any and all withholding(s) or deduction(s) for or on account of any taxes or duties (for the avoidance of doubt, whether effective at and/or after the Trade Date) of whatever nature that would be imposed, levied or collected by or on behalf of any authority of the Reference Jurisdiction in respect of such payment to a Reference Investor.

"ISDA" means the International Swaps and Derivatives Association Inc. (or any successor organisation thereto).

"Issue Terms" means the applicable Final Terms or, where a Pricing Supplement is prepared, the applicable terms and conditions set out in such Pricing Supplement.

"Issuer Business Day" means a day on which commercial banks and foreign exchange markets are generally open to settle payments in London, New York and Luxembourg.

"LA Cash Redemption Amount" means, in respect of each Local Access Credit Linked Note, unless otherwise specified in the relevant Issue Terms, an amount calculated by the Calculation Agent in the Settlement Currency equal to the greater of:

- (a) zero; and
- (b) the product of:
 - (i) the Applicable Proportion; and
 - (ii) (x) the LA Recovery Amount or (y) where Fixed Recovery is applicable, the Fixed Recovery Percentage,

minus each Credit Linked Note's *pro rata* share of the Unwind Costs, if any.

"LA Cash Redemption Date" means, in respect of Local Access Credit Linked Notes, unless otherwise specified in the Issue Terms:

- (a) where LA Cash Redemption is the applicable Risk Event Redemption Method, five Business Days following the Relevant Risk Event Determination Date; and
- (b) where LA Physical Redemption is the applicable Risk Event Redemption Method but physical redemption cannot be completed by the LA Physical Redemption Date, five Business Days following the LA Physical Redemption Date; and
- (c) where an LA Cut-Off Date has occurred, five calendar days following the LA Cut-Off Date.

"LA Cut-Off Date" means, in respect of Local Access Credit Linked Notes, the earlier of (i) the date on which the Calculation Agent determines that a Risk Event has not occurred; and

(ii) the date falling 30 calendar days after the Scheduled Maturity Date or the relevant Interest Payment Date, as applicable.

"LA Interest Amount" means, in respect of Local Access Credit Linked Notes, the Interest Amount specified in the relevant Issue Terms. For the purposes of General Condition 5 (*Interest*), the LA Interest Amount shall constitute an Interest Amount.

"LA Physical Redemption Date" means, in respect of Local Access Credit Linked Notes, unless otherwise specified in the relevant Issue Terms, 30 calendar days following the Relevant Risk Event Determination Date or where a LA Cut-Off Date has occurred, 30 calendar days following the LA Cut-Off Date.

"LA Recovery Amount" means, in respect of Local Access Credit Linked Notes, an amount equal to the highest firm bid quotation that the Calculation Agent is able to obtain on the LA Valuation Date from the Quotation Dealers for the sale to the Quotation Dealers of:

- (a) in respect of LA Physical Redemption, the relevant Undeliverable Assets; or
- (b) in respect of LA Cash Redemption, a nominal amount equal to the Applicable Principal Currency Amount of the LA Settlement Assets of the relevant Reference Entity, as such assets may be amended from time to time (including without limitation any securities, cash proceeds or other assets into which such assets shall have been exchanged or converted from time to time),

in each case, in the Settlement Currency payable outside the Reference Jurisdiction, provided that if none of the Quotation Dealers provides such a firm quotation then the LA Recovery Amount shall be determined by the Calculation Agent in its sole discretion. The applicable LA Recovery Amount may be equal to zero.

"LA Relevant Currency" means, in respect of Local Access Credit Linked Notes, the currency specified as such in the relevant Issue Terms, being the lawful currency of the Reference Jurisdiction, or if the LA Relevant Currency ceases to be the lawful currency of the Reference Jurisdiction, any other lawful currency in effect in such jurisdiction.

"LA Settlement Assets" means, in respect of Local Access Credit Linked Notes:

- (a) if Reference Assets Only Settlement is specified as applicable in the relevant Issue Terms, the Reference Assets; and
- (b) if Reference Assets Only Settlement is specified as not applicable in the relevant Issue Terms, Deliverable Obligations selected by the Calculation Agent in its sole and absolute discretion.

"LA Valuation Date" means, in respect of Local Access Credit Linked Notes, any Business Day selected by the Calculation Agent, acting in its sole discretion:

- (a) if LA Cash Redemption is the applicable Risk Event Redemption Method, from (and including) the Relevant Risk Event Determination Date up to (and including) the LA Cash Redemption Date; or
- (b) if LA Physical Redemption is the applicable Risk Event Redemption Method, from (and including) the LA Physical Redemption Date to (and including) the LA Cash Redemption Date.

"LA Value Date" means, in respect of Local Access Credit Linked Notes, the Scheduled Maturity Date, the Interest Payment Date (if applicable), the LA Cash Redemption Date or the LA Cut-Off Date, as applicable.

"Largest Asset Package" means, in respect of a Prior Deliverable Obligation or a Package Observable Bond, as the case may be, the package of Assets for which the greatest amount of principal has been or will be exchanged or converted (including by way of amendment), as determined by the Calculation Agent by reference to Eligible Information. If this cannot be

determined, the Largest Asset Package will be the package of Assets with the highest immediately realisable value, determined by the Calculation Agent in accordance with the methodology, if any, determined by the relevant Credit Derivatives Determinations Committee

"Latest Maturity Restructured Bond or Loan" has the meaning given to that term in the definition of "Restructuring Maturity Limitation Date".

"Latest Permissible Physical Settlement Date" means:

- (a) in respect of the provisions of Credit Linked Condition 20(b) (*Payment/Delivery Failure Event – failure to deliver*), 17(c) (*Election to deliver alternative amount of Deliverable Obligations*), 17(d) (*Partial Cash Redemption due to Impossibility or Illegality*), 17(h) (*Alternative Procedures Relating to Loans not Delivered*) and 17(j) (*Asset Package Delivery*), the date that is thirty calendar days after the relevant Physical Redemption Date;
- (b) in respect of the provisions of Credit Linked Condition 17(j)(iii) (*Asset Package Delivery*), the date the Calculation Agent determines that Cash Redemption shall be deemed to apply; and
- (c) in respect of the provisions of Credit Linked Conditions 17(e) (*Partial Cash Redemption of Consent Required Loans*), 17(f) (*Partial Cash Redemption of Assignable Loans*) and 17(g) (*Partial Cash Redemption of Participations*), the date that is 15 Business Days after the Physical Redemption Date.

"LCY Reference Amount" means, in respect of Local Access Credit Linked Notes, an amount in the LA Relevant Currency equal to the nominal amount of the Reference Investor Assets, as specified in the relevant Issue Terms.

"Limitation Date" means the first of 20 March, 20 June, 20 September or 20 December in any year to occur on or immediately following the date that is one of the following numbers of years after the Restructuring Date: 2.5 years (the **"2.5-year Limitation Date"**), 5 years, 7.5 years, 10 years (the **"10-year Limitation Date"**), 12.5 years, 15 years or 20 years, as applicable. Limitation Dates shall not be subject to adjustment in accordance with any Business Day Convention.

"Linear Basket Credit Linked Notes" means Credit Linked Notes which are specified as such in the relevant Issue Terms, in respect of which the Issuer purchases credit protection from Securityholders in respect of two or more Reference Entities and pursuant to which, on each occasion on which a Credit Event and a Relevant Event Determination Date occurs with respect to any of the Reference Entities, the Credit Linked Notes will be redeemed in part in an amount determined by reference to the Reference Entity Notional Amount relating to such relevant Reference Entity in accordance with the relevant Credit Event Redemption Method.

"Linear Basket Partial Nominal Amount" has the meaning given to that term in Credit Linked Condition 22 (*Successor Provisions*).

"Loan Alternative Procedure Start Date" has the meaning given to that term in Credit Linked Condition 17(h) (*Alternative Procedures Relating to Loans not Delivered*).

"Local Access Credit Linked Notes" means Credit Linked Notes which are specified as such in the Issue Terms, in respect of which the Issuer purchases credit protection from Securityholders in respect of Reference Investor Assets held by a Reference Investor in a Reference Jurisdiction.

"Local Access Partial Nominal Amount" has the meaning given to that term in Credit Linked Condition 22 (*Successor Provisions*).

"Local Access Successor Entity" has the meaning given to that term in Credit Linked Condition 22 (*Successor Provisions*).

"Loss Amount" means, in respect of Index Tranch Credit Linked Notes or Portfolio Tranch Credit Linked Notes, an amount (subject to a minimum of zero) calculated by the Calculation Agent on any day equal to:

- (i) if no M(M)R Restructuring has occurred:
 - (a) "Auction Redemption" is specified as the Credit Event Redemption Method (and provided that the Fallback Redemption Method does not apply), an amount equal to the product of:
 - (I) the Reference Entity Notional Amount for the Affected Reference Entity on such day; and
 - (II) (x) 100 per cent. minus (y) the Auction Final Price; or
 - (b) "Cash Redemption" is specified as the Credit Event Redemption Method or applies as the Fallback Redemption Method, an amount equal to the product of:
 - (I) the Reference Entity Notional Amount for the Affected Reference Entity on such day; and
 - (II) (x) 100 per cent. minus (y) (I) the Final Price or (II) where Fixed Recovery is applicable, the Fixed Recovery Percentage; or
- (ii) if an M(M)R Restructuring has occurred:
 - (a) "Auction Redemption" is specified as the Credit Event Redemption Method (and provided that the Fallback Redemption Method does not apply), an amount equal to the product of:
 - (I) the Exercise Amount for the Affected Reference Entity on such day; and
 - (II) (x) 100 per cent. minus (y) the Auction Final Price; or
 - (b) "Cash Redemption" is specified as the Credit Event Redemption Method or applies as the Fallback Redemption Method, an amount equal to the product of:
 - (I) the Exercise Amount for the Affected Reference Entity on such day; and
 - (II) (x) 100 per cent. minus (y) (I) the Final Price or (II) where Fixed Recovery is applicable, the Fixed Recovery Percentage.

"Loss Threshold Amount" means, in respect of Index Tranch Credit Linked Notes or Portfolio Tranch Credit Linked Notes, an amount equal to the product of (i) the Implicit Portfolio Size and (ii) the Attachment Point.

"Market Disruption Event" means the occurrence of any event or existence of any condition that has the effect of (a) the failure or suspension of normal trading on any recognised securities, futures or other exchange on which the Reference Investor Assets or futures thereon are traded; or (b) any Reference Investor Asset becoming ineligible for clearance or settlement through the principal clearing system or by the relevant settlement procedure for the Reference Investor Assets.

"Market Value" means, with respect to the relevant Valuation Obligation on a Valuation Date, (a) if more than three Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the highest and lowest values (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (b) if exactly three Full Quotations are obtained, the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (c) if exactly two Full Quotations are obtained, the arithmetic mean of such Full

Quotations; (d) if fewer than two Full Quotations are obtained, subject to sub-paragraph (b) of the definition of "Quotation", an amount that the Calculation Agent shall determine on the next Business Day on which two or more Full Quotations are obtained; and (f) if two or more Full Quotations are not obtained within the ten Business Day period set forth in sub-paragraph (b) of the definition of "Quotation" the Market Value shall be determined as provided in such definition of "Quotation".

"Maturity Redemption Amount" means an amount being the greater of:

- (a) zero; and
- (b) each Credit Linked Note's *pro rata* share of:
 - (i) in respect of Credit Linked Notes other than Local Access Credit Linked Notes, an amount in the Settlement Currency equal to the Outstanding Aggregate Nominal Amount of the relevant Credit Linked Notes; and
 - (ii) in respect of Local Access Credit Linked Notes, an amount in the Settlement Currency equal to (x) the Settlement Currency Principal Amount or (y) the LCY Reference Amount divided by the FX Rate, as applicable.

"Merger Event" means that at any time during the period from (and including) the Trade Date to (but excluding) the Scheduled Maturity Date or Extended Maturity Date, as applicable, the Issuer or a Reference Entity consolidates or amalgamates with, or merges into, or transfers all or substantially all of its respective assets to, a Reference Entity or the Issuer, as applicable, or the Issuer and a Reference Entity become Affiliates.

"Merger Redemption Amount" means, in respect of each Credit Linked Note:

- (a) such Credit Linked Note's *pro rata* share of an amount (subject to a minimum of zero) equal to (i) the Outstanding Aggregate Nominal Amount of the Credit Linked Notes minus (ii) the Unwind Costs, if any; or
- (b) the Early Redemption Amount,

as specified to be applicable in the relevant Issue Terms.

"M(M)R Restructuring" means a Restructuring Credit Event in respect of which either "Mod R" or "Mod Mod R" is specified as applicable in the relevant Issue Terms.

"Modified Eligible Transferee" means any bank, financial institution or other entity which is regularly engaged in or established for the purpose of making, purchasing or investing in loans, notes and other financial assets.

"Modified Restructuring Maturity Limitation Date" means, with respect to a Deliverable Obligation, the Limitation Date occurring on or immediately following the Scheduled Maturity Date.

Subject to the foregoing, if the Scheduled Maturity Date is later than the 10-year Limitation Date, the Modified Restructuring Maturity Limitation Date will be the Scheduled Maturity Date.

"Monoline Insurer Reference Entity" means a Reference Entity to which the "Additional Provisions for Monoline Insurer Reference Entities", as published by ISDA on 15 September 2014, is specified as applicable in the relevant Issue Terms.

"Movement Option" means, with respect to an M(M)R Restructuring to which a No Auction Announcement Date has occurred pursuant to sub-paragraph (b) or (c)(ii) of the definition of "No Auction Announcement Date", the option of the Calculation Agent to apply the Parallel Auction Settlement Terms, if any, so that the Credit Linked Notes may be redeemed by way of Auction Redemption (for which purpose the Calculation Agent may take into account (a) the terms of the relevant Parallel Auction Settlement Terms, the Permissible Deliverable

Obligations thereunder, the Deliverable Obligation Provisions related to the Credit Linked Notes and (b) any Hedging Position that the Issuer has or may enter into in connection with the Credit Linked Notes) for the purposes of which the Permissible Deliverable Obligations are more limited than the Deliverable Obligations that the Issuer or the Calculation Agent could specify in any Notice of Physical Settlement or any NOPS Amendment Notice (provided that if more than one such set of Parallel Auction Settlement Terms are published, the Parallel Auction Settlement Terms specifying the greatest number of such Permissible Deliverable Obligations shall apply). If the Calculation Agent does not deliver an effective Notice to Exercise Movement Option to the Issuer on or prior to the Movement Option Cut-off Date, the Credit Linked Notes will be redeemed in accordance with the Fallback Redemption Method.

"Movement Option Cut-off Date" the date that is one Relevant City Business Day following the Standard Exercise Cut-off Date or Non-Standard Exercise Cut-off Date applicable to a buyer of credit protection where the DC Secretary publishes a Final List applicable to the Applicable Transaction Auction Settlement Terms and/or Parallel Auction Settlement Terms, or such other date as the relevant Credit Derivatives Determinations Committee has Resolved (and where any public statement is issued by the DC Secretary relating to the appropriate cut-off date, the Calculation Agent shall interpret such timing requirements from the perspective of a buyer of protection).

"Multiple Holder Obligation" has the meaning given to it in Credit Linked Condition 23(d) (*Multiple Holder Obligation*).

"Next Currency Fixing Time" means 4.00 p.m. (London time) on a day on which commercial banks and foreign exchange markets are generally open to settle payments and which immediately follows the date on which the Notice of Physical Settlement or relevant NOPS Amendment Notice, as applicable, is effective.

"No Auction Announcement Date" means, with respect to a Credit Event, the date as determined by the Calculation Agent on which the DC Secretary first publicly announces that (a) no Transaction Auction Settlement Terms and, if applicable, no Parallel Auction Settlement Terms will be published, (b) following the occurrence of an M(M)R Restructuring, no Transaction Auction Settlement Terms will be published, but Parallel Auction Settlement Terms will be published, or (c) the relevant Credit Derivatives Determinations Committee has Resolved that no Auction will be held following a prior public announcement by the DC Secretary to the contrary, in circumstances where either (i) no Parallel Auction will be held, or (ii) one or more Parallel Auctions will be held. For the avoidance of doubt, a No Auction Announcement Date will not occur solely by reason of the Credit Linked Notes not being covered by any Credit Derivatives Auction Settlement Terms.

"Non-Conforming Reference Obligation" means a Reference Obligation which is not a Conforming Reference Obligation.

"Non-Conforming Substitute Reference Obligation" means an Obligation which would be a Deliverable Obligation determined in accordance with sub-paragraph (a) of the definition of "Deliverable Obligation" on the Substitution Date but for one or more of the same reasons which resulted in the Reference Obligation constituting a Non-Conforming Reference Obligation on the date it was issued or incurred and/or immediately prior to the Substitution Event Date, as applicable.

"Non-Financial Instrument" means any Asset which is not of the type typically traded in, or suitable for being traded in, financial markets.

"Non-Standard Event Determination Date" means, with respect to a Relevant Credit Event and a Series to which paragraph (a) of "Standard Event Determination Date" does not apply:

- (a) subject to sub-paragraph (b) of this definition, the Notice Delivery Date, if the Notice Delivery Date occurs during either the Notice Delivery Period or the Post Dismissal Additional Period, provided that neither (i) a DC Credit Event Announcement has

occurred nor (ii) a DC No Credit Event Announcement has occurred, in each case, with respect to the Credit Event specified in the Credit Event Notice; or

- (b) notwithstanding sub-paragraph (a) of this definition, if a DC Credit Event Announcement has occurred and the Credit Event Resolution Request Date has occurred on or prior to the last day of the Notice Delivery Period (including prior to the Trade Date) either:

- (i) the Credit Event Resolution Request Date, if either:

- (A) "Single Notifying Party Event Determination Date" is not specified as applicable and Auction Redemption is not specified as the applicable Credit Event Redemption Method in the relevant Issue Terms; (II) the relevant Credit Event is not an M(M)R Restructuring; and (III) the Trade Date occurs on or prior to the date of the DC Credit Event Announcement; or

- (B) either:

- (I)

- (1) "Single Notifying Party Event Determination Date" is specified as applicable and Auction Redemption is specified as the applicable Credit Event Redemption Method in the relevant Issue Terms; or

- (2) "Single Notifying Party Event Determination Date" is not specified as applicable in the relevant Issue Terms and the relevant Credit Event is an M(M)R Restructuring; and

- (II) a Credit Event Notice is delivered by the Calculation Agent to the Issuer for onward delivery to the Fiscal Agent and Securityholders and is effective on or prior to the Non-Standard Exercise Cut-off Date, or

- (ii) the first date on which a Credit Event Notice is delivered by the Calculation Agent to the Issuer for onward delivery to the Fiscal Agent and Securityholders and is effective during either the Notice Delivery Period or the period from, and including, the date of the DC Credit Event Announcement to, and including, the date that is 14 calendar days thereafter (provided, in each case, that the relevant Credit Event Resolution Request Date occurred on or prior to the end of the last day of the Notice Delivery Period (including prior to the Trade Date)), if either:

- (A)

- (I) "Single Notifying Party Event Determination Date" is not specified as applicable and Auction Redemption is not specified as the Credit Event Redemption Method in the relevant Issue Terms;

- (II) the relevant Credit Event is not an M(M)R Restructuring; and

- (III) the Trade Date occurs following the date of the related DC Credit Event Announcement on or prior to a DC Announcement Coverage Cut-off Date; or

- (B)

- (I) "Single Notifying Party Event Determination Date" is specified as applicable and the Trade Date occurs and

- (II) either:

- (1) Auction Redemption is not specified as the Credit Event Redemption Method in the relevant Issue Terms; or
- (2) Auction Redemption is specified as the Credit Event Redemption Method in the relevant Issue Terms and a Credit Event Notice is delivered by the Issuer to the Fiscal Agent and is effective on a date that is later than the relevant Non-Standard Exercise Cut-off Date.

provided that:

- (1) no Physical Redemption Date or full redemption of the Credit Linked Notes has occurred on or prior to the date on which the Applicable DC Credit Event Meeting Announcement occurs;
- (2) if any Valuation Date or Delivery Date in respect of the relevant Reference Entity has occurred on or prior to the date on which the Applicable DC Credit Event Meeting Announcement occurs, a Non-Standard Event Determination Date shall be deemed to have occurred only, if the Credit Linked Notes are Single Name Credit Linked Notes, Nth-to-Default Basket Credit Linked Notes or Local Access Credit Linked Notes with respect to the portion of the Original Aggregate Nominal Amount of the relevant Credit Linked Notes or, if the Credit Linked Notes are Linear Basket Credit Linked Notes, Index Untranching Credit Linked Notes, Index Tranching Credit Linked Notes or Portfolio Tranching Credit Linked Notes, the Reference Entity Notional Amount of the relevant Reference Entity to which the Event Determination Date relates, if any, with respect to which no Valuation Date or Delivery Date, as applicable, has occurred; and
- (3) no Credit Event Notice specifying an M(M)R Restructuring as the only Credit Event has previously been delivered by the Issuer to the Fiscal Agent, (aa) unless the M(M)R Restructuring specified in such Credit Event Notice is also the subject of the Applicable DC Credit Event Question resulting in the occurrence of the Credit Event Resolution Request Date, (bb) unless, and to the extent that, if the Credit Linked Notes are Single Name Credit Linked Notes, Nth-to-Default Basket Credit Linked Notes or Local Access Credit Linked Notes, the Exercise Amount specified in any such Credit Event Notice was less than the Original Aggregate Nominal Amount of the relevant Credit Linked Notes or, if the Credit Linked Notes are Linear Basket Credit Linked Notes, Index Untranching Credit Linked Notes, Index Tranching Credit Linked Notes or Portfolio Tranching Credit Linked Notes, the Exercise Amount specified in any such Credit Event Notice was less than the Reference Entity Notional Amount of the Affected Reference Entity or (cc) unless a representative credit derivative transaction economically equivalent to the Credit Linked Notes in unfunded format referencing the same Affected Reference Entity and (x) having identical deliverable obligation terms to one set of the Deliverable Obligation Terms of the relevant Credit Derivatives Auction Settlement Terms and to the Deliverable Obligation Provisions of the Credit Linked Notes; (y) in the case of M(M)R Restructuring, having a scheduled

termination date which falls within the designated scheduled termination dates for the Applicable Auction and having similar tenor to the Credit Linked Notes (in each case, assuming "Auction Redemption" and a deemed occurrence of an Event Determination Date) would be a covered transaction for the purpose of the relevant Credit Derivatives Auction Settlement Terms and the deliverable obligations set out on the Final List are identical to the Deliverable Obligation Provisions applicable for such Series.

"Non-Standard Exercise Cut-off Date" means, with respect to a Relevant Credit Event and a Series to which sub-paragraph (a) of the definition of "Standard Event Determination Date" does not apply:

- (a) if such Credit Event is not an M(M)R Restructuring, either:
 - (i) the Relevant City Business Day prior to the Auction Final Price Determination Date, if any;
 - (ii) the Relevant City Business Day prior to the Auction Cancellation Date, if any; or
 - (iii) the date that is 14 calendar days following the No Auction Announcement Date, if any, as applicable; or
- (b) if such Credit Event is an M(M)R Restructuring and:
 - (i) the DC Secretary publishes a Final List applicable to the Applicable Transaction Auction Settlement Terms and/or Parallel Auction Settlement Terms, the date that is five Relevant City Business Days following the date on which such Final List is published; or
 - (ii) otherwise, the date that is 14 calendar days following the relevant No Auction Announcement Date.

"Non-Standard Reference Obligation" means each Original Non-Standard Reference Obligation or if a Substitute Reference Obligation has been determined in respect of any such Original Non-Standard Reference Obligation, the Substitute Reference Obligation.

"Non-Transferable Instrument" means any Asset which is not capable of being transferred to institutional investors, excluding due to market conditions.

"NOPS Amendment Notice" has the meaning given to it in the definition of "Notice of Physical Settlement".

"Notes Extension Date" means:

- (a) in respect of Credit Linked Notes other than Local Access Credit Linked Notes, the last day on which any Relevant Event Determination Date could occur, in the determination of the Calculation Agent (taking into consideration the latest of (a) the last day of any "Notice Delivery Period"; (b) the last Credit Event Resolution Request Date which could occur up to the last day of any Notice Delivery Period; (c) the last Relevant Event Determination Date which could occur 14 calendar days after a DC Credit Event Announcement; (d) the last day of any Post Dismissal Additional Period; and (e) the last Standard Exercise Cut-Off Date or Non-Standard Exercise Cut-Off Date, as applicable); and
- (b) in respect of Local Access Credit Linked Notes, the LA Cut-Off Date.

"Notice-determined EDD" has the meaning given in Credit Linked Condition 12(b) (*Ordering of Event Determination Date or Risk Event Determination Date following multiple Credit Events or Risk Events*).

"Notice Delivery Date" means the first date on which both an effective Credit Event Notice and, unless "Notice of Publicly Available Information" is specified as not applicable in relevant Issue Terms, an effective Notice of Publicly Available Information, has been delivered by the Issuer to the Fiscal Agent.

"Notice Delivery Period" means the period from and including the Trade Date to and including the date that is 14 calendar days after the Extension Date.

"Notice to Exercise Movement Option" with respect to a Series where (a) an M(M)R Restructuring is applicable and (b) the Fallback Redemption Method would otherwise be applicable pursuant to Credit Linked Condition 15(a)(i) (*Fallback Redemption*), a notice from the Calculation Agent to the Issuer that (i) specifies the Parallel Auction Settlement Terms which shall be applicable in accordance with the exercise of the Movement Option and (ii) is dated on or prior to the Movement Option Cut-off Date.

"Notice of Physical Settlement" means a notice from the Calculation Agent to the Issuer for onward delivery to the Fiscal Agent and Securityholders that (a) confirms that the Issuer intends to redeem the Credit Linked Notes (unless the relevant Issue Terms provide for multiple Deliveries) and requires performance in accordance with the provisions of Credit Linked Condition 17(*Physical Redemption Terms*), (b) specifies (i) the proposed Delivery Date, (ii) if applicable, the Unwind Costs and (iii) if applicable, the Delivery Expenses and/or Interest Suspension Shortfall Amount, (c) contains a detailed description of each Deliverable Obligation that the Issuer will, subject to Credit Linked Condition 17(*Physical Redemption Terms*), Deliver to Securityholders (in aggregate) and, if available and applicable, the CUSIP or ISIN number (or, if such identifying number is not available, the rate and tenor) of each such Deliverable Obligation and (d) specifies the Outstanding Principal Balance or Due and Payable Amount, as applicable, or the equivalent amount in the Settlement Currency (in each case, the **"Outstanding Amount"**) and, if different, the face amount, of each such Deliverable Obligation and the aggregate Outstanding Amount of all Deliverable Obligations specified in the Notice of Physical Settlement that the Issuer intends to Deliver to the Securityholders (the **"Aggregate Outstanding Amount"**). The Calculation Agent may, from time to time, give notice to the Issuer for onward delivery to the Fiscal Agent and the Securityholders, in the manner specified above (each such notification, a **"NOPS Amendment Notice"**) that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior NOPS Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such NOPS Amendment Notice is effective). A NOPS Amendment Notice shall contain a revised detailed description of each replacement Deliverable Obligation that the Issuer will Deliver to Securityholders (each, a **"Replacement Deliverable Obligation"**) and shall also specify the Outstanding Amount of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior NOPS Amendment Notice, as applicable, that is being replaced (with respect to each such Deliverable Obligation, the **"Replaced Deliverable Obligation Outstanding Amount"**). The Outstanding Amount of each Replacement Deliverable Obligation identified in a NOPS Amendment Notice shall be determined by applying the Revised Currency Rate to the relevant Replaced Deliverable Obligation Outstanding Amount. The Outstanding Amount of the Replacement Deliverable Obligations specified in any NOPS Amendment Notice in aggregate with the Outstanding Amount of the Deliverable Obligations specified in the Notice of Physical Settlement or any earlier NOPS Amendment Notice which, in each case, are not being replaced must not be greater than the Aggregate Outstanding Amount. Each such NOPS Amendment Notice must be effective on or prior to the Physical Redemption Date (determined without reference to any change resulting from such NOPS Amendment Notice). Notwithstanding the foregoing, (x) the Issuer or the Calculation Agent may correct any errors or inconsistencies in the detailed description of each Deliverable Obligation contained in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, by notice to the Fiscal Agent prior to the relevant Delivery Date and (y) if Asset Package Delivery is applicable, the Calculation Agent shall on or prior to the Delivery Date, notify the Issuer for onward delivery to the Fiscal Agent and the Securityholders of the

description of the Asset Package, if any, that the Issuer would Deliver to the Securityholders in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or NOPS Amendment Notice, as applicable; it being understood in each case that such notice shall not constitute a NOPS Amendment Notice.

"Notice of Publicly Available Information" means an irrevocable notice from the Issuer to the Fiscal Agent that cites Publicly Available Information confirming the occurrence of the Credit Event or Potential Repudiation/Moratorium, as applicable, described in the Credit Event Notice or Repudiation/Moratorium Extension Notice. The notice given must contain a copy, or a description in reasonable detail, of the relevant Publicly Available Information. If "Notice of Publicly Available Information" is specified as being applicable in the relevant Issue Terms and the Credit Event Notice or Repudiation/Moratorium Extension Notice contains Publicly Available Information, such Credit Event Notice or Repudiation/Moratorium Extension Notice will also be deemed to be a Notice of Publicly Available Information.

"Nth-to-Default Basket Credit Linked Notes" means Credit Linked Notes which are specified as such in the relevant Issue Terms, in respect of which the Issuer purchases credit protection from Securityholders in respect of two or more Reference Entities and pursuant to which, upon the occurrence of a Credit Event and a Relevant Event Determination Date with respect to the nth Reference Entity, the Credit Linked Notes will be redeemed in accordance with the relevant Credit Event Redemption Method, where "n" shall be the number specified in such Issue Terms. If an Event Determination Date with respect to a relevant Reference Entity increases the Aggregate Default Count from an amount less than n to an amount equal to an amount equal or greater than n, such Reference Entity shall be the nth Reference Entity.

"Nth-to-Default Partial Nominal Amount" has the meaning given to that term in Credit Linked Condition 22 (*Successor Provisions*).

"Obligation" means (a) any obligation of the relevant Reference Entity (either directly or as provider of a Relevant Guarantee (or in respect of a Monoline Insurer Reference Entity, a Qualifying Policy)), determined pursuant to the method described in "Method for Determining Obligations" below; and (b) the Reference Obligation, in each case, unless it is an Excluded Obligation.

(A) *Method for Determining Obligations:*

For the purposes of sub-paragraph (a) of the definition of "Obligation" above, an Obligation is each obligation of the relevant Reference Entity described by the Obligation Category specified in the relevant Issue Terms and having each of the Obligation Characteristics, if any, specified in the relevant Issue Terms, in each case, immediately prior, the Credit Event which is the subject of either the Credit Event Notice or the Applicable DC Credit Event Question resulting in the occurrence of the Credit Event Resolution Request Date, as applicable. The following terms shall have the following meanings:

- (I) **"Obligation Category"** means Payment, Borrowed Money, Reference Obligation Only, Bond, Loan, or Bond or Loan, only one of which shall be specified in the relevant Issue Terms, and;
- (II) **"Bond"** means any obligation of a type included in the "Borrowed Money" Obligation Category that is in the form of, or represented by, a bond, note (other than notes delivered pursuant to Loans), certificated debt notes or other debt notes and shall not include any other type of Borrowed Money;
- (III) **"Bond or Loan"** means any obligation that is either a Bond or a Loan;
- (IV) **"Borrowed Money"** means any obligation (excluding an obligation under a revolving credit arrangement for which there are no outstanding, unpaid drawings in respect of principal) for the payment or repayment of borrowed

- money (which term shall include, without limitation, deposits and reimbursement obligations arising from drawings pursuant to letters of credit);
- (V) **"Loan"** means any obligation of a type included in the "Borrowed Money" Obligation Category that is documented by a term loan agreement, revolving loan agreement or other similar credit agreement and shall not include any other type of Borrowed Money;
- (VI) **"Payment"** means any obligation (whether present or future, contingent or otherwise) for the payment or repayment of money, including, without limitation, Borrowed Money; and
- (VII) **"Reference Obligation Only"** means any obligation that is a Reference Obligation and no Obligation Characteristics shall be applicable to Reference Obligation Only.
- (VIII) **"Obligation Characteristics"** means any one or more of Not Subordinated, Specified Currency, Not Sovereign Lender, Not Domestic Currency, Not Domestic Law, Listed and Not Domestic Issuance, and:
- (i)
- (A) **"Not Subordinated"** means an obligation that is not Subordinated to (I) the Reference Obligation or (II) the "Prior Reference Obligation" if applicable;
- (B) **"Subordination"** means, with respect to an obligation (the **"Second Obligation"**) and another obligation of the relevant Reference Entity to which such obligation is being compared (the **"First Obligation"**), a contractual, trust or similar arrangement providing that (I) upon the liquidation, dissolution, reorganisation or winding up of the relevant Reference Entity, claims of the holders of the First Obligation are required to be satisfied prior to the claims of the holders of the Second Obligation or (II) the holders of the Second Obligation will not be entitled to receive or retain principal payments in respect of their claims against the relevant Reference Entity at any time that the relevant Reference Entity is in payment arrears or is otherwise in default under the First Obligation. "Subordinated" will be construed accordingly. For the purposes of determining whether Subordination exists or whether an obligation is Subordinated with respect to another obligation to which it is being compared, (1) the existence of preferred creditors arising by operation of law or of collateral, credit support or other credit enhancement or security arrangements shall not be taken into account, except that, notwithstanding the foregoing, priorities arising by operation of law shall be taken into account where the relevant Reference Entity is a Sovereign and (2) in the case of the Reference Obligation or the Prior Reference Obligation, as applicable, the ranking in priority of payment shall be determined as of the date as of which it was issued or incurred (or in circumstances where the Reference Obligation or a Prior Reference Obligation is the Standard Reference Obligation and "Standard Reference Obligation" is applicable, then the priority of payment of the Reference Obligation or the Prior Reference Obligation, as applicable, shall be determined as of the date of selection) and, in each case, shall not reflect any change to such ranking in priority of payment after such date and further provided that, in respect of Senior Non-Preferred Notes, such definition shall be applied in the assessment of any Obligation without regard to how the Obligation is described by the laws of any relevant jurisdiction, including any characterisation of the Obligation as senior or unsubordinated by the laws of any relevant jurisdiction; and

- (C) **"Prior Reference Obligation"** means, in circumstances where there is no Reference Obligation applicable to a Series, (I) the Reference Obligation most recently applicable thereto, if any, and otherwise, (II) the obligation specified in the relevant Issue Terms as the Reference Obligation, if any, if such Reference Obligation was redeemed on or prior to the Trade Date and otherwise, (III) any unsubordinated Borrowed Money obligation of the Reference Entity;
- (ii) **"Specified Currency"** means an obligation that is payable in the currency or currencies specified as such in the relevant Issue Terms (or, if "Specified Currency" is specified in the relevant Issue Terms and no currency is so specified, any Standard Specified Currency), provided that if the euro is a Specified Currency, "Specified Currency" shall also include an obligation that was previously payable in the euro, regardless of any redenomination thereafter if such redenomination occurred as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority;
- (iii) **"Not Sovereign Lender"** means any obligation that is not primarily owed to (A) a Sovereign or (B) any entity or organisation established by treaty or other arrangement between two or more Sovereigns including, without limiting the foregoing, the International Monetary Fund, European Central Bank, International Bank for Reconstruction and Development and European Bank for Reconstruction and Development, which shall include, without limitation, obligations generally referred to as "Paris Club debt";
- (iv) **"Not Domestic Currency"** means any obligation that is payable in any currency other than the applicable Domestic Currency, provided that a Standard Specified Currency shall not constitute a Domestic Currency;
- (v) **"Not Domestic Law"** means any obligation that is not governed by the applicable Domestic Law, provided that the laws of England and the laws of the State of New York shall not constitute Domestic Law;
- (vi) **"Listed"** means an obligation that is quoted, listed or ordinarily purchased and sold on an exchange; and
- (vii) **"Not Domestic Issuance"** means any obligation other than an obligation that was issued (or reissued, as the case may be) or intended to be offered for sale primarily in the domestic market of the relevant Reference Entity. Any obligation that is registered or, as a result of some other action having been taken for such purpose, is qualified for sale outside the domestic market of the relevant Reference Entity (regardless of whether such obligation is also registered or qualified for sale within the domestic market of the relevant Reference Entity) shall be deemed not to be issued (or reissued as the case may be) or intended to be offered for sale primarily in the domestic market of the relevant Reference Entity.

Notwithstanding the definition of "Obligation" above:

- (a) in respect of a Hellenic Reference Entity, any obligation that is "Borrowed Money" that was issued or incurred, as the case may be, on or prior to 1 February 2012;
- (b) in respect of an Ecuador Reference Entity, any obligation that is a "Bond" that was issued on or prior to 31 December 2009; or
- (c) in respect of a Ukraine Reference Entity, any obligation that is a "Bond" that was issued on or prior to 1 November 2015,

shall, in each case, be an "Excluded Obligation".

"Obligation Acceleration" means one or more Obligations in an aggregate amount of not less than the Default Requirement have become due and payable before they would otherwise have been due and payable as a result of, or on the basis of, the occurrence of a default, event of default or other similar condition or event (however described), other than a failure to make any required payment, in respect of the relevant Reference Entity under one or more Obligations.

"Obligation Currency" means the currency or currencies in which an Obligation is denominated.

"Obligation Default" means one or more Obligations in an aggregate amount of not less than the Default Requirement have become capable of being declared due and payable before they would otherwise have been due and payable as a result of, or on the basis of, the occurrence of a default, event of default or other similar condition or event (however described), other than a failure to make any required payment, in respect of the relevant Reference Entity under one or more Obligations.

"Original Aggregate Nominal Amount" means, on the Issue Date, the original aggregate nominal amount of the Credit Linked Notes of such Series specified in the relevant Issue Terms (which, for the avoidance of doubt, shall in the case of Index Trunched Credit Linked Notes be calculated, disregarding the effect of a reduction to reflect any Settled Entity Incurred Loss Amount and/or Settled Entity Incurred Recovery Amount which is determined to exist on the Issue Date).

"Original Non-Standard Reference Obligation" means each obligation of the relevant Reference Entity (either directly or as provider of a Guarantee) or in respect of a Monoline Insurer Reference Entity, a Qualifying Policy which is specified as a Reference Obligation in the relevant Issue Terms (if any is so specified).

"Outstanding Aggregate Nominal Amount" means, on any day:

- (a) in respect of Single Name Credit Linked Notes, Nth-to-Default Basket Credit Linked Notes, Linear Basket Credit Linked Notes, Index Untrunched Credit Linked Notes and Local Access Credit Linked Notes, an amount equal to:
 - (i) the Original Aggregate Nominal Amount; minus
 - (ii) the aggregate of all Applicable Proportions in respect of such Credit Linked Notes relating to previous Relevant Credit Events or Relevant Risk Events, as applicable;
- (b) in respect of Index Trunched Credit Linked Notes and Portfolio Trunched Credit Linked Notes an amount equal to:
 - (i) the Original Aggregate Nominal Amount; minus
 - (ii) the sum of the Settled Entity Incurred Recovery Amount and the Settled Entity Incurred Loss Amount (in each case, if any) as determined on the Issue Date; minus
 - (iii) the aggregate of all Principal Writedown Amounts determined on or prior to such date; and
- (c) in respect of Portfolio Trunched Credit Linked Notes an amount equal to:
 - (i) the Original Aggregate Nominal Amount; minus
 - (ii) the aggregate of all Principal Writedown Amounts determined on or prior to such date,

in each case, taking into account (without double counting) any partial redemptions, amortisations, cancellations or further issues of the Credit Linked Notes of such Series on or prior to such date.

"**Outstanding Amount**" has the meaning given to that term in the definition of "Notice of Physical Settlement".

The "**Outstanding Principal Balance**" of an obligation will be calculated as follows:

- (a) first, by determining, in respect of the obligation, the amount of the relevant Reference Entity's principal payment obligations and, where applicable in accordance with the definition of "Accrued Interest", the relevant Reference Entity's accrued but unpaid interest payment obligations (which, in the case of a Guarantee (or in respect of a Monoline Insurer Reference Entity, a Qualifying Policy)) will be the lower of (i) the Outstanding Principal Balance (including accrued but unpaid interest, where applicable) of the Underlying Obligation (or Insured Instrument, as applicable) (determined as if references to the relevant Reference Entity were references to the Underlying Obligor (or Insured Obligor, as applicable)) and (ii) the amount of the Fixed Cap, if any);
- (b) second, by subtracting (I) the Delivery Expenses and Interest Suspension Shortfall Amount (in each case, if any); plus (II) all or any portion of such amount which, pursuant to the terms of the obligation, (i) is subject to any Prohibited Action, or (ii) may otherwise be reduced as a result of the effluxion of time or the occurrence or non-occurrence of an event or circumstance (other than by way of (A) payment or (B) a Permitted Contingency) (the amount determined in sub-paragraph (a) above of the definition of "**Outstanding Principal Balance**" less any amounts subtracted in accordance with this sub-paragraph (b), the "**Non-Contingent Amount**") (provided that, in respect of a Monoline Insurer Reference Entity, any provisions of an Insured Instrument limiting recourse in respect of such Insured Instrument to the proceeds of specified assets (including proceeds subject to a priority of payments) or reducing the amount of any Instrument Payments owing under such Insured Instrument, shall be disregarded for the purposes of this sub-paragraph (b) provided that such provisions are not applicable to the Qualifying Policy by the terms thereof and the Qualifying Policy continues to guarantee or insure, as applicable, the Instrument Payments that would have been required to be made absent any such limitation or reduction); and
- (c) third, by determining the Quantum of the Claim, which shall then constitute the Outstanding Principal Balance,

in each case, determined:

- (A) unless otherwise specified, in accordance with the terms of the obligation in effect on (I) the Delivery Date, or (II) the Valuation Date, as applicable; and
- (B) with respect to the Quantum of the Claim only, in accordance with any applicable laws (insofar as such laws reduce or discount the size of the claim to reflect the original issue price or accrued value of the obligation).

For the purpose of this definition of "Outstanding Principal Balance":

- (i) "**applicable laws**" shall include any bankruptcy or insolvency law or other law affecting creditors' rights to which the relevant obligation is, or may become, subject;
- (ii) "**Quantum of the Claim**" means the lowest amount of the claim which could be validly asserted against the relevant Reference Entity in respect of the Non-Contingent Amount if the obligation had become redeemable, been accelerated, terminated or had otherwise become due and payable at the time of the relevant determination, provided that the Quantum of the Claim cannot exceed the Non-Contingent Amount; and
- (iii) if "**Fallback Discounting**" is specified as applicable in the applicable Issue Terms, then notwithstanding the above, if (x) the Outstanding Principal Balance of an

obligation is not reduced or discounted under sub-paragraph (c)(B) above, (ii) that obligation is either a Bond that has an issue price less than 95 per cent. of the principal redemption amount or a Loan where the amount advanced is less than 95 per cent. of the principal repayment amount and, (iii) such Bond or Loan does not include provisions relating to the accretion over time of the amount which would be payable on an early redemption or repayment of such Bond or Loan that are customary for the applicable type of Bond or Loan as the case may be, then the Outstanding Principal Balance of such Bond or Loan shall be the lesser of (I) the Non-Contingent Amount; and (II) an amount determined by straight line interpolation between the issue price of the Bond or the amount advanced under the Loan and the principal redemption amount or principal repayment amount, as applicable.

For the purposes of determining whether the issue price of a Bond or the amount advanced under a Loan is less than 95 per cent. of the principal redemption amount or principal repayment amount (as applicable) or, where applicable, for applying straight line interpolation:

- (x) where such Bond or Loan was issued as a result of an exchange offer, the issue price or amount advanced of the new Bond or Loan resulting from the exchange shall be deemed to be equal to the aggregate Outstanding Principal Balance of the original obligation(s) that were tendered or exchanged (the "**Original Obligation(s)**") at the time of such exchange (determined without regard to market or trading value of the Original Obligation(s)); and
- (y) in the case of a Bond or Loan that is fungible with a prior debt obligation previously issued by the relevant Reference Entity, such Bond or Loan shall be treated as having the same issue price or amount advanced as the prior debt obligation.

In circumstances where a holder would have received more than one obligation in exchange for the Original Obligation(s), the Calculation Agent will determine the allocation of the aggregate Outstanding Principal Balance of the Original Obligation(s) amongst each of the resulting obligations for the purpose of determining the issue price or amount advanced of the relevant Bond or Loan. Such allocation will take into account the interest rate, maturity, level of subordination and other terms of the obligations that resulted from the exchange and shall be made by the Calculation Agent in accordance with the methodology (if any) determined by the relevant Credit Derivatives Determinations Committee.

In respect of a Monoline Insurer Reference Entity, any provisions of an Insured Instrument limiting recourse in respect of such Insured Instrument to the proceeds of specified assets (including proceeds subject to a priority of payments) or reducing the amount of any Instrument Payments owing under such Insured Instrument, shall be disregarded for the purposes of sub-paragraph (b)(B) above, provided that such provisions are not applicable to the Qualifying Policy by the terms thereof and the Qualifying Policy continues to guarantee or insure, as applicable, the Instrument Payments that would have been required to be made absent any such limitation or reduction.

"Ownership Restriction Event" means, in respect of Local Access Credit Linked Notes, the occurrence of any event or the existence of any condition that has the effect of it being illegal, impossible or impracticable for, or has the effect of prohibiting, restricting or materially delaying the ability of, any Reference Investor to purchase, hold, receive, sell, freely transfer or remain the owner of any Reference Investor Asset or any amount received in respect thereof.

"Package Observable Bond" means, in respect of a relevant Reference Entity which is a Sovereign, any obligation (a) which is identified as such and published by ISDA on its website at www.isda.org from time to time (or any successor website thereto) or by a third party designated by ISDA on its website from time to time and (b) which fell within the definition of Deliverable Obligation set out in sub-paragraph (a) or (b) of the definition of "**Deliverable**

Obligation", in each case, immediately preceding the date on which the relevant Asset Package Credit Event was legally effective.

"Parallel Auction" means the **"Auction"** which is the subject of the relevant Parallel Auction Settlement Terms.

"Parallel Auction Cancellation Date" means the "Auction Cancellation Date" in respect of the relevant Parallel Auction Settlement Terms.

"Parallel Auction Settlement Terms" means, following the occurrence of an "M(M)R Restructuring", any Credit Derivatives Auction Settlement Terms published by ISDA with respect to such an M(M)R Restructuring if the Calculation Agent determines in its discretion, acting in a commercially reasonable manner, that the relevant Deliverable Obligation Terms are the same as the Deliverable Obligation Provisions applicable to the relevant Credit Linked Notes and for which a representative credit derivative transaction economically equivalent to the Credit Linked Notes in unfunded format referencing the same Affected Reference Entity (assuming Auction Redemption and the deemed occurrence of an "Event Determination Date") which has identical deliverable obligation terms to the Deliverable Obligation Provisions of the Credit Linked Notes and Deliverable Obligation Terms of the relevant auction settlement terms under consideration but would not be a covered transaction (due to the range of designated scheduled termination dates for the relevant auction settlement terms under consideration or otherwise) for the purpose of the relevant Credit Derivatives Auction Settlement Terms.

"Payment/Delivery Failure Event" means, in each case as determined by the Calculation Agent in its discretion, acting in a commercially reasonable manner, that:

- (a) it is impossible, impracticable or illegal for the Issuer to pay (due to an event beyond the control of the Issuer including, without limitation, a failure by the Securityholder to provide account details of its designee), or for a Securityholder to accept payment of (due to an event beyond the control of such Securityholder), any cash amount (including, without limitation, any portion of the relevant Credit Event Redemption Amount, in respect of the Credit Linked Notes) required to be paid by the Issuer on the date intended for such payment and such event preventing the payment or acceptance is not cured by the affected party; or
- (b) the relevant definitive Credit Linked Notes (where applicable) and/or the Deliverable Obligation Notice are not delivered in accordance with Credit Linked Condition 17(a) (*Delivery of Physical Redemption Assets*) or any intended recipient has failed to duly execute, deliver and/or accept a transfer certificate or other transfer document on or before any Delivery Date and/or specify a date for transfer of the relevant Deliverable Obligation that is on or before any Delivery Date, in each case in accordance with the terms of the relevant Deliverable Obligation.

"Payment Failure Cut-Off Date" has the meaning given to it in Credit Linked Condition 20 (*Payment/Delivery Failure Event*).

"Payment Requirement" means the amount specified as such in the relevant Issue Terms or its equivalent in the relevant Obligation Currency (or, if no such amount is specified, USD 1,000,000 or its equivalent in the relevant Obligation Currency) in either case as of the occurrence of the relevant Failure to Pay or Potential Failure to Pay, as appropriate.

"Permissible Deliverable Obligation" has the meaning set out in the relevant Credit Derivatives Auction Settlement Terms, being either all or the portion of the deliverable obligations included on the Final List pursuant to the Deliverable Obligation Terms that are applicable to that Auction.

"Permitted Contingency" means, with respect to an obligation, any reduction to the relevant Reference Entity's payment obligations:

- (a) as a result of the application of:

- (i) any provisions allowing a transfer, pursuant to which another party may assume all of the payment obligations of the relevant Reference Entity;
 - (ii) provisions implementing the Subordination of the obligation;
 - (iii) provisions allowing for a Permitted Transfer in the case of a Qualifying Guarantee (or provisions allowing for the release of the relevant Reference Entity from its payment obligations in the case of any other Guarantee);
 - (iv) any Solvency Capital Provisions, if "Subordinated European Insurance Terms" is specified as applicable in the relevant Issue Terms; or
 - (v) provisions which permit the relevant Reference Entity's obligations to be altered, discharged, released or suspended in circumstances which would constitute a Governmental Intervention, if "Financial Reference Entity Terms" is specified as applicable in the relevant Issue Terms; or
- (b) which is within the control of the holders of the obligation or a third party acting on their behalf (such as an agent or trustee) in exercising their rights under or in respect of such obligation.

"Permitted Transfer" means, with respect to a Qualifying Guarantee, a transfer to and the assumption by any single transferee of such Qualifying Guarantee (including by way of cancellation and execution of a new Guarantee) on the same or substantially the same terms, in circumstances where there is also a transfer of all (or substantially all) of the assets of the relevant Reference Entity to the same single transferee.

"Physical Redemption Assets" means, in respect of Credit Linked Notes for which pursuant to Credit Linked Condition 17(*Physical Redemption Terms*) the Physical Redemption Terms are applicable, subject to Credit Linked Condition 21 (*Effect of DC Resolutions*), such Deliverable Obligations as may be selected by the Issuer with: (a) an Outstanding Principal Balance (as determined by the Calculation Agent in its discretion, acting in a commercially reasonable manner, on the date of the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable), in respect of Deliverable Obligations that are Borrowed Money Obligations or (b) a Due and Payable Amount, in respect of Deliverable Obligations that are not Borrowed Money Obligations (or in either case, the equivalent Currency Amount thereof), with an Outstanding Principal Balance equal to (i) the Applicable Proportion or the Outstanding Aggregate Nominal Amount of the Credit Linked Notes (as determined by the Calculation Agent in its discretion, acting in a commercially reasonable manner, on the date of the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable) If the amount of the Physical Redemption Assets is less than zero, no Deliverable Obligations will be required to be Delivered and the amount of the Physical Redemption Assets will be deemed to be zero. If an Asset Package Credit Event has occurred and a Prior Deliverable Obligation or Package Observable Bond which would otherwise have been included in the Physical Redemption Assets has been converted into an Asset Package, then references in this definition of "Physical Redemption Assets" to "Deliverable Obligations" shall be references to the resulting Asset Package and the Asset Package shall be treated as having the same currency and Outstanding Principal Balance as the relevant Prior Deliverable Obligation or Package Observable Bond. The Outstanding Principal Balance of the Deliverable Obligations being Delivered will exclude accrued but unpaid interest, unless "Include Accrued Interest" is specified in the relevant Issue Terms, in which case, the Outstanding Principal Balance of the Deliverable Obligations being Delivered will include accrued but unpaid interest (as the Calculation Agent shall determine).

"Physical Redemption Date" means the last day of the longest Physical Settlement Period following the date of effective delivery of the Notice of Physical Settlement or NOPS Amendment Notice, as applicable. If all Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable are Delivered on or before that Physical Redemption Date, the date that the Issuer completes Delivery of such Deliverable Obligations shall be the Scheduled Maturity Date.

"Physical Settlement Matrix" means the "Credit Derivatives Physical Settlement Matrix" as most recently amended or supplemented as at the Trade Date or, in respect of Index Untranchured Credit Linked Notes or Index Tranchured Credit Linked Notes, the Effective Date, as applicable (unless otherwise specified in the relevant Issue Terms) and as published by ISDA on its website at www.isda.org (or any successor website). The Physical Settlement Matrix may be applicable to any Series of Credit Linked Notes (notwithstanding that the Credit Event Redemption Method for such Notes may not be Physical Redemption) where "Physical Settlement Matrix Standard Terms" are specified as applicable in the relevant Issue Terms and one or more Transaction Type(s) are specified as applying to the relevant Reference Entity(ies) of such Series of Credit Linked Notes.

"Physical Settlement Period" means, subject to the provisions of Credit Linked Condition 21(d) (*Redemption Suspension*), the number of Business Days specified as such in the relevant Issue Terms or, if a number of Business Days is not so specified, then with respect to a Deliverable Obligation specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, the longest number of Business Days for settlement in accordance with then current market practice of such Deliverable Obligation, as the Calculation Agent shall determine; provided that if the Calculation Agent has notified the Issuer (who, in turn, has notified the Fiscal Agent and Securityholders) that it intends to Deliver an Asset Package in lieu of a Prior Deliverable Obligation or a Package Observable Bond, the Physical Settlement Period shall be 30 Business Days.

"Portfolio Tranchured Credit Linked Notes" means Credit Linked Notes which are specified as such in the Issue Terms, which are linked to a tranche of the losses and recoveries in respect of a bespoke basket of two or more Reference Entities (which, for the avoidance of doubt, may include the component Reference Entities of an Index) specified in the relevant Issue Terms.

"Portfolio Tranchured Final Redemption Amount" means, in respect of each Portfolio Tranchured Credit Linked Note, unless otherwise specified in the Issue Terms, an amount calculated by the Calculation Agent equal to the greater of:

- (a) zero; and
- (b) such Portfolio Tranchured Credit Linked Note's *pro rata* share of an amount equal to:
 - (x) the Outstanding Aggregate Nominal Amount; plus
 - (y) the sum of all Portfolio Tranchured Redemption Amounts determined in respect of the Portfolio Tranchured Credit Linked Notes.

"Portfolio Tranchured Incurred Loss Amount" means, in respect of Portfolio Tranchured Credit Linked Notes and an Affected Reference Entity on any day, an amount, calculated by the Calculation Agent on such day equal to the lowest of:

- (a) the Loss Amount in respect of such Affected Reference Entity;
- (b) the Aggregate Loss Amount (including the Loss Amount in respect of such Affected Reference Entity and such day); minus the Loss Threshold Amount (subject to a minimum of zero); and
- (c) the Outstanding Aggregate Nominal Amount (prior to any reduction thereof in respect of such Affected Reference Entity and such day).

"Portfolio Tranchured Incurred Recovery Amount" means, in respect of Portfolio Tranchured Credit Linked Notes and an Affected Reference Entity on any day, an amount, calculated by the Calculation Agent on such day equal to the lowest of:

- (a) the Recovery Amount in respect of such Affected Reference Entity;

- (b) the Aggregate Recovery Amount (calculated taking into account the Recovery Amount for such Affected Reference Entity) minus the Recovery Threshold Amount (subject to a minimum of zero); and
- (c) the Outstanding Aggregate Nominal Amount (prior to any reduction thereto in respect of such Affected Reference Entity and such day).

"Portfolio Tranche Redemption Amount" means, in respect of each Portfolio Tranche Credit Linked Notes, unless otherwise specified in the Issue Terms, an amount calculated by the Calculation Agent equal to the greater of:

- (a) zero; and
- (b) each Portfolio Tranche Credit Linked Note's pro rata share of an amount equal to:
 - (i) the Portfolio Tranche Incurred Recovery Amount; minus
 - (ii) the Unwind Costs, if any.

"Post Dismissal Additional Period" means the period from and including the date of the Applicable DC Credit Event Question Dismissal to and including the date that is 14 calendar days thereafter (provided that the relevant Credit Event Resolution Request Date occurred on or prior to the end of the last day of the Notice Delivery Period (including prior to the Trade Date)).

"Potential Failure to Pay" means the failure by the relevant Reference Entity to make, when and where due, any payments in an aggregate amount of not less than the Payment Requirement under one or more Obligations in accordance with the terms of such obligations at the time of such failure, without regard to any grace period or any conditions precedent to the commencement of any grace period applicable to such Obligations.

"Potential Repudiation/Moratorium" means the occurrence of an event described in subparagraph (a) of the definition of "Repudiation/Moratorium".

"Principal Tax Deduction Amount" means, in respect of Local Access Credit Linked Notes and a payment of principal (howsoever described) in respect of the redemption of the Reference Investor Assets, an amount equal to any and all withholding(s) or deduction(s) for or on account of any taxes or duties (for the avoidance of doubt, whether effective at and/or after the Trade Date) of whatever nature that would be imposed, levied or collected by or on behalf of any authority of the Reference Jurisdiction in respect of such payment to a Reference Investor.

"Principal Writedown Amount" means, in respect of:

- (a) Index Tranche Credit Linked Notes and an Affected Reference Entity, the sum of:
 - (i) the Index Tranche Incurred Recovery Amount (if any) applicable to such Affected Reference Entity; and
 - (ii) the Index Tranche Incurred Loss Amount applicable to such Affected Reference Entity; or
- (b) Portfolio Tranche Credit Linked Notes and an Affected Reference Entity, the sum of:
 - (i) the Portfolio Tranche Incurred Recovery Amount (if any) applicable to such Affected Reference Entity; and
 - (ii) the Portfolio Tranche Incurred Loss Amount applicable to such Affected Reference Entity.

"Prior Deliverable Obligation" means:

- (a) if a Governmental Intervention has occurred (whether or not such event is specified as the applicable Credit Event in the Credit Event Notice or the Applicable DC Credit Event Announcement), any Obligation of the relevant Reference Entity which (i) existed immediately prior to such Governmental Intervention, (ii) was the subject of such Governmental Intervention and (iii) fell within the definition of Deliverable Obligation set out in sub-paragraph (a) or (b) of the definition of "Deliverable Obligation", in each case, immediately preceding the date on which such Governmental Intervention was legally effective; or
- (b) if a Restructuring which does not constitute a Governmental Intervention has occurred in respect of the Reference Obligation of the relevant Reference Entity (whether or not such event is specified as the applicable Credit Event in the Credit Event Notice or the Applicable DC Credit Event Announcement), such Reference Obligation, if any.

"Private-side Loan" means a Loan in respect of which the documentation governing its terms is not publicly available or capable of being made public without violating a law, agreement, understanding or other restriction regarding the confidentiality of such information.

"Prohibited Action" means any counterclaim, defence (other than a counterclaim or defence based on the factors set forth in sub-paragraphs (a) to (d) of the definition of "Credit Event") or right of set-off by or of the relevant Reference Entity or any applicable Underlying Obligor. In respect of a Monoline Insurer Reference Entity, for purposes of this definition, references to the Underlying Obligation and the Underlying Obligor shall be deemed to include Insured Instruments and the Insured Obligor, respectively.

"Public Source" means each source of Publicly Available Information specified as such in the relevant Issue Terms (or, if no such source is specified, each of Bloomberg, Reuters, Dow Jones Newswires, The Wall Street Journal, The New York Times, Nihon Keizai Shimbun, AsahiShimbun, YomiuriShimbun, Financial Times, La Tribune, Les Echos, The Australian Financial Review and Debtwire (and successor publications), the main source(s) of business news in the country in which the relevant Reference Entity is organised and any other internationally recognised published or electronically displayed news sources).

"Publicly Available Information" means information that reasonably confirms any of the facts relevant to the determination that the Credit Event or Potential Repudiation/Moratorium, as applicable, described in a Credit Event Notice or Repudiation/Moratorium Extension Notice have occurred and which (a) has been published in or on not less than the Specified Number of Public Sources, regardless of whether the reader or user thereof pays a fee to obtain such information; (b) is information received from or published by (i) the relevant Reference Entity (or if the relevant Reference Entity is a Sovereign, any agency, instrumentality, ministry, department or other authority thereof acting in a governmental capacity (including, without limiting the foregoing, the central bank) of such Sovereign) or (ii) a trustee, fiscal agent, administrative agent, clearing agent, paying agent, facility agent or agent bank for an Obligation, or (c) is information contained in any order, decree, notice, petition or filing, however described, of or filed with a court, tribunal, exchange, regulatory authority or similar administrative, regulatory or judicial body; provided that where any information of the type described in sub-paragraphs (a) to (c) of this definition is not publicly available, it can only constitute Publicly Available Information if it can be made public without violating any law, agreement, understanding or other restriction regarding the confidentiality of such information.

In relation to any information of the type described in sub-paragraphs (b) and (c) in the first paragraph of this definition, the party receiving such information may assume that such information has been disclosed to it without violating any law, agreement, understanding or other restriction regarding the confidentiality of such information and that the party delivering such information has not taken any action or entered into any agreement or understanding with the relevant Reference Entity or any Affiliate of the relevant Reference Entity that would be breached by, or would prevent, the disclosure of such information to the party receiving such information.

Without limitation, Publicly Available Information need not state (a) in relation to the definition of "Downstream Affiliate", the percentage of Voting Shares owned by the relevant Reference Entity and (b) that the relevant occurrence (i) has met the Payment Requirement or Default Requirement, (ii) is the result of exceeding any applicable Grace Period or (iii) has met the subjective criteria specified in certain Credit Events.

In relation to a Repudiation/Moratorium Credit Event, Publicly Available Information must relate to the events described in sub-paragraphs (a) and (b) of the definition of "Repudiation/Moratorium".

"Qualifying Affiliate Guarantee" means a Qualifying Guarantee provided by the relevant Reference Entity in respect of an Underlying Obligation of a Downstream Affiliate of the Reference Entity.

"Qualifying Guarantee" means a Guarantee evidenced by a written instrument (which may include a statute or regulation), pursuant to which the relevant Reference Entity irrevocably agrees, undertakes or is otherwise obliged to pay all amounts of principal and interest (except for amounts which are not covered due to the existence of a Fixed Cap) due under an "Underlying Obligation" for which the Underlying Obligor is the obligor, by guarantee of payment and not by guarantee of collection (or, in either case, any legal arrangement which is equivalent thereto in form under the relevant governing law).

A Qualifying Guarantee shall not include any guarantee:

- (a) which is structured as a surety bond, financial guarantee insurance policy or letter of credit (or any legal arrangement which is equivalent thereto in form); or
- (b) pursuant to the terms applicable thereto, the principal payment obligations of the relevant Reference Entity can be discharged, released, reduced, assigned or otherwise altered as a result of the occurrence or non-occurrence of an event or circumstance other than: (i) by payment; (ii) by way of Permitted Transfer; (iii) by operation of law; (iv) due to the existence of a Fixed Cap; or (v) due to: (A) provisions permitting or anticipating a Governmental Intervention, if "Financial Reference Entity Terms" is specified as applicable in the relevant Issue Terms; or (B) any Solvency Capital Provisions, if "Subordinated European Insurance Terms" is specified as applicable in the relevant Issue Terms.

If the Guarantee or Underlying Obligation contains provisions relating to the discharge, release, reduction, assignment or other alteration of the principal payment obligations of the relevant Reference Entity and such provisions have ceased to apply or are suspended at the time of the relevant determination, in accordance with the terms of such Guarantee or Underlying Obligation, due to or following the occurrence of (A) a non-payment in respect of the Guarantee or the Underlying Obligation, or (B) an event of the type described in the definition of "Bankruptcy" in respect of the relevant Reference Entity or the Underlying Obligor, then it shall be deemed for these purposes that such cessation or suspension is permanent, notwithstanding the terms of the Guarantee or Underlying Obligation.

In order for a Guarantee to constitute a Qualifying Guarantee: (I) The benefit of a Qualifying Guarantee such Guarantee must be capable of being delivered together with the delivery of the Underlying Obligation; and (II) if a Guarantee contains a Fixed Cap, all claims to any amounts which are subject to such Fixed Cap must be capable of being delivered together with the delivery of such Guarantee.

"Qualifying Policy" means, in respect of a Monoline Insurer Reference Entity, a financial guarantee insurance policy or similar financial guarantee pursuant to which such Monoline Insurer Reference Entity irrevocably guarantees or insures all Instrument Payments of an instrument that constitutes Borrowed Money (modified as set forth below) (the **"Insured Instrument"**) for which another party (including a special purpose entity or trust) is the obligor (the **"Insured Obligor"**). Qualifying Policies shall exclude any arrangement (i) structured as a surety bond, letter of credit or equivalent legal arrangement or (ii) pursuant to the express contractual terms of which the payment obligations of the relevant Reference

Entity can be discharged or reduced as a result of the occurrence or non-occurrence of an event or circumstance (other than the payment of Instrument Payments). The benefit of a Qualifying Policy must be capable of being Delivered together with the Delivery of the Insured Instrument.

In the event that an Obligation or a Deliverable Obligation is a Qualifying Policy, the terms of the definition of "**Qualifying Guarantee**" will apply, with references to the Relevant Guarantee, the Underlying Obligation and the Underlying Obligor deemed to include the Qualifying Policy, the Insured Instrument and the Insured Obligor, respectively, except that:

- (a) the Obligation Category "**Borrowed Money**" and the Obligation Category and Deliverable Obligation Category "**Bond**" shall be deemed to include distributions payable under an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the Deliverable Obligation Category "**Bond**" shall be deemed to include such an Insured Instrument, and the terms "**obligation**" and "**obligor**" as used in the Credit Derivatives Definitions (as supplemented by the "Additional Provisions for Monoline Insurer Reference Entities", as published by ISDA on 15 September 2014) in respect of such an Insured Instrument shall be construed accordingly;
- (b) references in the definitions of "**Assignable Loan**" and "**Consent Required Loan**" to the guarantor and guaranteeing shall be deemed to include the insurer and insuring, respectively;
- (c) neither the Qualifying Policy nor the Insured Instrument must satisfy on the relevant date the Deliverable Obligation Characteristic of "**Accelerated or Matured**", whether or not that characteristic is otherwise specified as applicable in the Physical Settlement Matrix in respect of the Transaction Type;
- (d) if the "**Assignable Loan**", "**Consent Required Loan**", "**Direct Loan Participation**" or "**Transferable Deliverable Obligation Characteristics**" are specified in the Physical Settlement Matrix in respect of the Transaction Type and if the benefit of the Qualifying Policy is not transferred as part of any transfer of the Insured Instrument, the Qualifying Policy must be transferable at least to the same extent as the Insured Instrument;
- (e) with respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term "**maturity**", as such term is used in the "**Maximum Maturity**" Deliverable Obligation Characteristic, shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur; and
- (f) with respect to a Qualifying Policy and an Insured Instrument, only the Qualifying Policy must satisfy on the relevant date or dates the "Not Subordinated" Obligation Characteristic or Deliverable Obligation Characteristic, if applicable.

"**Quotation**" means each Full Quotation obtained and expressed as a percentage of the Reference Obligation's Outstanding Principal Balance or Due and Payable Amount (or if a Quotation is being obtained in respect of the Asset Package resulting from any Prior Deliverable Obligation or Package Observable Bond, the Outstanding Principal Balance of the relevant Prior Deliverable Obligation or Package Observable Bond immediately prior to the Asset Package Credit Event), as applicable, with respect to a Valuation Date in the manner that follows:

- (a) The Calculation Agent shall attempt to obtain Full Quotations with respect to each Valuation Date from five or more Quotation Dealers. If the Calculation Agent is unable to obtain two or more such Full Quotations on the same Business Day within three Business Days of a Valuation Date, then on the next following Business Day (and, if necessary, on each Business Day thereafter until the tenth Business Day following the relevant Valuation Date) the Calculation Agent shall attempt to obtain Full Quotations from five or more Quotation Dealers.

- (b) If the Calculation Agent is unable to obtain two or more Full Quotations on the same Business Day on or prior to the tenth Business Day following the applicable Valuation Date, the Quotations shall be deemed to be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day, or if no Full Quotation is obtained on such tenth Business Day, the quotation shall be deemed to be zero for the Quotation Amount for which firm quotations were not obtained on such day.

"Quotation Amount" means, unless otherwise specified in the relevant Issue Terms, an amount determined by the Calculation Agent not in excess of the Outstanding Aggregate Nominal Amount of the Credit Linked Notes or its equivalent in the relevant Obligation Currency, which shall be converted by the Calculation Agent in a commercially reasonable manner by reference to exchange rates in effect at the time that the relevant Quotation is being obtained. Where an Asset Package Credit Event has occurred and a Deliverable Obligation has been converted into an Asset Package, the Quotation Amount for all or any part of the Asset Package shall be such amount as the Calculation Agent determines appropriate in its sole and absolute discretion or its equivalent in the relevant Obligation Currency, which shall be converted by the Calculation Agent in a commercially reasonable manner by reference to exchange rates in effect at the time that the relevant Quotation is being obtained.

"Quotation Dealer" means, (i) in respect of Credit Linked Notes other than Local Access Credit Linked Notes, a dealer (which may be one or more of the Issuer's affiliates) in obligations of the type for which Quotations are to be obtained, including any Quotation Dealer if specified in the relevant Issue Terms; or (ii) in respect of Local Access Credit Linked Notes, a dealer which is not resident in the Reference Jurisdiction, if applicable, and which deals in obligations of the type for which Quotations are to be obtained, including any Quotation Dealer, if specified in the relevant Issue Terms and, in each case, as selected by the Calculation Agent in its discretion, acting in good faith and in a commercially reasonable manner. Upon a Quotation Dealer no longer being in existence (with no successors), or not being an active dealer in the obligations of the type for which Quotations are to be obtained, the Calculation Agent may, in its discretion, acting in a commercially reasonable manner, substitute any such Quotation Dealer(s) for one or more of the foregoing.

"Quotation Method" means the applicable Quotation Method specified in the relevant Issue Terms by reference to one of the following terms (or, if no Quotation Method is specified, Bid shall apply),

where:

- (a) "Bid" means that only bid quotations shall be requested from Quotation Dealers;
- (b) "Offer" means that only offer quotations shall be requested from Quotation Dealers; or
- (c) "Mid-market" means that bid and offer quotations shall be requested from Quotation Dealers and shall be averaged for purposes of determining a relevant Quotation Dealer's quotation,

provided that in respect of any Asset Package which is the subject of a Quotation, the Quotation Method shall be any of the above Quotation Methods selected by the Calculation Agent in its sole and absolute discretion, or any other method of quotation provided in the market for the relevant Asset as determined by the Calculation Agent, notwithstanding the Quotation Method specified in the relevant Issue Terms.

"Recovery Amount" means, in respect of Index Tranching Credit Linked Notes or Portfolio Tranching Credit Linked Notes and an Affected Reference Entity and subject to Credit Linked Condition 22 (*Successor Provisions*):

- (a) if no M(M)R Restructuring has occurred:
 - (i) if "Auction Redemption" is specified as the Credit Event Redemption Method (and provided that the Fallback Redemption Method does not apply), an amount equal to the lower of (x) 100 per cent. and (y) the Auction Final Price,

- multiplied by the Reference Entity Notional Amount for the Affected Reference Entity;
- (ii) if "Cash Redemption" is specified as the Credit Event Redemption Method, or if Cash Redemption applies as the Fallback Redemption Method, an amount equal to the lower of (x) 100 per cent. and (y) the Final Price, multiplied by the Reference Entity Notional Amount for the Affected Reference Entity; or
 - (iii) if "Fixed Recovery Redemption" is specified as the Credit Event Redemption Method, an amount equal to the lower of (x) 100 per cent. and (y) the Fixed Recovery Percentage, multiplied by the Reference Entity Notional Amount for the Affected Reference Entity; or
- (b) if an M(M)R Restructuring has occurred:
- (i) if "Auction Redemption" is specified as the Credit Event Redemption Method (and provided that the Fallback Redemption Method does not apply), an amount equal to the lower of (x) 100 per cent. and (y) the Auction Final Price, multiplied by the Exercise Amount for the Affected Reference Entity;
 - (ii) if "Cash Redemption" is specified as the Credit Event Redemption Method, or if Cash Redemption applies as the Fallback Redemption Method, an amount equal to the lower of (x) 100 per cent. and (y) the Final Price, multiplied by the Exercise Amount for the Affected Reference Entity; or
 - (iii) if "Fixed Recovery Redemption" is specified as the Credit Event Redemption Method, an amount equal to the lower of (x) 100 per cent. and (y) the Fixed Recovery Percentage, multiplied by the Exercise Amount for the Affected Reference Entity.

"Recovery Threshold Amount" means, in respect of Index Tranchéd Credit Linked Notes or Portfolio Tranchéd Credit Linked Notes, the amount specified in the Issue Terms which shall be the product of (a) the Implicit Portfolio Size and (b) 100 per cent. minus the Exhaustion Point.

"Redemption Suspension Notice" has the meaning given to that term in Credit Linked Condition 21 (*Effect of DC Resolutions*).

"Reference Assets" means, in respect of Local Access Credit Linked Notes, an amount of any assets specified as such in the relevant Issue Terms issued by the relevant Reference Entity with an original maturity date as specified in the relevant Issue Terms and a nominal amount equal to the Applicable Principal Currency Amount, as such assets may be amended from time to time (including without limitation any securities, cash proceeds or other assets into which such assets shall have been exchanged or converted from time to time, provided that when determining whether any of the events or conditions that may be applicable to the Local Access Credit Linked Notes have occurred, such determination shall be made by the Calculation Agent with reference to the terms and conditions of the original Reference Assets and not such replacement securities or assets).

"Reference Custodian" means, in respect of Local Access Credit Linked Notes, the entity specified as such in the applicable Issue Terms.

"Reference Custodial/Settlement Arrangement" means, in respect of Local Access Credit Linked Notes, any formal or informal (express or implied) arrangement, method, means or account type through which a Reference Investor may hold, directly or indirectly, an interest (including a beneficial interest) in the Reference Investor Assets and/or any amount received in respect thereof.

"Reference Entity" means, subject to the provisions of Credit Linked Condition 22 (*Successor Provisions*), in respect of:

- (a) Single Name Credit Linked Notes or Local Access Credit Linked Notes, the entity specified as such in the relevant Issue Terms;
- (b) Nth-to-Default Basket Credit Linked Notes, Linear Basket Credit Linked Notes or Portfolio Tranching Credit Linked Notes, each entity specified as such in the relevant Issue Terms; or
- (c) Index Untranching Credit Linked Notes or Index Tranching Credit Linked Notes, each entity contained in the relevant Index and listed in the Index Annex.

"Reference Entity Count" means, in respect of Nth-to-Default Basket Credit Linked Notes and a Reference Entity, one, subject to the terms set out in Credit Linked Condition 22(h) (*Multiple Successors*).

"Reference Entity Notional Amount" means, unless otherwise specified in the relevant Issue Terms, and in each case subject to adjustment in accordance with Credit Linked Condition 22 (*Successor Provisions*):

- (a) in respect of Linear Basket Credit Linked Notes and Index Untranching Credit Linked Notes and each relevant Reference Entity, the product of:
 - (i) the Original Aggregate Nominal Amount; and
 - (ii) the Reference Entity Weighting of the relevant Affected Reference Entity;
- (b) in respect of Index Tranching Credit Linked Notes and each relevant Reference Entity, the product of:
 - (i) the Implicit Portfolio Size;
 - (ii) the Reference Entity Weighting of the relevant Reference Entity; and
 - (iii) the fraction obtained by dividing (x) one by (y) the sum of the aggregate of the Reference Entity Weightings of all Reference Entities and the aggregate of the Settled Entity Weightings for all Settled Entities.
- (c) in respect of Portfolio Tranching Credit Linked Notes and each relevant Reference Entity, the product of:
 - (i) the Implicit Portfolio Size;
 - (ii) the Reference Entity Weighting of the relevant Reference Entity; and
 - (iii) the fraction obtained by dividing (x) one by (y) the aggregate of the Reference Entity Weightings of all Reference Entities,

in each case, subject to amendment as provided herein.

"Reference Entity Weighting" means, in respect of Linear Basket Credit Linked Notes, Index Untranching Credit Linked Notes, Index Tranching Credit Linked Notes or Portfolio Tranching Credit Linked Notes, as applicable, and a relevant Reference Entity, the percentage specified for such relevant Reference Entity in the relevant Issue Terms.

"Reference Investor" means, in respect of Local Access Credit Linked Notes, any person that holds or owns the Reference Investor Assets, which may include the Issuer and/or any of its Affiliates (including, without limitation, any trust, special purpose vehicle or account through which the Issuer or any of its Affiliates may hold Reference Investor Assets in the Reference Jurisdiction).

"Reference Investor Assets" means, in respect of Local Access Credit Linked Notes:

- (a) if Reference Assets Only Settlement is specified as applicable in the relevant Issue Terms, the Reference Assets; and

- (b) if Reference Assets Only Settlement is specified as not applicable in the relevant Issue Terms, Obligations and/or Deliverable Obligations.

"Reference Jurisdiction" means, in respect of Local Access Credit Linked Notes, the jurisdiction specified as such in the relevant Issue Terms.

"Reference Obligation" means:

- (a) if "Standard Reference Obligation" is specified as applicable in the relevant Issue Terms, the Standard Reference Obligation;
- (b) if "Standard Reference Obligation" is specified as not applicable in the relevant Issue Terms, in which case the Reference Obligation will be the Non-Standard Reference Obligation, if any, provided that, in respect of Senior Non-Preferred Notes, irrespective of any Original Non-Standard Reference Obligation specified in the relevant Issue Terms, if (i) a Senior Non-Preferred Level Standard Reference Obligation of the relevant Reference Entity is specified on the SRO List, such Standard Reference Obligation shall be deemed to constitute the Reference Obligation, or (ii) no such Senior Non-Preferred Level Standard Reference Obligation of the relevant Reference Entity is specified on the SRO List but such Standard Reference Obligation has previously been specified on the SRO List, there shall be deemed to be no Reference Obligation applicable to the Series and such previously specified Senior Non-Preferred Level Standard Reference Obligation of the relevant Reference Entity shall be deemed to constitute the Prior Reference Obligation;
- (c) if (i) "Standard Reference Obligation" is specified as applicable in the relevant Issue Terms, (ii) there is no Standard Reference Obligation and (iii) a Non-Standard Reference Obligation is specified in the relevant Issue Terms, in which case the Reference Obligation will be (A) the Non-Standard Reference Obligation to but excluding the first date of publication of the Standard Reference Obligation and (B) the Standard Reference Obligation from such date onwards, provided that the Standard Reference Obligation that is published would have been eligible to be selected as a Substitute Reference Obligation; or
- (d) in respect of Index Untranching Credit Linked Notes or Index Tranching Credit Linked Notes, the Reference Obligation as specified in the relevant Issue Terms, as deemed amended by any Index Annex or pursuant to determinations of the Credit Derivatives Determinations Committee or the Index Sponsor.

"Reference Obligation Only Series" means a Series of Credit Linked Notes in respect of which (a) "Reference Obligation Only" is specified as the Obligation Category and the Deliverable Obligation Category in the relevant Issue Terms in respect of such Reference Entity and (b) "Standard Reference Obligation" is specified as not applicable in the relevant Issue Terms in respect of such Reference Entity.

"Regulatory Change Cost" means, in respect of a Regulatory Change Event, an amount, determined by the Calculation Agent equal to the cost which a Reference Investor would have incurred in respect of such Regulatory Change Event had it purchased, received, held, transferred or sold the Reference Investor Assets (and/or any amount received in respect thereof) at any time during the term of the Local Access Credit Linked Notes.

"Regulatory Change Event" means:

- (a) the adoption of, change in or change in the interpretation or administration of, any law, rule, directive, decree or regulation in the Reference Jurisdiction after the Trade Date by any Governmental Authority or any settlement system, depository or other entity charged by any Governmental Authority to regulate the holding, transferring and/or taxing of (including amounts received in respect of) Reference Investor Assets; and/or
- (b) the compliance by a Reference Investor (and/or its Custodian, if any, in respect of the Reference Investor Assets) with any request or directive of any Governmental Authority (provided that such term shall also include any taxing authority) or any

settlement system, depository or other entity charged by any Governmental Authority to regulate the holding, transferring and/or taxing of (including amounts received in respect of) Reference Investor Assets,

which in any such case:

- (i) would, in respect of any amount of Reference Investor Assets (and/or any amount received in respect thereof) which a Reference Investor could have held during the term of the Local Access Credit Linked Notes, impose, modify or apply any tax, charge, duty, reserve, special deposit, insurance assessment or any other requirement on such Reference Investor (and this results in additional costs to a Reference Investor); and/or
- (ii) increases in any other way the actual or potential cost to a Reference Investor of hedging the obligations of the Issuer with respect to the Local Access Credit Linked Notes at any time during the term of such Local Access Credit Linked Notes.

"Relevant City Business Day" has the meaning given to that term in the DC Rules.

"Relevant Credit Event" means, subject to the provisions of Credit Linked Condition 22 (*Successor Provisions*):

- (a) in the case of Single Name Credit Linked Notes, any Credit Event which occurs with respect to the relevant Reference Entity;
- (b) in the case of Nth-to-Default Basket Credit Linked Notes, any Credit Event which occurs with respect to the nth Reference Entity; and
- (c) in the case of Linear Basket Credit Linked Notes, any Credit Event which occurs with respect to any Reference Entity in the basket;
- (d) in the case of Index Untranchured Credit Linked Notes, any Credit Event which occurs with respect to any Reference Entity in the Index;
- (e) in the case of Index Tranchured Credit Linked Notes, any Credit Event which occurs with respect to any Reference Entity in the Index once the aggregate of all loss amounts incurred and calculated with respect to all Reference Entities in the Index has reached the Loss Threshold Amount); and
- (f) in the case of Portfolio Tranchured Credit Linked Notes, any Credit Event which occurs with respect to any Reference Entity in the basket once the aggregate of all loss amounts incurred and calculated with respect to all Reference Entities in the basket has reached the Loss Threshold Amount).

"Relevant Event Determination Date" means, in respect of Credit Linked Notes, the Event Determination Date occurring with respect to a Relevant Credit Event.

"Relevant Guarantee" means a Qualifying Affiliate Guarantee or, if "All Guarantees" is specified as applicable in the relevant Issue Terms, a Qualifying Guarantee.

"Relevant Holder" means a holder of the Prior Deliverable Obligation or Package Observable Bond, as the case may be, with an Outstanding Principal Balance or Due and Payable Amount, as applicable, immediately prior to the relevant Asset Package Credit Event, equal to the Outstanding Amount specified in respect of such Prior Deliverable Obligation or Package Observable Bond in the Notice of Physical Settlement, or NOPS Amendment Notice, as applicable.

"Relevant Obligations" means the Obligations of the relevant Reference Entity which fall within the Obligation Category "Bond or Loan" and which are outstanding immediately prior to the Succession Date (or, if there is a Steps Plan, immediately prior to the legally effective date of the first succession), provided that:

- (a) any Bonds or Loans outstanding between the Reference Entity and any of its Affiliates, or held by the relevant Reference Entity, shall be excluded;
- (b) if there is a Steps Plan, the Calculation Agent shall, for purposes of the determination required to be made under the definition of "Successor", make the appropriate adjustments required to take account of any Obligations of the relevant Reference Entity which fall within the Obligation Category "Bond or Loan" that are issued, incurred, redeemed, repurchased or cancelled from and including the legally effective date of the first succession to and including the Succession Date;
- (c) if "Financial Reference Entity Terms" is specified as applicable in the relevant Issue Terms and the relevant Reference Entity is a Senior Reference Entity, the Relevant Obligations shall only include the Senior Obligations of the relevant Reference Entity which fall within the Obligation Category "Bond or Loan"; and
- (d) if "Financial Reference Entity Terms" is specified as applicable in the relevant Issue Terms, and the relevant Reference Entity is a Subordinated Reference Entity, Relevant Obligations shall exclude Senior Obligations and any Further Subordinated Obligations of the relevant Reference Entity which fall within the Obligation Category "Bond or Loan", provided that if no such Relevant Obligations exist, "Relevant Obligations" shall have the same meaning as it would if the relevant Reference Entity were a Senior Reference Entity.

"Relevant Risk Event" means, in the case of Local Access Credit Linked Notes, a Risk Event which occurs with respect to the relevant Reference Entity.

"Relevant Risk Event Determination Date" means, in respect of Local Access Credit Linked Notes, the Risk Event Determination Date occurring with respect to a Relevant Risk Event.

"Repudiation/Moratorium" means the occurrence of both of the following events: (a) an authorised officer of the relevant Reference Entity or a Governmental Authority (i) disaffirms, disclaims, repudiates or rejects, in whole or in part, or challenges the validity of, one or more Obligations in an aggregate amount of not less than the Default Requirement or (ii) declares or imposes a moratorium, standstill, roll-over or deferral, whether de facto or de jure, with respect to one or more Obligations in an aggregate amount of not less than the Default Requirement; and (b) a Failure to Pay, determined without regard to the Payment Requirement, or a Restructuring, determined without regard to the Default Requirement, with respect to any such Obligation that occurs on or prior to the Repudiation/Moratorium Evaluation Date.

"Repudiation/Moratorium Evaluation Date" means, if a Potential Repudiation/Moratorium occurs on or prior to the Scheduled Maturity Date, (a) if the Obligations to which such Potential Repudiation/Moratorium relates include Bonds, the date that is the later of (i) the date that is 60 days after the date of such Potential Repudiation/Moratorium and (ii) the first payment date under any such Bond after the date of such Potential Repudiation/Moratorium (or, if later, the expiration date of any applicable Grace Period in respect of such payment date) and (b) if the Obligations to which such Potential Repudiation/Moratorium relates do not include Bonds, the date that is 60 days after the date of such Potential Repudiation/Moratorium; provided that, in either case, the Repudiation/Moratorium Evaluation Date shall occur no later than the Scheduled Maturity Date unless the Repudiation/Moratorium Extension Condition is satisfied.

The **"Repudiation/Moratorium Extension Condition"** is satisfied (a) if the DC Secretary publicly announces, pursuant to a valid request that was delivered and effectively received on or prior to the date that is fourteen calendar days after the Scheduled Maturity Date, that the relevant Credit Derivatives Determinations Committee has Resolved that an event that constitutes a Potential Repudiation/Moratorium has occurred with respect to an Obligation of the relevant Reference Entity and that such event occurred on or prior to the Scheduled Maturity Date and such resolution constitutes an Applicable Resolution or (b) otherwise, by the delivery by the Issuer to the Fiscal Agent of a Repudiation/Moratorium Extension Notice and, unless "Notice of Publicly Available Information" is specified not applicable in the

relevant Issue Terms, a Notice of Publicly Available Information that is effective on or prior to the date that is fourteen calendar days after the Scheduled Maturity Date. In all cases, the Repudiation/Moratorium Extension Condition will be deemed not to have been satisfied, or not capable of being satisfied, if, or to the extent that, the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved that either (i) an event does not constitute a Potential Repudiation/Moratorium with respect to an Obligation of the relevant Reference Entity or (ii) an event that constitutes a Potential Repudiation/Moratorium for the purposes of the relevant Credit Linked Notes has occurred with respect to an Obligation of the relevant Reference Entity but that such event occurred after the Scheduled Maturity Date.

"Repudiation/Moratorium Extension Notice" means an irrevocable notice from the Calculation Agent to the Issuer (for onward delivery to the Fiscal Agent and Securityholders) that describes a Potential Repudiation/Moratorium that occurred on or prior to the Scheduled Maturity Date. A Repudiation/Moratorium Extension Notice must contain a description in reasonable detail of the facts relevant to the determination that a Potential Repudiation/Moratorium has occurred and indicate the date of the occurrence. The Potential Repudiation/Moratorium that is the subject of the Repudiation/Moratorium Extension Notice need not be continuing on the date the Repudiation/Moratorium Extension Notice is effective.

"Resolve" means, with respect to a Credit Derivatives Determinations Committee, the making of a specific determination in accordance with the DC Rules, and **"Resolved"** and **"Resolves"** shall be construed accordingly.

"Restructured Bond or Loan" means an Obligation that is a Bond or Loan and in respect of which the relevant Restructuring has occurred.

"Restructuring" means that, with respect to one or more Obligations and in relation to an aggregate amount of not less than the Default Requirement, any one or more of the following events occurs in a form that binds all holders of such Obligation, is agreed between the relevant Reference Entity or a Governmental Authority and a sufficient number of holders of such Obligation to bind all holders of the Obligation or is announced (or otherwise decreed) by the relevant Reference Entity or a Governmental Authority in a form that binds all holders of such Obligation (including, in each case, in respect of Bonds only, by way of exchange) and such event is not expressly provided for under the terms of such Obligation in effect as of the later of the Credit Event Backstop Date applicable to the relevant Credit Linked Notes and the date as of which such Obligation is issued or incurred:

- (a) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals (including by way of redenomination);
- (b) a reduction in the amount of principal or premium payable at redemption (including by way of redenomination);
- (c) a postponement or other deferral of a date or dates for either (i) the payment or accrual of interest or (ii) the payment of principal or premium;
- (d) a change in the ranking in priority of payment of any Obligation, causing the Subordination of such Obligation to any other Obligation; or
- (e) any change in the currency of any payment of interest, principal or premium to any currency other than the lawful currency of Canada, Japan, Switzerland, the United Kingdom and the United States of America and the euro and any successor currency to any of the aforementioned currencies (which in the case of the euro, shall mean the currency which succeeds to and replaces the euro in whole).

Notwithstanding the above in this definition of "Restructuring", none of the following shall constitute a Restructuring:

- (i) the payment in euros of interest, principal or premium in relation to an Obligation denominated in a currency of a Member State of the European Union that adopts or has

adopted the single currency in accordance with the Treaty establishing the European Community, as amended by the Treaty on European Union;

- (ii) the redenomination from euros into another currency, if (A) the redenomination occurs as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority and (B) a freely available market rate of conversion between euros and such other currency existed at the time of such redenomination and there is no reduction in the rate or amount of interest, principal or premium payable, as determined by reference to such freely available market rate of conversion;
- (iii) the occurrence of, agreement to or announcement of any of the events described in sub-paragraphs (a) to (e) of this definition of "Restructuring" due to an administrative adjustment, accounting adjustment or tax adjustment or other technical adjustment occurring in the ordinary course of business; and
- (iv) the occurrence of, agreement to or announcement of any of the events described in sub-paragraphs (a) to (e) of this definition of "Restructuring" in circumstances where such event does not directly or indirectly result from a deterioration in the creditworthiness or financial condition of the Reference Entity, provided that in respect of sub-paragraph (e) of this definition of "Restructuring" only, no such deterioration in the creditworthiness or financial condition of the Reference Entity is required where the redenomination is from euros into another currency and occurs as a result of action taken by a Governmental Authority of a Member State of the European Union which is of general application in the jurisdiction of such Governmental Authority or in respect of a Monoline Insurer Reference Entity, in the case of Qualifying Policy and an Insured Instrument, where (A) the Qualifying Policy continues to guarantee or insure, as applicable, that the same Instrument Payments will be made on the same dates on which the Qualifying Policy guaranteed or insured that such Instrument Payments would be made prior to such event and (B) such event is not a change in the ranking in the priority of payment of the Qualifying Policy.

For the purposes of this definition of "Restructuring":

- (I) The term Obligation shall be deemed to include Underlying Obligations for which the relevant Reference Entity is acting as provider of a Guarantee. In the case of a Guarantee and an Underlying Obligation, references to the relevant Reference Entity in this definition shall be deemed to refer to the Underlying Obligor and the reference to the relevant Reference Entity in this definition of "Restructuring" shall continue to refer to the relevant Reference Entity.
- (II) If an exchange has occurred, the determination as to whether one of the events described under sub-paragraphs (a) to (e) of this definition has occurred will be based on a comparison of the terms of the Bond immediately prior to such exchange and the terms of the resulting obligations immediately following such exchange.
- (III) In respect of a Monoline Insurer Reference Entity, for the purposes of the first and second paragraphs of this definition, the term Obligation shall be deemed to include Insured Instruments for which the relevant Reference Entity is acting as provider of a Qualifying Policy. In the case of a Qualifying Policy and an Insured Instrument, references to the relevant Reference Entity in the first paragraph above shall be deemed to refer to the Insured Obligor and the reference to the relevant Reference Entity in the first paragraph above shall continue to refer to the relevant Reference Entity.
- (IV) With respect to an Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest or a Qualifying Policy with respect thereto and in respect of a Monoline Insurer Reference Entity, sub-paragraphs (a) to (e) of the first paragraph above are hereby amended to read as follows:

- (i) a reduction in the rate or amount of the Instrument Payments described in clause (A)(x) of the definition thereof that are guaranteed or insured by the Qualifying Policy (including by way of redenomination);
- (ii) a reduction in the amount of the Instrument Payments described in clause (A)(y) of the definition thereof that are guaranteed or insured by the Qualifying Policy (including by way of redenomination);
- (iii) a postponement or other deferral of a date or dates for either (A) the payment or accrual of the Instrument Payments described in clause (A)(x) of the definition thereof; or (B) the payment of the Instrument Payments described in clause (A)(y) of the definition thereof, in each case that are guaranteed or insured by the Qualifying Guarantee;
- (iv) a change in the ranking in priority of payment of: (A) any Obligation under a Qualifying Policy in respect of Instrument Payments, causing the Subordination or such Obligation to any other Obligation; or (B) any Instrument Payments, causing the Subordination of such Insured Instrument to any other instrument in the form of a pass-through certificate or similar funded beneficial interest issued by the Insured Obligor, it being understood that, for this purpose, Subordination will be deemed to include any such change that results in lower ranking under a priority of payments provision applicable to the relevant Instrument Payments; or
- (v) any change in the currency of any payment of Instrument Payments that are guaranteed or insured by the Qualifying Policy to any currency other than the lawful currency of Canada, Japan, Switzerland, the United Kingdom and the United States of America and the euro and any successor currency to any of the aforementioned currencies (which in the case of the euro, shall mean the currency which succeeds to and replaces the euro in whole).

"Restructuring Date" means the date on which a Restructuring is legally effective in accordance with the terms of the documentation governing such Restructuring.

"Restructuring Maturity Limitation Date" means, with respect to a Deliverable Obligation, the Limitation Date occurring on or immediately following the Scheduled Maturity Date. Notwithstanding the foregoing, if the final maturity date of the Restructured Bond or Loan with the latest final maturity date of any Restructured Bond or Loan occurs prior to the 2.5-year Limitation Date (such Restructured Bond or Loan, a **"Latest Maturity Restructured Bond or Loan"**) and the Scheduled Maturity Date occurs prior to the final maturity date of such Latest Maturity Restructured Bond or Loan, then the Restructuring Maturity Limitation Date will be the final maturity date of such Latest Maturity Restructured Bond or Loan.

In respect of a Monoline Insurer Reference Entity and with respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term "final maturity date", as such term is used in this definition shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur.

"Revised Currency Rate" means, with respect to a Replacement Deliverable Obligation specified in a NOPS Amendment Notice, the rate of conversion between the currency in which the Replaced Deliverable Obligation Outstanding Amount is denominated and the currency in which the Outstanding Amount of such Replacement Deliverable Obligation is denominated that is determined either (a) by reference to the Currency Rate Source as at the Next Currency Fixing Time or (b) if such rate is not available at such time, as the Calculation Agent shall determine in a commercially reasonable manner.

"Risk Event" means, in respect of Local Access Credit Linked Notes, as determined by the Calculation Agent:

- (a) if the Issue Terms specify that the Settlement Currency Principal Amount is the Applicable Principal Currency Amount, the occurrence or existence of a Credit Event; or
- (b) if the Issue Terms specify that the LCY Reference Amount is the Applicable Principal Currency Amount, the occurrence or existence of a Credit Event or an Additional Risk Event.

"Risk Event Determination Date" means, in respect of Local Access Credit Linked Notes and with respect to a Risk Event, the date on which an effective Risk Event Notice has been delivered by the Calculation Agent to the Issuer for onward delivery to the Fiscal Agent and Securityholders.

"Risk Event Determination Period" means, in respect of Local Access Credit Linked Notes, the period from and including the Additional Risk Event Start Date to and including the Scheduled Maturity Date or Extended Maturity Date, as applicable.

"Risk Event Notice" means, in respect of Local Access Credit Linked Notes, an irrevocable notice from the Calculation Agent to the Issuer for onward delivery to the Fiscal Agent and Securityholders, which:

- (a) identifies the Series of Local Access Credit Linked Notes to which the Risk Event Notice relates;
- (b) states the Calculation Agent's intention for the Issuer to redeem the Applicable Proportion of the Local Access Credit Linked Notes in accordance with the relevant Risk Event Redemption Method; and
- (c) specifies a Risk Event that occurred or exists during the Risk Event Determination Period and provides details of such Risk Event.

Any Risk Event Notice that describes a Risk Event that occurred after the Scheduled Maturity Date must relate to the relevant Potential Failure to Pay, in the case of a Grace Period Extension Date, or the relevant Potential Repudiation/Moratorium, in the case of a Repudiation/Moratorium Evaluation Date.

A Risk Event Notice that describes a Risk Event must be in respect of the full Outstanding Aggregate Nominal Amount of the relevant Local Access Credit Linked Notes in the relevant Series, subject to Credit Linked Condition 22 (*Successor Provisions*).

A Risk Event Notice must contain a description in reasonable detail of the facts relevant to the determination that a Risk Event has occurred. The Risk Event that is the subject of the Risk Event Notice need not be continuing on the date the Risk Event Notice is effective.

"Risk Event Redemption Method" means, in respect of Local Access Credit Linked Notes, LA Cash Redemption, LA Physical Redemption or LA Fixed Recovery Redemption, as specified in the relevant Issue Terms.

Scheduled Maturity Date means, in respect of an issue of Credit Linked Notes, the date specified as such in the relevant Issue Terms.

"Scheduled Maturity Date Extension" means an extension determined in accordance with Credit Linked Condition 13 (*Scheduled Maturity Date Extension*).

"Senior Non-Preferred Notes" means Credit Linked Notes in respect of which "Additional Provisions for Senior Non-Preferred Reference Obligations (published on December 8, 2017)" is specified as applicable in the relevant Issue Terms in relation to one or more Reference Entities and in respect of which each such relevant Reference Entity constitutes a Subordinated Reference Entity.

"Senior Non-Preferred Obligation" means, in respect of Senior Non-Preferred Notes, any obligation of the relevant Reference Entity which is Subordinated only to any unsubordinated

Borrowed Money Obligations of the relevant Reference Entity but not further or otherwise, or which would be so Subordinated if any unsubordinated Borrowed Money Obligations of the relevant Reference Entity existed, and which ranks above Traditional Subordinated Obligations of the relevant Reference Entity or which would so rank if any Traditional Subordinated Obligations of the relevant Reference Entity existed. A Senior Non Preferred Obligation shall constitute a Subordinated Obligation.

"Senior Obligation" means any Obligation which is not Subordinated to any unsubordinated Borrowed Money obligation of the relevant Reference Entity.

"Senior Reference Entity" means a relevant Reference Entity for which (a) the Reference Obligation(s) or Prior Reference Obligation(s), as applicable, is/are a Senior Obligation.

"Seniority Level" means, with respect to an obligation of the relevant Reference Entity, (a) "Senior Level" or "Subordinated Level" as specified in the relevant Issue Terms, or (b) if no such seniority level is specified in the relevant Issue Terms, "Senior Level" if the Original Non-Standard Reference Obligation is a Senior Obligation or "Subordinated Level" if the Original Non-Standard Reference Obligation is a Subordinated Obligation, failing which (c) "Senior Level", or (d) in respect of Senior Non-Preferred Notes and the relevant Reference Entity, the "Senior Non-Preferred Level".

"Settled Entity" means, in respect of Index Tranch Credit Linked Notes, each entity (if any) identified as such for the Index in the Settled Entity Matrix.

"Settled Entity Incurred Loss Amount" means, in respect of Index Tranch Credit Linked Notes, an amount (subject to a minimum of zero) equal to the Aggregate Settled Entity Loss Amount minus the Loss Threshold Amount.

"Settled Entity Incurred Recovery Amount" means, in respect of Index Tranch Credit Linked Notes, an amount (subject to a minimum of zero) equal to the Aggregate Settled Entity Recovery Amount minus the Recovery Threshold Amount.

"Settled Entity Loss Amount" means, in respect of Index Tranch Credit Linked Notes and with respect to a Settled Entity, an amount equal to the product of (subject to a minimum of zero):

- (a) the Settled Entity Notional Amount for such Settled Entity; and
- (b) (x) 100 per cent. minus (y) the Weighted Average Final Price set out opposite such Settled Entity in the Settled Entity Matrix or where "Fixed Recovery Redemption" applies, the Fixed Recovery Percentage.

"Settled Entity Matrix" means, in respect of Index Tranch Credit Linked Notes, the Settled Entity Matrix as most recently amended and supplemented as of the calendar day immediately preceding the Trade Date, as specified in the relevant Issue Terms and as published by Markit or any successor thereto (which can be accessed at <http://www.markit.com> or any successor website thereto).

"Settled Entity Notional Amount" means, in respect of Index Tranch Credit Linked Notes and with respect to each Settled Entity:

- (a) the product of (x) the Implicit Portfolio Size and (y) the Settled Entity Weighting of the relevant Settled Entity; and
- (b) the fraction obtained by dividing (x) one by (y) the sum of the aggregate of the Reference Entity Weightings of all Reference Entities and the aggregate of the Settled Entity Weightings for all Settled Entities.

"Settled Entity Recovery Amount" means, in respect of Index Tranch Credit Linked Notes and with respect to a Settled Entity, an amount equal to the product of:

- (a) the Settled Entity Notional Amount for such Settled Entity; and

- (b) the lesser of (x) 100 per cent. and (y) the Weighted Average Final Price set out opposite such Settled Entity in the Settled Entity Matrix . or where "Fixed Recovery Redemption" applies, the Fixed Recovery Percentage.

"Settled Entity Weighting" means, in respect of Index Tranching Credit Linked Notes and with respect to a Settled Entity, the weighting specified for such Specified Entity in the Settled Entity Matrix.

"Settlement Currency" means the currency specified in the relevant Issue Terms, or if no currency is specified in the relevant Issue Terms, the Specified Currency of the Credit Linked Notes.

"Settlement Currency Principal Amount" means, in respect of Local Access Credit Linked Notes, an amount in the Settlement Currency equal to the nominal amount of the Reference Assets, as specified in the relevant Issue Terms.

"Settlement/Custodial Event" means, in respect of Local Access Credit Linked Notes, (a) the occurrence of any event, the existence of any condition or the taking of any action that results, or may result with the passage of time, in the Bankruptcy (as if references to "Reference Entity" were changed to "Custodian" for these purposes) of any Custodian or (b) in respect of the Reference Investor Assets owned by such Reference Investor or any amount received in respect thereof, a Custodian (i) fails to perform in a timely manner any or all of its obligations owed to a Reference Investor under any Reference Custodial/Settlement Arrangement, or (ii) fails to take any action when instructed to do so by a Reference Investor pursuant to the terms of any Reference Custodial/Settlement Arrangement, or (iii) takes any action which is contrary to the terms of any Reference Custodial/Settlement Arrangement; in each case that affects or may affect, in the determination of the Calculation Agent, the hedging arrangements of the Issuer and/or any of its Affiliates in respect of the Issuer's obligations with respect to the Credit Linked Notes.

"Single Name Credit Linked Notes" means Credit Linked Notes which are specified as such in the Issue Terms, in respect of which the Issuer purchases credit protection from Securityholders in respect of one Reference Entity.

"Single Name Partial Nominal Amount" has the meaning given to that term in Credit Linked Condition 22 (*Successor Provisions*).

"Single Name Successor Entity" has the meaning given to that term in Credit Linked Condition 22 (*Successor Provisions*).

"Solvency Capital Provisions" means any terms in an obligation which permit the relevant Reference Entity's payment obligations thereunder to be deferred, suspended, cancelled, converted, reduced or otherwise varied and which are necessary in order for the obligation to constitute capital resources of a particular tier.

"Sovereign" means any state, political subdivision or government, or any agency, instrumentality, ministry, department or other authority acting in a governmental capacity (including, without limiting the foregoing, the central bank) thereof.

"Sovereign Restructured Deliverable Obligation" means an Obligation of a relevant Reference Entity which is a Sovereign (either directly or as provider of a Relevant Guarantee) (a) in respect of which a Restructuring that is the subject of the relevant Credit Event Notice or Applicable DC Credit Event Announcement has occurred and (b) which fell within the definition of a Deliverable Obligation immediately preceding the date on which such Restructuring is legally effective in accordance with the terms of the documentation governing such Restructuring.

"Sovereign Succession Event" means, with respect to a relevant Reference Entity that is a Sovereign, an annexation, unification, secession, partition, dissolution, consolidation, reconstitution or other similar event.

"Specified Number" means the number of Public Sources specified in the relevant Issue Terms (or, if no such number is specified, two).

"SRO List" means the list of Standard Reference Obligations as published by ISDA on its website at www.isda.org from time to time (or any successor website thereto) or by a third party designated by ISDA on its website from time to time. The current SRO list can be obtained at <https://ihsmarkit.com/products/red-cds.html>.

"Standard Event Determination Date" means, with respect to a Credit Event and:

- (a) a Series where Auction Redemption is specified as the applicable Credit Event Redemption Method and "Single Notifying Party Event Determination Date" is not specified to be applicable in the relevant Issue Terms:
 - (i) subject to sub-paragraph (ii) of this definition, the Notice Delivery Date, if the Notice Delivery Date occurs during either the Notice Delivery Period or the Post Dismissal Additional Period, provided that neither (A) a DC Credit Event Announcement has occurred nor (B) a DC No Credit Event Announcement has occurred, in each case, with respect to the Credit Event specified in the Credit Event Notice; or
 - (ii) notwithstanding sub-paragraph (i) of this definition, the Credit Event Resolution Request Date, if a DC Credit Event Announcement has occurred, the Credit Event Resolution Request Date has occurred on or prior to the last day of the Notice Delivery Period (including prior to the Trade Date) and either:
 - (A) (I) the Credit Event is not an M(M)R Restructuring; and (II) the Trade Date occurs on or prior to a DC Announcement Coverage Cut-off Date; or
 - (B) (I) the Credit Event is an M(M)R Restructuring; and (II) a Credit Event Notice is delivered by a Notifying Party to the other party and is effective on or prior to the Standard Exercise Cut-off Date,

provided that:

- (1) no Physical Redemption Date or full redemption of the Credit Linked Notes has occurred on or prior to the date on which the Applicable DC Credit Event Meeting Announcement occurs;
- (2) if any Valuation Date or Delivery Date, as applicable, in respect of the relevant Reference Entity has occurred on or prior to the date on which the Applicable DC Credit Event Meeting Announcement occurs, an Event Determination Date shall be deemed to have occurred only with respect to the portion of the Original Aggregate Nominal Amount of the Credit Linked Notes or, if the Credit Linked Notes are Linear Basket Credit Linked Notes, Index Untranchured Credit Linked Notes, Index Tranchured Credit Linked Notes or Portfolio Tranchured Credit Linked Notes, the Reference Entity Notional Amount of the relevant Reference Entity to which the Event Determination Date relates, if any, with respect to which no Valuation Date or Delivery Date, as applicable, has occurred; and
- (3) no Credit Event Notice specifying an M(M)R Restructuring as the only Credit Event has previously been delivered by the Calculation Agent to the Issuer for onward delivery to the Fiscal Agent and Securityholders,
 - (aa) unless the M(M)R Restructuring specified in such Credit Event Notice is also the subject of the Applicable DC Credit Event Question resulting in the occurrence of the Credit Event Resolution Request Date,
 - (bb) unless, and to the extent that, the Exercise Amount specified in such Credit Event Notice was less than the Original Aggregate Nominal Amount of the Credit Linked Notes or, if the Credit Linked Notes are

Linear Basket Credit Linked Notes, Index Untranching Credit Linked Notes, Index Tranching Credit Linked Notes or Portfolio Tranching Credit Linked Notes, the relevant Reference Entity Notional Amount of the Affected Reference Entity, or (cc) unless a representative credit derivative transaction economically equivalent to the Credit Linked Notes in unfunded format referencing the same Affected Reference Entity and (a) having identical deliverable obligation terms to one set of the Deliverable Obligation Terms of the relevant Credit Derivatives Auction Settlement Terms and to the Deliverable Obligation Provisions of the Credit Linked Notes; (b) in the case of M(M)R Restructuring, having a scheduled termination date which falls within the designated scheduled termination dates for the Applicable Auction and having similar tenor to the Credit Linked Notes (in each case, assuming "Auction Redemption" and a deemed occurrence of an Event Determination Date) would be a covered transaction and the deliverable obligations set out on the Final List are identical to the Deliverable Obligations for such Series.

"Standard Exercise Cut-off Date" means either:

- (a) with respect to an M(M)R Restructuring and a Series to which sub-paragraph (a) of the definition of "Standard Event Determination Date" applies:
 - (i) if the DC Secretary publishes a Final List applicable to the Applicable Transaction Auction Settlement Terms and/or Parallel Auction Settlement Terms may be published, the date that is five Relevant City Business Days following the date on which such Final List is published (assuming, for the purposes of the timing set out herein, that any Credit Event Notice is delivered by the Calculation Agent (as a buyer of credit protection) to the Issuer (as a seller of credit protection)); or
 - (ii) otherwise, the date that is 14 calendar days following the relevant No Auction Announcement Date; or
- (b) with respect to a Credit Event and a Series to which sub-paragraph (a) of the definition of "Standard Event Determination Date" does not apply, the Non-Standard Exercise Cut-off Date,

or, in each case, such other date as the relevant Credit Derivatives Determinations Committee Resolves.

"Standard Reference Obligation" means the Obligation of the relevant Reference Entity with the relevant Seniority Level which is specified from time to time on the SRO List.

"Standard Specified Currency" means each of the lawful currencies of Canada, Japan, Switzerland, France, Germany, the United Kingdom and the United States of America and the euro and any successor currency to any of the aforementioned currencies (which in the case of the euro, shall mean the currency which succeeds to and replaces the euro in whole).

"Steps Plan" means a plan evidenced by Eligible Information contemplating that there will be a series of successions to some or all of the Relevant Obligations of the relevant Reference Entity, by one or more entities.

"Subordinated Obligation" means any Obligation which is Subordinated to any unsubordinated Borrowed Money obligation of the relevant Reference Entity or which would be so Subordinated if any unsubordinated Borrowed Money obligation of the relevant Reference Entity existed.

"Subordinated Reference Entity" means a relevant Reference Entity for which the Reference Obligation(s) or Prior Reference Obligation(s), as applicable, is/are a Subordinated Obligation.

"Substitute Reference Obligation" means, with respect to a Non-Standard Reference Obligation to which a Substitution Event has occurred, the Obligation that may replace the Non-Standard Reference Obligation, determined by the Calculation Agent in accordance with Credit Linked Condition 24 (*Reference Obligation*) or, in the case of the Index Untranching Credit Linked Notes and Index Tranching Credit Linked Notes, as determined by the Index Sponsor (in the absence of any determination by the Credit Derivatives Determinations Committee)..

Notwithstanding the definition of "Substitute Reference Obligation" (a) no Substitute Reference Obligation shall be determined in respect of a Reference Obligation Only Series and (b) if the events set out in sub-paragraph (b) or (c) of the definition of "Substitution Event" occur with respect to the Reference Obligation in a Reference Obligation Only Series, such Reference Obligation shall continue to be the Reference Obligation.

"Substitution Date" means, with respect to a Substitute Reference Obligation, the date on which the Calculation Agent notifies the Fiscal Agent and the Issuer of the Substitute Reference Obligation that it has identified in accordance with the definition of "Substitute Reference Obligation".

"Substitution Event" means, with respect to a Non-Standard Reference Obligation:

- (a) the Non-Standard Reference Obligation is redeemed in whole;
- (b) the aggregate amounts due under the Non-Standard Reference Obligation have been reduced by redemption or otherwise below USD 10,000,000 or its equivalent in the relevant Obligation Currency, as determined by the Calculation Agent); or
- (c) for any other reason, other than due to the existence or occurrence of a Credit Event, the Non-Standard Reference Obligation is no longer an Obligation of a relevant Reference Entity, (either directly or as provider of a Guarantee (or, in respect of a Monoline Insurer Reference Entity, a Qualifying Policy)).

For the purposes of the identification of a Non-Standard Reference Obligation, any change in the Non-Standard Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, constitute a Substitution Event.

If an event described in sub-paragraph (a) or (b) of this definition has occurred on or prior to the Trade Date, then a Substitution Event shall be deemed to have occurred pursuant to sub-paragraph (a) or (b) of this definition, as the case may be, on the Issue Date.

"Substitution Event Date" means, with respect to the Reference Obligation, the date of the occurrence of the relevant Substitution Event.

"Substitution Event Redemption Amount" means, in respect of each Credit Linked Note, such Credit Linked Note's *pro rata* share of an amount equal to (x) the fair market value of the Credit Linked Notes determined by the Issuer as at the Substitution Event Date, and (y) adjusted to take into account any Unwind Costs (if any).

"Successor" means, subject to Credit Linked Condition 22(a) (*Eligible Successors*), the entity or entities, if any, determined by the Calculation Agent or the Credit Derivatives Determinations Committee, as applicable, as follows:

- (a) subject to sub-paragraph (vii) of this definition, if one entity succeeds, either directly or as a provider of a Relevant Guarantee (or, in respect of a Monoline Insurer Reference Entity, a Qualifying Policy) to seventy five per cent. or more of the Relevant Obligations of the relevant Reference Entity, that entity will be the sole Successor;
- (b) if only one entity succeeds, either directly or as a provider of a Relevant Guarantee (or, in respect of a Monoline Insurer Reference Entity, a Qualifying Policy) to more than twenty five per cent. (but less than seventy five per cent.) of the Relevant Obligations of the relevant Reference Entity and not more than twenty five per cent.

of the Relevant Obligations of the relevant Reference Entity remain with the relevant Reference Entity, the entity that succeeds to more than twenty five per cent. of the Relevant Obligations will be the sole Successor;

- (c) if more than one entity each succeeds, either directly or as provider of a Relevant Guarantee (or, in respect of a Monoline Insurer Reference Entity, a Qualifying Policy) to more than twenty five per cent. of the Relevant Obligations of the relevant Reference Entity, and not more than twenty five per cent. of the Relevant Obligations of the relevant Reference Entity remain with the relevant Reference Entity, the entities that succeed to more than twenty five per cent. of the Relevant Obligations will each be a Successor;
- (d) if one or more entities each succeeds, either directly or as provider of a Relevant Guarantee (or, in respect of a Monoline Insurer Reference Entity, a Qualifying Policy) to more than twenty five per cent. of the Relevant Obligations of the relevant Reference Entity, and more than twenty five per cent. of the Relevant Obligations of the relevant Reference Entity remain with the relevant Reference Entity, each such entity and the Reference Entity will each be a Successor;
- (e) if one or more entities succeeds, either directly or as provider of a Relevant Guarantee (or, in respect of a Monoline Insurer Reference Entity, a Qualifying Policy) to a portion of the Relevant Obligations of the relevant Reference Entity, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the relevant Reference Entity and the relevant Reference Entity continues to exist, there will be no Successor; and
- (f) if one or more entities succeeds either directly or as provider of a Relevant Guarantee (or, in respect of a Monoline Insurer Reference Entity, a Qualifying Policy) to a portion of the Relevant Obligations of the relevant Reference Entity, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of the relevant Reference Entity and the relevant Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations will be the Successor (provided that if two or more entities succeed to an equal percentage of Relevant Obligations, each such entity will be a Successor);
- (g) in respect of a relevant Reference Entity which is not a Sovereign, if one entity assumes all of the Obligations (including at least one Relevant Obligation) of the relevant Reference Entity, and at the time of the determination either (i) the relevant Reference Entity has ceased to exist, or (ii) the relevant Reference Entity is in the process of being dissolved (howsoever described) and the relevant Reference Entity has not issued or incurred any Borrowed Money obligation at any time since the legally effective date of the assumption, such entity (the "**Universal Successor**") will be the sole Successor.

For the purposes of this definition, "succeed" means, with respect to the relevant Reference Entity and its Relevant Obligations, that an entity other than the relevant Reference Entity (A) assumes or becomes liable for such Relevant Obligations whether by operation of law or pursuant to any agreement (including, with respect to a relevant Reference Entity that is a Sovereign, any protocol, treaty, convention, accord, concord, entente, pact or other agreement), or (B) issues Bonds or incurs loans (the "**Exchange Bonds or Loans**") that are exchanged for Relevant Obligations (or, as applicable, obligations), and in either case the relevant Reference Entity is not thereafter a direct obligor or a provider of a Relevant Guarantee (or, in respect of a Monoline Insurer Reference Entity, a Qualifying Policy) with respect to the Relevant Obligations or such Exchange Bonds or Loans, as applicable. For the purposes of this definition, "**succeeded**" and "**succession**" shall be construed accordingly.

"**Successor Backstop Date**" means:

- (a) for the purposes of any Successor determination determined by DC Resolution, the date that is 90 calendar days prior to the Successor Resolution Request Date; and

- (b) in all other cases, the date that is 90 calendar days prior to the earlier of:
 - (i) the date on which the Successor Notice is effective; and
 - (ii) in circumstances where (I) a Successor Resolution Request Date has occurred, (II) the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination and (III) the Successor Notice is delivered by the Issuer to the Fiscal Agent not more than 14 calendar days after the day on which the DC Secretary publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to make a Successor determination, the Successor Resolution Request Date.

The Successor Backstop Date shall not be subject to adjustment in accordance with any Business Day Convention.

"Succession Date" means the legally effective date of an event in which one or more entities succeed to some or all of the Relevant Obligations of the relevant Reference Entity; provided that if at such time, there is a Steps Plan, the Succession Date will be the legally effective date of the final succession in respect of such Steps Plan, or if earlier (a) the date on which a determination pursuant to sub-paragraph (a) of the definition of **"Successor"** would not be affected by any further related successions in respect of such Steps Plan, or (b) the occurrence of an Event Determination Date or Risk Event Determination Date, as applicable, in respect of the relevant Reference Entity or any entity which would constitute a Successor.

"Successor Notice" means an irrevocable notice from the Calculation Agent to the Issuer for onward delivery to the Fiscal Agent and Securityholders that describes a succession (or, in relation to a relevant Reference Entity that is a Sovereign, a Sovereign Succession Event) in respect of which a Succession Date has occurred and pursuant to which one or more Successors to the Reference Entity can be determined. A Successor Notice must contain a description in reasonable detail of the facts relevant to the determination to be made pursuant to sub-paragraph (a) of the definition of **"Successor"**.

"Successor Resolution Request Date" means, with respect to a notice to the DC Secretary requesting that a Credit Derivatives Determinations Committee be convened to Resolve one or more Successors to the relevant Reference Entity, the date, as publicly announced by the DC Secretary, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which such notice is effective.

"TARGET Settlement Day" means any day on which TARGET2 (the Trans-European Automarket Real-time Gross Settlement Express Transfer System) is open.

"Tier 2 Subordinated Obligation" means, in respect of Senior Non-Preferred Notes, any obligation of the relevant Reference Entity which meets the conditions set out in the CRR or which are (or were at any time) otherwise eligible as a Tier 2 item in accordance with the CRR.

"Traditional Subordinated Obligation" means, in respect of Senior Non-Preferred Notes, (i) Tier 2 Subordinated Obligations of the relevant Reference Entity; (ii) any obligations of the relevant Reference Entity which rank or are expressed to rank *pari passu* with any Tier 2 Subordinated Obligations of the relevant Reference Entity; and (iii) any obligations of the Reference Entity which are Subordinated to the obligations thereto described in (i) and (ii) above shall each (without limitation) constitute Traditional Subordinated Obligations in respect of a Senior Non-Preferred Obligation. A Traditional Subordinated Obligation shall constitute a Further Subordinated Obligation.

"Tranche Size" means, in respect of Index Tranching Credit Linked Notes or Portfolio Tranching Credit Linked Notes, the Exhaustion Point minus the Attachment Point.

"Transaction Auction Settlement Terms" means the relevant Credit Derivatives Auction Settlement Terms; provided that the Calculation Agent determines in its discretion, acting in a commercially reasonable manner, that (a) the relevant Deliverable Obligation Terms are substantially the same as the Deliverable Obligation Provisions applicable to the relevant

Credit Linked Notes, and (b) if such Credit Event is a Restructuring for which either "Restructuring Maturity Limitation and Fully Transferable Obligation" or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation" is applicable or deemed to be applicable, a credit derivatives transaction with the same tenor as the Credit Linked Notes would be an "Auction Covered Transaction" for the purposes of the relevant Credit Derivatives Auction Settlement Terms.

"Transaction Type" means, for the purposes of the application of the Physical Settlement Matrix to a Series where "Physical Settlement Matrix Standard Terms" is specified as applicable in the relevant Issue Terms, each Reference Entity designated as one of the following in the relevant Issue Terms:

- (a) North American Corporate;
- (b) European Corporate;
- (c) European Financial Corporate;
- (d) European COCO Financial Corporate;
- (e) European Senior Non Preferred Financial Corporate;
- (f) Subordinated European Insurance Corporate;
- (g) Emerging European Corporate;
- (h) Japan Corporate;
- (i) Japan Financial Corporate;
- (j) Japan Sovereign;
- (k) Singapore Corporate;
- (l) Singapore Financial Corporate;
- (m) Asia Corporate;
- (n) Asia Financial Corporate;
- (o) Asia Sovereign;
- (p) Emerging European & Middle Eastern Sovereign;
- (q) Western European Sovereign;
- (r) Latin America Corporate B;
- (s) Latin America Corporate BL;
- (t) Latin America Sovereign;
- (u) Australia Corporate;
- (v) Australia Financial Corporate;
- (w) Australia Sovereign;
- (x) New Zealand Corporate;
- (y) New Zealand Financial Corporate;
- (z) New Zealand Sovereign,

and any other Transaction Type which may be added to the Physical Settlement Matrix from time to time.

"Trigger Percentage" means, in respect of a CoCo Reference Entity, the trigger percentage specified in the relevant Issue Terms (or if no such trigger percentage is specified, 5.25 per cent.).

"Ukraine Reference Entity" means a Reference Entity which is the Republic of Ukraine and to which the "Additional Provisions for the Republic of Ukraine: Excluded Obligations and Excluded Deliverable Obligations", as published by ISDA on 11 April 2016, is specified as applicable in the relevant Issue Terms.

"Undeliverable Assets" has the meaning given to it in Credit Linked Condition 17(k) (*LA Physical Redemption Terms*).

"Undeliverable Deliverable Obligations" has the meaning given to that term in Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*).

"Undeliverable LA Cash Redemption Amount" means, in respect of each Local Access Credit Linked Note, an amount calculated by the Calculation Agent in the Settlement Currency equal to the greater of

- (a) zero; and
- (b) the product of:
 - (i) the Applicable Proportion; and
 - (ii) (x) the LA Recovery Amount or (y) where Fixed Recovery is applicable, the Fixed Recovery Percentage,

minus each Credit Linked Note's pro rata share of the Unwind Costs, if any (but excluding any Unwind Costs already taken into account in calculating the principal amount of the relevant LA Settlement Assets to deliver).

"Undelivered Deliverable Obligation" has the meaning given to that term in Credit Linked Condition 17(i) (*Partial Cash Redemption Terms and Fallback Cash Redemption Terms*).

"Underlying Obligation" means, with respect to a Guarantee, the Obligation which is the subject of the Guarantee.

"Underlying Obligor" means, with respect to an Underlying Obligation, the issuer in the case of a Bond, the borrower in the case of a Loan, or the principal obligor in the case of any other Underlying Obligation.

"Universal Successor" has the meaning given in the definition of Successor.

"Unwind Costs" means, unless otherwise specified in the relevant Issue Terms, an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs, fees, charges, expenses (including loss of funding), tax and duties incurred by the Issuer and/or any of its Affiliates in connection with the redemption of the Credit Linked Notes and (if the Issuer has elected to hedge its exposure) the related termination, settlement or re-establishment of any hedge or related trading position.

"Valuation Date" means:

- (a) if "Single Valuation Date" is specified in the relevant Issue Terms, subject to the provisions of Credit Linked Condition 21(d) (*Redemption Suspension*), the date that is the number of Business Days specified in the relevant Issue Terms after (i) the Event Determination Date (where the Event Determination Date does not occur pursuant to sub-paragraph (a)(ii) of the definition of "Standard Event Determination Date" or sub-

paragraph (b)(i) of the definition of "Non-Standard Event Determination Date"); (ii) the day on which the DC Credit Event Announcement occurs (where no Standard Exercise Cut-off Date or Non Standard Exercise Cut-off Date applies in order for the Event Determination Date to occur) or the relevant Standard Exercise Cut-off Date or Non Standard Exercise Cut-off Date, as applicable (where Standard Exercise Cut-off Date or Non Standard Exercise Cut-off Date applies in order for the Event Determination Date to occur), in each case where the Event Determination Date occurs pursuant to sub-paragraph (a)(ii) of the definition of "Standard Event Determination Date" or sub-paragraph (b)(i) of the definition of "Non-Standard Event Determination Date" or (iii) the Auction Cancellation Date or No Auction Announcement Date where Fallback Redemption Method applies; and (iv) if the number of Business Days is not so specified, any day falling on or before the 90th Business Day following the applicable date referred to in (i), (ii) or (iii) above;

- (b) if "Multiple Valuation Dates" is specified in the relevant Issue Terms, subject to the provisions of Credit Linked Condition 21(d) (*Redemption Suspension*), each of the following dates:
 - (i) the date that is the number of Business Days specified in the relevant Issue Terms after (i) the Event Determination Date (where the Event Determination Date does not occur pursuant to sub-paragraph (a)(ii) of the definition of "Standard Event Determination Date" or sub-paragraph (b)(i) of the definition of "Non-Standard Event Determination Date"); (ii) the day on which the DC Credit Event Announcement occurs (where no Standard Exercise Cut-off Date or Non Standard Exercise Cut-off Date applies in order for the Event Determination Date to occur) or the relevant Standard Exercise Cut-off Date or Non Standard Exercise Cut-off Date, as applicable (where Standard Exercise Cut-off Date or Non Standard Exercise Cut-off Date applies in order for the Event Determination Date to occur), in each case where the Event Determination Date occurs pursuant to sub-paragraph (a)(ii) of the definition of "Standard Event Determination Date" or sub-paragraph (b)(i) of the definition of "Non-Standard Event Determination Date" or (iii) the Auction Cancellation Date or No Auction Announcement Date where Fallback Redemption Method applies; and (iv) if the number of Business Days is not specified, 5 Business Days following the applicable date referred to in (i), (ii) or (iii) above); and
 - (ii) each successive date that is the number of Business Days specified in the relevant Issue Terms (or if the number of Business Days is not so specified, 5 Business Days) after the date on which the Calculation Agent obtains a Market Value with respect to the immediately preceding Valuation Date.

When "Multiple Valuation Dates" is specified in the relevant Issue Terms, the total number of Valuation Dates shall be equal to the number of Valuation Dates specified in the relevant Issue Terms (or, if the number of Valuation Dates is not so specified, five Valuation Dates).

- (c) if neither "Single Valuation Date" nor "Multiple Valuation Dates" is specified in the relevant Issue Terms, the terms of sub-paragraph (a) of this definition shall apply as if "Single Valuation Date" had been specified in the relevant Issue Terms.

"Valuation Method" means:

- (a) where there is only one Valuation Date, Highest, Lowest or Market, as specified in the relevant Issue Terms.
- (b) where there is more than one Valuation Date, Average Highest, Average Market or Highest, as specified in the relevant Issue Terms.

where:

- (i) **"Average Highest"** means the unweighted arithmetic mean of the highest Quotations obtained by the Calculation Agent (or in accordance with sub-paragraph (b) of the definition of "Quotation") with respect to each Valuation Date;
- (ii) **"Average Market"** means the unweighted arithmetic mean of the Market Values determined by the Calculation Agent with respect to each Valuation Date; or
- (iii) **"Highest"** means the highest Quotation obtained by the Calculation Agent (or in accordance with sub-paragraph (b) of the definition of "Quotation") with respect to any Valuation Date;
- (iv) **"Lowest"** means the lowest Quotation obtained by the Calculation Agent (or in accordance with sub-paragraph (b) of the definition of "Quotation") with respect to any Valuation Date; and
- (v) **"Market"** means the Market Value determined by the Calculation Agent with respect to the Valuation Date.

Notwithstanding sub-paragraphs (a) and (b) of this definition, if Quotations include fewer than two Full Quotations, the Valuation Method shall be Market or Average Market, as the case may be.

"Valuation Obligation" means, where Cash Redemption applies, an obligation, as selected by the Calculation Agent in its discretion, acting in a commercially reasonable manner, provided such obligation(s) is either a Reference Obligation and/or would constitute a Deliverable Obligation as at the Valuation Date.

"Valuation Time" means the time specified as such in the relevant Issue Terms or, if no such time is specified, the time determined by the Calculation Agent, which shall be as close as reasonably practicable to 11:00 a.m. in the principal trading market for the Deliverable Obligation or Valuation Obligation, as the case may be, unless the Calculation Agent determines that such principal trading market would be closed at such time or such transactions are not being conducted in sufficient volume (as determined by the Calculation Agent in its discretion, acting in a commercially reasonable manner) at such time, in which event the Valuation Time shall be such other time as may be specified by the Calculation Agent that such principal market is open.

"Voting Shares" means the shares or other interests that have the power to elect the board of directors or similar governing body of an entity.

"Weighted Average Final Price" means, in respect of Index Tranchéd Credit Linked Notes and each Settled Entity, the amount specified in respect of such Settled Entity in the Settled Entity Matrix.

UNDERLYING SCHEDULE 16 – INDEX SKEW CONDITIONS

The following are the conditions (the "**Index Skew Conditions**") that will apply to the Notes if the relevant Issue Terms provide that "Index Skew Notes" are applicable (the "**Index Skew Notes**"). These Index Skew Conditions apply as completed by the relevant Final Terms or as completed, modified and/or supplemented by the relevant Pricing Supplement, as applicable. In the case of any inconsistency between these Index Skew Conditions and the General Conditions, these Index Skew Conditions will prevail. *For the avoidance of doubt, any clarificatory language herein in bold and italicised shall not form part of the Index Skew Conditions.*

Words and expressions defined or used in the relevant Issue Terms shall have the same meanings where used in these Index Skew Conditions or General Conditions unless the context otherwise requires or unless otherwise stated. The definitions and provisions contained in the 2014 ISDA Definitions are incorporated into and will apply to these Index Skew Conditions. All capitalised terms that are not defined in these Index Skew Conditions or elsewhere in the General Conditions applicable to the Index Skew Notes will have the meanings given to them in the relevant Issue Terms. References in these Index Skew Conditions to "Index Skew Notes" are to the Index Skew Notes, as the case may be, of one Series only, not to all Index Skew Notes that may be issued under the Programme.

Unless otherwise specified, references in these Index Skew Conditions to an Index Skew Condition are to the corresponding provision of these Index Skew Conditions.

1. **Principal and Interest Payouts on Index Skew Notes**

(a) *Introduction*

Index Skew Notes are Notes pursuant to which the Issuer is deemed to have hypothetically entered into two separate Hypothetical Skew Transactions (together referred to as an Index Skew Position) under which the Issuer is a buyer of credit protection under one Hypothetical Skew Transaction and the seller of credit protection under the other Hypothetical Skew Transaction, such that following the occurrence of a Credit Event in respect of a Reference Entity referenced under both Hypothetical Skew Transactions, the Issuer's exposure under both Hypothetical Skew Transactions taken together offset each other. As a result, the payments required to be made by or to the Issuer under such Hypothetical Skew Transactions are intended to be zero due to the application of payment netting.

However, if the Hypothetical Skew Transactions were to terminate early due to an early redemption of the Index Skew Notes, a termination payment would be determined in respect of each Hypothetical Skew Transaction and this may result in an amount being payable either to or by the Issuer. Such amount, less any unwind costs, will be reflected in the amount payable to Securityholders upon the early redemption of the Index Skew Notes.

(b) *Accrual of Interest*

If the relevant Issue Terms specify that interest is payable in respect of Index Skew Notes, then interest shall accrue on the Index Skew Outstanding Aggregate Nominal Amount in accordance with General Condition 5 (*Interest*) from (and including) the Interest Commencement Date to (but excluding) the earlier of (a) the Scheduled Maturity Date; and (b) an Early Redemption Date or Optional Redemption Date, as applicable, which results in the Index Skew Notes being redeemed in full, and payment of the relevant interest amount shall be made on such date. The occurrence of an Event Determination Date in respect of a Reference Entity referenced by the relevant Hypothetical Skew Transactions shall not result in a writedown of the Index Skew Outstanding Aggregate Nominal Amount.

For the avoidance of doubt, interest shall continue to accrue and be payable on the Index Skew Notes as above regardless of the occurrence of an Event Determination Date in respect of a Reference Entity referenced by the relevant Hypothetical Skew Transactions. No interest shall accrue on any Index Skew Note on or after the Scheduled Maturity Date.

(c) *Redemption on the Maturity Date*

Unless the Index Skew Notes have been previously redeemed in full or purchased and cancelled by the Issuer, each Outstanding Index Skew Note shall be redeemed in accordance with General Condition 6(a) (*Final Redemption or Termination*).

(d) *Early Redemption of the Index Skew Notes*

Unless previously redeemed in full or purchased and cancelled, following the occurrence of any of the events set out in General Condition 6(b) (*Redemption for Taxation Reasons and Redemption for Illegality*), Valuation and Settlement Condition 2(h) (*Early Redemption Events*), General Condition 6(e) (*Redemption at the Option of the Issuer*) or General Condition 11 (*Events of Default*); the Issuer will redeem each Outstanding Index Skew Note in full by payment of the Index Skew Early Redemption Amount on the Early Redemption Date or Optional Redemption Date, as applicable, in accordance with the General Conditions.

For the avoidance of doubt, the occurrence of one or more Credit Events in respect of the Reference Entities referenced by each Hypothetical Skew Transaction will not result in the early redemption of the Index Skew Notes and no actual amounts will be payable to the Securityholders under or in connection with the Index Skew Notes. In such circumstance, the payment under each Hypothetical Skew Transaction is intended to be equal to zero due to the application of payment netting.

2. **Entry into an Index Skew Position**

(a) On the Issue Date, the Issuer is deemed to have entered into an Index Skew Position with the Hypothetical Swap Counterparty.

(b) An "**Index Skew Position**" will be constituted by the following Hypothetical Skew Transactions:

- (i) a Hypothetical Index Untranchured Transaction; and
- (ii) a Hypothetical Single Name Set,

provided that the Issuer shall be the buyer of credit protection under one Hypothetical Skew Transaction and the seller of credit protection under the other Hypothetical Skew Transaction.

(c) In each Index Skew Position, the Hypothetical Index Untranchured Transaction and Hypothetical Single Name Set will be referred to as "**related**" or "**corresponding**" to each other, and the relevant Hypothetical Index Untranchured Transaction and Hypothetical Single Name Transactions will be the "**constituent Hypothetical Skew Transactions**" in respect of such Index Skew Position.

(d) In order to preserve the equal and opposite effect of each Hypothetical Skew Transaction, save in the case of any calculation relating to the Hypothetical Swap Termination Value, any determination or action taken by the Calculation Agent and/or the Issuer under any Hypothetical Skew Transaction shall be deemed to be a determination or action taken under the other Hypothetical Skew Transaction and where relevant, in equal amounts.

3. **Initial Payment and Offsetting Settlements**

(a) No Initial Payment Amount will be made by the Issuer or the Hypothetical Swap Counterparty on the Issue Date.

(b) The hypothetical payment obligations of the Issuer and the Hypothetical Swap Counterparty (where applicable) in connection with a Fixed Rate Payer Payment Date and related Fixed Amounts, the Auction Settlement Date or Cash Settlement Date (as applicable) with respect to the occurrence of a Credit Event and related Event Determination Date in respect of a Hypothetical Index Untranchured Transaction and an off-setting Hypothetical Single Name Transaction will be equal and opposite, and therefore no net amount in respect thereof would be hypothetically payable by the Issuer to the Hypothetical Swap Counterparty or *vice versa* under or in connection with the Index Skew Notes as a result thereof due to the application of payment netting.

4. **Applicable Event Determination Date**

Notwithstanding the 2014 ISDA Credit Derivatives Definitions, an Event Determination Date will only occur in relation to the constituent Hypothetical Skew Transaction where a Credit Event Resolution Request Date has occurred and a DC Credit Event Announcement is made in relation to any Reference Entity under the constituent Hypothetical Swap Transaction.

5. **Cash Settlement**

Where "Fallback Settlement" applies, for the purposes of calculating any Hypothetical Swap Transaction Value, the Calculation Agent may (but shall not be obliged to) apply Cash Settlement to determine the Final Price for the relevant component of the Index Untranch Transaction and the corresponding Single Name Transaction referencing the same Reference Entity. In such circumstances, the Cash Settlement Amount relating to the relevant component of the Index Untranch Transaction and the corresponding Single Name Transaction referencing the same Reference Entity shall be determined on the basis of the same quotation resulting in the same Final Price.

6. **Merger of Reference Entity and Seller**

Section 11.4 (*Merger of Reference Entity and Seller*) of the 2014 ISDA Credit Derivatives Definitions will not apply to any Hypothetical Skew Transaction.

7. **Deemed M(M)R Restructuring**

Upon the occurrence of an M(M)R Restructuring with respect to a Reference Entity referenced by the constituent Hypothetical Skew Transaction, the Calculation Agent and/or the Issuer under each Hypothetical Skew Transaction shall not be able to deliver multiple Credit Event Notices with respect to such M(M)R Restructuring but instead the Calculation Agent will be deemed to have delivered to the Issuer (and, in turn, the Issuer will be deemed to have delivered to the Hypothetical Swap Counterparty) a single Credit Event Notice for the total Floating Rate Payer Calculation Amount in respect of such Reference Entity (and not a portion thereof) with respect to each Hypothetical Skew Transaction and such amount shall be deemed to be the Exercise Amount.

8. **Successors**

- (a) Following a succession, if more than one Successor has been identified in relation to any Reference Entity under each Hypothetical Skew Transaction pursuant to Section 2.2 (*Provisions for Determining a Successor*) of the Credit Derivatives Definitions, each such Successor will be a Reference Entity (a "**Successor Reference Entity**") for the purposes of the constituent Hypothetical Skew Transactions referencing such Reference Entity (and, for the avoidance of doubt, the original Reference Entity shall cease to be a Reference Entity except where it is a Successor Reference Entity).
- (b) In the case where the Credit Derivatives Determinations Committee does not identify any Successor in relation to any Reference Entity under a relevant Hypothetical Single Name Transaction and the Index Sponsor identifies one or more Successors in relation to any Reference Entity under the Hypothetical Index Untranch Transaction, the identification of such Successor will also be deemed to apply to the relevant Hypothetical Single Name Transaction relating to such Reference Entity.
- (c) Where a Credit Event occurs in respect of a Reference Entity after such Succession Date, the Index Skew Notes will not be redeemed (in whole or in part) and will continue to remain Outstanding in an amount equal to the Index Skew Outstanding Aggregate Nominal Amount (disregarding the effect of a succession) and interest shall continue to accrue in accordance with Condition 5 (*Interest*) of the General Conditions.

9. **Reference Obligations**

Where there is no Standard Reference Obligation and the Index Sponsor publishes a replacement Reference Obligation in relation to any Reference Entity under the Hypothetical

Index Untranching Transaction, the identification of such Reference Obligation will also be deemed to apply to the relevant Hypothetical Single Name Transaction. Where a Non-Standard Reference Obligation applies to the constituent Index Skew Transactions, the same Non-Standard Reference Obligation will apply with respect to the relevant Reference Entity for the Hypothetical Index Untranching Transaction and each Hypothetical Single Name Transaction in the related Hypothetical Single Name Set.

10. **Changes in determination**

If any matter to be determined by a party hereunder has also been determined by the relevant Credit Derivatives Determinations Committee then such party may, in its sole discretion, make its determination or change any determination previously made by it so as to be consistent with the relevant determination of such Credit Derivatives Determinations Committee, provided that any such determination or change in determination shall be applied equally to the constituent Hypothetical Skew Transactions in order to achieve the same economic effect under each such Hypothetical Skew Transaction.

11. **Deemed changes to the Index Annex**

If there are deemed changes to the Index Annex with respect to the Eligible Index, the same changes shall be applied equally to the constituent Hypothetical Skew Transactions in order to achieve the same economic effect under each such Hypothetical Skew Transaction.

12. **Optional Early Redemption**

If the Issuer exercises its option to early redeem the Index Skew Notes in accordance with General Condition 6(e) (*Redemption at the Option of the Issuer*), then notwithstanding anything to the contrary in the Conditions, the Optional Redemption Amount shall be the Index Skew Early Redemption Amount.

13. **Definitions**

The following definitions which relate to the Index Skew Notes should be read in conjunction with the Index Skew Conditions. Where terms are used but not defined in these Index Skew Conditions, they will have the meaning given to them in the General Conditions.

2014 ISDA Definitions means the 2014 ISDA Credit Derivatives Definitions, as published by ISDA, as amended and supplemented from time to time (including pursuant to the 2019 Narrowly Tailored Credit Event Supplement).

2019 Narrowly Tailored Credit Event Supplement means a supplement to the Credit Derivatives Definitions which replaces the definitions of "Outstanding Principal Balance" and "Failure to Pay" under the Credit Derivatives Definitions and sets out guidance on the interpretation of the definition of "Failure to Pay" where "Credit Deterioration Requirement" is applicable.

"Eligible Index" means, in respect of a Hypothetical Index Untranching Transaction, any credit index as determined by the Calculation Agent in its sole discretion and as specified in the applicable Issue Terms.

"Index Skew Early Redemption Amount" means, in respect of each Index Skew Note, an amount determined by the Calculation Agent (subject to a minimum of zero) in the Settlement Currency equal to such Index Skew Note's *pro rata* share of:

- (a) the Index Skew Outstanding Aggregate Nominal Amount; plus
- (b) accrued, but unpaid, interest on such Index Skew Notes to (but excluding) the Early Redemption Date or Optional Redemption Date, as applicable; plus
- (c) the Hypothetical Swap Termination Value (where it is positive); minus
- (d) the Hypothetical Swap Termination Value (where it is negative); minus

- (e) unwind costs, if any,

in each case, as determined by the Calculation Agent.

"Index Skew Outstanding Aggregate Nominal Amount" means, in respect of Index Skew Notes, on any day, an amount equal to the original aggregate nominal amount of such Index Skew Notes, as adjusted for any partial redemptions, amortisations, cancellations or further issues of the Index Skew Notes of such Series on or prior to such date.

"Hypothetical Index Untranching Confirmation" means a confirmation in respect of and evidencing a Hypothetical Index Untranching Transaction that:

- (a) is deemed to be documented under the "Documentation Form" specified in the Issue Terms;
- (b) incorporates the 2014 ISDA Definitions and any relevant supplements set out in the Issue Terms; and
- (c) with respect to any Reference Entity referenced in the Eligible Index, has the terms as set out in the "Hypothetical Index Untranching Transaction General Terms" as specified in the Issue Terms.

"Hypothetical Index Untranching Transaction" means a hypothetical index untranching credit derivative transaction under which the Issuer is the buyer of credit protection (where the Issuer is the seller of credit protection under the corresponding Hypothetical Single Name Set) or the seller of credit protection (where the Issuer is the buyer of credit protection under the corresponding Hypothetical Single Name Set) that:

- (a) references an Eligible Index;
- (b) is denominated in the currency in which such Eligible Index trades; and
- (c) has an Original Notional Amount set out in the relevant Issue Terms.

"Hypothetical ISDA Master Agreement" means a hypothetical single agreement in the pre-printed form of the 2002 ISDA Master Agreement and Schedule thereto hypothetically entered into between the Issuer and the Hypothetical Swap Counterparty on the Issue Date, with the following elections in such Schedule:

- (a) Termination Currency is the Settlement Currency of the Index Skew Notes;
- (b) the governing law is English law; and
- (c) the Calculation Agent is specified as the "Calculation Agent".

"Hypothetical Single Name Set" means a set of Hypothetical Single Name Transactions.

"Hypothetical Single Name Swap Confirmation" means a confirmation in respect of and evidencing a Hypothetical Single Name Transaction that:

- (a) deemed to be documented under the "Documentation Form" specified in the Issue Terms;
- (b) incorporates the 2014 ISDA Definitions and any relevant supplements set out in the Issue Terms; and
- (c) with respect to any Reference Entity referenced in the Eligible Index, has the terms as set out in the "Hypothetical Single Name Transaction General Terms" as specified in the Issue Terms.

"Hypothetical Single Name Transaction" means a hypothetical single name credit derivative transaction under which the Issuer is either the buyer of credit protection (where the Issuer is the seller of credit protection under the corresponding Hypothetical Index Untranching

Transaction) or the seller of credit protection (where the Issuer is the buyer of credit protection under the corresponding Hypothetical Index Untranching Transaction) that:

- (a) references one of the Reference Entities and related Reference Obligations contained in the Eligible Index referenced by the corresponding Hypothetical Index Untranching Transaction and specified as one of the Reference Entities in the Hypothetical Index Untranching Swap Confirmation;
- (b) in aggregate, together with other constituent Hypothetical Single Name Transactions in the relevant Hypothetical Single Name Set, offset the exposure of the corresponding Hypothetical Index Untranching Transaction;
- (c) is denominated in the currency in which such Eligible Index trades; and
- (d) has a Floating Rate Payer Calculation Amount as set out in the relevant Issue Terms.

"Hypothetical Skew Confirmation" means the Hypothetical Index Untranching Swap Confirmation and the Hypothetical Single Name Swap Confirmation, each of which will be deemed to supplement, form part of and be subject to, the Hypothetical ISDA Master Agreement.

"Hypothetical Skew Transaction" means, at any time, the Hypothetical Index Untranching Transaction and each Hypothetical Single Name Transaction within the Hypothetical Single Name Set, to the extent outstanding at such time. Each outstanding Hypothetical Skew Transaction will be deemed to constitute a Transaction under and for the purposes of the Hypothetical ISDA Master Agreement for as long as it is outstanding (and shall be the only Transactions under the Hypothetical ISDA Master Agreement).

"Hypothetical Swap Counterparty" means a hypothetical entity with materially the same market, accounting, tax and regulatory profile as Citibank, N.A. (or one of its branches), Citigroup Global Markets Limited or such other entity as specified in the Issue Terms.

"Hypothetical Swap Termination Value" means an amount (which may be positive or negative), denominated in the Settlement Currency and determined by the Calculation Agent as of the date of the event triggering early redemption of the Index Skew Notes pursuant to General Condition 6(b) (*Redemption for Taxation Reasons and Redemption for Illegality*), Valuation and Settlement Condition 2(h) (*Early Redemption Events*), General Condition 6(e) (*Redemption at the Option of the Issuer*) or General Condition 11 (*Events of Default*), equal to the amount which would hypothetically be payable in connection with Section 6(e) (*Payments on Early Termination*) of the Hypothetical ISDA Master Agreement as if:

- (a) an Additional Termination Event had occurred in respect of which the Issuer is the sole Affected Party and all Transactions are Affected Transactions;
- (b) an Early Termination Date has been validly designated in connection with such Additional Termination Event; and
- (c) there were no Unpaid Amounts as of such Early Redemption Date or Optional Redemption Date, as applicable.

The Hypothetical Swap Termination Value will be expressed as (x) a positive number if it would be hypothetically payable by the Hypothetical Swap Counterparty to the Issuer, and (y) a negative number if it would hypothetically be payable by the Issuer to the Hypothetical Swap Counterparty. The terms "Additional Termination Event", "Affected Party", "Affected Transactions", "Early Termination Date", "Transactions" and "Unpaid Amounts" will have the meaning given to them in the Hypothetical ISDA Master Agreement.

"Index Skew Position" has the meaning given to it in Index Skew Condition 2 (*Entry into an Index Skew Position*).

"Scheduled Maturity Date" means, in respect of an issue of Index Skew Notes, the date specified as such in the relevant Issue Terms.

"Settlement Currency" means the currency specified in the relevant Issue Terms, or if no currency is specified in the relevant Issue Terms, the Specified Currency of the Index Skew Notes.

USD LIBOR FALLBACKS SCHEDULE

1. USD LIBOR Benchmark Transition Event

Notwithstanding anything else in the Conditions, if the Securities are linked to USD LIBOR (as determined by the Calculation Agent) of any tenor and the Calculation Agent or Determination Agent determines on or prior to any date on which USD LIBOR of such tenor is required to be determined under the terms of the Securities that a Benchmark Transition Event and its related Benchmark Replacement Date (each, as defined below) have occurred with respect to USD LIBOR of such tenor, then the provisions set forth below under "Effect of Benchmark Transition Event", which are referred to as the benchmark transition provisions, will thereafter apply to all determinations of USD LIBOR of such tenor for the purposes of the Securities. In accordance with the benchmark transition provisions, after a Benchmark Transition Event and its related Benchmark Replacement Date have occurred, the Benchmark Replacement (as defined below) will be substituted for USD LIBOR of the applicable tenor for all purposes of the Securities.

Effect of Benchmark Transition Event

- (a) *Benchmark Replacement:* If the Calculation Agent or Determination Agent determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark Rate on any date, the Benchmark Replacement will replace the then-current Benchmark Rate for all purposes relating to the Securities in respect of such determination on such date and all determinations on all subsequent dates.
- (b) *Benchmark Replacement Conforming Changes:* In connection with the implementation of a Benchmark Replacement, the Calculation Agent or Determination Agent will have the right to make Benchmark Replacement Conforming Changes from time to time.
- (c) *Decisions and Determinations:* Any determination, decision or election that may be made by the Calculation Agent or Determination Agent pursuant to the benchmark transition provisions described herein, including any determination with respect to tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be conclusive and binding absent manifest error, will be made in the Calculation Agent's or Determination Agent's sole discretion, and, notwithstanding anything to the contrary in the documentation relating to the Securities, shall become effective without consent from the Securityholders or any other party.
- (d) *Certain Defined Terms:* As used in this USD LIBOR Fallbacks Schedule:

"Benchmark Rate" means, initially, USD LIBOR of the appropriate tenor; provided that if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to USD LIBOR or the then-current Benchmark Rate, then Benchmark Rate means the applicable Benchmark Replacement.

"Benchmark Replacement" means the Interpolated Benchmark with respect to the then-current Benchmark Rate, plus the Benchmark Replacement Adjustment for such Benchmark Rate; provided that if the Calculation Agent or Determination Agent cannot determine the Interpolated Benchmark as of the Benchmark Replacement Date, then "Benchmark Replacement" means the first alternative set forth in the order below that can be determined by the Calculation Agent or Determination Agent as of the Benchmark Replacement Date:

- (1) the sum of: (a) Term SOFR and (b) the Benchmark Replacement Adjustment;
- (2) the sum of: (a) Compounded SOFR and (b) the Benchmark Replacement Adjustment;
- (3) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the

- then-current Benchmark Rate for the applicable Corresponding Tenor and (b) the Benchmark Replacement Adjustment;
- (4) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment;
 - (5) the sum of: (a) the alternate rate of interest that has been selected by the Calculation Agent or Determination Agent as the replacement for the then-current Benchmark Rate for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark Rate for U.S. dollar-denominated floating rate securities at such time and (b) the Benchmark Replacement Adjustment.

"Benchmark Replacement Adjustment" means the first alternative set forth in the order below that can be determined by the Calculation Agent or Determination Agent as of the Benchmark Replacement Date:

- (1) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (2) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Fallback Adjustment;
- (3) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Calculation Agent or Determination Agent giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark Rate with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate securities at such time.

"Benchmark Replacement Conforming Changes" means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the timing and frequency of determining rates and making payments, rounding of amounts or tenors, and other administrative matters) that the Calculation Agent or Determination Agent decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Calculation Agent or Determination Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent or Determination Agent determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Calculation Agent or Determination Agent determines is reasonably necessary).

"Benchmark Replacement Date" means the earliest to occur of the following events with respect to the then-current Benchmark Rate:

- (1) in the case of clause (1) or (2) of the definition of "Benchmark Transition Event", the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Benchmark Rate permanently or indefinitely ceases to provide the Benchmark Rate; or
- (2) in the case of clause (3) of the definition of "Benchmark Transition Event", the date of the public statement or publication of information referenced therein.

For the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

"Benchmark Transition Event" means the occurrence of one or more of the following events with respect to the then-current Benchmark Rate:

- (1) a public statement or publication of information by or on behalf of the administrator of the Benchmark Rate announcing that such administrator has ceased or will cease to provide the Benchmark Rate, permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark Rate;
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark Rate, the central bank for the currency of the Benchmark Rate, an insolvency official with jurisdiction over the administrator for the Benchmark Rate, a resolution authority with jurisdiction over the administrator for the Benchmark Rate or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark Rate, which states that the administrator of the Benchmark Rate has ceased or will cease to provide the Benchmark Rate permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark Rate; or
- (3) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark Rate announcing that the Benchmark Rate is no longer representative.

"Compounded SOFR" means the compounded average of SOFRs for the applicable Corresponding Tenor, with the rate, or methodology for this rate, and conventions for this rate being established by the Calculation Agent or Determination Agent in accordance with:

- (1) the rate, or methodology for this rate, and conventions for this rate selected or recommended by the Relevant Governmental Body for determining compounded SOFR; provided that:
- (2) if, and to the extent that, the Calculation Agent or Determination Agent determines that Compounded SOFR cannot be determined in accordance with the previous clause then the rate, or methodology for this rate, and conventions for this rate that have been selected by the Calculation Agent or Determination Agent giving due consideration to any industry-accepted market practice for U.S. dollar-denominated floating rate securities at such time.

For the avoidance of doubt, the calculation of Compounded SOFR shall exclude the Benchmark Replacement Adjustment and the margin specified in the applicable prospectus supplement.

"Corresponding Tenor" with respect to a Benchmark Replacement means a tenor (including overnight) having approximately the same length (disregarding business day adjustment) as the applicable tenor for the then-current Benchmark Rate.

"Federal Reserve Bank of New York's Website" means the website of the Federal Reserve Bank of New York at <http://www.newyorkfed.org>, or any successor source.

"Interpolated Benchmark" with respect to the Benchmark Rate means the rate determined for the Corresponding Tenor by interpolating on a linear basis between: (1) the Benchmark Rate for the longest period (for which the Benchmark Rate is available) that is shorter than the Corresponding Tenor and (2) the Benchmark Rate for the shortest period (for which the Benchmark Rate is available) that is longer than the Corresponding Tenor. For purposes of this definition, the term benchmark shall refer to the applicable rate without regard to tenor (e.g., where the benchmark is 3-month USD LIBOR, the term "benchmark" for purposes of this definition shall refer only to USD LIBOR without any reference to the 3-month tenor).

"ISDA Fallback Adjustment" means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark Rate for the applicable tenor.

"ISDA Fallback Rate" means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark Rate for the applicable tenor excluding the applicable ISDA Fallback Adjustment.

"Reference Time" with respect to any determination of the Benchmark Rate means (1) if the Benchmark Rate is USD LIBOR, 11:00 a.m. (London time) on the date of such determination, and (2) if the Benchmark Rate is not USD LIBOR, the time determined by the Calculation Agent or Determination Agent in accordance with the Benchmark Replacement Conforming Changes.

"Relevant Governmental Body" means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto.

"SOFR" with respect to any day means the secured overnight financing rate published for such day by the Federal Reserve Bank of New York, as the administrator of the benchmark, (or a successor administrator) on the Federal Reserve Bank of New York's Website.

"Term SOFR" means the forward-looking term rate for the applicable Corresponding Tenor based on SOFR that has been selected or recommended by the Relevant Governmental Body.

"Unadjusted Benchmark Replacement" means the Benchmark Replacement excluding the Benchmark Replacement Adjustment.

"USD LIBOR" means the London inter-bank offered rate for deposits in USD.

VALUATION AND SETTLEMENT SCHEDULE

This Valuation and Settlement Schedule shall apply to each Tranche of Securities.

All determinations, considerations, elections, selections, conversions (actual or notional) or calculations made or decided on in relation to matters set out in this Valuation and Settlement Schedule will be determined, considered, elected, selected, converted or calculated by the Calculation Agent.

Terms used in this Valuation and Settlement Schedule or in the applicable Issue Terms may be included more than once in the applicable Issue Terms and may be attributed a numerical or letter suffix value when so included in the applicable Issue Terms. Without limitation, the suffix can be denoted as "n", "t" or "i". For example, an Interest Payment Date may appear as "Interest Payment Date 1" or "Interest Payment Date 2" or "Interest Payment Date n" when set out in the applicable Issue Terms. Suffixes may denote that a relevant term relates to an Underlying, item or date associated with that suffix but will not otherwise amend the meaning of such term.

If the relevant Security is in the form of a Note, each reference to a Security in this Valuation and Settlement Schedule shall be construed as a reference to a Note representing a principal amount equal to the Calculation Amount for purposes of all calculations and determinations hereunder (save unless explicitly provided otherwise). Correspondingly, in such case, each reference in the Issue Terms to "per Security" shall be construed as a reference to a "Note representing a principal amount equal to the Calculation Amount".

1. Interest and Redemption Provisions

1.1 Definitions

(a) Definitions relating to interest

(i) Definitions relating to Dates

Interest Payment Date means each date specified as such in the Table set out in the applicable Issue Terms.

Range Accrual Determination Date means, as specified in the applicable Issue Terms, a Business Day or calendar day.

Specified Interest Barrier Observation Date means:

- (A) where the Securities are not specified in the applicable Issue Terms to be Range Accrual Securities and in respect of an Interest Payment Date, each date or dates specified as such for such Interest Payment Date in the Table set out in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, an **Interest Barrier Observation Date**; or
- (B) where the Securities are specified in the applicable Issue Terms to be Range Accrual Securities and in respect of an Interest Period, each Range Accrual Determination Date falling from (and including) the first day of such Interest Period to (but excluding) the day falling the Cut-Off Number of Business Days prior to the last day of such Interest Period (the **Accrual Cut-Off Date**) and in respect of each Range Accrual Determination Date falling from (and including) the Accrual Cut-Off Date to (and including) the last day of such Interest Period, the Accrual Cut-Off Date shall be a Specified Interest Barrier Observation Date for such day. Each such date shall be deemed to be a Specified Valuation Date and:
 - (1) where Range Accrual Value What You Can Observation is specified as applicable in the applicable Issue Terms, if, in respect

of an Interest Barrier Underlying, any such date is not a Scheduled Trading Day for such Interest Barrier Underlying or is a Disrupted Day for such Interest Barrier Underlying, then such date shall be the immediately preceding Range Accrual Determination Date that is a Scheduled Trading Day for such Interest Barrier Underlying and is not a Disrupted Day for such Interest Barrier Underlying, and each such date, as so adjusted, an **Interest Barrier Observation Date**. For the avoidance of doubt, an Interest Barrier Observation Date may be the Interest Barrier Observation Date for more than one Range Accrual Determination Date; or

- (2) where Range Accrual Move In Block Observation is specified as applicable in the applicable Issue Terms, if any such date is not a Scheduled Trading Day for all Interest Barrier Underlying(s) or is a Disrupted Day for any Interest Barrier Underlying, then such date shall be the immediately preceding Range Accrual Determination Date that is a Scheduled Trading Day for all Interest Barrier Underlying(s) and is not a Disrupted Day for any Interest Barrier Underlying(s), and each such date, as so adjusted, an **Interest Barrier Observation Date**. For the avoidance of doubt, an Interest Barrier Observation Date may be the Interest Barrier Observation Date for more than one Range Accrual Determination Date.

Specified Interest Strike Date means, in respect of an Underlying, each date or dates specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, an **Interest Strike Date**.

Specified Interest Valuation Date means, in respect of an Interest Payment Date, each date designated as such for such Interest Payment Date in the Table set out in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, an **Interest Valuation Date**.

(ii) **Definitions relating to the Interest Underlying(s), the performance of the Interest Underlying(s) and levels of the Interest Underlying(s)**

A means the percentage specified as such in the applicable Issue Terms, which percentage may be 0 (zero) per cent.

Absolute Value or **Abs** means the positive percentage or decimal or numerical value of the percentage or decimal or number, as the case may be, without regard to its sign (thus for example the Absolute Value of -19 per cent. would be 19 per cent. and the Absolute Value of 19 per cent. would be 19 per cent.).

B means the decimal specified as such in the applicable Issue Terms, which decimal may be 0 (zero).

Best Oasis Performer means, in respect of an Interest Payment Date:

- (A) if "Oasis – Best Performing Only" is specified in the applicable Issue Terms, the Interest Underlying with the highest (which shall, if, in the determination of the Calculation Agent, two or more Interest Underlyings are equal highest, be determined in accordance with the Equality Adjustment) Oasis Interim Percentage for such Interest Payment Date; or

- (B) if "Oasis – Multiple Best Performing" is specified in the applicable Issue Terms, each Interest Underlying which has one of the X highest Oasis Interim Percentages, determined by the Calculation Agent by ranking each of the Interest Underlyings in order of their Oasis Interim Percentage in respect of such Interest Payment Date from highest to lowest, where (i) the Interest Underlying with the highest Oasis Interim Percentage will be **Oasis Best Performer 1**, (ii) the Interest Underlying with the second highest Oasis Interim Percentage will be **Oasis Best Performer 2**, and so on until (iii) the Interest Underlying with the X highest Oasis Interim Percentage will be **Oasis Best Performer X**,

PROVIDED THAT, if any two or more Interest Underlyings have an equal Oasis Percentage in respect of such Interest Payment Date, the highest of such Interest Underlyings shall be determined in accordance with the Equality Adjustment.

Cross Rate I Designated Page means, in respect of an Interest Underlying and the FX for such Interest Underlying, such page as is specified for such Interest Underlying in the applicable Issue Terms.

Cross Rate II Designated Page means, in respect of an Interest Underlying and the FX for such Interest Underlying, such page as is specified for such Interest Underlying in the applicable Issue Terms.

Cross Rate I Designated Time means, in respect of an Interest Underlying and the FX for such Underlying, the time specified for such Interest Underlying in the applicable Issue Terms.

Cross Rate II Designated Time means, in respect of an Interest Underlying and the FX for such Underlying, the time specified for such Interest Underlying in the applicable Issue Terms.

Designated Page means, in respect of an Interest Underlying and the FX for such Interest Underlying, such page as is specified for such Interest Underlying in the applicable Issue Terms.

Designated Time means, in respect of an Interest Underlying and the FX for such Interest Underlying, the time specified as such in the applicable Issue Terms.

Equality Adjustment means that, in respect of two or more performances, levels or values determined by the Calculation Agent to be equally high or low, the Calculation Agent will deem any of such equal highest or lowest performances, levels or values to be the highest or lowest performance, level or value, in its discretion.

FX means, for the purpose of this Condition 1.1(a) (*Definitions relating to interest*), where FX Provisions are specified as applicable in respect of the Interest Provisions in the applicable Issue Terms, (a) in respect of an Interest Underlying and the level or value (as provided on the applicable Electronic Page (as defined in Condition 2 (*Underlying Valuation Provisions*) below)) of which is expressed or determined to be in a currency other than the Specified Currency, (being in the case of Dual Currency Securities, the Denomination Currency) (the **Relevant Currency**), either: (i) where Quanto Provisions are specified as applicable in the applicable Issue Terms, the rate specified for such Interest Underlying in the applicable Issue Terms; or (ii) where Compo FX Provisions are specified as applicable in the applicable Issue Terms, the average of the mid Relevant Currency/Specified Currency exchange rates quoted on the Designated Page at the Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Designated Page for the purpose of displaying the mid Relevant Currency/Specified Currency exchange

rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (expressed as the number of units of the Relevant Currency (or part thereof) for which one unit of the Specified Currency can be exchanged) PROVIDED THAT if any such FX cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate; or (b) otherwise, 1,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such Interest Underlying in the applicable Issue Terms, FX shall be 1 divided by the rate calculated pursuant to the above (rounded to four decimal places); or (y) if Cross Rate is specified in respect of such Interest Underlying in the applicable Issue Terms, FX shall be the average of the mid Cross Rate A Currency/Cross Rate B Currency exchange rates quoted on the Cross Rate I Designated Page at the Cross Rate I Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Cross Rate I Designated Page for the purpose of displaying the mid Cross Rate A Currency/Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by Cross Rate A Currency/Cross Rate C Currency exchange rates quoted on the Cross Rate II Designated Page at the Cross Rate II Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Designated Page for the purpose of displaying the mid Cross Rate A Currency/Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if any such FX cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

FX Performance means, in respect of an Interest Payment Date, an amount expressed as a percentage and determined in accordance with the following formula:

$$\frac{FX \text{ perf Final}}{FX \text{ perf Initial}}$$

where,

FX Perf Final means:

- (a) where an Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the Underlying Closing Level of such Underlying for the Specified Interest Valuation Date relating to that Interest Payment Date (or, if more than one such date is specified, the last occurring Specified Interest Valuation Date relating to that Interest Payment Date); or
- (b) where no Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the average of the mid FX Perf A Currency/FX Perf B Currency exchange rates quoted on the FX Perf Designated Page at the FX Perf Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Designated Page for the purpose of displaying the mid FX Perf A Currency/FX Perf B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine PROVIDED THAT if such rate

cannot be determined as specified in this sub-paragraph (b) it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be 1 divided by the rate calculated pursuant to as provided above in this sub-paragraph (b) (rounded to four decimal places); and (y) if FX Perf Cross Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be the average of the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rates quoted on the FX Perf Cross Rate I Designated Page at the FX Perf Cross Rate I Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate I Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by the FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rates quoted on the FX Perf Cross Rate II Designated Page at the FX Perf Cross Rate II Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate II Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if such rate cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

FX Perf Initial means either an amount specified as such in the applicable Issue Terms or, if no such amount is so specified:

- (a) where an Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the Underlying Closing Level of such Underlying for the Specified Interest Strike Date relating to that Interest Payment Date (or, if more than one such date is specified, the last occurring Specified Interest Strike Date relating to that Interest Payment Date); or
- (b) where no Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the average of the mid FX Perf A Currency/FX Perf B Currency exchange rates quoted on the FX Perf Designated Page at the FX Perf Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Designated Page for the purpose of displaying the mid FX Perf A Currency/FX Perf B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Initial FX Perf Valuation Date as the Calculation Agent shall determine PROVIDED THAT if such rate cannot be determined as specified in this sub-paragraph (b) it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be 1 divided by the rate calculated pursuant to as provided above in this sub-paragraph (b) (rounded to four decimal places); and (y) if FX Perf Cross Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be the average of the mid FX Perf Cross Rate A Currency/ FX Perf Cross Rate B

Currency exchange rates quoted on the FX Perf Cross Rate I Designated Page at the FX Perf Cross Rate I Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate I Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/ FX Perf Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by the FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rates quoted on the FX Perf Cross Rate II Designated Page at the FX Perf Cross Rate II Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate II Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Initial FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if such rate cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

Each of **FX Perf Rate**, **FX Perf Designated Page**, **FX Perf Designated Time**, **FX Perf Cross Rate A Currency**, **FX Perf Cross Rate B Currency**, **FX Perf Cross Rate C Currency**, **FX Perf Cross Rate I Designated Page**, **FX Perf Cross Rate I Designated Time**, **FX Perf Cross Rate II Designated Page**, **FX Perf Cross Rate II Designated Time**, **Final FX Perf Valuation Date** and **Initial FX Perf Valuation Date** shall be as specified in respect of the Interest Provisions in the applicable Issue Terms.

Interest Initial Level means, in respect of an Interest Valuation Date, Interest Valuation Dates, Interest Barrier Observation Date or, as the case may be, Interest Barrier Observation Dates, and/or the relevant Interest Payment Date and the or each Interest Underlying:

- (A) where the Interest Initial Level is specified in the applicable Issue Terms to be "Closing Level on Interest Strike Date", the Underlying Closing Level of such Interest Underlying on the Interest Strike Date, as converted by reference to the relevant FX (if any) for the Interest Strike Date;
- (B) where the Interest Initial Level is specified in the applicable Issue Terms to be "Closing Level on Interest Re-Strike Date IPD", (i) the Interest Reference Level for the immediately preceding Interest Payment Date and the related Interest Valuation Date(s) or, if none, (ii) the Underlying Closing Level of such Interest Underlying on the Interest Strike Date, as converted by reference to the relevant FX (if any) for the Interest Strike Date;
- (C) where the Interest Initial Level is specified in the applicable Issue Terms to be the "Closing Level on Interest Re-Strike Date IVD", (i) the Interest Reference Level for the immediately preceding Interest Valuation Date relating to the relevant Interest Payment Date or, (ii) if none, the Interest Reference Level for the last occurring Interest Valuation Date relating to the immediately preceding Interest Payment Date, or (iii) if there has been no such Interest Valuation Date, the Underlying Closing Level for the Interest Underlying on the Interest Strike Date, as converted by reference to the relevant FX (if any) for such Interest Valuation Date or Interest Strike Date, as the case may be;
- (D) where the Interest Initial Level is specified in the applicable Issue Terms to be "Arithmetic Average Closing Level on Interest Strike Dates", the

arithmetic average of the Underlying Closing Level of such Interest Underlying on the Interest Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Strike Date, as determined by the Calculation Agent;

- (E) where the Interest Initial Level is specified in the applicable Issue Terms to be "Lowest Closing Level on Interest Strike Dates", the lowest (or equal lowest) Underlying Closing Level of such Interest Underlying on the Interest Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Strike Date, as determined by the Calculation Agent;
- (F) where the Interest Initial Level is specified in the applicable Issue Terms to be "Lowest Intra-day Level on Interest Strike Dates", the lowest (or equal lowest) Underlying Level of such Interest Underlying on the Interest Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Strike Date, as determined by the Calculation Agent;
- (G) where the Interest Initial Level is specified in the applicable Issue Terms to be "Highest Closing Level on Interest Strike Dates", the highest (or equal highest) Underlying Closing Level of such Interest Underlying on the Interest Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Strike Date, as determined by the Calculation Agent;
- (H) where the Interest Initial Level is specified in the applicable Issue Terms to be "Highest Intra-day Level on Interest Strike Dates", the highest (or equal highest) Underlying Level of such Interest Underlying on the Interest Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Strike Date, as determined by the Calculation Agent; or
- (I) a level specified as such for the Interest Underlying in the applicable Issue Terms.

Interest Period Final Reference Level means, in respect of an Interest Underlying and an Interest Payment Date, the Interest Reference Level for such Interest Underlying on the last occurring Interest Valuation Date in respect of such Interest Payment Date.

Interest Period Initial Reference Level means, in respect of an Interest Underlying and an Interest Payment Date, the Interest Initial Level for such Interest Underlying on the first occurring Interest Valuation Date in respect of the relevant Interest Payment Date.

Interest Period Strike Level means, in respect of an Interest Underlying and an Interest Payment Date, the Interest Period Strike Level specified for such Interest Underlying in the applicable Issue Terms which may, if so specified in the applicable Issue Terms, be such Interest Underlying's Interest Period Initial Reference Level.

Interest Reference Level means, subject as provided in sub-paragraph (G) of the definition of Interest Barrier Event below, in respect of an Interest Valuation Date or, as the case may be, Interest Valuation Dates, the related Interest Payment Date and the or each Interest Underlying, either:

- (A) where the Interest Reference Level is specified in the applicable Issue Terms to be "Closing Level on Interest Valuation Date", the Underlying Closing Level of such Interest Underlying on the Interest Valuation Date,

as converted by reference to the relevant FX (if any) for such Interest Valuation Date;

- (B) where the Interest Reference Level is specified in the applicable Issue Terms to be "Arithmetic Average Closing Level on Interest Valuation Dates", the arithmetic average of the Underlying Closing Level of such Interest Underlying on the Interest Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Valuation Date, as determined by the Calculation Agent;
- (C) where the Interest Reference Level is specified in the applicable Issue Terms to be "Lowest Closing Level on Interest Valuation Dates", the lowest (or equal lowest) Underlying Closing Level of such Interest Underlying on the Interest Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Valuation Date, as determined by the Calculation Agent;
- (D) where the Interest Reference Level is specified in the applicable Issue Terms to be "Lowest Intra-day Level on Interest Valuation Dates", the lowest (or equal lowest) Underlying Level of such Interest Underlying on the Interest Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Valuation Date, as determined by the Calculation Agent;
- (E) where the Interest Reference Level is specified in the applicable Issue Terms to be "Highest Closing Level on Interest Valuation Dates", the highest (or equal highest) Underlying Closing Level of such Interest Underlying on the Interest Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Valuation Date, as determined by the Calculation Agent; or
- (F) where the Interest Reference Level is specified in the applicable Issue Terms to be "Highest Intra-day Level on Interest Valuation Dates", the highest (or equal highest) Underlying Level of such Interest Underlying on the Interest Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Valuation Date, as determined by the Calculation Agent.

Interest Strike Level means, in respect of an Interest Underlying, the Interest Strike Level specified for such Interest Underlying in the Table set out in the applicable Issue Terms which may, if so specified in the applicable Issue Terms, be such Interest Underlying's Interest Initial Level.

Interest Underlying means the or each Underlying (as defined in Condition 2(n) (*Definitions*) below) specified as an Interest Underlying in the applicable Issue Terms.

Interim Outperformance A Underlying(s) means, in respect of the Interim Performance Provisions, the or each Interest Underlying specified as such in the applicable Issue Terms.

Interim Outperformance B Underlying(s) means, in respect of the Interim Performance Provisions, the or each Interest Underlying specified as such in the applicable Issue Terms.

Interim Performance means, subject as provided in sub-paragraph (G) of the definition of Interest Barrier Event below, in respect of an Interest Payment Date and:

- (A) where "Single Underlying Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, the Interest Underlying, an amount expressed as a percentage and

determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event) and a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (4) otherwise, if (x) a Maximum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage and a Minimum Interim Performance

Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar); and

- (5) if an Interim Performance Adjustment Percentage is specified in the applicable Issue Terms in respect of Interim Performance, the Interim Performance will be adjusted by the addition of such Interim Performance Adjustment Percentage to the Interim Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Interim Performance Percentage, Minimum Interim Performance Percentage, Maximum Interim Performance Percentage (Barrier Event), Minimum Interim Performance Percentage (Barrier Event), Maximum Interim Performance Percentage (Barrier Event Satisfied), Minimum Interim Performance Percentage (Barrier Event Satisfied), Maximum Interim Performance Percentage (Barrier Event Not Satisfied) or Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Interim Performance, the Interim Performance Adjustment Percentage shall be applied first to the Interim Performance and will not override the effect of any cap or floor that may otherwise apply as a consequence of sub-paragraphs (1) to (4) above;
- (B) where "Weighted Basket Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, all of the Interest Underlyings, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\sum_{n=1}^n w_n \times \frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event) and a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable

Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);

- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
 - (4) otherwise, if (x) a Maximum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage and a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar); and
 - (5) if an Interim Performance Adjustment Percentage is specified in the applicable Issue Terms in respect of Interim Performance, the Interim Performance will be adjusted by the addition of such Interim Performance Adjustment Percentage to the Interim Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Interim Performance Percentage, Minimum Interim Performance Percentage, Maximum Interim Performance Percentage (Barrier Event), Minimum Interim Performance Percentage (Barrier Event), Maximum Interim Performance Percentage (Barrier Event Satisfied), Minimum Interim Performance Percentage (Barrier Event Satisfied), Maximum Interim Performance Percentage (Barrier Event Not Satisfied) or Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Interim Performance, the Interim Performance Adjustment Percentage shall be applied first to the Interim Performance and will not override the effect of any cap or floor that may otherwise apply as a consequence of sub-paragraphs (1) to (4) above;
- (C) where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, each of the Interest Underlying, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event) and a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (4) otherwise, if (x) a Maximum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage and a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar); and
- (5) if an Interim Performance Adjustment Percentage is specified in the applicable Issue Terms in respect of Interim Performance, the Interim Performance will be adjusted by the addition of such Interim Performance Adjustment Percentage to the Interim Performance determined in accordance with the formula above

PROVIDED FURTHER THAT, if a Maximum Interim Performance Percentage, Minimum Interim Performance Percentage, Maximum Interim Performance Percentage (Barrier Event), Minimum Interim Performance Percentage (Barrier Event), Maximum Interim Performance Percentage (Barrier Event Satisfied), Minimum Interim Performance Percentage (Barrier Event Satisfied), Maximum Interim Performance Percentage (Barrier Event Not Satisfied) or Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Interim Performance, the Interim Performance Adjustment Percentage shall be applied first to the Interim Performance and will not override the effect of any cap or floor that may otherwise apply as a consequence of sub-paragraphs (1) to (4) above;

- (D) where "Outperformance Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, an amount expressed as a percentage and determined by reference to the following formula:

$$[Outperf A - Outperf B] \times 100$$

For which purpose:

Outperf A means, in respect of such Interest Payment Date and:

- I. where "Single Underlying Observation" is specified as applicable in respect of the Interim Performance Provisions for Interim Outperformance A Underlying in the applicable Issue Terms, the Interim Outperformance A Underlying, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interim Outperformance A Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Interim Outperformance A Underlying:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event) and a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Outperf A is subject to such maximum decimal and minimum decimal (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event Satisfied) and a Minimum Outperf A (Barrier Event Satisfied) is specified

in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);

- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, (x) a Maximum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event Not Satisfied) and a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar); and
- (4) otherwise, if (x) a Maximum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A and a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar);

II. where "Weighted Basket Observation" is specified as applicable in respect of the Interim Performance Provisions for Interim Outperformance A Underlying in the applicable Issue Terms, all of the Interim Outperformance A Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interim Outperformance A Underlying:

$$\sum_{n=1}^n w_n \times \frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Interim Outperformance A Underlying:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event) and a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Outperf A is subject to such maximum decimal and minimum decimal (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y)

a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event Satisfied) and a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);

- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, (x) a Maximum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event Not Satisfied) and a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar); and
- (4) otherwise, if (x) a Maximum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A and a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar);

III. where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Interim Performance Provisions for Interim Outperformance A Underlying, each of the Interim Outperformance A Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interim Outperformance A Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Interim Outperformance A Underlying:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event) and a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Outperf A is subject to such maximum decimal and minimum decimal (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and

1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event Satisfied) and a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);

- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, (x) a Maximum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event Not Satisfied) and a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar); and
- (4) otherwise, if (x) a Maximum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A and a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar);

Outperf B means, in respect of such Interest Payment Date and

- I. where "Single Underlying Observation" is specified as applicable in respect of the Interim Performance Provisions for Interim Outperformance B Underlying in the applicable Issue Terms, the Outperformance B Underlying, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interim Outperformance B Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Interim Outperformance B Underlying:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event) and a Minimum Outperf B (Barrier Event) is specified in the

applicable Issue Terms, then the Outperf B is subject to such maximum decimal and minimum decimal (a collar);

- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event Satisfied) and a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, (x) a Maximum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event Not Satisfied) and a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar); and
- (4) otherwise, if (x) a Maximum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B and a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar);

- II. where "Weighted Basket Observation" is specified as applicable in respect of the Interim Performance Provisions for Interim Outperformance B Underlying in the applicable Issue Terms, all of the Interim Outperformance B Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interim Outperformance B Underlying:

$$\sum_{n=1}^n w_n \times \frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Interim Outperformance B Underlying, where each relevant constituent value is determined in relation to the relevant Interim Outperformance B Underlying:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below,

if (x) a Maximum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event) and a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Outperf B is subject to such maximum decimal and minimum decimal (a collar);

- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event Satisfied) and a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, (x) a Maximum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event Not Satisfied) and a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar); and
- (4) otherwise, if (x) a Maximum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B and a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar);

- III. where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Interim Performance Provisions for Interim Outperformance B Underlying, each of the Interim Outperformance B Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interim Outperformance B Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Interim Outperformance B Underlying:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event) and a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Outperf B is subject to such maximum decimal and minimum decimal (a collar);
 - (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event Satisfied) and a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
 - (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, (x) a Maximum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event Not Satisfied) and a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar); and
 - (4) otherwise, if (x) a Maximum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B and a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar);
- (E) where "Arithmetic Mean Underlying Return" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, each of the Interest Underlyings, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\sum_{n=1}^n \frac{1}{n} \times \text{Underlying Return}$$

PROVIDED HOWEVER THAT:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event) and a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (4) otherwise, if (x) a Maximum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage and a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar); and

- (5) if an Interim Performance Adjustment Percentage is specified in the applicable Issue Terms in respect of Interim Performance, the Interim Performance will be adjusted by the addition of such Interim Performance Adjustment Percentage to the Interim Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Interim Performance Percentage, Minimum Interim Performance Percentage, Maximum Interim Performance Percentage (Barrier Event), Minimum Interim Performance Percentage (Barrier Event), Maximum Interim Performance Percentage (Barrier Event Satisfied), Minimum Interim Performance Percentage (Barrier Event Satisfied), Maximum Interim Performance Percentage (Barrier Event Not Satisfied) or Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Interim Performance, the Interim Performance Adjustment Percentage shall be applied first to the Interim Performance and will not override the effect of any cap or floor that may otherwise apply as a consequence of sub-paragraphs (1) to (4) above;
- (F) where "Himalaya Interim Performance – Asian Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, the Interest Underlyings, an amount expressed as a percentage and determined as the arithmetic mean of the Multiple IVD Interim Performance Percentage for the relevant Interest Underlying on the Interest Valuation Dates in respect of the relevant Interest Payment Date, as determined by the Calculation Agent, PROVIDED HOWEVER THAT:
- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event) and a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
 - (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar); and
 - (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Not

Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);

- (4) otherwise, if (x) a Maximum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage and a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (5) if an Interim Performance Adjustment Percentage is specified in the applicable Issue Terms in respect of Interim Performance, the Interim Performance will be adjusted by the addition of such Interim Performance Adjustment Percentage to the Interim Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Interim Performance Percentage, Minimum Interim Performance Percentage, Maximum Interim Performance Percentage (Barrier Event), Minimum Interim Performance Percentage (Barrier Event), Maximum Interim Performance Percentage (Barrier Event Satisfied), Minimum Interim Performance Percentage (Barrier Event Satisfied), Maximum Interim Performance Percentage (Barrier Event Not Satisfied) or Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Interim Performance, the Interim Performance Adjustment Percentage shall be applied first to the Interim Performance and will not override the effect of any cap or floor that may otherwise apply as a consequence of sub-paragraphs (1) to (4) above;
- (G) where "Cliquet" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, each of the Interest Underlyings, an amount expressed as a percentage and determined by reference to the following formulae, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

- I. if "Sum of Underlying Return Cliquet" is specified as the Cliquet Underlying Return in the applicable Issue Terms:

$$\sum_{t=1}^t \text{Cliquet Underlying Return} - A; \text{ or}$$

- II. if "Product of Underlying Return Cliquet" is specified as the Cliquet Underlying Return in the applicable Issue Terms:

$$\prod_{t=1}^t \text{Cliquet Underlying Return} - A; \text{ or}$$

- III. if "Period Performance Less Cliquet Return - Sum" is specified as the Cliquet Underlying Return in the applicable Issue Terms:

$$\text{Period Performance} - \left(\sum_{t=1}^t \text{Cliquet Underlying Return} - A \right); \text{ or}$$

- IV. if "Absolute Period Performance Less Cliquet Return - Sum" is specified as the Cliquet Underlying Return in the applicable Issue Terms:

$$\text{Abs (Period Performance)} - \left(\sum_{t=1}^t \text{Cliquet Underlying Return} - A \right); \text{ or}$$

- V. if "Period Performance Less Cliquet Return - Product" is specified as the Cliquet Underlying Return in the applicable Issue Terms:

$$\text{Period Performance} - \left(\prod_{t=1}^t \text{Cliquet Underlying Return} - A \right); \text{ or}$$

- VI. if "Absolute Period Performance Less Cliquet Return - Product" is specified as the Cliquet Underlying Return in the applicable Issue Terms:

$$\text{Abs (Period Performance)} - \left(\prod_{t=1}^t \text{Cliquet Underlying Return} - A \right); \text{ or}$$

- VII. if "Cliquet Return Less Period Performance - Sum" is specified as the Cliquet Underlying Return in the applicable Issue Terms:

$$\left(\sum_{t=1}^t \text{Cliquet Underlying Return} - A \right) - \text{Period Performance}; \text{ or}$$

- VIII. if "Cliquet Return Less Absolute Period Performance - Sum" is specified as the Cliquet Underlying Return in the applicable Issue Terms:

$$\left(\sum_{t=1}^t \text{Cliquet Underlying Return} - A \right) - \text{Abs (Period Performance)}; \text{ or}$$

- IX. if "Cliquet Return Less Period Performance - Product" is specified as the Cliquet Underlying Return in the applicable Issue Terms:

$$\left(\prod_{t=1}^t \text{Cliquet Underlying Return} - A \right) - \text{Period Performance}; \text{ or}$$

- X. if "Cliquet Return Less Absolute Period Performance - Product" is specified as the Cliquet Underlying Return in the applicable Issue Terms:

$$\left(\prod_{t=1}^t \text{Cliquet Underlying Return} - A \right) - \text{Abs (Period Performance)},$$

PROVIDED HOWEVER THAT:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event) is

specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event) and a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);

- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar); and
- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (4) otherwise, if (x) a Maximum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage and a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (5) if an Interim Performance Adjustment Percentage is specified in the applicable Issue Terms in respect of Interim Performance, the Interim Performance will be adjusted by the addition of such Interim Performance Adjustment Percentage to the Interim Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Interim Performance Percentage, Minimum Interim Performance Percentage, Maximum Interim Performance Percentage (Barrier Event), Minimum Interim Performance Percentage (Barrier Event), Maximum Interim Performance Percentage (Barrier Event Satisfied), Minimum Interim Performance Percentage (Barrier

Event Satisfied), Maximum Interim Performance Percentage (Barrier Event Not Satisfied), Minimum Interim Performance Percentage (Barrier Event Not Satisfied) or Cliquet Interim Performance Floor is specified to apply to such Interim Performance, the Interim Performance Adjustment Percentage shall be applied first to the Interim Performance and will not override the effect of any cap or floor that may otherwise apply as a consequence of sub-paragraphs (1) to (4) above or (6) below; and

- (6) if (x) a Cliquet Interim Performance Floor is specified as "Cliquet Interim Performance Floor" in the applicable Issue Terms, the Interim Performance for such Interest Valuation Date will be subject to a minimum percentage (floor) (if any) determined as the Cliquet Interim Performance Floor, or (y) a Cliquet Interim Performance Floor is specified as "Global Lock-in Floor" in the applicable Issue Terms, the Global Lock-in Floor Trigger has been satisfied in respect of any Interest Valuation Date, the Interim Performance for such Interest Valuation Date will be subject to a minimum percentage (floor) of the Global Lock-in Floor Percentage specified in the applicable Issue Terms.

WHERE:

Best Cliquet B Interest Valuation Date means, in respect of each Specified Cliquet Interest Valuation Period, the Interest Valuation Date(s) in respect of such Specified Cliquet Interest Valuation Period with the Uth highest Cliquet Interim Decimals, determined by the Calculation Agent by ranking each of the Interest Valuation Dates in order of their Cliquet Interim Decimals from highest to lowest, where, (i) the Interest Valuation Date with the highest Cliquet Interim Decimal will be the highest ranking, (ii) the Interest Valuation Date with the second highest Cliquet Interim Decimal will be the second highest ranking, and so on until (iii) the Interest Valuation Date with the lowest Cliquet Interim Decimal will be the lowest ranking,

PROVIDED THAT, if any two or more Interest Valuation Dates have an equal Cliquet Interim Decimal, the highest of such Interest Valuation Dates will be determined in accordance with the Equality Adjustment.

Cliquet Interim Performance Floor means a percentage determined by the Calculation Agent as being the product of (A) an amount determined as being the Cliquet Interim Performance Sum Integer (if any), that is:

- (a) greater than,
- (b) greater than or equal to,
- (c) less than or equal to, or
- (d) less than, (in each case, as specified in the applicable Issue Terms in respect of Cliquet Performance Floor):

the Cliquet Interim Performance Sum determined in respect of each Interest Valuation Date relating to that Interest Payment Date and (B) if specified in the applicable Issue Terms, the Cliquet Interim Performance Sum Multiple, otherwise 100%,

PROVIDED THAT, if the relevant requirements in respect of any Cliquet Interim Performance Floor are not satisfied, then there shall be no Cliquet Interim Performance Floor.

Cliquet Interim Performance Sum means, in respect of an Interest Valuation Date and an Interest Payment Date, the sum of all Cliquet Underlying Returns determined in respect of each Interest Valuation Date in respect of the relevant Interest Payment Date occurring prior to (and including) the relevant Interest Valuation Date.

Cliquet Interim Performance Sum Integer means as specified in the applicable Issue Terms, "the highest (or equal highest) positive integer", "the highest (or equal highest) integer", "the lowest (or equal lowest) positive integer" or "the lowest (or equal lowest) integer". For which purpose, an integer shall be any whole number (including negative whole numbers and zero) and a positive integer shall be any whole number greater than or equal to 1 (one) and, where the relevant Cliquet Interim Performance Sum is not a whole number, the relevant integer shall be the nearest integer thereto, with any amount equal to a multiple of 0.5 being rounded up.

Cliquet Underlying Return means, in respect of the Interest Underlying and the Interest Valuation Date in respect of the relevant Interest Payment Date, an amount expressed as a decimal calculated in accordance with the following formulae (the Cliquet Interim Decimal), where each relevant constituent value is determined in relation to the relevant Interest Underlying:

- (A) if "Cliquet A", "Cliquet B" or "Cliquet C" is specified in the applicable Issue Terms,

$$\frac{\text{Interest Reference Level for such Interest Valuation Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}, \text{ or}$$

- (B) if "Cliquet A Absolute" "Cliquet B Absolute" or "Cliquet C Absolute" is specified in the applicable Issue Terms,

$$\text{Abs} \left(\frac{\text{Interest Reference Level for such Interest Valuation Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}} \right)$$

PROVIDED THAT, in either case,

- (1) if "Cliquet B" or "Cliquet B Absolute" and "Cliquet B Highest" are specified in the applicable Issue Terms, the Cliquet Underlying Return for the or each, as the case may be, Best Cliquet B Interest Valuation Date will be deemed to be the Cliquet B Highest Return Decimal specified in the applicable Issue Terms in respect of such Specified Cliquet Interest Valuation Period and not the Cliquet Interim Decimal calculated in accordance with the formula above;
- (2) if "Cliquet B" or "Cliquet B Absolute" and "Cliquet B Lowest" are specified in the applicable Issue Terms, the Cliquet Underlying Return for the or each, as the case may be, Worst Cliquet B Interest Valuation Date will be deemed to be the Cliquet B Lowest Return Decimal specified in the applicable Issue Terms in respect of such Specified Cliquet Interest Valuation Period and not the Cliquet Interim Decimal calculated in accordance with the formula above;
- (3) if "Cliquet C" or "Cliquet C Absolute" are specified in the applicable Issue Terms and the Cliquet Interim Decimal in respect of any Interest Valuation Date or any preceding Interest Valuation Date in the relevant Interest Period in respect of such Interest Payment Date has been either (i) greater than, (ii) greater than or equal to, (iii) less than or equal to or (iv) less than (as specified in the applicable Issue Terms in respect of Cliquet C or Cliquet C

Absolute, as applicable) the Cliquet C Interest Target specified in the applicable Issue Terms, the Cliquet Underlying Return for such Interest Valuation Date will be deemed to be the Cliquet C Lock-in Decimal specified in the applicable Issue Terms and not the Cliquet Interim Decimal calculated in accordance with the formula above,

PROVIDED FURTHER THAT:

- (I) if a Cliquet Underlying Return Cap is specified in the applicable Issue Terms and the Cliquet Interim Decimal in respect of any Interest Valuation Date is greater than such Cliquet Underlying Return Cap, the Cliquet Interim Decimal for such Interest Valuation Date will be the Cliquet Underlying Return Cap; and
- (II) if a Cliquet Underlying Return Floor is specified in the applicable Issue Terms and the Cliquet Interim Decimal in respect of any Interest Valuation Date is less than such Cliquet Underlying Return Cap, the Cliquet Interim Decimal for such Interest Valuation Date will be the Cliquet Underlying Return Floor.

Global Lock-in Floor Trigger means that, in respect of an Interest Valuation Date, the Global Lock-in Sum for such Interest Valuation Date is (a) greater than, (b) greater than or equal to, (c) less than or equal to or (d) less than (as specified in the applicable Issue Terms in respect of the Global Lock-in Floor Trigger) the Global Lock-in Floor Trigger Level specified in the applicable Issue Terms.

Global Lock-in Sum means, in respect of an Interest Valuation Date and an Interest Payment Date, the sum of all Cliquet Underlying Returns determined in respect of each Interest Valuation Date in respect of such Interest Payment Date occurring prior to (and including) the relevant Interest Valuation Date.

Period Performance means either Period Performance 1, Period Performance 2 or Period Performance 3, as specified in the applicable Issue Terms PROVIDED THAT, in each case, if (x) a Maximum Period Performance is specified in the applicable Issue Terms, then the Period Performance is subject to such maximum percentage (a cap); (y) a Minimum Period Performance is specified in the applicable Issue Terms, then the Period Performance is subject to such minimum percentage (a floor); or (z) a Maximum Period Performance and a Minimum Period Performance is specified in the applicable Issue Terms, then the Period Performance is subject to such maximum percentage and minimum percentage (a collar).

Period Performance 1 means, in respect of an Interest Payment Date and an Interest Underlying, a decimal determined in accordance with the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\frac{\text{Interest Period Final Reference Level} - \text{Interest Period Strike Level}}{\text{Interest Period Initial Reference Level}}$$

Period Performance 2 means, in respect of an Interest Payment Date and an Interest Underlying, a decimal determined in accordance with the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$B - \frac{\text{Interest Period Final Reference Level} - \text{Interest Period Strike Level}}{\text{Interest Period Initial Reference Level}}$$

Period Performance 3 means, in respect of an Interest Payment Date and an Interest Underlying, a decimal determined in accordance with the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$B \times \frac{\text{Interest Period Final Reference Level} - \text{Interest Period Strike Level}}{\text{Interest Period Initial Reference Level}}$$

U means the number specified in the applicable Issue Terms for the purpose of determining the Best Cliquet B Interest Valuation Dates or the Worst Cliquet B Interest Valuation Date, as the case may be.

Worst Cliquet B Interest Valuation Date means, in respect of each Specified Cliquet Interest Valuation Period, the Interest Valuation Date(s) in respect of such Specified Cliquet Interest Valuation Period with the Uth lowest Cliquet Interim Decimals, determined by the Calculation Agent by ranking each of the Interest Valuation Dates in order of their Cliquet Interim Decimals from lowest to highest, where, (i) the Interest Valuation Date with the highest Cliquet Interim Decimal will be the highest ranking, (ii) the Interest Valuation Date with the second highest Cliquet Interim Decimal will be the second highest ranking, and so on until (iii) the Interest Valuation Date with the lowest Cliquet Interim Decimal will be the lowest ranking,

PROVIDED THAT, if any two or more Interest Valuation Dates have an equal Cliquet Interim Decimal, the highest of such Interest Valuation Dates will be determined in accordance with the Equality Adjustment.

Interim Performance Underlying(s) or **IPU** means, subject to subparagraph (G) of the definition of Interest Barrier Event below, either:

- (A) where "Single Underlying Observation" or "Cliquet" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, the Interest Underlying;
- (B) where "Weighted Basket Observation" or "Arithmetic Mean Underlying Return" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, all of the Interest Underlyings;
- (C) where "Best of Basket Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, in respect of an Interest Payment Date, the Interest Underlying with the Nth highest (which shall, if, in the determination of the Calculation Agent, two or more Interest Underlyings are equal Nth highest, be determined in accordance with the Equality Adjustment) Interim Performance in respect of such Interest Payment Date, as determined by the Calculation Agent PROVIDED THAT if "Himalaya Interim Performance – European Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, in respect of an Interest Payment Date, an Interest Underlying may not be the Interim Performance Underlying if such Interest Underlying was the Interim Performance Underlying in respect of any preceding Interest Payment Date and any such Interest

Underlying will be deemed not to be an Interest Underlying for the purpose of determining the Interim Performance Underlying in respect of such Interest Payment Date, all as determined by the Calculation Agent; or

- (D) where "Worst of Basket Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, in respect of an Interest Payment Date, the Interest Underlying with the Nth lowest (which shall, if, in the determination of the Calculation Agent, two or more Interest Underlyings are equal Nth lowest, be determined in accordance with the Equality Adjustment) Interim Performance in respect of such Interest Payment Date, as determined by the Calculation Agent PROVIDED THAT if "Himalaya Interim Performance – European Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, in respect of an Interest Payment Date, an Interest Underlying may not be the Interim Performance Underlying if such Interest Underlying was the Interim Performance Underlying in respect of any preceding Interest Payment Date and any such Interest Underlying will be deemed not to be an Interest Underlying for the purpose of determining the Interim Performance Underlying in respect of such Interest Payment Date, all as determined by the Calculation Agent; or
- (E) where "Outperformance Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms and (i) in respect of Outperf A, all of the Interim Outperformance A Underlying(s) and (ii) in respect of Outperf B, all of the Interim Outperformance B Underlying(s); or
- (F) where "Himalaya Interim Performance – Asian Observation" and "Best of Himalaya Basket Observation" are specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, in respect of each Interest Valuation Date in respect of an Interest Payment Date, the Interest Underlying with the highest (which shall, if, in the determination of the Calculation Agent, two or more Interest Underlyings are equal highest, be determined in accordance with the Equality Adjustment) Multiple IVD Interim Performance Percentage on such Interest Valuation Date, PROVIDED THAT an Interest Underlying may not be the Interim Performance Underlying in respect of any such Interest Valuation Date if such Interest Underlying was the Interim Performance Underlying in respect of any preceding Interest Valuation Date for the relevant Interest Payment Date and any such Interest Underlying will be deemed not to be an Interest Underlying for the purpose of determining the Interim Performance Underlying in respect of such Interest Valuation Date, all as determined by the Calculation Agent;
- (G) where "Himalaya Interim Performance – Asian Observation" and "Worst of Himalaya Basket Observation" are specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, in respect of each Interest Valuation Date in respect of an Interest Payment Date, the Interest Underlying with the lowest (which shall, if, in the determination of the Calculation Agent, two or more Interest Underlyings are equal lowest, be determined in accordance with the Equality Adjustment) Multiple IVD Interim Performance Percentage on such Interest Valuation Date, PROVIDED THAT an Interest Underlying may not be the Interim Performance Underlying in

respect of any such Interest Valuation Date if such Interest Underlying was the Interim Performance Underlying in respect of any preceding Interest Valuation Date for the relevant Interest Payment Date and any such Interest Underlying will be deemed not to be an Interest Underlying for the purpose of determining the Interim Performance Underlying in respect of such Interest Valuation Date, all as determined by the Calculation Agent.

Multiple IVD Interim Performance Percentage means, in respect of an Interest Valuation Date and an Interest Underlying, a percentage, determined by the Calculation Agent in accordance with the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\frac{\text{Interest Reference Level in respect of such Interest Valuation Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

n means the number of Interest Underlyings specified in the applicable Issue Terms.

t means, in respect of an Interest Payment Date, the number of Interest Valuation Dates specified in respect of such Interest Payment Date in the applicable Issue Terms.

Underlying Return means, in respect of each Interest Underlying and an Interest Payment Date, either:

- (i) if "Single Cap - Single Valuation Date" and/or "Single Floor - Single Valuation Date" is specified as applicable in respect of Underlying Return in the applicable Issue Terms, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

subject to, (i) if a "Single Cap" is specified in respect of Underlying Return in the applicable Issue Terms, a maximum percentage equal to the Single Cap specified in the applicable Issue Terms, (ii) if a "Single Floor" is specified in respect of Underlying Return in the applicable Issue Terms, a minimum percentage equal to the Single Floor specified in the applicable Issue Terms or (iii) if a Single Cap and a Single Floor are specified in respect of Underlying Return in the applicable Issue Terms, a maximum percentage equal to the Single Cap and a minimum percentage equal to the Single Floor, each as specified in the applicable Issue Terms; or

- (ii) if "Single Cap - Multiple Valuation Date" and/or "Single Floor - Multiple Valuation Date" is specified as applicable in respect of Underlying Return in the applicable Issue Terms, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\sum_{t=1}^t \frac{1}{t} \times \frac{\text{Interest Reference Level for such Interest Valuation Date} - \text{Interest Strike Level}}{\text{Initial Interest Level}}$$

subject to, (i) if a "Single Cap" is specified in respect of Underlying Return in the applicable Issue Terms, a maximum percentage equal to the Single Cap specified in the applicable Issue Terms, (ii) if a "Single Floor" is specified in respect of

Underlying Return in the applicable Issue Terms, a minimum percentage equal to the Single Floor specified in the applicable Issue Terms or (iii) if a Single Cap and a Single Floor are specified in respect of Underlying Return in the applicable Issue Terms, a maximum percentage equal to the Single Cap and a minimum percentage equal to the Single Floor, each as specified in the applicable Issue Terms; or

- (iii) if "Single Target" is specified as applicable in respect of Underlying Return in the applicable Issue Terms, an amount expressed as a percentage and determined by reference to the following formula (the **Single Target Percentage**), where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED THAT:

- (1) if a Single Target Interest Threshold Percentage is specified in the applicable Issue Terms, and the Single Target Percentage is either (i) equal to or less than, (ii) equal to or greater than, (iii) less than, or (iv) greater than the Single Target Interest Threshold Percentage (in each case, as specified in the applicable Issue Terms), the Underlying Return will be the Single Target Underlying Performance Percentage specified in the applicable Issue Terms; or
- (2) if "Single Target (Barrier)" is specified in the applicable Issue Terms, and (i) if "Barrier Event Satisfaction Required" is specified in the applicable Issue Terms and an Interest Barrier Event has occurred, the Underlying Return will be a percentage equal to the Single Target Underlying Performance (Barrier Event Satisfied) Percentage, or (ii) if "Barrier Event Satisfaction Not Required" is specified in the applicable Issue Terms and an Interest Barrier Event has not occurred, a percentage equal to the Single Target Underlying Performance (Barrier Event Not Satisfied) Percentage;
- (iv) if "Oasis" is specified as applicable in respect of Underlying Return in the applicable Issue Terms, an amount expressed as a percentage and determined in accordance with the following formula (the **Oasis Interim Percentage**), where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED THAT:

- (1) if "Oasis – Best Performing Only" is specified in respect of Underlying Return in the applicable Issue Terms, the Underlying Return for the Best Oasis Performer will be deemed to be the Oasis Interest Underlying Performance Percentage specified in the applicable Issue Terms and not the Oasis Interim Percentage calculated in accordance with the formula above; or

- (2) if "Oasis – Multiple Best Performing" is specified in respect of Underlying Return in the applicable Issue Terms, the Underlying Return for each Best Oasis Performer will be deemed to be the Oasis Interest Underlying Performance Percentage specified in the Table set out in the applicable Issue Terms in respect of such Best Oasis Performer and not the Oasis Interim Percentage calculated in accordance with the formula above.

PROVIDED THAT, if (x) a Maximum Underlying Return is specified in the applicable Issue Terms, then the Underlying Return is subject to such maximum percentage (a cap); (y) a Minimum Underlying Return is specified in the applicable Issue Terms, then the Underlying Return is subject to such minimum percentage (a floor); or (z) a Maximum Underlying Return and a Minimum Underlying is specified in the applicable Issue Terms, then the Underlying Return is subject to such maximum percentage and minimum percentage (a collar);

W_n means

- (A) in respect of an Interest Underlying and an Interest Payment Date and where Weighted Basket Observation is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, the percentage weighting specified for such Interest Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Interest Underlying depending on such Interest Underlying's performance determined in respect of the relevant Interest Payment Date. Accordingly, in order to determine W_n for an Interest Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Interim Performance of such Interest Underlying shall first be calculated as provided in paragraph (C) of the definition of Interim Performance and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms;
- (B) where Outperformance Observation and, in respect of Interim Outperformance A Underlying, Weighted Basket Observation is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, in respect of an Interim Outperformance A Underlying and an Interest Payment Date, the percentage weighting specified for such Interim Outperformance A Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Interim Outperformance A Underlying depending on such Interim Outperformance A Underlying's performance determined in respect of the relevant Interest Payment Date. Accordingly, in order to determine W_n for an Interim Outperformance A Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Interim Performance of such Interim Outperformance A Underlying shall first be calculated as provided in paragraph III of the definition of Outperf A and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms; or

- (C) where Outperformance Observation and, in respect of Interim Outperformance B Underlying, Weighted Basket Observation is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, in respect of an Interim Outperformance B Underlying and an Interest Payment Date, the percentage weighting specified for such Interim Outperformance B Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Interim Outperformance B Underlying depending on such Interim Outperformance B Underlying's performance determined in respect of the relevant Interest Payment Date. Accordingly, in order to determine W_n for an Interim Outperformance A Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Interim Performance of such Interim Outperformance B Underlying shall first be calculated as provided in paragraph III of the definition of Outperf B and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms,

PROVIDED THAT, where "Rainbow Weighting" applies, if two or more Interest Underlyings, Interim Outperformance A Underlyings or Interim Outperformance B Underlyings have an equal Interim Performance, their ranking shall be determined in accordance with the Equality Adjustment.

X means the number of Oasis Best Performers specified in the Table set out in the applicable Issue Terms in respect of Underlying Return.

(iii) **Definitions relating to the determination of whether interest is due on an Interest Payment Date**

An **Interest Barrier Event** will occur in respect of an Interest Payment Date, each related Interest Barrier Observation Date in the case of (G) below, and, as applicable, the relevant Interest Period, if:

- (A) where the Interest Barrier Event is specified in the applicable Issue Terms to be "Interest Barrier Event European Observation", in the determination of the Calculation Agent, the (i) Underlying Closing Level or (ii) if "Sum of" is specified in respect of the Interest Barrier Event in the applicable Issue Terms, the sum of the Underlying Closing Levels of the Interest Barrier Underlying(s), satisfy the relevant Interest Barrier Level on the Interest Barrier Observation Date;
- (B) where the Interest Barrier Event is specified in the applicable Issue Terms to be "Interest Barrier Event European Performance Observation", in the determination of the Calculation Agent, the Interim Performance of the Interest Barrier Underlying(s) in respect of such Interest Payment Date satisfy the relevant Interest Barrier Level;
- (C) where the Interest Barrier Event is specified in the applicable Issue Terms to be "Interest Barrier Event American Observation – Closing Level", in the determination of the Calculation Agent, the (i) Underlying Closing Level or (ii) if "Sum of" is specified in respect of the Interest Barrier Event in the applicable Issue Terms, the sum of the Underlying Closing Levels of the Interest Barrier Underlying(s) satisfy the relevant Interest Barrier Level on each Interest Barrier Observation Date;

- (D) where the Interest Barrier Event is specified in the applicable Issue Terms to be "Interest Barrier Event American Observation – Intra-Day Level", in the determination of the Calculation Agent, the (i) Underlying Level or (ii) if "Sum of" is specified in respect of the Interest Barrier Event in the applicable Issue Terms, the sum of the Underlying Levels of the Interest Barrier Underlying(s) satisfy the relevant Interest Barrier Level on each Interest Barrier Observation Date;
- (E) where the Interest Barrier Event is specified in the applicable Issue Terms to be "Interest Barrier Event American One-Touch Observation – Closing Level", the (i) Underlying Closing Level or (ii) if "Sum of" is specified in respect of the Interest Barrier Event in the applicable Issue Terms, the sum of the Underlying Closing Levels of the Interest Barrier Underlying(s) satisfy the relevant Interest Barrier Level on any Interest Barrier Observation Date;
- (F) where the Interest Barrier Event is specified in the applicable Issue Terms to be "Interest Barrier Event American One-Touch Observation – Intra-Day Level", in the determination of the Calculation Agent, the (i) Underlying Level or (ii) if "Sum of" is specified in respect of the Interest Barrier Event in the applicable Issue Terms, the sum of the Underlying Levels of the Interest Barrier Underlying(s) satisfy the relevant Interest Barrier Level on any Interest Barrier Observation Date; or
- (G) where the Interest Barrier Event is specified in the applicable Issue Terms to be "Interest Barrier Event American Performance Observation", in the determination of the Calculation Agent, the (i) Interim Performance or (ii) if "Sum of" is specified in respect of the Interest Barrier Event in the applicable Issue Terms, the sum of the Interim Performances of the Interest Barrier Underlying(s) in respect of such Interest Payment Date and each Interest Barrier Observation Date related thereto, satisfy the relevant Interest Barrier Level and, as the Interim Performance shall be calculated in respect of each Interest Barrier Observation Date relating to the relevant Interest Payment Date, then:
 - I. reference in the definition of Interim Performance to "Interest Reference Level for such Interest Payment Date" shall be construed to be to the "Underlying Closing Level for the relevant Interest Underlying for the relevant Interest Barrier Observation Date converted at the FX on such Interest Barrier Observation Date"; and
 - II. reference to Interim Performance being calculated "in respect of an Interest Payment Date" or "for an Interest Payment Date" shall be construed to be to "in respect of or, as the case may be, for an Interest Payment Date and the relevant Interest Barrier Observation Date"; and
 - III. the Interim Performance Underlying(s) (if any) shall be determined in respect of the relevant Interest Barrier Observation Date; and/or,
- (H) where "Interest Barrier Event Lock-In" is specified as applicable in the applicable Issue Terms, in the determination of the Calculation Agent an Interest Lock-in Event has occurred in respect of any prior Interest Payment Date.

As used above, **satisfy** means that the relevant Underlying Closing Level, Interim Performance or Underlying Level, as the case may be, are in the case of (i) below in the definition of Interest Barrier Level, greater than, greater than (or equal to), less than or less than (or equal to), as specified in the applicable Issue

Terms in relation to the relevant Interest Barrier Event, the relevant Interest Barrier Level; or in the case of (ii) below in the definition of Interest Barrier Level, are neither less than the relevant Lower Interest Barrier Level nor greater than the relevant Upper Interest Barrier Level, all as determined by the Calculation Agent and, in each case, where the Securities are specified in the applicable Issue Terms to be Multi-Chance Securities, an Interest Barrier Event shall be determined in respect of each Interest Barrier Underlying separately (as the Interest Amount due on the relevant Interest Payment Date is dependent on the number of Interest Barrier Underlyings for which an Interest Barrier Event occurs).

Where:

Interest Barrier Underlying(s) means the Interest Underlying(s) specified as such in the applicable Issue Terms.

Interest Barrier Level means, in respect of an Interest Payment Date and an Interest Barrier Underlying or, as the case may be, all of the Interest Barrier Underlyings, (i) where a single Interest Barrier Level is specified, whichever of greater than, greater than (or equal to), less than or less than (or equal to) in respect of an Interest Barrier Underlying or, as the case may be, all of the Interest Barrier Underlyings as specified in the applicable Issue Terms, the percentage level specified as such for such Interest Payment Date in the Table set out in the applicable Issue Terms or (ii) where percentage levels are specified in respect of an Interest Barrier Underlying or, as the case may be, all of the Interest Barrier Underlyings for such Interest Payment Date in the Table set out in the applicable Issue Terms one as a Lower Interest Barrier Level and one as an Upper Interest Barrier Level for such Interest Barrier Underlying, that the Interest Barrier Level shall mean any level that is greater than or greater than (or equal to) such Lower Interest Barrier Level and less than or less than (or equal to) such Upper Interest Barrier Level.

Interest Lock-in Event means, in respect of an Interest Payment Date, each related Interest Barrier Observation Date in the case of (G) above, and, as applicable, the relevant Interest Period, that an Interest Barrier Event has occurred and on the Interest Payment Date or Interest Barrier Observation Date(s), as the case may be, on which the Interest Barrier Level was, as the case may be, or were satisfied the relevant Underlying Level, Underlying Closing Level or Interim Performance, as the case may be, used to determine the satisfaction of the Interest Barrier Level in respect of the Interest Barrier Underlying(s) also satisfied the Interest Lock-in Level. For such purpose, "satisfy" shall be construed as set out in the definition of Interest Barrier Event above.

Interest Lock-in Level means in respect of an Interest Payment Date and an Interest Barrier Underlying or, as the case may be, all of the Interest Barrier Underlyings, (i) where a single Interest Lock-in Level is specified, whichever of greater than, greater than (or equal to), less than or less than (or equal to) in respect of an Interest Barrier Underlying or, as the case may be, all of the Interest Barrier Underlyings as specified in the applicable Issue Terms, the percentage level specified as such for such Interest Payment Date in the Table set out in the applicable Issue Terms or (ii) where percentage levels are specified in respect of an Interest Barrier Underlying or, as the case may be, all of the Interest Barrier Underlyings for such Interest Payment Date in the Table set out in the applicable Issue Terms one as a Lower Interest Lock-in Level and one as an Upper Interest Lock-in Level for such Interest Barrier Underlying, that the Interest Lock-in Level shall mean any level that is greater than (or equal to) such Lower Interest Lock-in Level and less than (or equal to) such Upper Interest Lock-in Level.

(iv) **Definitions relating to the determination of the amount of interest due on an Interest Payment Date**

Interest Amount means, in respect of an Interest Payment Date:

- (A) where the Securities are expressed in the applicable Issue Terms to be Fixed Rate Securities (other than Fixed Rate Securities that are specified in the applicable Issue Terms to be Lookback Securities, Multi-Chance Securities or Range Accrual Securities), Floating Rate Securities, CMS Rate Securities, Spread Securities or Range Accrual (Expanded) Securities, the amount (if any) determined as provided in Condition 4 below and in the applicable Issue Terms;
- (B) where the Securities are expressed in the applicable Issue Terms to be Fixed Rate Securities that are Lookback Securities, and where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, (i) the amount in respect of each Security specified as the "Interest Amount" for such Interest Payment Date in the Table set out in the applicable Issue Terms plus (ii) the sum of the amounts specified as the "Interest Amount" (if any) in respect of all of the Interest Payment Dates (if any) falling prior to such Interest Payment Date (x) on which an Interest Barrier Event did not occur and, therefore, such Interest Amount(s) was not paid on such prior Interest Payment Date and (y) which have not already been accounted for as described in this part (ii) on any prior Interest Payment Date;
- (C) where the Securities are expressed in the applicable Issue Terms to be Fixed Rate Securities that are Multi-Chance Securities, and where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, the amount in respect of each Security specified as the "Interest Amount" for the number of Interest Barrier Underlying(s) for which an Interest Barrier Event has occurred in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms (as the Interest Amount due shall depend on the number of Interest Barrier Underlyings for which an Interest Barrier Event occurs);
- (D) where the Securities are expressed in the applicable Issue Terms to be Fixed Rate Securities that are Range Accrual Securities, the amount (if any) determined as provided in Condition 4 below and in the applicable Issue Terms, which shall specify that the applicable Day Count Fraction shall be multiplied by the applicable Accrual Rate. The applicable Accrual Rate in respect of an Interest Period and the related Interest Payment Date shall be an amount expressed as a decimal determined in accordance with the following formula:

$$\frac{\text{Days Accrued}}{\text{Days Observed}}$$

Where:

Days Accrued means the number of Interest Barrier Observation Dates in such Interest Period on which an Interest Barrier Event occurs.

Days Observed means the number of Range Accrual Determination Dates in such Interest Period.

- (E) where the Securities are expressed in the applicable Issue Terms to be Inflation Rate Securities, and where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, an amount in respect of each Security determined by reference to either:

- I. where an Interest Participation Rate is not specified in the Table set out in respect of such Interest Payment Date in the applicable Issue Terms, the following formula:

$$\text{Calculation Amount} \times \left(\left(\frac{\text{UCL Relevant Months Prior}}{\text{UCL12} + \text{Relevant Months Prior}} - 1 \right) + \text{Margin} \right) \times \text{DCF}; \text{ or}$$

- II. where an Interest Participation Rate is specified in the Table set out in respect of such Interest Payment Date in the applicable Issue Terms, the following formula:

$$\text{Calculation Amount} \times \left(\left(\frac{\text{UCL Relevant Months Prior}}{\text{UCL12} + \text{Relevant Months Prior}} - 1 \right) + \text{Margin} \right) \times \text{DCF} \times \text{IPR}$$

PROVIDED HOWEVER, in the case of each of I and II above, if (x) a Maximum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount (a cap); (y) a Minimum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such minimum amount (a floor); or (z) a Maximum Interest Amount and a Minimum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount and a minimum amount (a collar),

where:

DCF means the Day Count Fraction (as defined in Condition 4 below) and, for which purpose, an Interest Period and Interest Period End Date shall be as defined in Condition 4 below.

Interest Amount Inflation Index means any Underlying which is an Inflation Index and is designated as the Interest Amount Inflation Index in the applicable Issue Terms.

Margin means the percentage rate specified for such Interest Payment Date in the applicable Issue Terms, which shall be preceded with either a "+" (plus) or a "-" minus sign.

UCL Relevant Months Prior means the Underlying Closing Level of the Interest Amount Inflation Index on the date falling the number of calendar months prior to the relevant Interest Payment Date as specified in the applicable Issue Terms. Such date shall be deemed to be a Specified Valuation Date for the purpose of, and subject to adjustment as provided in, the Conditions.

UCL 12 + Relevant Months Prior means the Underlying Closing Level of the Interest Amount Inflation Index on the date falling the number of calendar months prior to the relevant Interest Payment Date as specified in the applicable Issue Terms and which shall be the month falling 12 months prior to the UCL Relevant Months Prior. Such date shall be deemed to be a Specified Valuation Date for the purpose of, and subject to adjustment as provided in, the Conditions;

- (F) where the Securities are expressed in the applicable Issue Terms to be Interim Performance Interest Securities and where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, an amount in respect of each Security determined by reference to either:

- I. where neither an Interest Participation Rate nor an Interest Adjustment is specified in respect of such Interest Payment Date

VALUATION AND SETTLEMENT SCHEDULE

in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount x Interim Performance of Interim Performance Underlying(s); or

- II. where an Interest Participation Rate but no Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount x Interim Performance of Interim Performance Underlying(s) x IPR; or

- III. where an FX Performance is specified as Applicable in the applicable Issue Terms but no Interest Participation Rate or Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, the following formula:

Calculation Amount x Interim Performance of Interim Performance Underlying(s) x FX Performance; or

- IV. where an Interest Adjustment but no Interest Participation Rate is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount x Interim Performance of Interim Performance Underlying(s) + Interest Adjustments; or

- V. where an Interest Participation Rate but no Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

Calculation Amount x Interim Performance of Interim Performance Underlying(s) x IPR x FX Performance; or

- VI. where an Interest Participation Rate and Interest Adjustment are specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount x Interim Performance of Interim Performance Underlying(s) x IPR + Interest Adjustment; or

- VII. where an Interest Adjustment but no Interest Participation Rate is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

Calculation Amount x Interim Performance of Interim Performance Underlying(s) x FX Performance + Interest Adjustment; or

- VIII. where an Interest Participation Rate and an Interest Adjustment are specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

Calculation Amount x Interim Performance of Interim Performance Underlying(s) x IPR x FX Performance + Interest Adjustment

PROVIDED HOWEVER, in the case of each of I to VIII above, that if (x) a Maximum Interest Amount is specified in respect of such Interest

Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount (a cap); (y) a Minimum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such minimum amount (a floor); or (z) a Maximum Interest Amount and a Minimum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount and a minimum amount (a collar);

(G) where the Securities are expressed to be Twin Win Interim Performance Interest Securities and where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, any amount in respect of each Security determined by reference to either:

I. where neither an Interest Participation Rate or an Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

$\text{Calculation Amount} \times \text{Abs (Interim Performance of Interim Performance Underlying(s))}; \text{ or}$

II. where an Interest Participation Rate but no Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

$\text{Calculation Amount} \times \text{Abs (Interim Performance of Interim Performance Underlying(s))} \times \text{IPR}; \text{ or}$

III. where an FX Performance is specified as Applicable in the applicable Issue Terms but no Interest Participation Rate or Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, the following formula:

$\text{Calculation Amount} \times \text{Abs (Interim Performance of Interim Performance Underlying(s))} \times \text{FX Performance}; \text{ or}$

IV. where an Interest Adjustment but no Interest Participation Rate is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

$\text{Calculation Amount} \times \text{Abs (Interim Performance of Interim Performance Underlying(s))} + \text{Interest Adjustment}; \text{ or}$

V. where an Interest Participation Rate but no Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

$\text{Calculation Amount} \times \text{Abs (Interim Performance of Interim Performance Underlying(s))} \times \text{IPR} \times \text{FX Performance}; \text{ or}$

VI. where an Interest Participation Rate and Interest Adjustment are specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

$\text{Calculation Amount} \times \text{Abs (Interim Performance of Interim Performance Underlying(s))} \times \text{IPR} + \text{Interest Adjustment}; \text{ or}$

- VII. where an Interest Adjustment but no Interest Participation is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

$$\text{Calculation Amount} \times \text{Abs}(\text{Interim Performance of Interim Performance Underlying(s)}) \times \text{FX Performance} + \text{Interest Adjustment}; \text{ or}$$

- VIII. where an Interest Participation and an Interest Adjustment are specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

$$\text{Calculation Amount} \times \text{Abs}(\text{Interim Performance of Interim Performance Underlying(s)}) \times \text{IPR} \times \text{FX Performance} + \text{Interest Adjustment}$$

PROVIDED HOWEVER, in the case of each of I to VIII above, that if (x) a Maximum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount (a cap); (y) a Minimum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such minimum amount (a floor); or (z) a Maximum Interest Amount and a Minimum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount and a minimum amount (a collar); and

- (H) where the Securities are expressed to be Reverse Interim Performance Interest Securities and where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, any amount in respect of each Security determined by reference to either:
- I. where neither an Interest Participation Rate nor an Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

$$\text{Calculation Amount} \times (\text{Z\%} - \text{Interim Performance of Interim Performance Underlying(s)}); \text{ or}$$

- II. where an Interest Participation Rate but no Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

$$\text{Calculation Amount} \times (\text{Z\%} - \text{Interim Performance of Interim Performance Underlying(s)}) \times \text{IPR}; \text{ or}$$

- III. where an FX Performance is specified as Applicable in the applicable Issue Terms but no Interest Participation Rate or Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, the following formula:

$$\text{Calculation Amount} \times (\text{Z\%} - \text{Interim Performance of Interim Performance Underlying(s)}) \times \text{FX Performance}; \text{ or}$$

- IV. where an Interest Adjustment but no Interest Participation Rate is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

VALUATION AND SETTLEMENT SCHEDULE

Calculation Amount \times (Z% – Interim Performance of Interim Performance Underlying(s)) + Interest Adjustment; or

- V. where an Interest Participation Rate but no Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

Calculation Amount \times (Z% – Interim Performance of Interim Performance Underlying(s) \times IPR) \times FX Performance; or

- VI. where an Interest Participation Rate and Interest Adjustment are specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount \times (Z% – Interim Performance of Interim Performance Underlying(s) \times IPR) + Interest Adjustment; or

- VII. where an Interest Adjustment but no Interest Participation is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

Calculation Amount \times (Z% – Interim Performance of Interim Performance Underlying(s)) \times FX Performance + Interest Adjustment; or

- VIII. where an Interest Participation and an Interest Adjustment are specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

Calculation Amount \times (Z% – Interim Performance of Interim Performance Underlying(s) \times IPR) \times FX Performance + Interest Adjustment

PROVIDED HOWEVER, in the case of each of I to VIII above, that if (x) a Maximum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount (a cap); (y) a Minimum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such minimum amount (a floor); or (z) a Maximum Interest Amount and a Minimum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount and a minimum amount (a collar).

Where Target Mandatory Early Redemption (Capped) Provisions is specified as applicable in the applicable Issue Terms, then the relevant Interest Amount shall be determined in accordance with paragraph (A), (B), (C), (D), (E), (F), (G) or (H) above, as applicable, but such Interest Amount so determined shall be subject to a maximum amount (a cap). Such cap shall be an amount determined to be the Target Mandatory Early Redemption Threshold Amount specified in the applicable Issue Terms less the sum of all the Interest Amount(s) (if any) paid in respect of a Security for all the Interest Payment Date(s) (if any) falling prior to such Interest Payment Date.

Interest Adjustment means, in respect of an Interest Payment Date, the amount (which may be either positive or negative) specified in the applicable Table under the heading Interest Adjustment in the applicable Issue Terms PROVIDED THAT if "Barrier Event Applicable" is specified in the Table in the applicable Issue Terms in respect of Interest Adjustment, the Interest Adjustment will be the Barrier Event Satisfied

Interest Adjustment if a Barrier Event has occurred or the Barrier Event Not Satisfied Interest Adjustment, if a Barrier Event has not occurred.

Interest Participation Rate or **IPR** means, in respect of an Interest Payment Date or Interest Valuation Date in respect of an Interest Payment Date, the percentage rate specified for such Interest Payment Date under the heading "IPR" in the Table set out in the applicable Issue Terms.

Z means the percentage specified in the Table in the applicable Issue Terms in respect of the relevant Interest Underlying.

(b) **Definitions relating to Mandatory Early Redemption**

(i) **Dates**

Mandatory Early Redemption Date or **MER Date** means each date specified as such in the Table set out in the applicable Issue Terms.

Specified Mandatory Early Redemption Barrier Observation Date or **Specified MER Barrier Observation Date** means in respect of a Mandatory Early Redemption Date, each date or dates specified as such for such Mandatory Early Redemption Date in the Table set out in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a **Mandatory Early Redemption Barrier Observation Date** or a **MER Barrier Observation Date**.

Specified Mandatory Early Redemption Strike Date or **Specified MER Strike Date** means, in respect of an Underlying, each date or dates specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a **Mandatory Early Redemption Strike Date** or a **MER Strike Date**.

Specified Mandatory Early Redemption Upper Barrier Event Valuation Date or **Specified MER Upper Barrier Event Valuation Date** means, in respect of a Mandatory Early Redemption Date, each date designated as such for such Mandatory Early Redemption Date in the Table set out in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a **Mandatory Early Redemption Upper Barrier Event Valuation Date** or **MER Upper Barrier Event Valuation Date**.

Specified Mandatory Early Redemption Valuation Date means, in respect of a Mandatory Early Redemption Date, each date designated as such for such Mandatory Early Redemption Date in the Table set out in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a **Mandatory Early Redemption Valuation Date**.

(ii) **Definitions relating to the Mandatory Early Redemption Underlying(s), the performance of the Mandatory Early Redemption Underlying(s) and levels of the Mandatory Early Redemption Underlying(s)**

Cross Rate I Designated Page means, in respect of a MER Underlying and the FX for such Underlying, such page as is specified for such MER Underlying in the applicable Issue Terms.

Cross Rate II Designated Page means, in respect of a MER Underlying and the FX for such Underlying, such page as is specified for such MER Underlying in the applicable Issue Terms.

Cross Rate I Designated Time means, in respect of a MER Underlying and the FX for such Underlying, the time specified for such MER Underlying in the applicable Issue Terms.

Cross Rate II Designated Time means, in respect of a MER Underlying and the FX for such Underlying, the time specified for such MER Underlying in the applicable Issue Terms.

Designated Page means, in respect of a Mandatory Early Redemption Underlying and the FX for such Underlying, such page as is specified for such Mandatory Early Redemption Underlying in the applicable Issue Terms.

Designated Time means, in respect of a Mandatory Early Redemption Underlying and the FX for such Mandatory Early Redemption Underlying, the time specified as such in the applicable Issue Terms.

Equality Adjustment means that, in respect of two or more performances, levels or values determined by the Calculation Agent to be equally high or low, the Calculation Agent will deem any of such equal highest or lowest performances, levels or values to be the highest or lowest performance, level or value, in its discretion.

FX means, for the purpose of this Condition 1.1(b), where FX Provisions are specified as applicable in respect of the Mandatory Early Redemption Provisions in the applicable Issue Terms, in respect of (a) a Mandatory Early Redemption Underlying and the level or value (as provided on the applicable Electronic Page (as defined in Condition 2 below)) of which is expressed or determined to be in a currency other than the Specified Currency (being, in the case of Dual Currency Securities, the Denomination Currency) (the **Relevant Currency**), either: (i) where Quanto Provisions are specified as applicable in the applicable Issue Terms, the rate specified for such Mandatory Early Redemption Underlying in the applicable Issue Terms; or (ii) where Compo FX Provisions are specified as applicable in the applicable Issue Terms, the average of the mid Relevant Currency/Specified Currency exchange rates quoted on the Designated Page at the Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Designated Page for the purpose of displaying the mid Relevant Currency/Specified Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (expressed as the number of units of the Relevant Currency (or part thereof) for which one unit of the Specified Currency can be exchanged) PROVIDED THAT if any such FX cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate; or (b) otherwise, 1,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such MER Underlying in the applicable Issue Terms, FX shall be 1 divided by the rate calculated pursuant to the above (rounded to four decimal places); or (y) if Cross Rate is specified in respect of such Interest Underlying in the applicable Issue Terms, FX shall be the average of the mid Cross Rate A Currency/Cross Rate B Currency exchange rates quoted on the Cross Rate I Designated Page at the Cross Rate I Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Cross Rate I Designated Page for the purpose of displaying the mid Cross Rate A Currency/Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s)

on the or each relevant Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by Cross Rate A Currency/Cross Rate C Currency exchange rates quoted on the Cross Rate II Designated Page at the Cross Rate II Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Designated Page for the purpose of displaying the mid Cross Rate A Currency/Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if any such FX cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

FX Performance means, in respect of a MER Date, an amount expressed as a percentage and determined in accordance with the following formula:

$$\frac{\text{FX Perf Final}}{\text{FX Perf Initial}}$$

where,

FX Perf Final means:

- (a) where an Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the Underlying Closing Level of such Underlying for the Specified MER Valuation Date relating to that MER Date (or, if more than one such date is specified, the last occurring Specified MER Valuation Date relating to that MER Date); or
- (b) where no Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the average of the mid FX Perf A Currency/FX Perf B Currency exchange rates quoted on the FX Perf Designated Page at the FX Perf Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Designated Page for the purpose of displaying the mid FX Perf A Currency/FX Perf B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine PROVIDED THAT if such rate cannot be determined as specified in this sub-paragraph (b) it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be 1 divided by the rate calculated pursuant to as provided above in this sub-paragraph (b) (rounded to four decimal places); and (y) if FX Perf Cross Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be the average of the mid FX Perf Cross Rate A Currency/ FX Perf Cross Rate B Currency exchange rates quoted on the FX Perf Cross Rate I Designated Page at the FX Perf Cross Rate I Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate I Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by the FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rates quoted on the FX Perf Cross Rate II Designated Page at the FX Perf Cross Rate II Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate II

Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if such rate cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

FX Perf Initial means either an amount specified as such in the applicable Issue Terms or, if no such amount is so specified:

- (a) where an Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the Underlying Closing Level of such Underlying for the Specified MER Strike Date relating to that MER Date (or, if more than one such date is specified, the last occurring Specified MER Strike Date relating to that MER Date); or
- (b) where no Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the average of the mid FX Perf A Currency/FX Perf B Currency exchange rates quoted on the FX Perf Designated Page at the FX Perf Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Designated Page for the purpose of displaying the mid FX Perf A Currency/FX Perf B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Initial FX Perf Valuation Date as the Calculation Agent shall determine PROVIDED THAT if such rate cannot be determined as specified in this sub-paragraph (b) it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be 1 divided by the rate calculated pursuant to as provided above in this sub-paragraph (b) (rounded to four decimal places); and (y) if FX Perf Cross Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be the average of the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rates quoted on the FX Perf Cross Rate I Designated Page at the FX Perf Cross Rate I Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate I Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by the FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rates quoted on the FX Perf Cross Rate II Designated Page at the FX Perf Cross Rate II Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate II Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Initial FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if such rate cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

Each of "FX Perf Rate", "FX Perf Designated Page", "FX Perf Designated Time", "FX Perf Cross Rate A Currency", "FX Perf Cross Rate B Currency",

"FX Perf Cross Rate C Currency", "FX Perf Cross Rate I Designated Page", "FX Perf Cross Rate I Designated Time", "FX Perf Cross Rate II Designated Page", "FX Perf Cross Rate II Designated Time", "Final FX Perf Valuation Date" and "Initial FX Perf Valuation Date" shall be as specified in respect of the Mandatory Early Redemption Provisions in the applicable Issue Terms.

Mandatory Early Redemption Initial Level or **MER Initial Level** means, subject as provided in sub-paragraph (G) of the definition of Mandatory Early Redemption Barrier Event below, in respect of a Mandatory Early Redemption Underlying and a Mandatory Early Redemption Date:

- (A) where the Mandatory Early Redemption Initial Level is specified in the applicable Issue Terms to be "Closing Level on Mandatory Early Redemption Strike Date", the Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Strike Date, as converted by reference to the relevant FX (if any) for the Mandatory Early Redemption Strike Date;
- (B) where the Mandatory Early Redemption Initial Level is specified in the applicable Issue Terms to be "Closing Level on MER Re-strike Date", the Underlying Closing Level of such Mandatory Early Redemption Underlying on the immediately preceding MER Date or, if none, the Underlying Closing Level for such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Strike Date, as converted by reference to the relevant FX (if any) for the Mandatory Early Redemption Strike Date;
- (C) where the Mandatory Early Redemption Initial Level is specified in the applicable Issue Terms to be "Arithmetic Average Closing Level on Mandatory Early Redemption Strike Dates", the arithmetic average of the Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Strike Date, as determined by the Calculation Agent;
- (D) where the Mandatory Early Redemption Initial Level is specified in the applicable Issue Terms to be "Lowest Closing Level on Mandatory Early Redemption Strike Dates", the lowest (or equal lowest) Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Strike Date, as determined by the Calculation Agent;
- (E) where the Mandatory Early Redemption Initial Level is specified in the applicable Issue Terms to be "Lowest Intra-day Level on Mandatory Early Redemption Strike Dates", the lowest (or equal lowest) Underlying Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Strike Date, as determined by the Calculation Agent;
- (F) where the Mandatory Early Redemption Initial Level is specified in the applicable Issue Terms to be "Highest Closing Level on Mandatory Early Redemption Strike Dates", the highest (or equal highest) Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Strike Date, as determined by the Calculation Agent;

- (G) where the Mandatory Early Redemption Initial Level is specified in the applicable Issue Terms to be "Highest Intra-day Level on Mandatory Early Redemption Strike Dates", the highest (or equal highest) Underlying Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Strike Date, as determined by the Calculation Agent; or
- (H) a level specified as such for the Mandatory Early Redemption Underlying in the applicable Issue Terms.

Mandatory Early Redemption Outperformance A Underlying(s) means, in respect of the Mandatory Early Redemption Performance Provisions, the or each Mandatory Early Redemption Underlying specified as such in the applicable Issue Terms.

Mandatory Early Redemption Outperformance B Underlying(s) means, in respect of the Mandatory Early Redemption Performance Provisions, the or each Mandatory Early Redemption Underlying specified as such in the applicable Issue Terms.

Mandatory Early Redemption Performance or MER Performance means, subject as provided in sub-paragraph (G) of the definition of Mandatory Early Redemption Barrier Event below, in respect of a Mandatory Early Redemption Date and:

- (A) where "Single Underlying Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, the Mandatory Early Redemption Underlying, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Underlying:

$$\frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

- I. if (x) a Maximum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage and a Minimum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar),
- II. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the

Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar);

- III. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance Percentage is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar); and
 - IV. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance Percentage is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar);
- (B) where "Weighted Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, all of the Mandatory Early Redemption Underlyings, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Underlying:

$$\sum_{n=1}^n w_n \times \frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

- I. if (x) a Maximum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is

subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage and a Minimum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar);

- II. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar);
- III. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance Percentage is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar); and
- IV. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance Percentage is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the

Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar);

- (C) where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, each of the Mandatory Early Redemption Underlyings, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Underlying:

$$\frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

- I. if (x) a Maximum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage and a Minimum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar);
- II. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar);
- III. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance Percentage is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the

Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar); and

- IV. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance Percentage is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar);

- (D) where "Outperformance Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, an amount expressed as a percentage and determined by reference to the following formula:

$$[\text{Outperf A} - \text{Outperf B}] \times 100$$

For which purpose:

Outperf A means, in respect of such Mandatory Early Redemption Date and:

- I. where "Single Underlying Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions for Mandatory Early Redemption Outperformance A Underlying in the applicable Issue Terms, the Mandatory Early Redemption Outperformance A Underlying, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Outperformance A Underlying:

$$\frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

1. if, in respect of Mandatory Early Redemption Outperformance A Underlying (x) a Maximum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A and a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);
2. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to

Condition 1.1(b)(iii), if (x) a Maximum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event) and a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar);

3. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event Satisfied) and a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar); and
4. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event Not Satisfied) and a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar);

- II. where "Weighted Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions for Mandatory Early Redemption Outperformance A Underlying in the applicable Issue Terms, all of the Mandatory Early Redemption Outperformance A Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Outperformance A Underlying:

$$\sum_{n=1}^n w_n \times \frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

1. if, in respect of Mandatory Early Redemption Outperformance A Underlying (x) a Maximum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A is specified in the applicable Issue

Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A and a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);

2. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a Maximum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event) and a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar);
 3. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event Satisfied) and a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar); and
 4. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event Not Satisfied) and a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar); or
- III. where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions for Mandatory Early Redemption Outperformance A Underlying, each of the Mandatory Early Redemption Outperformance A Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Outperformance A Underlying:

MER Reference Level for such MER Date – MER Strike Level
MER Initial Level

PROVIDED HOWEVER THAT:

1. if, in respect of Mandatory Early Redemption Outperformance A Underlying (x) a Maximum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A and a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);
2. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a Maximum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event) and a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar);
3. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event Satisfied) and a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar); and
4. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event Not Satisfied) and a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar).

Outperf B means, in respect of such Mandatory Early Redemption Date and:

- I. where "Single Underlying Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions for Mandatory Early Redemption Outperformance B Underlying in the applicable Issue Terms, the Outperformance B Underlying, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Outperformance B Underlying:

$$\frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

1. if, in respect of Mandatory Early Redemption Outperformance B Underlying (x) a Maximum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B and a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
2. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a Maximum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event) and a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar);
3. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event Satisfied) and a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar); and
4. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is

subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event Not Satisfied) and a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar);

- II. where "Weighted Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions for Mandatory Early Redemption Outperformance B Underlying in the applicable Issue Terms, all of the Mandatory Early Redemption Outperformance B Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Outperformance B Underlying:

$$\sum_{n=1}^n w_n \times \frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

1. if, in respect of Mandatory Early Redemption Outperformance B Underlying (x) a Maximum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B and a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
2. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a Maximum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event) and a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar);
3. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event Satisfied) and a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then

Outperf B is subject to such maximum percentage and minimum percentage (a collar); and

4. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event Not Satisfied) and a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar); or

- III. where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions for Mandatory Early Redemption Outperformance B Underlying, each of the Mandatory Early Redemption Outperformance B Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Outperformance B Underlying:

$$\frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

1. if, in respect of Mandatory Early Redemption Outperformance B Underlying (x) a Maximum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B and a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
2. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a Maximum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event) and a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar);
3. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum

Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event Satisfied) and a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar); and

4. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event Not Satisfied) and a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar).

Mandatory Early Redemption Performance Underlying(s) or MERPU means, subject as provided in sub-paragraph (G) of the definition of Mandatory Early Redemption Barrier Event below, either:

- (A) where "Single Underlying Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, the Mandatory Early Redemption Underlying;
- (B) where "Weighted Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, all of the Mandatory Early Redemption Underlyings;
- (C) where "Best of Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, in respect of a Mandatory Early Redemption Date, the Mandatory Early Redemption Underlying with the Nth highest (which shall, if, in the determination of the Calculation Agent, two or more Mandatory Early Redemption Performance Underlyings are equal Nth highest, be determined in accordance with the Equality Adjustment) Mandatory Early Redemption Performance in respect of such Mandatory Early Redemption Date, as determined by the Calculation Agent;
- (D) where "Worst of Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, in respect of a Mandatory Early Redemption Date, the Mandatory Early Redemption Underlying with the Nth lowest (which shall, if, in the determination of the Calculation Agent, two or more Mandatory Early Redemption Performance Underlyings are equal Nth lowest, be determined in accordance with the Equality Adjustment) Mandatory Early Redemption Performance in respect of such Mandatory Early Redemption Date, as determined by the Calculation Agent; or

- (E) where "Outperformance Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, all of the Mandatory Early Redemption Outperformance A Underlying(s) and Mandatory Early Redemption Outperformance B Underlying(s).

Mandatory Early Redemption Reference Level or MER Reference Level means, in respect of a Mandatory Early Redemption Valuation Date or, as the case may be, Mandatory Early Redemption Valuation Dates, the related Mandatory Early Redemption Date and the or each Mandatory Early Redemption Underlying, either:

- (A) where the Mandatory Early Redemption Reference Level is specified in the applicable Issue Terms to be "Closing Level on Mandatory Early Redemption Valuation Date", the Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Valuation Date, as converted by reference to the relevant FX (if any) for such Mandatory Early Redemption Valuation Date;
- (B) where the Mandatory Early Redemption Reference Level is specified in the applicable Issue Terms to be "Arithmetic Average Closing Level on Mandatory Early Redemption Valuation Dates", the arithmetic average of the Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Valuation Date, as determined by the Calculation Agent;
- (C) where the Mandatory Early Redemption Reference Level is specified in the applicable Issue Terms to be "Lowest Closing Level on Mandatory Early Redemption Valuation Dates", the lowest (or equal lowest) Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Valuation Date, as determined by the Calculation Agent;
- (D) where the Mandatory Early Redemption Reference Level is specified in the applicable Issue Terms to be "Lowest Intra-day Level on Mandatory Early Redemption Valuation Dates", the lowest (or equal lowest) Underlying Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Valuation Date, as determined by the Calculation Agent;
- (E) where the Mandatory Early Redemption Reference Level is specified in the applicable Issue Terms to be "Highest Closing Level on Mandatory Early Redemption Valuation Dates", the highest (or equal highest) Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Valuation Date, as determined by the Calculation Agent; or
- (F) where the Mandatory Early Redemption Reference Level is specified in the applicable Issue Terms to be "Highest Intra-day Level on Mandatory Early Redemption Valuation Dates", the highest (or equal highest) Underlying Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such

Mandatory Early Redemption Valuation Date, as determined by the Calculation Agent.

W_n means

- (A) in respect of a Mandatory Early Redemption Underlying and a Mandatory Early Redemption Date and where Weighted Basket Observation is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, the percentage weighting specified for such Mandatory Early Redemption Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Mandatory Early Redemption Underlying depending on such Mandatory Early Redemption Underlying's performance determined in respect of the relevant Mandatory Early Redemption Date. Accordingly, in order to determine W_n for a Mandatory Early Redemption Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Mandatory Early Redemption Performance of such Mandatory Early Redemption Underlying shall first be calculated as provided in paragraph (C) of the definition of Mandatory Early Redemption Performance and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms;
- (B) where Outperformance Observation and, in respect of Mandatory Early Redemption Outperformance A Underlying, Weighted Basket Observation is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, in respect of a Mandatory Early Redemption Outperformance A Underlying and a Mandatory Early Redemption Date, the percentage weighting specified for such Mandatory Early Redemption Outperformance A Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Mandatory Early Redemption Outperformance A Underlying depending on such Mandatory Early Redemption Outperformance A Underlying's performance determined in respect of the relevant Mandatory Early Redemption Date. Accordingly, in order to determine W_n for a Mandatory Early Redemption Outperformance A Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Mandatory Early Redemption Performance of such Mandatory Early Redemption Outperformance A Underlying shall first be calculated as provided in paragraph III of the definition of Outperf A and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms; or
- (C) where Outperformance Observation and, in respect of Mandatory Early Redemption Outperformance B Underlying, Weighted Basket Observation is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, in respect of a Mandatory Early Redemption Outperformance B Underlying and a Mandatory Early Redemption Date, the percentage weighting specified for such Mandatory Early Redemption Outperformance B Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Mandatory Early Redemption Outperformance B Underlying depending on such Mandatory Early Redemption Outperformance B Underlying's performance determined in respect of the relevant Mandatory Early Redemption Date. Accordingly, in order to determine W_n for a Mandatory Early Redemption Outperformance A Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Mandatory Early Redemption Performance

of such Mandatory Early Redemption Outperformance B Underlying shall first be calculated as provided in paragraph III of the definition of Outperform B and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms,

PROVIDED THAT, where "Rainbow Weighting" applies, if two or more Mandatory Early Redemption Underlyings, Mandatory Early Redemption Outperformance A Underlyings or Mandatory Early Redemption Outperformance B Underlyings have an equal Mandatory Early Redemption Performance, their ranking shall be determined in accordance with the Equality Adjustment.

Mandatory Early Redemption Strike Level or **MER Strike Level** means, in respect of a Mandatory Early Redemption Underlying, the Mandatory Early Redemption Strike Level specified for such Mandatory Early Redemption Underlying in the Table set out in the applicable Issue Terms which may, if so specified in the applicable Issue Terms, be such Mandatory Early Redemption Underlying's Mandatory Early Redemption Initial Level.

Mandatory Early Redemption Underlying(s) or **MER Underlying(s)** means, in respect of the Mandatory Early Redemption Provisions, the or each Underlying specified as such in the applicable Issue Terms.

(iii) **Definitions relating to the determination of whether a Mandatory Early Redemption Barrier Event has occurred and therefore that the Mandatory Early Redemption Amount will be due on the relevant Mandatory Early Redemption Date**

A **Mandatory Early Redemption Barrier Event** will occur in respect of a Mandatory Early Redemption Date, or each related MER Barrier Observation Date in the case of (G) below, if:

- (A) where the Mandatory Early Redemption Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Barrier Event European Observation", in the determination of the Calculation Agent, the Underlying Closing Level of the Mandatory Early Redemption Barrier Underlying(s) satisfy the relevant Mandatory Early Redemption Barrier Level on the Mandatory Early Redemption Barrier Observation Date;
- (B) where the Mandatory Early Redemption Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Barrier Event European Performance Observation", in the determination of the Calculation Agent, the Mandatory Early Redemption Performance of the Mandatory Early Redemption Barrier Underlying(s) in respect of such Mandatory Early Redemption Date satisfy the relevant Mandatory Early Redemption Barrier Level;
- (C) where the Mandatory Early Redemption Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Barrier Event American Observation – Closing Level", in the determination of the Calculation Agent, the Underlying Closing Level of the Mandatory Early Redemption Barrier Underlying(s) satisfy the relevant Mandatory Early Redemption Barrier Level on each Mandatory Early Redemption Barrier Observation Date;
- (D) where the Mandatory Early Redemption Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Barrier Event American Observation – Intra-Day Level", in the determination of the Calculation Agent, the Underlying Level of the Mandatory Early Redemption Barrier Underlying(s) satisfy the relevant Mandatory Early

Redemption Barrier Level on each Mandatory Early Redemption Barrier Observation Date;

- (E) where the Mandatory Early Redemption Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Barrier Event American One-Touch Observation – Closing Level", the Underlying Closing Level of the Mandatory Early Redemption Barrier Underlying(s) satisfy the relevant Mandatory Early Redemption Barrier Level on any Mandatory Early Redemption Barrier Observation Date;
- (F) where the Mandatory Early Redemption Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Barrier Event American One-Touch Observation – Intra-Day Level", in the determination of the Calculation Agent, the Underlying Level of the Mandatory Early Redemption Barrier Underlying(s) satisfy the relevant Mandatory Early Redemption Barrier Level on any Mandatory Early Redemption Barrier Observation Date;
- (G) where the Mandatory Early Redemption Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Barrier Event American Performance Observation", in the determination of the Calculation Agent, the Mandatory Early Redemption Performance of the Mandatory Early Redemption Barrier Underlying(s) in respect of such Mandatory Early Redemption Date and each Mandatory Early Redemption Barrier Observation Date related thereto, satisfy the relevant Mandatory Early Redemption Barrier Level and, as the Mandatory Early Redemption Performance shall be calculated in respect of each Mandatory Early Redemption Barrier Observation Date relating to the relevant Mandatory Early Redemption Date, then:
 - I. reference in the definition of Mandatory Early Redemption Performance to "Mandatory Early Redemption Reference Level for such Mandatory Early Redemption Date" shall be construed to be to the "Underlying Closing Level for the relevant Mandatory Early Redemption Underlying for the relevant Mandatory Early Redemption Barrier Observation Date converted at the FX on such Mandatory Early Redemption Barrier Observation Date"; and
 - II. reference to Mandatory Early Redemption Performance being calculated "in respect of a Mandatory Early Redemption Date" or "for a Mandatory Early Redemption Date" shall be construed to be to "in respect of or, as the case may be, for a Mandatory Early Redemption Date and the relevant Mandatory Early Redemption Barrier Observation Date"
 - III. the Mandatory Early Redemption Performance Underlying(s) (if any) shall be determined in respect of the relevant Mandatory Early Redemption Barrier Observation Date; or
- (H) where the Mandatory Early Redemption Barrier Event is specified in the applicable Issue Terms to be "Target Mandatory Early Redemption Barrier Event", in the determination of the Calculation Agent and in respect of the Interest Payment Date scheduled to fall on such Mandatory Early Redemption Date, the sum of the aggregate Interest Amount(s) paid in respect of all of the Interest Payment Dates falling prior to such Interest Payment Date is equal to or greater than the Target Mandatory Early Redemption Threshold Amount specified in the applicable Issue Terms.

A Mandatory Early Redemption Upper Barrier Event or MER Upper Barrier Event will occur in respect of a Mandatory Early Redemption Date if:

- (A) where the Mandatory Early Redemption Upper Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Barrier Event European Performance Observation", in the determination of the Calculation Agent, the Mandatory Early Redemption Performance of the Mandatory Early Redemption Barrier Underlying(s) in respect of such Mandatory Early Redemption Date satisfy the MER Upper Barrier Percentage; or
- (B) where the Mandatory Early Redemption Upper Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Upper Barrier Event European Observation", in the determination of the Calculation Agent, the Underlying Closing Level of the Mandatory Early Redemption Barrier Underlying(s) satisfy the MER Upper Barrier Percentage on the Mandatory Early Redemption Barrier Observation Date.

As used in (A) and (B) above, **satisfy** means that the relevant Underlying Closing Level, Mandatory Early Redemption Performance or Underlying Level, as the case may be, are in the case of (i) below in the definition of Mandatory Early Redemption Barrier Level, greater than, greater than (or equal to), less than or less than (or equal to), as specified in the applicable Issue Terms in relation to the relevant Mandatory Early Redemption Barrier Event, the relevant Mandatory Early Redemption Barrier Level; or in the case of (ii) below in the definition of Mandatory Early Redemption Barrier Level, are neither less than the relevant Lower Mandatory Early Redemption Barrier Level nor greater than the relevant Upper Mandatory Early Redemption Barrier Level, all as determined by the Calculation Agent; or in the case of the definition of MER Upper Barrier Percentage below, are greater than, greater than (or equal to), less than or less than (or equal to), as applicable, the relevant Mandatory Early Redemption Barrier Level.

Where:

Mandatory Early Redemption Barrier Underlying(s) or MERBU means the Mandatory Early Redemption Underlying(s) specified as such in the applicable Issue Terms.

Mandatory Early Redemption Barrier Level or MER Barrier Level means, in respect of a Mandatory Early Redemption Date, (i) where a single Mandatory Early Redemption Barrier Level is specified in respect of a Mandatory Early Redemption Barrier Underlying or, as the case may be, all of the Mandatory Early Redemption Barrier Underlyings whichever of greater than, greater than (or equal to), less than or less than (or equal to), as is specified in the applicable Issue Terms, the percentage level specified for such Mandatory Early Redemption Barrier Underlying as such for such Mandatory Early Redemption Date in the Table set out in the applicable Issue Terms or (ii) where percentage levels are specified for such Mandatory Early Redemption Date in respect of a Mandatory Early Redemption Barrier Underlying or, as the case may be, the Mandatory Early Redemption Barrier Underlyings in the Table set out in the applicable Issue Terms one as a Lower Mandatory Early Redemption Barrier Level and one as an Upper Mandatory Early Redemption Barrier Level for such Mandatory Early Redemption Barrier Underlying, that the Mandatory Early Redemption Barrier Level shall mean any level that is greater than (or equal to) such Lower Mandatory Early Redemption Barrier Level and less than (or equal to) such Upper Mandatory Early Redemption Barrier Level.

MER Upper Barrier Percentage means, in respect of a Mandatory Early Redemption Barrier Underlying, whenever of greater than, greater than (or

equal to), less than or less than (or equal to), as is specified for such Mandatory Early Redemption Barrier Underlying in the applicable Issue Terms, the percentage level specified as such in the applicable Issue Terms.

(iv) **Definitions relating to the determination of the Mandatory Early Redemption Amount due if a Mandatory Early Redemption Barrier Event has occurred**

Performance-Linked Mandatory Early Redemption Amount means, in respect of each Security and a Mandatory Early Redemption Date, either

(A) where the relevant Performance-Linked Mandatory Early Redemption Amount is expressed in the applicable Issue Terms to be Put Option and:

- I. neither a Mandatory Early Redemption Participation Rate nor a Mandatory Early Redemption Adjustment Amount are specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date, expressed as a formula:

Calculation Amount \times (Relevant Percentage + MER Performance of MERPU); or

- II. a Mandatory Early Redemption Participation Rate but no Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate (**MERPR**), expressed as a formula:

Calculation Amount \times (Relevant Percentage + MER Performance of MERPU) \times MERPR; or

- III. FX Performance is specified as Applicable in the applicable Issue Terms and no Mandatory Early Redemption Participation Rate or Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by FX Performance, expressed as a formula:

Calculation Amount \times (Relevant Percentage + MER Performance of MERPU) \times FX Performance; or

- IV. a Mandatory Early Redemption Adjustment Amount (**MERAA**) but no Mandatory Early Redemption Participation Rate is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s)

(**MERPU**) for such Mandatory Early Redemption Date plus the Mandatory Early Redemption Adjustment Amount, expressed as a formula:

Calculation Amount \times (Relevant Percentage + MER Performance of MERPU) + MERAA; or

- V. a Mandatory Early Redemption Participation Rate but no Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate (**MERPR**) multiplied by FX Performance, expressed as a formula:

Calculation Amount \times (Relevant Percentage + MER Performance of MERPU) + MERPR \times FX Performance; or

- VI. a Mandatory Early Redemption Participation Rate (**MERPR**) and a Mandatory Early Redemption Adjustment Amount (**MERAA**) are specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of Relevant Percentage and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate plus the Mandatory Early Redemption Adjustment Amount, expressed as a formula:

Calculation Amount \times (Relevant Percentage + MER Performance of MERPU) \times MERPR + MERAA; or

- VII. a Mandatory Early Redemption Adjustment Amount (**MERAA**) but no Mandatory Early Redemption Participation Rate is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by the FX Performance plus the Mandatory Early Redemption Adjustment Amount, expressed as a formula:

Calculation Amount \times (Relevant Percentage + MER Performance of MERPU) \times FX Performance + MERAA; or

- VIII. a Mandatory Early Redemption Adjustment Amount and a Mandatory Early Redemption Participation Rate are specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate (**MERPR**) multiplied by FX Performance plus the MERAA, expressed as a formula:

VALUATION AND SETTLEMENT SCHEDULE

$$\begin{aligned} & \text{Calculation Amount} \times (\text{Relevant Percentage} \\ & + \text{MER Performance of MERPU}) \times \text{FX Performance} \times \text{MERPR} \\ & + \text{MERA} \end{aligned}$$

PROVIDED HOWEVER, in the case of each of (A)I to (A)VIII above, that if (x) a Maximum Mandatory Early Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Mandatory Early Redemption Amount is subject to such maximum amount (a cap); (y) a Minimum Mandatory Early Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Mandatory Early Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Mandatory Early Redemption Amount is subject to such maximum amount and a minimum amount (a collar) PROVIDED FURTHER THAT, different Maximum Mandatory Early Redemption Amounts or Minimum Mandatory Early Redemption Amounts may apply if specified in the applicable Issue Terms in respect of the satisfaction or non-satisfaction of a Mandatory Early Redemption Barrier Event and/or a Mandatory Early Redemption Upper Barrier Event;

(B) where the relevant Performance-Linked Mandatory Early Redemption Amount is expressed in the applicable Issue Terms to be Call Option and:

I. neither a Mandatory Early Redemption Participation Rate nor a Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date, expressed as a formula:

$$\text{Calculation Amount} + (\text{Calculation Amount} \times \text{MER Performance of MERPU}); \text{ or}$$

II. a Mandatory Early Redemption Participation Rate but no Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate (**MERPR**), expressed as a formula:

$$\text{Calculation Amount} + (\text{Calculation Amount} \times \text{MER Performance of MERPU} \times \text{MERPR}); \text{ or}$$

III. FX Performance is specified as Applicable in the applicable Issue Terms but no Mandatory Early Redemption Participation Rate or Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by FX Performance, expressed as a formula:

VALUATION AND SETTLEMENT SCHEDULE

Calculation Amount + (Calculation Amount × MER Performance of MERPU × FX Performance); or

- IV. a Mandatory Early Redemption Adjustment Amount (**MERAA**) but no Mandatory Early Redemption Participation Rate is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date plus the Mandatory Early Redemption Adjustment Amount, expressed as a formula:

Calculation Amount + (Calculation Amount × MER Performance of MERPU) + MERAA; or

- V. a Mandatory Early Redemption Participation Rate but no Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate (**MERPR**) multiplied by FX Performance, expressed as a formula:

Calculation Amount + (Calculation Amount × MER Performance of MERPU) × MERPR × FX Performance); or

- VI. a Mandatory Early Redemption Participation Rate and a Mandatory Early Redemption Adjustment Amount (**MERAA**) are specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate (**MERPR**) plus the Mandatory Early Redemption Adjustment Amount, expressed as a formula:

Calculation Amount + (Calculation Amount × MER Performance of MERPU) × MERPR + MERAA; or

- VII. a Mandatory Early Redemption Adjustment Amount (**MERAA**) but no Mandatory Early Redemption Participation Rate is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by the FX Performance plus the Mandatory Early Redemption Adjustment Amount, expressed as a formula:

Calculation Amount + (Calculation Amount × MER Performance of MERPU) + FX Performance × MERAA; or

- VIII. a Mandatory Early Redemption Adjustment Amount (**MERAA**) and a Mandatory Early Redemption Participation Rate (**MERPR**) are specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the sum of the Calculation Amount and the sum of the Calculation Amount multiplied by the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate multiplied by FX Performance plus the Mandatory Early Redemption Adjustment Amount, expressed as a formula:

$$\begin{aligned} & \text{Calculation Amount} \\ & + (\text{Calculation Amount} \times \text{MER Performance of MERPU}) \times \text{FX Performance} \times \text{MERPR} \\ & + \text{MERAA} \end{aligned}$$

PROVIDED HOWEVER, in the case of each of (B)I to (B)VIII above, that if (x) a Maximum Mandatory Early Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Mandatory Early Redemption Amount is subject to such maximum amount (a cap); (y) a Minimum Mandatory Early Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Mandatory Early Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Mandatory Early Redemption Amount is subject to such maximum amount and a minimum amount (a collar) PROVIDED FURTHER THAT, different Maximum Mandatory Early Redemption Amounts or Minimum Mandatory Early Redemption Amounts may apply if specified in the applicable Issue Terms in respect of the satisfaction or non-satisfaction of a Mandatory Early Redemption Barrier Event and/or a Mandatory Early Redemption Upper Barrier Event;

- (C) where the relevant Performance-Linked Mandatory Early Redemption Amount is expressed in the applicable Issue Terms to be Call Spread - Put Spread Option and:

- I. none of a Global Participation Rate, a Mandatory Early Redemption Participation Rate Call or a Mandatory Early Redemption Participation Rate Put are specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of 100 per cent. and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date) plus the Mandatory Early Redemption Adjustment Amount (**MERAA**), expressed as a formula:

$$\text{Calculation Amount} \times [\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{MERPerf})) + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, 100\% + \text{MERPerf}))] + \text{MERAA}$$

Such amount is therefore subject to a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount (a collar); or

- II. a Mandatory Early Redemption Participation Rate Call and a Mandatory Early Redemption Participation Rate Put but no Global Participation Rate, is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date (**MERPerf**), multiplied by the Mandatory Early Redemption Participation Rate Call (**MERPR Call**)) less the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of 100 per cent. and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date, multiplied by the Mandatory Early Redemption Participation Rate Put (**MERPR Put**)) plus the Mandatory Early Redemption Adjustment Amount (**MERAA**), expressed as a formula:

$$\text{Calculation Amount} \times [\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{MERPerf})) \times \text{MERPRCall}] - [\text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, 100\% + \text{MERPerf})) \times \text{MERPR Put}] + \text{MERAA}$$

Such amount is therefore subject to a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount (a collar); or

- III. an FX Performance is specified as Applicable in the applicable Issue Terms but none of a Mandatory Early Redemption Performance Rate Call, a Mandatory Early Performance Rate Put or a Global Participation Rate is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of 100 per cent. and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date) multiplied by FX Performance plus the Mandatory Early Redemption Adjustment Amount (**MERAA**), expressed as a formula:

$$\text{Calculation Amount} \times [\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{MERPerf})) + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, 100\% + \text{MERPerf}))] \times \text{FX Performance} + \text{MERAA}$$

Such amount is therefore subject to a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount (a collar); or

- IV. a Global Participation Rate but no Mandatory Early Redemption Participation Rate Call or Mandatory Early Redemption Participation Rate Put is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency

determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of 100 per cent. and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date) multiplied by the Global Participation Rate (**GPR**) plus a Mandatory Early Redemption Adjustment Amount (**MERAA**), expressed as a formula:

$$\text{Calculation Amount} \times [\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{MERPerf})) + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, 100\% + \text{MERPerf}))] \times \text{GRP} + \text{MERAA}$$

Such amount is therefore subject to a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount (a collar); or

- V. FX Performance is specified as Applicable in the applicable Issue Terms and a Mandatory Early Redemption Participation Rate Call and a Mandatory Early Redemption Participation Rate Put but no Global Participation Rate is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date, multiplied by the Mandatory Early Redemption Participation Rate Call (**MERPR Call**)) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of 100 per cent. and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Rate Put (**MERPR Put**)) multiplied by FX Performance plus a Mandatory Early Redemption Adjustment Amount (**MERAA**), expressed as a formula:

$$\text{Calculation Amount} \times [[\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{MERPerf})) \times \text{MERPR Call}] + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, 100\% + \text{MERPerf})) \times \text{MERPR Put}] \times \text{FX Performance} + \text{MERAA}$$

Such amount is therefore subject to a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount (a collar); or

- VI. a Mandatory Early Redemption Participation Rate Call and a Mandatory Early Redemption Participation Rate Put and a Global Participation Rate (**GPR**) are specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate Call (**MERPR Call**)) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of 100 per cent. and the Mandatory Early Redemption

Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate Put (**MERPR Put**) multiplied by the Global Participation Rate plus the Mandatory Early Redemption Adjustment Amount, expressed as a formula:

$$\begin{aligned} &\text{Calculation Amount} \times [\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{MERPerf})) \times \text{MERPR Call}] \\ &\quad + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}), 100\% \\ &\quad + \text{MERPerf}) \times \text{MERPR Put}] \times \text{GPR} + \text{MERAA} \end{aligned}$$

Such amount is therefore subject to a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount (a collar); or

- VII. an FX Performance is specified as Applicable in the applicable Issue Terms and a Global Participation Rate (**GPR**) but no Mandatory Early Redemption Participation Rate Call or Mandatory Early Redemption Participation Rate Put is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of 100 per cent. and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date) multiplied by the FX Performance multiplied by the GPR plus the Mandatory Early Redemption Adjustment Amount (**MERAA**), expressed as a formula:

$$\begin{aligned} &\text{Calculation Amount} \times (\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{MERPerf})) \\ &\quad + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}), 100\% \\ &\quad + \text{MERPerf})) \times \text{FX Performance} \times \text{GPR} + \text{MERAA} \end{aligned}$$

Such amount is therefore subject to a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount (a collar); or

- VIII. a Mandatory Early Redemption Participation Rate Call, a Mandatory Early Redemption Participation Rate Put and a Global Participation Rate (**GPR**) are specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate Call (**MERPR Call**)) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of 100 per cent. and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate Put (**MERPR Put**)) multiplied by the FX Performance multiplied by the GPR plus the Mandatory Early Redemption Adjustment Amount (**MERAA**), expressed as a formula:

VALUATION AND SETTLEMENT SCHEDULE

$$\begin{aligned} &\text{Calculation Amount} \times [\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{MERPerf})) \times \text{MERPR Call}] \\ &\quad + [\text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}), 100\% \\ &\quad + \text{MERPerf}) \times \text{MERPR Put}] \times \text{FX Performance} \times \text{GPR} \\ &\quad + \text{MERA} \end{aligned}$$

Such amount is therefore subject to a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount (a collar);

(D) where the relevant Performance-Linked Mandatory Early Redemption Amount is expressed in the applicable Issue Terms to be Twin Win Option and:

- I. neither a Mandatory Early Redemption Participation Rate or a Mandatory Early Redemption Adjustment Amount are specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of 100 per cent. and the Absolute Value of the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date, expressed as a formula:

$$\text{Calculation Amount} \times (100\% + \text{Abs} [\text{MER Performance of MERPU}]); \text{ or}$$

- II. a Mandatory Early Redemption Participation Rate but no a Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of 100 per cent. and the Absolute Value of the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate (**MERPR**), expressed as a formula:

$$\text{Calculation Amount} \times (100\% + \text{Abs} [\text{MER Performance of MERPU}]) \times \text{MERPR}; \text{ or}$$

- III. FX Performance is specified as Applicable in the applicable Issue Terms but no Mandatory Early Redemption Participation Rate or Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of 100 per cent. and the Absolute Value of the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by FX Performance, expressed as a formula:

$$\text{Calculation Amount} \times (100\% + \text{Abs} [\text{MER Performance of MERPU}]) \times \text{FX Performance} ;$$

or

- IV. a Mandatory Early Redemption Adjustment Amount but no Mandatory Early Redemption Participation Rate is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of 100 per cent. and the Absolute Value of the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date plus a

Mandatory Early Redemption Adjustment Amount (**MERAA**), expressed as a formula:

Calculation Amount \times (100% + Abs [MER Performance of MERPU]) + MERAA; or

- V. a Mandatory Early Redemption Participation Rate but no Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of 100 per cent. and the Absolute Value of the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by a Mandatory Early Redemption Participation Rate (**MERPR**) multiplied by FX Performance, expressed as a formula:

Calculation Amount \times (100% + Abs [MER Performance of MERPU]) \times MERPR \times FX Performance; or

- VI. a Mandatory Early Redemption Participation Rate and a Mandatory Early Redemption Adjustment Amount are specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of 100 per cent. and the Absolute Value of the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by a Mandatory Early Redemption Participation Rate (**MERPR**) plus a Mandatory Early Redemption Adjustment Amount (**MERAA**), expressed as a formula:

Calculation Amount \times (100% + Abs [MER Performance of MERPU]) \times MERPR + MERAA; or

- VII. FX Performance is specified as Applicable in the applicable Issue Terms and a Mandatory Early Redemption Adjustment Amount but no Mandatory Early Redemption Participation Rate is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of 100 per cent. and the Absolute Value of the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by FX Performance plus a Mandatory Early Redemption Adjustment Amount (**MERAA**), expressed as a formula:

Calculation Amount \times (100% + Abs [MER Performance of MERPU]) \times FX Performance + MERAA; or

- VIII. FX Performance is specified as Applicable in the applicable Issue Terms and a Mandatory Early Redemption Adjustment Amount and a Mandatory Early Redemption Participation Rate are specified in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of 100 per cent. and the Absolute Value of the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) (**MERPU**) for such Mandatory Early Redemption Date multiplied by a Mandatory Early Redemption Participation Rate (**MERPR**) and multiplied by FX Performance plus a Mandatory Early

Redemption Adjustment Amount (**MERAA**), expressed as a formula:

$$\frac{\text{Calculation Amount} \times (100\% + \text{Abs [MER Performance of MERPU]} \times \text{FX Performance})}{\times \text{MERPR} + \text{MERAA}}$$

Such amount is therefore subject to a Minimum Mandatory Early Redemption Amount (a floor).

Where:

Absolute Value or **Abs** means the positive percentage or decimal or numerical value of the percentage or decimal or number, as the case may be, without regard to its sign (thus for example the Absolute Value of -19 per cent. would be 19 per cent. and the Absolute Value of 19 per cent. would be 19 per cent.).

Call Cap means the percentage (if any) specified as such in respect of the Underlying Linked Securities Mandatory Early Redemption Provisions in the applicable Issue Terms.

Call Floor means the percentage (if any) specified as such in respect of the Underlying Linked Securities Mandatory Early Redemption Provisions in the applicable Issue Terms.

Put Cap means the percentage (if any) specified as such in respect of the Underlying Linked Securities Mandatory Early Redemption Provisions in the applicable Issue Terms.

Put Floor means the percentage (if any) specified as such in respect of the Underlying Linked Securities Mandatory Early Redemption Provisions in the applicable Issue Terms.

Maximum Mandatory Early Redemption Amount means the amount (if any) in the specified currency specified as such in the applicable Issue Terms.

Minimum Mandatory Early Redemption Amount means the amount (if any) in the specified currency specified as such in the applicable Issue Terms.

Mandatory Early Redemption Participation Rate or **MERPR** means the percentage rate (if any) specified as such in the applicable Issue Terms.

Mandatory Early Redemption Participation Rate Call or **MERPR Call** means the percentage rate (if any) specified as such in the applicable Issue Terms.

Mandatory Early Redemption Participation Rate Put or **MERPR Put** means the percentage rate (if any) specified as such in the applicable Issue Terms.

Min means the lesser of the two terms separated by a comma or semi-colon or, where such terms are the same amount, that amount, all as determined by the Calculation Agent.

Max means the greater (or equal greatest) of the two terms separated by a comma or semi-colon or, where such terms are the same amount, that amount, all as determined by the Calculation Agent.

MERPerf means, in respect of the relevant Mandatory Early Redemption Date, the MER Performance of the MER Performance Underlying for such Mandatory Early Redemption Date.

(c) **Definitions relating to redemption**

(i) **Definitions relating to Dates**

Specified Market Timer Redemption Strike Date means the or each date designated as such in the applicable Issue Terms. The or each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and the or each such date, as so adjusted, shall be a **Market Timer Redemption Strike Date**.

Specified Final Valuation Date means the or each date designated as such in the applicable Issue Terms. The or each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and the or each such date, as so adjusted, shall be a **Final Valuation Date**.

Specified Redemption Barrier Observation Date means each date or dates specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a **Redemption Barrier Observation Date**.

Specified Redemption Strike Date means, in respect of an Underlying, each date or dates specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a **Redemption Strike Date**.

Specified Redemption Upper Barrier Event Valuation Date means each date or dates specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as shall be provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a **Redemption Upper Barrier Event Valuation Date**.

(ii) **Definitions relating to the Redemption Underlying(s), the performance of the Redemption Underlying(s) and levels of the Redemption Underlying(s)**

Best Oasis Redemption Performer means, in respect of an Final Valuation Date:

- (A) if "Oasis – Best Performing Only" is specified in the applicable Issue Terms, the Redemption Underlying with the highest (which shall, if, in the determination of the Calculation Agent, two or more Redemption Underlyings are equal highest, be determined in accordance with the Equality Adjustment) Oasis Final Percentage for such Final Valuation Date; or
- (B) if "Oasis – Multiple Best Performing" is specified in the applicable Issue Terms, each Redemption Underlying which has one of the X highest Oasis Final Percentages, determined by the Calculation Agent by ranking each of the Redemption Underlyings in order of their Oasis Final Percentage in respect of such Final Valuation Date from highest to lowest, where (i) the Redemption Underlying with the highest Oasis Final Percentage will be Best Oasis Redemption Performer 1, (ii) the Redemption Underlying with the second highest Oasis Final Percentage will be Best Oasis Redemption Performer 2, and so on until (iii) the Redemption Underlying with the X highest Oasis Final Percentage will be Best Oasis Redemption Performer X,

PROVIDED THAT, if any two or more Redemption Underlyings have an equal Oasis Final Percentage in respect of such Final Valuation Date, the highest of

such Redemption Underlyings shall be determined in accordance with the Equality Adjustment.

C means the percentage specified as such in the applicable Issue Terms, which percentage may be 0 (zero) per cent.

Cross Rate I Designated Page means, in respect of a Redemption Underlying and the FX for such Underlying, such page as is specified for such Redemption Underlying in the applicable Issue Terms.

Cross Rate II Designated Page means, in respect of a Redemption Underlying and the FX for such Underlying, such page as is specified for such Redemption Underlying in the applicable Issue Terms.

Cross Rate I Designated Time means, in respect of a Redemption Underlying and the FX for such Underlying, the time specified for such Redemption Underlying in the applicable Issue Terms.

Cross Rate II Designated Time means, in respect of a Redemption Underlying and the FX for such Underlying, the time specified for such Redemption Underlying in the applicable Issue Terms.

D means the decimal specified as such in the applicable Issue Terms, which decimal may be 0 (zero).

Designated Page means, in respect of a Redemption Underlying and the FX for such Underlying, such page as is specified for such Redemption Underlying in the applicable Issue Terms.

Designated Time means, in respect of a Redemption Underlying and the FX for such Redemption Underlying, the time specified as such in the applicable Issue Terms.

Equality Adjustment means that, in respect of two or more performances, levels or values determined by the Calculation Agent to be equally high or low, the Calculation Agent will deem any of such equal highest or lowest performances, levels or values to be the highest or lowest performance, level or value, in its discretion.

Final Outperformance A Underlying(s) means, in respect of the Final Performance Provisions, the or each Redemption Underlying specified as such in the applicable Issue Terms.

Final Outperformance B Underlying(s) means, in respect of the Final Performance Provisions, the or each Redemption Underlying specified as such in the applicable Issue Terms.

Final Performance means, subject as provided in sub-paragraph (G) of the definition of Redemption Barrier Event below:

- (A) where "Single Underlying Observation" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms and in respect of the Redemption Underlying, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Redemption Underlying:

$$\frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT:

- I. if (x) a Maximum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage and a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- II. for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event) and a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- III. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Satisfied) and a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- IV. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) and a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar); or
- V. if a Final Performance Adjustment Percentage is specified in the applicable Issue Terms, the Final Performance will be adjusted by the addition of such Final Performance Adjustment Percentage to the Final Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Final Performance Percentage, Minimum Final Performance

Percentage, Maximum Final Performance Percentage (Barrier Event), Minimum Final Performance Percentage (Barrier Event), Maximum Final Performance Percentage (Barrier Event Satisfied), Minimum Final Performance Percentage (Barrier Event Satisfied), Maximum Final Performance Percentage (Barrier Event Not Satisfied) or Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Final Performance, the Final Performance Adjustment Percentage shall be applied first to the Final Performance and will not override the effect of any cap or floor that may apply;

- (B) where "Weighted Basket Observation" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms and in respect of all of the Redemption Underlyings, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Redemption Underlying:

$$\sum_{n=1}^n W_n \times \frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT:

- I. if (x) a Maximum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage and a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- II. for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event) and a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- III. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Satisfied) and a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then

the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- IV. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) and a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar); or
 - V. if a Final Performance Adjustment Percentage is specified in the applicable Issue Terms, the Final Performance will be adjusted by the addition of such Final Performance Adjustment Percentage to the Final Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Final Performance Percentage, Minimum Final Performance Percentage, Maximum Final Performance Percentage (Barrier Event), Minimum Final Performance Percentage (Barrier Event), Maximum Final Performance Percentage (Barrier Event Satisfied), Minimum Final Performance Percentage (Barrier Event Satisfied), Maximum Final Performance Percentage (Barrier Event Not Satisfied) or Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Final Performance, the Final Performance Adjustment Percentage shall be applied first to the Final Performance and will not override the effect of any cap or floor that may apply;
- (C) where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms and in respect of each of the Redemption Underlyings, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Redemption Underlying:

$$\frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT:

- I. if (x) a Maximum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage and a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar); or
- II. for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Performance Percentage (Barrier Event) is

specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event) and a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- III. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Satisfied) and a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- IV. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) and a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar); or
- V. if a Final Performance Adjustment Percentage is specified in the applicable Issue Terms, the Final Performance will be adjusted by the addition of such Final Performance Adjustment Percentage to the Final Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Final Performance Percentage, Minimum Final Performance Percentage, Maximum Final Performance Percentage (Barrier Event), Minimum Final Performance Percentage (Barrier Event), Maximum Final Performance Percentage (Barrier Event Satisfied), Minimum Final Performance Percentage (Barrier Event Satisfied), Maximum Final Performance Percentage (Barrier Event Not Satisfied) or Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Final Performance, the Final Performance Adjustment Percentage shall be applied first to the Final Performance and will not override the effect of any cap or floor that may apply;

- (D) where "Outperformance Observation" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue

Terms, an amount expressed as a percentage and determined by reference to the following formula:

$$[\text{Outperf A} - \text{Outperf B}] \times 100,$$

For which purpose:

Outperf A means

- I. where "Single Underlying Observation" is specified as applicable in respect of the Final Performance Provisions for Final Outperformance A Underlying in the applicable Issue Terms, and the Final Outperformance A Underlying, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Final Outperformance A Underlying:

$$\frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Final Outperformance A Underlying:

- (a) (x) a Maximum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Final Outperf A and a Minimum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);
- (b) for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event) and a Minimum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (c) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event Satisfied) and a Minimum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- (d) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event Not Satisfied) and a Minimum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- II. where "Weighted Basket Observation" is specified as applicable in respect of the Final Performance Provisions for Final Outperformance A Underlying in the applicable Issue Terms, and all of the Final Outperformance A Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Final Outperformance A Underlying:

$$\sum_{n=1}^n W_n \times \frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Final Outperformance A Underlying:

- (a) (x) a Maximum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Final Outperf A and a Minimum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);
- (b) for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event) and a Minimum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (c) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a

cap); (y) a Minimum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event Satisfied) and a Minimum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- (d) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event Not Satisfied) and a Minimum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- III. where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Final Performance Provisions for Final Outperformance A Underlying, and each of the Final Outperformance A Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Final Outperformance A Underlying:

$$\frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Final Outperformance A Underlying:

- (a) (x) a Maximum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Final Outperf A and a Minimum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);
- (b) for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event) and a Minimum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the

Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- (c) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event Satisfied) and a Minimum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (d) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event Not Satisfied) and a Minimum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

Outperf B means

- I. where "Single Underlying Observation" is specified as applicable in respect of the Final Performance Provisions for Final Outperformance B Underlying in the applicable Issue Terms, and the Outperformance B Underlying, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Final Outperformance B Underlying:

$$\frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Final Outperformance B Underlying:

- (a) (x) a Maximum Final Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Final Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Final Outperf B and a Minimum Final Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
- (b) for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition

1.1(c)(iii) below, if (x) a Maximum Final Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf B (Barrier Event) and a Minimum Final Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- (c) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf B (Barrier Event Satisfied) and a Minimum Final Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (d) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf B (Barrier Event Not Satisfied) and a Minimum Final Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- II. where "Weighted Basket Observation" is specified as applicable in respect of the Final Performance Provisions for Final Outperformance B Underlying in the applicable Issue Terms, and all of the Final Outperformance B Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Final Outperformance B Underlying:

$$\sum_{n=1}^n w_n \times \frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Final Outperformance B Underlying:

- (a) (x) a Maximum Final Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Final Outperf B

is specified in the applicable Issue Terms, then Outperform B is subject to such minimum decimal (a floor); or (z) a Maximum Final Outperform B and a Minimum Final Outperform B is specified in the applicable Issue Terms, then Outperform B is subject to such maximum decimal and minimum decimal (a collar);

- (b) for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Outperform B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperform B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperform B (Barrier Event) and a Minimum Final Outperform B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (c) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Outperform B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperform B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperform B (Barrier Event Satisfied) and a Minimum Final Outperform B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (d) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Outperform B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperform B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperform B (Barrier Event Not Satisfied) and a Minimum Final Outperform B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- III. where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Final Performance Provisions for Final Outperformance B Underlying, and each of the Final Outperformance B Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Final Outperformance B Underlying:

$$\frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Final Outperformance B Underlying:

- (a) (x) a Maximum Final Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Final Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Final Outperf B and a Minimum Final Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
- (b) for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf B (Barrier Event) and a Minimum Final Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (c) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf B (Barrier Event Satisfied) and a Minimum Final Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (d) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf B (Barrier Event Not Satisfied) and a Minimum Final Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- (E) where "Himalaya Final Performance – Asian Observation" is specified in as applicable in respect of the Final Performance Provisions in the applicable Issue Terms and in respect of the Redemption Underlyings, an amount expressed as a percentage and determined as the arithmetic mean of the Multiple FVD Final Performance Percentage for the relevant Redemption Underlying on the Final Valuation Dates, as determined by the Calculation Agent, PROVIDED HOWEVER THAT:
- I. if (x) a Maximum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage and a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar),
 - II. for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event) and a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
 - III. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Satisfied) and a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
 - IV. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) and a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms,

then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- V. if a Final Performance Adjustment Percentage is specified in the applicable Issue Terms, the Final Performance will be adjusted by the addition of such Final Performance Adjustment Percentage to the Final Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Final Performance Percentage, Minimum Final Performance Percentage, Maximum Final Performance Percentage (Barrier Event), Minimum Final Performance Percentage (Barrier Event), Maximum Final Performance Percentage (Barrier Event Satisfied), Minimum Final Performance Percentage (Barrier Event Satisfied), Maximum Final Performance Percentage (Barrier Event Not Satisfied) or Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Final Performance, the Final Performance Adjustment Percentage shall be applied first to the Final Performance and will not override the effect of any cap or floor that may apply;
- (F) where "Arithmetic Mean Underlying Return" is specified in as applicable in respect of the Final Performance Provisions in the applicable Issue Terms and in respect of the Redemption Underlyings, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Redemption Underlying:

$$\sum_{n=1}^n \frac{1}{n} \times \text{Underlying Return (Final)}$$

PROVIDED HOWEVER THAT:

- I. if (x) a Maximum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage and a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar),
- II. for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event) and a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- III. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Satisfied) is

specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Satisfied) and a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- IV. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) and a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar); and
 - V. if a Final Performance Adjustment Percentage is specified in the applicable Issue Terms, the Final Performance will be adjusted by the addition of such Final Performance Adjustment Percentage to the Final Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Final Performance Percentage, Minimum Final Performance Percentage, Maximum Final Performance Percentage (Barrier Event), Minimum Final Performance Percentage (Barrier Event), Maximum Final Performance Percentage (Barrier Event Satisfied), Minimum Final Performance Percentage (Barrier Event Satisfied), Maximum Final Performance Percentage (Barrier Event Not Satisfied) or Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Final Performance, the Final Performance Adjustment Percentage shall be applied first to the Final Performance and will not override the effect of any cap or floor that may apply;
- (G) where "Cliquet" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, each of the Redemption Underlyings, an amount expressed as a percentage and determined by reference to the following formulae, where each relevant constituent value is determined in relation to the relevant Redemption Underlying:
- I. if "Sum of Underlying Return Cliquet (Final)" is specified in the applicable Issue Terms:

$$\sum_{t=1}^t \text{Cliquet Underlying Return (Final)} - C; \text{ or}$$
 - II. if "Product of Underlying Return Cliquet (Final)" is specified in the applicable Issue Terms:

$$\prod_{t=1}^t \text{Cliquet Underlying Return (Final)} - C; \text{ or}$$

- III. if "Period Performance Less Cliquet Return – Sum (Final)" is specified in the applicable Issue Terms:

$$\text{Final Period Performance} - \left(\sum_{t=1}^t \text{Cliquet Underlying Return (Final)} - C \right); \text{ or}$$

- IV. if "Absolute Period Performance Less Cliquet Return – Sum (Final)" is specified in the applicable Issue Terms:

$$\text{Abs (Final Period Performance)} - \left(\sum_{t=1}^t \text{Cliquet Underlying Return (Final)} - C \right); \text{ or}$$

- V. if "Period Performance Less Cliquet Return – Product (Final)" is specified in the applicable Issue Terms:

$$\text{Final Period Performance} - \left(\prod_{t=1}^t \text{Cliquet Underlying Return (Final)} - C \right); \text{ or}$$

- VI. if "Absolute Period Performance Less Cliquet Return – Product (Final)" is specified in the applicable Issue Terms:

$$\text{Abs (Final Period Performance)} - \left(\prod_{t=1}^t \text{Cliquet Underlying Return (Final)} - C \right); \text{ or}$$

- VII. if "Cliquet Return Less Period Performance – Sum (Final)" is specified in the applicable Issue Terms:

$$\left(\sum_{t=1}^t \text{Cliquet Underlying Return (Final)} - C \right) - \text{Final Period Performance}; \text{ or}$$

- VIII. if "Cliquet Return Less Absolute Period Performance – Sum (Final)" is specified in the applicable Issue Terms:

$$\left(\sum_{t=1}^t \text{Cliquet Underlying Return (Final)} - C \right) - \text{Abs (Final Period Performance)}; \text{ or}$$

- IX. if "Cliquet Return Less Period Performance – Product (Final)" is specified in the applicable Issue Terms:

$$\left(\prod_{t=1}^t \text{Cliquet Underlying Return (Final)} - C \right) - \text{Final Period Performance}; \text{ or}$$

- X. if "Cliquet Return Less Absolute Period Performance – Product (Final)" is specified in the applicable Issue Terms:

$$\left(\prod_{t=1}^t \text{Cliquet Underlying Return (Final)} - C \right) - \text{Abs (Final Period Performance)}$$

PROVIDED HOWEVER THAT:

- (a) if (x) a Maximum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage and a Minimum Final Performance Percentage is

specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar),

- (b) for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event) and a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (c) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Satisfied) and a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (d) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) and a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar), and
- (e) if (x) a Cliquet Final Performance Floor is specified as "Cliquet Final Performance Floor" in the applicable Issue Terms, the Final Performance for such Final Valuation Date will be subject to a minimum percentage (floor) (if any) determined as the Cliquet Final Performance Floor, or (y) a Cliquet Final Performance Floor is specified as "Global Lock-in Floor" in the applicable Issue Terms, the Global Lock-in Redemption Floor Trigger has been satisfied in respect of any Final Valuation Date, the Final Performance for such Final Valuation Date will be subject to a minimum percentage (floor) of the Global Lock-in Floor Percentage specified in the applicable Issue Terms,

where:

Best Cliquet B Final Valuation Date means, in respect of each Specified Cliquet Final Valuation Period, the Final Valuation Date(s) in respect of such Specified Cliquet Final Valuation Period with the Uth highest Cliquet Final Decimals, determined by the Calculation Agent by ranking each of the Final Valuation Dates in order of their Cliquet Final Decimals from highest to lowest, where, (i) the Final Valuation Date with the highest Cliquet Final Decimal will be the highest ranking, (ii) the Final Valuation Date with the second highest Cliquet Final Decimal will be the second highest ranking, and so on until (iii) the Final Valuation Date with the lowest Cliquet Final Decimal will be the lowest ranking,

PROVIDED THAT, if any two or more Final Valuation Dates have an equal Cliquet Final Decimal, the highest of such Final Valuation Dates will be determined in accordance with the Equality Adjustment.

Cliquet Final Performance Floor means a percentage determined as the product of (A) an amount determined by the Calculation Agent as being the Cliquet Final Performance Sum Integer (if any) that is:

- (a) greater than,
- (b) greater than or equal to,
- (c) less than or equal to, or
- (d) less than (as specified in the applicable Issue Terms in respect of Cliquet Final Performance Floor),

the Cliquet Final Performance Sum determined in respect of each Final Valuation Date and (B) if specified in the applicable Issue Terms, the Cliquet Final Performance Sum Multiple or otherwise 100%,

PROVIDED THAT, if the applicable requirements in respect of any Cliquet Final Performance Floor are not satisfied, then there shall be no Cliquet Final Performance Floor.

Cliquet Final Performance Sum means, in respect of a Final Valuation Date, the sum of each Cliquet Underlying Return determined in respect of each Final Valuation Date occurring prior to (and including) the relevant Final Valuation Date.

Cliquet Final Performance Sum Integer means, as specified in the applicable Issue Terms, "the highest (or equal highest) positive integer", "the highest (or equal highest) integer", "the lowest (or equal lowest) positive integer" or "the lowest (or equal lowest) integer". For which purpose, an integer shall be any whole number (including negative whole numbers and zero) and a positive integer shall be any whole number greater than or equal to 1 (one) and, where the relevant Cliquet Final Performance Sum is not a whole number, the relevant integer shall be the nearest integer thereto, with any amount equal to a multiple of 0.5 being rounded up.

Cliquet Underlying Return (Final) means, in respect of the Redemption Underlying and the Final Valuation Date, an amount expressed as a decimal calculated in accordance with the following (the **Cliquet Final Decimal**):

- (A) if "Cliquet A (Final)", "Cliquet B (Final)" or "Cliquet C (Final)" is specified in the applicable Issue Terms, the Multiple FVD Final Performance Percentage; or

- (B) if "Cliquet A Absolute (Final)" "Cliquet B Absolute (Final)" or "Cliquet C Absolute (Final)" is specified in the applicable Issue Terms,

Abs (Multiple FVD Final Performance Percentage),

PROVIDED THAT, in either case,

- I. if (i) "Cliquet B (Final)" or "Cliquet B Absolute (Final)" and (ii) "Cliquet B Highest (Final)" are specified in the applicable Issue Terms, the Cliquet Underlying Return (Final) for the or each, as the case may be, Best Cliquet B Final Valuation Date will be deemed to be the Cliquet B Highest Return Redemption Decimal specified in the applicable Issue Terms in respect of such Specified Cliquet Final Valuation Period and not the Cliquet Final Decimal calculated in accordance with the formula above;
- II. if (i) "Cliquet B (Final)" or "Cliquet B Absolute (Final)" and (ii) "Cliquet B Lowest (Final)" are specified in the applicable Issue Terms, the Cliquet Underlying Return (Final) for the or each, as the case may be, Worst Cliquet B Final Valuation Date will be deemed to be the Cliquet B Lowest Return Redemption Decimal specified in the applicable Issue Terms in respect of such Specified Cliquet Final Valuation Period and not the Cliquet Final Decimal calculated in accordance with the formula above;
- III. if "Cliquet C (Final)" or "Cliquet C Absolute (Final)" are specified in the applicable Issue Terms and the Cliquet Final Decimal in respect of Final Valuation Date or any preceding Final Valuation Date has been either (i) greater than, (ii) greater than or equal to, (iii) less than or equal to or (iv) less than (as specified in the applicable Issue Terms in respect of Cliquet C (Final) or Cliquet C Absolute (Final), as applicable) the Cliquet C Redemption Target specified in the applicable Issue Terms, the Cliquet Underlying Return (Final) for such Final Valuation Date will be deemed to be the Cliquet C Lock-in Redemption Decimal specified in the applicable Issue Terms and not the Cliquet Final Decimal calculated in accordance with the formula above,

PROVIDED FURTHER THAT:

- (a) if a Cliquet Underlying Return Redemption Cap is specified in the applicable Issue Terms and the Cliquet Final Decimal in respect of any Final Valuation Date is greater than such Cliquet Underlying Return Redemption Cap, the Cliquet Final Decimal for such Final Valuation Date will be the Cliquet Underlying Return Redemption Cap; and
- (b) if a Cliquet Underlying Return Redemption Floor is specified in the applicable Issue Terms and the Cliquet Final Decimal in respect of any Final Valuation Date is greater than such Cliquet Underlying Return Redemption Floor, the Cliquet Final Decimal for such Final Valuation Date will be the Cliquet Underlying Return Redemption Floor.

Final Period Performance means either Final Period Performance 1, Final Period Performance 2 or Final Period Performance 3, as specified in the applicable Issue Terms PROVIDED THAT, in each case, if (x) a Maximum Final Period Performance is specified in the applicable Issue Terms, then the Final Period Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Period Performance is specified

in the applicable Issue Terms, then the Final Period Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Period Performance and a Minimum Final Period Performance is specified in the applicable Issue Terms, then the Final Period Performance is subject to such maximum percentage and minimum percentage (a collar).

Final Period Performance 1 means, in respect of an Interest Payment Date and the Redemption Underlying, a decimal equal to the Final Period Performance Percentage.

Final Period Performance 2 means, in respect of an Interest Payment Date and the Redemption Underlying, a decimal determined in accordance with the following formula:

$$D - \text{Final Period Performance Percentage.}$$

Final Period Performance 3 means, in respect of an Interest Payment Date and the Redemption Underlying, a decimal determined in accordance with the following formula:

$$D \times \text{Final Period Performance Percentage.}$$

Final Period Performance Percentage means, in respect of a Redemption Underlying, a decimal calculated in accordance with the following formula:

$$\frac{\text{Final Reference Level (Last FVD)} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

Final Reference Level (Last FVD) means, in respect of a Redemption Underlying and the last occurring Final Valuation Date specified in the applicable Issue Terms in respect of the determination of any Final Performance, the Underlying Closing Level of such Redemption Underlying on such Final Valuation Date, as converted by reference to the relevant FX (if any) for such Final Valuation Date.

Global Lock-in Redemption Floor Trigger means that, in respect of a Final Valuation Date, the Global Lock-in Redemption Sum for such Final Valuation Date is (a) greater than, (b) greater than or equal to, (c) less than or equal to or (d) less than (as specified in the applicable Issue Terms in respect of the Global Lock-in Floor Redemption Trigger) the Global Lock-in Redemption Floor Trigger Level specified in the applicable Issue Terms.

Global Lock-in Redemption Sum means, in respect of a Final Valuation Date, the sum of all Cliquet Underlying Returns determined in respect of each Final Valuation Date occurring prior to (and including) the relevant Final Valuation Date.

t means, in respect of a Cliquet Underlying Return (Final), the number of Final Valuation Dates specified in the applicable Issue Terms in respect of such Cliquet Underlying Return Final.

U means the number specified in the applicable Issue Terms for the purpose of determining the Best Cliquet B Final Valuation Dates or the Worst Cliquet B Final Valuation Date, as the case may be.

Worst Cliquet B Final Valuation Date means, in respect of each Specified Cliquet Final Valuation Period, the Final Valuation Date(s) in respect of such Specified Cliquet Final Valuation Period with the Uth lowest Cliquet Final Decimals, determined by the Calculation Agent by

ranking each of the Final Valuation Dates in order of their Cliquet Final Decimals from lowest to highest, where, (i) the Final Valuation Date with the highest Cliquet Final Decimal will be the highest ranking, (ii) the Final Valuation Date with the second highest Cliquet Final Decimal will be the second highest ranking, and so on until (iii) the Final Valuation Date with the lowest Cliquet Final Decimal will be the lowest ranking,

PROVIDED THAT, if any two or more Final Valuation Dates have an equal Cliquet Final Decimal, the highest of such Final Valuation Dates will be determined in accordance with the Equality Adjustment.

Final Performance Underlying(s) or FPU means either:

- (A) where "Single Underlying Observation" or "Cliquet" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, the Redemption Underlying;
- (B) where "Weighted Basket Observation" or "Arithmetic Mean Underlying Return" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, all of the Redemption Underlyings;
- (C) where "Best of Basket Observation" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, the Redemption Underlying with the Nth highest (which shall, if, in the determination of the Calculation Agent, two or more Final Performance Underlyings are equal Nth highest, be determined in accordance with the Equality Adjustment) Final Performance, as determined by the Calculation Agent;
- (D) where "Worst of Basket Observation" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, the Redemption Underlying with the Nth lowest (which shall, if, in the determination of the Calculation Agent, two or more Final Performance Underlyings are equal Nth lowest, be determined in accordance with the Equality Adjustment) Final Performance, as determined by the Calculation Agent; and
- (E) where "Outperformance Observation" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, all of the Final Outperformance A Underlying(s) and Final Outperformance B Underlying(s);
- (F) where "Himalaya Final Performance – Asian Observation" and "Best of Himalaya Basket Observation" are specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, in respect of each Final Valuation Date, the Redemption Underlying with the highest (which shall, if, in the determination of the Calculation Agent, two or more Redemption Underlyings are equal highest, be determined in accordance with the Equality Adjustment) Multiple FVD Final Performance Percentage on such Final Valuation Date, PROVIDED THAT a Redemption Underlying may not be the Final Performance Underlying in respect of any such Final Valuation Date if such Redemption Underlying was the Final Performance Underlying in respect of any preceding Final Valuation Date and any such Redemption Underlying will be deemed not to be an Redemption Underlying for the purpose of determining the Final Performance Underlying in respect of such Final Valuation Date, all as determined by the Calculation Agent; and

- (G) where "Himalaya Final Performance – Asian Observation" and "Worst of Himalaya Basket Observation" are specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, in respect of each Final Valuation Date, the Redemption Underlying with the lowest (which shall, if, in the determination of the Calculation Agent, two or more Redemption Underlyings are equal lowest, be determined in accordance with the Equality Adjustment) Multiple FVD Final Performance Percentage on such Final Valuation Date, PROVIDED THAT a Redemption Underlying may not be the Final Performance Underlying in respect of any such Final Valuation Date if such Redemption Underlying was the Final Performance Underlying in respect of any preceding Final Valuation Date and any such Redemption Underlying will be deemed not to be a Redemption Underlying for the purpose of determining the Final Performance Underlying in respect of such Final Valuation Date, all as determined by the Calculation Agent.

Final Reference Level means, subject as provided in sub-paragraph (G) of the definition of Redemption Barrier Event below, in respect of a Redemption Underlying, either:

- (A) where the Final Reference Level is specified in the applicable Issue Terms to be "Closing Level on Final Valuation Date", the Underlying Closing Level of such Redemption Underlying on the Final Valuation Date, as converted by reference to the relevant FX (if any) for such Final Valuation Date;
- (B) where the Final Reference Level is specified in the applicable Issue Terms to be "Arithmetic Average Closing Level on Final Valuation Dates", the arithmetic average of the Underlying Closing Level of such Redemption Underlying on the Final Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Final Valuation Date, as determined by the Calculation Agent;
- (C) where the Final Reference Level is specified in the applicable Issue Terms to be "Lowest Closing Level on Final Valuation Dates", the lowest (or equal lowest) Underlying Closing Level of such Redemption Underlying on the Final Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Final Valuation Date, as determined by the Calculation Agent;
- (D) where the Final Reference Level is specified in the applicable Issue Terms to be "Lowest Intra-day Level on Final Valuation Dates", the lowest (or equal lowest) Underlying Level of such Redemption Underlying on the Final Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Final Valuation Date, as determined by the Calculation Agent;
- (E) where the Final Reference Level is specified in the applicable Issue Terms to be "Highest Closing Level on Final Valuation Dates", the highest (or equal highest) Underlying Closing Level of such Redemption Underlying on the Final Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Final Valuation Date, as determined by the Calculation Agent; or
- (F) where the Final Reference Level is specified in the applicable Issue Terms to be "Highest Intra-day Level on Final Valuation Dates", the highest (or equal highest) Underlying Level of such Redemption Underlying on the Final Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Final Valuation Date, as determined by the Calculation Agent.

FX means, for the purpose of this Condition 1.1(c), where FX Provisions are specified as applicable in respect of the Underlying Linked Redemption Provisions in the applicable Issue Terms, (a) in respect of a Redemption Underlying and the level or value (as provided on the applicable Electronic Page (as defined in Condition 2 below)) of which is expressed or determined to be in a currency other than the Specified Currency (being, in the case of Dual Currency Securities, the Denomination Currency) (the **Relevant Currency**), either: (i) where Quanto Provisions are specified as applicable in the applicable Issue Terms, the rate specified for such Redemption Underlying in the applicable Issue Terms; or (ii) where Compo FX Provisions are specified as applicable in the applicable Issue Terms, the average of the mid Relevant Currency/Specified Currency exchange rates quoted on the Designated Page at the Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Designated Page for the purpose of displaying the mid Relevant Currency/Specified Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (expressed as the number of units of the Relevant Currency (or part thereof) for which one unit of the Specified Currency can be exchanged) PROVIDED THAT if any such FX cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate; or (b) otherwise, 1,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such Redemption Underlying in the applicable Issue Terms, FX shall be 1 divided by the rate calculated pursuant to the above (rounded to four decimal places); or (y) if Cross Rate is specified in respect of such Interest Underlying in the applicable Issue Terms, FX shall be the average of the mid Cross Rate A Currency/Cross Rate B Currency exchange rates quoted on the Cross Rate I Designated Page at the Cross Rate I Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Cross Rate I Designated Page for the purpose of displaying the mid Cross Rate A Currency/Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by Cross Rate A Currency/Cross Rate C Currency exchange rates quoted on the Cross Rate II Designated Page at the Cross Rate II Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Designated Page for the purpose of displaying the mid Cross Rate A Currency/Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if any such FX cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

Multiple FVD Final Performance Percentage means, in respect of a Final Valuation Date and a Redemption Underlying, a percentage, determined by the Calculation Agent in accordance with the following formula:

$$\frac{\text{Final Reference Level for the relevant Final Valuation Date} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

n means the number of Redemption Underlyings specified in the applicable Issue Terms.

Redemption Initial Level means, in respect of a Redemption Underlying:

- (A) where the Redemption Initial Level is specified in the applicable Issue Terms to be "Closing Level on Redemption Strike Date", the Underlying Closing Level of such Redemption Underlying on the Redemption Strike Date, as converted by reference to the relevant FX (if any) for the Redemption Strike Date;
- (B) where the Redemption Initial Level is specified in the applicable Issue Terms to be "Arithmetic Average Closing Level on Redemption Strike Dates", the arithmetic average of the Underlying Closing Level of such Redemption Underlying on the Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Redemption Strike Date, as determined by the Calculation Agent;
- (C) where the Redemption Initial Level is specified in the applicable Issue Terms to be the "Closing Level on Redemption Re-Strike Date FVD", (i) the Final Reference Level for the immediately preceding Final Valuation Date or, (ii) if there has been no such Final Valuation Date, the Underlying Closing Level for the Redemption Underlying on the Redemption Strike Date, as converted by reference to the relevant FX (if any) for such Redemption Strike Date;
- (D) where the Redemption Initial Level is specified in the applicable Issue Terms to be "Lowest Closing Level on Redemption Strike Dates", the lowest (or equal lowest) Underlying Closing Level of such Redemption Underlying on the Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Redemption Strike Date, as determined by the Calculation Agent;
- (E) where the Redemption Initial Level is specified in the applicable Issue Terms to be "Lowest Intra-day Level on Redemption Strike Dates", the lowest (or equal lowest) Underlying Level of such Redemption Underlying on the Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Redemption Strike Date, as determined by the Calculation Agent;
- (F) where the Redemption Initial Level is specified in the applicable Issue Terms to be "Highest Closing Level on Redemption Strike Dates", the highest (or equal highest) Underlying Closing Level of such Redemption Underlying on the Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Redemption Strike Date, as determined by the Calculation Agent; or
- (G) where the Redemption Initial Level is specified in the applicable Issue Terms to be "Highest Intra-day Level on Redemption Strike Dates", the highest (or equal highest) Underlying Level of such Redemption Underlying on the Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Redemption Strike Date, as determined by the Calculation Agent; or
- (H) a level specified as such for the Redemption Underlying in the applicable Issue Terms.

Redemption Strike Level means, in respect of a Redemption Underlying, the Redemption Strike Level specified for such Redemption Underlying in the applicable Issue Terms which may, if so specified in the applicable Issue Terms, be such Redemption Underlying's Redemption Initial Level.

Redemption Underlying means the or each Underlying (as defined in Condition 2(n) below) specified as a Redemption Underlying in the applicable Issue Terms.

Underlying Return (Final) means, in respect of each Redemption Underlying and a Final Valuation Date, either:

- (A) if "Single Cap - Single Valuation Date" or "Single Floor - Single Valuation Date" is specified as applicable in respect of Underlying Return (Final) in the applicable Issue Terms, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Redemption Underlying:

$$\frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

subject to, (i) if a "Single Cap" is specified in respect of Underlying Return (Final) in the applicable Issue Terms, a maximum percentage equal to the Single Cap specified in respect of Underlying Return (Final) in the applicable Issue Terms, (ii) if a "Single Floor" is specified in the applicable Issue Terms, a minimum percentage equal to the Single Floor specified in the applicable Issue Terms or (iii) if "Single Cap" and a "Single Floor" are specified in the applicable Issue Terms, a maximum percentage equal to the Single Cap and a minimum percentage equal to the Single Floor, each as specified in the applicable Issue Terms; or

- (B) if "Single Cap - Multiple Valuation Date" or "Single Floor - Multiple Valuation Date" is specified as applicable in respect of Underlying Return (Final) in the applicable Issue Terms, an amount expressed as a percentage and determined as the arithmetic mean of the Multiple FVD Final Performance Percentage for the Redemption Underlying on the Final Valuation Dates, as determined by the Calculation Agent, subject to, (i) if a "Single Cap" is specified in the applicable Issue Terms, a maximum percentage equal to the Single Cap specified in the applicable Issue Terms, (ii) if a "Single Floor" is specified in respect of Underlying Return (Final) in the applicable Issue Terms, a minimum percentage equal to the Single Floor specified in the applicable Issue Terms or (iii) if "Single Cap" and a "Single Floor" are specified in the applicable Issue Terms, a maximum percentage equal to the Single Cap and a minimum percentage equal to the Single Floor, each as specified in the applicable Issue Terms; or
- (C) if "Single Target" is specified as applicable in respect of Underlying Return (Final) in the applicable Issue Terms, an amount expressed as a percentage and determined by reference to the following formula (the **Single Target Redemption Percentage**), where each relevant constituent value is determined in relation to the relevant Redemption Underlying:

$$\frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED THAT:

- I. if a Single Target Underlying Redemption Threshold Percentage is specified in the applicable Issue Terms, and the Single Target Redemption Percentage is either (i) equal to or less than, (ii) equal to or greater than, (iii) less than, or (iv) greater than the Single Target Redemption Threshold Percentage (in each case, as specified in the applicable Issue Terms), the Underlying Return (Final) will be the Single Target Underlying Redemption Performance Percentage specified in the applicable Issue Terms; or

- II. if "Single Target Redemption (Barrier)" is specified in the applicable Issue Terms, and (i) if "Barrier Event Satisfaction Required" is specified in the applicable Issue Terms and a Redemption Barrier Event has occurred, the Underlying Return (Final) will be a percentage equal to the Single Target Underlying Redemption Performance (Barrier Event Satisfied) Percentage, and/or (ii) if "Barrier Event Satisfaction Not Required" is specified in the applicable Issue Terms and a Redemption Barrier Event has not occurred, a percentage equal to the Single Target Underlying Redemption Performance (Barrier Event Not Satisfied) Percentage; and
- (D) if "Oasis" is specified as applicable in respect of Underlying Return (Final) in the applicable Issue Terms, an amount expressed as a percentage and determined in accordance with the following formula (the Oasis Final Percentage), where each relevant constituent value is determined in relation to the relevant Redemption Underlying:

$$\frac{\text{Final Reference Level} - \text{Redemption Interest Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED THAT:

- I. if "Oasis – Best Performing Only" is specified in respect of Underlying Return (Final) in the applicable Issue Terms, the Underlying Return (Final) for the (or each, as the case may be) Best Oasis Redemption Performer will be deemed to be the Oasis Final Underlying Performance Percentage specified in the applicable Issue Terms and not the Oasis Final Percentage calculated in accordance with the formula above; or
- II. if "Oasis – Multiple Best Performing" is specified in respect of Underlying Return (Final) in the applicable Issue Terms, the Underlying Return (Final) for each Best Oasis Redemption Performer will be deemed to be the Oasis Final Underlying Performance Percentage specified in the Table set out in the applicable Issue Terms in respect of such Best Oasis Redemption Performer and not the Oasis Final Percentage calculated in accordance with the formula above.

PROVIDED THAT, if (x) a Maximum Underlying Return (Final) is specified in the applicable Issue Terms, then the Underlying Return (Final) is subject to such maximum percentage (a cap); (y) a Minimum Underlying Return (Final) is specified in the applicable Issue Terms, then the Underlying Return (Final) is subject to such minimum percentage (a floor); or (z) a Maximum Underlying Return (Final) and a Minimum Underlying Return (Final) is specified in the applicable Issue Terms, then the Underlying Return (Final) is subject to such maximum percentage and minimum percentage (a collar).

W_n means:

- (i) in respect of a Redemption Underlying and where Weighted Basket Observation is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, the percentage weighting specified for such Redemption Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Redemption Underlying depending on such Redemption Underlying's performance. Accordingly, in order to determine W_n for a Redemption Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Final Performance of such Redemption Underlying

shall first be calculated as provided in paragraph (C) of the definition of Final Performance and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms;

- (ii) where Outperformance Observation and, in respect of Final Outperformance A Underlying, Weighted Basket Observation is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, in respect of an Final Outperformance A Underlying and an Interest Payment Date, the percentage weighting specified for such Final Outperformance A Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Final Outperformance A Underlying depending on such Final Outperformance A Underlying's performance. Accordingly, in order to determine W_n for an Final Outperformance A Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Final Performance of such Final Outperformance A Underlying shall first be calculated as provided in paragraph III of the definition of Outperf A and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms; or
- (iii) where Outperformance Observation and, in respect of Final Outperformance B Underlying, Weighted Basket Observation is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, in respect of an Final Outperformance B Underlying and an Interest Payment Date, the percentage weighting specified for such Final Outperformance B Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Final Outperformance B Underlying depending on such Final Outperformance B Underlying's performance. Accordingly, in order to determine W_n for an Final Outperformance A Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Final Performance of such Final Outperformance B Underlying shall first be calculated as provided in paragraph III of the definition of Outperf B and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms,

PROVIDED THAT, where "Rainbow Weighting" applies, if two or more Redemption Underlyings, Final Outperformance A Underlyings or Final Outperformance B Underlyings have an equal Final Performance, their ranking shall be determined in accordance with the Equality Adjustment.

X means the number of Oasis Best Performers specified in the Table set out in the applicable Issue Terms in respect of Underlying Return (Final).

- (iii) **Definitions relating to the determination of the redemption amount due or assets deliverable on the Maturity Date**

Final Barrier Level means (i) where a single Final Barrier Level is specified in respect of a Redemption Barrier Underlying or, as the case may be, all of the Redemption Barrier Underlyings, whichever of, greater than, greater than (or equal to), less than or less than (or equal to), the percentage level or, as applicable, the amount specified as such in respect of a Redemption Barrier Underlying or, as the case may be, all of the Redemption Barrier Underlyings, in the applicable Issue Terms or (ii) where percentage levels are specified in respect of a Redemption Barrier Underlying or, as the case may be, all of the Redemption Barrier Underlyings, in the applicable Issue Terms one as a Lower Final Barrier Level and one as an Upper Final Barrier Level, that the Final Barrier Level shall mean in respect of a Redemption Barrier Underlying or, as the case may be, all of the Redemption Barrier Underlyings, any level that is

greater than (or equal to) such Lower Final Barrier Level and less than (or equal to) such Upper Final Barrier Level.

A Redemption Barrier Event will occur if:

- (A) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event European Observation", in the determination of the Calculation Agent, the (i) Underlying Closing Level or (ii) if "Sum of" is specified to apply in respect of the Redemption Barrier Event in the applicable Issue Terms, the sum of the Underlying Closing Levels of the Redemption Barrier Underlying(s) satisfy the relevant Final Barrier Level on the Redemption Barrier Observation Date;
- (B) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event European Performance Observation", in the determination of the Calculation Agent, the Final Performance of the Redemption Barrier Underlying(s) satisfy the relevant Final Barrier Level;
- (C) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event American Observation – Closing Level", in the determination of the Calculation Agent, the (i) Underlying Closing Level or (ii) if "Sum of" is specified in respect of the Redemption Barrier Event in the applicable Issue Terms, the sum of the Underlying Closing Levels of the Redemption Barrier Underlying(s) satisfy the relevant Final Barrier Level on each Redemption Barrier Observation Date;
- (D) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event American Observation – Intra-Day Level", in the determination of the Calculation Agent, the (i) Underlying Level or (ii) if "Sum of" is specified in respect of the Redemption Barrier Event in the applicable Issue Terms, the sum of the Underlying Levels of the Redemption Barrier Underlying(s) satisfy the relevant Final Barrier Level on each Redemption Barrier Observation Date;
- (E) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event American One-Touch Observation – Closing Level", the (i) Underlying Closing Level or (ii) if "Sum of" is specified in respect of the Redemption Barrier Event in the applicable Issue Terms, the sum of the Underlying Closing Levels of the Redemption Barrier Underlying(s) satisfy the relevant Final Barrier Level on any Redemption Barrier Observation Date;
- (F) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event American One-Touch Observation – Intra-Day Level", in the determination of the Calculation Agent, the (i) Underlying Level or (ii) if "Sum of" is specified in respect of the Redemption Barrier Event in the applicable Issue Terms, the sum of the Underlying Levels of the Redemption Barrier Underlying(s) satisfy the relevant Final Barrier Level on any Redemption Barrier Observation Date; or
- (G) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event American Performance Observation", in the determination of the Calculation Agent, the (i) Final Performance or (ii) if "Sum of" is specified in respect of the Redemption Barrier Event in the applicable Issue Terms, the sum of the Final Performances of the Redemption Barrier Underlying(s) and each

Redemption Barrier Observation Date, satisfy the relevant Final Barrier Level and, as the Final Performance shall be calculated in respect of each Redemption Barrier Observation Date, then:

- I. reference in the definition of Final Performance to "Final Reference Level" shall be construed to be to the "Underlying Closing Level for the relevant Redemption Underlying for the relevant Redemption Barrier Observation Date converted at the FX on such Redemption Barrier Observation Date";
 - II. reference to the Final Performance shall be construed to be to Final Performance for the relevant Redemption Barrier Observation Date; and
 - III. the Final Performance Underlying(s) (if any) shall be determined in respect of the relevant Redemption Barrier Observation Date; or
- (H) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Target Redemption Barrier Event", in the determination of the Calculation Agent and in respect of the Interest Payment Date scheduled to fall on the Maturity Date, the sum of the aggregate Interest Amount(s) paid in respect of all of the Interest Payment Dates falling prior to such Interest Payment Date:
- I. and, where "Include Any Interest Amount Due On Maturity Date" is specified in the applicable Issue Terms, due on that Interest Payment Date is equal to or greater than the Target Redemption Threshold Amount specified in the applicable Issue Terms; or
 - II. but, where "Exclude Any Interest Amount Due On Maturity Date" is specified in the applicable Issue Terms, excluding any Interest Amount due on the Interest Payment Date, is equal to or greater than the Target Redemption Threshold Amount specified in the applicable Issue Terms.

As used above, **satisfy** means that the relevant Underlying Closing Level, Final Performance or Underlying Level, as the case may be, are in the case of (i) above in the definition of Final Barrier Level, greater than, greater than (or equal to), less than or less than (or equal to), as specified in the applicable Issue Terms in relation to the relevant Redemption Barrier Event, the relevant Final Barrier Level; or in the case of (ii) above in the definition of Final Barrier Level, are not less than the relevant Lower Final Barrier Level nor greater than the relevant Upper Final Barrier Level, all as determined by the Calculation Agent.

Redemption Barrier Underlying(s) means the Redemption Underlyings specified as such in the applicable Issue Terms.

A **Redemption Upper Barrier Event** will occur in respect of a Specified Redemption Upper Barrier Event Valuation Date if:

- (A) where the Redemption Upper Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event Final Performance FPU", in the determination of the Calculation Agent, the Final Performance of the Final Performance Underlyings in respect of such Specified Redemption Upper Barrier Event Valuation Date is (i) greater than, (ii) greater than or equal to, (iii), less than, or (iv) less than or equal to (in each case as specified in the applicable Issue Terms in respect of the Redemption Upper Barrier Event), the Redemption Upper Barrier Percentage specified in the applicable Issue Terms and, as the Final

Performance shall be calculated in respect of each Redemption Upper Barrier Event Valuation Date:

- I. reference in the definition of Final Performance to "Final Reference Level" shall be construed to be to the "Underlying Closing Level for the relevant Redemption Underlying for the relevant Redemption Upper Barrier Event Valuation Date converted at the relevant FX (if any) for such Redemption Upper Barrier Event Valuation Date";
 - II. reference to the Final Performance shall be construed to be to Final Performance for the relevant Redemption Upper Barrier Event Valuation Date; and
 - III. the Final Performance Underlying(s) (if any) shall be determined in respect of the relevant Redemption Upper Barrier Event Valuation Date; or
- (B) where the Redemption Upper Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event Underlying Closing Level", in the determination of the Calculation Agent, the Underlying Closing Level of the Redemption Barrier Underlyings on the Specified Redemption Upper Barrier Event Valuation Date specified in the applicable Issue Terms is (i) greater than, (ii) greater than or equal to, (iii), less than, or (iv) less than or equal to (in each case as specified in the applicable Issue Terms in respect of the Redemption Upper Barrier Event), the Redemption Upper Barrier Percentage specified in the applicable Issue Terms.

(iv) **Definitions relating to the determination of the Redemption Amount due or Entitlement deliverable in relation to Physical Delivery Securities**

Entitlement means, in relation to a Physical Delivery Security and where "Weighted Basket Observation" is not specified as applicable in respect of the Final Performance Provisions only, the quantity of the Relevant Asset, which a Securityholder is entitled to receive on the Maturity Date (subject as provided herein) in respect of each Security (subject to payment of any Expenses as provided herein and rounded down as provided herein), as determined by the Calculation Agent, including any documents evidencing such Entitlement and, for such purpose, the quantity of the Relevant Asset shall be determined as an amount of the Final Performance Underlying or, if none, the Redemption Underlying (the **Entitlement Underlying**) determined by reference to the Calculation Amount (converted into the Specified Currency where relevant by multiplying the Calculation Amount by the applicable FX for the Final Valuation Date or, where there is more than one Final Valuation Date, the FX shall be the arithmetic mean of the FX for each such Final Valuation Date) divided by the Initial Level of such Entitlement Underlying (and rounded to the number of decimal places specified as the Entitlement Calculation Rounding Convention in the applicable Issue Terms (with halves being rounded up)):

$$\frac{\text{Calculation Amount} \times \text{FX of Entitlement Underlying}}{\text{Redemption Initial Level of Entitlement Underlying}}$$

Equivalent Amount means, in relation to each Security, an amount equal to the sum for each of the Relevant Asset(s) comprising the Entitlement in respect of such Security of the product of (i) the Entitlement Ratio in relation to such Relevant Asset(s) comprising the Entitlement multiplied by (ii) the Underlying Closing Level of such Relevant Asset(s) on the relevant Valuation Date (converted into the Specified Currency (being, in the case of Dual Currency Securities, the Denomination Currency) on the terms set out in the applicable Issue Terms (the **Entitlement Price**)).

Entitlement Ratio means, in respect of a Relevant Asset comprising the Entitlement, the number of shares or units or other measure of such Relevant Asset comprising the Entitlement. **Relevant Asset** means the Final Performance Underlying or, if none, the Redemption Underlying.

Performance-Linked Redemption Amount means, in respect of each Security, either

(A) where the relevant Performance-Linked Redemption Amount is expressed in the applicable Issue Terms to be Put Option and:

- I. neither an FPR nor a Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage (as specified in the applicable Issue Terms) and the Final Performance of the Final Performance Underlying(s) (**FPU**), expressed as a formula:

Calculation Amount x (Relevant Percentage + Final Performance of FPU); or

- II. an FPR but no Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage (as specified in the applicable Issue Terms) and the Final Performance of the FPU multiplied by FPR, expressed as a formula:

Calculation Amount x (Relevant Percentage + Final Performance of FPU) x FPR; or

- III. FX Performance is specified as Applicable in the applicable Issue Terms but no FPR or Redemption Adjustment is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage (as specified in the applicable Issue Terms) and the Final Performance of the FPU multiplied by the FX Performance, expressed as a formula:

Calculation Amount x (Relevant Percentage + Final Performance of FPU) x FX Performance; or

- IV. a Redemption Adjustment but no FPR is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage (as specified in the applicable Issue Terms) and the Final Performance of the FPU plus the Redemption Adjustment, expressed as a formula:

Calculation Amount x (Relevant Percentage + Final Performance of FPU) + Redemption Adjustment; or

- V. an FPR but no Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage (as specified in the applicable Issue Terms) and the Final Performance of the FPU multiplied by the FX Performance, expressed as a formula:

Calculation Amount x (Relevant Percentage + Final Performance of FPU) x FPR x FX Performance; or

- VI. an FPR and a Redemption Adjustment are specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage (as specified in the applicable Issue Terms) and the Final Performance of the FPU multiplied by the FPR plus the Redemption Adjustment, expressed as a formula:

Calculation Amount x (Relevant Percentage + Final Performance of FPU) x FPR + Redemption Adjustment; or

- VII. FX Performance is specified as Applicable in the applicable Issue Terms and a Redemption Adjustment but no FPR is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage (as specified in the applicable Issue Terms) and the Final Performance of the FPU multiplied by the FX Performance plus the Redemption Adjustment, expressed as a formula:

Calculation Amount x (Relevant Percentage + Final Performance of FPU) x FX Performance + Redemption Adjustment; or

- VIII. an FPR and a Redemption Adjustment are specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage (as specified in the applicable Issue Terms) and the Final Performance of the FPU multiplied by the FPR multiplied by the FX Performance plus the Redemption Adjustment, expressed as a formula:

Calculation Amount x (Relevant Percentage + Final Performance of FPU) x FPR x FX Performance + Redemption Adjustment

PROVIDED HOWEVER, in the case of each of (A)I to (A)VIII above, that:

- (a) if (x) a Maximum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount and a Minimum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and a minimum amount (a collar);
- (b) if a Redemption Barrier Event has occurred, if (x) a Maximum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount (Barrier Event Satisfied) and a Minimum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and minimum amount (a collar); and
- (c) if a Redemption Barrier Event has not occurred, if (x) a Maximum Redemption Amount (Barrier Event Not Satisfied) is specified in

the applicable Issue Terms, then the Redemption is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount (Barrier Event Not Satisfied) and a Minimum Redemption Amount (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and minimum amount (a collar);

(B) where the relevant Performance-Linked Redemption Amount is expressed in the applicable Issue Terms to be Call Option and:

I. neither an FPR nor a Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Final Performance of the Final Performance Underlying(s) (**FPU**), expressed as a formula:

Calculation Amount + (Calculation Amount x Final Performance of FPU); or

II. an FPR but no Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Final Performance of the FPU) multiplied by the FPR, expressed as a formula:

Calculation Amount + (Calculation Amount x Final Performance of FPU x FPR); or

III. FX Performance is specified as Applicable in the applicable Issue Terms but no FPR or Redemption Adjustment is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Final Performance of the FPU multiplied by the FX Performance, expressed as a formula:

Calculation Amount + (Calculation Amount x Final Performance of FPU x FX Performance); or

IV. a Redemption Adjustment but no FPR is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Final Performance of the Final Performance Underlying(s) (FPU) plus the Redemption Adjustment, expressed as a formula:

Calculation Amount + (Calculation Amount x Final Performance of FPU) + Redemption Adjustment; or

V. an FPR but no Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Final Performance of the FPU multiplied by the FPR multiplied by the FX Performance, expressed as a formula:

Calculation Amount + (Calculation Amount x Final Performance of FPU x FPR x FX Performance); or

- VI. an FPR and a Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Final Performance of the FPU multiplied by the FPR plus the Redemption Adjustment, expressed as a formula:

Calculation Amount + (Calculation Amount x Final Performance of FPU x FPR) + Redemption Adjustment; or

- VII. FX Performance is specified as Applicable in the applicable Issue Terms and a Redemption Adjustment but no FPR is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Final Performance of the FPU multiplied by the FX Performance plus the Redemption Adjustment, expressed as a formula:

Calculation Amount + (Calculation Amount x Final Performance of FPU x FX Performance) + Redemption Adjustment; or

- VIII. an FPR and a Redemption Adjustment are specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Final Performance of the FPU multiplied by the FPR multiplied by FX Performance plus the Redemption Adjustment, expressed as a formula:

Calculation Amount + (Calculation Amount x Final Performance of FPU x FPR x FX Performance) + Redemption Adjustment;

PROVIDED HOWEVER, in the case of each of (B)I to (B)VIII above, that:

- (a) if (x) a Maximum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount and a Minimum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and a minimum amount (a collar);
- (b) if a Redemption Barrier Event has occurred, if (x) a Maximum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount (Barrier Event Satisfied) and a Minimum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and minimum amount (a collar); and
- (c) if a Redemption Barrier Event has not occurred, if (x) a Maximum Redemption Amount (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Redemption is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount (Barrier Event Not Satisfied) is specified in the applicable Issue

Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount (Barrier Event Not Satisfied) and a Minimum Redemption Amount (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and minimum amount (a collar);

- (C) where the relevant Performance-Linked Redemption Amount is expressed in the applicable Issue Terms to be Call Spread - Put Spread Option and:

- I. none of an FPR Call, a Global Participation Rate (**GPR**) or an FPR Put is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Final Performance of the Final Performance Underlying(s)) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of the Relevant Percentage plus Final Performance of the Final Performance Underlying(s)), plus the Redemption Adjustment (**RedAdj**) expressed as a formula:

$$\text{Calculation Amount} \times [\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{FinalPerf})) + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, \text{Relevant Percentage} + \text{Final Perf}))] + \text{RedAdj}$$

Such amount is therefore subject to a Maximum Redemption Amount and a Minimum Redemption Amount (a collar); or

- II. a GPR but neither a FPR Call or a FPR Put is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Final Performance of the Final Performance Underlying(s)) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of the Relevant Percentage plus Final Performance of the Final Performance Underlying(s)), all multiplied by the GPR, plus the Redemption Adjustment (**RedAdj**) expressed as a formula:

$$\text{Calculation Amount} \times [[\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{FinalPerf})) + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, \text{Relevant Percentage} + \text{Final Perf}))] \times \text{GPR}] + \text{RedAdj}$$

- III. FX Performance is specified as Applicable in the applicable Issue Terms but none of a GPR, a FPR Call or an FPR Put is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Final Performance of the Final Performance Underlying(s)) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of the Relevant Percentage plus Final Performance of the Final Performance Underlying(s)), all multiplied by the FX Performance, plus the Redemption Adjustment (**RedAdj**) expressed as a formula:

$$\text{Calculation Amount} \times [[\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{FinalPerf})) + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, \text{Relevant Percentage} + \text{Final Perf}))] \times \text{FX Performance}] + \text{RedAdj}$$

- IV. a GPR but no FPR Call or FPR Put is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the

applicable Issue Terms, an amount in the Specified Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Final Performance of the Final Performance Underlying(s)) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of the Relevant Percentage plus Final Performance of the Final Performance Underlying(s)), all multiplied by the GPR multiplied by the FX Performance, plus the Redemption Adjustment (**RedAdj**) expressed as a formula:

$$\text{Calculation Amount} \times \left[\left[\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{FinalPerf})) + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, \text{Relevant Percentage} + \text{Final Perf})) \right] \times \text{GPR} \times \text{FX Performance} \right] + \text{RedAdj}$$

- V. a FPR Call and a FPR Put but no GPR is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Final Performance of the Final Performance Underlying(s), multiplied by the FPR Call) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of the Relevant Percentage plus Final Performance of the Final Performance Underlying(s), multiplied by the FPR Put), plus the Redemption Adjustment (**RedAdj**) expressed as a formula:

$$\text{Calculation Amount} \times \left[\left[\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{FinalPerf})) \times \text{FPR Call} \right] + \left[\text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, \text{Relevant Percentage} + \text{FinalPerf})) \times \text{FPR Put} \right] \right] + \text{RedAdj}$$

Such amount is therefore subject to a Maximum Redemption Amount and a Minimum Redemption Amount (a collar); or

- VI. a GPR, a FPR Call and a FPR Put is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Final Performance of the Final Performance Underlying(s), multiplied by the FRR Call) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of the Relevant Percentage plus Final Performance of the Final Performance Underlying(s), multiplied by the FPR Put) all multiplied by the GPR, plus the Redemption Adjustment (**RedAdj**) expressed as a formula:

$$\text{Calculation Amount} \times \left[\left[\left[\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{FinalPerf})) \times \text{FPR Call} \right] + \left[\text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, \text{Relevant Percentage} + \text{FinalPerf})) \times \text{FPR Put} \right] \right] \times \text{GPR} \right] + \text{RedAdj}$$

- VII. a FX Performance is specified as Applicable in the applicable Issue Terms and a FPR Call and a FPR Put but no GPR is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Final Performance of the Final Performance Underlying(s), multiplied by the FPR Call) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of the Relevant Percentage plus Final Performance of the Final Performance Underlying(s), multiplied by the FPR Put) all multiplied by the FX Performance, plus the Redemption Adjustment (**RedAdj**), expressed as a formula:

VALUATION AND SETTLEMENT SCHEDULE

Calculation Amount x $\left[\left[\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{FinalPerf})) \times \text{FPR Call} \right] + \left[\text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, \text{Relevant Percentage} + \text{Final Perf})) \times \text{FPR Put} \right] \right] \times \text{FX Performance} \right] + \text{RedAdj}$

- VIII. a GPR, a FPR Call and a FPR Put are specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Final Performance of the Final Performance Underlying(s), multiplied by the FRR Call) the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of the Relevant Percentage plus Final Performance of the Final Performance Underlying(s), multiplied by the FPR Put) all multiplied by the GPR and multiplied by the FX Performance, plus the Redemption Adjustment (**RedAdj**) expressed as a formula:

Calculation Amount x $\left[\left[\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{FinalPerf})) \times \text{FPR Call} \right] + \left[\text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, \text{Relevant Percentage} + \text{Final Perf})) \times \text{FPR Put} \right] \right] \times \text{GPR} \times \text{FX Performance} \right] + \text{RedAdj}$

- (D) where the relevant Performance-Linked Redemption Amount is expressed in the applicable Issue Terms to be Twin Win Option and:

- I. no FPR is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Absolute Value of the Final Performance of the Final Performance Underlying(s) (FPU), plus the Redemption Adjustment (**RedAdj**) expressed as a formula:

Calculation Amount x (Relevant Percentage + Abs [Final Performance of FPU]) + RedAdj

- II. an FPR is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Absolute Value of the Final Performance of the FPU multiplied by the FPR, plus the Redemption Adjustment (**RedAdj**) expressed as a formula:

Calculation Amount x (Relevant Percentage + Abs [Final Performance of FPU x FPR]) + RedAdj

Such amount is therefore subject to a Minimum Redemption Amount (a floor).

- III. an FX Performance is specified as Applicable in the applicable Issue Terms but no FPR is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Absolute Value of the Final Performance of the FPU multiplied by the FX Performance, plus the Redemption Adjustment (**RedAdj**) expressed as a formula:

Calculation Amount x (Relevant Percentage + Abs [Final Performance of FPU x FX Performance]) + RedAdj

- IV. an FPR is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Absolute Value of the Final Performance of the FPU multiplied by the FPR multiplied by the FX Performance, plus the Redemption Adjustment (**RedAdj**) expressed as a formula:

VALUATION AND SETTLEMENT SCHEDULE

$$\text{Calculation Amount} \times (\text{Relevant Percentage} + \text{Abs} [\text{Final Performance of FPU} \times \text{FPR} \times \text{FX Performance}]) + \text{RedAdj}$$

- (E) where the relevant Performance-Linked Redemption Amount is expressed in the applicable Issue Terms to be Market Timer and:

- I. no FPR is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of (a) the Calculation Amount and (b) the sum of 100% and the Final Performance of the Final Performance Underlying (FPU) and the Market Timer Percentage, plus the Redemption Adjustment (**RedAdj**) expressed as a formula:

$$\text{Calculation Amount} \times (100\% + \text{Final Performance of FPU} + \text{Market Timer Percentage}) + \text{RedAdj}$$

- II. an FPR is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of (a) the Calculation Amount and (b) the sum of (x) 100% and (y) the product of (i) the Final Performance of the FPU and (ii) the FPR and (z) the Market Timer Percentage, plus the Redemption Adjustment (**RedAdj**) expressed as a formula:

$$\text{Calculation Amount} \times (100\% + \text{FPR} \times \text{Final Performance of FPU} + \text{Market Timer Percentage}) + \text{RedAdj}$$

- III. an FX Performance is specified as Applicable in the applicable Issue Terms but no FPR is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of (a) the Calculation Amount and (b) the sum of (x) 100% and (y) the Final Performance of the FPU and (z) the Market Timer Percentage and (c) the FX Performance, plus the Redemption Adjustment (**RedAdj**) expressed as a formula:

$$\text{Calculation Amount} \times (100\% + \text{Final Performance of FPU} + \text{Market Timer Percentage}) \times \text{FX Performance} + \text{RedAdj}$$

- IV. an FPR is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of (a) the Calculation Amount and (b) the sum of (i) 100% and (ii) the Final Performance of the FPU multiplied by the FPR and (iii) the Market Timer Percentage and (c) the FX Performance, plus the Redemption Adjustment (**RedAdj**) expressed as a formula:

$$\text{Calculation Amount} \times (100\% + \text{FPR} \times \text{Final Performance of FPU} + \text{Market Timer Percentage}) \times \text{FX Performance} + \text{RedAdj}$$

- (F) where the relevant Performance-Linked Redemption Amount is expressed in the applicable Issue Terms to be Put Call Sum:

- I. none of a FPR or Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the Calculation Amount (**CA**) and the sum of (a) the Relevant Percentage and the Final Performance of the Final Performance Underlying(s) (FPU) and (b) the greater of the Put Call Sum Floor and the Final Performance of the FPU, expressed as a formula:

$$\text{CA} \times ((\text{Relevant Percentage} + \text{Final Performance of FPU}) + \text{Max} (\text{Put Call SumFloor}; \text{Final Performance of the FPU}))$$

- II. an FPR but no Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the

Specified Currency determined to be the product of the CA and the sum of (a) the sum of (i) the Relevant Percentage and the Final Performance of the FPU and (ii) the FPR and (b) the greater of the Put Call Sum Floor and the Final Performance of the FPU, expressed as a formula:

$$CA \times (((\text{Relevant Percentage} + \text{Final Performance of FPU}) \times \text{FPR}) + \text{Max}(\text{Put Call SumFloor}; \text{Final Performance of the FPU}))$$

- III. an FX Performance is specified as Applicable in the applicable Issue Terms but no FPR or Redemption Adjustment is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the CA and the sum of (a) the Relevant Percentage and the Final Performance of the FPU and (b) the greater of the Put Call Sum Floor and the Final Performance of the FPU, all multiplied by the FX Performance, expressed as a formula:

$$CA \times ((\text{Relevant Percentage} + \text{Final Performance of FPU}) + \text{Max}(\text{Put Call SumFloor}; \text{Final Performance of the FPU})) \times \text{FX Perf}$$

- IV. a Redemption Adjustment but no FPR is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the CA and the sum of (a) the Relevant Percentage and the Final Performance of the FPU and (b) the greater of the Put Call Sum Floor and the Final Performance of the FPU, plus or minus, as the case may be, the Redemption Adjustment (**RedAdj**), expressed as a formula:

$$CA \times ((\text{Relevant Percentage} + \text{Final Performance of FPU}) + \text{Max}(\text{Put Call SumFloor}; \text{Final Performance of the FPU})) + \text{RedAdj}$$

- V. an FPR but no Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the CA and the sum of (a) the sum of (i) the Relevant Percentage and the Final Performance of the FPU and (ii) the FPR and (b) the greater of the Put Call Sum Floor and the Final Performance of the FPU, all multiplied by the FX Perf, expressed as a formula:

$$CA \times (((\text{Relevant Percentage} + \text{Final Performance of FPU}) \times \text{FPR}) + \text{Max}(\text{Put Call SumFloor}; \text{Final Performance of the FPU})) \times \text{FX Perf}$$

- VI. an FPR and a Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the CA and the sum of (a) the sum of (i) the Relevant Percentage and the Final Performance of the FPU and (ii) the FPR and (b) the greater of the Put Call Sum Floor and the Final Performance of the FPU, plus or minus, as the case may be, the Redemption Adjustment, expressed as a formula:

$$CA \times (((\text{Relevant Percentage} + \text{Final Performance of FPU}) \times \text{FPR}) + \text{Max}(\text{Put Call SumFloor}; \text{Final Performance of the FPU})) + \text{RedAdj}$$

- VII. an FX Performance is specified as Applicable in the applicable Issue Terms and a Redemption Adjustment but no FPR is specified in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the CA and the sum of (a) the Relevant Percentage and the Final Performance of the FPU and (b) the greater of the Put Call Sum Floor and the Final Performance of the FPU, all multiplied by the FX Performance and plus or minus, as the case may be, the Redemption Adjustment, expressed as a formula:

$CA \times ((\text{Relevant Percentage} + \text{Final Performance of FPU}) + \text{Max}(\text{Put Call SumFloor}; \text{Final Performance of the FPU})) \times \text{FX Perf} + \text{RedAdj}$

VIII. an FPR and a Redemption Adjustment are specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Specified Currency determined to be the product of the CA and the sum of (a) the sum of (i) the Relevant Percentage and the Final Performance of the FPU and (ii) the FPR and (b) the greater of the Put Call Sum Floor and the Final Performance of the FPU, plus or minus, as the case may be, the Redemption Adjustment, expressed as a formula:

$CA \times (((\text{Relevant Percentage} + \text{Final Performance of FPU}) \times \text{FPR}) + \text{Max}(\text{Put Call SumFloor}; \text{Final Performance of the FPU})) \times \text{FX Perf} + \text{RedAdj}$

PROVIDED HOWEVER, in the case of each of (F)I to (F)VIII above, that:

- (a) if (x) a Maximum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount and a Minimum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and a minimum amount (a collar);
 - (b) if a Redemption Barrier Event has occurred, if (x) a Maximum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount (Barrier Event Satisfied) and a Minimum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and minimum amount (a collar); and
 - (c) if a Redemption Barrier Event has not occurred, if (x) a Maximum Redemption Amount (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Redemption is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount (Barrier Event Not Satisfied) and a Minimum Redemption Amount (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and minimum amount (a collar),
- (G) where the relevant Performance-Linked Redemption Amount is expressed in the applicable Issue Terms to be Swaption, an amount in the Specified Currency determined to be the product of (a) the Calculation Amount and (b) 100% less the product of (i) Final Participation Rate, (ii) the greater of (A) the Annuity Floor and (B) the Final Reference Level (**FRL**) of the Final Performance Underlying multiplied by the Annuity Factor and (iii) the Annuity, expressed as a formula:

$\text{Calculation Amount} \times \{100\% - [\text{FPR} \times \text{Max}(\text{Annuity Floor}, \{\text{AF} \times \text{Final Reference Level of FPU}\}) \times \text{Annuity}]\}$

if a Minimum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor).

Where:

Absolute Value or **Abs** means the positive percentage or decimal or numerical value of the percentage or decimal or number, as the case may be, without regard to its sign (thus for example the Absolute Value of -19 per cent. would be 19 per cent. and the Absolute Value of 19 per cent. would be 19 per cent.).

Annuity means, in respect of the Final Valuation Date, an amount expressed as a percentage and determined in respect of each year i (where $i = 1 \dots t$ and t means the number specified as such in the applicable Issue Terms) in accordance with the following formula:

$$\sum_{i=1}^t \frac{1}{(1 + \text{Final Reference Level of FPU})^i}$$

Annuity Factor or **AF** means the positive or negative amount specified as such in the applicable Issue Terms.

Annuity Floor means the positive or negative percentage specified as such in the applicable Issue Terms.

Call Cap means the percentage (if any) specified as such in respect of the Performance-Linked Redemption Amount Provisions in the applicable Issue Terms.

Call Floor means the percentage (if any) specified as such in respect of the Performance-Linked Redemption Amount Provisions in the applicable Issue Terms.

FX Performance means, in respect of a Final Valuation Date an amount expressed as a percentage and determined in accordance with the following formula:

$$\frac{\text{FX Perf Final}}{\text{FX Perf Initial}}$$

where,

FX Perf Final means:

- (a) where an Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the Underlying Closing Level of such Underlying for the Specified Final Valuation Date relating to that Final Valuation Date (or, if more than one such date is specified, the last occurring Specified Final Valuation Date relating to that Final Valuation Date); or
- (b) where no Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the average of the mid FX Perf A Currency/FX Perf B Currency exchange rates quoted on the FX Perf Designated Page at the FX Perf Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Designated Page for the purpose of displaying the mid FX Perf A Currency/FX Perf B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation

Date as the Calculation Agent shall determine PROVIDED THAT if such rate cannot be determined as specified in this subparagraph (b) it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be 1 divided by the rate calculated pursuant to as provided above in this subparagraph (b) (rounded to four decimal places); and (y) if FX Perf Cross Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be the average of the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rates quoted on the FX Perf Cross Rate I Designated Page at the FX Perf Cross Rate I Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate I Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by the FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rates quoted on the FX Perf Cross Rate II Designated Page at the FX Perf Cross Rate II Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate II Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if such rate cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

FX Perf Initial means either an amount specified as such in the applicable Issue Terms or, if no such amount is so specified:

- (a) where an Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the Underlying Closing Level of such Underlying for the Specified Redemption Strike Date relating to that Final Valuation Date (or, if more than one such date is specified, the last occurring Specified Redemption Strike Date relating to that Final Valuation Date); or
- (b) where no Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the average of the mid FX Perf A Currency/FX Perf B Currency exchange rates quoted on the FX Perf Designated Page at the FX Perf Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Designated Page for the purpose of displaying the mid FX Perf A Currency/FX Perf B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Initial FX Perf Valuation Date as the Calculation Agent shall determine PROVIDED THAT if such rate cannot be determined as specified in this subparagraph (b) it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be 1 divided by the rate calculated pursuant to as provided above in this subparagraph (b) (rounded to four decimal places); and (y) if FX Perf Cross Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be the average of the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rates quoted on the FX Perf Cross Rate I Designated Page at the FX Perf Cross Rate I Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate I Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by the FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rates quoted on the FX Perf Cross Rate II Designated Page at the FX Perf Cross Rate II Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate II Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Initial FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if such rate cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

Each of **FX Perf Rate**, **FX Perf Designated Page**, **FX Perf Designated Time**, **FX Perf Cross Rate A Currency**, **FX Perf Cross Rate B Currency**, **FX Perf Cross Rate C Currency**, **FX Perf Cross Rate I Designated Page**, **FX Perf Cross Rate I Designated Time**, **FX Perf Cross Rate II Designated Page**, **FX Perf Cross Rate II Designated Time**, **Final FX Perf Valuation Date** and **Initial FX Perf Valuation Date** shall be as specified in respect of the Final Redemption Provisions in the applicable Issue Terms.

Put Cap means the percentage (if any) specified as such in respect of the Performance-Linked Redemption Amount Provisions in the applicable Issue Terms.

Put Call Sum Floor means the percentage (if any) specified as such in respect of the Performance-Linked Redemption Amount Provisions in the applicable Issue Terms.

Put Floor means the percentage (if any) specified as such in respect of the Performance-Linked Redemption Amount Provisions in the applicable Issue Terms.

Market Timer Redemption Initial Level means, in respect of a Redemption Underlying:

- (a) where the Market Timer Redemption Initial Level is specified in the applicable Issue Terms to be "Lowest Closing Level on Market Timer Redemption Strike Dates", the lowest (or equal lowest) Underlying Closing Level of such Redemption Underlying on the Market Timer Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Market Timer Redemption Strike Date, as determined by the Calculation Agent;

- (b) where the Market Timer Redemption Initial Level is specified in the applicable Issue Terms to be "Lowest Intra-day Level on Market Timer Redemption Strike Dates", the lowest (or equal lowest) Underlying Level of such Redemption Underlying on the Market Timer Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Market Timer Redemption Strike Date, as determined by the Calculation Agent; or
- (c) a level specified as such for the Redemption Underlying in the applicable Issue Terms.

Market Timer Percentage means an amount in respect of a Redemption Underlying, determined by the Calculation Agent and expressed as a percentage, calculated in accordance with the following formula:

$$\frac{\text{Redemption Initial Level} - \text{Market Timer Redemption Initial Level}}{\text{Redemption Initial Level}}$$

PROVIDED THAT, if (x) a Maximum Market Timer Percentage is specified in the applicable Issue Terms, then the Market Timer Percentage is subject to such maximum percentage (a cap); (y) a Minimum Market Timer Percentage is specified in respect thereof in the applicable Issue Terms, then the Market Timer Percentage is subject to such minimum percentage (a floor); or (z) a Maximum Market Timer Percentage and a Minimum Market Timer Percentage is specified in respect thereof in the applicable Issue Terms, then the Market Timer Percentage is subject to such maximum percentage and a minimum percentage (a collar).

Maximum Redemption Amount means the amount (if any) in the Specified Currency specified as such in the applicable Issue Terms.

Minimum Redemption Amount means the amount (if any) in the Specified Currency specified as such in the applicable Issue Terms.

Final Participation Rate or **FPR** means the percentage rate (if any) specified as such in the applicable Issue Terms.

Final Participation Rate Call or **FPR Call** means the percentage rate (if any) specified as such in the applicable Issue Terms.

Final Participation Rate Put or **FPR Put** means the percentage rate (if any) specified as such in the applicable Issue Terms.

Min means the lesser of the two terms separated by a comma or, where such terms are the same amount, that amount, all as determined by the Calculation Agent.

Max means the greater (or equal greatest) of the two terms separated by a comma or, where such terms are the same amount, that amount, all as determined by the Calculation Agent.

FinalPerf means the Final Performance of the Final Performance Underlying.

1.2 Interest Amount due in respect of the Securities if no Interest Barrier Event is specified to apply

If the Securities are Fixed Rate Securities, Floating Rate Securities, Inflation Rate Securities or Interim Performance Interest Securities and (except in relation to Fixed Rate Securities which are Range Accrual Securities), in respect of any Interest Payment Date, no Interest

Barrier Event is specified in the applicable Issue Terms, then the Issuer will pay the relevant Interest Amount on such Interest Payment Date.

1.3 Interest Amount due in respect of the Securities if Interest Barrier Event is specified to apply

If the Securities are Fixed Rate Securities, Floating Rate Securities, Inflation Rate Securities or Interim Performance Interest Securities and an Interest Barrier Event is specified to apply in the applicable Issue Terms and, in respect of an Interest Payment Date:

- (a) an Interest Barrier Event has not occurred, either (i) no amount or (ii) the Interest Amount specified in the applicable Issue Terms and/or this Valuation and Settlement Schedule in respect of interest will be paid on such Interest Payment Date; or
- (b) if an Interest Barrier Event has occurred, the relevant Interest Amount, as specified in the applicable Issue Terms and/or this Valuation and Settlement Schedule, will be paid on such Interest Payment Date.

1.4 Non-Contingent Interest Amount in relation to the Securities

If the Non-Contingent Interest Provisions are specified as applicable in the applicable Issue Terms, then the Issuer will pay each Non-Contingent Interest Amount in respect of each Security on each Non-Contingent Interest Amount Payment Date. If Non-Contingent Interest Provisions are not specified as applicable in the applicable Issue Terms, then no Non-Contingent Interest Amount shall be due in respect of the Securities.

1.5 Other Interest Amounts

If the Underlying Linked Interest Provisions of this Valuation and Settlement Condition 1.5 are specified as applicable in the applicable Pricing Supplement, then the Issuer will pay the Interest Amount in respect of each Security on each Interest Payment Date.

1.6 Mandatory Early Redemption Amount due on a Mandatory Early Redemption Date if a Mandatory Early Redemption Barrier Event has occurred

Where Mandatory Early Redemption Provisions are specified as applicable in the applicable Issue Terms and if, in respect of a Mandatory Early Redemption Date, a Mandatory Early Redemption Barrier Event has occurred, the Issuer shall:

- (a) where no Mandatory Early Redemption Upper Barrier Percentage is specified in the applicable Issue Terms, pay the amount specified in the applicable Issue Terms as the "Mandatory Early Redemption Amount due where MER Upper Barrier Percentage is Not Applicable" in respect of each Security; or
- (b) where a Mandatory Early Redemption Upper Barrier Percentage is specified in the applicable Issue Terms and:
 - (i) a MER Upper Barrier Event has occurred, pay the amount specified in the applicable Issue Terms as the "Upper Mandatory Early Redemption Amount" in respect of each Security; or
 - (ii) a MER Upper Barrier Event has not occurred, pay the amount specified in the applicable Issue Terms as the "Lower Mandatory Early Redemption Amount" in respect of each Security.

1.7 Redemption Amount or Entitlement deliverable on the Maturity Date

- (a) Where the Securities are not specified to be Preference Share Linked Securities in the applicable Issue Terms:

Where Redemption Barrier Event is:

- (i) not specified as applicable in the applicable Issue Terms, the Issuer shall pay the amount specified in the applicable Issue Terms as the Redemption Amount (which, if so specified, shall be determined in accordance with the Underlying Linked Securities Redemption Provisions set out therein) in respect of each Security on the Maturity Date; or
- (ii) specified as applicable in the applicable Issue Terms and:
 - (A) a Redemption Barrier Event has not occurred, the Issuer shall:
 - I. where no Redemption Upper Barrier Event is specified in the applicable Issue Terms, pay the amount specified in the applicable Issue Terms as the "Redemption Amount due where no Redemption Barrier Event has occurred and no Redemption Upper Barrier Event is specified" in respect of each Security; or
 - II. where a Redemption Upper Barrier Event is specified in the applicable Issue Terms and:
 - (a) a Redemption Upper Barrier Event has occurred, pay the amount specified in the applicable Issue Terms as the "Upper Redemption Amount due where no Redemption Barrier Event has occurred" in respect of each Security; or
 - (b) a Redemption Upper Barrier Event has not occurred, pay the amount specified in the applicable Issue Terms as the "Lower Redemption Amount due where no Redemption Barrier Event has occurred" in respect of each Security;
 - (B) a Redemption Barrier Event has occurred, the Issuer shall either:
 - I. where the Securities are specified in the applicable Issue Terms to be Physical Delivery Securities if a Redemption Barrier Event has occurred, deliver the Entitlement in respect of each Security; OR
 - II. where the Securities are specified in the applicable Issue Terms to be Cash Settled Securities, pay the Redemption Amount due where a Redemption Barrier Event has occurred in respect of each Security.
- (b) Where the Securities are specified to be Preference Share Linked Securities in the applicable Issue Terms, the Redemption Amount in respect of each Security will be the Preference Share-Linked Redemption Amount determined in accordance with the provisions below.

For the purposes thereof:

(i) **Definitions relating to Dates**

Autocall Observation Date means each date (if any) designated as such in the applicable Issue Terms.

Preference Share Valuation Date means either (i) the date specified as such in the applicable Issue Terms or (ii) if the terms and conditions of the Preference Share provide that the Preference Share are to be redeemed early following the occurrence of an "autocall event" on an Autocall Observation Date, the Autocall Observation Date on which such autocall event occurs, PROVIDED THAT, if any date used for the valuation or any determination of any Preference Share Underlying (or any part thereof) falling on or about any such date is delayed or to be delayed in accordance with the terms and conditions of the Preference Share by reason of a non-scheduled trading day, a disrupted day or the occurrence of an adjustment event (howsoever described in the terms and

conditions of the Preference Shares), the Preference Share Valuation Date shall be the last delayed date on which any such valuation or determination is made, as determined by the Calculation Agent.

Preference Share Underlying means, in respect of the Preference Share, the underlying asset(s) or reference basis(es) to which the redemption amount of the Preference Share is linked.

Specified Final Valuation Date means the number of Business Days following the Preference Share Valuation Date specified in the applicable Issue Terms. Such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and/or the applicable Issue Terms and such date, as so adjusted shall be the **Final Valuation Date**.

Specified Redemption Strike Date means the Issue Date. Such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and/or the applicable Issue Terms and such date, as so adjusted shall be the **Redemption Strike Date**.

(ii) **Definitions relating to the Redemption Underlying, the performance of the Redemption Underlying and levels of the Redemption Underlying**

Final Performance means, in respect of the Redemption Underlying, an amount expressed as a percentage and determined by reference to the following formula:

$$\frac{\text{Final Reference Level}}{\text{Redemption Initial Level}}$$

Final Reference Level means, in respect of the Redemption Underlying, the Underlying Closing Level of the Redemption Underlying on the Final Valuation Date.

Redemption Initial Level means, in respect of the Redemption Underlying, the Underlying Closing Level of the Redemption Underlying on the Redemption Strike Date.

Redemption Underlying means the Underlying (as defined in Valuation and Settlement Condition 2(n) (*Underlying Valuation Provisions - Definitions*) below) specified as the Redemption Underlying in the applicable Issue Terms.

(iii) **Definitions relating to the determination of the Redemption Amount due**

Preference Share-Linked Redemption Amount means an amount in the Specified Currency determined to be the product of the Calculation Amount and the Final Performance of the Redemption Underlying, expressed as a formula:

$$\text{Calculation Amount} \times \text{Final Performance of Redemption Underlying.}$$

- (c) In the case of Exempt Securities only, where "Other Redemption Amount/Entitlement" is specified as applicable in the applicable Pricing Supplement, Valuation and Settlement Conditions 1.7(a) and 1.7(b) shall not apply and the Redemption Amount and/or Entitlement payable or deliverable in respect of the Securities shall be as set out in the applicable Pricing Supplement.

For the purposes of this Valuation and Settlement Condition 1.7(c) where the Securities are Physical Delivery Securities:

Entitlement means the quantity of the Relevant Asset or the Relevant Assets, as the case may be, which a Securityholder is entitled to receive on the Maturity Date in respect of each Security following payment of any Expenses as provided in the applicable Pricing Supplement and rounded to the number of decimal places specified as the Entitlement Calculation

Rounding Convention in the applicable Pricing Supplement (with halves being rounded up), including any documents evidencing such Entitlement.

Relevant Asset means the asset(s) specified as such in the applicable Pricing Supplement

2. Underlying Valuation Provisions

- (a) The provisions applicable to valuing each Underlying, to making any adjustment to Valuation Dates or to making any other adjustment following Adjustment Events or to determining any Mandatory Early Redemption Barrier Event or Early Redemption Event are specified in this Valuation and Settlement Condition 2 and in the Underlying Schedule applicable to such Underlying, as completed by the applicable Final Terms or, as the case may be, as completed, modified and/or supplemented by the applicable Pricing Supplement.

- (b) *Underlying Closing Level or Underlying Level on a Valuation Date*

The Underlying Closing Level or the Underlying Level (as applicable) of an Underlying on a Valuation Date shall be determined as specified in the Underlying Schedule applicable to such Underlying.

- (c) *Adjustments to Valuation Dates (Scheduled Trading Days)*

Subject as provided in the Underlying Schedules applicable to the relevant Underlying(s), any Specified Valuation Date(s) specified in the applicable Issue Terms shall be adjusted in accordance with the following provisions:

- (i) The following sub-paragraph shall apply to Securities linked to one Underlying.

If a Specified Valuation Date is not a Scheduled Trading Day for the Underlying, then the Valuation Date shall be the first succeeding day immediately following such Specified Valuation Date which is a Scheduled Trading Day for the Underlying, unless in the opinion of the Calculation Agent such day is a Disrupted Day for the Underlying, in which case Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) below or Valuation and Settlement Condition 2(f) (*Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*) below (as applicable) or, as the case may be, the provisions relating to adjustment to Valuation Dates for Disrupted Days set out in the Underlying Schedules applicable to the relevant Underlying(s), shall apply.

- (ii) The following sub-paragraph shall apply to Securities linked to more than one Underlying if "Move In Block" is specified in the applicable Issue Terms.

If a Specified Valuation Date is not a Scheduled Trading Day for any Underlying, then the Valuation Date shall be the first succeeding day immediately following such Specified Valuation Date which is a Scheduled Trading Day for all of the Underlyings, unless in the opinion of the Calculation Agent such day is a Disrupted Day for any of the Underlyings, in which case Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) below or Valuation and Settlement Condition 2(f) (*Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*) below (as applicable) or, as the case may be, the provisions relating to adjustment to Valuation Dates for Disrupted Days set out in the Underlying Schedules applicable to the relevant Underlying(s), shall apply.

- (iii) The following sub-paragraph shall apply to Securities linked to more than one Underlying if "Value What You Can" is specified in the applicable Issue Terms.

If a Specified Valuation Date is not a Scheduled Trading Day for any Underlying, then:

- (A) the Valuation Date for each Underlying for which such Specified Valuation Date is a Scheduled Trading Day shall be such Specified Valuation Date, unless in the opinion of the Calculation Agent such day is a Disrupted Day for such Underlying, in which case Valuation and Settlement Condition 2(d)

(Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)) below or Valuation and Settlement Condition 2(f) *(Adjustment to Valuation Dates (Disrupted Days and Underlying Levels))* (as applicable) or, as the case may be, the provisions relating to adjustment to Valuation Dates for Disrupted Days set out in the Underlying Schedules applicable to the relevant Underlying(s), shall apply; and

- (B) the Valuation Date for each Underlying for which such Specified Valuation Date is not a Scheduled Trading Day shall be the first succeeding day immediately following such Specified Valuation Date which is a Scheduled Trading Day for such affected Underlying, unless in the opinion of the Calculation Agent such day is a Disrupted Day for such Underlying, in which case Valuation and Settlement Condition 2(d) *(Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels))* below or Valuation and Settlement Condition 2(f) *(Adjustment to Valuation Dates (Disrupted Days and Underlying Levels))* below (as applicable) or, as the case may be, the provisions relating to adjustment to Valuation Dates for Disrupted Days set out in the Underlying Schedules applicable to the relevant Underlying(s), shall apply.

(d) *Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*

Subject as provided in the Underlying Schedules applicable to the relevant Underlying(s), any Specified Valuation Date(s) (if applicable, as adjusted in accordance with the provisions of Condition 2(c) above and/or, as the case may be, the provisions of the Underlying Schedules applicable to the relevant Underlying(s)) shall be adjusted in accordance with the following provisions:

- (i) The following sub-paragraph shall apply to Securities linked to one Underlying, subject as provided in Valuation and Settlement Condition 2(d)(iv) below.

If such Specified Valuation Date for such Underlying is a Disrupted Day for such Underlying, then the Valuation Date shall be the earlier of: (I) the first succeeding day immediately following such Specified Valuation Date which is a Scheduled Trading Day and which is not a Disrupted Day for the Underlying; and (II) the Scheduled Trading Day which is the Valuation Roll number of Scheduled Trading Days immediately following such Specified Valuation Date.

- (ii) The following sub-paragraph shall apply to Securities linked to more than one Underlying if "Move In Block" is specified in the applicable Issue Terms, subject as provided in Valuation and Settlement Condition 2(d)(iv) below.

If such Specified Valuation Date is a Disrupted Day for any Underlying, then such Valuation Date shall be the earlier of: (I) the first succeeding day immediately following such Specified Valuation Date which is a Scheduled Trading Day for all the Underlyings and which is not a Disrupted Day for all of the Underlyings; and (II) the Scheduled Trading Day for all the Underlyings which is the Valuation Roll number of Scheduled Trading Days for all the Underlyings immediately following such Specified Valuation Date.

- (iii) The following sub-paragraph shall apply to Securities linked to more than one Underlying if "Value What You Can" is specified in the applicable Issue Terms, subject as provided in Valuation and Settlement Condition 2(d)(iv) below.

If such Specified Valuation Date is a Disrupted Day for any Underlying, then:

- (A) if such Specified Valuation Date is not a Disrupted Day for an Underlying, then the Valuation Date for such Underlying shall be such Specified Valuation Date; and
- (B) if such Specified Valuation Date is a Disrupted Day for an Underlying, then the Valuation Date for such Underlying shall be the earlier of: (1) the first succeeding day immediately following such Specified Valuation Date which is a

Scheduled Trading Day for such Underlying and which is not a Disrupted Day for such Underlying; and (2) the Scheduled Trading Day which is the Valuation Roll number of Scheduled Trading Days for such Underlying immediately following such Specified Valuation Date.

- (iv) If the Valuation Date for any Underlying determined as provided above would otherwise fall on a day falling after the second Scheduled Trading Day (the **Cut-off Valuation Date**) for such Underlying prior to the date on which a relevant payment or delivery, as applicable, is scheduled to be made under the Securities, such Valuation Date shall be deemed to be the Cut-off Valuation Date (notwithstanding that such date is a Disrupted Day for such Underlying) and the provisions of Valuation and Settlement Condition 2(e)(ii) below shall apply in respect thereof.
- (e) *Adjustments to Valuation Dates (Calculation Agent's determination of Underlying Closing Levels)*
 - (i) If the Valuation Date for any Underlying (as determined in accordance with Condition 2(d) above) is a Disrupted Day for such Underlying, then (unless otherwise specified in the Underlying Schedule applicable to such Underlying) the Calculation Agent shall determine the Underlying Closing Level of such Underlying on such Valuation Date using its good faith estimate of the Underlying Closing Level of such Underlying at the Valuation Time (where relevant) on or for such day.
 - (ii) If the Valuation Date for any Underlying (as determined in accordance with Condition 2(d)(iv) above) is determined to occur on the Cut-off Valuation Date for such Underlying, then (unless otherwise specified in the Underlying Schedule applicable to such Underlying) the Calculation Agent shall determine the Underlying Closing Level of such Underlying on such Cut-off Valuation Date using its good faith estimate of the Underlying Closing Level of such Underlying at the Valuation Time (where relevant) on or for such day.
- (f) *Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*

If the Calculation Agent determines that the Underlying Level of an Underlying cannot be determined at any time on any Valuation Date by reason of the occurrence of an event giving rise to a Disrupted Day, then the Underlying Level at such time on such day shall be disregarded for the purposes of determining any amounts payable and/or deliverable in respect of the Securities.

- (g) *Adjustment Events*

If in the determination of the Calculation Agent any Adjustment Event occurs, then (subject to the provisions of the Underlying Schedule applicable to such Underlying) the Calculation Agent shall (i) make such adjustment to the terms of the Securities as the Calculation Agent determines necessary or appropriate to account for the effect of such Adjustment Event subject to the provisions (if any) of such Underlying Schedule and (ii) determine the effective date of each such adjustment.

Any adjustment pursuant to the above may include a "monetisation" of the Securities. Where the Securities are monetised, (i) the Calculation Agent will determine the value in the Specified Currency (the **Monetised Amount**) of the bond component and the embedded derivative(s) comprising the Securities on a date selected by the Calculation Agent (the **Monetisation Valuation Date**), (ii) any future amounts in respect of interest (if any) and the Final Redemption Amount will no longer be payable and (iii) the Securities will instead pay on the Maturity Date an amount equal to (a) the Monetised Amount plus (b) interest accrued on such amount at the overnight rate relating to the Specified Currency (being, in the case of Dual Currency Securities, the Denomination Currency) selected by the Calculation Agent which shall accrue during the period from (and including) the Monetisation Valuation Date to (but excluding) the Maturity Date.

If an "Increased Cost of Hedging" is specified to apply in the applicable Issue Terms and occurs, the Calculation Agent may make such adjustment to the terms of the Securities as it determines necessary or appropriate to pass onto Securityholders the relevant increased cost of hedging, which adjustment may include, but is not limited to, reducing any of the amounts which would otherwise be payable under the Securities or reducing the number of any Relevant Assets which would otherwise be deliverable under the Securities. For the avoidance of doubt, Increased Cost of Hedging does not apply to Italian Listed Certificates.

If so specified in the relevant Underlying Schedule, any adjustment(s) made by the Calculation Agent in response to an Adjustment Event may include a substitution of the relevant Underlying or other asset as specified in the Underlying Schedule applicable to the relevant Underlying and the Calculation Agent may make such other adjustments to the terms of the Securities as it deems necessary or appropriate in relation to such substitution.

(h) *Early Redemption Events*

If, in the determination of the Calculation Agent, any Early Redemption Event occurs in respect of an Underlying or the Securities (as relevant), then (subject to the provisions of the Underlying Schedule applicable to such Underlying) all (but not some only) of the Securities will or, in the case of a Hedging Disruption Early Termination Event, may be redeemed on a day selected by the Issuer, each Security being redeemed by payment of an amount equal to the Early Redemption Amount.

(i) *Mandatory Early Redemption Barrier Events and Mandatory Early Redemption Events*

If "Mandatory Early Redemption Barrier Event" is specified as applicable in the applicable Issue Terms and a Mandatory Early Redemption Barrier Event (as specified in the applicable Issue Terms) occurs, then all (but not some only) of the Securities will be redeemed, each Security being redeemed by payment of an amount determined in accordance with Condition 1 above and the applicable Issue Terms on the relevant Mandatory Early Redemption Date.

In the case of Exempt Securities only, if "Mandatory Early Redemption Event" is specified as applicable in the applicable Pricing Supplement and a Mandatory Early Redemption Event (as specified in the applicable Pricing Supplement) occurs, then all (but not some only) of the Securities will be redeemed, each Security being redeemed by payment of an amount equal to the relevant Mandatory Early Redemption Amount specified in the applicable Pricing Supplement on the relevant Mandatory Early Redemption Date. Any Mandatory Early Redemption Amount(s) and Mandatory Early Redemption Date(s) shall be as specified in the applicable Pricing Supplement.

(j) *Realisation Disruption*

If "Realisation Disruption" is specified as applicable in the applicable Issue Terms and a Realisation Disruption Event occurs, then the Issuer may either (i) direct the Calculation Agent to make such consequential adjustments to any of the terms of the Securities (including any payment or delivery obligations) as it determines appropriate in order to reflect the economic effect of the particular Realisation Disruption Event or (ii) redeem all (but not some only) of the Securities on a day selected by the Issuer, each Security being redeemed by payment of an amount equal to the Early Redemption Amount.

Any such adjustments by the Calculation Agent may include (but are not limited to) (I) payments under the Securities being made in the currency (the **Local Currency**) in which the Hedging Positions are denominated or payable rather than the Specified Currency, (II) except in the case of Italian Listed Certificates, deduction of an amount equal to the applicable tax, charge or deduction from the relevant payment otherwise due under the relevant Securities or delivery of any Entitlement being subject to payment by the relevant Securityholder of an amount equal to a pro rata portion of any such tax, charge or deduction, (III) non-payment of the relevant payment or non-delivery of the relevant Entitlement otherwise due under the relevant Securities until the relevant restrictions (including but not limited to all exchange and/or conversion and/or cross-border transfer restrictions) are lifted and/or (IV) determination of any relevant exchange rate by the Calculation Agent taking into

consideration all available information that it deems relevant and/or (V) (where legally permissible) in lieu of paying any cash amounts in respect of the Securities, procuring physical delivery of any Underlying(s), delivered in such manner as shall be notified to the Securityholders by the Issuer (or vice versa) PROVIDED THAT such Underlying(s) may be subject to transfer restrictions and additional certifications may be required from the Securityholders. Any such adjustments will be effective as of the date determined by the Calculation Agent.

(k) *Occurrence of an Underlying RMB Currency Event*

If "Underlying RMB Currency Event" is specified as applicable in the relevant Issue Terms and an Underlying RMB Currency Event occurs, then the Calculation Agent may direct the Issuer to:

- (i) postpone the Issuer's obligation to make a payment in RMB under the terms of the Securities to the 10th Business Day following the date on which the Underlying RMB Currency Event, as determined by the Issuer, ceases to exist (such date of payment by the Issuer, the **RMB Currency Settlement Cut-Off Date**); or
- (ii) pay any amount that is due to be paid in RMB under the terms of the Securities in the RMB Relevant Currency instead converted using the RMB Spot Rate for the relevant RMB Determination Date.

Alternatively, the Issuer may redeem all (but not some only) of the Securities on a day selected by the Issuer, each Security being redeemed by payment of an amount equal to its Early Redemption Amount and the Issuer shall notify the Securityholders thereof as soon as reasonably practicable in accordance with General Condition 15 (*Notices*).

(l) *Correction of published or announced prices or levels*

In the event that any level, price, rate or value (as applicable) of an Underlying for any time on any day which is published or announced by or on behalf of the person or entity responsible for such publication or announcement and which is used for any calculation or determination made in respect of the Securities is subsequently corrected, and the correction (the **Corrected Level**) is published by or on behalf of such person or entity within the relevant Correction Period after the original publication (and at least two Business Days prior to the relevant date on which a payment or delivery is scheduled to be made under the Securities) (the **Relevant Scheduled Payment Date**), then such Corrected Level shall be deemed to be the level, price, rate or value for the relevant Underlying for the relevant time on the relevant day and the Calculation Agent shall use such Corrected Level in determining any amounts payable and/or deliverable in respect of the Securities.

Corrections published after the day which is two Business Days prior to the Relevant Scheduled Payment Date shall be disregarded by the Calculation Agent for the purposes of determining any such amounts payable and/or deliverable under the Securities.

(m) *Notifications*

The Calculation Agent shall notify the Issuer and each Paying Agent of any determination made by it in accordance with this Condition and the action that it proposes to take in respect of any such determination. The Issuer shall notify the Securityholders thereof as soon as reasonably practicable thereafter in accordance with General Condition 15. Failure by the Calculation Agent to notify the Issuer or any Paying Agent or failure by the Issuer to notify the Securityholders of any such determination will not affect the validity of any such determination.

(n) *Definitions*

Additional Adjustment Event means, in each case if specified as applicable in the applicable Issue Terms, in respect of an Underlying, each event (if any) specified as such in the Underlying Schedule applicable to such Underlying.

Additional Early Redemption Event means, in each case if specified as applicable in the applicable Issue Terms, in respect of an Underlying or the Securities (as the case may be), each event (if any) specified as such in the applicable Issue Terms and in the Underlying Schedule applicable to such Underlying or, the occurrence at any time of a Section 871(m) Event or if Hedging Disruption Early Termination Event is specified as applicable in the applicable Issue Terms, a Hedging Disruption Early Termination Event.

Adjustment Event means, in each case if specified as applicable in the applicable Issue Terms, in respect of an Underlying, the occurrence at any time of a Change in Law, a Hedging Disruption, an Increased Cost of Hedging or the occurrence at any time of any Additional Adjustment Event applicable to such Underlying PROVIDED THAT, where the Securities are Italian Listed Certificates, the occurrence of a Hedging Disruption or an Increased Cost of Hedging shall not constitute an Adjustment Event and the Conditions shall be construed accordingly.

Change in Law means, if specified as applicable in the applicable Issue Terms, that (a) due to the adoption of or any change in any applicable law, rule, order, directive or regulation (including, without limitation, any tax law), or (b) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation, (including any action taken by a taxing authority), the Calculation Agent determines that:

- (i) if, in relation to Change in Law, "**Illegality**" is specified to apply in the applicable Issue Terms, holding, acquiring or disposing of any Hedging Position becomes or will become unlawful, illegal or otherwise prohibited in whole or in part, and such unlawfulness, illegality or prohibition cannot be cured or avoided by the Issuer (or its agents) taking all commercially reasonable measures available to it (including that any such measures will not result in the Issuer (or its agents) incurring a material loss); or
- (ii) if, in relation to Change in Law, "**Material Increased Cost**" is specified to apply in the applicable Issue Terms, the Issuer will incur a materially increased cost in performing its obligations in relation to the Securities (including without limitation due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of any relevant Hedging Party) which cannot be avoided by the Issuer (or its agents) taking reasonable measures available to it (as determined by the Issuer) and for which it (or its agents) will not suffer a material loss.

Correction Period shall, in respect of an Underlying, have the meaning given to it in the Underlying Schedule applicable to such Underlying.

Early Redemption Event means, in respect of an Underlying or the Securities (as the case may be), (i) if, Early Redemption Option is specified as applicable in the applicable Issue Terms in relation to the relevant Adjustment Event, following the occurrence of an Adjustment Event in respect of such Underlying, the Calculation Agent determines that no adjustment or substitution can reasonably be made under this Condition to account for the effect of such Adjustment Event, or (ii) if specified to apply in the applicable Issue Terms, the occurrence at any time of any Additional Early Redemption Event applicable to such Underlying or the Securities (as the case may be).

Electronic Page means, in respect of an Underlying and (if applicable) any component of such Underlying (however described in the relevant Underlying Schedule), the electronic page or source specified for such Underlying or such component, as the case may be, in the applicable Issue Terms, or either (i) any successor electronic page or source or information vendor or provider that has been designated by the sponsor of the original electronic page or source; or (ii) if such sponsor has not officially designated a successor electronic page or source or information vendor or provider, the successor electronic page or source or information vendor or provider designated by the relevant information vendor or provider (if different from such sponsor) or any alternative electronic page or source designated by the Calculation Agent PROVIDED THAT if, in the case of (i) and (ii), the Calculation Agent determines that it is not necessary or appropriate for the Electronic Page to be any such successor electronic page or source or information vendor or provider, then the Electronic

Page may be either the originally designated electronic page or source or such other electronic page or source as selected by the Calculation Agent. Where more than one Electronic Page is specified in respect of an Underlying and/or (if applicable) any component of such Underlying (however described in the relevant Underlying Schedule), then the provisions of the preceding sentence shall be construed accordingly and (i) if there is any discrepancy between any relevant price or level displayed on the relevant Electronic Pages for any Valuation Date, the relevant price or level selected by the Calculation Agent shall be used for such Valuation Date; and (ii) if any relevant price or level is not published on all of such Electronic Pages but is published on one or more of such Electronic Pages, the Calculation Agent shall use such published price or level for the purpose of determining any calculation or determination in respect of the Securities and no Disrupted Day shall be deemed to have occurred in respect of the failure to publish on the other Electronic Page(s).

Hedging Disruption means, if specified as applicable in the applicable Issue Terms, that any Hedging Party is unable or would be unable, after using commercially reasonable efforts to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) that the Calculation Agent deems necessary to hedge or be able to hedge the price risk of the Issuer issuing and performing its obligations under the Securities; or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

Hedging Disruption Early Termination Event means, if specified as applicable in the applicable Issue Terms, any action, or any announcement of the intention to take any such action, including adoption of any law, regulation or order or the amendment, elimination, reinterpretation or promulgation of an interpretation, by any regulatory, self-regulatory, legislative or judicial authority with competent jurisdiction (including, without limitation, as implemented by the United States Commodity Futures Trading Commission (CFTC) or any exchange or trading facility acting pursuant to CFTC authority) that (i) affects the definition of "bona fide hedging" as that term is used in CFTC regulations adopted under Section 4a(a) of the United States Commodity Exchange Act, as amended (the **Commodity Exchange Act**) (as at the Trade Date 17 CFR 150.3) or that withdraws or limits as a matter of practice or policy any "hedge exemptions" previously granted by the CFTC or any such exchange or trading facility acting under authority granted pursuant to the Commodity Exchange Act, or affects or otherwise amends such other applicable laws of any jurisdiction which has an analogous effect to any of the events specified in this sub-paragraph (i) or (ii) increases the cost of the performance of the Issuer's obligations in respect of the Securities or the cost of acquiring, establishing, re-establishing, substituting, maintaining, unwinding or disposing of any transaction(s) or asset(s) that the Calculation Agent deems necessary to hedge the price risk of the Issuer issuing and performing its obligations under the Securities, whether individually or on a portfolio basis, in each case occurring after the Trade Date and as determined by the Calculation Agent.

Hedging Party means any party which enters into any arrangement which hedges or is intended to hedge, individually or on a portfolio (or "book") basis, the Securities, which party may be the Issuer and/or any of its Affiliates and/or any other party or parties, as determined by the Calculation Agent.

Hedging Position means any one or more of (i) positions or contracts (as applicable) in securities, futures contracts, options contracts, other derivative contracts or foreign exchange; (ii) stock loan transactions; or (iii) other instruments or arrangements (however described) entered into by a Hedging Party in order to hedge, individually or on a portfolio (or "book") basis, the Securities.

Increased Cost of Hedging means, if specified as applicable in the applicable Issue Terms, that any Hedging Party would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) that the Calculation Agent deems necessary to hedge the price risk of the Issuer issuing and performing its obligations under the Securities; or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s). Any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of any Hedging Party shall not be deemed an Increased Cost of Hedging.

PRC means the People's Republic of China excluding the Hong Kong Special Administrative Region of the People's Republic of China (**Hong Kong**), the Macau Special Administrative Region of the People's Republic of China and Taiwan.

Realisation Disruption Event means, if specified as applicable in the applicable Issue Terms, the Calculation Agent determines that:

- (i) either any restrictions or any taxes, charges or other deductions have been imposed by any applicable governmental, taxation, judicial or regulatory body on any dealing by any Hedging Party in any Hedging Positions held by any Hedging Party such that:
 - (A) any Hedging Party is or would be materially restricted from continuing to purchase, sell or otherwise deal in any Hedging Positions (or to enter into, continue or otherwise complete such transactions) and/or is or would be materially restricted from exercising its rights, or performing its obligations in respect of any Hedging Positions;
 - (B) the Issuer is materially restricted from performing its obligations under the Securities and/or any Hedging Party is materially restricted from performing its obligations under any Hedging Positions; or
 - (C) the Issuer will (or is likely to) incur a materially increased cost in performing its obligations under the Securities and/or any Hedging Party will (or is likely to) incur a materially increased cost in performing its obligations under any Hedging Positions; or
- (ii) an event has occurred or circumstances exist (including without limitation either any restrictions or any charges or deductions imposed by any applicable governmental, judicial or regulatory body):
 - (A) that materially restricts the ability of any Hedging Party to (i) exchange or convert the Local Currency for any Specified Currency or any Specified Currency for the Local Currency through the customary legal channels and/or (ii) deliver any Specified Currency or the Local Currency and/or (iii) transfer the proceeds of the Hedging Positions (or any transaction relating to a Hedging Position) (A) between, accounts in the jurisdiction of the Local Currency (the **Local Jurisdiction**) and any accounts in the jurisdiction of any Specified Currency or (B) to or from a party that is a non-resident of the Local Jurisdiction and/or to a party that is a resident of the jurisdiction of any Specified Currency; and/or
 - (B) such that any Hedging Party is or would be materially restricted from transferring amounts payable under any Hedging Position or in respect of the Securities between (i) the Local Jurisdiction and the jurisdiction of a Hedging Party and/or (ii) the jurisdiction of any Specified Currency and the jurisdiction of a Hedging Party; and/or
 - (C) such that the Calculation Agent's ability to determine a rate at which the Local Currency can be exchanged for any Specified Currency (or vice versa), for any reason becomes restricted, or such determination is otherwise impracticable or such rate is subject to material charges or deductions.

The above provisions refer to "materially restricted", "materially increased" and "material" and any determination in respect of "materially" or "material" in respect of any such provision shall be made by the Calculation Agent which shall have regard to such circumstances as it deems appropriate.

Relevant Authority means:

- (a) any *de facto* or *de jure* government (or any agency, instrumentality, ministry or department thereof);

- (b) any court, tribunal, administrative or other governmental authority, inter-governmental or supranational body;
- (c) any authority or any other entity (private or public) either designated as a resolution authority or charged with the regulation or supervision of the jurisdiction where the RMB Settlement Currency is the lawful currency; or
- (d) any other authority which is analogous to the entities specified in sub-paragraph (a), (b) or (c) of this definition.

Renminbi or RMB means the currency of the PRC.

RMB Currency Settlement Cut-Off Date has the meaning given to that term in Valuation and Settlement Condition 2(k) (*Occurrence of an Underlying RMB Currency Event*).

RMB Determination Business Day means a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets are open for general business (including dealings in foreign exchange and foreign currency deposits) and settle payments in the relevant RMB Settlement Centre(s), London and the principal financial centre of the country of the RMB Relevant Currency.

RMB Determination Date means the day which is two RMB Determination Business Days before the date of the relevant payment under the Securities.

RMB Relevant Currency means U.S. dollars or such other currency as may be specified in the applicable Issue Terms.

RMB Relevant Currency Valuation Time means the time specified as such in the applicable Issue Terms.

RMB Relevant Spot Rate Screen Page means the screen page specified as such in the applicable Issue Terms (or any successor screen page or information provider thereto as determined by the Calculation Agent).

RMB Settlement Centre means the financial centre(s) specified as such in the applicable Issue Terms in accordance with applicable laws and regulations. If no RMB Settlement Centre is specified in the relevant Issue Terms, the RMB Settlement Centre shall be deemed to be Hong Kong.

RMB Spot Rate means the spot CNY/Relevant Currency exchange rate for the purchase of the RMB Relevant Currency with Renminbi in the over-the-counter Renminbi exchange market in the relevant RMB Settlement Centre(s) for settlement in two RMB Determination Business Days, as determined by the Calculation Agent at or around the RMB Relevant Currency Valuation Time on the RMB Determination Date by reference to the RMB Relevant Spot Rate Screen Page. If such rate is not available, the Calculation Agent shall determine the rate taking into consideration all available information which the Calculation Agent deems relevant, including pricing information obtained from the Renminbi non-deliverable exchange market in the relevant RMB Settlement Centre(s) or elsewhere and the CNY/Relevant Currency exchange rate in the PRC domestic foreign exchange market. All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this definition by the Calculation Agent will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the CGMHI Guarantor, the CGMFL Guarantor the Paying Agents and all Securityholders.

Section 871(m) Event means, if specified as applicable in the applicable Issue Terms, that the Issuer and/or, where the Issuer is CGMHI, the CGMHI Guarantor and/or, where the Issuer is CGMFL, the CGMFL Guarantor and/or, in each case, any Hedging Party is (or, in the determination of the Calculation Agent, there is a reasonable likelihood that, within the next 30 Business Days, the Issuer and/or, where the Issuer is CGMHI, the CGMHI Guarantor and/or, where the Issuer is CGMFL, the CGMFL Guarantor and/or, in each case, any Hedging Party will become) subject to any withholding or reporting obligations pursuant to Section 871(m) of the Code with respect to the Securities and/or, where the Issuer is CGMHI, the

CGMHI Deed of Guarantee and/or, where the Issuer is CGMFL, the CGMFL Deed of Guarantee, and/or, in each case, any Hedging Positions.

Specified Valuation Date means each date deemed pursuant to the Conditions to be a Specified Valuation Date or as specified as such in the applicable Issue Terms.

Trade Date means the date specified as such in the applicable Issue Terms or, if none is so specified, the Issue Date.

Underlying means each underlying reference factor specified as such and classified in the applicable Issue Terms.

Underlying Closing Level shall, in respect of an Underlying, have the meaning given to it in the Underlying Schedule applicable to such Underlying.

Underlying Level shall, in respect of an Underlying and if applicable, have the meaning given to it in the Underlying Schedule applicable to such Underlying.

Underlying RMB Currency Event means the occurrence of any of (i) Underlying RMB Illiquidity; (ii) Underlying RMB Inconvertibility and (iii) Underlying RMB Non-Transferability.

Underlying RMB Illiquidity means the occurrence of any event or circumstance whereby (i) the general Renminbi exchange market outside the PRC becomes illiquid (including, without limitation, the existence of any significant price distortion) as a result of which the Issuer cannot obtain sufficient Renminbi in order to perform its obligations under the Securities (or if applicable, any party to a Hedging Position cannot obtain sufficient Renminbi in order to perform its obligations under such Hedging Positions); or (ii) it becomes impossible or impractical for the Issuer (or if applicable, any party to a Hedging Position) to obtain a firm quote of the exchange rate, in each case, as determined by the Calculation Agent in good faith and in a commercially reasonable manner.

Underlying RMB Inconvertibility means the occurrence of any event or existence of any condition that has the effect of it being impossible, illegal or impracticable for, or has the effect prohibiting, restricting or materially delaying the ability of, the Issuer (or, if applicable, any party to a Hedging Position) to convert any amount as may be required to be paid by the relevant party on any payment date in respect of the Securities or (if applicable) any Hedging Position) into RMB, other than where such impossibility, impracticability or illegality is due solely to the failure of the relevant party and/or any of their affiliates to comply with any law, rule or regulation enacted by any Relevant Authority (unless such law, rule or regulation is enacted after the Issue Date of the relevant Series and it is impossible, impracticable or illegal for the relevant party and/or any of their affiliates, due to an event beyond the control of the relevant party and/or their affiliates, to comply with such law, rule or regulation).

Underlying RMB Non-Transferability means the occurrence of any event that makes it impossible, impracticable or illegal for the Issuer (or if applicable, any party to a Hedging Position) and/or any of their affiliates to deliver RMB between accounts inside the relevant RMB Settlement Centre(s) or from an account inside the relevant RMB Settlement Centre(s) to an account outside such RMB Settlement Centre(s) (including where the RMB clearing and settlement system for participating banks in the relevant RMB Settlement Centre(s) is disrupted or suspended) or from an account outside the relevant RMB Settlement Centre(s) to an account inside such RMB Settlement Centre(s), other than where such impossibility, impracticability or illegality is due solely to the failure of the relevant party and/or any of their affiliates to comply with any law, rule or regulation enacted by any Relevant Authority (unless such law, rule or regulation is enacted after the Issue Date of the relevant Series and it is impossible, impracticable or illegal for the relevant party and/or any of their affiliates, due to an event beyond the control of the relevant party and/or any of their affiliates, as applicable), to comply with such law, rule or regulation).

Underlying Schedule means, in respect of an Underlying, the schedule that is specified to be applicable to such Underlying as a result of the classification of such Underlying in the applicable Issue Terms.

Valuation and Settlement Condition means each condition specified in this Underlying Schedule.

Valuation Date means each Specified Valuation Date, as adjusted in accordance with Valuation and Settlement Condition 2(c), Valuation and Settlement Condition 2(d), Valuation and Settlement Condition 2(f) above and/or, as applicable, the relevant Underlying Schedule.

Valuation Roll means the number specified as such in the applicable Issue Terms or, if no number is so specified, eight.

Valuation Time shall, in respect of an Underlying, have the meaning given to it in the Underlying Schedule applicable to such Underlying.

3. **Redemption or adjustment for an Administrator/Benchmark Event**

In the event that this Valuation and Settlement Condition 3 is specified as applicable in the applicable Issue Terms and an Administrator/Benchmark Event occurs:

- (i) the Calculation Agent or, where a separate Determination Agent is appointed in respect of the Securities, the Determination Agent (the relevant such agent the **Relevant Agent**) may make such adjustment(s) to the terms of the Securities as the Relevant Agent determines necessary or appropriate to account for the effect of the relevant event or circumstance and, without limitation, such adjustments may (a) consist of one or more amendments and/or be made on one or more dates (b) be determined by reference to any adjustment(s) in respect of the relevant event or circumstance made in relation to any hedging arrangements in respect of the Securities and (c) include selecting a successor benchmark(s) and making related adjustments to the terms of the Securities, including where applicable to reflect any increased costs of the Issuer providing exposure to the successor benchmark(s), and, in the case of more than one successor benchmark, making provision for allocation of exposure as between the successor benchmarks; or
- (ii) the Issuer may (if so specified in the applicable Issue Terms and at its option) redeem the Securities on a day selected by the Issuer, in which case each Security shall be redeemed by payment of an amount equal to the Early Redemption Amount and the Issuer shall notify the Securityholders thereof as soon as reasonably practicable in accordance with General Condition 15 (*Notices*).

For the avoidance of doubt, the above is additional, and without prejudice, to any other terms of the Securities. In the event that under any such terms any other consequences could apply in relation to an event or occurrence the subject of an Administrator/Benchmark Event, the Issuer shall determine which terms shall apply in its sole and absolute discretion.

For the purposes of the above:

"Administrator/Benchmark Event" means the Relevant Agent determines that (1) a Benchmark Modification or Cessation Event has occurred or will occur, or (2) any authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register in respect of a relevant Benchmark or the administrator or sponsor of a relevant Benchmark has not been, or will not be, obtained or has been, or will be, rejected, refused, suspended or withdrawn by the relevant competent authority or other relevant official body, in each case with the effect that the Issuer or the Relevant Agent or any other entity is not, or will not be, permitted under any applicable law or regulation to use the relevant Benchmark to perform its or their respective obligations under the Securities, or (3) save where the relevant Issue Terms specify that "Administrator/Benchmark Event (Limb (3))" is not applicable, it is not commercially reasonable to continue the use of Benchmark in connection with the Securities as a result of any applicable licensing restrictions or changes in the cost of obtaining or maintaining any relevant licence (including, without limitation, where

the Issuer, the Relevant Agent or any other entity is required to hold a valid licence in order to issue or perform its obligations in respect of the Securities and for any reason such licence is either not obtained, not renewed or is revoked or there is a material change in the cost of obtaining or renewing such licence).

"Benchmark" means any figure or rate and where any amount payable or deliverable under the Securities, or the value of the Securities, is determined by reference in whole or in part to such figure or rate, all as determined by the Relevant Agent.

"Benchmark Modification or Cessation Event" means, in respect of the Benchmark any of the following:

- (i) any material change in such Benchmark; or
- (ii) the permanent or indefinite cancellation or cessation in the provision of such Benchmark; or
- (iii) a regulator or other official sector entity prohibits the use of such Benchmark.

4. **Fixed Rate, Floating Rate, CMS Rate and Spread Rate Interest Amounts and Range Accrual (Expanded) Provisions**

4.1 **Interest on Fixed Rate Securities**

- (a) If the Securities are expressed to be Fixed Rate Securities in the applicable Issue Terms and Accrual is specified as "Not Applicable" in the Issue Terms, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, then the Issuer will pay the Interest Amount specified for the relevant Interest Payment Date in the Specified Currency. For which purpose, the **Interest Amount** will be the amount specified in the applicable Issue Terms or, where more than one amount is so specified, the amount specified in respect of the relevant Interest Payment Date.
- (b) If the Securities are Notes and are expressed to be Fixed Rate Securities in the applicable Issue Terms and Accrual is specified to be "Applicable" in the Issue Terms, then each such Fixed Rate Security bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Interest Rate(s). Interest will be payable in arrears on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

The amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Date falling on or about such date will amount to the Interest Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Issue Terms, amount to the Broken Amount so specified.

Except where an applicable Interest Amount or Broken Amount is specified in the applicable Issue Terms in respect of an Interest Payment Date and the related Interest Period, interest shall be calculated in respect of any period by applying the relevant Interest Rate to:

- (i) in the case of Fixed Rate Securities which are represented by a Global Registered Security Certificate, the aggregate outstanding principal amount or number of the Fixed Rate Securities represented by such Global Registered Security Certificate; or
- (ii) in the case of Fixed Rate Securities in definitive form, the Calculation Amount,

and, in each case, (I) multiplying such amount by the applicable Day Count Fraction, and (II) where Valuation and Settlement Condition 4.5 (*Range Accrual (Expanded) Securities*) applies, multiplying the product calculated in (I) by the Accrual Interest Rate, and rounding the resultant figure to the nearest sub-unit of the relevant Specified

Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Fixed Rate Security is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Fixed Rate Security shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

- (c) If the Securities are Certificates and are expressed to be Fixed Rate Securities in the applicable Issue Terms and Accrual is specified to be "Applicable" in the Issue Terms, then each such Fixed Rate Security bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Interest Rate(s). Interest will be payable in arrears on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

The amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Date falling on or about such date will amount to the Interest Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Issue Terms, amount to the Broken Amount so specified.

Except where an applicable Interest Amount or Broken Amount is specified in the applicable Issue Terms in respect of an Interest Payment Date and the related Interest Period, interest shall be calculated in respect of any period by multiplying the relevant Interest Rate by:

- (i) in the case of Fixed Rate Securities which are represented by a Global Registered Security Certificate, the aggregate of the Calculation Amounts in respect of the total number of Securities represented by such Global Registered Security Certificate; or
- (ii) in the case of Fixed Rate Securities in definitive form, the Calculation Amount,

and, in each case, (I) multiplying such amount by the applicable Day Count Fraction, and (II) where Valuation and Settlement Condition 4.5 (*Range Accrual (Expanded) Securities*) applies, multiplying the product calculated in (I) by the Accrual Interest Rate, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

4.2 Interest on Floating Rate Securities

Each Floating Rate Security which is a Note bears interest from (and including) the Interest Commencement Date and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, such interest will be payable in arrears on the Interest Payment Date(s) in each year specified in the applicable Issue Terms. Such interest will be payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Date falling on or about such Interest Payment Date

In respect of each Floating Rate Security which is a Certificate, interest shall be calculated in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms and payable on the Interest Payment Date(s) falling on or around the the end of the relevant Interest Period in each year specified in the applicable Issue Terms (or as otherwise specified in the applicable Issue Terms).

- (a) *Screen Rate Determination*

Where Screen Rate Determination is specified in the applicable Issue Terms as the manner in which the Interest Rate is to be determined, the Interest Rate for each Interest Period will, subject as provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Page as at the Specified Time on the Interest Determination Date in question plus or minus (as indicated in the applicable Issue Terms) the Margin (if any), and multiplied by the relevant Interest Participation Rate (if any), all as determined by the Calculation Agent or Determination Agent, as applicable. If five or more of such offered quotations are available on the Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent or Determination Agent, as applicable, for the purpose of determining the arithmetic mean (rounded as provided below) of such offered quotations.

If the Page is not available or if, in the case of (1), no offered quotation appears or, in the case of (2), fewer than three offered quotations appear, in each case, as at the Specified Time or by 10.30 a.m. Sydney time in the case of BBSW, the Calculation Agent or Determination Agent, as applicable, shall request each of the Reference Banks to provide the Calculation Agent or Determination Agent, as applicable, with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent or Determination Agent, as applicable, with offered quotations, the Interest Rate for the Interest Period shall be the arithmetic mean of the offered quotations plus or minus (as appropriate) the Margin (if any), and multiplied by the Interest Participation Rate (if any), all as determined by the Calculation Agent or Determination Agent, as applicable.

If on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent or Determination Agent, as applicable, with an offered quotation as provided in the preceding paragraph, the Interest Rate for the relevant Interest Period shall be the rate per annum which the Calculation Agent or Determination Agent, as applicable, determines as being the arithmetic mean of the rates, as communicated to (and at the request of) the Calculation Agent or Determination Agent, as applicable, by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the relevant Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR), the Euro-zone interbank market (if the Reference Rate is EURIBOR), the Stockholm inter-bank market (if the Reference Rate is STIBOR), the Oslo inter-bank market (if the Reference Rate is NIBOR), the Copenhagen inter-bank market (if the Reference Rate is CIBOR), the Tokyo inter-bank market (if the Reference Rate is TIBOR), the Hong Kong inter-bank market (if the Reference Rate is HIBOR), the Sydney inter-bank market (if the Reference Rate is BBSW) or the New Zealand inter-bank market (if the Reference Rate is BKBM) or, in respect of any other Reference Rate, the Relevant Interbank Market for such Reference Rate in each case, plus or minus (as appropriate) the Margin (if any) and multiplied by the Interest Participation Rate (if any), or, if fewer than two of the Reference Banks provide the Calculation Agent or Determination Agent, as applicable, with such offered rates, the offered rate for deposits in the relevant Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates (rounded as provided below) for deposits in the relevant Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Calculation Agent or Determination Agent, as applicable, it is quoting to leading banks in the London interbank market (if the Reference Rate is LIBOR), the Euro-zone interbank market (if the Reference Rate is EURIBOR), the Stockholm inter-bank market (if the Reference Rate is STIBOR), the Oslo inter-bank market (if the Reference Rate is NIBOR), the

Copenhagen inter-bank market (if the Reference Rate is CIBOR), the Tokyo inter-bank market (if the Reference Rate is TIBOR), the Hong Kong inter-bank market (if the Reference Rate is HIBOR), the Sydney inter-bank market (if the Reference Rate is BBSW) or the New Zealand inter-bank market (if the Reference Rate is BKBM) in each case, plus or minus (as appropriate) the Margin (if any) and multiplied by the Interest Participation Rate (if any), PROVIDED THAT, if the Interest Rate cannot be determined in accordance with the foregoing provisions of this paragraph, the Interest Rate shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin and/or Interest Participation Rate is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Interest Participation Rate, as the case may be, relating to the relevant Interest Period in place of the Margin or Interest Participation Rate, as the case may be, relating to that last preceding Interest Period).

If the Screen Rate is determined by the Determination Agent as provided above, the Determination Agent shall notify the Calculation Agent and the Issuer of any such Screen Rate so determined as soon as reasonably practicable but, in any event, prior to the date on which any relevant Interest Rate is to be determined.

If the Reference Rate from time to time in respect of Floating Rate Securities is specified in the applicable Issue Terms as being other than LIBOR, EURIBOR, STIBOR, NIBOR, CIBOR, TIBOR, HIBOR, BBSW or BKBM, the Rate of Interest in respect of such Securities will be determined as provided above, unless otherwise specified in the applicable Pricing Supplement.

The Calculation Agent and Determination Agent shall not be responsible to the Issuer, the CGMHI Guarantor or the CGMFL Guarantor or to any third party as a result of the Calculation Agent or Determination Agent, as applicable, having acted on any quotation given by any Reference Bank.

Determination Agent means the Calculation Agent or such other entity appointed by the Issuer and specified as such in the applicable Issue Terms.

(b) *ISDA Determination*

Where ISDA Determination is specified in the applicable Issue Terms as the manner in which the Interest Rate is to be determined, the Interest Rate for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Issue Terms) the Margin (if any) and multiplied by the Interest Participation Rate (if any). For the purposes of this sub-paragraph, ISDA Rate for an Interest Period means the rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as calculation agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Securities (the **ISDA Definitions**) and under which:

- (i) the Floating Rate Option is as specified in the applicable Issue Terms;
- (ii) the Designated Maturity is a period specified in the applicable Issue Terms; and
- (iii) the relevant Reset Date is as specified in the applicable Issue Terms.

For the purposes of this sub-paragraph, Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity and Reset Date have the meanings given to those terms in the ISDA Definitions.

(c) *Maximum/Minimum Interest Rates*

Subject as provided below, if any Maximum Interest Rate or Minimum Interest Rate is specified in the applicable Issue Terms, then any Interest Rate shall be subject to such maximum or minimum, as the case may be, and where more than one Maximum

Interest Rate and/or Minimum Interest Rate is so specified, the maximum or minimum, as the case may be, shall be that which is specified in respect of the relevant Interest Payment Date in the applicable Issue Terms.

Unless otherwise stated in the applicable Issue Terms, the Minimum Interest Rate shall be deemed to be zero.

(d) *Calculations - Notes*

In the case where the Securities are Notes, the Calculation Agent will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Securities for the relevant Interest Period by applying the relevant Interest Rate to:

- (i) in the case of Floating Rate Securities which are represented by a Global Registered Security Certificate, the aggregate outstanding principal amount of the Securities represented by such Global Registered Security Certificate; or
- (ii) in the case of Floating Rate Securities in definitive form, the Calculation Amount,

and, in each case, (i) multiplying such amount by the applicable Day Count Fraction, and (ii) where Valuation and Settlement Condition 4.5 (*Range Accrual (Expanded) Securities*) applies, multiplying the product calculated in (i) by the Accrual Interest Rate, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Floating Rate Security is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Security shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

Option, Designated Maturity and Reset Date have the meanings given to those terms in the ISDA Definitions.

(e) *Calculations - Certificates*

In the case where the Securities are Certificates, the Calculation Agent will calculate the amount of coupon (the **Coupon Amount**) payable on the Floating Rate Securities for the relevant Coupon Period by multiplying the relevant Coupon Rate by:

- (i) in the case of Floating Rate Securities which are represented by a Global Registered Security Certificate, the aggregate of the Calculation Amounts in respect of the total number of the Securities represented by such Global Registered Security Certificate; or
- (ii) in the case of Floating Rate Securities in definitive form, the Calculation Amount,

and, in each case, (i) multiplying such amount by the applicable Day Count Fraction, and (ii) where Valuation and Settlement Condition 4.5 (*Range Accrual (Expanded) Securities*) applies, multiplying the product calculated in (i) by the Accrual Interest Rate, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(f) *Determination and Publication of Interest Rates and Interest Amounts*

As soon as practicable after each Interest Determination Date the Calculation Agent will determine the Interest Rate and calculate the Interest Amounts in respect of each Specified Denomination for the relevant Interest Period. The Interest Amounts and the

Interest Rate so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Securities become due and payable under General Condition 11, the interest (if any) and the Interest Rate payable in respect of the Securities shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Interest Rate or the Interest Amount so calculated need be made.

(g) *Notification of Interest Rate and Interest Amounts*

The Calculation Agent will cause the Interest Rate and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Fiscal Agent and any stock exchange on which the relevant Floating Rate Securities are for the time being listed and notice thereof to be published in accordance with General Condition 15 (*Notices*) as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. For the purposes of this paragraph, the expression **London Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(h) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Issue Terms, the Interest Rate for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Issue Terms or in the case of CMS Rate Securities) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Issue Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period **PROVIDED HOWEVER THAT** if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(i) *Substitute or Successor Rates*

Notwithstanding anything to the contrary in the Conditions but (if specified to be applicable in the relevant Issue Terms) subject to the USD LIBOR Fallbacks Schedule, if, on or prior to the date on which any Interest Rate is to be determined in respect of the Securities, the Calculation Agent or Determination Agent, as applicable, determines that one or more rates comprising such Interest Rate (each a **Disrupted Rate**) has been discontinued or is permanently no longer being published, the Calculation Agent or Determination Agent, as applicable, may determine the relevant Interest Rate by reference to (a) a substitute or successor rate that it has determined is the industry-accepted substitute or successor rate for the relevant Disrupted Rate or (b) if it determines there is no such industry-accepted substitute or successor rate, a substitute or successor rate that it determines is most comparable to the Disrupted Rate (in either case, the **Successor Rate**).

Upon selection of a Successor Rate, the Calculation Agent or Determination Agent, as applicable, may make such adjustments to the Conditions of the Securities as it determines necessary or appropriate to reflect any industry-accepted practices for the Successor Rate and the effective date of any such adjustment. For the avoidance of doubt, any such adjustments may include adjustments to any Day Count Fraction, any Business Day Convention, the definition of Business Day, any Interest Determination Date and any other relevant methodology or definition for calculating the relevant Interest Rate and may also include the application of any adjustment factor it determines is needed to make the Successor Rate comparable to the relevant Disrupted

Rate. Notice of the selection of any Successor Rate and any related adjustments to the Conditions shall be notified to the Issuer, the Fiscal Agent and any stock exchange on which the Securities are for the time being listed and notice thereof shall also be published in accordance with General Condition 15 (*Notices*).

Any determination made by the Calculation Agent or Determination Agent, as applicable, in accordance with this Valuation and Settlement Condition 4.2(i) shall be made in its sole and absolute discretion, after consulting any source it deems to be reasonable.

4.3 **Interest on CMS Rate Securities**

(a) *Interest Amount*

Each CMS Rate Security bears interest from (and including) the Interest Commencement Date and at the CMS Interest Rate.

Such Interest Amount will be payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Date falling on or about such Interest Payment Date.

If an Interest Rate or a Reference Rate for any period or any relevant day (including any Interest Payment Date) is specified in any other Condition or in the applicable Issue Terms to be a "CMS Interest Rate", the relevant Interest Rate or Reference Rate will be determined in accordance with this Valuation and Settlement Condition 4.3.

A different CMS Interest Rate may apply in respect of different Interest Periods and/or Interest Payment Dates, as specified in the applicable Issue Terms.

(b) *Single CMS Interest Rate*

If the CMS Interest Rate is specified in the applicable Issue Terms to be "Single CMS Interest Rate", the CMS Interest Rate in respect of an Interest Period or any relevant day will be equal to the CMS Reference Rate, plus or minus (as specified in the applicable Issue Terms) the Margin (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate), and multiplied by the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate), all as determined by the Calculation Agent or Determination Agent, as applicable.

(c) *Worse of CMS Interest Rates*

If the CMS Interest Rate is specified in the applicable Issue Terms to be "Worse of CMS Interest Rates", the CMS Interest Rate in respect of an Interest Period or any relevant day will be equal to the lesser of: (1) CMS Reference Rate 1 plus or minus (as specified in the applicable Issue Terms) Margin 1 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 1), and multiplied by Interest Participation Rate 1 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 1), and (2) CMS Reference Rate 2, plus or minus (as specified in the applicable Issue Terms) Margin 2 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 2), and multiplied by Interest Participation Rate 2 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 2). Where (1) and (2) are the same value, then such value will be the relevant CMS Interest Rate.

(d) *CMS Spread Interest Rate*

If the CMS Interest Rate is specified in the applicable Issue Terms to be "CMS Spread Interest Rate", the CMS Interest Rate in respect of an Interest Period or any relevant day will be equal to the difference between (1) CMS Reference Rate 1, plus or minus (as specified in the applicable Issue Terms) Margin 1 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 1), and multiplied by Interest Participation Rate 1 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 1), minus (2) CMS Reference Rate 2, plus or minus (as specified in the applicable Issue Terms) Margin 2 (if

any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 2), and multiplied by Interest Participation Rate 2 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 2).

(e) *CMS Reference Rate Fallback Provisions*

In respect of a CMS Reference Rate and the Relevant Swap Rate (used to determine such CMS Reference Rate), if a Page for such Relevant Swap Rate is not available, the Calculation Agent or Determination Agent shall request each of the Reference Banks to provide the Calculation Agent or Determination Agent with its quotation for the Relevant Swap Rate (expressed as a percentage rate per annum) at approximately the Relevant Time on the Interest Determination Date in question. If at least three quotations are provided, the relevant CMS Reference Rate for the relevant Interest Period or day shall be the arithmetic mean of the quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

For the purposes of this sub-paragraph, "**Reference Banks**" means, (i) if the applicable Issue Terms specify "As specified in Valuation and Settlement Condition 4.3(e) (*CMS Reference Rate Fallback Provisions*)" and the Relevant Swap Rate specified is: (a) EUR Swap Rate, the principal office of five leading swap dealers in the Euro-zone interbank market; (b) GBP Swap Rate, the principal London office of five leading swap dealers in the London interbank market, (c) USD Swap Rate, the principal New York City office of five leading swap dealers in the New York City interbank market, or (d) Mid-Market Swap Rate, the principal Relevant Financial Centre office of five leading swap dealers in the Relevant Financial Centre interbank market, in each case as selected by the Calculation Agent or Determination Agent; or (ii) such leading swap dealers in the Relevant Financial Centre interbank market as specified in the applicable Issue Terms.

If, on any Interest Determination Date, one only or none of the Reference Banks provides the Calculation Agent or Determination Agent with such quotations of the Relevant Swap Rate (used to determine a CMS Reference Rate) as provided in the preceding paragraph, the relevant CMS Reference Rate shall be determined by the Calculation Agent or Determination Agent in accordance with standard market practice.

(f) *Calculation – Notes*

In the case where the Securities are Notes, the Calculation Agent will calculate the amount of interest (the **Interest Amount**) payable on the CMS Rate Securities for the relevant Interest Period by applying the relevant Interest Rate to:

- (i) in the case of CMS Rate Securities which are represented by a Global Registered Security Certificate, the aggregate outstanding principal amount of the CMS Rate Securities represented by such Global Registered Security Certificate; or
- (ii) in the case of CMS Rate Securities in definitive form, the Calculation Amount,

and, in each case, (i) multiplying such product by the applicable Day Count Fraction, and (ii) where Valuation and Settlement Condition 4.5 (*Range Accrual (Expanded) Securities*) applies, multiplying the product calculated in (i) by the Accrual Interest Rate. The resultant figure will be rounded to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a CMS Rate Security is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Security shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(g) *Calculation – Certificates*

In the case where the Securities are Certificates, the Calculation Agent will calculate the amount of coupon (the **Coupon Amount**) payable on the CMS Rate Securities, as the case may be, for the relevant Coupon Period by applying the relevant Coupon Rate to:

- (i) in the case of CMS Rate Securities which are represented by a Global Registered Security Certificate, the aggregate of the Calculation Amounts in respect of the total number of the Securities represented by such Global Registered Security Certificate; or
- (ii) in the case of CMS Rate Securities in definitive form, the Calculation Amount,

and, in each case, (i) multiplying such product by the applicable Day Count Fraction, and (ii) where Valuation and Settlement Condition 4.5 (*Range Accrual (Expanded) Securities*) applies, multiplying the product calculated in (i) by the Accrual Interest Rate. The resultant figure will be rounded to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(h) *Additional Definitions Relating to CMS Rate Securities*

The following terms shall have the meanings set out below (and terms not defined in this Valuation and Settlement Condition 4.3 shall have the meanings given to such terms in the Conditions):

CMS Interest Rate means the rate of interest in respect of an Interest Period or any relevant day (including any Interest Payment Date) determined in accordance with Valuation and Settlement Condition 4.3.

CMS Rate Securities means Securities specified as such in the applicable Issue Terms.

CMS Reference Rate means, in respect of an Interest Period or any relevant day, the Relevant Swap Rate for swap transactions in the Reference Currency with a maturity of the Designated Maturity (expressed as a percentage rate per annum) which appears on the Page as at the Relevant Time on the relevant Interest Determination Date, as determined by the Calculation Agent or Determination Agent.

CMS Reference Rate 1 means the CMS Reference Rate specified as such in the applicable Issue Terms and the terms "Relevant Swap Rate", "Reference Currency", "Designated Maturity", "Page", "Relevant Time" and "Interest Determination Date" and any other relevant term will each be specified in the applicable Issue Terms under the heading "CMS Reference Rate 1".

CMS Reference Rate 2 means the CMS Reference Rate specified as such in the applicable Issue Terms and the terms "Relevant Swap Rate", "Reference Currency", "Designated Maturity", "Page", "Relevant Time" and "Interest Determination Date" and any other relevant term will each be specified in the applicable Issue Terms under the heading "CMS Reference Rate 2".

Interest Participation Rate 1 means, in respect of CMS Reference Rate 1, an Interest Participation Rate specified as such in the applicable Issue Terms corresponding to CMS Reference Rate 1.

Interest Participation Rate 2 means, in respect of CMS Reference Rate 2, an Interest Participation Rate specified as such in the applicable Issue Terms corresponding to CMS Reference Rate 2.

Margin 1 means the Margin specified as such in the applicable Issue Terms.

Margin 2 means the Margin specified as such in the applicable Issue Terms.

Reference Currency means, in the case of a determination of a CMS Reference Rate, the currency specified as such in the applicable Issue Terms corresponding to such CMS Reference Rate.

Relevant Swap Rate means, if the applicable Issue Terms specify:

- (i) **EUR Swap Rate**, the mid-market annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating euro interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Period or on any relevant day and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/360 day count basis, is equivalent to EUR-EURIBOR-Reuters (as defined in the ISDA Definitions (as defined below)) with a designated maturity determined by the Calculation Agent by reference to standard market practice and/or the ISDA Definitions; or
- (ii) **GBP Swap Rate**, the mid-market semi-annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the semi-annual fixed leg, calculated on an Actual/365 (Fixed) day count basis, of a fixed-for-floating Sterling interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Period or on any relevant day and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/365 (Fixed) day count basis, is equivalent (A) if the Designated Maturity is greater than one year, to GBP-LIBOR-BBA (as defined in the ISDA Definitions) with a designated maturity of six months or (B) if the Designated Maturity is one year or less, to GBP-LIBOR-BBA with a designated maturity of three months;
- (iii) **USD Swap Rate**, the mid-market semi-annual swap rate determined on the basis of the mean of the bid and offered rates for the semi-annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating United States dollar interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Period or on any relevant day and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, calculated on an Actual/360 day count basis, is equivalent to USD-LIBOR-BBA (as defined in the ISDA Definitions) with a designated maturity of three months; and
- (iv) **Mid-Market Swap Rate**, the mid-market swap rate as determined by the Calculation Agent in accordance with standard market practice.

Relevant Time means, for the purposes of a determination of a CMS Reference Rate, the time in the place specified as such in the applicable Issue Terms corresponding to such CMS Reference Rate.

Representative Amount means an amount that is representative for a single transaction in the relevant market at the relevant time.

4.4 Spread Securities

(a) *Interest Rate for Spread Securities*

The **Spread Interest Rate** in respect of each Interest Period will be the Relevant Spread Rate in respect of such Interest Period, plus or minus (as specified in the applicable Issue Terms) the Margin (Spread Interest Rate) (if any is specified in the applicable Issue Terms), and multiplied by the Interest Participation Rate (Spread Interest Rate) (if any is specified in the applicable Issue Terms), all as determined by the Calculation Agent or Determination Agent.

The **Relevant Spread Rate** in respect of each Interest Period will be:

- (A) if "Option One" applies, an amount equal to (i) one (1), minus (ii) the result of Spread Rate 1 minus Spread Rate 2; or

- (B) if "No Option One" applies, an amount equal to (i) Spread Rate 1, minus (ii) Spread Rate 2; or
- (C) if "Spread Cap" applies, an amount determined in accordance with the following formula:

$$\text{Min}[(\text{Rate X} \pm \text{Spread Cap Margin}); (\text{V}\% + \{\text{Multiplier} \times [\text{Rate Y} - \text{Rate Z}]\})]$$

If any Reference Rate is specified herein or in the applicable Issue Terms to be a "Spread Interest Rate", "Relevant Spread Rate" or "Spread Reference Rate", the relevant Reference Rate will be determined in accordance with the provisions set out in this Valuation and Settlement Condition 4.4, as though each reference to "Interest Rate" were a reference to "Reference Rate".

(b) *Determination of Spread Reference Rate*

The **Spread Reference Rate** shall be the rate specified as such in the applicable Issue Terms, and may be expressed as:

- (A) a single Reference Rate;
- (B) the sum of two or more Reference Rates (as specified in the applicable Issue Terms); or
- (C) Reference Rate 1 minus Reference Rate 2.

A different Spread Reference Rate(s) (and, if applicable, calculated from different Reference Rates) may apply in respect of different Interest Periods, as specified in the applicable Issue Terms.

(c) *Determination of Reference Rate*

In relation to a Reference Rate, the applicable Issue Terms will specify whether it is (i) a Fixed Interest Rate, (ii) a Floating Interest Rate and whether Screen Rate Determination or ISDA Determination will apply; or (iii) a CMS Interest Rate.

In relation to each Reference Rate, depending on which one of (i), (ii) or (iii) above is specified in relation to such Reference Rate, the applicable Issue Terms will specify in relation to such Reference Rate, all the relevant terms for such Reference Rate, including any Interest Determination Date, any Margin, any Interest Participation Rate, any Minimum Reference Rate and/or Maximum Reference Rate, in each case, in accordance with the relevant provisions for Fixed Rate Securities, Floating Rate Securities or CMS Rate Securities, in each case, as contained in the Conditions and, in the case of Securities that are not Exempt Securities, in the applicable Final Terms or, in the case of Exempt Securities, the applicable Pricing Supplement.

For the avoidance of doubt, where a Reference Rate is determined by reference to any of Valuation and Settlement Condition 4.2 (*Interest on Floating Rate Securities*) or Valuation and Settlement Condition 4.3 (*Interest on CMS Rate Securities*), as specified in the applicable Issue Terms, all fallback provisions relating to a Floating Interest Rate or CMS Interest Rate, as applicable, as contained in the Conditions shall also apply in relation to the determination of such rate(s), as applicable.

A different Reference Rate(s) may apply in respect of different Interest Periods, as specified in the applicable Issue Terms.

(d) *Fixed Rate Security provisions applicable to Spread Securities*

Each Spread Security will also be a Fixed Rate Security and interest payable on Spread Securities will be determined and calculated as provided in Valuation and Settlement Condition 4.1(b) or 4.1(c), as the case may be, as though the applicable Issue Terms specified "Accrual" to be applicable and the Spread Interest Rate was a Fixed Interest Rate. As with all

Fixed Rate Securities, Spread Securities will bear interest from (and including) the Interest Commencement Date at the Interest Rate (determined in accordance with Valuation and Settlement Condition 4.1(b) or 4.1(c), as the case may be, above) and, where interest is due in accordance with this Valuation and Settlement Condition and the applicable Issue Terms, such interest (being an **Interest Amount**) will be payable in arrear on the Interest Payment Date(s) in each year specified in the applicable Issue Terms. Such Interest Amount will be payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Date falling on or about such Interest Payment Date.

(e) *Additional Definitions Relating to Spread Securities*

The following terms shall have the respective meanings set out below (and terms not defined in this Valuation and Settlement Condition 4.4 shall have the meanings given to such terms in the Conditions:

Interest Participation Rate (Spread Interest Rate) means, in respect of a Relevant Spread Rate for an Interest Period, an Interest Participation Rate specified as such in the applicable Issue Terms corresponding to such Relevant Spread Rate.

Margin (Spread Interest Rate) means, in respect of a Relevant Spread Rate for an Interest Period, a Margin specified as such in the applicable Issue Terms corresponding to such Relevant Spread Rate.

Maximum Reference Rate means, in respect of an Interest Period and/or any relevant day (including any Interest Payment Date), the amount specified as such in the applicable Issue Terms in respect of such Interest Period or day, or, if a Rate Table is set out in the applicable Issue Terms, in respect of each Interest Period ending on (but excluding) an Interest Period End Date, the amount set forth in the Rate Table in the column entitled "Maximum Reference Rate" in the row corresponding to such day or corresponding to the date (specified in the column entitled "Interest Period End Date") on which such Interest Period End Date is scheduled to fall.

Min means, when followed by a series of amounts inside brackets, whichever is the lesser of the amounts separated by a semi-colon inside those brackets.

Minimum Reference Rate means, in respect of an Interest Period and/or any relevant day (including any Interest Payment Date), the amount specified as such in the applicable Issue Terms in respect of such Interest Period or day, or, if a Rate Table is set out in the applicable Issue Terms, in respect of each Interest Period ending on (but excluding) an Interest Period End Date, the amount set forth in the Rate Table in the column entitled "Minimum Reference Rate" in the row corresponding to such day or corresponding to the date (specified in the column entitled "Interest Period End Date") on which such Interest Period End Date is scheduled to fall. "Multiplier" means an amount specified as such in the applicable Issue Terms.

Rate X means any of Spread Rate 1, Spread Rate 2 or Spread Rate 3, specified as such in the applicable Issue Terms provided that, where the applicable Issue Terms provides that such rate is Not Applicable, such rate shall not apply to the Securities and the "Spread Cap" formula shall be deemed amended accordingly.

Rate Y means any of Spread Rate 1, Spread Rate 2 or Spread Rate 3, specified as such in the applicable Issue Terms provided that, where the applicable Issue Terms provides that such rate is Not Applicable, such rate shall not apply to the Securities and the "Spread Cap" formula shall be deemed amended accordingly.

Rate Z means any of Spread Rate 1, Spread Rate 2 or Spread Rate 3, specified as such in the applicable Issue Terms provided that, where the applicable Issue Terms provides that such rate is Not Applicable, such rate shall not apply to the Securities and the "Spread Cap" formula shall be deemed amended accordingly.

Reference Rate 1 means, in respect of an Interest Period, a Reference Rate specified as such in the applicable Issue Terms and determined in accordance with Valuation and Settlement Condition 4.4(c) (*Determination of Reference Rate*) above.

Reference Rate 2 means, in respect of an Interest Period, a Reference Rate specified as such in the applicable Issue Terms and determined in accordance with Valuation and Settlement Condition 4.4(c) (*Determination of Reference Rate*) above.

Spread Cap Margin means, in respect of a Relevant Spread Rate for an Interest Period, the Margin specified as such for such Interest Period and/or Interest Payment Date in the applicable Issue Terms, provided that if: (i) the Spread Cap Margin is a percentage rate per annum preceded by a "+" (plus) sign, the reference to "± Spread Cap Margin" in the formula set out in paragraph (C) of the definition of "Relevant Spread Rate" above shall be construed as "+ Spread Cap Margin", and (ii) the Spread Cap Margin is a percentage rate per annum preceded by a "-" (minus) sign, the reference to "± Spread Cap Margin" in the formula set out in paragraph (C) of the definition of "Relevant Spread Rate" above shall be construed as "- Spread Cap Margin".

Spread Rate 1 means, in respect of an Interest Period, a Spread Reference Rate specified as such in the applicable Issue Terms, plus or minus any Spread Rate 1 Margin, and multiplied by any Spread Rate 1 Interest Participation Rate.

Spread Rate 1 Interest Participation Rate means an Interest Participation Rate specified as such in the applicable Issue Terms.

Spread Rate 1 Margin means a Margin specified as such in the applicable Issue Terms.

Spread Rate 2 means, in respect of an Interest Period, a Spread Reference Rate specified as such in the applicable Issue Terms, plus or minus any Spread Rate 2 Margin, and multiplied by any Spread Rate 2 Interest Participation Rate.

Spread Rate 2 Interest Participation Rate means an Interest Participation Rate specified as such in the applicable Issue Terms.

Spread Rate 2 Margin means a Margin specified as such in the applicable Issue Terms.

Spread Rate 3 means, in respect of an Interest Period, a Spread Reference Rate specified as such in the applicable Issue Terms, plus or minus any Spread Rate 3 Margin, and multiplied by any Spread Rate 3 Interest Participation Rate.

Spread Rate 3 Interest Participation Rate means an Interest Participation Rate specified as such in the applicable Issue Terms.

Spread Rate 3 Margin means a Margin specified as such in the applicable Issue Terms.

Spread Securities means Securities specified as such in the applicable Issue Terms.

V% means an amount (expressed as a percentage rate per annum) specified as such in the applicable Issue Terms.

4.5 **Range Accrual (Expanded) Securities**

The provisions set out in this Valuation and Settlement Condition 4.5 and shall apply to Range Accrual (Expanded) Securities. A Range Accrual (Expanded) Security will have a Fixed Interest Rate, a Floating Interest Rate or a CMS Interest Rate, as specified in the applicable Issue Terms.

(a) *Accrual Interest Rate*

The **Accrual Interest Rate** for each Interest Period and/or Interest Payment Date) means a percentage determined by the Calculation Agent in accordance with the following formula:

$$\text{Min [Max (Lev x \{RA Factor - Adj\}; RA Floor); RA Cap]}$$

For the purposes of the above:

Accrual Factor means an amount expressed as a percentage determined by the Calculation Agent in accordance with the following formula:

$$\frac{(\text{days accrued})}{(\text{days observed})}$$

RA Factor means a percentage determined by the Calculation Agent in accordance with the following:

- (i) where the applicable Issue Terms specify that the "Protected Range Accrual Provisions" apply:
 - (A) where the Accrual Factor is greater than the Protection Level, 100%; or
 - (B) where the Accrual Factor is less than or equal to the Protection Level, the Accrual Factor; or
 - (ii) where the applicable Issue Terms specify that the "Protected Range Accrual Provisions" do not apply, the Accrual Factor.
- (b) *Determination of Accrual Condition*

Accrual Condition means (and shall be deemed to be satisfied) on any Interest Observation Date if the Reference Observation on such Interest Observation Date is:

- (A) if "Greater than the Barrier" is specified under Barrier Reference in the applicable Issue Terms, greater than the Barrier;
- (B) if "Greater than or equal to the Barrier" is specified under Barrier Reference in the applicable Issue Terms, greater than or equal to the Barrier;
- (C) if "Less than the Barrier" is specified under Barrier Reference in the applicable Issue Terms, less than the Barrier;
- (D) if "Less than or equal to the Barrier" is specified under Barrier Reference in the applicable Issue Terms, less than or equal to the Barrier; or
- (E) if a "Lower Range" and an "Upper Range" are specified in the applicable Issue Terms, and:
 - (I) if the "Lower Range Option" specified in the applicable Issue Terms is:
 - (1) "Greater than the Lower Range", greater than the Lower Range; or
 - (2) "Greater than or equal to the Lower Range", greater than or equal to the Lower Range; and
 - (II) if the "Upper Range Option" specified in the applicable Issue Terms is:
 - (1) "Less than the Upper Range", less than the Upper Range; or
 - (2) "Less than or equal to the Upper Range", less than or equal to the Upper Range,

in each case, as determined by the Calculation Agent by reference to the relevant Interest Observation Date, subject as provided herein.

- (c) *Determination of Reference Observation*

The **Reference Observation** shall be specified in the applicable Issue Terms and may be expressed as:

- (i) Reference Rate 1 minus Reference Rate 2; or
- (ii) the sum of each Reference Rate 1 minus the sum of each Reference Rate 2; or
- (iii) one Reference Rate or a basket of two or more Reference Rates,

in each case, as determined by the Calculation Agent by reference to or in respect of the relevant Interest Observation Date, subject as provided herein.

If the Reference Observation is specified as a basket of two or more Reference Rates, then a "Reference Observation" on any Interest Observation Date shall be construed as:

- (i) if "Any" is specified in the applicable Issue Terms, "any Reference Rate" or
- (ii) if "All" is specified in the applicable Issue Terms, "each of the Reference Rates",

in each case, as determined by the Calculation Agent by reference to the relevant Interest Observation Date, subject as provided herein.

(d) *Determination of Reference Rate*

For the purposes of the Conditions and in particular Valuation and Settlement Condition 4.1 (*Interest on Fixed Rate Securities*), 4.2 (*Interest on Floating Rate Securities*) and 4.3 (*Interest on CMS Rate Securities*), Reference Rate 1 and Reference Rate 2 are each a "Reference Rate" and the applicable Issue Terms will specify whether each Reference Rate is: (i) a Fixed Interest Rate, (ii) a Floating Interest Rate and whether Screen Rate Determination or ISDA Determination will apply, or (iii) a CMS Interest Rate, or (iv) a Spread Interest Rate, (v) a Relevant Spread Rate or (vi) a Spread Reference Rate.

In relation to each Reference Rate, depending on which one of (i), (ii), (iii), (iv), (v) or (vi) above is specified in relation to such Reference Rate, the applicable Issue Terms will specify in relation to such Reference Rate, all the relevant terms for such Reference Rate, including any Interest Determination Date, any Margin, any Interest Participation Rate, any of Valuation and Settlement Condition 4.4 (*Spread Securities*), any Minimum Reference Rate and/or any Maximum Reference Rate, in each case in accordance with the relevant provisions for a Fixed Interest Rate, Floating Interest Rate, CMS Interest Rate, Spread Interest Rate, Relevant Spread Rate or Spread Reference Rate, in each case as contained in the Valuation and Settlement Conditions and the applicable Issue Terms.

A different Reference Rate and/or different Reference Observations may apply in respect of different Interest Periods and Interest Payment Dates, as specified in the applicable Issue Terms.

(e) *Barrier, Upper Range and Lower Range*

(A) *Barrier*

As specified in the applicable Issue Terms, a Barrier may apply to specified Interest Periods and/or Interest Payment Dates only and may vary between different Interest Periods and/or Interest Payment Dates, all as specified in the applicable Issue Terms.

(B) *Lower Range and/or Upper Range*

As specified in the applicable Issue Terms, a Lower Range and/or Upper Range may apply to specified Interest Periods and/or Interest Payment Dates only and may vary between different Interest Periods and/or Interest Payment Dates, all as specified in the applicable Issue Terms.

(C) *Interest Observation Date*

In respect of an Interest Period, any Reference Observation and each Accrual Day falling during such Interest Period, the relevant **Interest Observation Date** shall be such Accrual Day or, if such day is not a Scheduled Observation Date or is a

Reference Observation Disrupted Day, the immediately preceding Scheduled Observation Date for such Reference Observation which is not a Reference Observation Disrupted Day for such Reference Observation, provided that the Interest Observation Date for each Accrual Day from (and including) the Accrual Cut-Off Date to but (excluding) the Interest Period End Date falling at the end of such Interest Period shall be the Interest Observation Date for the Accrual Cut-Off Date.

An Interest Observation Date for one Accrual Day may therefore fall on the same day as the Interest Observation Date for another Accrual Day.

(f) *Interest Rate*

A different Interest Rate may apply in respect of different Interest Periods and Interest Payment Dates, as specified in the applicable Issue Terms.

Range Accrual (Expanded) Securities will bear interest from (and including) the Interest Commencement Date at the Fixed Interest Rate, Floating Interest Rate or CMS Interest Rate, as specified in the applicable Issue Terms. Such Interest Amount will be payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Date falling on or about such Interest Payment Date.

(A) *Fixed Rate Security provisions applicable to Range Accrual (Expanded) Securities*

If the Interest Rate applicable to any Interest Period and/or Interest Payment Date is specified to be a Fixed Interest Rate, the provisions set out in Valuation and Settlement 4.1 (*Interest on Fixed Rate Securities*) are deemed to apply and each Range Accrual (Expanded) Security will also be a Fixed Rate Security. Interest payable on each Range Accrual (Expanded) Security will be determined and calculated in accordance with Valuation and Settlement Condition 4.1(b) or 4.1(c), as the case may be, as though the applicable Issue Terms specified "Accrual" to be applicable.

(B) *Floating Rate Security provisions applicable to Range Accrual (Expanded) Securities*

If the Interest Rate applicable to any Interest Period and/or Interest Payment Date is specified to be a Floating Interest Rate, the provisions set out in Valuation and Settlement Condition 4.2 (*Interest on Floating Rate Securities*) are deemed to apply and each Range Accrual (Expanded) Security will also be a Floating Rate Security. The Interest Amount payable on each Range Accrual (Expanded) Security will be determined and calculated in accordance with Valuation and Settlement Condition 4.2(d) (*Calculations - Notes*) or 4.2(e) (*Calculations - Certificates*), as the case may be.

(C) *CMS Rate Security provisions applicable to Range Accrual (Expanded) Securities*

If the Interest Rate applicable to any Interest Period and/or Interest Payment Date is specified to be a CMS Interest Rate, the provisions set out in Valuation and Settlement Condition 4.3 (*Interest on CMS Rate Securities*) are deemed to apply and each Range Accrual (Expanded) Security will also be a CMS Rate Security. The Interest Amount payable on each Range Accrual (Expanded) Security will be determined and calculated in accordance with Valuation and Settlement Condition 4.3(a) (*Interest Amount*).

(g) *Maximum/Minimum Interest Amount*

If any Maximum Interest Amount or Minimum Interest Amount (or both) is specified in the applicable Issue Terms in respect of an Interest Payment Date, then if the Interest Amount for such Interest Payment Date is (1) greater than such Maximum Interest Amount, the Interest Amount shall be such Maximum Interest Amount, the Maximum Interest Amount shall be subject to the usury limits permitted by the law of the State of New York, or (2) less than such Minimum Interest Amount, the Interest Amount shall be such Minimum Interest Amount.

If more than one Maximum Interest Amount or Minimum Interest Amount (or both) is specified in the applicable Issue Terms for different Interest Payment Dates, then if the Interest Amount for an Interest Payment Date is (1) greater than the Maximum Interest Amount specified for such Interest Payment Date, the Interest Amount shall be such Maximum Interest Amount, or (2) is less than such Minimum Interest Amount specified for such Interest Payment Date, the Interest Amount shall be such Minimum Interest Amount.

Unless otherwise stated in the applicable Issue Terms, the Minimum Interest Amount shall be deemed to be zero.

(h) *Range Accrual Table*

If a Range Accrual Table is set out in the applicable Issue Terms, in respect of each Interest Period ending on (but excluding) an Interest Period End Date:

- (A) the Barrier will be each amount specified in the Range Accrual Table in the column entitled "Barrier";
- (B) the Lower Range will be each amount specified in the Range Accrual Table in the column entitled "Lower Range";
- (C) the Upper Range will be each amount specified in the Range Accrual Table in the column entitled "Upper Range";
- (D) the relevant Reference Observation will be specified in the Range Accrual Table in the column entitled "Reference Observation" and if the Reference Observation is not expressed as a single Reference Rate, any Reference Rate, Reference Rate 1 or Reference Rate 2 will be specified in the Reference Observation Table in the column entitled "Reference Rate(s)" (or if applicable, the columns entitled "Reference Rate 1" and "Reference Rate 2");
- (E) the relevant Interest Rate for such Interest Period will be specified in the Range Accrual Table in the column entitled "Interest Rate"; and
- (F) the relevant "Lev", "Adj", "RA Cap", "RA Floor" and "Protection Level" for such Interest Period will be specified in the Range Accrual Table in the applicable column,

in each case, in the row corresponding to the date (specified in the column "Interest Period End Date(s)") on which such Interest Period End Date is scheduled to fall.

(i) *Additional Definitions Relating to Range Accrual (Expanded) Securities*

The following terms shall have the meanings set out below (and terms not defined in this Valuation and Settlement Condition 4.5 shall have the meanings given to such terms in the Conditions:

Accrual Business Day means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in each Accrual Business Day Centre specified in the applicable Issue Terms, and if "Accrual Business Day Centre" is specified to be or to include: (i) "U.S. Government Securities Business Day", then "Accrual Business Day" shall also be any day except a Saturday, a Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities; or (ii) "TARGET", then "Accrual Business Day" shall also be a day on which the TARGET2 System is open.

Accrual Condition has the meaning given in Valuation and Settlement Condition 4.5(b) (*Determination of Accrual Condition*).

Accrual Condition 1 means an Accrual Condition specified as such in the applicable Issue Terms, determined in accordance with Valuation and Settlement Condition 4.5(b) (*Determination of Accrual Condition*) as though each reference therein to: (a) "Accrual

Condition" was a reference to "Accrual Condition 1", (b) "Reference Observation" was a reference to "Reference Observation 1", (c) "Barrier" was a reference to "Barrier 1", (d) "Lower Range" was a reference to "Lower Range 1", and (e) "Upper Range" was a reference to "Upper Range 1".

Accrual Condition 2 means an Accrual Condition specified as such in the applicable Issue Terms, determined in accordance with Valuation and Settlement Condition 4.5(b) (*Determination of Accrual Condition*) as though each reference therein to: (a) "Accrual Condition" was a reference to "Accrual Condition 2", (b) "Reference Observation" was a reference to "Reference Observation 2", (c) "Barrier" was a reference to "Barrier 2", (d) "Lower Range" was a reference to "Lower Range 2", and (e) "Upper Range" was a reference to "Upper Range 2".

Accrual Condition 3 means an Accrual Condition specified as such in the applicable Issue Terms, determined in accordance with Valuation and Settlement Condition 4.5(b) (*Determination of Accrual Condition*) as though each reference therein to: (a) "Accrual Condition" was a reference to "Accrual Condition 3", (b) "Reference Observation" was a reference to "Reference Observation 3", (c) "Barrier" was a reference to "Barrier 3", (d) "Lower Range" was a reference to "Lower Range 3", and (e) "Upper Range" was a reference to "Upper Range 3".

Accrual Cut-Off Date means, in respect of an Interest Period, the day falling on the Specified Accrual Cut-Off Date (or if "**Default Accrual Cut-Off Date**" is specified in the applicable Issue Terms, the fifth Accrual Day) immediately preceding the Interest Period End Date falling at the end of such Interest Period.

Accrual Days means calendar days or Business Days specified as such in the applicable Issue Terms (each an **Accrual Day**).

Adj means the adjustment factor specified as such in the applicable Issue Terms provided that if the applicable Issue Terms specifies that Adj is Not Applicable, Adj shall be zero.

Barrier has the meaning given in Valuation and Settlement Condition 4.5(e) (*Barrier, Upper Range and Lower Range*).

Barrier 1 means the Barrier specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Condition 4.5(e) (*Barrier, Upper Range and Lower Range*) and 4.5(h) (*Range Accrual Table*) to "Barrier" shall be construed as a reference to "Barrier 1".

Barrier 2 means the Barrier specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Conditions 4.5(e) (*Barrier, Upper Range and Lower Range*) and 4.5(h) (*Range Accrual Table*) to "Barrier" shall be construed as a reference to "Barrier 2".

Barrier 3 means the Barrier specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Conditions 4.5(e) (*Barrier, Upper Range and Lower Range*) and 4.5(h) (*Range Accrual Table*) to "Barrier" shall be construed as a reference to "Barrier 3".

days accrued means:

- (A) if the applicable Issue Terms specify "Single Reference Observation" to be applicable, the number of Accrual Days in the relevant Interest Period in respect of which the Accrual Condition is satisfied on the related Interest Observation Date;
- (B) if the applicable Issue Terms specify "Dual Reference Observation" to be applicable, the number of Accrual Days in the relevant Interest Period in respect of which Accrual Condition 1 and Accrual Condition 2 are both satisfied on the related Interest Observation Date; and

- (C) if the applicable Issue Terms specify "Triple Reference Observation" to be applicable, the number of Accrual Days in the relevant Interest Period in respect of which Accrual Condition 1, Accrual Condition 2 and Accrual Condition 3 are all satisfied on the related Interest Observation Date.

days observed means the actual number of Accrual Days in the relevant Interest Period.

Interest Observation Date has the meaning given in Valuation and Settlement Condition 4.5(e).

Lev means the leverage specified as such in the applicable Issue Terms provided that if the applicable Issue Terms specifies that Lev is Not Applicable, Lev shall be 100 per cent.

Lower Range has the meaning given in Valuation and Settlement Condition 4.5(e) (*Barrier, Upper Range and Lower Range*).

Lower Range 1 means the Lower Range specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Conditions 4.5(e) (*Barrier, Upper Range and Lower Range*) and 4.5(h) (*Range Accrual Table*) above to "Lower Range" shall be construed as a reference to "Lower Range 1".

Lower Range 2 means the Lower Range specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Conditions 4.5(e) (*Barrier, Upper Range and Lower Range*) and 4.5(h) (*Range Accrual Table*) above to "Lower Range" shall be construed as a reference to "Lower Range 2".

Lower Range 3 means the Lower Range specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Conditions 4.5(e) (*Barrier, Upper Range and Lower Range*) and 4.5(h) (*Range Accrual Table*) above to "Lower Range" shall be construed as a reference to "Lower Range 3".

Max means, when followed by a series of amounts inside brackets, whichever is the greater of the amounts separated by a semi-colon inside those brackets.

Min means, when followed by a series of amounts inside brackets, whichever is the lesser of the amounts separated by a semi-colon inside those brackets.

RA Cap means the percentage specified as such in the applicable Issue Terms provided that if the applicable Issue Terms specifies that the RA Cap is Not Applicable, the RA Cap shall be infinity.

RA Floor means the percentage specified as such in the applicable Issue Terms provided that if the applicable Issue Terms specifies that the RA Floor is Not Applicable, the RA Floor shall be zero.

Range Accrual (Expanded) Securities means Securities specified as such in the applicable Issue Terms.

Range Accrual Table means the table specified as such in the applicable Issue Terms.

Reference Observation has the meaning given in Valuation and Settlement Condition 4.5(c) (*Determination of Reference Observation*) above.

Reference Observation 1 means the Reference Observation specified as such in the applicable Issue Terms, determined in accordance with Valuation and Settlement Condition 4.5(c) (*Determination of Reference Observation*) as though each reference therein to "Reference Observation" was a reference to "Reference Observation 1".

Reference Observation 2 means the Reference Observation specified as such in the applicable Issue Terms, determined in accordance with Valuation and Settlement Condition 4.5(c) (*Determination of Reference Observation*) above as though each reference therein to "Reference Observation" was a reference to "Reference Observation 2".

Reference Observation 3 means the Reference Observation specified as such in the applicable Issue Terms, determined in accordance with Valuation and Settlement Condition 4.5(c) (*Determination of Reference Observation*) above, as though each reference therein to "Reference Observation" was a reference to "Reference Observation 3".

Reference Observation Disrupted Day means, in respect of a Reference Observation, where the relevant Reference Observation is comprised of one or more Reference Rates, a Disrupted Day (as defined in Rate Condition 1) for any of the Reference Rates comprising such Reference Observation.

Reference Observation Table means the table specified as such in the applicable Issue Terms.

Scheduled Observation Date means, in respect of a Reference Observation where the relevant Reference Observation is comprised of one or more Reference Rates, a Scheduled Trading Day (as defined in Rate Condition 1) for all the Reference Rates comprising such Reference Observation.

Specified Accrual Cut-Off Date means such number of calendar days or Accrual Business Days as specified in the applicable Issue Terms.

Upper Range has the meaning given in Valuation and Settlement Condition 4.5(e) (*Barrier, Upper Range and Lower Range*).

Upper Range 1 means the Upper Range specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Conditions 4.5(e) (*Barrier, Upper Range and Lower Range*) and 4.5(h) (*Range Accrual Table*) above to "Upper Range" shall be construed as a reference to "Upper Range 1".

Upper Range 2 means the Upper Range specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Conditions 4.5(e) (*Barrier, Upper Range and Lower Range*) and 4.5(h) (*Range Accrual Table*) above to "Upper Range" shall be construed as a reference to "Upper Range 2".

Upper Range 3 means the Upper Range specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Conditions 4.5(e) (*Barrier, Upper Range and Lower Range*) and 4.5(h) (*Range Accrual Table*) above to "Upper Range" shall be construed as a reference to "Upper Range 3".

4.6 Definitions

CMS Interest Rate means the rate of interest in respect of an Interest Period or any relevant day (including any Interest Payment Date) determined in accordance with Valuation and Settlement Condition 4.3 (*Interest on CMS Rate Securities*).

Day Count Fraction means, in respect of the calculation of an amount of interest on any Security for any period of time, whether or not constituting an Interest Period (the **Calculation Period**):

- (a) if **Actual/Actual (ICMA)** is specified in the applicable Issue Terms in respect of Fixed Rate Securities:
 - (i) in the case of Securities where the number of days in the Calculation Period is equal to or shorter than the Determination Period during which the Calculation Period ends, the number of days in such Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Issue Terms) that would occur in one calendar year; or
 - (ii) in the case of Securities where the Calculation Period is longer than the Determination Period during which the Calculation Period ends, the sum of:

- (A) the number of days in such Calculation Period falling in the Determination Period in which the Calculation Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Calculation Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;
- (b) if **Actual/Actual** or **Actual/Actual (ISDA)** is specified in the applicable Issue Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (x) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (y) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
 - (c) if **Actual/365 (Fixed)** is specified in the applicable Issue Terms, the actual number of days in the Calculation Period divided by 365;
 - (d) if **Actual/365 (Sterling)** is specified in the applicable Issue Terms, the actual number of days in the Calculation Period divided by 365 or, in the case of a payment falling in a leap year, 366;
 - (e) if **Actual/360** is specified in the applicable Issue Terms, the actual number of days in the Calculation Period divided by 360;
 - (f) if **30/360** is specified in the applicable Issue Terms in respect of Fixed Rate Securities, the number of days in the Calculation Period (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360;
 - (g) if **30/360, 360/360** or **Bond Basis** is specified in the applicable Issue Terms in relation to Floating Rate Securities, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y₁ is the year, expressed as a number, in which the first day of the Calculation Period falls;

Y₂ is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

M₁ is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

M₂ is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

D₁ is the first calendar day, expressed as a number, of the Calculation Period, unless such number is 31, in which case D₁ will be 30; and

D₂ is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (h) if **30E/360** or **Eurobond Basis** is specified in the applicable Issue Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y₁ is the year, expressed as a number, in which the first day of the Calculation Period falls;

Y₂ is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

M₁ is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

M₂ is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

D₁ is the first calendar day, expressed as a number, of the Calculation Period, unless such number is 31, in which case D₁ will be 30; and

D₂ is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number is 31, in which case D₂ will be 30;

- (i) if **30E/360 (ISDA)** is specified in the applicable Issue Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y₁ is the year, expressed as a number, in which the first day of the Calculation Period falls;

Y₂ is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

M₁ is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

M₂ is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

D₁ is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number is 31, in which case D₁ will be 30; and

D₂ is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number is 31, in which case D₂ will be 30;

- (j) if **RBA Bond Basis** or **Australian Bond Basis** is specified in the applicable Issue Terms, one divided by the number of Interest Period End Dates in a year (or where the Calculation Period does not constitute an Interest Period, "Actual/Actual" as defined in sub paragraph (ii) above;
- (k) **1/1** is specified in the applicable Issue Terms, 1

Determination Period means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing

on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

Fixed Interest Rate means the rate of interest applicable to Fixed Rate Securities in respect of an Interest Period determined in accordance with Valuation and Settlement Condition 4.1 (*Interest on Fixed Rate Securities*).

Floating Interest Rate means the rate of interest in respect of an Interest Period and/or any relevant day (including any Interest Payment Date) determined in accordance with Valuation and Settlement Condition 4.2 (*Interest on Floating Rate Securities*).

Interest Commencement Date means the date of issue of the Securities (the Issue Date) or such other date as may be specified in the applicable Issue Terms.

Interest Determination Date means the date specified as such in the Issue Terms or if none is so specified:

- (a) if the Reference Rate is LIBOR (other than Sterling or Euro LIBOR), the second day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in London prior to the start of each Interest Period;
- (b) if the Reference Rate is Sterling LIBOR, the first day of each Interest Period;
- (c) if the Reference Rate is Euro LIBOR or EURIBOR, the second TARGET Business Day prior to the start of each Interest Period;
- (d) if the Reference Rate is the Stockholm interbank offered rate (STIBOR), the second day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in Stockholm prior to the start of each Interest Period;
- (e) if the Reference Rate is the Norwegian interbank offered rate (NIBOR), the second day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in Oslo prior to the start of each Interest Period;
- (f) if the Reference Rate is the Copenhagen interbank offered rate (CIBOR), the first day of each Interest Period;
- (g) if the Reference Rate is the Tokyo interbank offered rate (TIBOR), the second day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in Tokyo prior to the start of each Interest Period;
- (h) if the Reference Rate is the Hong Kong interbank offered rate (HIBOR), the first day of each Interest Period;
- (i) if the Reference Rate is the Australian Bank Bill Swap Rate (BBSW), the first day of each Interest Period;
- (j) if the Reference Rate is the New Zealand Bank Bill reference rate (BKBM), the first day of each Interest Period;
- (k) if Daily Rate Determination is specified to be applicable in respect of a Reference Rate for any relevant day, the Interest Determination Date shall be such relevant day; or
- (l) if Periodic Rate Determination is specified to be applicable in respect of a Reference Rate for any Interest Period, the Interest Determination Date shall be any date specified as such in the applicable Issue Terms.

Interest Period means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Period End Date and each successive

period beginning on (and including) an Interest Period End Date and ending on (but excluding) the next succeeding Interest Period End Date.

Interest Period End Date means each date specified as such in the applicable Issue Terms or, if none is so specified, each Interest Payment Date.

Interest Rate means the rate of interest payable from time to time in respect of the Securities and which is either specified, or calculated in accordance with the provisions, herein or specified in the applicable Issue Terms, and where more than one rate is so specified, the rate shall be that which is specified in respect of the relevant Interest Payment Date in the applicable Issue Terms.

London Banking Day means a day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in London.

Margin means, in respect of any Interest Rate or Reference Rate (each a **Relevant Rate**) for a relevant day (including an Interest Payment Date) and/or for an Interest Period ending on (but excluding) an Interest Period End Date, the percentage rate specified as such in the applicable Issue Terms in respect of such Relevant Rate for such day and/or such Interest Period, which shall be preceded with either a "+" (plus) or a "-" (minus) sign (provided that if the applicable Issue Terms specify Margin to be not applicable in respect of such Relevant Rate, it shall be deemed to be equal to zero), or if a Rate Table is set out in the applicable Issue Terms, each percentage rate specified in the Rate Table in the column entitled "Margin" (which shall be preceded with either a "+" (plus) or a "-" (minus) sign) in the row corresponding to such day or corresponding to the date (specified in the column "Interest Period End Date(s)") on which such Interest Period End Date is scheduled to fall. Where the applicable Issue Terms specify more than one Margin for different Relevant Rates, the Margin will be construed to apply to each Relevant Rate for each relevant day (including an Interest Payment Date) and/or each Interest Period.

Page means such display page as may be specified in the applicable Issue Terms for the purpose of providing a Reference Rate, or (i) any successor display page, other published source, information vendor or provider that has been officially designated by the sponsor of the original display page or (ii) if the sponsor has not officially designated a successor display page, other published source, information vendor or provider (as the case may be), the successor display page, other published source, information vendor or provider, if any, designated by the relevant information vendor or provider (if different from the sponsor).

Rate Table means a table specified as such in the applicable Issue Terms.

Reference Banks means (i) in the case of a determination of LIBOR, the principal London office of four major banks in the London interbank market; (ii) in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone interbank market; (iii) in the case of a determination of BBSW, the financial institutions authorised to quote on the Reuters Screen BBSW Page; (iv) in the case of a determination of BKBM, four major banks in the New Zealand money market and (v) in the case of a determination of a Reference Rate other than LIBOR, EURIBOR, BBSW or BKBM, the principal office in the Relevant Financial Centre of four major banks in the interbank market of the Relevant Financial Centre, in each case selected by the Calculation Agent or as specified in the applicable Issue Terms.

Reference Rate means: (i) LIBOR, (ii) EURIBOR, (iii) STIBOR, (iv) NIBOR, (v) CIBOR, (vi) TIBOR, (vii) HIBOR, (viii) BBSW or (ix) BKBM, or (x) such other Reference Rate specified in the applicable Issue Terms in each case for the relevant period, as specified in the applicable Issue Terms.

Relevant Financial Centre means: (i) London, in the case of a determination of LIBOR, (ii) Brussels, in the case of a determination of EURIBOR, (iii) Stockholm, in the case of a determination of STIBOR, (iv) Oslo, in the case of a determination of NIBOR, (v) Copenhagen, in the case of a determination of CIBOR, (vi) Tokyo, in the case of a determination of TIBOR, (vii) Hong Kong, in the case of a determination of HIBOR, (viii)

Sydney, in the case of a determination of BBSW and (ix) Wellington, in the case of a determination of BKBM, or such other centre as specified in the applicable Issue Terms.

Relevant Interbank Market means the relevant market specified in the applicable Issue Terms.

Specified Time means: (i) in the case of LIBOR, 11.00 a.m., (ii) in the case of EURIBOR, 11.00 a.m., (iii) in the case of STIBOR, 11.00 a.m., (iv) in the case of NIBOR, 12.00 noon, (v) in the case of CIBOR, 11.00 a.m., (vi) in the case of TIBOR, 11.00 a.m., (vii) in the case of HIBOR, 11.00 a.m., (viii) in the case of BBSW, 10.00 a.m. or (ix) in the case of BKBM, 11.00 a.m., in each case in the Relevant Financial Centre, or such other time as specified in the applicable Issue Terms.

4.7 Certificates and Notes – interpretation

For the avoidance of doubt, if the Securities are Certificates, each reference in this Valuation and Settlement Condition 4 (*Fixed Rate, Floating Rate, CMS Rate and Spread Rate Interest Amounts and Range Accrual (Expanded) Provisions*) to "interest", "Interest Payment Date", "Interest Period", "Interest Rate" and "Interest Underlying" (and related expressions) shall be construed to be to, respectively, "coupon amount", "Coupon Payment Date", "Coupon Period", "Coupon Rate" and "Coupon Underlying".

In the case of Notes, references to "Security" mean to "Note representing a principal amount thereof equal to the Calculation Amount". All related expressions herein or in the Fiscal Agency Agreement, any Global Registered Security Certificate and any Securities in definitive form shall be construed accordingly.

5. Physical Delivery Securities

- (a) This Condition will apply where the applicable Issue Terms specifies that the Securities are Physical Delivery Securities. If the applicable Issue Terms does not specify that the Securities are Physical Delivery Securities, then all references to the Entitlement in the General Conditions shall be disregarded. Where the Securities are Physical Delivery Securities and the Entitlement becomes deliverable pursuant to the Conditions:
 - (i) Where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms, the Issuer shall, subject to the relevant Securityholder duly submitting an Asset Transfer Notice in accordance with the provisions hereof, deliver the Entitlement in respect of each Security through the Relevant Clearing System in accordance with the provisions hereof to the relevant Securityholder on the Maturity Date (or, if such date is not a Settlement Business Day, the immediately succeeding Settlement Business Day), subject as provided herein; or
 - (ii) Where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Issuer shall pay the Equivalent Amounts to the Intermediary and, subject to the relevant Securityholder duly submitting an Asset Transfer Notice in accordance with the provisions hereof, the Issuer shall procure that the Intermediary (acting as principal) shall purchase the Entitlement Ratio at the Entitlement Price and shall deliver the Entitlement in respect of each Security through the Relevant Clearing System in accordance with the provisions hereof to the relevant Securityholder on the Maturity Date (or, if such date is not a Settlement Business Day, the immediately succeeding Settlement Business Day), subject as provided herein. **Payment by the Issuer of the Equivalent Amounts to the Intermediary and procuring delivery of the Entitlement by the Intermediary shall fully discharge the Issuer's obligations in respect of the Securities. Whenever pursuant to the Conditions, the Intermediary is expressed to be making delivery to a holder, such holder will be deemed to have instructed the Intermediary as its agent to purchase the Relevant Assets comprising the Entitlement and make such delivery to it.**

THIS CONDITION ONLY APPLIES TO SECURITIES REPRESENTED BY A GLOBAL REGISTERED SECURITY CERTIFICATE HELD ON BEHALF OF EUROCLEAR AND

CLEARSTREAM, LUXEMBOURG OR DTC. IF THE SECURITIES ARE ISSUED IN DEFINITIVE FORM THE ISSUER SHALL MAKE SUCH CHANGES TO THIS PROVISION AS IT DEEMS APPROPRIATE AND SHALL GIVE NOTICE TO THE HOLDERS IN ACCORDANCE WITH GENERAL CONDITION 15.

(A) Asset Transfer Notices

In order to obtain delivery of the Entitlement(s) in respect of any Security, the relevant holder must deliver a duly completed asset transfer notice (an **Asset Transfer Notice**) in the form set out in the Fiscal Agency Agreement (x) in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, to Euroclear or Clearstream, Luxembourg, as the case may be, with a copy to the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary, or (y) in respect of Securities cleared through DTC, to the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary, not later than 10.00 a.m. (local time) on the date (the **Cut-off Date**) falling three Business Days prior to the Maturity Date (as defined below), in accordance with the provisions set out in this Condition. An Asset Transfer Notice may only be delivered to a Relevant Clearing System in such manner as is acceptable to such Relevant Clearing System, which (in the case of Euroclear and Clearstream, Luxembourg) is expected to be by authenticated SWIFT message.

Notwithstanding that the Securities may in certain circumstances, be Cash Settled Securities, in order to receive the Entitlement on the Maturity Date (subject as provided in the Conditions), Securityholders should complete and deliver an Asset Transfer Notice in accordance with the Conditions in any event as it may not be known prior to the Cut-off Date whether the Securities will be cash settled or whether the Issuer or, as the case may be, the Intermediary will deliver the Entitlement.

Copies of the Asset Transfer Notice may be obtained during normal business hours from the specified office of each Paying Agent or the Registrar.

The Asset Transfer Notice shall:

- (1) specify the name, address and contact telephone number of the relevant Securityholder and the person from whom the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) may obtain details for the delivery of the Entitlement if delivery is to be made otherwise than in the manner specified in this Valuation and Settlement Schedule;
- (2) specify the Series number of the Securities and the principal amount or number of the Securities which are the subject of such notice;
- (3) specify the number of the Securityholder's securities account at the Relevant Clearing System, as the case may be, to be debited with such Securities;
- (4) in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, irrevocably instruct the relevant clearing system to debit the relevant Securityholder's securities account with the relevant Securities on or before the Maturity Date;
- (5) include an undertaking to pay all Expenses and a confirmation that the delivery of the Entitlement is subject, *inter alia*, as provided herein and either (1) in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, an authority to the relevant clearing system to debit a specified account of the Securityholder with the applicable relevant clearing system in respect thereof and to pay such Expenses or (2) in respect of Securities cleared through any Relevant Clearing System, an authority to the Issuer (where Settlement via

Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) either to deduct from any cash amount owing to the Securityholder an amount sufficient to pay such Expenses and to pay on behalf of the Securityholder such Expenses or to convert such amount of the Relevant Asset(s) due to be delivered to such Securityholder as is necessary to pay such Expenses and to pay on behalf of the Securityholder such Expenses, as referred to below, and a confirmation that delivery of any Entitlement is subject as provided below;

- (6) include details of the Securityholder's securities account of the Relevant Clearing System to be credited with the Entitlement and specify the name and number of the Securityholder's account with the Relevant Clearing System to be credited with any cash payable by the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary, (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms), either in respect of any cash amount constituting (1) the Entitlement or any Fractional Entitlement (if applicable) or (2) any dividends relating to the Entitlement or (3) as a result of the occurrence of a Settlement Disruption Event and the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) electing to pay the Disruption Cash Redemption Amount or (4) as a result of the occurrence of a Failure to Deliver due to Illiquidity and the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) electing to pay the Failure to Deliver Redemption Amount or (5) as a result of the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) electing to pay the Alternate Cash Redemption Amount;
- (7) certify either (i) in respect of Securities represented by a Regulation S Global Registered Security Certificate, that the beneficial owner of each Security the subject of the relevant Asset Transfer Notice is not a U.S. person (as defined in the Asset Transfer Notice), the Security is not being redeemed within the United States or on behalf of a U.S. person and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with any redemption thereof or (ii) in respect of Notes represented by a Rule 144A Global Registered Security Certificate, that the beneficial owner of each Note the subject of the relevant Asset Transfer Notice is a QIB; and
- (8) authorise the production of such certification in any applicable administrative or legal proceedings,

all as provided in the Fiscal Agency Agreement.

In respect of Securities cleared through DTC, in addition to the submission of an Asset Transfer Notice as provided above, each Securityholder (i) may irrevocably instruct DTC to debit a specified account of the Securityholder with DTC in respect of any Expenses and (ii) shall irrevocably instruct DTC to debit the relevant Securityholder's securities account with the relevant Securities on or before the Maturity Date, in each case, in accordance with applicable DTC practice.

As used above:

Expenses means all costs, taxes, duties and/or expenses, including any applicable depositary charges, transaction or exercise charges, stamp duty, stamp duty reserve tax,

issue, registration, securities transfer, withholding taxes or tax on income profits or gains and/or other costs, duties or taxes arising from the delivery of the Entitlement(s).

Intermediary means the entity (if any) specified as such in the applicable Issue Terms or, if no such entity is so specified and Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Calculation Agent.

- (B) Verification of the Holder and process to be followed by the Fiscal Agent on receipt of an Asset Transfer Notice

Upon receipt of an Asset Transfer Notice, (x) in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, the relevant clearing system or (y) in respect of Securities cleared through DTC, the Fiscal Agent shall verify that the person specified therein as the accountholder is the holder of the Securities described therein according to its records. Subject thereto, in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, the relevant clearing system will confirm to the Fiscal Agent the Series number and principal amount or number of Securities the subject of such notice, the relevant account details and the details for the delivery of the Entitlement(s) in respect of each Security the subject of such notice. Upon receipt of such confirmation or, in respect of Securities cleared through DTC, upon receipt of an Asset Transfer Notice, the Fiscal Agent will inform the Issuer and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary thereof. Euroclear or Clearstream, Luxembourg or DTC, as the case may be, will on or before the Maturity Date debit the securities account of the relevant Securityholder with the relevant Securities.

- (C) Determinations and Delivery

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made (x) in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, by the relevant clearing system in consultation with the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary or (y) in respect of Securities cleared through DTC, by the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary, and shall be conclusive and binding on the Issuer, the Fiscal Agent, the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) and the relevant Securityholder. Subject as set out below, any Asset Transfer Notice so determined to be incomplete or not in proper form, or, in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, which is not copied to the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary immediately after being delivered or sent to the relevant clearing system, as provided in Valuation and Settlement Condition 5(a) above, shall be null and void.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of (x) in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, the relevant clearing system in consultation with the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary or (y) in respect of Securities cleared through DTC, the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered (x) in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, to the relevant clearing system and the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary or (y) in respect of Securities cleared through DTC, to the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary.

The Fiscal Agent or, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary shall use reasonable endeavours promptly to notify the Securityholder submitting an Asset Transfer Notice, if it has been

determined, as provided above, that such Asset Transfer Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the CGMHI Guarantor, the CGMFL Guarantor, the Paying Agents, the Agents, the Calculation Agent, the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) and the Relevant Clearing System shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Securityholder.

No Asset Transfer Notice may be withdrawn after receipt thereof by the Relevant Clearing System (where applicable) or the Fiscal Agent or the Intermediary, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Securityholder may not transfer the Securities which are the subject of such notice.

Subject as provided herein and subject to the payment of any Expenses, the Entitlement will be delivered at the risk of the relevant Securityholder, in the manner provided below on the Maturity Date (such date, subject to adjustment in accordance with this Condition, the **Delivery Date**), PROVIDED THAT the Asset Transfer Notice is duly delivered (x) in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, to the relevant clearing system with a copy to the Fiscal Agent and where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary; (y) in respect of Securities cleared through DTC, to the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary, as provided above on or prior to the Cut-off Date.

If a Securityholder fails to give an Asset Transfer Notice, as provided herein on or prior to the Cut-off Date, then the Entitlement will be delivered as soon as practicable after the Maturity Date (in which case, such date of delivery shall be the Delivery Date) at the risk of such Securityholder in the manner provided below. For the avoidance of doubt, in such circumstances such Securityholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the Maturity Date and no liability in respect thereof shall attach to the Issuer or the Intermediary (if any).

If a Securityholder fails to give an Asset Transfer Notice as provided herein on or prior to the date falling 180 days after the Cut-off Date, then the Issuer's and any Intermediary's obligations in respect of the Securities held by such Securityholder for which no Asset Transfer Notice has been given shall be discharged and the Issuer and the Intermediary (if any) shall have no further liability in respect thereof.

The Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) shall, at the risk of the relevant Securityholder, deliver or procure the delivery of the Entitlement for each Security, pursuant to the details specified in the Asset Transfer Notice or in such commercially reasonable manner as the Calculation Agent shall determine and notify to the person designated by the Securityholder in the relevant Asset Transfer Notice. All Expenses arising from the delivery of the Entitlement in respect of such Securities shall be for the account of the relevant Securityholder and no delivery of the Entitlement shall be made until all Expenses have been paid to the satisfaction of the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) by the relevant Securityholder. Any such Expenses shall either be:

- (1) paid to the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) by such Securityholder prior to the delivery of the Entitlement; or

- (2) deducted by the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) from any cash amount owing to such Securityholder and paid by the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) on behalf of the Securityholder or paid by the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) on behalf of such Securityholder by converting such amount of the Relevant Assets due to be delivered as necessary to pay the Expenses,

as specified by the Securityholder in the relevant Asset Transfer Notice.

If any Expenses are not paid by a Securityholder pursuant to the above, the relevant Securityholder shall be deemed to authorise the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) to convert and the Issuer or the Intermediary, as applicable, may convert such amount of the Relevant Assets due to be delivered into cash sufficient to cover the Expenses in respect of the relevant Security from which the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) shall deduct such Expenses. The Issuer's and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary's obligations in respect of each Security will be satisfied in relation to the Maturity Date by delivery of the remaining Entitlement in respect of such Security.

All deliveries will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of delivery.

(D) General

Subject as provided below, Securities held by the same Securityholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Securities, PROVIDED THAT the aggregate Entitlements in respect of the same Securityholder will be rounded down to the nearest whole Tradeable Amount of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. If the applicable Issue Terms specifies that Aggregation of Entitlements does not apply, the Entitlement in respect of each Security will be rounded down to the nearest whole multiple of the Tradeable Amount (as specified in the applicable Issue Terms) of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine.

Therefore, fractions or numbers of the Relevant Asset or of each of the Relevant Assets, as the case may be, less than the relevant Tradeable Amount (the **Fractional Entitlement**) will not be delivered and no cash or other adjustment will be made in respect thereof unless "Cash Adjustment" is specified as applicable in the applicable Issue Terms. If "Cash Adjustment" is specified as applicable in the applicable Issue Terms, the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) shall pay to the relevant Securityholder a cash amount in the Specified Currency (to be paid at the same time as delivery of the Entitlement) equal to the value (as determined by the Calculation Agent) of such Fractional Entitlement, calculated by reference to the Final Reference Level of the Entitlement Underlying (converted into the Specified Currency (being, in the case of Dual Currency Securities, the Denomination Currency) where relevant by

dividing the Final Reference Level of the Entitlement Underlying by the applicable FX).

Following the Delivery Date in respect of a Security where the Entitlement(s) includes securities, all dividends and/or other distributions on the relevant securities to be delivered will be payable to the party that would receive such dividend or distribution according to market practice for a sale of the relevant securities executed on the Delivery Date and to be delivered in the same manner as such relevant securities. Any such dividends or distributions to be paid to a Securityholder will be paid to the account specified by the Securityholder in the relevant Asset Transfer Notice as referred to above.

If any Entitlement is delivered later than the date on which delivery would otherwise have taken place as provided herein, the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) or any person acting on behalf such relevant entity shall continue to be the legal owner of the assets comprising the Entitlement (the **Intervening Period**). None of the Issuer, the CGMHI Guarantor, the CGMFL Guarantor, any Intermediary or any other person shall at any time (A) be under any obligation to deliver or procure delivery to any Securityholder any letter, certificate, notice, circular or any other document or, except as provided herein, any payment whatsoever received by that person in its capacity as the holder of such assets, (B) be under any obligation to exercise or procure exercise of any or all rights attaching to such assets or (C) be under any liability to a Securityholder in respect of any loss or damage which such Securityholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such assets.

None of the Issuer, the CGMHI Guarantor, the CGMFL Guarantor, any Intermediary, the Calculation Agent, the Paying Agents and the Agents shall under any circumstances be liable for any acts or defaults of any Relevant Clearing System in relation to the performance of its duties in relation to the Securities.

(E) Settlement Disruption

If, in the opinion of the Calculation Agent, delivery of the Entitlement using the Delivery Method specified in this Valuation and Settlement Schedule or such other commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event subsisting on the Maturity Date, then the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, PROVIDED THAT the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) may elect to deliver the Entitlement using such other commercially reasonable manner as it may select and in such event the Delivery Date shall be such day as the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Delivery Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Delivery Date. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) may elect, in lieu of delivering the Entitlement to pay to the relevant Securityholder the Disruption Cash Redemption Amount on the fifth Business Day following the date that notice of such election is given to the Securityholders in accordance with General Condition 15

(*Notices*). Payment of the Disruption Cash Redemption Amount will be made in such manner as shall be notified to the Securityholders in accordance with General Condition 15 (*Notices*). The Calculation Agent shall give notice as soon as practicable to the Securityholders in accordance with General Condition 15 (*Notices*) that a Settlement Disruption Event has occurred. No Securityholder shall be entitled to any payment in respect of the relevant Security in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer or any Intermediary.

For the purposes hereof:

Disruption Cash Redemption Amount, in respect of any relevant Security, means the fair market value of such Security on a day selected by the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non-affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets), less, except in the case of Italian Listed Certificates, the cost of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent;

Settlement Business Day, in respect of each Security, means a day which is a Business Day and a day on which the Relevant Clearing System is open; and

Settlement Disruption Event means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) as a result of which the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) cannot make delivery of the Relevant Asset(s) using the Delivery Method specified in this Valuation and Settlement Schedule.

(F) Failure to Deliver due to Illiquidity

If "Failure to Deliver due to Illiquidity" is specified as applicable in the applicable Issue Terms and in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets (the **Affected Relevant Assets**) comprising the Entitlement, where such failure to deliver is due to illiquidity in the market for the Relevant Assets (a **Failure to Deliver**), then:

- (1) subject as provided elsewhere in the Conditions, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Maturity Date in accordance with this Condition; and
- (2) in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) may elect, in lieu of delivering the Affected Relevant Assets, to pay to the relevant Securityholder the Failure to Deliver Redemption Amount on the fifth Business Day following the date that notice of such election is given to the Securityholders in accordance with General Condition 15 (*Notices*). Payment of the Failure to Deliver Redemption Amount will be made in such manner as shall be notified to the Securityholders in accordance with General Condition 15 (*Notices*). The Issuer (where Settlement via Intermediary is not specified as applicable in the

applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) shall give notice as soon as practicable to the Securityholders in accordance with General Condition 15 (*Notices*) that the provisions of this Valuation and Settlement Condition apply.

For the purposes hereof, **Failure to Deliver Redemption Amount** in respect of any relevant Security shall be the fair market value of the Affected Relevant Assets on a day selected by the Calculation Agent, less, except in the case of Italian Listed Certificates, the cost of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent (acting in its sole and absolute discretion).

(b) *Issuer's or Intermediary's Option to Substitute Assets or to pay the Alternate Cash Redemption Amount*

The Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) may, in respect of Physical Delivery Securities, if the Calculation Agent determines that the Relevant Asset or Relevant Assets, as the case may be, comprises securities which are not freely tradeable and deliverable, elect either (i) to substitute for the Entitlement (or part thereof), an equivalent value (as determined by the Calculation Agent) of such other securities which the Calculation Agent determines are freely tradeable (each a **Substitute Asset**) or (ii) not to deliver the Entitlement or any Substitute Asset, as the case may be, to the relevant Securityholders, but in lieu thereof to make payment to each relevant Securityholder on the Maturity Date of an amount equal to the fair market value of the Entitlement (or part thereof) as determined by the Calculation Agent at such time and by reference to such sources as it considers appropriate (the **Alternate Cash Redemption Amount**). Notification of any such election will be given to Securityholders in accordance with General Condition 15 (*Notices*).

For purposes hereof, a **freely tradeable** and deliverable security shall mean (i) with respect to the United States, a security which is registered under the United States Securities Act of 1933, as amended (the **Securities Act**) or not restricted under the Securities Act and which is not purchased from the issuer of such security and not purchased from an affiliate of the issuer of such security or which otherwise meets the requirements of a freely tradeable security for purposes of the Securities Act, in each case, as determined by the Calculation Agent or (ii) with respect to any jurisdiction, a security not subject to any other legal or regulatory restrictions on transfer in such jurisdiction.

(c) *Rights of Securityholders*

The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

(d) *Issuer or Intermediary Option to Vary Settlement in respect of Physical Delivery Securities*

In respect of Physical Delivery Securities, the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) may, elect not to deliver or procure delivery of the Entitlement to the relevant Securityholders but in lieu thereof to make payment on the Maturity Date to the relevant Securityholders of an amount in respect of each Security equal to the fair market value of the Entitlement as determined by the Calculation Agent at such time and by reference to such sources as it considers appropriate. Notification of such election will be given to Securityholders in accordance with General Condition 15 (*Notices*).

6. **Dual Currency Security Provisions**

Where the Securities are Dual Currency Securities, then in order to determine amounts payable or assets deliverable in respect of the Securities, the Calculation Agent shall:

- (a) in respect of any payments in respect of the Securities, convert the relevant payment amount (as otherwise determined in accordance with the provisions of the General Conditions, this Valuation and Settlement Schedule and/or the applicable Issue Terms) from the Denomination Currency into the Relevant Currency by multiplying such amount by the Dual Currency Exchange Rate for the Valuation Date or, if more than one, the last occurring Valuation Date, relating to the date on which such payment is to be made; or
- (b) in order to determine any cash amounts due in respect of Physical Delivery Securities, convert any such cash amounts due from the Denomination Currency into the Relevant Currency by multiplying such amount by the Dual Currency Exchange Rate for the Valuation Date relating to the date on which such delivery is to be made.

Where:

Denomination Currency means the currency of the Security, as specified in the applicable Issue Terms.

Dual Currency Exchange Rate means any Underlying which is an FX Rate and as is designated as the Dual Currency Exchange Rate for the relevant payment and/or delivery in the applicable Issue Terms.

Relevant Currency means the currency in respect of payments and/or deliveries, as specified in the applicable Issue Terms.

SECTION F.3 – PRO FORMA FINAL TERMS

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – [Other than with respect to offers of the Securities in [*specify jurisdiction(s)*] for which a PRIIPs KID is being prepared] [during the period[s] [●]-[●] (*repeat periods as necessary*),] [T]/[t]he Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the **Prospectus Directive**. Consequently[, save as provided above,] no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]¹

[Notification under Section 309B(1)(c) of the Securities and Futures Act (Chapter 289) of Singapore (the "SFA") - The Issuer has determined the classification of the Securities as prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products)].²

[The Base Prospectus expires on 18 July 2020 and the Issuer [and the Guarantor] intend[s] that the Base Prospectus will be updated immediately thereafter. The updated base prospectus will be available on the website of the Central Bank of Ireland (www.centralbank.ie).]³

constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the United States Commodity Exchange Act, as amended, and trading in the Securities has not been approved by the United States Commodity Futures Trading Commission under the United States Commodity Exchange Act, as amended. For a description of certain restrictions on offers and sales of Securities, see "*General Information relating to the Programme and the Securities - Subscription and Sale and Transfer and Selling Restrictions*" in the Base Prospectus.

The Securities may not be offered or sold to, or acquired by, any person that is, or whose purchase and holding of the Securities is made on behalf of or with "plan assets" of, an employee benefit plan subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended (**ERISA**), a plan, individual retirement account or other arrangement subject to Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the **Code**) or an employee benefit plan or plan subject to any laws, rules or regulations substantially similar to Title I of ERISA or Section 4975 of the Code.

PART A – CONTRACTUAL TERMS

The Securities are English Law Securities[that are also [Swedish Securities [(and therefore the Issuer shall have the right to obtain extracts from the register of creditors (Sw. *skuldbok*) from Euroclear Sweden)] [and] [Finnish Securities [(and therefore the Issuer shall, subject to regulations of Euroclear Finland and applicable laws, be entitled to acquire from Euroclear Finland a list of the holders of Finnish Securities, PROVIDED THAT it is technically possible for Euroclear Finland to maintain such a list)].²²

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth under the sections entitled ["*General Conditions of the Securities*" [/and], the Valuation and Settlement Schedule [and the Underlying Schedule[s] applicable to [the/each] Underlying] in the Base Prospectus [and the Supplement[s]], which [together] constitute[s] a base prospectus for the purposes of the Prospectus Directive.

This document constitutes the Final Terms of the Securities described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with the Base Prospectus [as so supplemented]. Full information on the Issuer[, the CGMHI Guarantor]²³ [, the CGMFL Guarantor]²⁴ and the offer of the Securities is only available on the basis of the combination of this Final Terms and the Base Prospectus [as so supplemented].

The Base Prospectus [and the Supplement[s]] [and the translation of the Summary into [*insert language required by any relevant Public Offer Jurisdictions*]] [is] [are] available for viewing at the offices of the Paying Agents and on the website of the Central Bank of Ireland (www.centralbank.ie). [In addition, this Final Terms is available [on the website of the Central Bank of Ireland (www.centralbank.ie)] [on the website of Euronext Dublin (www.ise.ie)] [and] [*insert method of publication required in any relevant Public Offer Jurisdiction(s) and/or any jurisdiction in which the securities are admitted to trading.*] (N.B. Consideration should be given as to how the Final Terms will be published in the event that the Securities are not listed on Euronext Dublin but are publicly offered)²⁵.

[*Use this paragraph if the Base Prospectus has not been supplemented:* For the purposes hereof, **Base Prospectus** means the [Citigroup Inc./CGMHI/CGMFL] Underlying Linked Notes Base Prospectus in relation to the Programme dated 19 July 2019.]

[*Use this paragraph if the Base Prospectus has been supplemented:* For the purposes hereof, **Base Prospectus** means the [Citigroup Inc./CGMHI/CGMFL] Underlying Linked Notes Base Prospectus relating to the Programme dated 19 July 2019, as supplemented by a Supplement (No.[●]) dated [●]

PART B – OTHER INFORMATION

1. LISTING AND ADMISSION TO TRADING:

Admission to trading and listing:

[Application [has been/will be] made by the Issuer (or on its behalf) for the Securities to be admitted to trading on [the Regulated Market of [Euronext Dublin/the Luxembourg Stock Exchange/the NASDAQ Stockholm AB/the London Stock Exchange/the electronic "Bond Market" organised and managed by Borsa Italiana S.p.A. (the MoT)]/[the multilateral trading facility of securitised derivatives financial instruments, organised and managed by Borsa Italiana S.p.A. (the "SeDeX") / the multilateral trading facility of EuroTLX managed by EuroTLX SIM S.p.A. ("EuroTLX")]]/[the Open Market (Regulated Unofficial Market Freiverkehr) of the [Frankfurt Stock Exchange (Börse Frankfurt AG)]] [and to listing on [the official list of [Euronext Dublin/the Luxembourg Stock Exchange/the NASDAQ Stockholm AB/the London Stock Exchange/the Italian Stock Exchange]] [the Open Market (Regulated Unofficial Market Freiverkehr) of the [Frankfurt Stock Exchange (Börse Frankfurt AG)]] with effect from on or around [●]] [Not Applicable]

(where the Securities are listed and admitted to trading on more than one exchange, repeat as necessary)

(the Open Market (Regulated Unofficial Market Freiverkehr) of the Frankfurt Stock Exchange (Börse Frankfurt AG), SeDeX and EuroTLX are not regulated markets for the purpose of MiFID II)

[Tranche [●] of the Securities has been admitted to trading on [the Regulated Market of [Euronext Dublin/the Luxembourg Stock Exchange/the NASDAQ Stockholm AB/the London Stock Exchange/ the electronic "Bond Market" organised and managed by Borsa Italiana S.p.A. (the MoT)]/[the multilateral trading facility of securitised derivatives financial instruments, organised and managed by Borsa Italiana S.p.A. (the "SeDeX") / the multilateral trading facility of EuroTLX managed by EuroTLX SIM S.p.A. ("EuroTLX")]]/[the Open Market (Regulated Unofficial Market Freiverkehr) of the [Frankfurt Stock Exchange (Börse Frankfurt AG)]] [and to listing on the official list of [Euronext Dublin/the Luxembourg Stock Exchange/the NASDAQ Stockholm AB/the London Stock Exchange/the Italian Stock Exchange] [the Open Market (Regulated Unofficial Market Freiverkehr) of the

[Frankfurt Stock Exchange (Börse Frankfurt AG)] with effect from [•] (Where documenting a fungible issue, need to indicate that original Securities are already admitted to trading)

(the Open Market (Regulated Unofficial Market Freiverkehr) of the Frankfurt Stock Exchange (Börse Frankfurt AG), SeDeX and EuroTLX are not regulated markets for the purpose of MiFID II)

[Estimate of total expenses related to admission to trading: [•]]

2. RATINGS

Ratings:

The Securities are [not] rated. [The rating of the Securities is:

- (i) [S&P: [•]]
- (ii) [Moody's: [•]]
- (iii) [Fitch: [•]]
- (iv) [[Other]: [•]]

*[Need to include a brief explanation of the meaning of the ratings if this has previously been published by the rating provider]**

[[Insert the legal name of the relevant credit rating agency entity] is established in the European Union and is registered under Regulation (EC) No. 1060/2009 (as amended). [As such *[insert the legal name of the relevant credit rating agency entity]* is included in the list of credit ratings agencies published by the European Securities and Markets Authority on its website (<http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with such Regulation.]]

[[Insert the legal name of the relevant non-EU credit rating agency entity] is not established in the European Union and is not registered in accordance with Regulation (EC) No. 1060/2009 (as amended). *[[Insert the legal name of the relevant non-EU credit rating agency entity]* is therefore not included in the list of credit ratings agencies published by the European Securities and Markets Authority on its website (<http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with such Regulation.]

[[Insert the legal name of the relevant non-EU credit rating agency entity] is not established in the European Union and has not applied for

registration under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). The ratings have been endorsed by [*insert the legal name of the relevant EU-registered credit rating agency entity*] in accordance with the CRA Regulation. [*Insert the legal name of the relevant EU-registered credit rating agency entity*] is established in the European Union and registered under the CRA Regulation.[As such [*insert the legal name of the relevant EU credit rating agency entity*] is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs> in accordance with the CRA Regulation.]] The European Securities Markets Authority has indicated that ratings issued in [Japan/Australia/the USA/Canada/Hong Kong/Singapore/Argentina/ Mexico (*delete as appropriate*)] which have been endorsed by [*insert the legal name of the relevant EU CRA entity that applied for registration*] may be used in the European Union by the relevant market participants.]

[[*Insert the legal name of the relevant non-EU credit rating agency entity*] is not established in the European Union and has not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**) but it [is]/[has applied to be] certified in accordance with the CRA Regulation[[EITHER:] and it is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs> in accordance with the CRA Regulation] [[OR:] although notification of the corresponding certification decision has not yet been provided by the European Securities and Markets Authority and [*insert the legal name of the relevant non-EU credit rating agency entity*] is not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation].

[[[*Insert legal name of the relevant credit rating agency*] is established in the European Union and has applied for registration under Regulation (EC) No. 1060/2009 (as amended), although notification of the corresponding registration decision has not yet been provided by the European Securities and Markets Authority [and [*insert the legal name of the relevant credit rating agency*] is not included

in the list of credit rating agencies published by the European Securities and Markets Authority on its website <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs> in accordance with such Regulation].]

[[Insert the legal name of the relevant non-EU credit rating agency entity] is not established in the European Union and has not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). However, the application for registration under the CRA Regulation of *[insert the legal name of the relevant EU credit rating agency entity that applied for registration]*, which is established in the European Union, disclosed the intention to endorse credit ratings of *[insert the legal name of the relevant non-EU credit rating agency entity]*[, although notification of the corresponding registration decision has not yet been provided by the European Securities and Markets Authority and *[insert the legal name of the relevant EU credit rating agency entity]* is not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs> in accordance with the CRA Regulation].

The European Securities Markets Authority has indicated that ratings issued in [Japan/Australia/the USA/Canada/Hong Kong/Singapore/ Argentina/ Mexico (*delete as appropriate*)] which have been endorsed by *[insert the legal name of the relevant EU CRA entity that applied for registration]* may be used in the EU by the relevant market participants.]]]

[If reference is made to the ratings of Citigroup Inc. then insert the legal name of the relevant credit rating agency entity and the status of its application under the CRA Regulation]

[Include a brief explanation of the meaning of the ratings if this has previously been published by the rating provider]

(The above disclosure should reflect the rating allocated to Securities of the type being issued under the Programme generally or, where the issue has been specifically rated, that rating.)

3. [INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE/OFFER]

[Need to include a description of any interest, including conflicting ones, that is material to the issue/offer, detailing the persons involved and the nature of the interest. May be satisfied by the inclusion of the following statement:

[Save for any fees (*[insert relevant fee disclosure]*) payable to [the Dealer[s]/the Distributors/[●]]/Save as discussed in [*"Subscription and Sale and Transfer and Selling Restrictions"*]], so far as the Issuer is aware, no person involved in the offer of the Securities has an interest material to the Offer [. The [Dealers/Distributors] and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for, the Issuer [and the CGMHI Guarantor]²⁹ [and the CGMFL Guarantor]³⁰ and [its/their] affiliates in the ordinary course of business - *Amend as appropriate if there are other interests*]]

(When adding any other description, consideration should be given as to whether such matters described constitute "significant new factors" and consequently trigger the need for a supplement to the Prospectus under Article 16 of the Prospectus Directive)

4. **[REASONS FOR THE OFFER, ESTIMATED NET PROCEEDS AND TOTAL EXPENSES**

(i) [Reasons for the Offer: [●]

(See "Use of Proceeds" wording in Base Prospectus – if reasons for offer different from making profit and/or hedging certain risks will need to include those reasons here and also complete (ii) and (iii) below)]

(ii) [Estimated net proceeds:] [●]

(If proceeds are intended for more than one use will need to split out and present in order of priority. If proceeds insufficient to fund all proposed uses state amount and sources of other funding)]

(iii) [Estimated total expenses:] [●]

(Expenses are required to be broken down into each principal intended "use" and presented in order of priority of such "uses")]

(It is only necessary to include disclosure of net proceeds and total expenses at (ii) and (iii) above where reasons for the offer are different from making profit and/or hedging certain risks and such reasons are included at (i) above)]

5. **[YIELD (Fixed Rate Securities only)**

[Indication of yield/Unified Yield Rate]: [specify rate or range of rates]

(specify Unified Yield Rate for Non-exempt Offers in the Republic of Hungary only)

[Calculated as [*include specific details of method of calculation in summary form*] on the Issue Date]*

The yield is calculated at the Issue Date on the basis of the Issue Price. It is not an indication

²⁹ Delete where the Issuer is Citigroup Inc. or CGMFL.

³⁰ Delete where the Issuer is Citigroup Inc. or CGMHI.

of future yield.]

6. **INFORMATION ABOUT [THE PAST AND FURTHER PERFORMANCE AND VOLATILITY OF THE OR EACH UNDERLYING][AND][THE FLOATING RATE OF INTEREST]**

[Information about the past and further performance of the or each Underlying is available from the applicable Electronic Page(s) specified for such Underlying in Part A above]

[Information relating to historic interest rates in the case of Floating Rate Securities is available from the relevant [Electronic Page][Page][●]]

[The terms and conditions of the Preference Shares are available for inspection at the registered office of the Issuer.]

7. **EU BENCHMARKS REGULATION**

EU Benchmarks Regulation: Article 29(2) [Not Applicable]
statement on benchmarks:

*[[specify benchmark] is provided by
[administrator legal name]] (Repeat as
necessary)*

*[As at the date hereof, [administrator legal
name] [appears/does not appear] in the register
of administrators and benchmarks established
and maintained by ESMA pursuant to Article
36 of the Benchmarks Regulation] (Repeat as
necessary)*

8. **DISCLAIMER**

[include disclaimer for Indices which are not Proprietary Indices]

[Proprietary Index Disclaimer]

None of the Issuer[, the CGMHI Guarantor]³¹ [, the CGMFL Guarantor]³², [●] (the **Index Sponsor** [and the **Index Calculation Agent**]) for the Underlying and any of their respective directors, officers, employees, representatives, delegates or agents (each a **Relevant Person**) makes any express or implied representations or warranties as to (a) the advisability of purchasing the Securities, (b) the level(s) of the Underlying at any particular time on any particular date, (c) the results to be obtained by any investor in the Securities or any other person or entity, from the use of the Underlying or any data included therein for any purpose, (d) the merchantability or fitness for a particular purpose of the Underlying or (e) any other matter. Each Relevant Person hereby expressly disclaims, to the fullest extent permitted by applicable law, all warranties of accuracy, completeness, merchantability or fitness for a particular purpose with respect to the Underlying. No Relevant Person shall have any liability (direct or indirect, special, punitive, consequential or otherwise) to any person even if notified of the possibility of damages. [The Index Sponsor is not/Neither the Index Sponsor nor the Index Calculation Agent is] under any obligation to continue the calculation, publication and dissemination of the Underlying nor shall they have any liability for any errors, omissions, interruptions or delays relating to the Underlying. The Index Sponsor [and the Index Calculation Agent] shall [each] act as principal and not as agent or fiduciary of any other person.

Past performance is not indicative of future performance. Any numbers or figures presented as past performance of the Underlying prior to its launch date (however defined in the Index Conditions) may include performances calculated from back-testing simulations. Any back

- [[Up to] [●] per cent. [of the Aggregate Principal Amount]/[per Security] which comprises the (*specify type of fee or commission*) payable to the [Authorised Offeror] [●].] [The Authorised Offeror(s) will receive a distribution fee in respect of each outstanding Security equal to [(i) [●] per cent. of [the relevant Interest Amount] [●] [AND/OR] [(ii) [●] per cent. of [the MER Amount minus the Calculation Amount] [●]] [OR] [(ii[i]) [●] per cent. of [the Upper Redemption Amount due where no Redemption Barrier Event has occurred minus the Calculation Amount] [●]], in each case, on the date on which the relevant amount is paid to the holders.] Investors can obtain more information about this fee by contacting the relevant [Authorised Offeror] [●] [or the Dealer] at the relevant address(es) set out herein. [It is anticipated that the exact amount of the (*specify type of fee or commission*) will be published by the Issuer on [the website of Euronext Dublin][●] (*specify where the Securities are not listed on Euronext Dublin*)] on or around [●].]
- [In addition to (*specify any relevant offer price*), the [Authorised Offeror] may charge investors in [●] a (*specify type of fee or commission*) of [up to] [●] per cent. [of the Aggregate Principal Amount]/[per Security]. Investors can obtain more information about this fee by contacting the [Authorised Offeror] at the address(es) set out herein]]
- (vii) Swiss selling restrictions: [Not Applicable] [The Securities may be offered, sold, advertised or otherwise distributed directly or indirectly, in, into or from Switzerland to investors other than qualified investors as defined in article 10 of

the Swiss Collective Investment Schemes Act. For the avoidance of doubt, such offer in Switzerland does not constitute a Non-exempt Offer for the purposes of the Prospectus Directive] *(Include if the Securities are to be publicly offered in Switzerland)*

(viii) Non-exempt Offer:

[Not Applicable] [An offer [(The [●] **Offer**)] of the Securities may be made by [the Dealer(s)] [and] [●] (the [●] **Initial Authorised Offeror(s)**) other than pursuant to Article 3(2) of the Prospectus Directive [and [●]] during the period from (and including) [●] to (and including) [●] (the [●] **Offer Period**) in [●] ([●]) [[and] any additional financial intermediaries who have or obtain the Issuer's consent to use the Base Prospectus and this Final Terms in connection with the Non-exempt Offer and who are identified on the Issuer's website at [www.\[●\]](#) as an Authorised Offeror] (together, being persons to whom the issuer has given consent, the [●] **Authorised Offeror(s)**) other than pursuant to Article 3(2) of the Prospectus Directive in [●] during the period from [●] until [●] (the [●] **Offer Period**) [during [●] *(specify any particular times on those days)*].

[Securities placed through door-to-door selling pursuant to Article 30 of the Financial Services Act will be offered during the Offer Period. Pursuant to article 30, paragraph 6, of the Legislative Decree 24 February 1998, no. 58, as subsequently amended (the **Financial Services Act**), the validity and enforceability of the contracts entered into through door-to-door selling is suspended for a period of seven days after the investors' signature of the same. Within such period investors may communicate their withdrawal to the relevant [●] Authorised Offeror without any charge or commission] *(insert where the Securities are offered in Italy and relevant)*

(specify for each jurisdiction in which a Non-exempt Offer is being undertaken and include details of terms relating to lengthening and/or shortening of offer period)

Offers (if any) in any Member State other than the Public Offer Jurisdiction(s) will only be made pursuant to an exemption from the obligation under the Prospectus Directive as implemented in such countries to publish a prospectus

[**Authorised Offeror(s)** means [●] [and [●]].]

[**Initial Authorised Offeror(s)** means [●] [and [●]].]

Public Offer Jurisdiction(s) means [●] [and [●]]

See further Paragraph 11 below.

- (ix) [General Consent: [Not Applicable][Applicable]]
- (x) [Other conditions to consent: [Not Applicable][*Add here any other conditions to which the consent given is subject*].
- (N.B. Consider any local regulatory requirements necessary to be fulfilled so as to be able to make the Offer. No such offer should be made in any relevant jurisdiction until those requirements have been met. Offers may only be made into jurisdictions in which the base prospectus (and any supplement) has been notified/passported.)]
- (xi) Prohibition of Sales to EEA Retail Investors: [Not Applicable/Applicable [, other than with respect to offers of the Securities in [specify jurisdiction(s) for which a PRIIPs KID is being prepared] [during the period[s] [●]-[●] (*repeat as necessary*)]]
- (If the Securities clearly do not constitute "packaged" products, "Not Applicable" should be specified. If the Securities may constitute "packaged" products and no key information document will be prepared other than in the relevant specified jurisdiction(s) for the relevant specified period(s), "Applicable" should be specified and details provided accordingly)*

11. TERMS AND CONDITIONS OF THE OFFER

(Delete whole section if sub-paragraph 10(viii) above is specified to be Not Applicable)

- Offer Price: [Issue Price][●]
- Conditions to which the Offer is subject: [Not Applicable/*give details*]
- Description of the application process: [Not Applicable/*give details*]
- Description of possibility to reduce subscriptions and manner for refunding excess amount paid by applicants: [Not Applicable/*give details*]
- Details of the minimum and/or maximum amount of application: [Not Applicable/*give details*]
- Details of the method and time limits for paying up and delivering the Securities: [Not Applicable/*give details*]
- Manner in and date on which results of the offer are to be made public: [Not Applicable/*give details*]
- Procedure for exercise of any right of pre-emption, negotiability of subscription rights and treatment of subscription rights not

exercised:

Whether tranche(s) have been reserved for certain countries: [Not Applicable/give details]

Process for notification to applicants of the amount allotted and the indication whether dealing may begin before notification is made: [Not Applicable/give details]

Amount of any expenses and taxes specifically charged to the subscriber or purchaser: [Not Applicable/give details]

Name(s) and address(es), to the extent known to the Issuer, of the placers in the various countries where the offer takes place. [None/give details]

12. UNITED STATES TAX CONSIDERATIONS

General: [For U.S. federal income tax purposes, the Issuer intends to treat the Securities as [debt/fixed- rate debt/fixed-rate debt issued with OID/contingent payment debt instruments, [for which purpose, the comparable yield relating to the Securities will be []% compounded [semi-annually/quarterly/monthly] and the projected payment schedule with respect to a Security consists of the following payments: [●] /for which purpose, the comparable yield and the projected payment schedule are available by contacting [●] at [●]]/variable rate debt instruments/variable rate debt instruments issued with OID/foreign currency Securities/foreign currency Securities issued with OID/foreign currency contingent payment debt instruments, [for which purpose, the comparable yield relating to the Securities will be []% compounded [semi- annually/quarterly/monthly] and the projected payment schedule with respect to a Security consists of the following payments: [●] /for which purpose, the comparable yield and the projected payment schedule are available by contacting [●] at [●]]/short-term Securities/prepaid forward contracts or options/prepaid forward contracts or options with associated periodic payments/a put and a deposit, for which purpose, the Issuer will treat [●]% of each coupon on a Security as interest on the deposit and [●]% as put premium]. [The Securities are Non-U.S. Issuer Securities].

Section 871(m)

(Use this paragraph if the Section 871(m) determinations are final.) [The Issuer has determined that the Securities are Specified ELIs based on either the "delta" test or the "substantial equivalence" test, as indicated in the table below. Please see the table below for additional information with respect to Section 871(m), including information necessary to calculate the amounts of dividend equivalents for the Securities.]/[The Issuer has determined that the Securities are Specified ELIs because (i) the Issue Date for the Securities is prior to 2021 and (ii) the Securities have a "delta" of one.]/[The Issuer has determined that the underlying asset(s) consist solely of one or more Qualified Indices and/or Qualified Index Securities and, therefore, that the Securities are not Specified ELIs.]/[The Issuer has determined that the underlying asset(s) consist solely of one or more indices whose sole U.S. equity components are Qualified Indices and/or Qualified Index Securities and, therefore, that the Securities are not Specified ELIs.]/[The Issuer has determined that the Securities are not Specified ELIs based on either the "delta" test or the "substantial equivalence" test, as indicated in the table below.]/[The Issuer has determined that the Securities are not Specified ELIs because (i) the Issue Date for the Securities is prior to 2021 and (ii) the Securities do not have a "delta" of one.]/[The Issuer has determined that the Securities are not Specified ELIs for the purpose of Section 871(m).]

(Use this paragraph instead if the Section 871(m) determinations are indicative and will be updated at issuance.) [The following is based on information available as of the date of these Final Terms. [The Issuer would treat the Securities as Specified ELIs based on either the

"delta" test or the "substantial equivalence" test, as indicated in the table below. Please see the table below for additional information with respect to Section 871(m), including information necessary to calculate the amounts of dividend equivalents for the Securities.]/[The Issuer would treat the Securities as Specified ELIs because (i) the Issue Date for the Securities is prior to 2021 and (ii) the Securities have a "delta" of one.]/[The Issuer would not treat the Securities as Specified ELIs because the underlying asset(s) consist solely of one or more Qualified Indices and/or Qualified Index Securities.]/[The Issuer would not treat the Securities as Specified ELIs because the underlying asset(s) consist solely of one or more indices whose sole U.S. equity components are Qualified Indices and/or Qualified Index Securities.]/[The Issuer would not treat the Securities as Specified ELIs based on either the "delta" test or the "substantial equivalence" test, as indicated in the table below.]/[The Issuer would not treat the Securities as Specified ELIs because (i) the Issue Date for the Securities is prior to 2021 and (ii) the Securities do not have a "delta" of one.] **This information is indicative and will be updated based on circumstances at the time the Securities are issued. Please [contact []/[review the amended Final Terms] for further information regarding the application of Section 871(m) to the Securities.]**

[The Securities are Specified Current Payment Securities./The Securities are Specified Net Total Return Securities.]

(Include table below if (i) the Securities are Specified ELs, or (ii) the Securities are not Specified ELIs based on either the "delta" test or the "substantial equivalence" test.)

| Underlying Asset | Underlying Securities (Y/N) | Qualified Index/Qualified Index Security (Y/N) | Simple Contract (Y/N) | Delta (if Simple Contract) | Substantial Equivalence Test (if not a Simple Contract) | Number of Shares Multiplied by Delta (if Simple Contract) | Initial Hedge (if applicable) |

SECTION F.4 – PRO FORMA PRICING SUPPLEMENT

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – [Other than with respect to offers of the Securities in [*specify jurisdiction(s)*] for which a PRIIPs KID is being prepared] [during the period[s] [●]-[●] (*repeat periods as necessary*)], [T]/[t]he Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, or superseded **MiFID II**); or (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the **Prospectus Directive**. Consequently[, save as provided above,] no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]¹

[Notification under Section 309B(1)(c) of the Securities and Futures Act (Chapter 289) of Singapore (the "SFA") - The Issuer has determined the classification of the Securities as prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA- N16: Notice on Recommendations on Investment Products)].²

[Guaranteed by Citigroup Inc.]⁴ [Guaranteed by Citigroup Global Markets Limited]⁵
Under the Citi U.S.\$60,000,000,000 Global Medium Term Note Programme

[The Securities do not constitute a participation in a collective investment scheme in the meaning of the Federal Act on Collective Investment Schemes and are not licensed by the Swiss Financial Market Supervisory Authority (FINMA) thereunder. Accordingly, neither the Securities nor holders of the Securities benefit from protection under the Federal Act on Collective Investment Schemes or supervision by the Swiss Financial Market Supervisory Authority (FINMA) and

¹ Legend to be included on front of the Pricing Supplement if the Securities potentially constitute "packaged" products or the issuer wishes to prohibit offers to EEA retail investors for any other reason, in which case the selling restriction should be specified to be "Applicable".

² To insert notice if classification of the Securities is not "capital markets products other than prescribed capital markets products", pursuant to Section 309B of the SFA or Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products). Relevant Dealer(s) to consider whether it / they have received the necessary product classification from the Issuer prior to the launch of the offer, pursuant to Section 309B of the SFA. A notification of the product classification is required as long as an offer of securities is contemplated in Singapore and the offer is not, or not intended to be, restricted to persons specified in Regulation 2 of the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (i.e. an "accredited investor", "expert investor", "institutional investor" or "any other person that is not an individual").

investors are exposed to the credit risk of the Issuer [and the CGMHI Guarantor]⁶ [and the CGMFL Guarantor]⁷.]⁸

No prospectus is required in accordance with the Prospectus Directive (as defined below) in relation to Securities which are the subject of this Pricing Supplement.

The Base Listing Particulars referred to below (as completed by this Pricing Supplement) has been prepared on the basis that any offer of Securities in any Member State of the EEA which has implemented the Prospectus Directive (each, a **Relevant Member State**) will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Securities. Accordingly any person making or intending to make an offer in that Relevant Member State of the Securities may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. None of the Issuer[, the CGMHI Guarantor]⁹ [, the CGMFL Guarantor]¹⁰ and any Dealer has authorised, nor does any of them authorise, the making of any offer of Securities in any other circumstances. For the purposes hereof, the expression **Prospectus Directive** means Directive 2003/71/EC (as amended or superseded) and any relevant implementing measure in a Relevant Member State.

The Securities [and the CGMHI Deed of Guarantee]¹¹ [and the CGMFL Deed of Guarantee]¹² have not been and will not be registered under the United States Securities Act of 1933, as amended (the **Securities Act**) or any state securities law. [The Securities [and the CGMHI Deed of Guarantee]¹³ [and CGMFL Deed of Guarantee]¹⁴ are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act (**Regulation S**) and may not be offered or sold within the United States or to, or for the account or benefit of, any U.S. person (as defined in Regulation S). Each purchaser of the Securities or any beneficial interest therein will be deemed to have represented and agreed that it is outside the United States and is not a U.S. person and will not sell, pledge or otherwise transfer the Securities or any beneficial interest therein at any time within the United States or to, or for the account or benefit of, a U.S. person, other than the Issuer or any affiliate thereof.]¹⁵ [The Securities are being offered and sold solely to "qualified institutional buyers" (**QIBs**) in reliance on the exemption from registration under the Securities Act provided by Rule 144A thereunder (**Rule 144A**). Each purchaser of the Securities or any beneficial interest therein will be deemed to have represented and agreed that it and each account for which it is purchasing (or holding) Securities is a QIB and that it will not sell, pledge or otherwise transfer the Securities or any beneficial interest therein at any time to any person other than (a) the Issuer or any affiliate thereof or (b) a person it reasonably believes to be a QIB purchasing the Securities for its own account or for the account of one or more QIBs in a transaction meeting the requirements of Rule 144A and in accordance with all applicable securities laws of any State of the United States and any other jurisdiction.]¹⁶ The Securities [and the CGMHI Deed of Guarantee]¹⁷ [and the CGMFL Deed of Guarantee]¹⁸ [and any Entitlements]¹⁹ do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or

Type of Securities: [[Fixed Rate Securities/Floating Rate Securities/CMS Rate Securities/Spread Securities/Inflation Rate Securities/Interim Performance Interest Securities/Twin Win Interim Performance Interest Securities/Reverse Interim Performance Interest Securities] [and Range Accrual Securities//Range Accrual (Expanded) Securities/Multi-Chance Securities/Lookback Securities]] [The Securities do not bear or pay any interest] [if an Interest Barrier Event [does not] occur[s] [and]] [The Securities do not pay any Coupon Amount if a Coupon Barrier Event [does not] occur[s] [and]]] (*repeat as necessary*) [*Specify other*]
- [Mandatory Early Redemption Provisions are applicable as specified in item 14[(iii)] below]
- The [Securities are Underlying Linked Securities and the] Redemption Amount of the Securities is determined in accordance with item 14(iv) [and, as the Underlying Linked Securities Redemption Provisions are applicable, item 14(v) below]
- The Securities are Cash Settled Securities [and/or may be Physical Delivery Securities]

- [The Securities are Dual Currency Securities]
10. Put/Call Options: [Issuer Call as specified in item 14(i) below]
[Investor Put as specified in item 14(ii) below]
[Not Applicable]
11. (i) Status of the Securities: Senior
- (ii) Status of the CGMHI Deed of Guarantee: [Senior] [Not Applicable]
(Not applicable for Securities issued by Citigroup Inc. or CGMFL)
- (iii) Status of the CGMFL Deed of Guarantee: [Senior][Not Applicable]
(Not applicable for Securities issued by Citigroup Inc. or CGMHI)

PROVISIONS RELATING TO UNDERLYING LINKED SECURITIES AND EARLY REDEMPTION

12. **Underlying Linked Securities Provisions:** Applicable – the provisions in the Valuation and Settlement Schedule apply (subject as provided in any relevant Underlying Schedule)
- (i) Underlying:
(the following information may be tabulated)
- (A) Description of Underlying(s): [specify each Underlying including ISIN or other identification number where available, including definitions, as appropriate]
- (B) Classification: [Security Index/Inflation Index/Commodity Index/Commodity/Share/Depository Receipt/ETF Share/ Mutual Fund Interest/FX Rate (EMTA Provisions: [Applicable/Not Applicable])/[Warrant]/Proprietary Index/Dividend Futures Contract/Rate/Preference Share]
(specify for each Underlying)
(N.B.: Preference Share Linked Securities may only be issued by CGMFL)
- (C) Electronic Page: [●] (specify for each Underlying)
- (ii) Particulars in respect of each Underlying:
(the following information may be tabulated)
- [Security Index/Indices: (specify for each Security Index)
- (A) Type of Index: [Single Exchange Index/Multiple Exchange Index][Bond Index]
- (B) Exchange(s): [●]
(N.B.: Only required in relation to Single

- Exchange Indices)*
- (C) Related Exchange(s): [[●]/All Exchanges]
- (D) Single Valuation Time: [Applicable/Not Applicable]
- (E) Same Day Publication: [Applicable/Not Applicable]
- (Specify Applicable where the level published on the relevant Valuation Date is taken. Specify Not Applicable where the level for a Valuation Date is taken regardless of which day it is published)*
- [Inflation Index/Indices: *(specify for each Inflation Index)*
- (A) Fallback Bond: [Applicable: The definition set out in Inflation Index Condition 1 (*Definitions*) shall apply/[●]] [Not Applicable]
- (B) Revision of level of Inflation Index: [Revision/No Revision]
- (N.B.: If neither "Revision" nor "No Revision" is specified, "No Revision" will be deemed to apply)]*
- [Commodity Index/Indices: *(specify for each Commodity Index)*
- Same Day Publication: [Applicable/Not Applicable]
- (Specify Applicable where the level published on the relevant Valuation Date is taken. Specify Not Applicable where the level for a Valuation Date is taken regardless of which day it is published)*
- [Commodity/Commodities: *(specify for each Commodity)*
- (A) Commodity Price: [[high price][low price][average of high and low prices][closing price][opening price][bid price][asked price][average of bid and asked prices][settlement price][official settlement price] [official price] [morning fixing][afternoon fixing][spot price][●] [per [insert unit]] of [insert commodity] on [the relevant Exchange/(specify other source)] [of the [relevant] Futures Contract for the [relevant] Delivery Date] as made public by [the [relevant] Exchange] on [the [relevant] Price Source]] [(specify price)][Fallback Commodity Dealers]
- (B) Delivery Date: [date] [month and year] [[First/Second/Third/other] Nearby Month] [Either (i) the [First/Second/ Third/ other] Nearby Month or (ii) if the Calculation Agent determines that the relevant Valuation Date falls less than [[●]] Commodity Business Days prior to the earlier of (A) the last trading day of the relevant [First/Second/Third/other] Futures Contract; or (B) the first day on which notice of intent to deliver in respect of the

relevant [First/Second/Third/other] Futures Contract may be submitted (howsoever defined in the terms of the relevant Futures Contract and/or the rules of the relevant Exchange), the [First/Second/Third/other] Nearby Month][specify method]

(C) Exchange(s): [●]

(D) Price Source: [The Electronic Page][●]

(N.B: Unless otherwise specified, Price Source shall be the Electronic Page)

(E) Scheduled Trading Day: [●]

(N.B.: Only applicable if the definition for Bullion Commodities in the Commodity Conditions is not applicable)]

[Share(s): *(specify for each Share)*

(A) Share Company: [●]

(B) Exchange(s): [●]

(C) Related Exchange(s): [[[●]/All Exchanges]]

[Depository Receipt(s): *(specify for each Depository Receipt)*

(A) Full Lookthrough: [Applicable/Not Applicable]

(B) Partial Lookthrough: [Applicable/Not Applicable]

(C) Depository Receipt Exchange(s): [●]

(D) Depository Receipt Related Exchange(s): [[●]/All Exchanges]

(E) Underlying Share Company: [●]

(F) Underlying Share Exchange(s): [●]

(G) Underlying Share Related Exchange(s): [[●]/All Exchanges]]

[ETF Share(s): *(specify for each ETF Share)*

(A) Fund: [●]

(B) Exchange(s): [●]

(C) Related Exchange(s): [[[●]/All Exchanges]]

[Mutual Fund Interest(s): *(specify for each Fund Interest)*

(A) Mutual Fund: [●]

(B) Scheduled Trading Day: [Scheduled Interim Valuation Date/Scheduled Redemption Valuation Date]]

- (C) Same Day Publication: [Applicable/Not Applicable]
- (Specify Applicable where the value published on the relevant Valuation Date is taken. Specify Not Applicable where the value for a Valuation Date is taken regardless of which day it is published)*
- [FX Rate(s) where EMTA Provisions are Not Applicable: *(specify for each FX Rate and each Exchange Rate comprising such FX Rate)*
- (A) FX Rate: "cross-rate/formula": [Applicable/Not Applicable]
- [The FX Rate is [the inverse of] [[●]] / [the product of [●] and [[●]] / [the quotient of [[●]] (as numerator) and [[●]] (as denominator)]]] *(delete or combine as applicable)*
- (B) Exchange Rate:
- Base Currency: [●]
 - Quote Currency: [●]
 - Event Currency /Currencies: [Specify if different to the FX Rate Conditions]
- (N.B.: only required if "General Inconvertibility", "General Non-Transferability", "Material Change in Circumstances", "Nationalisation", "Specific Inconvertibility" or "Specific Non-Transferability" are specified as Currency Disruption Events below)*
- Specified Financial Centres: [●]
 - Valuation Time: [●]
- (C) Dual Currency Securities: [Not Applicable/Applicable. The Dual Currency Exchange Rate is *[specify FX Rate]* [and for which purpose the Specified Valuation Date shall be *(specify days)* prior to (but excluding) each day on which payment is scheduled to be made under the Securities]] *(specify for Dual Currency Securities where there would otherwise be no Specified Valuation Date)*
- (D) FX Performance: [Not Applicable][Applicable. The FX Perf Rate is *[specify FX Rate.]*
- [FX Rate(s) where EMTA Provisions are Applicable: *(specify for each FX Rate and each Exchange Rate)*
- (A) FX Rate Source: [●]
- (B) Valuation Time: *(specify in respect of the Primary Rate and any fallback rates)*
- [●] in respect of the Primary Rate

- [[●] in respect of the First Fallback Reference Price]
[[●] in respect of the Second Fallback Reference Price]
- (C) Reference Currency: [●]
- (D) Settlement Currency: [●]
- (E) Reference Currency Business Centre(s): [●]
- (F) Settlement Currency Business Centre(s): [●]
- (G) Number of Settlement Business Days: [●]
- (H) Maximum Days of Postponement: [●] consecutive calendar days
- (I) Dual Currency Securities: [Not Applicable/Applicable. The Dual Currency Exchange Rate is *[specify FX Rate]* [and for which purpose the Specified Valuation Date shall be *[(specify days)]* prior to (but excluding) each day on which payment is scheduled to be made under the Securities]] *(specify for Dual Currency Securities where there would otherwise be no Specified Valuation Date)*
- (J) FX Performance: [Not Applicable][Applicable. The FX Perf Rate is *[specify FX Rate.]*
- [Proprietary Index/Indices: *(Specify for each Proprietary Index)*
- (A) [Index Sponsor For the purposes hereof, the Index Sponsor on respect of the Proprietary Index is the Index Administrator (as defined in the Index Conditions)
- (B) Scheduled Trading Day: *[Specify if different to the Proprietary Index Conditions/A Scheduled Trading Day shall be an "Index Business Day" as defined in the Index Conditions]]*
- [Dividend Futures Contract(s):
- (A) Exchange(s): [●]
- (B) Relevant Price: ["daily settlement price"/"final settlement price"] [see specified item [●]]
- [Rate(s):
- (A) Valuation Time: [●]
- (B) Scheduled Trading Day: [A Business Day][A day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in [●] *(specify each)*] [A U.S. Government

Securities Business Day]

[Preference Share(s):

- (A) Preference Share Company: [Citigroup Global Markets Funding Luxembourg S.C.A./[●]]
- (B) Initial Preference Share Reference Date: [●], subject as provided in the Preference Share Conditions
- (C) Valuation Time: [[●]/As specified in Preference Share Condition 2]
- (D) Preference Share Valuation Date: [●], subject as provided in the Valuation and Settlement Conditions
- (E) Autocall Observation Date(s): [[●],[●] and [●]] subject as provided in the Preference Share Conditions/Not Applicable]]

- (iii) Elections in respect of each type of Underlying: [Applicable/Not Applicable]

(If not applicable, delete the remaining sub paragraphs of this paragraph.)

(If applicable, delete the sub-paragraphs which are not applicable.)

(the following information may be tabulated)

(NB: for the purposes of the Additional Adjustment Events and Additional Early Redemption Events in respect of each type of underlying, either the Additional Adjustment Events or the Additional Early Redemption Events (with the option to specify the Early Redemption Amount) must be applicable. Alternatively, both the relevant Additional Adjustment Events and the Additional Early Redemption Events may be applicable. For the avoidance of doubt, the Additional Adjustment Events should not be disapplied at the same time as the Additional Early Redemption Events)

14. Redemption Provisions:

(i) Issuer Call

[Applicable/Not Applicable]

(If not applicable, delete the remaining sub paragraphs of this paragraph)

- (A) Optional Redemption Date(s): [[●]] [Each date set out under the heading "Optional Redemption Date" in the Table below:

| Optional Date | Redemption | Optional Redemption Amount |
|---------------|------------|----------------------------|
|---------------|------------|----------------------------|

| | | |
|-------|--|-------|
| [[●]] | | [[●]] |
|-------|--|-------|

(Repeat as necessary)

- (B) Optional Amount: Redemption [[●] per Security] [In respect of an Optional Redemption Date, the amount per Security specified under the heading "Optional Redemption Amount" in the Table in item 14(i)(A) above]

- (C) If redeemable in part:

I. Minimum Redemption Amount: [[●] per Security]

II. Maximum Redemption Amount: [[●] per Security]

- (D) Notice period: [As set out in the General Conditions] [Not less than [[●]] Business Days]

(N.B. If setting notice periods which are different to those provided in the General Conditions, the Issuer is advised to consider the practicalities of distribution of information through intermediaries, for example clearing systems (which require a minimum of 5 business days' notice for a call) and custodians, as well as any other notice requirements which may apply, for example, as between the Issuer and the Fiscal Agent)

- (ii) Investor Put [Applicable/Not Applicable]

(If not applicable, delete the remaining sub paragraphs of this paragraph)

- (A) Optional Redemption Date(s): [[●]] [Each date set out under the heading "Optional Redemption Date" in the Table below:

| Optional Date | Redemption | Optional Redemption Amount |
|---------------|------------|----------------------------|
|---------------|------------|----------------------------|

| | | |
|-------|--|-------|
| [[●]] | | [[●]] |
|-------|--|-------|

(Repeat as necessary)

- (B) Optional Amount: Redemption [[●] per Security] [In respect of an Optional Redemption Date, the amount per Security specified under the heading "Optional Redemption Amount" in the Table in item 14(ii)(A) above]

- (C) Notice period: [As set out in the General Conditions] [Not

less than [●] Business Days]

(N.B. If setting notice periods which are different to those provided in the General Conditions, the Issuer is advised to consider the practicalities of distribution of information through intermediaries, for example clearing systems (which require a minimum of 15 business days' notice for a put) and custodians, as well as any other notice requirements which may apply, for example, as between the Issuer and the Fiscal Agent)

(iii) Mandatory Early Redemption Provisions: [Applicable/Not Applicable]

(If not applicable, delete the remaining sub paragraphs of this paragraph)

Mandatory Early Redemption Event: [Applicable/Not Applicable]

(If not applicable, delete the remaining sub paragraphs of this sub-section)

(A) Mandatory Early Redemption Event: [See the Schedule attached hereto/specify]

(B) Mandatory Early Redemption Amount(s): [See the Schedule attached hereto/See Table below under the heading "MER Amount"/specify in respect of a Mandatory Early Redemption Date and a Calculation Amount]

(C) Mandatory Early Redemption Date(s): [See the Schedule attached hereto/See Table below under the heading "MER Date"/specify]

(D) Specified Valuation Date(s): [Specify in respect of a Mandatory Early Redemption Date] [See Table below under the heading "Specified MER Valuation Date(s)"] [[Each] such Valuation Date shall be subject to adjustment in accordance with [the provisions of Valuation and Settlement Condition 2/specify].] [[In respect of an Underlying, each/Each] Scheduled Trading Day for [the/all the/such] Underlying[s] during [specify period].] [The provisions of Valuation and Settlement Condition 2(c) [and Valuation and Settlement Condition 2(d)] shall not apply in respect of [each] such Specified Valuation Date]

Mandatory Early Redemption Barrier Event: [Applicable/Not Applicable]

(If not applicable, delete the remaining sub paragraphs of this sub-section)

name] [appears/does not appear] in the register
of administrators and benchmarks established
and maintained by ESMA pursuant to Article 36
of the Benchmarks Regulation] (Repeat as
necessary)]*

5. **DISCLAIMER**

[include disclaimer for Indices which are not Proprietary Indices]

[Proprietary Index Disclaimer]

None of the Issuer[, the CGMHI Guarantor]²⁶ [, the CGMFL Guarantor]²⁷, [●] (the **Index Sponsor** [and the **Index Calculation Agent**]) for the Underlying and any of their respective directors, officers, employees, representatives, delegates or agents (each a **Relevant Person**) makes any express or implied representations or warranties as to (a) the advisability of purchasing the Securities, (b) the level(s) of the Underlying at any particular time on any particular date, (c) the results to be obtained by any investor in the Securities or any other person or entity, from the use of the Underlying or any data included therein for any purpose, (d) the merchantability or fitness for a particular purpose of the Underlying or (e) any other matter. Each Relevant Person hereby expressly disclaims, to the fullest extent permitted by applicable law, all warranties of accuracy, completeness, merchantability or fitness for a particular purpose with respect to the Underlying. No Relevant Person shall have any liability (direct or indirect, special, punitive, consequential or otherwise) to any person even if notified of the possibility of damages. [The Index Sponsor is not/Neither the Index Sponsor nor the Index Calculation Agent is] under any obligation to continue the calculation, publication and dissemination of the Underlying nor shall they have any liability for any errors, omissions, interruptions or delays relating to the Underlying. The Index Sponsor [and the Index Calculation Agent] shall [each] act as principal and not as agent or fiduciary of any other person.

Past performance is not indicative of future performance. Any numbers or figures presented as past performance of the Underlying prior to its launch date (however defined in the Index Conditions) may include performances calculated from back-testing simulations. Any back-testing is illustrative only and derived from proprietary models based on certain historic data and assumptions and estimates. Such back-testing information should not be considered indicative of the actual results that might be obtained from an investment or participation in the Securities. Any scenario analysis is for illustrative purposes only and does not represent the actual performance of the Underlying nor does it purport to describe all possible performance outcomes for the Underlying.

As at the date hereof, the Underlying is described in full in the Index Conditions which are set out at [the Schedule attached hereto][in the Base Listing Particulars]. Any decision to invest in the Securities should be based upon the information contained in the Base Listing Particulars and this Pricing Supplement only.

²⁶ Delete where the Issuer is Citigroup Inc. or CGMFL.

²⁷ Delete where the Issuer is Citigroup Inc. or CGMHI.

The Underlying is proprietary and confidential to the Index Sponsor. No person may use the Underlying in any way or reproduce or disseminate the information relating to the Underlying contained in the Base Prospectus relating to the Securities without the prior written consent of the Index Sponsor (save in respect of the distribution of the terms of the Securities using customary clearing and settlement procedures). The Underlying is not in any way sponsored, endorsed or promoted by the issuer or sponsor, as applicable, of any of its constituents.]

[Bloomberg®]

Certain information contained in this Pricing Supplement consists of extracts from or summaries of information that is publicly-available from Bloomberg L.P. (**Bloomberg®**). The Issuer [and the CGMHI Guarantor]²⁸ [and the CGMFL Guarantor]²⁹ accept[s] responsibility for accurately reproducing such extracts or summaries and, as far as the Issuer [and the CGMHI Guarantor]³⁰ [and the CGMFL Guarantor are]³¹ [is/are] aware and [is/are] able to ascertain from such publicly-available information, no facts have been omitted which would render the reproduced information inaccurate or misleading. Bloomberg® makes no representation, warranty or undertaking, express or implied, as to the accuracy of the reproduction of such information, and accepts no responsibility for the reproduction of such information or for the merits of an investment in the Securities. | Names and addresses of additional Paying Agent(s) (if any): | [●] [Not Applicable] |
| Intended to be held in a manner which would allow Eurosystem eligibility: | [Yes. Note that the designation "yes" simply means that the Securities are intended upon issue to be deposited with one of the ICSDs as common safekeeper[, and registered in the name of a nominee of one of the ICSDs acting as common safekeeper, that is, held under the New Safekeeping Structure,] <i>[Include this text for Registered Securities which are to be held under the New Safekeeping Structure or NSS]</i> and does not necessarily mean that the Securities will be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met] [Not Applicable] |

7. DISTRIBUTION

| | | |
|------|--|--|
| I. | Method of distribution: | [Syndicated/Non-syndicated] |
| II. | If syndicated, names [and addresses of the Lead Manager and the other Managers and underwriting commitments]*: | [Not Applicable/give names, addresses and underwriting commitments] <i>(Include names and addresses of entities agreeing to underwrite the issue on a firm commitment basis and names and addresses of the entities agreeing to place the issue without a firm commitment or on a "best efforts" basis if such entities are not the same as the Managers)</i> |
| III. | [Date of [Subscription] Agreement: | [Not Applicable][●] |
| IV. | Stabilising Manager(s) (if any): | [Not Applicable/give name] |
| V. | If non-syndicated, name and address of Dealer: | [Not Applicable/give name and address] |
| VI. | [Total commission and concession: | [None]/ [●] per cent. of the Aggregate Principal Amount]/ |

[●] per Security]/

[No commissions and concessions are payable by the Issuer to the Dealer. The [(specify type of fee or commission)] payable by the Dealer to any distributor is [●] [of the Aggregate Principal Amount]/[per Security]. Investors can obtain more information about the fee by contacting the Dealer at the address set out herein]]

VII. Swiss selling restrictions: [Not Applicable/give details]

[The Securities may be offered, sold, advertised or otherwise distributed directly or indirectly, in, into or from Switzerland to investors other than qualified investors as defined in article 10 of the Swiss Collective Investment Schemes Act. For the avoidance of doubt, such offer in Switzerland does not constitute a Non-exempt Offer for the purposes of the Prospectus Directive] *(Include if the Securities are to be publicly offered in Switzerland)*

VIII. Prohibition of Sales to EEA Retail Investors: [Not Applicable/Applicable [, other than with respect to offers of the Securities in [specify jurisdiction(s) for which a PRIIPs KID is being prepared] [during the period[s] [●]-[●] (repeat as necessary)]]

(If the Securities clearly do not constitute "packaged" products, "Not Applicable" should be specified. If the Securities may constitute "packaged" products and no key information document will be prepared other than in the relevant specified jurisdiction(s) for the relevant specified period(s), "Applicable" should be specified and details provided accordingly)

8. UNITED STATES TAX CONSIDERATIONS

General: [For U.S. federal income tax purposes, the Issuer intends to treat the Securities as [debt/fixed- rate debt/fixed-rate debt issued with OID/contingent payment debt instruments, [for which purpose, the comparable yield relating to the Securities will be [●]% compounded [semi-annually/quarterly/monthly] and the projected payment schedule with respect to a Security consists of the following payments: [●] for which purpose, the comparable yield and the projected payment schedule are available by contacting [●] at [●]]/variable rate debt instruments/variable rate debt instruments issued with OID/foreign currency Securities/foreign currency Securities issued with OID/foreign currency contingent payment debt instruments, [for which purpose, the comparable yield relating to the Securities will be []% compounded [semi- annually/quarterly/monthly] and the projected payment schedule with respect to a Security consists of the following payments: [●]/for which purpose, the comparable yield and the projected payment schedule are available by contacting [●] at [●]]/short-term Securities/prepaid forward contracts or options/prepaid forward contracts or options with associated periodic payments/a put and a deposit, for which purpose, the Issuer will treat [●]% of each coupon on a Security as interest on the deposit and [●]% as put premium/[specify other]]. [The Securities are Non-U.S. Issuer Securities].

Section 871(m):

(Use this paragraph if the Section 871(m) determinations are final). [The Issuer has determined that the Securities are Specified ELIs based on either the "delta" test or the

"substantial equivalence" test, as indicated in the table below. Please see the table below for additional information with respect to Section 871(m), including information necessary to calculate the amounts of dividend equivalents for the Securities.]/[The Issuer has determined that the Securities are Specified ELIs because (i) the Issue Date for the Securities is prior to 2021 and (ii) the Securities have a "delta" of one.]/[The Issuer has determined that the underlying asset(s) consist solely of one or more Qualified Indices and/or Qualified Index Securities and, therefore, that the Securities are not Specified ELIs.]/[The Issuer has determined that the underlying asset(s) consist solely of one or more indices whose sole U.S. equity components are Qualified Indices and/or Qualified Index Securities and, therefore, that the Securities are not Specified ELIs.]/[The Issuer has determined that the Securities are not Specified ELIs based on either the "delta" test or the "substantial equivalence" test, as indicated in the table below.]/[The Issuer has determined that the Securities are not Specified ELIs because (i) the Issue Date for the Securities is prior to 2021 and (ii) the Securities do not have a "delta" of one.]/[The Issuer has determined that the Securities are not Specified ELIs for the purpose of Section 871(m).]

(Use this paragraph instead if the Section 871(m) determinations are indicative and will be updated at issuance.) [The following is based on information available as of the date of this Pricing Supplement. [The Issuer would treat the Securities as Specified ELIs based on either the "delta" test or the "substantial equivalence" test, as indicated in the table below. Please see the table below for additional information with respect to Section 871(m), including information necessary to calculate the amounts of dividend equivalents for the Securities.]/[The Issuer would treat the Securities as Specified ELIs because (i) the Issue Date for the Securities is prior to 2021 and (ii) the Securities have a "delta" of one.]/[The Issuer would not treat the Securities as Specified ELIs because the underlying asset(s) consist solely of one or more Qualified Indices and/or Qualified Index Securities.]/[The Issuer would not treat the Securities as Specified ELIs because the underlying asset(s) consist solely of one or more indices whose sole U.S. equity components are Qualified Indices and/or Qualified Index Securities.]/[The Issuer would not treat the Securities as Specified ELIs based on either the "delta" test or the "substantial equivalence" test, as indicated in the table below.]/[The Issuer would not treat the Securities as Specified ELIs because (i) the Issue Date for the Securities is prior to 2021 and (ii) the Securities do not have a "delta" of one.] **This information is indicative and will be updated based on circumstances at the time the Securities are issued. Please [contact []]/[review the amended Pricing Supplement] for further information regarding the application of Section 871(m) to the Securities.]**

[The Securities are Specified Current Payment Securities./The Securities are Specified Net Total Return Securities.]

(Include table below if (i) the Securities are Specified ELIs, or (ii) the Securities are not Specified ELIs based on either the "delta" test or the "substantial equivalence" test.)

| Underlying Asset | Underlying Securities (Y/N) | Qualified Index/Qualified Index Security (Y/N) | Simple Contract (Y/N) | Delta Simple Contract (if) | Substantial Equivalence Test (if not a Simple Contract) | Number of Shares Multiplied by Delta (if Simple Contract) | Initial Hedge (if applicable) |

SECTION G - STRADDLE OFFER SECURITIES

SECURITIES WITH OFFER PERIODS CONTINUING BEYOND THE VALIDITY OF THE JANUARY 2019 CGMFL UNDERLYING LINKED NOTES BASE PROSPECTUS

The Offer Period (as defined in the relevant Final Terms) of the January 2019 Base Prospectus Securities (as defined below) extends beyond the validity of the January 2019 CGMFL Underlying Linked Notes Base Prospectus (as defined in the section of this Base Prospectus entitled "*Documents Incorporated by Reference for the CGMFL Base Prospectus*"). Following the expiry of the January 2019 CGMFL Underlying Linked Notes Base Prospectus and the approval of the CGMFL Base Prospectus (as defined in this Base Prospectus) the offering of the January 2019 Base Prospectus Securities will continue under the CGMFL Base Prospectus. The terms and conditions of the securities from the January 2019 CGMFL Underlying Linked Notes Base Prospectus or such other base prospectus as specified in the Final Terms (and in each case which are incorporated by reference into the CGMFL Base Prospectus) will continue to apply to the January 2019 Base Prospectus Securities.

For the purposes hereof, January 2019 Base Prospectus Securities means:

| Name of the January 2019 Base Prospectus Securities | ISIN |
|--|--------------|
| Issue of up to EUR22,000,000 Citigroup Global Markets Funding Luxembourg S.C.A. (LU) Real Estate Callable Notes due July 2029 | XS1980011040 |
| Issue of up to GBP 5,000,000 Citigroup Global Markets Funding Luxembourg S.C.A. Notes due August 2026 linked to Preference Shares of Citigroup Global Markets Funding Luxembourg S.C.A. Series CGMFL8108 | XS2006327022 |
